Qin: I don't understand Clockwerk? Why do you hate the Cooper Clan so much? You're so familiar with Sly Cooper's family - You must have known his father had a son. If you hated the Cooper's so much, why did you let him live when you stole the Thievius Raccoonus?

Clockwerk: **Because I wanted to show the world that without your precious book, the Cooper Line is nothing.**

Me: Lot of good that did.

Lana: Letting Sly live was a huge mistake and now we're gonna make you pay for your crimes!

Sly: That's right. But there's where you're wrong Clockwerk. The Thievius Raccoonus doesn't create great thieves… it takes great thieves to create the Thievius Raccoonus!

Clockwerk: **Enough Sly Cooper! It ends here! I'll finish you like I finished your father. Then the Cooper line will be erased and the only master thief will be Clockwerk!**

They hit Clockwerk and exploded with incredible and devastating power!

Me: Your 12,000 year reign of terror is over! DRAGON FIST!

My fist lit up with a powerful energy dragon and I flew at Clockwerk and smashed through his chest with incredible force and he exploded into a thousand pieces and I got the Number Card!

Me: Got it!

Nico grabbed Lyle and we saw Clockwerk's body fall into the planet.

Brittney caught the Hate Chip.

Brittney: Just like before Clockwerk. Your crimes are completely unforgivable and unpardonable. I hope you like the Warp better than the Book of Vile Darkness.

Brittney channelled Hakai energy into her hand and crushed the hate chip with her bare hands. She then got an incredibly immense power boost from his intense hatred and Clockwerk was forever banished to the Warp for all eternity.

We were back on Earth.

Panda King: It's done. Clockwerk is gone for good.

Kangor: Glad that's over, mon.

Crimson Dynamo: (to Lyle Van de Groot) Now, as for you…

Lyle Van de Groot: Come on now. Let me just explain things.

Vortex: No! Let US explain things. In a manner that I think you can understand!

Me, Ursula, George and Nico drew our fists back.

KRAPOW!

Me, George, Ursula, and Nico delivered a powerful punch to Lyle in the face with incredible force.

Scene changes to Lyle with a swollen and battered face. A Jail Cell Door closes in front of him as he is now a permanent member of the Uranus Space Prison.

George of the Jungle Narrator: Whoo! Good riddance to that mean old Van de Groot. Now George of the Jungle can rest easily knowing that Lyle can be locked away in the Uranus prison where he will stay for a long, long time.

Lyle: NOOOOOOOOOOOOOOOOOOOOOOOOOO!

---

Lyle was now in prison for all time.

Me: Well we did it. Lyle is now in prison forever and we have now seen the last of Clockwerk and we got an awesome Number card out of it.

Lincoln: We sure did.

Me: Sorry we couldn't have our usual battles with you guys. Maybe next time.

Duff: This was better than a usual battle laddie!

Me: Wow. Thank you.

Rarity: And Lori, Duff would like to ask you to a golf-off in the future.

Lori: I would literally like that.

Duff: Awesome.

Sly Cooper: (To the viewers) At long last, my family has been avenged and the enemy of the Cooper Clan has been destroyed for good. Now the Cooper Clan can steal from criminals in peace.

Me: Yes it can.

We went back home.

THE END

---

Another awesome fanfiction complete.

Lyle Van de Groot from 1998's George of the Jungle was a mean monster! Thomas Haden Church did a great job as him in the movie and as Sandman in Spiderman 3 and it was awesome! And now we have finally seen the last of Clockwerk the Destroyer. The next Number is Number 77: The Seven Sins and that one is gonna be on Peter Griffin's so-called abusive father Francis Griffin. So get ready as we lay down the law with him and tell him that Peter got what he deserved just like he did with hurting Brian and more. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Planet Uynmanixtia III is a planet I made in my books that I wrote at home. I hope you got a lot of ice for your butts because you'll need them. Next up is where we take on Count Spankulot from Codename Kids Next Door and we're going to make that Spank Happy Vampire see the light of day and burn him all over with garlic and silver and give him the ultimate spanking with spiked gloves. But we're going to follow the episode Operation L.O.C.K.D.O.W.N. and that one is gonna be rough.

See you all tomorrow.

# Vigilantism of the Spank-Happy Vampire

Deep in the jungles of South America in the Jungles of Colombia, we were following Daring Do on another awesome jungle expedition to find another awesome treasure.

Xion: Why are we out here again?

Daring Do: We got word of a magical sword that can be useful to me.

Nicole: This is gonna be really interesting. It'll be like how Max went to find the legendary Sword of Ek Chuaj.

Lincoln: Wow!

Rainbow Dash: This is gonna be awesome!

Qin: What is the Sword of Ek Chuaj?

Jessie K.: It was a legendary sword that was said to have been wielded by the legendary God of War in Mayan Mythology, Ek Chuaj. It is said to possess the incredible power to level entire cities in one swipe.

Twilight Sparkle: Whoa! That is powerful!

Nico: Yeah it is and wasn't Enock after that?

Ben: He was. But it crumbled to dust because of advanced age.

Lincoln: Whoa!

We jumped over cracks, swung on vines and more and we got to the temple.

Daring Do: We're here.

We went into the temple and found the sword. It was a beautiful sword with a gold hilt and it had a beautiful diamond blade and there were jewels on the sides and end of the hilt.

Spike (MLP): Is that the sword right there?

Nicole: That's it Spike.

Daring Do went up to the sword and she pulled it out and succeeded in doing so! But it had a beautiful Diamond Crystal Blade.

Nico: WHOA! That sword is beautiful!

Star Butterfly: (Gasp) That sword is from Mewni!

Lincoln: That sword is from where you came from Star?

Star Butterfly: It sure is!

Nicole: Wow! That sword is from Mewni!? Amazing!

Brittney: We'll have to see if Moon knows about that sword when we get back.

Sunset Shimmer: Good idea. But what is Mewni?

Me: It's the world that Star came from. It's a long history.

?: (Spanish Accent) That sword is mine!

We turned and we saw Daring Do's arch-nemesis: DR. CABALLERON!

---

**Dr. Caballeron** is a former antagonist in *My Little Pony: Friendship Is Magic*, and Daring Do's former archenemy alongside Ahuizotl.

He appears as the secondary antagonist in the Season 4 episode *"Daring Don't"* and the Season 9 episode *"Daring Doubt"*, and the main antagonist in the Season 6 episode *"Stranger Than Fan Fiction"* and the Season 7 episode *"Daring Done?"* . He is an archaeologist and a trader.

In the *Daring Do* book series, Caballeron made his debut in book 4, Daring Do and the Razor of Dreams. He is stated to have wanted to partner up with Daring Do on her adventures, but Daring Do refused.

He is voiced by Michael Dobson in a Spanish accent.

Caballeron and his henchponies used to discover ancient artifacts to preserve them in a museum, but Daring Do continuously interposed, refusing to team up with Caballeron and preserving the artifacts for herself. Caballeron begins to sell artifacts to the highest bidder, due to Daring Do's actions that caused his museum to go out of business.

In "Daring Don't", Caballeron is working with Ahuizotl. He wanted to sell the Ring of Destiny to the creature, make a fortune and retire in splendor. What Ahuizotl intends to do with the ring is apparently of little consequence to him. Caballeron and three stallions take the ring by force from Daring Do. Actually, Caballeron doesn't care about who wants the ring as long as he/she pays for it.

In fact in the forest, Dr. Caballeron and his henchponies encounter a disguised Daring Do who offers a large bag of bits for the ring and they have a deal. When Ahuizotl angrily storms onto the scene, Caballeron makes off with the bits and leaves the ring behind.

Dr. Caballeron appears again in "Stranger Than Fan Fiction". He seeks an amulet in Daring Do's possession that is the key to the seven-sided chest, a treasure that he seeks to sell to the highest bidder. He captures Rainbow Dash and Quibble Pants, believing them to be working with Daring Do and intending to lure her to the jungle so she'll trade the amulet for them. When they escape, they unwittingly lead him to the temple.

When a monster called a Cipactli attacks, Caballeron and his henchponies escape through a door, which closes, but with Daring Do's help, Rainbow Dash and Quibble Pants escape with the treasure. Caballeron and two of his henchponies, Rogue and Withers, search for them, but Daring Do throws a rock at the temple wall to release the Cipactli, which chases after Caballeron, Rogue, and Withers. Their fate beyond this is unclear.

He appears again in "Daring Done" where he steals glowpazes from a desert village and tries to ruin Daring Do's reputation. He then impersonates a cloaked villager and starts spreading lies about all the trouble Daring Do had caused and then framing her for the theft of the glowpazes. He then reveals himself to Rainbow Dash and has his hench ponies capture her to lure Daring Do into a trap. When they get out, they confront Caballeron and expose him as the true glowpaz thief. He is then run out of town by the townspeople. Daring Do's reputation is restored and honored as a hero, with Caballeron now a disgrace for his crimes and on wanted posters instead of Daring Do.

He makes his final appearance in "Daring Doubt" where his origins are revealed. In this episode, Caballeron becomes an author of *Daring Do* books under the alias of "Groom Q. Q. Martingale". He intends on publicly displaying Daring Do's biggest mistakes and secrets and tells his own side of the story. Later, when Fluttershy sympathizes with Caballeron's situation, he manipulates and uses her into joining his team's search for the Truth Talisman of Tonatiuh. Throughout the journey, Caballeron begins to recognize and appreciate Fluttershy's kindness. Later, he learns of Ahuizotl's true intentions and he and Daring Do promise to stop stealing artifacts from his lands. He also discovers Daring Do's true identity as A.K. Yearling as well. He later finally becomes a co-writer for Daring Do and her partner.

---

Rainbow Dash: Dr. Caballeron!

Me: Oh man! I didn't know he was real!

Somnambula: So this is the guy that trashed my statue.

Me: Yep. And he turned Daring Do into a villain for a crime she didn't do.

Dr. Caballeron: Rainbow Dash, Fluttershy and Daring Do. I didn't expect you three to be working for Team Loud Phoenix Storm of all people. Hand over that sword now!

Me: No! It's Daring Do's Sword now. So back off!

Dr. Caballeron: Never!

Cybertron Ransack: (to Dr. Caballeron) Dude, just turn around and walk away.

Dr. Caballeron: Oh I don't think so! I'm taking that sword.

He went to grab for it but I grabbed his arm.

Me: He wasn't asking you dickhead!

POW!

I punched Dr. Caballeron in the face and sent him crashing into the wall.

Dr. Caballeron: (GROWLS) GET THEM!

His men came at us!

Tuddrussel: GET SOME!

Everyone went at them! We punched, kicked and smashed them all over and blasted them too. Then we heard a voice.

?: HELP!

Nico: Uh oh. Looks like we got someone in trouble.

Windcharger: (to Dr. Caballeron) Lucky for you, we have more important matters to attend to.

?: Help!

Me: Later Dr. Nobody! We'll be back for you next time.

We left. I fired an energy blast and the temple exploded with incredible power. Blowing the whole place to smithereens in a powerful explosion.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Dr. Caballeron and his men popped out of the debris.

Dr. Caballeron: YOU WILL PAY FOR THIS DARING DO AND TEAM LOUD PHOENIX STORM!

We ran through the jungle and we heard the call for help.

Me: This way!

We went west into the jungle and we saw a little girl with black hair, ocean blue eyes, a black and blue dress. Her leg was caught in a bear trap.

Nicole: Oh man!

Girl: Get me out of this thing!

Nicole: Hold on. Rainbow Dash, you got to grab one end of the trap. When I say pull, do it.

Rainbow Dash: Right.

Nicole: Pull!

They pulled both sides of the trap and the girl got her leg out of the trap.

Nicole went over to her.

Nicole: Are you all right?

Girl: I think so.

She tried to stand up but she fell back down and screamed in pain.

Nicole: Your leg is broken! We got to get you to our infirmary.

Girl: Okay. Hey you're Nicole Knudson! Wow! It's an honor to meet you.

Nicole: Same here. What's your name?

Marina: Marina.

Nicole: It's a pleasure. Do you know where your parents are?

Marina: (Crying) They're dead! They died in a crash that stranded me here!

We gasped.

Nicole: Oh no. I'm so sorry.

Rainbow Dash: Oh man.

Nicole: Marina, I promise we'll help you. First lets get you out of here. Hop on to my back.

Nicole knelt down.

Marina got onto her back.

Nicole: You're gonna be all right.

We went back home.

Later I went to the castle of Moon Butterfly and Brittney and Daring Do were with me.

Moon Butterfly: Ah J.D. and Brittney. It's great to see you all again.

Me: Hello Moon. Sorry we couldn't drop by earlier. You know how busy we all are.

Moon Butterfly: Indeed.

Brittney: We found something that might be of some interest to you.

Moon Butterfly: Oh?

Daring Do unsheathed the sword and Moon gasped when she saw it.

She came and saw the sword.

Moon Butterfly: Where did you find this?

Me: We found it at ruined temple over in the jungles of Colombia in South America. Star recognized it and she said it was from Mewni.

Moon picked up the sword.

Moon Butterfly: I don't believe it. This is the sword of my ancestor Cosmica Butterfly the Explorer.

Me: So this sword belonged to a predecessor queen of Mewni?

Moon Butterfly: Indeed it did.

Brittney: I've read all about Cosmica. She discovered uncharted and unknown regions of Mewni and the universe.

Moon Butterfly: That's right. During one of my ancestors quests, she lost this sword and it went through a portal and we thought it was lost forever. But it looks like my ancestors sword has chosen you Daring Do. And I can't think of anyone better to wield it.

Daring Do: Thank you Moon.

Moon Butterfly: You're welcome. How is Star and Marco?

Me: They are doing great Moon. Star is still peeved about what happened before the worlds merged. I'm sorry that happened.

Moon Butterfly: She has every right to be mad at me. I'm so sorry I did all that to her.

Me: It's not your fault Moon.

We had a nice talk and an incredible mystery was revealed.

---

Later that night at the estate, we were watching the Dream Boat on TV. But then Numbuh 362 came and she was all frantic!

Numbuh 362: Guys, we've got a problem!

Supernova Zap: Is something wrong, Rachel? You look like you've seen a ghost.

Numbuh 362: It… it…

Me: Spit it out!

But then a vortex of darkness appeared.

Count Spankulot: (Transylvanian Accent) Those who drive their friends away for coming up with contingency plans are bad and must be punished Loud Siblings! Prepare to feel the stingy wrath of the hand of justice from COUNT SPANKULOT! (EVIL LAUGHTER)

It was the vampiric vigilante of justice COUNT SPANKULOT!

---

**Count Spankulot** is a recurring antagonist of *Codename: Kids Next Door* . He is a vampire who exists to spank naughty children who have violated rules. He appears to his victims in a terrifying way and announces their crimes and his name before he proceeds to punish them. Count Spankulot speaks with a deep Romanian accent.

He was voiced by Daran Norris.

Count Spankulot makes his first major appearance in *Operation: S.P.A.N.K.* and his story is revealed that he was sent to prison after mistakenly spanking an innocent child named Carlos, and after being released, resolves to now use his powers to help children rather than punish them. When he sees the Kids Next Door fighting Mr. Wink and Mr. Fibb, he forcibly joins Sector V, who make no complaints about this so as not to invoke his wrath.

After several missions, in which Count Spankulot proves to be more harm than good, the team decides that they must find a way to get rid of him. On a mission one night, they take Count Spankulot to a house that they claim belongs to Wink and Fibb and tell him to go inside and spank them. He does so, only to realize that the house actually belongs to the Judge who had sentenced him to prison after the previous incident, and that he has been spanking him and his wife.

At the trial, the furious judge sentences Spankulot to an absurdly long prison term, and the KND apologise to him for this unfortunate "accident". Kuki, not understanding that they are supposed to be lying, then reveals the true nature of the event to Spankulot while also revealing they were responsible for the incident with Carlos, so he begins furiously spanking them on the spot.

In *Operation: L.O.C.K.D.O.W.N.*, Count Spankulot carries out his revenge on the KND by using his hypnotic powers to lure Nigel to the prison he was incarcerated in, then turning him into a spank-happy vampire like himself, and later, having him do the same to the other Sector V operatives, as well as Kuki's Big Bottom Rainbow Monkey Doll, while the treehouse is on complete lockdown during the night. It is explained here that Count Spankulot can turn other people into vampires by spanking the victim with his bare hands, which is why he, along with every other Spank-Happy Vampire, normally wears gloves, creating the Spank-Happy Vampire Army. The only way a victim can cure himself/herself of the Spank-Happy spell is to spank back the vampire that spanked him/her, or spank the original Spank-Happy Vampire (Count Spankulot himself), which is how the members of Sector V return to normal at the end of the episode.

In *Operation: S.P.A.N.K.E.N.S.T.I.N.E.*, before he could administer a spanking to Mushi Sanban for "murdering" Kuki's Posh Party Rainbow Monkey Doll in *Operation: C.L.U.E.S.*, Mushi used an evil machine on him to revive the Rainbow Monkey Doll as an undead monster. He is later seen at the Sanban's dinner party, reminiscing on the old days with Lydia Gilligan.

Common Cold, Toiletnator, Mr. Fizz, Knightbrace and Mr. Boss came.

Yuko: Count Spankulot!

Me: The Spank Happy Vampire Vigilante!

Charge Man: Dude, what exactly do you want?

Count Spankulot: Come to me at the Sector V Treehouse in 1 hour. You will find out everything then.

Stickybeard: Count Spankulot!? We thought you were dead lad.

Count Spankulot: I have returned yes.

Toiletnator: We missed you.

Count Spankulot: I know.

Mr. Boss: We're glad you're back though Count.

Count Spankulot: Thank you. Meet me there.

He vanished.

Me: We better see what's up.

Duff Killigan, Skulker, Crimson Dynamo, Puff, Kangor and Vortex appeared.

Duff: (Scottish Accent) Can me, Skulker, Dynamo, Puff, Kangor, and Vortex come with you guys to meet Spankulot at the Sector V Treehouse?

Me: Sure guys. Something is going on and we have to find out what it is. But I have a feeling that it involves Nico and what the Loud kids did that drove him away when Talon attacked.

Kangor: (Jamaican Accent) Not good mon.

Me: Lets go!

We flew to Sector V's treehouse and we arrived and saw that it was really locked up.

Me: What the?

I knocked on the steel doors.

Me: This is solid reinforced steel.

Crimson Dynamo: I can use my missiles to break into the Treehouse.

Me: It's locked up tighter than a drum.

Numbuh 362: They've issued a code L62.

Qin: What's that?

Yuko: It means Treehouse Total Lockdown. Once it's locked down, they stay locked down till sunrise.

Me: That's not for 8 more hours. I hope they have enough air and food till then. Lets blast the door down.

Me and Crimson Dynamo fired blasts of energy and missiles and blasted a huge hole into the door in a powerful explosion.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared there was a hole in the steel door and we went in and it was darker than a cave in the treehouse.

Me: Man it sure is dark.

We went inside with flashlights.

Nico: Where is everyone?

Me: I don't know. But I have a very bad feeling about this.

We went to the living room of the Treehouse.

Me: Hello? Anyone here?

Count Spankulot then appeared.

Count Spankulot: Wow! You guys are early. By 45 minutes.

Me: We have a habit of showing up really early.

Sword Man: Okay, Spankulot. What's all this about?

Spankulot: I already told you. I am punishing the Loud Kids for how they unfairly drove Nico away after you all defeated the Talon members.

Yuma: What?! That can't be true!

Spankulot: It is. And I'll show it to you since you weren't there. (presses a button that turns on the TV)

He showed what happened during that time and it wasn't pretty.

Me: I can't believe Talon made that happened.

Kangor: And we killed every single one of them mon.

Stickybeard: Good riddance lad.

Puff: First of all, we only killed Reaper and Doomfist. Moira, Widowmaker, and Sombra are in the Black Hole Prison.

Lincoln: And second, me, Luna, Lily, and Laney didn't drive Nico away. We actually defended him!

Spankulot: True. But you 4 still did nothing to prevent him from leaving. So, you all are just as guilty as your siblings!

Me: They had nothing to do with that!

Stickybeard: Yeah count! They didn't have anything to do with driving him away! Let them go lad.

Toiletnator: That's right count! If anyone is to blame for all this it's Lynn, Lori and Lola!

Me: You're not helping Lou.

Toiletnator: Sorry.

Lola: (sadly) You're right, Count. We did drive Nico away.

Metal Man: Guys, no! You all were just traumatized about how the Talon members nearly killed you all.

Lynn: Don't make excuses for us! We got so angry with almost getting killed for possibly the first time that we took it out on Nico.

Lori: (to Spankulot) Do your worst, Spankulot. And this time, we don't have any tricks left.

Spankulot: Gladly! But first, I'll spank Lana. I'm honestly going to spank you all in alphabetical order.

I held up a cross to him!

Me: Like hell you will Count!

He hissed!

Brittney: He really IS a vampire!

Lucy Loud: I thought he gave all vampires everywhere a bad name.

Skulker: Can you at least tell us where Sector V is?

Count Spankulot: They are right here!

In vortexes of darkness came Sector V and they were now SPANK HAPPY VAMPIRES!

Numbuh 1: (Transylvanian Accent) Hello dear friends.

Numbuh 2: (Transylvanian Accent) Know any good jokes lately?

Numbuh 3: (Transylvanian Accent) You have Good butts on you.

Numbuh 4: (Transylvanian Accent) For us to spank and kill.

Numbuh 5: (Transylvanian Accent) So hand them over.

We gasped in shock!

Brittney: Whoa! You guys look awesome as Vampires. Shame you don't have the thirst for blood.

Numbuh 1: Thank you kindly.

Numbuh 362: What did you do to them!?

Count Spankulot: I turned them all into Spank Happy Vampires like myself!

Blot: Guys, please don't make us fight you! We're trying to save Lincoln and his sisters.

Numbuh 1: No can do, Blot. Lincoln and his sisters have this coming!

Me: Like hell they do!

Eli: SOLAR FLARE!

He released a blast of light as bright as 100 suns and weakened the 5.

Me: Spankulot what the Loud Kids did was not their fault. Nico was only looking out for everyone in case the Loud Kids went rogue like the Royal Defenders.

Vypra and everyone in the Masters of Evil came.

Vypra: J.D. is right Count. They had no involvement in those contingency plans. It's time for us to come clean. We helped Nico make those plans.

DUN DUN DUUUUUUNNNN!

Lola: But why Vypra?

Vypra: After the whole Storm of the Apocalypse Survival Scenario with Lincoln, Clyde, Lily and Laney, Amanda Waller came to us and told us everything about what the Justice Lords did in their dimension and we were shocked. Should the need ever arise we secretly called on Nico to help invent contingency plans to prevent you from going down that same path like the Justice Lords and the Royal Defenders did. These plans were to neutralize you and not kill you like how Talon was going to do.

Dark Spicer: That's right. Ever since then we looked out for you so much like Nico has.

Me: Wow. I didn't know about this.

Nico: Now you know.

Lincoln: So that's how Nico came up with the contingency plans. You all helped him and you were all looking out for us.

Lori: We're literally touched Vypra.

Laney: Yeah.

Vypra: I'm sorry we hid this from all of you but I promise we'll find a way to make it all up to you. But we don't want you all to get spanked unjustly by him.

Vortex: (To Count Spankulot) Are you even aware that Father is dead?

Spankulot: Are you even aware how little I care about that?

Me: I guess that answers our question.

Lori: Guys I appreciate you all defending us. But Spankulot's right.

Lynn: (to Vypra) You and the others only just found out about the contingency plans when the Talon members almost killed us with them. And then, we took it out on one of the best friends that we've had.

Lola: And right now, we've got no plans left to stop us from getting a well deserved spanking. Nico told us that we were too reckless but we just ignored him.

Hard Man: Stop talking about yourselves in the past tense. This isn't over!

Me: Hard Man is right! You got to stop putting yourselves down like this! What happened back then was all Talon's fault. Not yours.

Nico: Yeah guys! Don't blame yourselves for what Talon did.

Naruto: Yeah guys. It's not your fault.

Spankulot: Enough! I am getting justice for Nico and no one is going to stop me!

Kangor: Then, I'm sorry we have to do this, mon.

Me: You obviously… Do not know… WHO YOU ARE FUCKING WITH!

Lincoln: I won't let you spank us!

Carly and the Dark Signers appeared!

Carly: Yeah! You won't touch them!

Fixer and Abomination then appeared.

---

Fixer

**Norbert Ebersol** (also known as the **Fixer** ) is a child prodigy with such great mechanical aptitude that he took apart and repaired an alarm clock at age 3. By 10, he had built a small electric automobile; by 13, a relatively complex robotic arm-both from readily available spare parts. Dropping out of high school due to lack of interest, Ebersol was fired from a number of jobs because of his air of superiority and unorthodox approach to simple tasks. Seeking a challenge, he turned to the planning and execution of technologically assisted crimes. He found that such activities not only stimulated his intellect, but provided him with new raw materials to create even more advanced technological devices.

When most of Earth's heroes, including the Avengers and Fantastic Four, seemingly died battling Onslaught, Ebersol joined forces with Baron Zemo. To gain the trust of the populace, the villains led the world to believe they were new heroes known as the Thunderbolts. During a battle with the Elements of Doom, Techno was cut down. However, his consciousness downloaded into his Tech-Pac and survived, and he re-emerged in a robotic body of his own design.

Zemo's deception ultimately failed. But while his teammates chose to become legitimate heroes, Techno remained a villain. When the Thunderbolts created a base at Mt. Charteris, he stole in and subdued its caretaker, Ogre. He then assumed Ogre's identity and presented himself as such to the Thunderbolts. There the robot was responsible for resurrecting of Jolt before being killed itself by Scourge.

This was not the end of P. Norbert Ebersol. Zemo had actually taken the original consciousness of the Fixer to his hideout in Brazil and tried to revive Ebersol. Unfortunately, the battle between Scourge and Zemo (before Scourge killed the robot Techno) interrupted the regeneration. Fixer emerged surrounded by SHIELD agents and had to rely on his Tech-Pac for his spine to work. He was reluctantly put into the Redeemers team but survived the massacre by Graviton and was part of the Thunderbolts team that went to Counter-Earth under the command of Zemo.

When the Thunderbolts returned to Earth, they tried to save the world by removing all major power, unfortunately this led to Moonstone going insane and during the following fight against and alongside the Avengers, Fixer saved his own skin and fled.

After helping Deadpool keep Cable alive, Fixer more recently was seen with Mach-IV putting a new team together after Mach-IV got thrown out of the Thunderbolts.

After Norman Osborn's dismissal as head of H.A.M.M.E.R. (formerly known as S.H.I.E.L.D.), Steve Rogers replaced him and re-instated the Thunderbolts program that Osborn had been head of before he became head of H.A.M.M.E.R. The purpose of the program was to rehabilitate criminals by making them operate as heroes. Former Thunderbolts Fixer, Mach-V and Songbird were given senior status with the team being lead by Luke Cage.

Fixer spent most of his time with the team running tech-support and staying behind at the Raft; which was the home of the Thunderbolts headquarters. Fixer eventually became discontent with his position and tired of constantly being neglected and not allowed to come along on missions. He escaped together with several other inmates who were members of the Thunderbolts. Due to a failure of the teleportation technology of their tower (caused by Man-Thing), the tower began to move in time as well as in space.

They eventually bounced back to the time of the original Zemo lead Thunderbolts team of which Fixer had been a member. After his younger self began accessing Fixer's files and enraged Fixer by berating him for becoming inactive and lethargic, Fixer killed him in a fit of rage by activating the self-destruct on his gear. This began to cause a collapse in reality which forced Fixer to assume his younger self's place. His appearance was altered in order to resemble his younger self and his aging was halted. In order to prevent the past from being altered, his memory of everything after to the time they had returned to was removed as well; just like the other past Thunderbolts.

When the rest of the team returned to the present, they told to songbird and Mach-V that Paul was dead, having sacrificed himself to save the timestream.

Mr. Fix later sends a more advanced Whiplash to get revenge against Iron Man. When Iron Man loses control of his suit, Fix is beaten but begs for his life, and is nearly killed when his laboratory is destroyed.

Iron Man suggests that Mr. Fix is trying to eliminate Unicorn and Killer Shrike upon learning that Fix hired them to perform a robbery, but, unbeknownst to them, equipped them with explosives powerful enough to destroy the entire city.

Mr. Fix later returns under the employee of a mysterious shadowy figure. The mysterious benefactor then sends Whiplash to kidnap Obadiah Stane and Justin Hammer. It is later revealed that the employer is none other than Justin Hammer who orchestrated that whole kidnap.

Justin Hammer threatens Mr. Fix to follow his orders or he will release a nano-virus implanted in him the will kill him. Mr. Fix completes the Titanium Man armor yet Justin Hammer wants to test drive despite the fact that Mr. Fix hasn't found a way to bond the titanium with the vibranium due to Hammer's arrogance.

Growing impatient following his first outing as Titanium Man, Justin Hammer declares that Mr. Fix has failed for the last time and releases the nano-virus killing him. Hammer removes the flash drive with Fix's consciousness so he can return to complete Project Titanium.

Justin Hammer later speaks with Mr. Fix 2.0 about the "User Interface Chip" which would plan to control the armors. Justin Hammer informs him the "User Interface Chip" must be programmed perfectly to be adapted to the Titanium Man armor.

Justin Hammer tells him to find a way to make it work or he will download him into a hard drive and throw it into the sewer.

In an attempt for vengeance against Hammer, Fix blackmails him, threatening to reveal his criminal activities to the public. He even aids Iron Man in breaching the Hammer Tower security. He is killed by Iron Man when the hero tries to save Justin Hammer from being zombie gassed.

## Abomination

**Emil Blonsky**, better knwon as the **Abomination**, is a former spy who was mutated by radiation and a major antagonist from *Marvel Comics*, appearing as the secondary antagonist of *The Hulk* series. A former communist spy for Yugoslavia who once worked with the KGB services, he was transformed into a megalomaniacal, psychopathic, monstrous supervillain creature under the alias of the Abomination who has the same powers as the Hulk, only much more stronger than the latter and does not have the ability to transform into a human being again, but he has the ability to speak, which the Hulk usually cannot do. In the same meaning of arch-nemesis, Abomination is the direct opposite of the Hulk and bent on killing him.

The Abomination was once Emil Blonsky, a spy for communist Yugoslavia, who infiltrated the New Mexico US Air Force base. Blonsky sabotaged a number of vital missiles at the base, but his attempts were always narrowly discovered, though no one could figure out who the saboteur was. After the Stranger decided humans could not use their nuclear weapons wisely, he took control of the Hulk, planning to use him to destroy all humans. However the Stranger did not have control of Bruce Banner, who decided to kill himself to stop the alien's plans.

He tried to use a machine on himself that would unleash enough gamma radiation to kill him, not knowing Blonsky was in his lab, having come in to photograph Banner's equipment. But when security arrived and captured Banner, Blonsky decided to use the machine on himself, not knowing what it did and what Banner had been planning to do with it. It bombarded him with gamma radiation, an even more concentrated and dangerous amount than that which had turned Banner into the Hulk. Like Banner, Blonsky had an unknown genetic factor that prevented him from dying, causing him to mutate into a Hulk-like monster that Betty Ross named the Abomination.

## Battle with the Hulk

Pleased with his new power, the Abomination almost beat the Hulk to death and took Betty Ross prisoner. General Ross was so fearful for his daughter's safety that he asked the Hulk to be revived. Rick Jones was able to plead with the Hulk enough to break him free of the Stranger's control, changing back into Bruce Banner. Banner was able to use a gamma radiation generating device to weaken the Abomination's strength. However, Banner became excited and turned into the Hulk, smashing the device's console before the Abomination could be weakened fully.

He still had more strength than the Hulk normally did, but the green-skinned Goliath was able to become angry enough that he got stronger than the Abomination and defeated him. The Stranger, who'd been watching the fight, was impressed by Banner's heroics and decided there was hope for humankind. He brought the

Abomination to a base he had on another planet, so he could use him in future plans.

## Later Conflicts

The Abomination was summoned by a coven of witches who sought to use him to prove their power by destroying the Silver Surfer. However the Abomination didn't listen to their commands and headed out to conquer the world. But the Silver Surfer escaped the coven and battled him, defeating him and the witches returned the Abomination to the Stranger's planet. Later on, the Abomination attempted to free the other prisoners and make them a force for conquest with himself as their leader. He managed to somewhat succeed when he used one of the Stranger's devices to bring Thor to the planet.

But after the thunder god found out what the Abomination was planning, Thor stopped him and left him on the planet. The Stranger sent the Abomination on numerous missions, but he was eventually rescued and taken onto the spaceship, Andromeda, where he served as first mate. After some time, Abomination was brought back to Earth, where he had a number of battles with the Hulk, only to lose each time. It was after one of those battles that he almost met his end if it were not for help from the Galaxy Master, a being that conquered civilizations to produce the energy it was dependent on.

It got the Abomination to serve it by acting as a first attack against civilizations that might offer particularly bothersome resistance. This job won the Abomination the title of "Ravager of Worlds", Eventually the Sagittarians ruler, Empress Daydra, got the Hulk to help fight the Abomination. The green-skinned Goliath was able to beat both the Abomination and the Galaxy Master. Blonsky found his way to an asteroid, where he was found and rescued by Xeron the Star-Slayer, becoming an oarsman for Captain Cybor. The Abomination was able to fight his way into becoming the first mate of Cybor as he searched for the monstrous being, Klaatu.

Klaatu ended up on Earth, where Xeron managed to get help from the Hulk as well. However The Abomination would continually conflict with his enemy, until Cybor managed to find Klaatu. In the ensuing battle, the ship was damaged and the Abomination and the Hulk both fell to Earth separately. However the Abomination was discovered by a U.S. space shuttle, frozen in ice and orbiting around the Earth. He came to the attention of General Ross and was revived by M.O.D.O.K., who had formed a treasonous allegiance with Ross.

The general had done so because the Hulk, after temporarily gaining Banner's intellect, had been given a presidential pardon, and Ross disagreed with this. Ross agreed to give the Abomination to M.O.D.O.K. only if the Abomination was used to destroy the Hulk. But his constantly losing battles with the Hulk had caused Blonsky to develop a psychological fear of fighting him. However M.O.D.O.K. managed to make the Abomination more afraid of him than the Hulk with use of psychological conditioning. He sent the Abomination into battle, only for the Hulk beat him once again and M.O.D.O.K. used his psychic powers to disintegrate Blonsky.

## Revival

However, the Abomination survived as a cloud of free atoms and was reconstructed by Tyrannus, who was in a similar state. Tyrannus decide to merge his atoms with the Abomination, transferring Blonsky's consciousness into a human body. Blonsky was able to finally live a normal life again, but Tyrannus, trapped in the Abomination's body, tried to switch bodies with him. The process was a failure, leaving the Abomination a rampaging beast. Tyrannus (still in the Abomination's body) kidnapped Betty Ross, who'd become Bruce Banner's wife.

He wanted Banner to use the nutrient bath that he had used to separate himself from the Hulk on the Abomination to regain his own form again. SHIELD managed to stop the project, but doing so seemed to destroy Blonsk's consciousness. Tyrannus' allies, the Deviant Ghaur and Lemurian Lyla, managed to get Tyrannus free and the Abomination was left a mindless savage. Despite being forced to deal with Spider-Man and She-Hulk, the Abomination escaped, eventually ending up in Philadelphia, where Blonsky used to live. Blonsky's personality resurfaced, but he was captured by the Sentinels, who wanted to use the Abomination and Doc Samson as test subjects to sterilize humans and end the (perceived) mutant threat.

The Abomination joined forces with the X-Men, who had also been captured and confronted Dr. Cynthia Charles, the Sentinels creator. She promised him control of the Sentinels when she destroyed the mutants and the Abomination helped her rebuild them. However she ended up betraying him after he and Sentinels were beaten by the X-Men. After another battle with the Hulk as a pawn of the Leader, the Abomination began stalking his wife, Nadia, who believed him dead. But a miniaturized Hulk, with Banner's intelligence, convinced the Abomination he should move on and that Nadia was better off thinking he was dead.

## The Forgotten

The Abomination took up residence in the New York sewers, where he soon gained a following of outcasts and misfits of both humans and mutants alike. They named themselves the Forgotten, eventually renaming themselves the Abominations, and formed their own community beneath New York with the Abomination as their protector. At one point, he was forced to deal with a conflict between the police and drug traffickers that got his community caught in the middle.

The Hulk showed up, fighting the Abomination, who eventually ran off, but killed a number of police officers and news reporters. Later a mutant called Threnody who'd previously been apart of the Abomination's community, returned while escaping Mr. Sinister with her boyfriend, X-Man. However the Abomination viewed this as a betrayal and battled X-Man, who used his powers to allow Threnody and himself to leave.

## Betty Ross's Demise

The Abomination viewed himself as equal to the Hulk, since they were both ugly, psychologically damaged, and on their own. But when he found out that Banner had married Betty Ross, the Abomination felt that he was now worse off than the Hulk. When he found out Betty was in the hospital, he injected his radiated blood into her dialysis machine, resulting in her death. The world originally believed the Hulk was responsible, but General Ross found out the truth by tracking the Hulk only to find the Abomination instead. He'd apparently abandoned his New York community and destroyed a town before Ross found him.

The Hulk also tracked down the Abomination, who said that Nadia was lost to him as well. However the Hulk refused to fight Blonsky since he knew that forgiving him would be the one thing he couldn't endure. The Abomination couldn't understand or deal with his enemy's actions and as his triumph became a crushing defeat, he realized he'd become the twisted inhuman monster, not the Hulk as he'd believed for so long.

## Dealing with Nadia

A few months later, Blonsky was working as a creative writing teacher but soon quit and revealed the corpse of his cryogenically frozen wife to Banner. A grief consumed General Ross convinced Bruce to try and bring the Abomination to justice. The Hulk engaged the Abomination in a ferocious battle, destroying a nearby town and surrounding countryside. Finally, Blonsky was beaten and placed in military custody, where he was forced to watch a loop of himself and his wife together during his incarceration. Later, while Banner was fleeing the mysterious organization called Home Base, he surprisingly found Nadia, who was living alone in a desert.

Nadia took Banner in and the two became close friends, at the same time as Home Base agents infiltrated the Abomination's prison. They offered him freedom and a reunion with his wife if he helped subdue the Hulk. Even though he was apparently betrayed by one of the agents, the Abomination managed to escape. He found Banner and Nadia, who revealed she'd actually come to the U.S. to kill Blonsky as revenge for years of physical abuse at his hands. Banner changed into the Hulk and battled the Abomination, managing to defeat him yet again.

## Death and Return

Later on, the Abomination found himself fighting the Red Hulk, a mutated General Ross, while in Russia. He was beaten practically to death before Ross shot him for killing Betty Ross, killing him. However during the Chaos War, the Abomination was brought back to life by the Chaos King and sent along with Zom to find and bring back Death, as well as beat the Hulks. The Abomination was able to beat the Hulks, who weren't ready for his new powers. He managed to badly hurt Rick Jones, before he finally found Marlo Jones, who was hosting Death. However, the Abomination was finally beaten by Hulks and their allies and he was eventually killed by Marlo thanks to empowerment from Death.

## Back among the living

A shadow organization (later revealed to be the Ancient Order of the Shield) bent on gaining control of the Hulk harvests biological material from a mortally-wounded Bruce Banner. After Banner regains consciousness following the experiment and escapes as the Hulk, the organization uses this material to resurrect the Abomination under their control, leaving him "free of a mind or a conscience" and with an ability to seek out Banner/Hulk for retrieval.

## Powers and Abilities

Unlike the Hulk, the Abomination does not change between his human and mutated form and has a stable mutation, that weighs over 2,000 pounds more than his human form. The Abomination possesses incredible strength, capable of lifting over 100 tons, and can deliver punches with force equivalent to 500 pounds of dynamite. But unlike the Hulk, the Abomination does not increase in strength as a fight continues, which gives the Hulk an advantage in their fights. The Abomination's strength lets him leap 870 feet into the air and two miles with one jump. He also possesses incredible stamina, able to go for several days before he starts to tire. The Abomination's body is much stronger and resistant to damage than a common human.

He is able to heal at an accelerated rate, but the Hulk's healing rate also increases the angrier he gets, so that is another advantage he has over the Abomination. The Abomination can also breath underwater for long periods of time and when he endures extreme pain, cold, or lack of oxygen, he enters a coma like state of suspended animation that he can apparently stay in indefinitely. Before becoming the Abomination, Emil Blonsky was a skilled spy and could speak Russian fluently.

Me: Norbert Ebersol A.K.A. Fixer and Emil Blonsky A.K.A. Abomination. Fancy seeing you two here.

Fixer: Indeed.

Maria: (to Fixer and Abomination) Did you two seriously come in just now?

Fixer: Sorry about that. We were picking up our new recruits.

Me: Lets see them.

4 figures appeared and they were James Jesse A.K.A. THE TRICKSTER, Erik Josten A.K.A. GOLIATH, El Tigre's enemy TITANIUM TITAN and John Dee A.K.A. DR. DESTINY!

**The Trickster**

**James Jesse**, better known as **The Trickster**, is a recurring antagonist in the CW superhero TV series *The Flash* . He is a criminal who is bent on causing chaos and destruction. He is the series' adaptation of the DC Comics supervillain, Trickster.

He is portrayed by Mark Hamill, who also played the Joker in the *DC Animated Universe* and the *Batman: Arkham* videogames, and Fire Lord Ozai in *Avatar: The Last Airbender*, the Skeleton King in *Super Robot Monkey Team Hyper Force Go!*, Maximus in the *Fantastic Four* animated series, the Hobgoblin in *Spider-Man: The Animated Series*, Kavaxas in *Tales of the Teenage Mutant Ninja Turtles*, Stickybeard in *Codename: Kids Next Door*, Flint in Disney's *Buzz Lightyear of Star Command*, Niju in *Balto II: Wolf Quest* by Universal Pictures, Solomon Grundy in the DC Animated Universe, Trickster in *The Flash*, Dr. Pullum in *Dan Vs.*, Dictatious Maximus Galadrigal in *Trollhunters*, ShiverJack in Disney's *Jake and the Never Land Pirates*, Undergrowth in the *Danny Phantom* series, Agent Goodman in Disney's *Recess: School's Out*, Popsicles in the 2016 reiteration of *The Powerpuff Girls*, and Alvin the Treacherous in the *How to Train Your Dragon* series.

In 1990, James had a son named Axel, though had no initial contact with him.

Around 5 years later, James Jesse took on the guise of The Trickster, wearing a unitard as a costume. He performed a series of terrorist attacks together with his girlfriend Prank, killing at least ten civilians and two police officers. Eventually, he was caught by police and incarcerated in Iron Heights Prison.

Sometime before 2005, Jesse began talking to his son, Axel, through letters, grooming him to be an ideal sidekick to him as The Trickster. For the next 10 years, they continued to talk and became close. In 2010, a criminal psychologist began talking to Jesse. Before long, Jesse was able to talk her in to committing suicide. As a result, Warden Wolfe had a cell specially-built for Jesse. At some point in his incarceration, Jesse was given cable so he'd stop killing the guards, allowing him to reference the show *Breaking Bad* and the movie *Speed* in the future.

## Fake Trickster

To fulfill his father's plan, Axel appears in Central City as the new Trickster. He appears on the roof of a skyscraper and releases bombs hidden inside parcels. The parcels parachute to the ground near a playground, exploding upon impact. The shocked parents quickly flee from the playground with their children but one child remains behind. The Flash arrives and saves the boy before he is blown up. The Trickster then sends a video to the media in which he claims that he has returned to destroy the city with his disorder.

Barry is told by Joe West that 20 years ago, James Jesse who called himself "The Trickster" caused havoc in Central City and is now serving multiple life sentences in Iron Heights. Barry and Joe go to Iron Heights to visit Jesse.

## Visited in Prison

Arriving at the prison, Joe and Barry are brought to the special cell Jesse is imprisoned in. When told about the parachute bomb attack, Jesse says it is a funny idea and asks how many died. When told that there have been no casualties Jesse tells them that when he was at his height a day without casualties was a day wasted but luckily for him that never happened. When told that the new Trickster used the same formula that Jesse used 20 years ago, Jesse is surprised as he never taught anyone that formula. He is also acts furious that someone dared to claim his identity and tells Joe that he would tell them if he knew who the new Trickster was, if only to see him dead. He also calls the work of the new Trickster amateur work. Trying to trick Jesse into helping them Joe tells Jesse to prove them that there can only be one Trickster but Jesse sees through it. He tells Joe that the new Trickster must have found his old lair and, before Joe and Barry leave, tells them to make sure that their safety is off when they face the new Trickster.

## Seeing the new Trickster

Barry and Joe head to Jesse's old lair but find it empty. After evading a booby-trap, the two return to Iron Heights where they tell Jesse. Jesse is once again furious that someone dares to steal his legacy and tells Barry and Joe that he had hidden a bomb powerful enough to destroy Central City in that lair. Barry is then called and told that the new Trickster is addressing Central City. Barry opens the video on his cellphone and shows it to Jesse, who, at first furious, breaks down crying upon seeing that the new Trickster is wearing his mask.

## Escape

While the police and the Flash are looking for the bomb, Walker breaks into Iron Heights. When Barry and his team find out, they realize that there never was a bomb and that Jesse is in league with the "New Trickster" and only acted like he wanted to get him caught. Walker frees Jesse from his cell and they escape from Iron Heights with Barry's father Henry as a hostage.

They then return to a hideout, where Jesse starts building new devices to terrorize the city. When Walker claims that he is glad that they are finally in the same room as he is Jesse's biggest fan, Henry claims that Jesse is only using Walker. Walker asks Jesse why they have to bring Henry along and Jesse tells him that having a cop's father as a hostage makes for an excellent bargaining chip. When asked by Walker what his new plans are, Jesse says that he had 20 years to come up with the perfect trick and that it will be his masterpiece.

Walker then claims that he always wanted to know why Jesse chose him to help him. Jesse reveals that he is Axel's father and that he wants Axel to continue his legacy.

## The Trickster's masterpiece

Jesse and Walker then invade a fundraiser of Central City's mayor, disguised as waiters. After everyone inside has received a glass of poisoned champagne from them, Jesse walks onto the stage and addresses the crowd. He tells them that he has poisoned their drinks and that they will start to feel the effects in about one hour. At that moment, a guest falls to the ground and dies. Jesse claims that he remembers the man, he arrived an hour earlier and was the first one to receive a glass of champagne. Jesse then tells the crowd to call their bankers and transfer all their money to the bank account number which is written on the bottom of their glasses. He claims that if all the money is transferred, he will give them the antidote. One of the guests, Iris West, secretly calls her father Joe and so, Barry finds out where Jesse is. Arriving there, he grabs Jesse and smashes him against a wall but Axel approaches him from behind and places a bomb on his arm. Jesse then claims that, like in the movie Speed, the bomb will go off if Barry runs slower than 600 mph. He then activates the bomb, forcing Barry to run off.

However, Barry manages to get rid off the bomb and returns to the fundraiser, injecting every civilian there with the antidote. He then demands to know the location of Henry Allen, and Jesse tells him. Barry arrives in time to save Henry from the trap.

## Imprisoned and escaping again

Jesse is imprisoned in Iron Heights again. However, during the Christmas season, Mark Mardon attacks the prison. He frees Leonard Snart, and so the two then enter Jesse's cell. Jesse, who is revealed to have developed an obsession with the Flash, is freed as well.

Mardon brings Snart and Jesse to an abandoned toy factory. He tells them that he broke them out to kill the Flash, confident in their numbers, different skills, and knowledge of Barry's vicious defeat at Zoom's hands, leading him to believe the Scarlet Speedster is weak and vulnerable. Snart demands to know the plan first but Mardon refuses to tell, wanting to know whether Snart is in first. Both almost attack each other but Jesse defuses the situation. Snart leaves the two and warns Barry that they are coming for him.

Jesse later hacks into a media center and addresses the entire city, claiming that we will create death and chaos in Central City until the Flash is dead. Detecting his location the Flash and Patty Spivot head to the warehouse. There Jesse releases explosive spins into their direction which the two nearly evade. They realize that Jesse wasn't in the building and that it was only a trap for the Flash.

He then visits a shopping center disguised as a mall Santa. He gives each child a present, telling them not to open it until the next day.

Eventually, Barry fights Mardon and defeats him at Central City Square. However, the Trickster throws an explosive present to Barry's feet. He reveals that he handed a hundred of these boxes to random children and that Barry has no chance to save everyone. Mardon and Jesse then offer Barry a deal, Barry allows them to kill him gruesomely and in turn they do not blow up the boxes. To save the children Barry accepts and Mardon swiftly attacks him with hail.

While Mardon tortures Barry, the rest of his team try to find the bombs. After finding one, they strap it to a drone and fly it into a breach. As they are attracted to the bomb, all other bombs fly off as well. After being told that the bombs are gone Barry knocks out Mardon and Jesse right as Jesse is about to gut him. Mardon and Jesse are then arrested.

Earth-3

The Trickster also exists on Earth-3, with similar intentions as the one from Earth-1. He seems to be a long-time enemy of Jay Garrick.

After murdering a group of people during a heist, the Trickster is confronted by Jay Garrick. The Trickster attempts to shoot Jay but Jay catches each bullet shot at him while approaching the Trickster.

He then handcuffs the Trickster to himself, only for the Trickster to reveal that he strapped a bomb to himself. Intending to blow both himself and Jay up, the Trickster activates the bomb but before it can go off, Barry Allen appears, deactivates the bomb and ties the trickster to a nearby column. When the police arrive, they take the Trickster away who loudly vows to sue the flash for hitting him to hard as he believed it caused him to see double after seeing Barry with Jay. promising that he will one day use Garrick's helmet as an ash tray or a candy tray or just wearing the hat or whatever he could think of.

Escape

The Earth-1 Trickster eventually escapes from prison, However, he neither makes an effort to free his son from prison, nor does he contact Prank.

## Goliath

**Erik Josten**, also known as **Atlas** and **Goliath**, is a supervillain from *Marvel Comics* and an enemy of the Avengers.

Sometimes, even a villain has identity problems. Erik Josten was a rogue AWOL marine who was employed by Captain America's old adversary, Baron Heinrich Zemo as a henchman. When Zemo was killed during his final battle with Captain America, Josten stumbled across the lab where Wonder Man was created, and was talked into undergoing it by Thor's nemesis, the Enchantress. The ionic radiation turned Josten in a superhuman criminal named Power Man, who easily defeated the Avengers in their first battle, but was defeated by Captain America in their second battle.

After doomed memberships with the Swordsman, the Masters of Evil, and the Lethal Legion, Josten was defeated by Luke Cage in a battle for the name "Power Man", and was later tricked into joining a second Lethal Legion by Count Nefaria, only to have a large portion of his powers stolen. He reemerged as "the Smuggler", and was defeated by Spider-Man. He later underwent a process that gave him the power to increase his size, and took the name "Goliath", and fought the Avengers, the West Coast Avengers, and Spider-Man. He later rejoined the Masters of Evil when they posed as a team called the Thunderbolts. But Josten liked being a superhero, and along with his fellow members, turned on the second Baron Zemo, and continue with their superheroic lives to this day.

## Titanium Titan

**Titanium Titan** was White Pantera's old sidekick until Maria Rivera gave birth to Manny Rivera and White Pantera spent time with him. Titanium Titan tried to fight crime alone, but he failed and left Miracle City to be a Super Villain. Titanium Titan tried many times to get rid of Manny, and even tried to use Frida Suárez to get rid of Manny as the Silver Wolf.

Titanium Titan and White Pantera were a Superhero Team. They were considered the "He-Man Heroes" of Miracle City and when not fighting crime they were in their secret lair partying with the attractive ladies of Miracle City. The two appeared to be an inseparable team, that was until White Pantera met the love of his life, Maria, and after the two were married and had their son Manny, Rodolfo gave up his life of heroics which created a rift between him and the Titan. The lonesome Titan then tried to continue on as a superhero by himself but was unable to fight alone, as such he was forced to resort to a life of crime and villainy, but he would continue to blame Manny for his misfortunes.

While Manny and Frida were at the carnival, they were suddenly attacked by the Titanium Titan who quickly struck down Frida and proclaimed his desire to have revenge on Manny, despite Manny clearly never meeting him before. Manny was luckily able to defeat the Titan by pushing him into a snow cone stand which instantly froze his arms. He then ran off before he could be caught. However the result of this fight ended up forcing Manny and Frida to part ways to make sure she would not get hurt again. The Titanium Titan later kidnapped Frida and used her as bait to lure El Tigre to his secret hideout.

## Dr. Destiny

**Doctor Destiny** is a supervillain in the *DC* comics and a rogue enemy of the Justice League. There have been other characters with the same name, but **John Dee** is most well known incarnation.

Doctor Destiny first appeared in *Justice League of America Vol 1 #5* . He was originally a criminal scientist named John Dee who used an antigravity device and a Green Lantern costume to break into the Justice League's headquarters. He then used a "will deadening beam" to destroy their free will. He then planned to destroy them by sending their headquarters into space, but the real Green Lantern defeated him. Eventually his mother, Ethel Dee, gave him Morpheus' Dreamstone. He equipped this magical artifact to a machine called the "Materioptikon", and it gave him to power of dream manipulation, making his dreams reality.

He called himself Doctor Destiny and again battled the Justice League. His power was so great he had to be hypnotised to stop his ability to dream. This caused him to lose his mind and he was sent to live in Arkham Asylum. He escaped later on and used the Sandman to turn other people's dreams against the Justice League, but he was again defeated and Sandman was freed. When his mother died, he again escaped Arkham, reclaimed the Dreamstone, and went on a rampage.

Morpheus, creator of the Dreamstone, destroyed it and restored Doctor Destiny's ability to dream. Doctor Destiny was returned to Arkham powerless and with his sanity slowly returning. Later on though he learned that the Materioptikon maintained some of his former powers. He used it to trap the Justice League in Atom's dream of a world ruled by fascist superheros. Blue Beetle helped them escape and he was defeated yet again.

Doctor Destiny is a brilliant scientist who built things like an anti gravity device. Eventually through the Dreamstone and the Materioptikon gained dream manipulation, which can bring his dreams to life. When hypnosis cost him his ability to dream, he began using other people's dreams.

Phantom of Washington

The man who became known as the Phantom of Washington was once a French soldier named Achille Destinee. In the 18th century, he served in the Napoleonic Wars as a military engineer and general under Napoleon Bonaparte himself. When Napoleon invaded Egypt, Destinee explored the underground tombs where he discovered an ancient device capable of wielding incalculable power. After the war, he relocated from France to the United States where he was an apprentice under patriotic statesman Benjamin Franklin. In 1814, Destinee approached President James Madison and offered his services to repel the British invasion. He showed him his artifact and swore that he could save the capitol. Madison rebuked his offer believing Destinee to be little more than a crackpot.

Destinee decided to take matters into his own hands, so he rode off towards the Capitol Building determined to destroy the British soldiers. One soldier got the drop on him however, and fatally stabbed him with his bayonet. Before dying, Destinee hid his artifact inside the dome of the Capitol Building and swore that he would rise from the grave to haunt those too ungrateful to accept his aid. The first recorded sighting of the Phantom of Washington was in 1861 when he appeared before President Abraham Lincoln at the onset of the American Civil War. He appeared again to President Woodrow Wilson at the early days of World War I. He appeared again in the presidential limousine of President Franklin Delano Roosevelt in December 1941 on the day that the Japanese attacked Pearl Harbor.

Little is known of the ghost's activities following World War II, but for the fact that he usually appeared at the onset of a war, always offering the same advice he once presented to President Madison. Enraged that no one would ever accept his aid, the Phantom decided to take his anger out upon the entire city. He used the spectral powers at his disposal to wreak havoc with notable landmarks including the Lincoln Memorial, the Washington Monument and the Capitol Building. Rex Mason, the hero known as Metamorpho, was present in the city during this string of attacks and used his elemental powers to combat the Phantom.

During the melee, greedy inventor Simon Stagg stole the artifact and took it to Fort Knox in the hopes of using it to purloin the gold reserve. The Phantom and Metamorpho followed Stagg's trail, and the Phantom entered a sea of molten gold in an effort to retrieve his artifact. Metamorpho caused a chemical reaction in the liquid gold that dispelled the essence of the Phantom, seemingly for all time. Presumably, the Phantom's Egyptian artifact was destroyed as well.

## TV Appearance

Doctor Destiny appears as a villain in *Justice League* . His origins are altered somewhat for the TV series. In the *Justice League* episode "Only a Dream", John Dee is a small-time criminal. Formerly a low-level employee of LexCorp, Dee was arrested after the Justice League caught him guarding smuggled weapons. Sentenced to a lengthy prison term, Dee blamed the Justice League for ruining his life and fantasized about destroying them, and being welcomed by the other super villains as the greatest of them all.

In prison, Dee offered himself as a test subject for the Materioptikon, in this series a device that would affect a person's mental power. On learning that his wife was leaving him, Dee's obsession with destroying the League increased. During a mass breakout, while the League and the police were busy with the other prisoners, Dee hooked himself up the Materioptikon and turned it to full power. Escaping the prison, he discovered he now had the power to enter human minds while they slept and manipulate their dreams. The police and the JL were unconcerned with his escape, believing him to be an unimportant criminal. Dee decided to live out his fantasies for real, and gave himself the name Dr. Destiny, and created an illusory skull-faced appearance.

Dee's first act was to take revenge on his former wife Penny. Invading her dreams, he trapped her in her sleep, and, it is strongly implied, tortured her so severely that she died in her sleep. He then entered the minds of the Justice League members, trapping each of them in their own nightmare where they would either die or go mad.

The Flash dreamed that he was unable to slow down, to the point that the entire world is frozen around him forever. Green Lantern dreamed that he had become an outsider, and all of his friends and neighbors now saw him as a stranger and were unable to understand him. Superman became trapped in a nightmare that his powers grew beyond his control and began taking the lives of everyone he cared for. And Hawkgirl dreamed that her wings were locked together and that she was buried alive in a coffin. Only J'onn J'onzz and Batman stayed awake to trace the crisis to Dee.

While J'onn entered the sleeping Leaguer's minds to guide them out, Batman fought off exhaustion to trace Dee to his hideout in an abandoned warehouse. Using a commercial jingle to block Dr. Destiny from his mind, Batman was able to confront him and beat him in hand to hand combat.

Dr. Destiny later joins forces with the Legion of Doom in *Justice League Unlimited* .

He make his first live action appearance in *Arrowverse* crossover *Elseworlds* under the name John Deegan.

Movie Appearance

Destiny appears as the main antagonist of the animated film *Justice League Dark*, voiced by Alfred Molina. This version is an evil sorcerer and former opponent of Merlin's and Etrigan the Demon. Destiny was said to have been a former man of science by Merlin in Arthurian times before turning insane after wielding the power of his personal artifact, the Dreamstone. With it, he brought many towns to their knees by making them live their worst nightmares, but a group of knights led by Jason Blood attempted to defeat him. All of them were mortally wounded, forcing Merlin to unleash the power of Etrigan, which forced Destiny's soul into the Dreamstone. In the climax of the film, it's revealed that John Constantine's old friend Ritchie Simpson made a deal with Destiny that would give him immortality to cure him of his disease. However, Destiny exploited a loophole in their deal by possessing him and wreaking havoc in a nearby city. While he was able to defeat Swamp Thing and Etrigan, Destiny was ultimately defeated by Constantine and Deadman, and the Dreamstone ends up destroyed along with Destiny.

Green Arrow: Trickster!

Me: Erik Josten A.K.A. Goliath!

El Tigre: Titanium Titan!

Me: And John Dee A.K.A. Dr. Destiny!

Dr. Destiny: That's right. It's an honor to meet you J.D. Knudson.

Volcana: Nice to see some of our former fellow comrades in the Legion Of Doom now part of our frenemies.

Dr. Destiny: Indeed Claire. Good to see you again.

Trickster: (to me) Just so we're clear, most people call me James Jesse, not Giovanni Giuseppe. If you're going to identify me, do it right.

Me: Sorry. It's confusing. There are two incarnations of you in the comic books.

Trickster: Oh that's okay then.

Dr. Destiny: (to Natilee) You know, you going berserk on Nehelenia was why I was hesitant on joining the Masters of Evil in the first place.

Natilee: Well she was terrorizing the world of dreams for years and I couldn't let her get away with everything she has done. As the guardian of dreams I have to make sure they are safe and nightmare-free.

Princess Luna: Just like how I do it.

Natilee: We both have something in common.

Goliath: (to Gargoyles Goliath) I just realized that wee both have the same name.

Gargoyles Goliath: That is really interesting in terms of namesake.

Me: Confusing though.

Titanium Titan: (to El Tigre) El Tigre. It certainly has been a while.

El Tigre: That is has.

Nico: Wow.

?: Enough with the reunions.

A figure came out and it was 50 BELOW from episode 18, 19 and 20 of Mystic Force!

---

**50 Below** was a snow yeti-like creature and was one of the four Barbarian Beasts that were freed by Imperious. 50 Below is a partner of Fightoe. He was also the leader and the most powerful of the Barbarian Beasts and was one of the main antagonists of the three-part episode "Dark Wish" and was argubly the main villain due to his position amongst the monsters.

50 Below was one of the four Barbarian Beasts that did not fight with honor, and were sealed away in the Oblivion. However, Imperious set them all free, and commanded them to do his bidding. 50 Below emerged from the Oblivion along with his comrades. Imperious then decided to betray and overthrow the Master. After the defeat of Warmax and Shrieker, Imperious met Fightoe and 50 Below and told them that their comrades did the valuable work and suceeded in tiring the Rangers. The rangers were tired of the battles and will soon do their greatest mistake and Imperious's plan will succeed. Fightoe and 50 Below thought Octomus would be pleased, but Imperious told Fightoe & 50 Below that he desired to overthrow Octomus and become the new ruler of the Underworld. Fightoe and 50 Below asked the sorcerer about Koragg, as he would never betray Octomus. Imperious thought about Koragg too. And he ordered Barbarian Beasts to destroy Koragg, because he would never betray the Master. 50 Below & Fightoe were first sent to attack Koragg in the forest. Fightoe and 50 Below attacked Koragg in the forest and the Wolf Knight was devoid of the magical power. Koragg was surprised to see the monsters and asked them what did they want and they answered that they came for him. 50 Below and Fightoe attacked Koragg and due to his being devoid of mystic power, the Wolf Knight was no match for the villains. With the two of them fighting the single Knight Wolf, they were successful in defeating and wounding him. 50 Below and Fightoe even mocked Koragg saying that his honor was useless and the Master will be next. The monsters left the wounded Koragg, but he was found by Phineas, who helped him. They then drew the Rangers out at the pier. Koragg, but he was found by Phineas, who helped him. Then Barbarian Beasts drew the rangers out at the pier. Fightoe appeared

Daggeron attacked the villain with his Laser Lamp, but Fightoe's friend 50 Below arrived to aid him. Fightoe thanked his partner. 50 Below said that he is there and the Mystic Rangers will be defeated. The Rangers were horrified of the power of the two monsters. When Nick estimated the villains as too powerful 50 Below answered that the Red Ranger was right. 50 Below told Below told the Rangers that they arrived from the Oblivion. The Rangers tried attacking 50 Below, but with the power of his orb on his chest, he was able to reflect the Ranger's attacks right back at them. With the teens were weakened and wanting to take the easy way out, they begged Daggeron to use Jenji. 50 Below abused the rangers, caling them worthless and weak. Against his better judgment, Solaris Knight agreed and fired Jenji Shinning Attack. However, 50 Below attacked Jenji before the Shinning Attack hit, and Fightoe then managed to capture the cat genie. Rangers were horrified as the villains captured their friend. 50 Below then attacked Daggeron with his ice attack and threw the Solaris Knight into the water. With having completed their mission, the two remaining Barbarian Beasts escaped. Fightoe and 50 Below returned to the Underworld and Imperious was pleased with their victory and said that his plan succeeded. They obtained the most powerful weapon of the rangers. However after the Rangers showed courage and bravery in the face of insurmountable odds, the Tribunal of Magic reversed the Dark Wish. After the return of the rangers and Koragg, Imperious summoned again 50 Below and Fightoe and sent them to battle the rangers. 50 Below and Fightoe then lured the Rangers out at the Industrial Plaza. While Fightoe fought the Rangers, 50 Below battled Daggeron. These two beasts continued to be more than a match for the Mystic Force. Daggeron was soon taken out of the battle. 50 Below mocked Daggeron, saying that he thought defeating the Solaris Knight is more difficult. But in a surprise, Koragg showed up and began fighting the beast. However, the villain still took down the Wolf Knight and joined Fightoe against the rangers. Right before he and Fightoe could make the final strike, the Rangers were quickly teleported to a save location by the Tribunal of Magic just before the fire power of the two monsters could finish them off. As a reward for learning to take responsibility for their actions, the Tribunal of Magic then granted the Rangers the power of the Mystic Force Legend Warriors. With this new power and the Mystic Lion Staff weapons, the Rangers were able to take on Fightoe and 50 Below. Each Ranger used Code 1, the Elemental Attack, on their Mystic Lion Staffs. Fightoe was greatly weakened and fled, leaving 50 Below alone. The beast's Chest Orb was cracked, but he still attempted one last strike. He was about to attack the Rangers with his Ultimate Ice, but the team used the Legend Warriors United Formation, and blasted 50 Below into his own ice and destroyed him. As his remains snowed, Koragg caught a remaining piece of his armor, with Koragg commenting that those who live without honor will fall without honor, tossing the piece aside and walking away.

Nick Russell: 50 Below!

50 Below: Been a while rangers.

Me: I remember you! You are the last member of the 4 Barbarian Beasts that are left. We already took down 3 of them. But you were also the 1st monster to be destroyed by the Mystic Force Rangers newly acquired Legendary Mystic Force Forms. That was awesome!

50 Below: That was amazing huh?

Vypra: Didn't I tell you he watched you all on tv?

50 Below: You weren't kidding Mistress Vypra.

Nick Russell: (to 50 Below) You don't seem to upset that Octomus is dead.

50 Below: Like Clawbster said before, Octomus is old news now. He had his chance to defeat you Rangers but he failed miserably!

Me: So did the rest of the Barbarian 4. But it was Octomus that ruined all the fun. But thanks to me I killed him and got the Mystic Force Rangers their full power back and banished Octomus to the Warp for all eternity.

50 Below: Good riddance.

?: You can go fuck yourself!

We saw a figure come out and it was none other than Peter Griffin's deranged and abusive stepfather FRANCIS GRIFFIN!

---

**Francis W. Griffin** is a recurring antagonist of the sitcom *Family Guy* . He was the step-father of Peter Griffin.

He was voiced by the late Charles Durning.

A devout Irish-American Catholic, Francis has had a rocky relationship with his step-son, Peter, over the years. However, he does love Peter, though he may not like him. Francis is extremely religious and honors Jesus, God and the Pope. However, he is extremely stubborn with his views, as when the Pope tries to convince Francis of a view that differs from his own, he deems Pope to be an untrue Catholic.

All Francis believes in is work, work and more work which obviously leads to conflict with Peter. It is revealed after Francis's death that he was not Peter's biological father, but his step-father. In the episode "Stu & Stewie's Excellent Adventure" he can be seen attending Chris's future wedding, even though he is dead. Due to canon in the series, it is possible that it is another man who resembles him. Also, he would logically not be alive in the future unless when Stewie stopped his near death experience, Francis's future was somehow altered (along with the futures of other characters) and he would not have originally died. His ghost reappears in "Family Goy".

Although Francis loves Peter, he hated his adoptive daughter-in-law, Lois, because she's Protestant, which is why on the wedding day, he taped a sign saying "To A Protestant Whore" underneath the "Just Married" sign on back of the limo. He also hit Brian with his bible for questioning and mocking him. It was after his death that Lois and Brian celebrated on the yard together that Francis was dead behind Peter's back.

Though Francis is a Catholic, in the episode "The Father, the Son, and the Holy Fonz" he says that Peter's new religion was stupid, but at the end of the episode he is seen praying and kneeling for Arthur Fonzarelli, the character who Peter's religion is based on.

Lois Griffin: Francis!

Brian: Oh no!

Francis Griffin: Well if it isn't the persistant whore!

Me: You shut your fucking trap you old man! Peter Griffin is dead along with all of Quahog.

Eli: Yeah! That town deserved it!

Francis Griffin: You're all gonna get it for blowing up Quahog.

Nico: (To Spankulot) Okay, this guy, you can spank!

Me: Just for pissing me off!

Brian: This guy has always hated my guts for being an atheist and he has always hated Lois, Meg, Chris and Stewie more than anything!

Francis: Because you're all a bunch of fucking mistakes!

Eli: The only mistake here is you!

Me: Quahog got what it deserved for its abuse towards Meg and the fact that it was full of corruption and treasonous douchebags!

Francis Griffin: YOU TAKE THAT BACK YOU FUCKUP!

Me: How about you make me you fucking asswipe!?

Nico: You and Peter and all of Quahog brought all that on themselves! You 2 don't deserve to be called parents or anything.

Me: You're nothing but a pathetic catholic extremist that hates everything!

Francis Griffin: I'm a devote catholic! Says this!

He pulled out a Number card and it was NUMBER 77: THE SEVEN SINS!

We gasped.

Eli: Number 77: The Seven Sins!

Me: So a Number Card brought you back! Pretty personal for someone as fucked up as you. You alzheimers-ridden freak.

Eli: Lets get them!

We went at them.

Battle 1: Anakin, Twilight Sparkle, Luster Dawn, Ink Rose, Moonlight Raven, Supernova Zap, and Pharaoh Atem VS Dr. Destiny

Dr. Destiny was up first.

Dr. Destiny: (to Anakin) Here's something I learned prior to joining the Masters of Evil.

Dr. Destiny summoned dream versions of Jason Voorhees and Leatherface.

Anakin: Whoa! That's really genius!

Twilight Sparkle: That is so cool that you can do that!

Luster Dawn: That is really impressive.

Ink Rose: Indeed. Considering the fact that we banished these clods to the Warp forever.

Moonlight Raven: Yeah we did.

Pharaoh Atem: Yes we did. It was a good fight.

Supernova Zap: It sure was.

Dr. Destiny: Good and thank you all. I won't disappoint you all.

Dr. Destiny summoned a dream lightsaber with a pitch black blade and he had dream versions of Pokemon. Many kinds actually.

Anakin: That is clever.

Anakin ignited his lightsaber.

Twilight Sparkle: Wait Anakin, we don't have lightsabers like you and the Jedi do.

Sabrina Mason came.

Sabrina: Here guys.

Sabrina gave them lightsabers.

Twilight's lightsaber had a purple blade, Luster Dawn had an orange blade lightsaber, Ink Rose and Moonlight Raven had black bladed lightsabers and Supernova Zap had a pink bladed lightsaber.

Twilight Sparkle: COOL!

Luster Dawn: Awesome! Thanks Sabrina.

Sabrina Mason: You're welcome. General Grievous had a huge stash of them when we destroyed him and they will come in handy for when you all join Anakin in his usual battles with Dr. Destiny.

Anakin: It's true.

Supernova Zap: Wow!

Sabrina Mason: Have fun guys.

Twilight Sparkle: Thanks.

They went at Dr. Destiny and they clashed powerfully. Anakin used the Force to blow Freddy Krueger and Jason Voorhees away and he blasted them with Force Lightning and blew them apart. They clashed with Dr. Destiny all over and more. They clashed more and backed away.

Dr. Destiny: Wow! You are really good.

Anakin: Same to you John.

Twilight Sparkle: You know that Anakin was corrupted once by the Dark Side of the Force right?

Dr. Destiny: I do. Watched all the Star Wars Movies and they were awesome.

Luster Dawn: They sure are. Even on Equestria I'm a huge Star Wars fan.

Dr. Destiny: Wow. Nice to know some fans for Star Wars. If you all do Star Wars Day for 2021, go after all the Sith Lords during the Great Sith Lord. Always a great challenge.

Anakin: We'll keep that in mind.

They resumed their clash and more and then Anakin fired a blast of Force Lightning and electrocuted Dr. Destiny all over.

THE END

---

Another awesome Fanfiction done.

Operation LOCKDOWN from Codename KND was an awesome episode. But it was scary how the operatives minus Numbuh 5 were turned into vampires! Francis Griffin was the worst father ever and he was the reason why Peter became such an abusive jerk. The next Numbers are gonna be Numbers 47, 37 and 28 and they are gonna be in the hands of the Paradigm Brothers all brought back from the dead to get revenge on us for killing them. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is a Tribute to those all lost in Pearl Harbor on December 7th, 79 years ago tomorrow and we're going to meet the Red Team from Team Fortress 2 and we're gonna have fun on this too. It's gonna be cool too!

See you all tomorrow.

# Pearl Harbor Day Battle

At the estate, we were resting and watching TV and playing card games. Reginald came up to us.

Reginald: Hey guys.

Me: Oh hey Reginald.

Reginald: Do you guys mind accompanying me somewhere?

Demona: Sure. Where are you planning to go?

Reginald: To the hospital to see my sister.

Eli: Sure Reginald.

Me: We would be happy to.

Lily: Is she all right?

Reginald: Well it's best for you to see for yourselves.

We were off to the Heartland General Hospital and we arrived at the room of Rio Castle. What we saw was shocking. She was sleeping and she had bandages over her eyes.

Me: Whoa man. What happened to her?

Reginald: She got burned in her eyes.

We gasped.

Aurora: Reginald. Who did this to her?!

Reginald: His name is Quattro.

Me: Quattro? That's Spanish for the number 4.

Eli: (GROWLS) I HATE THAT GUY!

Me: Sounds like you have a really bad history with him bro.

Eli: "Bad History" is an understatement.

Eli told us all about him.

---

**Quattro** is a character appearing in the *Yu-Gi-Oh! ZEXAL* anime. He is a participant in the World Duel Carnival and the Champion of Asia. He was involved in Reginald Kastle's sister's accident which resulted in her being hospitalized, and is the most brutal out of the Arclight Family. He is the second son of Vetrix (formerly Byron Arclight). He is the younger brother of V and older brother of III.

He was voiced by Michael Smith.

In his younger days, IV along with his brothers and their father, Byron, lived a happy life with their dog, where he was innocent. One winter night, their father gave III a Duel Monsters card - "OOPArts Aztec Mask Golem", which III showed to IV. IV was jealous because only III received a card and tried to take "Mask Golem" from III. Chris told them to stop or their father would scold them and then promised to teach both of them how to Duel.

His father became involved in Dr. Faker's experiments, but Faker eventually betrayed both him and Kazuma Tsukumo, sending them to another dimension as sacrifices to open the door to alternate dimensions. As Byron didn't return from the trip, III and IV were sent to an orphanage, while Chris remained at Dr. Faker's facility in an attempt to learn of their father's fate. However, after learning Kite and Hart Tenjo were Faker's sons, Chris left Heartland with his brothers. Their father returned years later, but his form warped into that of a child. He took the name "Tron" and began plotting revenge, with IV and his brothers aiding him.

As part of Tron's plan, IV was told to Duel Rio Kastle. He played a card called "Flaming Hell Blessing", which somehow set the building on fire. IV carried Reginald's sister to safety, with his face being scarred in the process, but she was critically injured in the blaze.

IV participated in the National Duel Circuit, where he faced Reginald Kastle in the finals. He set Reginald up to be disqualified by planting his Deck on top of a pot, so that it would fall and end up scattered on the floor in the break room. That way, IV ensured Reginald would see it, though Reginald himself was unaware of that until IV himself told him later.

## World Duel Carnival Preliminaries

IV reappeared to Reginald and lured him to a building in construction by throwing a "Mirror Force" card at him. Shark asked why he did that, and IV responded that it was just a form of greeting before the World Duel Carnival. Shark responded that he won't participate in the tournament, and IV asked if Shark is still influenced by what happened at the Duel Circuit. He revealed that he knows about Shark's sister, who got into an accident. He told Reginald that he intentionally got him disqualified, and even implied that he caused the accident that injured Shark's sister. Shark was enraged by this, and IV taunted him, saying that on that day, he became the Duel Champion of the Far East. IV threw a Heart Piece to Shark, telling him to try to defeat him in the World Duel Carnival.

After that IV approached Tron, who was watching cartoons. He told him that he did as he was ordered - Shark will participate in the WDC. IV asked why Tron wanted Shark to enter the World Duel Carnival as he already has given up on being a Duelist. Tron responded that he is needed for when all the "Numbers" cards are collected. IV stated that he doesn't care as long as he can drag Shark into hell again. IV functioned as the Number Hunter for the Tron Family, collecting "Numbers" by luring and defeating his own fans, who he considered to be terrible Duelists. During the morning of the second day of the World Duel Carnival, IV continued to do this by studying the opponents which are available within the WDC via sheets, which contain information on them and their signature cards. Here, he throws cards at them in order to choose an opponent. Seeing this, V commented that he is too brash and suggested he treat the "Numbers" he's collected better. Angered by V challenging his ethics, he suggested V try collecting "Numbers" himself and challenged him but is quickly shot down by V being reinforced by III and Tron. After insulting Tron, V rises to his feet and tells him he won't tolerate that, IV then quickly backs off.

Later on in the day, IV agreed to meet Bronk Stone and Caswell in order to sign their Duel Disks, but had an ulterior motive to entice them to a hidden location so he can Duel them with his "Numbers" and reveal his real personality without allowing the public to see him as his true self. He suggested a Battle Royal, which they agreed to. During the Duel, he allowed them to get the upper-hand by Summoning their aces, "Vaccingale" and "Tinplate Archduke". This was all a ploy as he lured them into Xyz Summoning so he could perform two One Turn Kills with his "Number 15: Gimmick Puppet Giant Killer" and "Gimmick Puppet - Baby Face". His personality changed at this moment from the friendly and noble champion of the East, to a merciless and evil person who enjoyed the pain of others, laughing when his monster hurt Bronk and Caswell. After the Duel, Shark arrived on his motorbike, making IV smirk.

IV intended to Duel Shark then and there, but was stopped when III snared Reginald with a Duel Anchor, telling IV that Tron's orders are absolute - III is to Duel Shark first. IV revealed that he already had a full Heart Piece, and told Reginald he'll be waiting in the finals and then departed. After V brings Hart Tenjo to an abandoned gallery, IV watches as Tron begins his ritual in order to transfer all of Hart's powers and memories to himself. As the ritual continued, Hart began to feel more and more pain, which amused IV as he watched intently. After Yuma Tsukumo and Kite Tenjo break into the gallery, V sends IV and III to stop them from reaching the ritual in order for it to complete. They then appear before the pair, attaching their Duel Anchors to them, initiating a Tag-Team Duel. As the Duel began, IV instantly targeted Kite as he sees him as the bigger threat. When Yuma Summoned "Number 39: Utopia", IV and III instantly know that they have to win this Duel rather than merely stall for Tron's ritual to finish. After Yuma Summoned "Utopia", IV began to target him, destroying "Utopia" straight after it was Summoned via "Number 15: Gimmick Puppet Giant Killer". After seeing that Yuma and Kite were beginning to work together, IV decided to anger Kite to break those bonds by showing him a video of Hart being tortured through Tron's ritual. Angered by this, Kite continued to damage Yuma through "Photon Pressure World" in an attempt to rush the Duel and beat them as soon as possible. This, however, was quickly stopped as IV and III had a strategy to stop Kite's "Galaxy-Eyes Photon Dragon" through "Stonehenge Shield", allowing III's "Number 33: OOPArts Super Weapon - Machu Mach", to inflict 3000 damage to Kite. As the Duel continued, Yuma constantly kept intercepting IV's and III's attempts at defeating Kite, causing IV to get extremely angry with Yuma. Yuma managed to Summon his "Number C39: Utopia Ray" and defeated IV's ace, but IV struck back by Xyz Summoning his other "Number" card, "Number 40: Gimmick Puppet Heaven's String". Despite this, Kite managed to Summon "Neo Galaxy-Eyes Photon Dragon" and defeat the brothers in one attack.[4] After the Duel ended, Kite tries to steal IV's soul and "Numbers" using Photon Hand, but was unable to as IV's crest protected him. He vowed to get revenge on Kite and Yuma and departed with III and Tron.

World Duel Carnival Finals

After Yuma and Astral defeated III, resulting in him falling unconscious, IV implored that Tron gave him new powers so he could defeat Yuma. Tron responded that he's disappointed in both III and IV. IV angrily replied that III fought against the Original Number for Tron and ended up bedridden. Tron responded that what he wants are results and if III and IV can't give them to him, he has other options - like Shark. He told IV that their role was to lure him out, which angered IV, who proceeded to confront Shark at the World Duel Carnival Finals party, who told him he would gamble everything he has to defeat IV.

The next day, the Duel Coaster began, IV witnessed Shark defeating an opponent with his "Jawsman" and complimented him, saying he's Dueling magnificently. Shark vowed not to let IV get away, to his amusement, and defeated his own opponent with "Gimmick Puppet - Bomb Egg". IV sped off afterward, with Shark chasing him. The chase continued into the underground section of the Duel Coaster, with IV and Shark both defeating opponents while taunting one another. IV attempted to lure Shark to the Magma Field, which would part Shark at a disadvantage. However, Shark was prepared to counter the field, "Magma Ocean" by using cards such as "Plate Salvage" and "Adapting to Adversity". Shark brought out "Submersible Carrier Aero Shark" on his first turn, inflicting 1200 damage to IV before the latter even got a turn. IV countered with "Number 15: Gimmick Puppet Giant Killer", which Shark countered with "Number 32: Shark Drake". IV was shocked to see this card, not being aware that III gave the card to Shark. He knew that Tron and V were planning something, but he didn't know what. Tron appears before him, saying that he told IV nothing about this, since he may have leaked the plan if he knew. He insisted that everyone had their own role in this - III had his, V had his and IV is fulfilling his now. IV asked what his role is; Tron told him that it is to make Shark fall to the darkness of his heart, and told him he's doing quite well so far. Tron later revealed that he wanted to use Shark as an assassin who would defeat Dr. Faker. IV is hurt, saying that he, III and V did everything for Tron, and asked why Shark was chosen as the assassin and not them. Tron responded that they all have their role, and Shark fits the role of assassin better than IV. IV set out to prove Tron wrong and continued the Duel. He then managed to Summon "Number 40: Gimmick Puppet Heaven's String" and due to "Destiny Strings", he attacked Shark a total of eight times. Tron chided IV for being reckless, saying he was always like that and suggested he try to be calm instead, as he can't be trusted. IV remembered when his father used to be kind, but after returning, he was only a demon of revenge. However, IV said he and his brothers still obediently followed his orders despite this. Shark responded that he didn't care if Tron used IV - IV was still responsible. IV believed that if he defeated Dr. Faker, his father would surely return to normal. IV told Tron he did inhuman things for his sake and yet Tron cannot trust him. Tron responded he can only trust himself and the Barian World, but IV insisted he is not a pawn like his brothers were - he is the Asian Duel Champion. Tron then supported Shark during the Duel, insisting that he had a way out as he could think calmly. This hurt IV, but Tron said he had already fulfilled his role. IV attempted a comeback with "Number 88: Gimmick Puppet - Destiny Leo", which would allow him to declare an Automatic Win on his next turn. Shark finally accepted "Shark Drake" and was able to perform a Chaos Xyz Evolution to create "Number C32: Shark Drake Vice" and defeat IV. He apologized to Shark after the Duel, but told him not to blame Tron for it and implored Shark to defeat his father and save him. IV then disappeared through a portal, adding that Shark should tell his father that his sons will wait for him. Later, IV fell unconscious afterward, but unlike his brothers, he didn't lose his "Numbers", and is shown sleeping alongside his brothers, being rendered comatose. However, his numbers were taken by Tron and it would later be revealed that he was just a puppet of Tron's revenge, having been given a crest. Quattro would later be revived by Tron after he lost to Yuma in the World Duel Carnival finals and later watched Yuma's duel with Kaito, along with his brothers and Tron before going home.

Yu-Gi-Oh! ZEXAL II

Quattro and his brothers later returned to Heartland via submarine where they decided it was time to make their move in the ongoing war between the Astral World and the Barian World.

After Kurage poisoned Rio and disappeared in search of Shark, Yuma, Tori and III planned to go in search of him, IV met up with them in the hospital. III asked IV to deal with Kurage, while Yuma returned "Number 15: Gimmick Puppet Giant Grinder" and "Number 40: Gimmick Puppet of Strings" to him. Later, IV appeared on the roof just as Kurage poisoned Shark, teasingly calling himself Shark's "Number one fan", and challenged Kurage to a Duel. He partnered up with Shark, stating that he was fighting not only as a favor to his brother but for Rio's sake as well. After Kurage reduced Shark to 400 Life Points with "Number 4: Stealth Kragen the Deadly Poisonous Jellyfish", IV took the third turn to Xyz Summon "Giant Grinder" and used it destroy "Stealth Kraken". As the poison continued to worsen Shark's condition, IV Summons "Gimmick Puppet of Strings" to deal massive damage to Kurage, but had its abilities blocked by Kurage's "Jelly Bind". Working together with Shark, the two were able to defeat Kurage and IV received the "Stealth Kraken" card. One night, IV called III to checked on Yuma and asked if he would be alright after losing Astral, but III reassured him that Yuma would be fine. He'd witness Yuma's victory dueling Heartland and watched Heartland die along with his younger brother and their fellow witnesses to the duel. He'd discover Shark was now Nash the leader of the barians and dueled him to restore his friend though he lost and was sent to Barian world where his brothers joined him dueling Mizar. The brothers were revived in the spots they lost to Nash and Mizar and went to fight the new threat to Astral world at the end of the series along with Yuma and his friends.

We gasped in shock!

Me: That heartless jerk!

Nico: What a fiend!

Rio woke up.

Me: She's up.

We went into her room.

Cybertron Crumplezone: (to Rio) Hey, Rio. How are you feeling?

Rio: I can't see you guys.

Me: Sorry Rio. We should tell you who we are so you can better understand. My name is J.D. Knudson, Leader of Team Loud Phoenix Storm.

Rio: (Gasp) Wow! I've heard so much about you! It's an honor to meet you.

Eli: Rio it's me Eli. How have you been?

Rio: Eli? Wow. You're now part of Team Loud Phoenix Storm?

Eli: I sure am. I just joined after our worlds merged.

Me: It's a complicated story.

Everyone introduced themselves.

Rio: Wow! It's an honor to meet you all.

Reflector: You too Rio.

Me: We heard what happened Rio and we're sorry that Quattro did this to you?

Rio: I know. But he got Reginald banned and all that.

Reginald: Nico if you see Quattro, I want you all to kill him.

Me: Gladly.

Nico: (to Reginald) You want me to eat Quattro's heart when we run into him?

Gears: Considering that you have Atrocitus' powers, you actually could do that.

Nico: That is true.

Me: I'll hurl my guts out seeing that. But go for it. I'll slash his head and banish the rest of his body to the Wrap.

Eli: And I'll mount Quattro's head on a pike and stick it in front of Vetrix's house.

Lily: By the way Rio, I can make you better again. I have the power to do that.

Rio: How can you do that Lily?

Lily: My water has amazing curing powers. I used it to cure the Ultramen of their genetically unstable bodies, Heal Maria Robotnik of her disease and I used my water to cure Nora Fries and Azula.

Rio: Wow! That's amazing.

Me: It is.

Lily: You ready for your vision to be revitalized?

Rio: I am.

Lily: Here we go.

Lily spread her wings of glowing water and entombed Rio in a ball of water and she was being cured and healed. When the ball vanished, Rio felt stronger and better than ever.

Rio: Whoa. I still can't see though.

Me: That's because of these bandages.

I took the bandages off and Rio opened her eyes and she was healed and better than ever and her eyes were better than ever! She could see again!

Rio: I can see again! Wow! And Team Loud Phoenix Storm it's an honor to see you and meet you in person.

Me: Same here Rio. Glad you're all better.

Rio hugged Lily.

Rio: Thank you Lily.

Lily: You're welcome Rio.

Eli: Rio!

Rio: Eli!

They hugged for the first time in a while.

Eli: Thank goodness you can see again sister.

Rio: I know and I'm so happy.

Lincoln: We all are.

Nico: Yeah.

Me: We also could use your help in finding the Number cards.

Eli: Yeah the Numbers are back and so is Don Thousand.

Rio: Oh man! I can never forgive that monster for brainwashing me and Reginald.

Me: He brainwashed you!? How?

Rio: It's an ugly story.

Rio told us everything about it and how it happened.

The **Seven Barian Emperors** are a group composed of elite Barians within the *Yu-Gi-Oh! ZEXAL* anime which are led by Nasch. They have an agenda of stealing the "Numbers" and destroying the Astral World taking part in the Interdimensional War, and they serve as the main antagonistic faction. According to Vector, there were originally seven of them, but after Nash and Marin's disappearance they were left with five and Dumon inheriting control.

Members of the Seven Barian Emperors are loosely named after one of the stars of the Big Dipper: Dumon after Dubhe, Alito after Alioth, Mizar after Mizar, Girag after Merak, Vector after Phecda (and also a nod to Hector of Greek Mythology), Nash after Benetnasch and Marin after Megrez.

## Abilities

While on Earth, Barian Emperors are forced to take on a human form, not knowing that this form was the one they had from the time they were humans, although Dumon apparently only needs to do this if his Baria Lapis is damaged. The only major resemblance between both their Barian and human form is their hair, which only changes color. As energy beings, they are tolerant to pain, even in human form; Girag was able to take a punch in the face from Fender without so much as a flinch. After Earth and the Barian World began to merge, the Emperors were able to maintain their Barian forms on Earth.

They can travel from the Barian World using Overlay Networks and can also utilize the ability on Earth, vanishing and reappearing on a whim. Mizar showed the ability to fire energy balls for offensive purposes, though they do not cause lasting damage. These abilities can also be granted to humans. Vetrix, who made a contract with the Barians, was able to produce energy balls and use the aforementioned networks to travel.

The Seven Emperors also possess the ability to Rank-Up their Xyz Monsters by the use of "Rank-Up-Magic Barian's Force", which lets them Summon "Number C" and "CXyz" monsters. "CXyz" monsters originate from the Barian World and are produced there as "weapons" to defeat the "Numbers". While in human form, Barians cannot wield them, but they can use "Rank-Up-Magic Barian's

Force" to brainwash humans into doing so for them. The brainwashing effect appears to vary from the individual controller; Girag's victims retain their personality but become obsessed with the Barian World, while Vector's victims are similar to sleeper agents, retaining their original personalities until the brainwashing activates at a later time, and when Alito controlled Nistro the latter was completely robbed of free will, period. In addition, if a Barian were to lose a Duel to a person using a "CXyz", they would vanish from existence, just as Astral would if he lost to a "Number".

## Barian's Chaos Draw

The **Barian's Chaos Draw** (バリアンズ・カオス・ドロー *Barianzu Kaosu Dorō* ) is an ability used by Nash. It is currently unknown what this ability does, although it is insinuated to be similar to Shining Draw. However, it should be noted that when Nash used this ability, it resonated with all the other Emperors in their Duels and all of them obtained the ability. When this power is used, the user is surrounded by a reddish-purple column of light. Upon using it, all Seven Barian Emperors(with the exception of Vector) drew Rank-Up-Magic The Seventh One.

## History Origin

Each of them bears a connection to a Number ruins and the Legendary Number that is hidden there. As confirmed by Astral and Dumon, the Barian Emperors were human once, with their previous life being described in the legend in each ruin.

## *Yu-Gi-Oh! ZEXAL II*

The Barians are at war with Astral World and seek to protect it from its envoy, Astral. One Barian, Mizar, specified that if they do not, then their own world will have "no future". For that reason, the Barians are bent on acquiring the "Numbers" to find the location of "Numeron Code" - the "God Card" that created the world and can decide fate. They cannot gather the "Numbers" themselves, so the Seven Barian Emperors manipulated and exploited humans (including Dr. Faker and Vetrix) into doing so for them.

With the defeat of both human pawns, Vector and Dumon decided that they would have to intervene directly. To that end, he sent Girag to Earth. On Earth, Barians can assume human form, though they do not decide their appearance and are unable to wield "CXyz" monsters. Following Girag's failed attempts to get Yuma's "Numbers", back in the Barian World Dumon sends Alito to try to take the "Numbers" from Yuma.

After the constant failures of Girag and Alito, Dumon decides to send Mizar to Earth, giving him three "Baria Sphere Cubes" which let Barians collect "Numbers" themselves. Mizar's arrival was by a giant energy ball crashing into a forest, causing a deep crater. Mizar's attempt to defeat Yuma was interrupted by Kite Tenjo, who took over the Duel. Mizar ended up cancelling the Duel when the power of his "Number C107: Neo Galaxy-Eyes Tachyon Dragon" nearly destroyed the Barian Sphere Field.

Girag would then make another attempt, brainwashing a whole army of students, but Yuma was saved by Alito, who wished to defeat Yuma himself. Alito deployed his Barian's Sphere Cube, but was ultimately defeated by the power of ZEXAL. He was later ambushed, prompting Girag to take revenge, believing Vector had been the one to ambush him. Girag ended up Dueling "Ray" and Yuma at the same time in his own Sphere Field. "Ray" revealed his identity as a Barian's Guardian and gave Yuma "Rank-Up-Magic Limited Barian's Force", allowing him to defeat Girag with "Number C39: Utopia Ray V".

Vector, who was believed to be dead, eventually emerged on Earth and used "Rank-Up-Magic Barian's Force" to brainwash Umimi Habara, who Dueled alongside her husband Tobio Habara against Yuma and Anna Kaboom. This ultimately failed as well.

Afterwards, Vector challenged Yuma to a Duel where he purposely lost and gave "Number 66: Master Key Beetle" to Astral while kidnapping "Ray Shadows". Yuma and the others headed to Sargasso to save Ray, where three of the Barian Emperors awaited. It was there that Ray revealed himself as Vector during his Duel with Yuma, emotionally breaking the latter and causing Astral to lose trust in him, resulting in the use of Dark ZEXAL.

Dark ZEXAL recklessly attacked Vector's "Number 104:

Masquerade" with "Number C39: Utopia Ray V" equipped with "DZW - Chimera Clad", taking damage in the process thanks to Vector's "Hundred-Over". At the last minute, Yuma and Astral separated from Dark ZEXAL after they regained trust in one another. This renewed trust allowed them to merge into ZEXAL II and create "Rank-Up-Magic - Numeron Force" to Summon "Number C39: Utopia Ray Victory" and defeat Vector.

After Vector's Sargasso plan failed, he released Don Thousand and fused with him to begin searching for the Legendary Numbers.

Afterwards, he absorbed what remained of Dark Mist and used the power to create more Dimension-Fusing Devices in order to fuse the Human World with the Barian World.

He restored Mr. Heartland to his human form and reincarnated Kurage, as well as Semimaru and Kaninjaas Barians so Mr. Heartland could have underlings to assist him in defeating Yuma, Shark, and Kite. However, all but Mr. Heartland were defeat by Yuma, Kite, and Shark with the help of Trey, Quattro, and Quinton.

Later, Shark and Rio learned that they are really the two missing Emperors, Nash and Marin. Dumon awakened their memories and transported them to Barian World, where they returned to their Barian forms.

Nash

In his past life, he was known as Nash the king of his people who ruled the United Lands of the Poseidon Ocean alongside his sister, Marin and was loved by his people, one fateful day a mad prince known as Vector attacked his kingdom with his men and few Gorgonic Guardians which were to stone by Nash & his armies mirror shields.

Vector then performed a blood sacrifice to Summon the sea God Abyss to gain the upper hand, Marin rode up to Abyss and was grabbed by the God which the knight and his horse Pegasus failed to do and she offered her soul to summon another God to Purify Abyss, after Marin's funeral Nash ordered his men to mount another attack on Vector & his army in which they succeeded, meanwhile they stumbled upon a village that Vector had already destroyed and they met a girl that resembled Nash's sister who introduced herself as Iris and he cared for her.

later on he went to confront Vector alone and avenge his sister Marin, Vector challenged Nash to a Shadow Game in which Nash won and he witnesses his men & Iris had died, then Nash followed Vector back to his palace and defeated him again and witnessed the people that Vector killed drag him down to the afterlife.

Marin

Rio Kastle was known as Marin in her past life, she was a priestess as well as a princess of the United Lands of the Poseidon Ocean alongside her brother Nash. One fateful day their kingdom was attacked by a ruthless prince known as Vector, who led a army of soldiers to plunder the castle by using Gorgonic Guardians which in turn failed. and then Vector killed one his men and used him as a sacrifice to summon Abyss turning things in his favor, and Marin decided to offer her soul to Abyss and sacrifice herself then plunged herself into the depths of the ocean and summoned Number 94: Crystalzero to purify Abyss which was due to the Barian deity Don Thousand Influencing her and was later revived as one of the Seven Barian Emperors.

Dumon

Long ago, Dumon was a knight who served to protect a kingdom he lived in along with his pegasus, Mach. He was friends with the ruler of the United Lands of the Poseidon Ocean, Nash. When Nash's kingdom was attacked by Vector's forces, Dumon arrived to assist. He was targeted by Vector's archers, but he and his pegasus were too quick to be hit by the arrows. Nash's sister Marin was taken by the ocean god that Vector Summoned, Abyss. Dumon attempted to save her, but Marin pitched herself from Abyss' hand, sacrificing herself to call forth another god. Dumon then stood by Nash's side as he mourned his sister's death. He then assisted Nash's army in assaulting Vector's once more. The assault led them to a town Vector ravaged on his way, which sickened Dumon as he allowed his people to live in such conditions. As the war between the two kings prolonged, Dumon and Nash planned to confront Vector and his military once they reached his location. Dumon fought and lead Nash's army in the battle and was the only known survivor. At one point in his life, Dumon obtained a card called "Number 44: Sky Pegasus". Eventually, he returned to his homeland, but learned about how his fellow knights had grown arrogant and plotted to usurp the King. Dumon and Mach intercepted the other knights and tried to reason with them, but Dumon failed and the knights turned their swords on him. Since Dumon was unwilling to kill his former comrades, both master and steed were eventually defeated and killed. However, Dumon's fellow knights regretted their actions and they buried him and Mach together. The knights had been hypnotized by Don Thousand in an effort to cause Dumon's rebirth as a Barian.

Alito

In his past life he was a human who lived in Spartan City. He was the greatest gladiator to have existed, who battled using only his bare fists, and won every battle. Alito was a hero to many of the children of his time and they often cheered for him during his matches. Alito was also the friend and rival of the prince whom he battled with many times. Alito was framed by the people close to the prince, who saw the gladiator's possible victory unacceptable. Alito was placed under false charges, and despite his pleas of innocence and the prince defending him, Alito was banished as punishment. This came about because Don Thousand possessed the prince, who ordered Alito's execution. Thousand appeared to Alito and buried an "Over-Hundred Number" into Alito's chest. This was done in order to fill his heart with hatred and send him to the Barian World instead of the Astral World.

Mizar

In his past he was a Dragon Tamer during that time he betrayed Jinlon and he also encountered Don Thousand in the form of a wandering shaman who gave him the Over-Hundred Number Number 107: Galaxy-Eyes Tachyon Dragon which allowed him to be reincarnated in Barian World instead of Astral World.

Girag

Girag was born as Souhachi Kiraku and was a great warrior, known for being wise and benevolent, often sharing the spoils of his conquests with the populace. While on the battlefield one day, he befriended a tanuki, Ponta. Ponta became Kiraku's body double, helping him in battles and won many conquests. Eventually, Kiraku learned that some vassals were displeased with his policy of distributing the wealth among the peasants and rebelled against him. Knowing he would lose the upcoming battle, he was forced to part ways with Ponta, making the tanuki feel betrayed. Before his death he received an "Over-Hundred Number" from Don Thousand in order to fill his heart with hatred and send him to the Barian World instead of the Astral World. Later it was shown that Don Thousand brainwashed his vassals to turn against him and implanted his "Over-Hundred Number" into him before he died.

He was reincarnated as one of the Seven Barian Emperors, as his soul was one that was connected to a Mythyrian "Number" card, which had sealed Thousand's power. Girag had no memory of his previous life, due to the "Over-Hundred Number" that he received from Don Thousand. The Emperors plotted to destroy the Astral World. Due to both worlds being made of energy, they could not interact. As Barians cannot take "Numbers" directly, they exploited humans such as Vetrix and Dr. Faker.

Vector

He is a Barian from the Barian World who manipulated Dr. Faker and Vetrix to achieve the Barians' goal of destroying the Astral World. After being defeated by Yuma Tsukumo, he set up a new plan by taking on a human form and befriend Yuma (under the name **Ray Shadows** in the English version and **Rei Shingetsu** in the Japanese version) in order to plan his downfall. He also happened to turn into a giant snake with dragon wings when he gets furious.

Vector was once a prince in his past life, before he was reincarnated into one of the Seven Barian Emperors. When his parents died, the grief started to change his personality, causing him to become a ruthless monarch and declare war on Nash's kingdom. He lost the war and he died tragically, later revived as a Barian Emperor.

---

We gasped in sheer shock!

Me: WHOA! You two were brainwashed into being 2 of the Seven Barian Emperors!?

Reginald: Yeah we were.

Rio: It was horrible.

Lincoln: Don Thousand is a ruthless monster!

Linka: No kidding. He's like Sartorius reincarnated.

Me: And Dartz too.

Eli: Don Thousand is worst than Zorc Necrophades, Dartz, Marik, The Society of Light, The Shadow Riders and all those guys combined.

Nico: We got to stop all of them.

Me: And we will. Yuma are there anymore enemies of yours that we have to be aware of?

Yuma: Yes there are. We have to be aware of Vetrix and his family and Dr. Heartland.

Me: Can you give us their info?

Yuma: I sure can. You already know about Quattro.

Yuma told us everything.

Trey

In the past, Michael Arclight lived with his brothers and their father, Byron, lived a happy life with their dog. One winter night, their father gave Michael a *Duel Monsters* card - "Chronomaly Aztec Mask Golem", which Michael showed to Thomas. Thomas was jealous because only Michael received a card and tried to take "Mask Golem" from Michael. Chris told them to stop or their father would scold them and then promised to teach both of them how to Duel.

His father became involved in Dr. Faker's experiments, but Faker eventually betrayed both him and Kazuma Tsukumo, sending them to another dimension as sacrifices to open the door to alternate dimensions. As Byron didn't return from the trip, Michael and Thomas were sent to an orphanage, while Chris remained at Dr. Faker's facility in an attempt to learn of their father's fate. However, after learning about what really happened to his father, Chris left Heartland with his brothers. Their father eventually returned, but his form warped into that of a child. He took the name "Vetrix" and began plotting revenge, with Michael and his brothers aiding him, and Michael became known as "Trey" Vetrix imbued each of his sons with a crest that was directly connected to their souls. Though it granted them great power, they would fall comatose if they lost a Duel while wielding a powerful "Number".

## World Duel Carnival Preliminaries

The day before the World Duel Carnival, Trey entered the main chamber of his and his brother's apartment in order to hear about how Quattro managed to make Shark enter the tournament out of anger and that this will assist them in obtaining the fabled "Number" series. During the second day of the World Duel Carnival, Trey tried to break up an argument between Quattro and Quinton, and was backed up by Vetrix, who then made Quattro agree with Quinton as Quattro's brash attitude would have ruined their plan. Quinton then picked a "Number" card from the wall and threw it to Trey, saying that Shark must obtain the card, which Trey agrees with. He then walked off with Quattro in order to watch him Duel. Throughout the Duel, Trey watched his brother's ruthless power as he defeated both Bronk Stone and Caswell Francis via a One Turn Kill with his "Number 15: Gimmick Puppet Giant Grinder". Shark then rode in on his motorcycle, surprising Trey, while Quattro just smirked.

Shark threatened Quattro, who responded by suggesting they solve their problem with a Duel. Before the Duel could start, Trey used his Duel Anchor in order to trap Shark in a Duel. Quattro objected, but Trey told him that Vetrix's orders are absolute. Quattro retreated, saying that he will see Shark in the finals when he has a full Heart Piece. Throughout the Duel, Trey and Shark continued to swap blows, and despite being asked by Vetrix to purposely lose so that Shark could acquire "Number 32: Shark Drake", Trey continued to fight with all his strength, even to the extent that if Shark didn't have the Spell and Trap Cards he had, he would have lost. After the Duel, Trey gave Shark a Heart Piece and tells him that he can keep the "Number" for wielding it so well and revealed that he possessed a full Heart Piece already as well. He then used the crest on his hand to create a blinding light so that he could escape. Later that day, Vetrix showed his appreciation to Trey for completing his task as he always does and says that Shark has been touched by a "Number", thus he will begin to fulfill their plan.

After Quinton transported Hart Tenjo to Vetrix's residence, an abandoned gallery, the brothers watched on as Vetrix began to extract his powers via a ritual. As the ritual continued, Hart showed signs of pain which affected Trey, appearing worried for the young boy. After Yuma Tsukumo and Kite Tenjo arrived at the gallery, Quinton sent Trey and Quattro to prevent them from reaching Vetrix so that the ritual could be completed. Trey and his brother then appeared before the two and attach their Duel Anchors, initiating a Tag-Team Duel.

During the beginning of the Duel, the brothers targeted Kite, believing him to be the only threat present. However, after Yuma Summoned "Number 39: Utopia", Trey stated that they have to be careful of him as well, seeing as Yuma is also a "Number" holder. Trey eventually Summoned "Number 33: Chronomaly Machu Mech" and protected his "Number" card and that of his brother with the Trap Card "Number Wall". Later on, Trey played a key role part in Quattro's taunt against Kite, after his brother's words made the latter recklessly Summon "Galaxy-Eyes Photon Dragon" just to attack Quattro's "Number". Trey then activated his "Stonehenge Shield", draining the ATK of "Galaxy-Eyes" and chained this effect to that of "Machu Mech" to inflict damage to Kite.

However, their move was negated by Yuma. Trey and Quattro continued to target Kite due to the drained ATK of "Galaxy-Eyes". Trey was surprised by Yuma's continuous sacrifice of his own Life Points to protect Kite. Towards the end of the Duel, thanks to Hart and Yuma, Kite is able to Summon "Neo Galaxy-Eyes Photon

Dragon". This monster defeats both of the brothers. After the Duel ended, Astral tried to absorb Trey's "Number", but the power of Trey's crest protects him. During this time, he was briefly able to see Astral. He and his brother left with Vetrix afterwards. Some time later, Trey stood on the roof of Vetrix's new headquarters, contemplating what had happened.

On the morning of the third day of the World Duel Carnival, Trey set out to find Yuma. While doing so, he stumbled upon him Dueling Shark. During the Duel, Trey was shocked at how Yuma was letting Shark take his anger out on him by destroying his monsters, without fighting back. He then snuck into Yuma's house and was amazed at the artifacts that his father had collected. While looking with amazement at the artifacts, Haru Tsukumo heard him and asked him what he was doing and informed Yuma that he was there. When Yuma returned, Trey was wearing a mask similar to "a card" his father had given him as a child. Trey told Yuma that he was no threat and Haru invited him to have lunch with them. During lunch, seeing Yuma and his sister arguing, reminded him of his family and how happy they were in the past. Feeling more and more depressed about how his family has changed since then, Trey cries and leaves in the middle of dinner. Trey then decides, for his family, to challenge Yuma to a Duel in order to acquire Yuma's power of never giving up until the very end. Vetrix agreed to this and told Trey he would give him new powers to help him beat Yuma.

Vetrix performed a ritual on Trey, similar to the one he had with Hart, transferring some of his power into Trey's crest, which Vetrix called the powers equivalent to the pain that Trey had felt in his life. In addition, he gave him two new cards - "Number 6: Chronomaly Atlandis" and "Final Prophecy". Vetrix told him that the former card would put him a great strain on him both physically and mentally and that the latter card would ensure that both players do not walk away unharmed. That evening, Trey awaited Yuma's arrival atop a series of unfinished roads. Yuma told him he believed they could become friends after the Duel, and Trey told him he must defeat Yuma to save his family. The two then began to Duel, with Trey telling Yuma that with his new powers, he can't be defeated, and was also able to clearly perceive Astral. On his first turn, Trey managed to Summon "Machu Mech", gaining a massive upper-hand over Yuma, who could defend with his weaker Monster Cards. Trey went so far as to call his weaker monsters his pawns, shocking Yuma when he sacrificed his favorite card to aide his strategy. After Yuma managed to make a comeback with his "Gagagarush", Trey becomes angry, using his crest to send Yuma into an abyss, where he forgot his worldview - "kattobingu". Trey then made Yuma live out his life's main events without his "kattobingu", which resulted in him becoming a shy and scared individual. When Yuma returned to the present, he can no longer perceive Astral or the Emperor's Key and is too scared to do anything. Trey then used his powers to chain Astral to a tower and attacks Yuma with his "Machu Mech", causing him to fall on the floor in pain, while Trey sadistically laughed.

Without his "kattobingu", Yuma tried to surrender, but Trey would not allow it and just skipped Yuma's turn. He continued his attack, destroying the last defense Yuma had. When he tries to use "Machu Mech" to deal the final blow to a defenseless Yuma, Astral reached out and tried to remind Yuma about "kattobingu". Yuma then saw "Gagaga Gardna" glowing in his hand. He then quickly used the effect of his "Gagaga Gardna" to save himself. Trey was shocked that Yuma would do that despite being left defenseless and scared to do anything. Realizing that Astral was the one who did this, Trey responded by torturing Astral, killing him with severe shocks. His next strike nearly knocked Yuma off of the highway they were Dueling on, but his friends saved him. Trey responded by trapping Yuma's friends behind an energy field that blocked off sound as well. Unbeknownst to Trey, Kazuma Tsukumo helped Yuma regain his "kattobingu" by using the power of the "Numbers" Yuma collected to break Yuma out of the trance created by Trey's crest.

Thanks to Kazuma, Yuma regained his original personality and was able to finally see his Key again, but was shocked to find out that Trey had got rid of Astral. However, Yuma struck back at Trey by Summoning "Utopia" and using it to destroy "Machu Mech". Angered by this, Trey countered with "Atlandis". Yuma then brought out "Number C39: Utopia Ray", but Trey saved "Atlandis" with "Thunder Pot". When Trey activated "Final Prophecy", it unlocked the door to the Barian World, which threatened to destroy all of existence. Having a change of heart, Trey gave Yuma some of the powers from his crest and Astral was revived. The power of ZEXAL allowed

Yuma and Astral to fuse and perform a Shining Draw - "ZW - Phoenix Bow", and equipping it to "Utopia Ray", Yuma defeated Trey. Trey tells Yuma he considered him to be his first true friend, and asks him to save his family. Before vanishing, he left behind his two "Numbers" and a Heart Piece for Yuma. Due to "Atlandis" being such a powerful "Number" and his crest's tie to his own soul, he fell comatose after losing. Just before doing so, he was transported to Vetrix's headquarters, where he thanked Vetrix for comforting him before falling comatose.

## World Duel Carnival Finals

After Trey fell to sleep, Vetrix left his quarters with Quattro and Quinton awaiting him outside. Quattro implored that Vetrix give him powers the same as he gave Trey, but Vetrix stated that Trey and Quattro have failed him, and that he will have to turn to Shark for his plan to work. This led to Quattro screaming at Vetrix due to the condition Trey has been left in. As Trey was comatose, he was unable to participate in the WDC finals.

Vetrix revealed to a resident of the Barian World through a portal that although Trey and his brothers fell, his plan was still going perfectly. During Vetrix's duel with Kite, he revealed that he merely used Trey as a pawn alongside his brothers, Dextra and Shark in order to strengthen his "Number 69: Heraldry Crest" with hatred as he had no emotions to spare. After Vetrix was defeated by Yuma, he released the souls of those he captured including those of his sons. Afterwards, Trey and his brothers awoke. He, his brothers and his father watched part of the Duel between Yuma and Kite. Vetrix told them they would go home now and they departed through a portal, with Trey saying he would meet Yuma again someday.

## Mythyrian Numbers War

Trey and his brothers later revisited Heartland via a submarine and they discussed the ongoing war between the Astral World and the Barian World. Knowing that Astral was gone, Quinton told Trey he will entrust Yuma to him, which he said "Roger" with a salute and smile. Later that night, Trey appeared after Yuma refused to hand over his "Numbers" and lunged a sword at Mr. Heartland, which the latter narrowly dodged with his teleportation abilities. Trey commended Yuma for standing his ground and proclaimed that he will protect him. He explained that he and his family had been investigating the Astral and Barian Worlds, and that they knew what happened to Astral. When Mr. Heartland assaulted him by shooting a swarm of insects from his staff, Trey blocked them with the abilities of a bracelet that Quinton invented, revealing that it granted him the abilities of his father's crest. Trey told Yuma that he knew he couldn't replace Astral, but asked if Yuma could let him help and risk his life fighting for him like Yuma had done for him in the past. Yuma then handed Trey "Number 6: Chronomaly Atlandis" and "Number 33: Chronomaly Machu Mech" and asked him to assist him in the upcoming Duel, which Trey happily agreed to. The pair then began their Duel with Erazor, but was put at an disadvantage when Mr. Heartland activated a trap that halved Trey's and Yuma's Life Points while doubling Erazor Trey took the third turn to Summon "Machu Mech" and deal damage to Erazor with help from Yuma's cards. However, Erazor dealt a lot of damage to Trey with "Number 3: Cicada King", with Trey taking damage that was meant for Yuma. Erazor also activated a Trap Card that would assure him victory on his next turn. Yuma then set the stage for Trey to Summon "Atlandis" and equip it with "Number 39: Utopia" to win the Duel, destroying Erazor and returning the memories of Yuma's friends Afterwards, Yuma decided to give "Locust King" to Trey as a sign of their friendship.

Trey spent the night over Yuma's house and borrowed his Heartland Academy uniform since he didn't have other clothes. In the morning, Trey happily ate breakfast with Yuma's family and Tori Meadows. When Yuma's mentioned Mr. Heartland's underlings, Trey told him he should tell Kite and Shark about them, but Yuma said the two are hard to contact. They decided to go visit Rio Kastle at hospital and caught Chironex poisoning her before he fled the scene. They frantically tried to call Shark to warn him about Chironex when they met Quattro in the lobby. Trey asked his brother to deal with Chironex while they searched for Shark around the city. Later, Trey and Yuma got a call from Quattro and arrived to his location to watch him and Shark Duel against Chironex. Afterwards, Trey continued to stay at Yuma's house and accompanied him on his "patrols". He became concerned of Yuma's false cheerfulness, though Trey tried to believe that Yuma could overcome his sadness.

Later, Trey and Yuma went on another patrol where he and Yuma's friends confronted Yuma on his unwillingness to accept the reality of losing Astral. Trey also pointed out the places Yuma had been patrolling are places he and Astral Dueled together and that Yuma still hopes he would meet Astral again one day. This upset Yuma, causing Trey and the others to run after him until Kite came to pick Yuma up via plane.

Sometime later, Trey, Quattro, and Yuma's friends were speaking in their submarine about the frequent riots that had been breaking out around Heartland. The brothers summarized that the riots was due to the one million "Numbers" and that the Barians had something to do with it. Once Quinton returned, they learned what happened with Yuma when Mr. Heartland appeared before them. Mr. Heartland bragged to Trey and the company how their world and the Barian World were fusing together. As he watched Kite Duel against Mr. Heartland, the Fake "Number" Trey took from Erazor affected his body, causing him pain, and was taken by Mr. Heartland. Once Yuma and Astral] returned, Trey was overjoyed to see his friend returned and watched as Yuma and Astral continued the Duel in Kite's place. Afterwards, he warmly congratulation Yuma on his victory, but solemnly informed him of what happened to Flip Turner. The situation turned more dire as Trey and the others saw the large pillar of energy glowed even brighter.

## Barian Emperor Onslaught

Trey was stunned when the Seven Barian Emperors appeared before them, along with Shark and Rio as Nash and Marin. After the Emperor's Key and Nash's Barian Emblem reacted and knocked Yuma unconscious, Trey and the group fled with help from Roku and Kaze. Riding in his family's armored vehicle, Trey expressed relief that Yuma's friends were coming to their aid. As Quattro and Nash were Dueling, Trey checked on the progress of the Duel from the windows, becoming concern when he saw the pillars of light from the Chaos Draw. Unfortunately, the allies that were to stall for Trey and his group as they get Yuma to safety ended up defeated, leaving his older brother the only Duelist left.

Using his bracelet, a worried Trey informed everyone that Quattro was still okay, but Quinton told him to have faith that their brother with come back to them with Shark. When Quattro was defeated, Trey saw his bracelet lose Quattro's signal and showed it to Quinton, who stopped the car as Yuma and Kite finally woke up. As Yuma was grieved for his lost friends and argued with Kite about Shark, Trey stood quietly aside and shed some tears for his dead brother. After Yuma and Astral made plans to travel to the Barian World to confront Don Thousand and Kite left with Orbital 7, Trey's and Quinton's bracelets started to glow, which signaled that the Barians are close by. Trey told Yuma that he and Quinton could not go with him, insisting they take revenge on the Barians for Quattro's death. Yuma urged them not to focus on revenge since they should know better than anyone that revenge will only cause them pain, but Trey claimed he couldn't stand Yuma any longer.

With tears in his eyes, Trey told Yuma that he should prove his path if he was able to before leaving with Quinton in their van. They drove to to a bridge and shared a meal of Duel rice that Tori made for them. Quinton apologized for the situation, saying that Trey shouldn't have had to say good-bye to Yuma that way. Trey said there was no other way - if Yuma hadn't left when he did, he would have fought the Barians. Quinton apologized to his little brother for the situation, saying that Trey shouldn't have had to say good-bye to Yuma that way, but Trey said there was no other way - if Yuma hadn't left when he did, he would have fought the Barians. Knowing only Yuma and Astral could end the fight, they had to remain behind as bait. They were quickly confronted by Mizar, who demanded to know where Yuma and Astral were. The Arclights refused to tell him where they were. Putting their full trust in Yuma, Quinton and Trey prepared Duel for their lives, quipping that Thomas would laugh at them if they were to run from the challenge.

The Duel began and Quinton quickly brought out "Number 9: Dyson Sphere". This alerted Dumon and Marin to the Duel's start, so they quickly joined Mizar. Quinton and Trey then used the power of their bracelets' crests to generate a Sphere Field, trapping the three Barians. Mizar insisted that the other two Barians not join the Duel. The Duel continued, but in reality, "Dyson Sphere" was only bait that Mizar took, destroying it with his "Number 107: Galaxy-Eyes Tachyon Dragon". Due to Mizar's use of "Tachyon Flare Wing", the duo were able to outwit him and equip "Tachyon Dragon" to Trey's

"Number C6: Chronomaly Chaos Atlandis", created using "Argent Chaos Force". Mizar remarked this was the first time he had tasted humiliation, with Trey responding that he was "honored by the compliment". Mizar then angrily drew "Rank-Up-Magic - The Seventh One" with Chaos Draw, but realized he couldn't play it as "Tachyon Dragon" was not on his field or his Graveyard or Extra Deck, just as the Arclights had planned. Admitting he had underestimated them, Mizar played defensively using "Heliosphere Dragon" and two Trap Cards. This was enough to survive Quinton's combo of "Chaos Atlandis" and "Number C9: Chaos Dyson Sphere", though his Life Points remained at only 1. Mizar also recovered "Tachyon Dragon" this way, enabling him to Summon "Number C107: Neo Galaxy-Eyes Tachyon Dragon". The brothers attempted a counter with "Monopole Chain" and "Atlandis Invitation", but the effect of "Neo Tachyon" rewound time and rendered them useless. Seeing there was no way out, Quinton activated a communications link with Yuma and told both him and Mizar where Kite had gone. He had discovered tablet detailing a legend regarding the "Galaxy-Eyes" dragons. Believing them connected to the Numeron Code, he journeyed to the moon. Trey proceeded to thank Tori for the Duel rice and told her to send his regards to Kari and Haru as well. He then apologized to Yuma and thanked him for being his friend. Mizar ordered his attacks, defeating the brothers and sending them to the Barian World, while saying "farewell, proud brothers." As they were defeated, they told Yuma they would always be with him in spirit.

Trey was revived after Nash was defeated by Yuma, appearing in the same spot where he and Quinton were defeated by Mizar. He, his brothers and Vetrix watched the Duel between Yuma and Astral. Afterward, Trey enrolled in Heartland Academy as a first-year student. Upon hearing about the Astral World's crisis, Trey joined Yuma with his friends.

## Number Hunting

Trey was given "Number 32: Shark Drake" (which was originally Quattro's) as part of his family's plan. He played it against Reginald Kastle and gave it to him after the Duel as part of the plan.

He utilized "Number 33: Chronomaly Machu Mech" as part of his Deck and was eventually given "Number 6: Chronomaly Atlandis" by

Vetrix. After losing to Yuma Tsukumo, he left the two "Numbers" to him.

When Trey returned to aide Yuma against the Barians, Yuma gave his two "Numbers" back to him to use once more and also allowed him to keep the "Number 3: Cicada King" they won when they defeated Erazor. "Cicada King" would turn out to be a fake though and it was destroyed when this was revealed.

Trey would lose his two remaining "Numbers" to Mizar, alongside the upgraded form of "Atlandis", "Number C6: Chronomaly Chaos Atlandis".

Quinton

**Quinton**, known as **V** in the Japanese version, **Five** in the Italian version, born **Christopher "Chris" Arclight**, is a character appearing in the *Yu-Gi-Oh! ZEXAL* anime. He is the eldest son of the Vetrix Family and was the most dedicated towards their cause.

In the past, Chris along with his brothers and their father, Byron, lived a happy life, and they had a dog. Their father gave Michael a Duel Monsters card - "Chronomaly Aztec Mask Golem".

Thomas was jealous because only Michael received a card and tried to take "Mask Golem" from him. Chris told them to stop or their father will scold them and then promised to teach both of his brothers how to Duel. When Byron became involved in Dr. Faker's experiments, Chris accompanied him in the lab.

They were attempting to find the door that would lead to parallel dimensions, he was assigned to find Kazuma Tsukumo, an adventurer who was trying to find the same thing. Kazuma agreed to help them, and after examining their theory, he told them what was wrong with it. They had been operating under the assumption that were twenty-one passage points. By analyzing that data, they could determine where the door would appear next. Kazuma revealed that there were actually twenty-three passage points, something he had determined while adventuring.

With that new data, they determined where they needed to go, but

Chris stayed behind. Byron, Kazuma and Faker traveled to the destination.

His father did not return from the trip, Chris' brothers were sent to an institution, while he remained at Dr. Faker's facility in an attempt to learn of his father's fate. Here he met Kite Tenjo and Hart Tenjo, Faker's sons, and they reminded him of his own brothers.

Kite wished for power to protect Hart, and Chris taught him how to play *Duel Monsters* to suit that purpose. During this period it is seen that he was an extremely strict mentor, as he and Kite in one instance Dueled for several days without rest, with Chris pushing Kite to unhealthy limits. Chris eventually left the facility after learning about what really happened to his father. Faker betrayed his father and Kazuma by offering them as sacrifices, which lead to parallel dimensions through the portal. When Byron returned, his form was warped into that of a child and he swore revenge against Dr. Faker. Chris' father told him him what had happened and took the name "Vetrix", while Chris became known as "Quinton". Vetrix imbued each of sons with a crest, which granted them great power. However, it was directly connected to their souls, so should they lose a Duel while wielding a powerful "Number", they will fall comatose.

After Quattro gave Shark a Heart Piece, he returned to Vetrix to inform him, which Quinton and his brother, Trey witnessed.

During the morning of the second day of the World Duel Carnival, Quinton was reading a book while Quattro was choosing his targets by throwing the "Numbers" that they have collected at them. Seeing this, Quinton commented that Quattro is too brash and suggested he treat the "Numbers" he's collected better. Angered by Quinton challenging his ethics, Quattro suggested Quinton try collecting "Numbers" himself and challenged him but is quickly shot down by Quinton being reinforced by Trey and Vetrix.

After insulting Vetrix, Quinton rose to his feet and tells him he won't tolerate that causing Quattro to quickly back off. Quinton walked over to the "Numbers" that Quattro had thrown on the wall and gave Trey "Number 32: Shark Drake" and instructs him to give it to Shark. After his brothers left, he looked at Heartland Tower and swears that he will get revenge for what Dr. Faker has done. Vetrix saw him do this and informed him that no matter what, Dr. Faker mustn't know that he is alive.

After Hart Tenjo escaped from Heartland Tower, he was chased by Dextra and Nistro in a helicopter which results in them going to a tower in order to meet Kite. Soon after, a helicopter appeared in which Hart, Yuma Tsukumo and Tori Meadows thought was piloted Nistro and Dextra, resulting in Hart using his powers. After Yuma calmed Hart down with a piece of caramel, the helicopter landed, but instead of Dextra and Nistro, the person piloting it was in fact Quinton. He used his crest to take control of Hart in order to take him to Vetrix. He then flew off, leaving Yuma and Tori confused as to who he was and what he wanted with Hart.

Quinton transported Hart to the abandoned gallery where Vetrix began his ritual to steal his powers. After Yuma, Kite, Tori and Orbital 7 arrive there, Quinton sent Quattro and Trey to stall them so that the ritual is completed. Quinton watched the Duel as he's focused on Kite just like his brothers are. Like them though as well, he's surprised upon learning that Yuma possesses a "Number" card as well. He wass even more surprised to see that Yuma can use a "Number C", then realizes that his surname is "Tsukumo" and starts wondering about something.

After the Duel, he told Yuma that his father was still alive in the Astral World. When Vetrix finished testing out his newly obtained power, Quinton informed him that Yuma possesses the original Number. Vetrix then asked him if Yuma is the son of Kazuma Tsukumo, which Quinton clarifies as correct.

After Vetrix gave some of his powers to Trey, Quinton looked worried when he stands on the balcony with Vetrix. Vetrix told him not to worry about Trey because he will not lose to Yuma, but Quinton still looks doubtful. He was proven right when Trey lost, forfeiting a Heart Piece and his two "Numbers" in the process. Trey went into a coma when he returned home.

## World Duel Carnival Finals

Quinton attended the WDC Finals party, where he was confronted by his former student, Kite. Kite grabbed him by the collar, asking how his family could do what they did to Hart. Quinton responded that they simply follow Vetrix's orders and that he cannot hope to defeat Quinton or Vetrix in his current state.

Later, Quinton made a transaction with the Triad of Terror, hiring them to defeat Yuma.[5] The next day, the competition continued aboard the Duel Coaster, and Quinton saw Kite again before boarding and exchanged glances. Quinton saw Quattro and Shark each defeat an opponent easily, taunting one another in the process, and commented how Quattro is as feisty as ever.

As what is coming next is unknown, Quinton decided to focus on conserving his Life Points and taking strategic advantage of the Duel Coaster's Spell and Trap Cards. An opponent approached him from behind, immediately attacking directly with his "Vylon Disigma". Quinton told him that anyone who approached him would be engulfed in hellfire. He activated his face-down "Infernal Sun", defeating the Duelist in an OTK as he had five cards in his hand, taking 800 damage for each of them. Afer that, he hit a Spell Point, which was "Dian Keto the Cure Master", giving him 1000 more Life Points.

When the Duel Coaster moved into the underground track, Quinton was approached from behind by Nistro, who wished to exact revenge for being humiliated when he failed to get Hart back after Quinton kidnapped him. Quinton negated Nistro's first attack, causing Nistro to tell him to fight with his full strength. Quinton claimed he didn't need to use his full strength to defeat Nistro and proceeded to inflict heavy damage with more Spell and Trap Cards. Nistro was saved by Yuma and the effect of his "Achacha Chanbara". This also caused Quinton to take 400 damage, which angered him greatly. When he was about to counterattack, Vetrix called him, asking if he was going to Summon a monster and telling him to wait and let Nistro struggle some more. Doing as he was told, Quinton switched lanes.

Quinton and Kite arrived at the Space Duel Field, "Space Field", where Quinton remembered the day he become filled with hate. They began their Duel, with Quinton bringing out "Number 9: Dyson Sphere" on his first turn, which sealed Kite's attacks. When Yuma, Tori Meadows and Orbital 7 arrived, Quinton explained that Vetrix is his father and revealed his past history with both Dr. Faker, who is Kite's father and Yuma's father, Kazuma Tsukumo. Quinton was able to reduce Kite to a mere 100 Life Points with "Dyson Sphere". He questioned why Yuma considered Kite to be a friend and was reminded of Kazuma by Yuma's answer. Quinton still questioned how Yuma could have the son of the person responsible for his father's absence as a friend. Quinton told Kite his family had thrown away their own names for revenge.

He wished to save his father, but his heart was already filled with revenge when he returned. Kite told him that was wrong - he fights to oppose his own parent, Faker. Quinton was surprised at how strong Kite had become, and Kite told him he would inherit Quinton's feelings and settle things with Vetrix for him. Bringing out "Neo Galaxy-Eyes Photon Dragon" with the aide of a card Faker had give him, "Message in a Bottle", Kite defeated Quinton. Quinton left through a portal, leaving "Dyson Sphere" behind for Kite and put his faith into him, saying that "Hart and Kite" will always be like little brothers to him. Returning home, he goes to Trey's bedside, where he falls comatose[2], due to "Dyson Sphere" being such a powerful "Number" and his crest being tied to his soul. He was later seen sleeping in his own bed alongside his fallen brothers. Vetrix revealed to a being through a portal that despite Quinton and his brothers being defeated his plan was still going perfectly.

During Kite's Duel with Vetrix, he Summoned "Dyson Sphere" in an attempt to fulfill his promise to Quinton and nearly performed a OTK. Vetrix countered the move and destroyed "Dyson Sphere". As the Duel progressed Vetrix revealed to Kite that he merely exploited Quinton alongside his brothers, Dextra and Shark in order to bolster feelings of hatred to Summon "Number 69: Heraldry Crest", claiming that he himself lacked emotion.

After Vetrix was defeated by Yuma, he released the souls of those he had captured including those of his sons. Quinton and his brothers awoke afterwards. He, his brothers and his father watched part of the Duel between Yuma and Kite. Vetrix told them they would go home now and they departed through a portal.

## Mythyrian Numbers War

Quinton and his brothers later returned to Heartland via submarine where they discussed the ongoing war between the Astral World and the Barian World. Quinton noted that now that Astral was dead, the Barians were sure to make their move and assault Yuma in an attempt to steal his "Numbers". Declaring it was time to make their move, he then entrusted Trey with the role of protecting Yuma. Trey later revealed that Quinton had invented a bracelet which granted him and his brothers the abilities of Vetrix's crest.

In an arctic area, Quinton worked together with Kite to build a Interdimensional Teleporter to go to the Astral World to find Astral. As they made progress, Quinton thanked Kite for his efforts and told him that the experiment was extremely dangerous and they could not let Yuma be aware of it. Eventually, Quinton found out that Kite went against his wishes and brought Yuma to their laboratory. He sternly questioned Kite, who said that he wouldn't "coddle" Yuma like him. He also argued with Yuma about the unknown dangers about traveling through different dimensions and warned him that he could die. At everyone's behest, Quinton gave in and prepared to send Yuma to Astral World. As they activated the device, Quinton explained that Yuma wouldn't be able to return after he goes through the gate and that he must stay absolutely still during the charging period.

After Scritch caused a blackout, Quinton and Kite challenged him to a Duel to protect Yuma, who returned "Number 9: Dyson Sphere" to Quinton. When Kite began to hallucinate that Quinton was Scritch, Quinton was forced to Duel against him. Quinton used "Dyson Sphere" to attack "Galaxy-Eyes Photon Dragon", recreating an old training experiment they underwent to awaken Kite's survival instincts and successfully made Kite fight the poison off. Together they powered up "Galaxy-Eyes" and won the Duel. Afterwards, the device was activated successfully and Quinton bid Yuma farewell as he was sent to the Astral World.

After Yuma left, Quinton and the others stayed behind to keep an eye on the portal, but Orbital suddenly told them that the portal was excluding large amounts of energy. This caused Quinton to worry about the portal breaking down and Yuma being stuck in the Astral World. As the energy continued to overload the device, Quinton and the others were forced to evacuated the laboratory before it exploded.

He returned to Heartland and met up with his brothers and Yuma's friends to tell them what what happened with Yuma. Mr. Heartland appeared before them and revealed that the human world and the Barian World were fusing together. As he watched Kite Duel against Mr. Heartland, he became concerned for his former pupil as Kite was too injured to continued the Duel. Once Yuma and Astral returned, Quinton was happy to see him and tended to Kite as Yuma took his place in the Duel. Afterwards, he warmly congratulated Yuma on his victory, but their situation turned more dire as Quinton and the others saw the large pillar of energy glowing even brighter.

## Barian Emperor Onslaught

Quinton was stunned when the Seven Barian Emperors appeared before them, along with Shark and Rio as Nash and Marin. After the Emperor's Key and Nash's Barian Emblem reacted and knocked Yuma unconscious, Quinton and the group fled with help from Roku and Kaze. He drove his family's armored vehicle as Yuma's friends were coming to their aid. When Nash intercepted them, Quinton expressed his concerns about Quattro Dueling Nash since his brother considered Shark a friend. However, Quattro insisted and Quinton gave his new creation and the trump card of humanity, "Rank-Up-Magic Argent Chaos Force", and then drove away before the Duel began.

As Quattro and Nash continued their Duel, Quinton drove the car whilst checking on the progress of the Duel from the windows, becoming concern when he saw the pillars of light from the Chaos Draw. Unfortunately, the allies that were to stall for Quinton as he drove Yuma to safety ended up defeated, leaving his younger brother the only Duelist left. When Trey was checking on their brother's signal, Quinton told him they they can only trust him to come back to them with Shark. When Quattro was defeated, Quinton noticed Trey's bracelet saying "lost" and stopped the car as Yuma and Kite finally woke up. Yuma grieved for his lost friends and argued with Kite about Shark. Quinton advised Yuma not to give up or his brother "Thomas" would have died in vain. After Yuma and Astral made plans to travel to the Barian World to confront Don

Thousand and Kite left with Orbital 7, Quinton's and Trey's bracelets started to glow, which signaled that the Barians were close by.

They told Yuma that they could not go with him, insisting they take revenge on the Barians for Quattro's death. Yuma urged them not to focus on revenge since they should know better than anyone that revenge will only cause them pain, but Trey claimed he couldn't stand Yuma any longer as Quinton stood quietly beside him. After Trey gave Yuma a bitter parting, Quinton and Trey drove off in their van to a bridge and shared a meal of Duel rice that Tori made. Quinton apologized to his little brother for the situation, saying that Trey shouldn't have had to say good-bye to Yuma that way, but Trey said there was no other way - if Yuma hadn't left when he did, he would have fought the Barians. Knowing only Yuma and Astral could end the fight, they had to remain behind as bait. They were quickly confronted by Mizar, who demanded where Yuma and Astral were. The Arclights refused to tell him where they were. Putting their full trust in Yuma, Quinton and Trey prepared Duel for their lives, proclaiming that Thomas was waiting for them in Hell.

Quinton informed Mizar that he was the one who had taught Kite how to Duel, which seemed to intrigue Mizar. The Duel began and Quinton quickly brought out "Number 9: Dyson Sphere". The monster's size alerted Dumon and Marin to the Duel's start and they quickly joined Mizar, who told them he was fine and that they should search for Yuma and Astral. Quinton and Trey used the power of their bracelets' crests to generate a Sphere Field, trapping the three Barians. The Duel continued, but in reality, "Dyson Sphere" was only bait that Mizar took, destroying it with his "Number 107: Galaxy-Eyes Tachyon Dragon". Due to Mizar's use of "Tachyon Flare Wing", the duo were able to outwit him and equip "Tachyon Dragon" to Trey's "Number C6: Chronomaly Chaos Atlandis", created using "Argent Chaos Force". Mizar then angrily drew "Rank-Up-Magic - The Seventh One" with Chaos Draw], but realized he couldn't play it as "Tachyon Dragon" was not on his field or his Graveyard or Extra Deck, just as the Arclights had planned. Admitting he had underestimated them, Mizar played defensively using "Heliosphere Dragon" and two Trap Cards. This was enough to survive Quinton's combo of "Chaos Atlandis" and "Number C9: Chaos Dyson Sphere", though his Life Points remained at only 1. Mizar also recovered

"Tachyon Dragon" this way, enabling him to Summon "Number C107: Neo Galaxy-Eyes Tachyon Dragon". The brothers attempted a counter with "Monopole Chain" and "Atlandis Invitation", but the effect of "Neo Tachyon" rewound time and rendered them useless. Seeing there was no way out, Quinton activated a communications link with Yuma and told both him and Mizar where Kite had gone. He had discovered tablet detailing a legend regarding the "Galaxy-Eyes" dragons. Believing them connected to the Numeron Code, he journeyed to the moon. Quinton told Yuma to remember the end of this Duel as a warning at how powerful the Seven Barian Emperors could be. Mizar ordered his attacks, defeating the brothers and sending them to the Barian World, while saying "farewell, proud brothers." As they were defeated, they told Yuma they'd always be with him in spirit.

Quinton was revived after Nash was defeated by Yuma, appearing in the same spot where he and Trey were defeated by Mizar. He and his brothers watched the Duel between Yuma and Astral from the top of a skyscraper building looking down. While Dextra and Nistro watched more from behind Astral's side, Nelson, Anna, Cathy, Caswell, Flip, Bronk, and Tori watched the Duel from Yuma's side. As Yuma and Astral were in the beginning stages of the Duel, Quinton and his brothers looked back and forth between the moon and the Duel area, speculating about the Numeron Code and what would happened to it after the outcome of the Duel. While his brothers continued watching, Quinton made a silent wish while looking toward the moon. He hoped that with the power of the Numeron Code, that the one soul that had not returned would be able to. That soul was Kite. After Yuma won the Duel, Quinton continued working together with his father, Kite, Orbital 7, and Dr. Faker in continuing their work researching parallel universes. Upon hearing about the Astral World's crisis, he joined his family, Yuma, Tori, Kite, Orbital 7 and The Seven Barian Emperors on the journey there.

## Vetrix

**Vetrix**, known as **Tron** in the Japanese and Italian versions and born **Byron Arclight**, is a character appearing in the *Yu-Gi-Oh! ZEXAL* anime. He appears as the secondary antagonist during the

World Duel Carnival arc. Vetrix was formerly involved with Dr. Faker's business, and has sworn to take revenge alongside his sons: Trey, Quattro and Quinton. After Trey was defeated by Yuma Tsukumo, he made plans to target him as well since he possessed the "Original Number".

Though his appearance is that of a child younger than the rest of the Vetrix Family, he is their father. He was betrayed by Dr. Faker, who used him and Kazuma Tsukumo as sacrifices to open the door to another dimension. When he returned, his form was mutated into that of a child.

Byron Arclight lived in peace with his three sons, and was a researcher. He gave his son Michael a *Duel Monsters* card - "Chronomaly Aztec Mask Golem".

He eventually became involved with Dr. Faker's experiments and allowed his son Chris to accompany and help them in the lab. One of these experiments from the development of the Sphere Field.[20] In addition, they were attempting to find the door that would lead to parallel worlds. Byron suggested they ask Kazuma Tsukumo for help, an adventurer who was also searching for the same door. Kazuma agreed to help them, and after examining their theory, he told them what was wrong with it. They had been operating under the assumption that were twenty-one passage points. By analyzing that data, they could determine where the door would appear next. Kazuma revealed that there were actually twenty-three passage points, something he had determined while exploring.

With that new data, they determined where they needed to go. Byron had Chris stay behind, and he goes with Kazuma and Faker to travel to the destination. On the way, Byron and Kazuma bonded over their sons, who loved Dueling, with Byron saying that Faker also has two sons. When they arrived, Kazuma saved Faker from being crushed by a boulder trap in the temple.

They reached a dead end, with Faker remaining slightly behind them, the two began to glow red and Faker reads the hieroglyphs below their feet - "when two souls are offered up, the door will open". Faker told them he would find the door to the parallel dimensions at any cost. Kazuma asked if Byron and Faker weren't close friends and Faker responded that if Byron is really his friend, he should be happy to be sacrificed. Faker told Byron that average people like him could hope for no more than that. As Byron and Kazuma fell through the portal, Byron swore revenge against Faker.

While wandering through the alternate dimension, he nearly gave up hope many times. He recalled Kazuma's talk of friendship and of never giving up, though he considered Faker's betrayal as proof of the uselessness of friendship, but found Kazuma's mantra of never giving up to be inspiring. Sustained by the hope of attaining revenge, he survived through his own will and with the help of the Barian World.

While trapped there, he was rescued by a group of Barians, one of them whom granted him Barian power in exchange for him agreeing to help collect the "Numbers" and destroy the Astral World, as beings from the Barian World could not interact with it themselves.

He eventually returned to Earth, but his form was mutated into that of a child and he took the alias "Vetrix". He began to devise a machination per his deal with the being from the Barian World, also deciding to use the opportunity to take revenge on Faker as the latter believed him to be dead. He granted each of his sons a crest, which imbued them with great powers. However, they were directly tied to their souls, so should they lose a Duel while wielding a powerful "Number", their souls will be exhausted and they will fall comatose.

As part of the plan, Vetrix instructed Quattro to Duel Rio Kastle. He played a card given to him by Vetrix called "Flaming Hell Blessing", which set the building on fire. Quattro carried Rio to safety, but she was critically injured in the blaze and Quattro himself gained a scar on his face.

## World Duel Carnival Preliminaries

Vetrix instructed Quattro to ensure that Shark participated in the World Duel Carnival.[9] During the second morning of the WDC, Vetrix awoke to Quattro arguing with Quinton about Quattro's methods. With Vetrix backed up by Trey and Quinton, Quattro backed down. As part of his plan, Trey was instructed to give Shark

"Number 32: Shark Drake". After Quattro and Trey left to complete their missions, Vetrix told Quinton to ensure that no matter what, Dr. Faker must not find out that he is alive since he believes that he is deceased.

Trey returned to Vetrix in order to inform him of his success in handing Reginald Kastle "Shark Drake", which Vetrix congratulated him on fulfilling his orders as he always does. After saying modesty was one of Trey's virtues, Trey was worried since the "Number" did not possess Shark, but Vetrix tells him that its darkness will sleep in Shark's heart and slowly grow be released one day.

Vetrix ordered Quinton to kidnap Hart Tenjo in order to further his plans to defeat Dr. Faker. After Quinton took Hart via the use of his crest, he transported him to an abandoned gallery where Vetrix and his sons awaited him. They then began the ritual which caused several tentacles to wrap around Hart, which in turn then passed his memories and powers onto Vetrix, allowing him to see the Astral World. While this was taking place, Yuma Tsukumo and Kite Tenjo managed to enter the gallery. To prevent them from stopping the ritual, Quinton sent Trey and Quattro to Duel them in order to prevent them from reaching Vetrix in time for the ritual to finish.

During the ritual, Vetrix was able to access Hart's memories. He first saw the memory in which the Tenjo brothers lived peacefully before meeting Mr. Heartland. As Trey and Quattro's Tag Duel against Yuma and Kite continued, Vetrix's ritual gets interrupted when Hart, wanting to be one to save his brother instead of the opposite, transferred his remaining powers to Kite. Vetrix was still able obtain most of Hart's powers, gaining the ability to produce a small but powerful energy ball. Furthermore after Vetrix tested his new obtained power, he learned from Quinton that Yuma Tsukumo possesses the "Original Number". However, because of Yuma's surname, Vetrix wonders if he is the son of Kazuma Tsukumo, which Quinton answers as correct, surprising him. When Trey wishes to met Yuma, Vetrix allowed him and reassured Quinton that Trey will return to them because he was a "kind person".

At Trey's request, Vetrix performed a ritual on him, similar to the one he performed with Hart, transferring some of his power into Trey's crest, which Vetrix called the powers equivalent to the pain that Trey had felt in his life. In addition, he gave him two new cards - "Number 6: Chronomaly Atlandis" and "Final Prophecy". Vetrix told him that the former card would put a great strain on him both physically and mentally and that the latter card would ensure that both players do not walk away unharmed.[5] During Trey's Duel with Yuma, Vetrix alongside Quinton observed the Duel from a balcony, where Quinton felt nervous about whether or not Trey can win, but Vetrix reassured Quinton that he will with the power which he granted him. Vetrix was revealed to have not only awarded Trey a more powerful crest, with powers which can physically harm people, but also allowed Trey to manifest armor as well as capture and crush Astral.

After Yuma managed to retrieve his old personality from Trey's crest, he managed to make a come back with "Number 39: Utopia", which Trey responded to by Xyz Summoning "Atlandis". This "Number" was revealed to be extremely strong, even causing damage outside of the Duel and AR Vision, and "Final Prophecy" opened the door to the Barian World when it was played. Quinton warned Vetrix that Trey may be in trouble, but Vetrix responded with laughter. When Yuma defeated Trey, Vetrix was shocked that Trey lost the Duel. After Trey returned to the hotel where his family was staying, Vetrix comforts him at his bedside.

World Duel Carnival Finals

Later, Quattro implored that Vetrix give him new powers so he could defeat Yuma. Vetrix responded that he was disappointed in both Trey and Quattro. Quattro angrily replied that Trey fought against the "Original Number" for Vetrix and ended up comatose. Vetrix responded that what he wants is results and if Trey and Quattro can't give them to him, he has other options - like Shark. He told Quattro that their role was to lure him out, which angered Quattro. At the WDC Finals party, Vetrix revealed himself while interrupting Mr. Heartland's speech, who he called "old man" and told him that he would crush him. Vetrix then playfully told them how much he likes cake and called down to Yuma as "big brother" and told him that they will meet in the finals. Before leaving, he stared directly at Astral and laughed, and was later seen playing a video game while Quinton conducted business with the Triad of Terror.

The next day, Vetrix boarded the Duel Coaster with the rest of the finalists and witnessed Quinton defeat an opponent in one turn and said he expected no less of him. He also saw that Shark and Quattro's Duels as well and comment how relentless they were. Later on, Vetrix watched the Triad of Terror cornering Yuma and stated that he wanted to see how much power Yuma had. He stated he would give the Triad of Terror as much money as they desired if they showed him Yuma's power. When the Triad of Terror were defeated after Anna Kaboom and Nistro allied with Yuma, Vetrix remarked that Yuma's true power was that of his bond with his friends. The Duel Coaster moved into the underground section, with Vetrix using the power of his crest to check the cards Set at Spell and Trap Points, so he would know whether to avoid them or not. He defeated Lord Percius, Pepe Perez and Count Crazy Fang (all of whom had over 5000 Life Points at the time) simultaneously through unspecified means. When Quinton attempted a counterattack against Yuma for damaging his Life Points, Vetrix called him off, saying he should leave Yuma alone for the moment. Dextra and Kite both approached Vetrix from behind, with Kite changing lanes when Dextra threatened him. Vetrix and Dextra stopped their Duel Coasters at the "Jungle Field" arena.

Due to the "Jungle Field", each player was forced to Set a monster from their hand each turn, or lose 1000 Life Points. Dextra managed to use a powerful combo that forced Vetrix's monsters to attack, destroy them and inflict 1500 damage to the owner of a monster that is destroyed, thus reducing Vetrix's Life Points to a mere 100. He was able to turn Dextra's own effects against her through "Number 8: Heraldic King Genom-Heritage", while mocking her feelings for Kite and attempts to steal her memories of him. Yuma intervened and brought Dextra back to her senses to continue the Duel. However, Vetrix disabled Dextra's counter and defeated her, robbing her of her memories of Kite, cruelly saying that they have a "bad taste". He then teleported away while warning Yuma that he will target his heart next.

Vetrix later placed a hologram of himself into the augmented reality of the "Magma Field" to watch Quattro and Shark's Duel. When Shark Summoned "Number 32: Shark Drake", Quattro was surprised, not knowing that Vetrix and Quinton's plan was to have Trey give that card to Shark. Vetrix responded that he told Quattro nothing as he may have leaked the plan and said that everyone has their own role in this; Quattro's was to make Shark succumb to the darkness of his heart. He complemented Quattro on his counters, but told him that he intended to make Shark an assassin to defeat Dr. Faker. Quattro was hurt, saying that he, Trey and and Quinton did everything for Vetrix - why would he chose Shark as the assassin instead. Vetrix again said that everyone had their role and Shark fits the role of assassin more than Quattro, angering him. After Quattro's brutal assault on Shark, Yuma urged them to stop the meaningless fighting, but Vetrix used his crest to chain him. Vetrix then tried to convince Yuma to get revenge on Dr. Faker for what he had done to Kazuma.

Vetrix told Astral he could not free Yuma as the chains used the power of the Barian World, which the powers of the Astral World cannot affect. Vetrix went on to tell Quattro that he can't be trusted due to his recklessness and urged him to be calm. Quattro was hurt, saying that Vetrix used to be a kind person before he disappeared. Quattro wanted to defeat Dr. Faker, as he believed that Vetrix would return to normal if he did. Quattro said he did inhuman things for Vetrix's sake, yet he can't be trusted. Vetrix responded he can only trust what saved him - himself and the Barian World. Quattro successfully Summoned "Number 88: Gimmick Puppet of Leo", with Shark almost losing hope. Vetrix advised him to be calm and told him he could win by accepting "Shark Drake", which caused Shark to give in and create "Number C32: Shark Drake Veiss", defeating Quattro. Mocking Yuma, Vetrix told Shark that now they are friends as well and wondered how Yuma's "kattobingu" would take him.

Vetrix later conversed with his benefactors in the Barian World through a portal and assured them that his plan was going smoothly. He claimed all the "Numbers" would be his by tomorrow, but he had to sacrifice Trey, Quattro and Quinton, and added that they did a good job, as he had expected of his sons. He then left and ambushed Shark, using his crest's power to gain control over the "Number" merged with his soul. He also gave him "Heraldry Catastrophe" to use in the upcoming Duel against Yuma.

Vetrix utilized his control over Shark during his Duel with Yuma, where he made Shark believe that Yuma alongside Dr. Faker were the ones responsible for his sister's injuries. As Shark began to win, Vetrix became excited as his plan was near complete. After Yuma took control of "Shark Drake Veiss" with "Rivals Unite", he began to fall under the influence of "Shark Drake Veiss", while Shark was freed from it. Vetrix appeared before Shark and told him that the only way to free Yuma would be to activate "Heraldry Catastrophe". Despite this, Shark managed to rescue Yuma at the cost of his own Life Points with "Underwater Snow Prison", causing Yuma to win. This outraged Vetrix, causing him to smash the observation boxes windows out of anger and he vows to finish Yuma off, nice and slowly.

When Kite and Vetrix began their Duel, Vetrix noticed how Photon Transformation has been negatively affecting Kite's body; therefore he played up to it and attempts to destroy "Galaxy-Eyes Photon Dragon" to harm Kite, but failed. Kite attempted to perform a OTK on Vetrix with his "Galaxy-Eyes", Quinton's "Number 9: Dyson Sphere" and "Photon Wing", but failed at the hands of Vetrix's "Heraldry Change" Trap Card. Vetrix then took his mask off, revealing an AR version of Hart's face. When Vetrix pinched it, it caused Hart immense pain. Kite attempted to leave the Duel in order to assist Hart, but Vetrix used a Duel Anchor to stop him. Vetrix then brought out "Genom-Heritage", which was able to destroy "Dyson Sphere" and reduce Kite to 1200 Life Points, and then mockingly called Kite "brother".

As the Duel continued, Vetrix continued to tease Kite with his brother's life on the line, but Kite continued to attack. To destroy Vetrix's link with Hart, Yuma invaded Heartland Tower and managed to enter Hart's mind to find Vetrix appearing in the form of a dragon, which Yuma managed to destroy with "Number 39: Utopia". After this, Hart was freed from Vetrix's control, causing Vetrix's Hart facade to begin to fade, and therefore he put his mask back on to conceal his identity. He then managed to avoid being defeated by Kite's "Neo Galaxy-Eyes Photon Dragon" and in response Xyz Summoned his "Number 69: Heraldry Crest", which successfully defeated Kite. Vetrix then attempted to continue to assault Kite, despite his Life Points being at 0, but Hart interfered, protecting Kite from the attack of "Heraldry Crest" attack. After being declared the winner, he absorbed Kite's "Numbers" and departed through a portal, leaving an incapacitated Kite on the Duel Tower.

Vetrix advanced to the final match against Yuma. At the top of the tower, Faker deployed the Sphere Field, Vetrix seemed pleased that Faker had completed it. This device would allow Faker to gather the energy of the "Numbers" Vetrix and Yuma would wield, as its effect allowed "Numbers" to be easily Summoned. Yuma confronted Vetrix about his sons' fates, and he revealed the price they paid by wielding crests, while telling Yuma how it was Kazuma whose words inspired him to survive. He queried Yuma on why he himself did not want revenge on Faker. Yuma insisted his father would not want that, but Vetrix suggested that perhaps his father's own plans of revenge had already begun - the appearance of Astral in this world. The Duel began, with "Sphere Field" enabling both players to Special Summon random "Numbers" from their Extra Decks by using two monsters of the same Level from their hands as Overlay Units. Vetrix's "Number 56: Gold Rat" was destroyed by Yuma's "Number 12: Crimson Shadow Armor Ninja". Vetrix responded by bringing out three "Numbers" in a single turn - "Number 10: Illumiknight", "Number 30: Acid Golem of Destruction" and "Genon-Heritage". Yuma survived via the effect of "Armor Ninja" and "Half Guard" and was able to match Vetrix's move by Summoning "Number 17: Leviathan Dragon", "Number 34: Terror-Byte" and "Utopia".

Yuma managed to destroy all of Vetrix's "Numbers", putting him at a disadvantage. However, Vetrix made a comeback by Summoning "Heraldry Crest" which absorbed the effects of all of Yuma's "Numbers" and reduced him to 500 Life Points. Vetrix then took his mask off and revealed to Yuma that half of his face resembles a black hole or galaxy, shocking Yuma, Dr. Faker, Mr. Heartland and the audience. The audience however believed was merely part of the AR holograms, but Yuma's friends also realized that it wasn't. Yuma performed a Chaos Xyz Evolution and Summoned "Number C39: Utopia Ray", also equipping it with "ZW - Lightning Blade" using the power of ZEXAL. The effect of "Heraldry Crest" negated even this attack, but Yuma survived with the effect of "Lightning Blade".

Yuma narrowly survived Vetrix's next attack by using "Half

Unbreak", and proceeded to use the power of ZEXAL again to perform the "Final Shining Draw" and equip "Utopia Ray" with "ZW - Tornado Bringer". Vetrix evaded this move with "Heraldry Burst". Yuma was able to overlay his two "ZW -" monsters to Xyz Summon "ZW - Leo Arms", whose effect negated those of "Heraldry Crest" and boosted the ATK of "Utopia Ray" enough to defeat Vetrix. Faker used the Sphere Field to absorb the "Numbers" of both Duelists, while the Duelists themselves were nearly absorbed as well.

Yuma wielded "Lightning Blade" with his own hands and saved Vetrix by anchoring them to the edge of the Sphere Field, much like Kazuma had in the past. Vetrix was confused as to why Yuma rescued him, Yuma insisted that everybody can change, and that his family needed him and that having Dueled him, he now considered Vetrix a friend. Feeling remorseful for his transgressions, Vetrix released the souls and memories of his victims, including Trey, Quattro and Quinton's. He insisted he could not live as Yuma and Kazuma had though and let go of Yuma's hand, thanking him for what he had done. He was then absorbed into the Sphere Field's core.

After Yuma, Shark and Kite defeated Vector, who possessed Dr. Faker, the building began to collapse around them, causing Dr. Faker to fall. Kite managed to grab hold of him, but fell himself, attaching his Duel Anchor to Yuma in an attempt to get them back up. As Yuma struggled to keep the two from falling, Vetrix appeared behind them, agreeing with Faker's statement that Faker had committed "many sins". Yuma pleaded with Vetrix to abandon his revenge, while Faker blamed himself, hoping he wouldn't hurt Kite. Vetrix remarked that this is the "last of his power" and fired his crest towards them, apparently causing them to fall. He instead transported them to the outskirts of Heartland, forgiving Faker for his actions and saying "good-bye, my friend" before vanishing again. In this instance, his crest was blue as opposed to pink. Later, Vetrix and his sons watched part of the Duel between Yuma and Kite, commenting how "remarkable" Kazuma's son was. Vetrix told them they would go home now and they departed through a portal.

Yu-Gi-Oh! ZEXAL II

Sometime later, Trey revealed that Vetrix was able to divide and share his crest powers with his sons, harnessed inside bracelets Quinton designed, so they could assist Yuma and friends in the war between the Astral World and the Barian World.

During the Duel between Yuma and Nash, the Astral and Barian Worlds were close to colliding and destroying both. Vetrix appeared in the Barian World (now fully fused with Earth), while Kazuma appeared in the Astral World. Kazuma thanked Vetrix, saying that his sons had helped Yuma grow into a fine young man. Vetrix thanked him in turn, as Yuma helped him get his family back. Vetrix determined they had to find a way to stabilize the worlds long enough for the Duel to come to its conclusion. Kazuma agreed, and the two entered energy forms of the same colors used by Yuma and Astral before using ZEXAL. They used the last of their powers to become barriers between the arena and the two colliding worlds. Vetrix's crest shined out (now pink once again), while an image of the Emperor's Key shined out for Kazuma.

After the Duel's end, Vetrix and Kazuma reappeared, with Vetrix stating the Earth had begun to drift away from the Astral World. Kazuma thanked Vetrix for his help, calling him "old friend". Vetrix mused he had repaid some of the debt from his earlier actions before vanishing. Some time after Yuma's and Astral's Duel, he started working together with a revived Quinton, Kite and Dr. Faker to research parallel worlds again. Upon hearing about the Astral World's crisis, Vetrix joined Yuma and his friends on the journey there.

Vetrix acquired "Number 8: Heraldic King Genom-Heritage" and "Number 69: Heraldry Crest". The latter monster is his most powerful and could only be called forth by intensifying negative emotions in others, which Vetrix achieved through the manipulations of his sons and their targets.

Vetrix also owned "Number 6: Chronomaly Atlandis", which he gave to Trey alongside "Final Prophecy" to use against Yuma Tsukumo.

After defeating Kite Tenjo, Vetrix acquired all of his "Numbers", among them "Number 10: Ilumiknight", "Number 20: Giga-Brilliant", "Number 30: Acid Golem of Destruction", "Number 56: Gold Rat" and "Number 9: Dyson Sphere". He also took Quattro's "Numbers" from him after that son's loss to Reginald Kastle. These included "Number 15: Gimmick Puppet Giant Grinder", "Number 40: Gimmick Puppet of Strings" and "Number 88: Gimmick Puppet of Leo". He himself lost all of these to Dr. Faker's Sphere Field after losing to Yuma and all of the cards were eventually obtained by Yuma.

Mr. Heartland

**Mr. Heartland** is a secondary antagonist in the first three and fifth arcs of *Yu-Gi-Oh! ZEXAL*, who was the Mayor of Heartland City and the person responsible for relaying Dr. Faker's orders to Kite Tenjo, until he fell into the Sphere Field Cannon and was sent to Barian World, where he was temporarily transformed into a small bug, and later reborn into a Barian and leader of the Fearsome Four of the Dark Dueling World. After being defeated by ZEXAL III, he was burned alive by the fake "Numbers" given to him by Vector.

Heartland tested some young Duelists like Kite, Dextra and Nistro in order to determine who the elite Duelists of this generation would be. He had them fight a Duel Robot, who physically assaulted them. He was willing to crank the robot's level to maximum. The candidates for these tests were primarily orphaned children such as Dextra and Nistro. If they attempted to escape, he would hunt them down and return them.

When Kite Tenjo attempted to escape with Hart, Heartland had them recaptured. He told Kite that he must work for his father, Dr. Faker and told him that they must get along to heal Hart. Angered, Kite attempted to punch him, but Heartland was communicating via hologram. Faker and Heartland created Kite's Deck using science from another dimension.

Kite would later call him "a petty cat-burglar" who Faker used as a front for his activities, though he could have simply been insulting Heartland.

To enter the World Duel Carnival, Duelists had to enter via the website of the tournament in which they would be sent a Heart Piece which would allow them to enter. However, Yuma didn't realize this and when he didn't receive one, he was angered, running to Heartland to beg for one. After fighting with the guards of Heartland, it was brought to Mr. Heartland's attention who witnessed it on a camera. He was initially going to send more of his henchmen to deal with Yuma, but Kite asked him to let Yuma enter the tournament. Mr. Heartland found this to be suspicious and asked Kite if he knew anything, but Kite lied and suggested that Yuma "may" have "Numbers" and it would be foolish to send him away. After this, Heartland personally went out with his personal henchmen, Nistro and Dextra to give Yuma his Heart Piece. Yuma thanked Mr. Heartland but ended up being rude by calling him an old man (in the dub, Yuma first calls him "dude", then "Mrs. Heartland" and uses the color of his suit as an excuse). Mr. Heartland showed great interest in Yuma's pendant. He then announced the start of the World Duel Carnival along with a parade and fireworks.

Mr. Heartland announced the start of each day of the World Duel Carnival with his signature phrase, "Heart Burning!" He urged the Duelists to do their best and clash with their passionate hearts.

Heartland authorized Nistro and Dextra to participate in the WDC at the start of the third day.

## World Duel Carnival Finals

Before the WDC finals party, Mr. Heartland appeared to Kite to ask how was doing. Kite responded that he was fine and Mr. Heartland told him he must collect "Numbers" in the finals. Kite retorted that that was fine as long as Mr. Heartland fulfilled his promise and healed Hart. Mr. Heartland told him not to worry about that and instructed him to attend the party to scope out potential Number holders. Mr. Heartland then spoke with Dr. Faker, who asked if all the finalists had gathered. Mr. Heartland responded that Vetrix had yet to show up and Faker told him he had no idea who that was. Heartland then started his speech to the finalists, but was interrupted by Vetrix. The boy told him that he will "crush him" after calling Heartland "old man".

Afterwards, Flip was chased by Count Crazy Fang as he stole his costume in order to enter the party. This chase resulted in Fang falling into a giant cake which covered Mr. Heartland. Despite looking shocked, Mr. Heartland was in fact happy due to the fact that Vetrix had revealed himself.

On the first day of the finals, Mr. Heartland introduced the finalists and the audience to the Duel Coasters in the Duel Coaster Stadium on a hovering platform. When all of the finalists but Yuma set off, he was shocked and wondered why Yuma didn't set off. Also, when Tori ended up in Yuma's Duel Coaster cart, Mr. Heartland stated that although the carts were designed for one person, he made an exception for Yuma, allowing Tori to travel with him. Throughout the duration of the elimination process, Mr. Heartland commentated the various Duels and showed favor toward Dextra's and Nistro's progress.

During Vetrix's Duel with Dextra, Mr. Heartland purposely cut the feed of the footage to the audience, acting shocked in front of the audience and ordering his maintenance staff to get on it immediately. However, he then laughed to himself, stating that the Duel wasn't for them to witness. This lasted until Kite defeated Quinton. During Shark's Duel with Quattro, Mr. Heartland put the footage back up, but this was shortly lived as when Quattro Summoned "Number 15: Gimmick Puppet Giant Grinder", Vetrix cut the footage which Mr. Heartland was annoyed at.

The footage was then put back up during Yuma's Duel with Nistro. Mr. Heartland altered the effect of the "Desert Field" Field Spell Card as a favor for Nistro. After Yuma defeated Nistro, Mr. Heartland was shocked and suspicious that Yuma used the "Number 39: Utopia" card.

During the last day of the finals, Mr. Heartland introduced the audience to the Duel Tower. He then stated the order of the finals. After Vetrix began to affect Shark's mind, Mr. Heartland was shocked at how Reginald was rolling around on the floor in pain. When Shark made a comeback, Mr. Heartland, alongside the audience, cheered him on.

When Kite, Shark, Tori, and Orbital 7 raided Heartland Tower after Yuma's Duel with Vetrix, Mr. Heartland confronted them on his flying platform hovering over a shaft leading to the portal to Astral World. He sent a squad of litterbots to stop them, but after Orbital 7 sacrificed himself to shut down the robots, Mr. Heartland's flying platform lost power as well, causing him to plummet down the shaft through the portal. Apparently, Mr. Heartland was sent into Barian

World instead of Astral World for some unknown reasons.

Mythyrian Numbers War

Heartland eventually ended up in the Great Barian Sea. He was eventually revived by Vector using the power of Don Thousand, though his form was that of a fly. Vector introduced him to Dumon and Mizar, as Heartland had much information to share from his time under Dr. Faker. Mizar called him revolting, annoying him. Vector mocked him, saying his "Heart Burning" catchphrase, with Heartland repeating the phrase himself. Then, he revealed the twenty-three locations on Earth where portals to other dimensions can appear, with Vector suggesting that this is where they can find the Mythyrian "Numbers".

Vector called upon Heartland later, who used Thousand's powers to restore his human form. He granted Heartland four fake "Numbers", including "Number 1" and instructed him to return to Earth with the rest of the Fearsome Four of the Dark Dueling World. One member, Erazor, began to prey on Duelists, stealing their memories. When Yuma's friends came to Heartland Memorial, which they had been using as a headquarters, Erazor captured them and stole their memories. Heartland communicated with Yuma via hologram to lure him to the location. Rather than Duel, Heartland suggested Yuma just give him the "Numbers" - this is a war between the Astral and Barian Worlds; humans have no place in it. With Astral gone, Yuma had no reason to care about the "Numbers" anyway. He offered to restore the memories of Yuma's friends and even erase the memories pertaining to Astral, allowing Yuma to return to the kind of life he led before Astral arrived. Yuma refused, but before Heartland could do anything else, Trey arrived and threw a sword at him. Heartland phased out with his powers to avoid it. Erazor was willing to Duel them both. When the Duel began, Heartland activated a device that halved Yuma's and Trey's Life Points and gave them to Erazor.

After Erazor's defeat, Heartland reported the failure to Vector and apologized. Vector responded that he would tolerate no more failures. Heartland revealed he had the next assassin set up - Chironex, a WATER Duelist who once served as Heartland's own mentor. Upon hearing this, Vector ordered Heartland to send

Chironex after Shark and mused that whenever he thinks of Shark, his chest fills with rage. After Chironex was defeated by Shark and Quattro, Heartland sent his last assassin, Scritch. His mission was to prevent Yuma from going to Astral World, but Kite and Quinton defeated him, leaving Mr. Heartland as the only member of the Fearsome Four. Vector gave Mr. Heartland a "Number", which should enable his victory against Shark and Kite. Heartland came back to Earth and told Yuma's friends Barian World is fusing with the Earth through the fake "Numbers" that rained from the sky. To stop him, Kite challenged him to a Duel, but the "Number 2" he obtained from Scritch, plus the power of "Number 1" caused him so much pain that he fell down. As Mr. Heartland laughed, he was shocked to see Yuma back from the expedition to Astral World, with Astral by his side.

Yuma and Astral took Kite's place and Dueled Mr. Heartland, who revealed his demonic Barian form to the pair. As the Duel intensified, Yuma and Astral performed ZEXAL III and then through a combination of "ZS - Vanish Sage" and Kite's "Galaxy-Eyes Photon Dragon" they defeated Mr. Heartland, who cursed his defeat at the duo as he returned to human form. After the Duel, the fake "Numbers "1", "2", "3" and "4" appeared from Heartland, being surrounded in black flames. They enveloped Heartland, who screamed in pain and horror as he desperately tried to plead mercy to Vector. The flames changed into a reddish color and briefly took the shape of Don Thousand, who Astral recognized, before Heartland was completely incinerated.

We gasped in sheer shock!

Me: So Vetrix is a monster! And all his kids crimes are his crimes as well.

Nico: That heartless fiend! He and his family all need to be destroyed for good.

Me: Agreed. But we can't send a threatening message to them to let them know we're coming for them.

Eli: Right. Lets surprise them and catch him off guard.

Lincoln: Good idea.

Valon: (Australian Accent) Now that we've cured Rio, we have to make a special stop.

Me: Yep. Today is December 7th, 2020 and today marks 79 years since the Bombing of Pearl Harbor in Hawaii which brought the U.S.A. into World War II. It was 79 years ago today that happened.

We were off to Oahu, Hawaii.

## OAHU, HAWAII

We arrived in Oahu and we were at the site of Pearl Harbor.

Me: Here we are guys. Pearl Harbor, Oahu, Hawaii.

Rita: Just like I remember when we saw it.

Lincoln: Yeah.

The Masters of Evil all appaeared too.

Dr. Destiny: I hope you all don't mind us paying our respects alongside you all.

Me: Not at all. This is a very important day in our country's history. 79 years ago today the U.S. went into World War II because of the Bombing of Pearl Harbor.

Nico: Yep. It was terrible.

Rio: Wow.

?: Well look who's here!

We saw the mercenaries of R.E.D.

**RED** ( **Reliable Excavation Demolition** ), a subsidiary of TF Industries, also known as Team Fortress, allegedly specializes in "demolition operations". In reality, from behind a myriad of sub-fronts, it secretly controls half of the world's governments, led by founder and CEO Redmond Mann. Beneath the convincing exterior of their bases of operations can be found computer racks, satellites, rockets, and missile installations.

The other half of the world is just as secretly controlled by their rivals, BLU (Builders League United). Each corporation administers its half of the world with a multi-disciplined army of paper pushers. For any problem lacking an obvious bureaucratic solution, mercenaries are contracted to address the situation through a massive application of force. Conflicts between the two companies began as land disputes between their leaders, and have continued for about a century to the present day.

RED and BLU share an intense rivalry, with nearly all encounters between the two quickly escalating into brutal and often fatal violence. Inter-company friendship is also strictly forbidden by contract. Despite this, the RED Demoman and the BLU Soldier at one time became fast friends after meeting each other at a projectile weapons expo. Once this was brought to the attention of the Administrator, however, she pitted them against each other in a deadly competition that promised a mysterious new item to the winner, twisting their former friendship into a bloody war.

RED favors a more rustic style of architecture than BLU. RED's dress code, however, is rather liberal, requiring that employees adopt a red motif for easy identification. This could also be for identification by Sentry Guns.

The Administrator terminated the Director's interviews just as he finished with the RED team; so, in the *Team Fortress 2* shorts by Valve, RED usually kills or defeats BLU.

Me: WHOA! The mercenaries of RED!

Nicole: From Team Fortress 2!? WHOA!

Red Soldier: It's an honor to meet the famous Team Loud Phoenix Storm.

Kevin Levin: Hey, Soldier. Good to see you again!

Red Soldier: Good to see you too Kevin!

Me: It's an honor to meet the Red Team.

Red Sniper: (Australian Accent) Same to you J.D.

Fixer: So, the 9 of you are from Mann Co, right?

Red Soldier: That's right!

Red Spy: (French Accent) We have a very big job like all of you do.

Red Heavy: (Russian Accent) Yeah it's big.

Teen Titans Thunder: What can each of you do?

Red Soldier: I am the leader of the team.

Red Heavy: I'm the Heavy Artillery master.

Red Medic: (German Accent) I'm the Combat Medic.

Red Scout: (Boston Accent) I'm the Scout and reconnaissance master.

Red Sniper: Sniper and Ambush specialist.

Red Demo: (Scottish Accent) Demolition Specialist Laddies.

Red Engineer: (Cowboy Accent) Engineering and repair specialist.

Red Spy: (French Accent) Spy and infiltrator.

Red Pyro: (British Accent) And I'm the Flamethrower Specialist.

Me: Wow! You guys are an elite force like us.

Red Soldier: That's right.

Demolishor (to Soldier): How did you end up in that Prison Stone?

Red Soldier: Not really sure. It's all a blur. All I felt was a strange energy wave and the next thing I knew I was in a stone.

Me: I Remember that! And I freed you from it.

Red Soldier: And I am forever grateful for it. (Salutes me)

Me: (Salutes) Just doing our job.

Scout: Soldier actually dragged us here because he wanted to pay respect to the people that died in Pearl Harbor.

Goliath: Good to know.

Me: We came to do the exact same thing. My grandfathers both fought in World War II and they were brave men.

Nico: Yep.

We went to pay our respects.

We paid our respects to those lost in Pearl Harbor 79 years ago today. 2,403 people died on that day when a Japanese Airstrike Ambush leveled the area. Including blowing up the U.S.S. Arizona. And she still sits on the bottom of the harbor. A terrible tragedy that brought us into World War II.

Later we went back home with the RED Mercenaries joining us.

Me: I call the Japanese men that blew up Pearl Harbor all those years ago terrorists.

Red Hood: What those terrorists did is just as dark as the Joker's crimes.

Me: You got that right Jason.

Lincoln: Yeah.

Trickster: Maybe we can do a simulation adventure based on what happened.

Me: Good idea.

Lincoln: This is gonna be awesome!

Linka: I always love a good simulator adventure.

Laney: Me too.

Amorpho: We should make our own planes for this.

Me: Good idea. We already have our own planes in the garage. Lets head there.

We went to the Garage and we got to work on our awesome planes and fighter jets and we built them.

Titanium Titan: Me, Dr. Destiny, Abomination, Fixer, Goliath, Trickster, and three others will go with Soldier and his team to take out the terrorists fighting on the ground while you guys have the usual battles.

Me: Okay. Redemption Squad, you all help take the Terrorists on the ground. The Rest of us will take the terrorists in the air.

William: Lets do it!

We got in our planes and we took off and we went into a simulator adventure for the Bombing of Pearl Harbor!

---

PEARL HARBOR, OAHU HAWAII - December 7th, 1941.

---

It was 7:54 AM at Oahu, Hawaii and everyone was having good normal lives in Pearl Harbor, Hawaii. But then at 7:55 AM Japanese Zero Fighter Planes appeared out of nowhere and started attacking. But then…

KRABOOOOMMM!

We appeared and blew some of the planes out of the sky!

Me: YEEHAW!

Applejack: TAKE THAT!

Red Soldier: YEAH!

We flew fast and blew many Japanese planes out of the sky and more and sent them crashing into the water and onto the ground.

I fired a missile and a Japanese Pilot ejected and was parachuting down and yelling in Japanese.

I pulled up to him and opened the cockpit of my plane.

Me: (Speaking Japanese) こんにちは醜い。こちらがジャパンモトの鉄くずです。(Hello ugly. Here's some scrap iron for Japan moto.)

I gave him a really heavy anvil and he was sent crashing to the ground.

Me: HAPPY LANDINGS!

CRASH!

The Japanese Pilot crashed into the ground and died.

Nico: You Japanese scumfuckers have failed this world!

Nico fired bullets that exploded on contact and blew apart many Japanese planes in the air.

KRABBBBBOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOMMMM!

Laney: Yeah!

But then Robo-Roxy, Loki, Man Boy, Rojo, Villamax and Cad Bane

appeared.

Robo Roxy: Hey, guys. Did we miss anything?

May: Just meeting our 9 new friends.

Loki: That's nice to hear.

Man Boy: I really like the planes you guys made.

Me: We built them for the world of Planes from 2013 and it was cool!

Nico: Yeah it is.

Rio: They are so amazing and now we all have our own planes.

Loki: We sure do. I don't think we met by the way.

Reginald: This is my sister Rio.

Eli: And one of my friends from before our worlds merged.

Loki: Glad to meet ya.

Me: Lets have the groups land for the usual battles and the Redemption Squad can help on the ground.

Venom: We are ready!

The Redemption Squad landed and so did the Usual Battle Groups.

And they got out. I was watching from the air.

Robo-Roxy: You guys pilot those planes well!

May: We've had a lot of practice with Flight Simulator Lessons.

Kevin Levin: And I was teaching them too.

N: Yep.

?: It was well done by the way.

A figure came out and it was SCALETEX from episode 10 of Operation Overdrive!

---

**Scaletex** is a humanoid armored Lindworm-like monster. He serves Moltor. He appears in the episode "Lights, Camera, Dax".

This red-and-blue armored dragon-like dinosaur creature was summoned by Moltor to hunt down Kamdor and Miratrix and retrieve the Ancient Parchment from them, to bring back to Moltor. Scaletex encountered with Kamdor and Miratrix and nearly suceeded, but Rangers arrived. During his fight with the Rangers, Kamdor and Miratrix escaped. Scaletex followed them to the cave, but they blasted the cave causing rocks to fall and bury Scaletex. Scaletex never escaped the burial.

---

Mack Hartford: Scaletex!

Scaletex: Been a while rangers. Quite a battle you have going on.

I watched him from the air.

Me: That's Scaletex! I remember him! He was sent by Moltor to hunt down Kamdor and Miratrix and get the ancient parchment from them!

Scaletex: I guess J.D. knows who I am already.

Dax: Yes he does. He's watching from the air while we fight.

Scaletex: I see.

Me: (On the radio) I'm also listening while you all fight.

Dax: He's also listening while we fight too.

Venom: Cool.

Scaletex: (to Dax) What was the name of that movie you tried out for on the day you and your team fought me, Blue Ranger?

Dax: Ninja Rumba.

Me: I remember seeing that. That was amazing!

Mack Hartford: Yeah it was.

?: Too bad it will be the last time you all see it.

?: Yeah brother!

?: You said it.

Me: Uh oh! I thought we were rid of those voices!

3 figures came out and it was THE PARADIGM BROTHERS - LUTHER, ROLAND AND ARTHUR PARADIGM! THE FUCKED UP MAD SPLICERS HAVE RETURNED!

Luther Paradigm: Didn't expect us to come back Team Loud Phoenix Storm!

Nico: Oh shit! Not you three again!

Varie: How did you three come back!?

Luther Paradigm: That would be thanks to these.

They showed them that they each had 3 Number Cards! Luther Paradigm had NUMBER 47: NIGHTMARE SHARK, Roland Paradigm had NUMBER 37: HOPE WOVEN DRAGON SPIDER SHARK, and Arthur Paradigm had NUMBER 28: TITANIC MOTH!

We gasped!

Eli: Numbers 47, 37 & 28: Nightmare Shark, Hope Woven Dragon Spider Shark and Titanic Moth!

Me: So the Paradigm Brothers have been brought back by Number Cards. I'm not surprised.

Lincoln: I'm surprised that you three were brought back by them!

After all the lives you've ruined by destroying their humanity!

Trudy Bolton: YEAH! Until J.D. cured us and gave us our lives back!

Olga Orromov: Yeah! We will never forgive you for your crimes against nature!

King Shark and Ranamon then appeared.

Ranamon: Let us help y'all with this guys.

Varie: Thanks you two.

King Shark: Looks like dinner is served!

The last thing Luther Paradigm ever saw was King Shark's jaws as he was eaten.

CHOMP!

He was lunch!

Varie: Eat him!

Luna Loud: Chew him up and eat him till he's mush!

Girl Jordan hurled her guts out!

Nokama: Yuck.

I landed and went up to him.

Me: You have messed around with the laws of Mother Nature for the last time. (Holds hand up to his mutilated body and spirit) HAKAI!

He was banished to the Warp forever.

Eli came and picked up Number 47: Nightmare Shark.

Eli: Another Number for us.

Me: Yep.

Battle 9: Trixie, Qin, Lincoln Loud, Nunnally and Nico VS Dr. Roland Paradigm & Number 37.

Dr. Roland Paradigm was next.

Qin: You ruined my humanity by turning me into a monster!

Nico: That's right! I love Qin like a sister and no one does that to my family!

Nunnally: You make me sick!

Dr. Roland Paradigm: I will make sure you all are my geneslammed slaves.

Lincoln: Not gonna happen!

Lincoln fired a blast of lightning and Qin and Nico and Nunnally fired blasts of fire.

Trixie: The Great and Powerful Trixie will make you pay for your crimes! MAGIC STARDUST STYLE NINJA ART: STARDUST DRAGON OF CELESTIAL FURY!

Trixie fired a massive blast of stardust and it formed into a deadly dragon!

The blasts hit him and incinerated him into nothing!

His spirit then appeared and Nunnally got Number 37.

Nunnally: Got it.

Me: Good job guys.

I went up to Roland.

Me: You and your brothers are never gonna be welcome here. (Holds out hand to his face) HAKAI!

I banished him to the Warp.

Nico: Dr. Roland Paradigm, you have failed this universe!

---

Battle 10: Juniper Montage, Lori Loud, Eli, Nunnally, Skyla, Carol and Laney VS Dr. Arthur Paradigm & Number 28

Carol: Yeah!

Juniper Montage: You are gonna be dead meat!

Nunnally: Big time!

Laney: Yeah!

They went at him and Eli kicked him in the chest.

Juniper Montage: This will hurt you! JUNIPER STYLE NINJA ART: THUNDERSTORM OF RAZOR LEAVES!

Juniper Montage fired a massive blast of lightning and juniper leaves and they slashed and electrocuted him all over.

Lori, Eli, Nunnally, Skyla, Carol and Laney fired blasts of energy, wind, Force Lightning, Fire, Atomic Energy and more and the blasts all hit Dr. Arthur Paradigm and obliterated him. Eli got Number 28.

Eli: Got it.

Me: Great job guys.

I went up to the spirit of Arthur Paradigm.

Me: You and your brothers and your fucked up ambitions are never gonna be welcome on Earth or any universe. (Holds up hand to his face) HAKAI!

I banished Arthur Paradigm to the Warp for all eternity.

Me: Good riddance.

Eli: In the words of Nico, Paradigm Brothers, you have failed this universe!

Me: Well said bro.

The Megaforce Rangers turned into the Jungle Fury Rangers.

Me: Time for these Japanese Terrorists to go to the big Japanese Dojo in the Sky!

Nico: Lets get them!

Eli: It's Butt-kicking time!

We were flying and blasting them all over the place and more. The Japanese tried blasting us but we dodged their blasts.

We were really letting them have it by blasting them with missiles and energy blasts and more.

Me: Lets show them some teamwork!

Cybertron Crumplezone: Lets do it!

Demona: Yeah!

THE END

---

Another awesome adventure done!

This chapter was made as a tribute to all those that lost their lives on Pearl Harbor Day 79 years ago today. We also have now officially seen the last of the Paradigm Brothers. The next Number will be Number 27: Dreadnought Dreadnoid and that one is gonna be in the possession of the most foul mouthed villain in Codename Kids Next Door: Potty Mouth. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is the awesome 4th Land Before Time Movie and we're going into a dangerous part of the world to find a cure for Littlefoot's Grandpa who is ill. And we're also going to destroy the ravenous Ichthyornis and Deinosuchus Icky & Dil and we're going to make those guys wish they were never born and we're also going to learn a secret connecting Aylene and a friend of hers Ken Anderson and it's gonna also be involved with Littlefoot's friend Ali. We'll also ask the Elder Longneck and her herd to stay in the valley.

See you all tomorrow.

# Journey Through The Mists

At the estate, we were resting and watching TV and playing cards and reading books. It was a rainy and stormy day outside and it was really coming down like no tomorrow.

Lincoln: It sure is coming down.

Me: It sure is buddy.

Nico: Yeah.

Lynn: No kidding.

Trixie: So, what's this about an evil version of Lynn?

Me: That is something that nearly destroyed Lynn's life forever.

Lynn: She was an insane version of me from another universe and the crimes she did were unspeakable.

Lynn went over her story during the events of chapter 1131.

Lynn revealed that Evil Lynn accused Lincoln of being bad luck and that she was the chosen one that was chosen to be the greatest champion of all and that she would win every sport and be the best. But she forced her version of Lincoln to go against his will by threatening to beat his face in with a baseball bat and because of that, karma got her and she falsely accused Lincoln of being bad luck. But Lincoln's sisters and parents stood up for him and gave him a few days off. When his days off were done they were gonna go see a movie. But evil Lynn was gonna make sure that he didn't do anything fun with them and she claimed he was bad luck all the way. She was grounded from the movie and locked in her room. When they got back, Evil Lynn was suggesting that they kick Lincoln out of the house and when the rest of the family rejected that, they said that there was no such thing as bad luck and Evil Lynn refused to believe that and because of that, Rita called the coach and removed her from all her sports teams forever and Lana melted all her trophies down and made Lincoln a Best Brother Ever trophy and Lincoln punched Evil Lynn in the face. The following day Lynn was sent to her Aunt Ruth while everyone went to the beach to have fun. But Lynn then went ballistic and psycho and she nearly killed Aunt Ruth and hurt her cats and she was going to kill Lincoln in cold blood by stabbing him with a knife that she took and Rita called the police on her. She was disowned by her whole family and brought to trial for her crimes. Lynn Jr. was found guilty of assault and battery, animal cruelty, menacing, destruction of personal property and attempted 1st degree murder. She was also found to be criminally insane because of her egomaniacal nature. She was also diagnosed by a panel of psychiatrists and psychologists and was declared criminally insane. They diagnosed her with Borderline, Egomaniacal and Anti-Social Personality Disorders. The coach even testified at her trial and called Lynn's actions and rituals all extremely delusional and the worst kind of sportsmanship and the most embarrassing and most unprofessional and most unsportsmanlike he had ever seen. He kicked her off of all the teams and banned her from all sports for life. Lynn's friends even testified against her and called her an extremely paranoid, unsportsmanlike, delusional, insane and overzealously superstitious monster that tortures others to get what she wants. She tortures her friends with crazy rituals and won't even let them go to the bathroom during a game, putting all their health in jeopardy. Lynn's friends all abandoned her and told her that they never wanted to see her again. The doctors even testified against her and showed the court that Lynn was the most stubborn girl they had ever seen. Lynn Sr. and Rita came to the conclusion in their minds that they were spoiling Lynn too much and letting her get away with all sorts of things for far too long. No more. They will not make the same mistakes again. Lynn was disgraced and forever banned from all sports. She was now an outcast from all of humanity. She was a totally psychotic, delusional, arrogant, egotistical, prideful, sociopathic freak. Lynn was a total sociopath and she was pure evil. The judge called Lynn a truly, evil person with absolutely no soul and no conscience. Because of Lynn, she nearly killed Lincoln in cold blood and nearly tore her family apart forever. She was sentenced to 65 years in the Alaska Maximum Security Psychiatric Institute in Nome for the criminally insane without any chance for parole or release. Because of the severity of her crimes, she was to be sent out of state. She was declared an absolute danger to everyone around her including herself. She had to be watched and guarded 24/7 to make sure she doesn't escape or do anything bad because of how dangerous she is. She had lost everything. Her athleticism, her pride, her reputation, her friends, her family, her home, her freedom and now her mind. Because of that, she swore to get revenge and will stop at nothing to get it! She escaped by using the Alcatraz Escape Dummy trick and tunneled underground and got out undetected. But then a dimensional vortex took her to our world and merged it with ours. She then set up this elaborate plan. Her plan was to frame our version of Lynn for her crimes, so that she would get her arrested and then she would use this opportunity to get close to Lincoln and kill him and her family in cold blood!

Everyone gasped in absolute shock!

Twilight Sparkle: That version of you is a monster!

Nico: No kidding. She was insane to the core.

Vypra: Yeah she was and we helped Lynn stop her.

Shining Armor: Why didn't all of you go out to stop her?

Me: This was Lynn's fight and she wanted to stop her at all costs. Also we didn't want to go with Lynn because we all were under suspicion too because of Evil Lynn.

Twilight Sparkle: Man that's rough.

Lynn: Plus I wasn't alone. All the Masters of Evil including Bus Org were with me.

Me: Yep. But the Evil Lynn wasn't alone however. She had a bunch of enemies we all know and despise with her.

Lockdown: How exactly did you guys find out where Evil Lynn was?

Dark Spicer: We got the info from a bar. And then we inevitably got into a bar brawl.

Misty Tredwell: Thanks to me. But that was fun.

Lynn: It was.

Twilight Sparkle: Who were the enemies she had with her?

Me: That's an easy one. She had the Lightspeed Rescue Rangers enemy Olympius, son of Queen Bansheera.

Alexis (Transformers Armada): The G1 version of Starscream.

Ash: The disgraced Pokemon Trainer and Reggie's evil brother that was out to kill me, Paul.

Numbuh 362: My arrogant and evil brother Numbuh 363 but you all know him as Harvey.

Harry Potter: (British Accent) And my arch-nemesis of Slytherin, Draco Malfoy.

Me: They came together as the Vengeful 6. Their goal: Destroy the people that made their lives hell.

Nico: But in actuality they brought all that all on themselves.

Me: Yep.

Huffer: That was one of the few combat missions with no Power Rangers monsters fighting us, no usual battles, no Cyber Key combos, and no Legendary Modes.

Me: Yes it was.

Sunset Shimmer: What was each villain of the Vengeful 6's fates?

Me: That is another easy one.

Vypra: Olympius was banished to the Warp.

Alexis (Armada): G1 Starscream was brought back to Cybertron to face trial for his crimes.

Ash: Paul was locked into the Neptune Prison forever.

Numbuh 362: Harvey was decommissioned.

Harry Potter: Draco Malfoy was stripped of his wand and magic and locked into the Comet Lovejoy Prison forever.

Me: And the Evil Lynn was sent to the Crematoria prison 3,500 light-years away from Earth.

Fluttershy: Goodness.

Applejack: They all deserved it.

Me: Yep.

---

Later we were getting ready for another awesome trip to the Great Valley.

Grenade Man: I guess it's back to the Great Valley.

Me: Yep. Last time we were there an asteroid shower cut off the water to the valley and made it dryer than a tinderbox.

Aylene C.: I know. But luckily we are all alright.

Nico: Yep.

Lincoln: That was awful.

Naruto: Yeah it was.

We were getting ready for our trip.

Robo-Roxy, Loki, Villamax, Rojo, Man Boy and Cad Bane then appeared.

Robo Roxy: Can me, Loki, Villamax, Rojo, Man Boy, and Cad Bane tag along?

Me: You all sure can.

Cad Bane: It's gonna be really interesting seeing the world of Dinosaurs.

Rojo: Right sockhead?

Edd: It sure is.

Linka: Hey back off girl! He's mine.

Rojo: It's cool Linka! It's cool!

Me: Okay is that everything?

Nico: Yep we're all set.

Me: Okay. We're ready Aylene.

Brain Freezer then appeared.

Brain Freezer: Not without your awesome boyfriend you don't.

Aylene C.: Okay. PORTAL OPEN!

The Time Stone Glowed and opened up a portal and we went through it.

---

**Narrator:** Millions and millions of years ago, before there were countries, or cities, or states, before there were horses, or bears, or elephants, before the first humans ever walked the earth, the world was filled with strange and wonderful creatures. The greatest of these creatures were called… dinosaurs. But the realm of the dinosaur was changing. The weather, the plants, and the animals were beginning to transform. Still, despite the changes happening in the outside world, life in the Great Valley remained the same.

**Cera:** Grr! Grr!

Cera smashed into a tree and knocked all the leaves off the tree.

**Ducky:** Cera, you are a good green food getter. You are.

**Cera:** Let's eat!

They were about to eat when they heard eating noises.

**All:** Huh?

Spike came out of the the leaves.

**All:** Spike!

**Cera:** Hey, here's Spike. But where's Littlefoot?

A portal appeared and we came out it.

Me: Here we are guys. Welcome back to the Great Valley.

Vice: The Great Valley is as gorgeous as ever.

Me: It's much better than when we were here the last time.

Aylene C.: Thank goodness.

Derek C.: Yep.

Lola: I can't wait to see Littlefoot and friends again.

Nico: Me too.

Cera: Hey guys!

Me: Cera, guys!

Ducky: You guys are back! Yep yep yep!

Nico: Yeah we weren't gone long.

***(Cuts to the scene Littlefoot is smiling and looking at an insect).***

**Littlefoot:** Hello. Wait! Don't go. (He chased it and got to the edge of a cliff) Whoa!

He stopped just in time and then he caught a glimpse of something.

***(Littlefoot sees a migrating herd coming into the Great Valley).***

**Littlefoot:** Huh? Wow! Who are they?

**Cera:** Who's who, Littlefoot?

We came too.

Me: What are you looking at Littlefoot?

**Littlefoot:** Oh hey guys. Over there, Cera. Look!

We saw the herd of longnecks.

Me: Whoa! That's a huge herd.

**Ducky:** Hey, they are Longnecks just like you, Littlefoot.

**Littlefoot:** Yeah. I wonder where they came from?

Aylene C.: Well, I say that we find out. C'mon!

Me: Lets go.

We flew and went to go talk to Littlefoot's family.

**Littlefoot:** *(to his grandparents)* Grandma, Mother, Grandpa! A herd of Longnecks are coming into our valley.

Aylene C.: Hi Grandma and Grandpa Longneck, Hello Sona. It's good to see you all again.

Grandpa Longneck: We're glad to see you, too, Aylene. But where's your brother?

Aylene C.: Derek? Oh, he couldn't make it this time. He wiped out on his skateboard this week and hurt his wrist.

Me: Ouch. I hope he's all right.

Grandma Longneck: Oh, dear! Is he alright?

Aylene C.: Don't worry, he's fine. It was just a minor fracture. It's nothing serious but he didn't want to risk making it worse. He sends his greetings, though.

Me: Yeah he's a strong guy like me and it's nothing he can't handle.

Grandpa Longneck: Well, that's nice of him and I'm glad. Can you tell him that we return the greetings when you get back?

Aylene C.: Absolutely.

Littlefoot: Oh, that reminds me, Grandma, Grandpa, we saw a herd of longnecks coming into the Valley.

**Grandpa:** Yes, we saw them too, Littlefoot.

The next thing that Littlefoot knew, his grandmother and mother leaned her head down and began to lick him clean. Aylene giggled a little as she stepped aside, not wanting to get in the way.

**Littlefoot:** Grandma, mother, why are you two washing my face? It's only gonna get dirty again.

**Grandma:** Because we're going to go and greet our visitors, Littlefoot. You want to look nice, don't you?

**Littlefoot:** Well I guess. But who are they? And where do they come from?

**Grandpa:** They're our cousins, Littlefoot. They're a migrating herd.

**Littlefoot:** Migrating?

Aylene C.: So they basically move around instead of living on one place all the time.

Grandma Longneck: That's right.

**Littlefoot:** I wouldn't like that. I like living in the Great Valley.

Me: I know. But migration is another part of nature that's unavoidable. But maybe we can convince the herd to stay here in the Great Valley.

Laney: I'm sure they would like it here.

Littlefoot: Good idea. I like it here too.

**Grandpa:** Yes. We do too, Littlefoot. Now come! Let's go welcome our cousins!

**Littlefoot:** Okay. Hey! Do you think they have kids?

**Grandpa:** I'm sure they do. Oh!

Aylene C.: I didn't know you had cousins, Littlefoot.

Littlefoot: Neither did I.

Me: None of us did. That is so cool.

Grandma Longneck: Well, the leader of the herd is my cousin. The rest of herd is what you would call an extended family.

Aylene C.: So they are of they same species and travel together, and maybe distantly related?

Grandma Longneck: That's right.

Me: That's interesting.

Suddenly, the group heard a small "THUMP" from behind and immediately turned around. They all became concerned when they saw Grandpa Longneck was leaning against a wall of rock. He also looked a little dazed and disoriented.

**Littlefoot:** Grandpa!

Me: Grandpa Longneck are you okay?

**Grandma:** Are you all right?

**Grandpa:** Strange, I… I suddenly felt so tired.

**Grandma:** Perhaps we better stay here

**Grandpa:** Oh, nonsense. I feel better already. Well, Littlefoot. Why don't you lead the way?

**Littlefoot:** All right! Everybody, follow me.

**Grandpa:** I'm fine, Grandma. Really.

A few minutes later, Littlefoot and Aylene stood next to the two elder Apatosauruses as the new herd of longnecks approached them. Their presence also attracted the attention of the rest of the Valley and pretty soon there was a huge gathering of the various herds such as Triceratopses, Iguanodons, Pteranodons, and Saurolophuses. Pretty soon, Cera, Ducky, Petrie, and Spike came running up to stand beside Littlefoot and Aylene as leader of the herd of longnecks approached Littlefoot's grandparents.

This longneck was an old female with light tannish skin and faded aquamarine eyes. Behind her right eye was a series of what appeared to be swollen skin, as if she had an injury there a long time ago that had healed and left a scar.

Grandma Longneck: Welcome to our Valley, Old One.

**Old One:** Yes. Now tell me, how is your climate?

Grandma Longneck: Our climate? It's… It's fine.

**Old One:** And your land? Has it changed?

Grandma Longneck: Why, no, it hasn't.

**Old One:** Good. (Sees us) The famous Team Loud Phoenix Storm. We've heard so much about you all and how you all do wonderous things all over.

Me: It's a pleasure to meet you.

Nico: Same here.

Laney: Was your journey uneventful?

Old One: It was. Thank you.

For a moment, the two Great Valley longneck elders looked at each other with confusion while the other herds began to mutter curiously among themselves. The Old One then walked forward before stopping and gazing over the magnificent landscape before her. Only, she didn't seem to be enjoying it. If anything, she seemed rather dismal.

Old One: Of course, who know how long that will last?

**Cera:** What's that stuffy old Longneck mean by, "Who know how long that will last?"

Littlefoot: Shh!

Aylene C.: Cera! Show some respect, will you?!

**Cera:** Hmph!

**Old One:** My herd has roamed far and wide. And everywhere, things are changing.

Grandma Longneck: Changing?

Me: Changing like how?

Grandma Longneck: Old One, are you saying changes will happen here too?

**Old One:** I don't know. All I do know is that once, our land was just like yours. Then, water fell from the sky for weeks on end. Our land grew wet and soggy. Strange creatures began to make their home on what was once dry land. Other creatures moved into the trees that were our source of food. The once green land we had migrated across for years had become… the Land of Mists.

For some reason, Aylene felt a shiver run down her spine when the Old One said those words. By the sound of that story, she got this strange sense that there was something sinister in that land this elder longneck was speaking of. In a way, it sounded like something of a scary story. Only it wasn't just a story; it was real.

Me: Whoa! That place sounds like a nightmare.

Nico: No kidding.

Lincoln: Yeah.

Fu: I would not want to go there.

Linka: Me neither.

Old One: Indeed. We had no choice, but to leave.

Grandma Longneck: Does this mean that you and your herd will be staying with us, Old One?

**Old One:** We stay in no place very long. You and the other Great Valley Longnecks may join us when we leave. After all, there is safety in numbers.

Me: Old One, you are more than welcome to stay here in the Great Valley as home. You would be placed under our protection from all threats as long as we are here.

Old One: We would like that J.D. You are definitely pure and what you do is very giving.

Me: Thank you.

**Littlefoot:** Um… Grandpa! We're not going to migrate, are we?

**Grandpa:** Of course not, Littlefoot! The Great Valley is our home.

Aylene C.: Well, that's good. Because whereever you go, I go with you.

Me: Absolutely. We all would.

Littlefoot: Really?

Littlefoot turned to his human friends.

Aylene C.: Yeah, remember the first promise we made? We'd always stay be each other's side no matter what.

Of course, that was their first promise.

After the night Sharptooth first attacked them, and Littlefoot's mother nearly died to save them, he and Aylene made a promise that they would stay by each other's side no matter what happened. And through all the trials and dangers they had faced, they still managed to keep that promise.

Littlefoot: I haven't forgotten that promise.

Me: Me neither.

Fu: Yeah.

Lincoln: Same here.

Laney: That's right.

**Ducky:** Oh, Littlefoot. I'm so glad you are not leaving. I am, I am. The Great Valley will never change. Oh no, no, no, no, no.

Ducky: Well, (Ducky ran over to Littlefoot and Aylene and hugged Littlefoot's foreleg) I'm so glad that you guys aren't leaving. I am. I am. The Great Valley will never change. Oh, no, no, no, no.

Me: One can only hope.

Then Petrie swooped over and landed on Aylene's shoulder. The human girl flinched just a little when he hugged her face, mostly because she wasn't expecting him to do that.

Petrie: Me glad you guys not leaving, too. Me miss you whole bunch.

Aylene C.: We'd miss you, too, Petrie.

Me: We all would.

Spike then walked up to Littlefoot and began to lick his long neck. The young Apatosaurus couldn't help but laugh as the Stegosaurus's tongue tickled him. When he lowered his head a bit, Spike proceeded to give Littlefoot two more licks on the cheek.

Littlefoot: Does this mean you'd miss us, too, Spike?

The little spiketail simply replied with a smile and a small nod. Aylene knelt down to Spike's level and gently stroked his head. He returned the gesture by licking her cheek. She giggled a little and wiped some of the slobber off of her face with the back of her right hand.

Me: That is a big yes.

**Littlefoot:** Does this mean you'd miss me too, Spike? Um… Cera? Would you miss me?

**Cera:** Well… I… Ooh! Maybe I would, maybe I wouldn't. I'm not telling.

**Ducky:** Why are you not telling, Cera? Is it a secret? Is it, huh?

**Cera:** Well… if you really want to know, you have to catch me first!

Hee!

Me: Get her!

Eli: Yeah!

We chased Cera.

Petrie: Me catch you, Cera.

Littlefoot only hesitated for a moment before giving a smile and shaking his head. He then set out running after his friends. However, the moment they entered the forest, he lost sight of them. He could still hear them laughing and taunting to Cera that they would catch her.

As Littlefoot followed their voices to a place where there were some large old logs, he stopped dead in his tracks when he saw the bush on his left suddenly move. He turned his head sharply in that direction and saw that there was a pair of forest eyes looking straight back at him. Just seeing a bush with eyes made the longneck jump back in surprise.

Littlefoot: "Who's there?!"

?: Oh, sorry

The next thing Littlefoot knew; something stood up out of the bush. He drew in a sharp breath of air and his eyes grew wide when he saw that it was another human.

Only this one was a boy.

He wore a blue sleeveless with grey gym shorts and black sandals. Around his waist was a belt with a quiver full of arrows attached to it. On his back a green gym back and he carried a curious looking weapon. It reminded Littlefoot of a bow like Aylene had, but it was shaped differently. It looked almost like it was a bow attached to a long stick.

The human boy's dusky hair was short and slightly ruffled up. He was very tall and slightly muscular. His forest green eyes looked back at Littlefoot with a glint of honesty.

And around his neck was a blue stone.

?: I didn't mean to scare you, I was just looking for my friend."

Littlefoot: Y-You're a human!

Ken A.: You're surprised, That's okay, I get that a lot. Anyway, my name's Ken Anderson. What's yours?

Littlefoot: Littlefoot.

Ken A.: That's a nice name. So, do you live around here?"

Littlefoot: Yeah.

Ken A.: Then do you think you can help me find my friend? I've been looking for her everywhere, but this place kind has gotten me turned around."

Littlefoot: Oh, sure, And maybe my friends can help. I think they went this way. C'mon!"

* * *

Eventually, the others managed to catch up with Cera and corner her into a large bush. Once they had her trap, they started to playfully tickle torture her until she finally gave in.

Cera: Alright, already! I admit it, I would miss you and Littlefoot, Aylene!"

Aylene C.: Yeah, I know. But you still have to tell Littlefoot.

Cera: Then will you be happy?

Aylene C.: Sure, but first we gotta find him.

Me: We all will.

Ducky: Hey, there he is now!"

Everyone turned in the direction the little swimmer was pointing and saw a young Apatosaurus walking through the woods just a few yards away from them, looking around at the trees in curiosity. Aylene stared at the long-necked dinosaur for a moment. It was an Apatosaurus like Littlefoot, but its skin color was different. This one had more of a light violet hide. It also seemed to be a little smaller than Littlefoot. Not to mention, its eyes were of a light blue color instead of reddish brown.

Aylene C.: I don't think that's Littlefoot. Still, we should probably find out who it is. C'mon.

Me: Good idea.

We went over.

The others hesitated for a moment just as Aylene got up from her spot and lightly jogged over to the Apatosaurus.

The longneck sharply looked over when she heard the sound of footsteps quickly approaching her. She stepped back when she saw a human girl approaching her. The moment she saw the creature, her eyes widened and she gasped in surprise.

Seeing the longneck's skittish reaction, Aylene stopped just a few feet away from her and gently smiled.

Aylene C.: It's okay, we're friends. My name's Aylene. What's yours?

Ali: Ali

Aylene C.: That's a pretty name.

Me: It sure is. Sorry I'm J.D. Knudson and we're all Team Loud Phoenix Storm.

Ali: It's a pleasure to meet you all.

Me: Same here.

Cera: See, she's not Littlefoot, she's a girl.

Ducky: Yep, yep, she is a girl.

Me: Yep.

Seeing the others, Ali slightly back away and curled up slightly. She almost looked afraid to see so many different dinosaurs and human in one place.

Aylene C.: Did you come here with the herd of Apatosauruses?

Ali: It's just… It's been a while since I've met new faces."

Aylene C.: I see, It's okay. But maybe we should introduce ourselves.

Ducky: Good idea. I'm Ducky, and this is my brother, Spike."

The swimmer motioned to the spiketail, who stepped forward and greeted Ali with a nod and a smile.

Ducky: He cannot talk like us. Oh, no. But he still says hello."

Petrie: And my name Petrie.

Cera: And I'm Cera, a threehorn, of course.

Ken A.: Ali! Ali, where are you?!

At the sound of the voice, Ali looked up and a small smile streaked across her face, as if she recognized it and was happy to hear it. She turned her head in the direction the voice was coming from.

Ali: I'm over here!"

Seconds later, Littlefoot emerged from the thicket and began to run over to the others with another creature following him.

Ken A.: Oh, there you are, Ali! I've been looking all over for you! The Old One and your mother… !"

Aylene C.: KEN?!"

Me: Ken!?

At the sound of his name, Ken stopped dead in his tracks and looked to see a surprise of sorts.

Standing as still as a statue with a shell-shocked look on her face was the same girl he bumped into earlier at school. We saw our friend Ken Anderson.

Ken A.: Aylene?! J.D.!? What are you all doing here?!"

Aylene C.: What are YOU doing here?!

Me: We're just as surprised as you and Aylene are.

Aylene C.: Wait, you guys know each other?"

Ken A.: I guess you could say that.

Me: We go to school together. He and I are in the same classes as Derek.

Aylene C.: But you… I… this world… HOW?!"

Ken A.: I've got a Time Stone, (the boy held up the blue stone around his neck) "just like you."

Aylene C.: YOU have a Time Stone?! (Grabs her necklace) But I thought… !"

Ken A.: There was only one. I thought the same thing, too. That is until I saw that you at school today. But I'll be honest, I wasn't expecting to run into you here."

Me: Talk about déjà-vu.

Aylene C.: I wasn't expecting to run into you at all.

Me: Yeah. But it's great to see you here Ken. This is gonna be amazing having you with us on our adventures here.

Ken A.: It sure is.

We looked at each other awkwardly.

Ken A.: Well, this is rather awkward,

Aylene C.: You said it.

Me: Yeah.

Ken A.: Well, anyway, Ali and I came just came with the herd of longnecks."

Ducky: You mean you're part of the migrating herd?

Ken then turned to the other dinosaur children.

Ken A.: Oh, hey there. My name's Ken.

Cera: We kind of gathered that. My name's Cera.

Ducky: And I'm Ducky, And this is my brother, Spike.

The young Stegosaurus simply nodded.

Petrie: And my name Petrie,

Ken A.: It's nice to meet you all." Ken smiled.

Ali then moved from her spot and walked over to stand next to Ken. The human boy looked at his Apatosaurus friend and gently rubbed her neck.

Ken A.: "It's okay, Ali, you don't need to be shy."

Ali: I'm sorry.

Littlefoot: What's the matter?

Ken A.: Oh, Ali just gets nervous when meeting new faces. And it's been a while since anyone new has come to the herd.

Me: That's understandable.

Lincoln: Yeah it is.

Littlefoot: Well, why don't we show you guys around the Valley? We can show you guys were we like to play and hang out.

Ken A.: That sounds like a great idea. What do you say, Ali.

Ali: Um, okay.

Cera: Well, c'mon! Follow us!"

While the others immediately set out to explore the Valley, Littlefoot walked over to Aylene, who still looked shell-shocked.

Littlefoot: Aylene, are you okay?

It took a moment for Aylene to regain her composure before she could answer.

Aylene C.: I think so. But I gotta say, that was quite a shock.

Littlefoot: I was surprised to see another human in this world, too. I thought you were the only one who had a Time Stone.

Aylene C.: So did I.

Me: I know. It's amazing.

Nico: But that is a big mystery.

Aylene C.: It sure is. But… how did Ken get one?

Littlefoot: Well, we won't know unless we ask him.

Aylene C.: I guess you're right. Well, c'mon, let's catch up with the others.

As soon as Aylene leapt onto Littlefoot's back, the two of them and all of us raced through the forest to catch up with their friends.

Villamax: Think the people of the Great Valley are upset at Nico for going crazy?

Me: No we told them everything and what happened. They understand.

Laney: Good.

* * *

The sun was just about at its setting point when the Gang and their new friends ended up at their favorite place: the watering hole. As time went on, Ali became less and less shy around the Great Valley children and was now enjoying their company. Now, she was laughing and splashing around in the water with them.

We were laughing with them

She did seem to have taken a particular shine to Littlefoot. Mostly because he was the same species that she was, so in that sense they were able to connect with each other a bit more than the others. Plus, he friendly and gentle nature made him easy for her to talk to.

Still, she did seem appreciate being with the others. She started to talk to Cera a little more and didn't mind it when Petrie or Ducky wanted to ride on her back.

Now, the female Apatosaurus was laughing running through the water with her new friends.

As for Aylene and Ken, they were sitting on a nearby rock, talking about their own experiences with their Time Stones and we were with them.

Aylene C.: So your grandfather gave you your Time Stone.

Ken A.: Yeah, It was on my fourteenth birthday last spring.

Aylene C.: Wait, you're fourteen?

Ken A.: Yeah.

Aylene C.: So am I! My birthday is in the summer.

Ken A.: That's cool. Well, I guess we would be close to the same age if we're in the same grade.

Me: That's true. But I'm 17 years old even though I have over 20,000,000,000+ Years of experiences and more.

Eli: It's true Ken. It's awesome.

Ken A.: It sure is. We may be in the same grade but it's cool that we're the same age.

Aylene: Yeah, I guess so."

Ken A.: What about you? How did you get your Time Stone?"

Aylene C.: Oh, my grandma gave it to me. It was during one of our visits to her and my grandpa's house. I will admit, it was kind of shocking when I found out about its power.

Me: Yeah we were surprised ourselves as well.

Ken A.: I hear ya. The first time I came here, I had no clue what was going on. I'm just glad I landed in a group of herbivores.

Aylene C.: You and me, both. So, what was your first adventure like?

Ken A.: Well, it was interesting to say the least, Ali's herd were just migrating as usual and then, FLASH, I was there.

Aylene C.: That's kind of the same thing with me. Littlefoot and his family were searching for the Great Valley when I first met them. They invited me to join them.

Ken A.: That's kind of how it happened for me, too. Some of the members of the herd were generous enough to let me join the group. Since Ali was the only child in the group, I mostly just hung around her as we traveled on. For a while though, she wouldn't talk to me. I think she was just shy.

Aylene C.: But you obviously became friends, So what happened?

Ken hesitated for a moment before turning his head and gazing a small waterfall flowing down a rock wall just a few yards opposite of them, as if looking off into the distant past.

Ken A.: There was a Deinonychus attack one night. They tried to single out Ali since she was the youngest. I'm just glad I had my crossbow. I rushed to her side as fast as I could and managed to take out a few. And one of them happened to be the leader of the pack. I knew it was because the moment I shot him down, the others retreated. But, by golly, those things are fast. I was surprised I was able to make it through alive.

Aylene C.: I know where you're coming from." (Pulls in her legs close to her body and hugs them) On my first adventure, my friends and I defeated a giant T-Rex.

Me: That was something we would never forget.

At that statement, Ken's eyes widened and looking over at Aylene and us with a surprised expression. The human girl glanced at him and became concerned about the way he was looking at us.

Aylene C.: What?

Ken A.: This T-Rex, his name wasn't Sharptooth by any chance, was it?

Aylene C.: Yeah, it was Sharptooth.

Me: Yeah that was him.

Lincoln: Yep.

Fu: That was intense.

Ken A.: Oh! Why didn't I see it before?! You guys are the ones who defeated Sharptooth!

Me: Yes we did.

Fu: That was one of our most intense adventures.

Aylene C.: Wait! How do you know about that?!

Ken A.: Everyone knows about it! And you defeated him on your first visit?! Whoa!

Aylene C.: It's not that amazing.

Ken A.: Are you kidding me?! Sharptooth has stalked this land for a long time! I even seen him for myself!

We gasped.

Aylene C.: You did?!

Me: You did too?

Ken A.: Yeah, it was during my third visit. We saw him take out a large herd of Iguanodons. I'm just glad we were on the other side of a large river."

We gasped in shock.

Eli: Whoa man.

Nunnally: That's awful.

The boy shuddered at the memory.

Ken A.: I still have nightmares about it.

Aylene C.: I'm… sorry to hear that.

Me: Yeah.

Ken A.: You shouldn't be sorry, you and you're friends are the ones who stopped him.

Brain Freezer: How did that happen?

Me: That was unforgettable.

---

Me: Okay. Lets go.

Ducky was all alone as she made her way up towards the cave where Sharptooth had just entered. Keeping herself in the shadows, she tip-toed to a rock big enough to hide herself and ducked down.

She shivered and crouched as Sharptooth suddenly stopped and growled. She peeked over the rock and noticed that he was looking in the opposite direction. She knew she had to get him out of the cave and down near the pone where the others were waiting. The question was how to do it without becoming his next meal.

She took a deep breath and prepared to do something that would be considered desperately stupid.

Ducky: AAAAAHHHHH!

She quickly fell behind the rock again as her scream caught Sharptooth's attention. He jerked up in alert and began to scan the cave.

Shivering and her heart pounding hard, Ducky peeked over the rock again. This time Sharptooth was gone. She didn't hear him make any steps, but he had somehow snuck away. She began to listen for him, but the sound she heard was water dripping down from the ceiling.

She thought that Sharptooth had just vanished. As she stepped back slowly she was losing her nerve and decided to leave. When she was about to turn…

BOOM!

Sharptooth had leapt behind the little Swimmer from out of nowhere!

Ducky ran and they both slid down the slope and she and

Sharptooth crashed into the Shallows of the pond.

Ducky swam underwater and hid under some rocks.

Petrie gave the whistle to alert Littlefoot, Cera and Spike that Sharptooth was where they needed him to be. After about four tries he finally succeeded.

Littlefoot, Cera and Spike started pushing.

I fired a a red beam of light and it hit Sharptooth in the side and burned him.

Me: Take that!

Fu fired a lightning bolt and it him in the mouth and made his jaw hang open numb.

Aylene fired a stream of fire and it hit him in the leg and burned him.

Laney entanged Sharptooth in bramble vines that were sharp and they were hurting him like crazy.

Sharptooth's tail hit the rock Aylene was on and nearly knocked her off.

But she got back on and she saw that Littlefoot, Cera and Spike had almost pushed the rock off.

Aylene was looking at the intense battle with terror and knew she had to do something or it would spell disaster for her friends. She got to her hands and knees, Shook her head and looked up fearfully and saw the situation. She had to do something and she had to do it now.

Aylene: I promised!

She desperately reached deep inside and seized her inner strength.

Aylene: I PROMISED!

She grabbed her bow, quickly stood up took out an arrow and strung the arrow with all the strength she had.

Sharptooth was in just the right position she needed to make this shot work. She only has one chance at this. She had to make it count.

Aylene: SHARPTOOTH!

Sharptooth turned in her direction and she released the arrow and it hit it's target.

Right through Sharptooth's heart.

Me: Bullseye!

Lincoln: Yes!

Laney: All right Aylene!

Fu: Way to go!

Sharptooth let out a howl of pain and the monster staggered. Littlefoot, Cera and Spike pushed the rock off the ledge and it hit Sharptooth in the head. The T-Rex's life was just about drained.

Me: Laney, now!

Laney: You got it!

Laney lifted Sharptooth up with her vines and threw him into the water with a tremendous splash.

We all watched as Sharptooth sank down to the bottom of the pool. As the giant ripples faded, there was a stream of dark red emerging from the depths.

Me: We did it. We won!

But then the sound of crackling was heard and I saw the rock Aylene was standing on beginning to topple. The rock tipped over and Alene plummeted into the water along with the ledge disappearing under the surface.

All: AYLENE!

We all raced towards the pool and Sona came out.

Cera: Can Aylene swim?

Littlefoot: I don't know! I hope so.

Aylene's bow was floating on the surface. But there was no sign of Aylene herself. Sadness began to grow as we thought we lost her.

But suddenly, from the center of the pool, small bubbles began to form. With each second more and more appeared. We all stepped back fearful about what might come from those bubble.

Finally to our amazement, Aylene bursted out of the water like a mermaid and gasped for air.

Me: Aylene!

Laney: She's alright!

We all cheered for joy and relief as Aylene grabbed her bow and swam to shore. When she got there, she crawled out, coughing up water and struggling to fill her lungs with air again.

Me: Aylene!

I hugged her.

Me: Thank goodness you're alive!

Aylene: Of course… I'm alive. [Shivering] It'll take more… than a drop in the water… to keep me down.

Littlefoot: We're so glad you're alright. You had us worried there.

Aylene: I'm sorry.

Aylene embraced all of us.

Aylene: I'm just glad you're all okay.

Lincoln: Me too.

Cera: What about Sharptooth?

Aylene: He's dead. I saw him sink to the bottom. He won't be troubling us anymore.

We went to the cave in the mountain to rest for the night. At long last: Sharptooth, the "Walking Terror" of the land, was finally defeated.

The greatest miracle was that Petrie can now fly.

FLASHBACK ENDS

Brain Freezer and our new recruits gasped in shock.

Rainbow Dash: Wow! That was amazing!

Fluttershy: Goodness. But thank goodness you all are okay.

Me: Thanks girls.

Aylene C.: Yeah, but now we're on the predator's most wanted list.

Ken A.: What?

Aylene C.: Since Sharptooth was the "Walking Terror" of the land, our defeat will be seen as a honor in for the predators.

Me: Yeah. They will stop at nothing to kill us now.

Aylene C.: Yeah.

For a moment, the two friends said nothing to each other. They had to take a minute to absorb the stories they had just exchanged. Plus, Ken didn't exactly know what to say at Aylene's statement. Mostly because he just didn't know what he could say that would make any difference.

Finally, Aylene let out a deep sigh and looked back at the teenaged boy.

Aylene C.: So, you and Ali came from the Land of Mists?

Ken A.: Yeah.

Aylene noticed his action suddenly became hesitant. She had so many questions about where Ken and Ali had come from, but at the same time, she didn't want to accidently cross some line that she wasn't suppose to.

Aylene C.: Um, I hope you don't mind me asking, but… what was it like before?

Ken A.: It was a lot like this place. But that's in the past. Now it's just a soggy swampland invested with monstrous gators."

Aylene C.: Gators?

Me: Oh man. That place is REALLY a nightmare.

Eli: Yeah.

Ken A.: I'm sorry, but I don't want to talk about it. Let's just drop the subject, okay?"

Aylene C.: Sure, if you say so.

Me: You can tell us when you're ready Ken.

Ken A.: Thanks guys.

Aylene C.: What would you like to talk about?"

---

Eventually, the time had come for the group to head back to their respective nesting places. While Cera, Ducky, Petrie, and Spike headed back to their families, Littlefoot, Aylene, Ali, and Ken walked back together toward Littlefoot's nesting place.

Ali: Thanks for showing us around. You and your friends are really fun.

Littlefoot: Well, I'm glad you had fun. Maybe we can play again tomorrow.

Ali: That sounds like fun.

Blaster Tron: Scans indicate that Littlefoot's grandpa has an illness.

Me: Uh oh! We better go see!

We ran fast over to him.

Everyone turned in the direction the human boy was pointing and saw the herd of Apatosauruses that had just arrived all crowded around something. Curious as to what was happening, the group of four hastily made their way towards it and began to weave their way through the maze of large, sauropod feet. Already, they knew something was amiss since they could hear the adults muttering nervously among themselves.

When Littlefoot stepped out into the center of the circle, he got a horrible shock.

Grandpa Longneck was lying down on his side, breathing heavily and not moving a muscle. Standing beside him was Grandma Longneck, looking worried and crestfallen.

The little longneck immediately ran over to his grandparents. Aylene gasped in horror when she saw the situation and immediately rushed over to her friend.

Me: Oh no.

Littlefoot: Grandma! What's going on?! What's wrong with Grandpa?!

Grandma Longneck: You're grandpa is very ill, Littlefoot,

Littlefoot: Ill?! But he'll get better, won't he?!

Grandma Longneck: I don't know, Littlefoot, Some dinosaurs do and… some don't.

Tears began to well up in Littlefoot's eyes when he heard the news.

He fought hard to hold them back, but the reality of what he was seeing in front of him made it almost impossible to do.

Suddenly, from behind him, the Old One approached the family.

Old One: I've seen this sickness many times in my life.

Me: You know this disease?

Old One: I do unfortunately. No dinosaur ever recovers from it unless…

The matriarch of the Apatosaurus herd hesitated.

Aylene C.: Unless what?!

Old One: Unless they eat the golden petals of the Night Flower.

Littlefoot: The Night Flower?

Me: The Night Flower?

At the mention of this flower, the rest of the migrating herd began to mutter among themselves again. However, the tones of their voices were mixed with both hope and fear. They seemed to be hopeful about this flower's curing properties, but something didn't feel right when the hints of distress made themselves present.

Old One: Sick dinosaurs eat them and are cured, if they eat them in time.

Littlefoot: Grandma! Mother! We have to get the Night Flower for Grandpa!

Me: I agree. We have to get it and fast!

Grandma Longneck: Old One, where can I find the Night Flower?"

The matriarch didn't reply right away. Instead, she turned her head to the northeast and gazed at it for a moment. She then turned back to Grandma Longneck and said in a low voice.

Old One: In the land we came from: the Land of Mists.

There was a simultaneous gasp from both Grandma Longneck and the migrating herd.

Aylene C.: The Land of Mists.

**Littlefoot:** The Land of Mists!

Me: That's a Suicide Mission!

Nico: More like a death sentence. After everything it went through because of the changes it's now a big banishment point.

Lincoln: That's what I would call it.

**Grandma:** Cousins, who will take me to the night flower?

Cousin 1: Not me.

Cousin 2: I'm not going back there.

Cousin 3: You'd have to be crazy.

**Old One:** The land has changed too much. Longnecks are not welcome there.

Littlefoot: But what about my Grandpa?!

Aylene C.: We can't just do nothing! We have to do something! If we all work together then we can… !

Before Aylene could finish, the Old One lowered her head to the human girl's level and stared at her with hard eyes.

Old One: It is too dangerous!

Aylene opened her mouth to speak, but no words came out. She eventually dropped her gaze, unable to bear looking into that longneck's stern face.

When the Old One saw Aylene's defeated expression, her face softened significantly. Then without speaking another word, she turned away and led her herd back to their resting ground.

Ali, concerned for her new friends, was about to run over to them when Ken stepped forward to block her path.

Ken A.: C'mon Ali, It's getting late.

Ali: But Ken, isn't there anyway we can help?"

Ken hesitated for a second. He glanced back at Aylene, who was trying to comfort Littlefoot. He then looked away with a crestfallen look.

Ken A.: I'm sorry, There's nothing we can do.

Ali: But Ken…

Ken A.: Ali, I know what you're thinking and you might as well forget it. I'm not risking your life or their lives. We can't go back to that place and you know that. I'm sorry, but we just can't.

Ali hung her head low as the two friends walked back to their herd. Ken just looked down at his feet, silently apologizing to his friends.

**Grandpa:** (Weakly) Littlefoot?

**Littlefoot:** Yes, Grandpa?

**Grandpa:** Littlefoot! I want to promise, that if anything happens to me…

**Littlefoot:** But, Grandpa! Nothing is going to happen. I'm going to take care of you.

**Grandpa:** You're still very young, and Grandma isn't as strong as she once was. If our valley does change, I won't be here to protect you. Our cousins are strong, and the Old One is wise.

**Littlefoot:** I don't think she's so smart.

**Grandpa:** Littlefoot, promise me… that you and Grandma will go with them… if the time comes.

**Littlefoot:** But Grandpa, you're going to get better.

**Grandpa:** Promise me!

**Littlefoot:** I promise…

**Grandma:** It's time to sleep, Littlefoot.

**Littlefoot:** But I want to help you watch Grandpa.

**Grandma:** You can help me by getting some rest.

Aylene C.: But there has to be more we can do!

**Grandma:** Littlefoot! We all must learn to accept what the Great Circle of Life hands us.

**Littlefoot:** No…

**Grandma:** Please try to understand, little one! There is nothing we can do. Now try not to worry. The Great Circle of Life brings us many good things too, sometimes, when we least expect them.

Me: We're not gonna give up on Grandpa Longneck. We got to try.

Lily: I could use my water but I don't think I'm strong enough to do it.

Me: Yeah.

Grandma Longneck: The Circle of Life… is simple, yet profound. (Singing)

🎶A quite straight forward line that goes around and round and round🎵

🎶It starts at the beginning,🎵 and it will never end.

🎶And that to me, must surely be life's secret, my friend.🎵

🎶For the Circle of Life🎵 🎶continues every day🎵

🎶None of us can stop it🎵

🎶from going on its way.🎵

🎶With each new generation, one more circle is complete.🎵

🎶On and on and on It goes repeating🎵

🎶Repeating… Repeating… Repeating🎵

🎶It nurtures the young until they're fully grown.🎵

🎶And soon life's magic circle brings them children of their own.🎵

🎶The family of nature,🎵

🎶each husband and wife… 🎵

🎶Enhances the circle, The ever-winding circle,🎵

🎶The wonderful circle of life🎵

**Grandma:** Good night, my little one.

A tear dripped onto Littlefoot's head.

Despite the words efforts to be encouraging, that only brought more pain to the young ones. That only meant there wasn't anything they could do. All they could do was helplessly watch nature take its course.

Even after Littlefoot settled down to rest with Aylene leaning against his side, and even after his grandmother went back over to look over her husband and the sun had set behind the mountains, the pain of losing family kept hitting the young longneck in the face and stomach. He tried to get himself to fall asleep, but it was futile. Instead, he just continued to shed tears.

Aylene hugged herself tightly. She hated seeing her friend hurt like this. And to make it worse, it was going to be prolonged until Grandpa Longneck…

The human let out a heavy sigh and shut her eyes tightly, realizing that she was once again helpless to do anything about this.

Or was she?

There was still that Night Flower. If that was their only hope, and there was still time…

A sudden will of determination seemed to burst inside of Aylene like a firework. She clenched her fists and got up from her spot.

Feeling his friend move away, Littlefoot looked over and saw Aylene strapping her quiver around her waist and her sword too and throwing her gym bag onto her back.

Littlefoot: Aylene, what are you doing?"

Aylene C.: I'm going to find the Night Flower, If it's our only chance to save your grandfather, then I'm going to take it."

Me: We'll go with you Aylene. We're all in this together and we're not going to give up.

Littlefoot: But guys, you heard what the Old One said: the Land of Mists is dangerous.

Me: That's why danger is my middle name.

Leni: I thought it was Dean.

Lori pat her head.

Aylene C.: And I heard you say that you didn't think she was so smart.

Littlefoot's voice failed the moment his human friend said that.

Aylene C.: Besides, even if the Land of Mists is dangerous, that hasn't stopped us in the past. And if there's one thing this world has taught me, it's that we all have the power to change our fate. And if there's a chance to save Grandpa Longneck's fate, then I'm going to take it. Now, are you with me?"

Upon hearing such a rallying speech, Littlefoot's eyes narrowed into a strong determination and he walked over to his friend.

Aylene C.: Always.

Me: We're with you too Aylene.

Aylene C.: Excellent, Now c'mon. If we're going to go to this place, we're going to need help from someone who knows the territory, as well as the path that takes us there."

Me: Right.

Edd was putting upgrades in his helmet on.

Rojo: (to Iron Boy) You're seriously putting on those upgrades and helmet that I gave you? What makes you think you can handle them this time?

Iron Boy: I've learned something since then. It's the man, not the weapons.

Me: Good saying Double D.

Lincoln: We got to find that flower for Grandpa Longneck and fast.

Aylene C.: And we're going to find it whether it's dangerous or not.

Without another moment of hesitation, Aylene leapt onto Littlefoot's back and the longneck quickly and we silently ran off into the night.

We all carefully crept past the sleeping herds of the Great Valley. Both of them felt the urgency of their mission and took great caution to not get caught. If they were, then they would most certainly not get another chance to try and get the Night Flower. They couldn't let that happen. This was their only chance and they couldn't waste it.

We all didn't dare utter a single word as they approached the slumbering migrating longnecks. Hardly daring to breathe, they slowly walked among the sauropods taking great care not to accidentally wake any of them.

Things started to get a little more intense as they made their way around one of the larger Apatosaurus's. When they walked into a position where they could see its face, they both froze when they realized that it was the Old One. Although she was asleep, her snoring and closed eyes being the evidence of that, the two friends became even more wary when passing her. She was defiantly the last dinosaur they wanted to get caught by at this point.

Once they got past the Old One, they were relieved to find they had arrived at the very place they wanted to be.

Just a few feet away from them were Ali and Ken sleeping beside Ali's mother. Ironically, Aylene saw that Ken was sleep up against Ali's side, almost exactly like how the human girl slept against Littlefoot's side. However, she didn't have time to think about this detail too much. There were more important things at hand.

Littlefoot and Aylene and us slowly approached the sleeping longneck and human and Aylene knelt down, gently shaking Ken's shoulder.

Aylene C.: Ken, wake up."

Me: Ken, Ali it's us.

The human boy winced and groaned for a moment before opening his eyes. When Ali felt Ken move suddenly, that forced her to awake as well. They both looked over and were surprised to see Littlefoot and Aylene standing right in front of them.

Ken A.: Aylene? Guys?

Aylene C.: Shh!

Ali: What are guys doing here?

Littlefoot: We've got to find the Night Flower.

Ken A.: What?!

Aylene C.: SHH! Keep it down!"

Me: We don't want to wake anyone up.

Ken A.: You guys can't be serious!

Littlefoot: C'mon let's find some place to talk."

Ali: C'mon, Ken.

Ken glanced back and forth between his best friend and the two Great Valley residences. He then slowly stood up and gathered up his crossbow, quiver, and gym bag.

Ken A.: Okay, but just to talk."

Feeling just slightly relieved, Littlefoot and Aylene and us quickly guided Ali and Ken away from the migrating herd to a safe place to talk. In about ten minutes, they came to a small trench deep in the forest. It was hidden behind large tree roots, making it hard to see anything inside it. They quickly gathered inside the trench and settled down for a moment.

Aylene C.: Can you guys tell us how to get the Land of Mists?

Ken A.: No way, Aylene. I'm sorry, but that place is too dangerous. You guys can't go there.

Me: That's never stopped us all before.

Nico: We practically throw ourselves into danger all the time and we do it to save the universe.

Lincoln: That's right.

Eli: Yeah.

Ken A.: But…

Littlefoot: But Ken, my grandpa is sick and the Night Flower is the only cure for him! We have to do something! Please, you have to help us!"

Ken A.: I'm sorry, Littlefoot. I really am. But I can't do that. You guys have no idea what's there. You'll be sitting ducks if you go there.

Aylene C.: We've got to at least try!

Aylene C.: Aylene, you guys are just going to get yourselves killed! I can't let you guys go alone and that's final!"

Me: We don't die that easily.

Aylene C.: Dangerous situations had never stopped us before and they won't stop us now! I ain't no pushover and Littlefoot is not going to give up on saving his grandpa! We'll go to ends of the earth to get those flowers if we have to! And whether you help us or not, we're going!

Ken A.: Aylene… !

Me: Come on Ken. Littlefoot needs us. His grandpa's life is on the line here and we need to go to the Land of Mists and get the Night Flower to save him.

Ali: Ken, please!

The moment the female Apatosaurus spoke, everyone's attention turned to her. The look on her face was one of sympathy and tears were starting to form in her eyes.

Ali: We have to help them! Remember how we felt when my father died?! We can't just sit here and do nothing! I'm afraid to go back to that place, too, but we have to do something! Please, Ken! We have to help them! We just have to!

When Ali had finished her speech, Ken's expression softened significantly. And if Aylene didn't know any better, she would've sworn that she saw a glint of guilt in his eyes.

Me: (In my head) I sense that he has a tremendous amount of guilt in his eyes. That's unusual.

Ken then looked back and forth between Littlefoot, Aylene, and Ali. He then turned away and grimaced. He inhaled deeply and held his breath for a few seconds before letting out a gruff exhale.

Ken A.: Okay, fine, we'll show you the way.

Aylene C.: Thank you. Now we just need to get the others.

Ken A.: No.

Littlefoot: But Ken… !

Ken A.: I'm willing to help you guys, but I'm not willing to risk their lives, too. The Land of Mists is filled with monsters and they would just be several more people to keep track of. I know you two are going to go no matter what, and I will help you, but I won't put their lives at risk. The fewer of us that go, the better off we'll be.

Aylene C.: I don't know, Ken.

Ken A.: Look, are we going to go or not? If we are, we have to leave now. We'll have to put some distance between us and the adults to prevent anyone from stopping us.

Aylene gave a suspicious glare at Ken. Just something about the way he was behaving felt off. Although he said would help Littlefoot and her find the Night Flower, he didn't seem too keen on the idea a few moments ago, and he still didn't seem too keen on it now. There was defiantly something about the Land of Mists he wasn't telling them about. Whatever it was, it was most likely the reason why he didn't want to go back in the first place, and it was probably the reason why he didn't want the rest of the Gang to come along either.

But what was it?

Littlefoot: Aylene?

The human girl shook her head as the Apatosaurus' voice broke her trance.

Aylene C.: Sorry, Let's get going. But first, I need to do something."

After grabbing a nearby stick, Aylene knelt down and began to write a message in the dirt.

We were off.

* * *

The next day, Cera, Ducky, Petrie, and Spike began searching the Valley for the rest of their friends.

They had been waiting for Littlefoot and Aylene down by the usual meeting place at Thundering Falls ever since morning came. Now sun was steadily drawing closer to the middle of the sky. They knew something was defiantly afoot when the longneck and human didn't show up. They were never this late.

After searching the Valley in all of the possible place that their friends could be, they regrouped at the small trench that they had designated as their little "clubhouse" during the time when Thundering Falls had been blocked up and they needed a secret meeting place to discuss what they could do to find more water.

Ducky: I could not find them anywhere.

Petrie: I no find them either.

Cera: This isn't like them. I bet they're just hiding from us so they could spend some time alone with Ali and Ken."

Ducky: They wouldn't do that, Cera. You know they would talk to us first. They would.

Petrie: Besides, we haven't seen Ali and Ken either. Surely we would've found them by now.

Cera gave a pensive look. She didn't want to admit it out loud, but the swimmer and flyer had good points. She knew Littlefoot and Aylene wouldn't just go off and play on their own unless they had already talked with the rest of the Gang first. And if they had really gone off to play with Ali and Ken, they would've found them by now.

However, that still left the question of where they could've possibly gone.

As Cera glanced around, pondering the question, something in the dirt caught her attention.

Cera: Hey, look!

The Triceratops pointed with her paw at the scribbles in the ground. The Gang gathered around it and immediately became confused as to what it meant. The lines looked to precise and clear to just be haphazard markings or footprints. Some were straight, connecting, swirly, and some looked like circles with lines.

Petrie: What's this?

Cera: You got me.

Later we were travelling through the desert.

Aylene C.: I can't believe I forgot you guys can't read!

Littlefoot: I was wondering what you were doing when you were making those lines with that stick.

Aylene simply let out a frustrated groan. She was so used to her friends having human-like qualities that it never dawned on her until now that they couldn't read. They probably didn't even know the concept of reading and writing either. The message Aylene left was suppose to tell Cera, Ducky, Petrie, and Spike that they had gone to the Land of Mists for the Night Flower and would be back shortly.

Now the girl was greatly regretting writing it in the first place since they wouldn't understand it.

Kem A.: You can worry about that later. We're almost to the canyon. It should take us to the waterfall. From there, we have to pass through a cave that will take us to the Land of Mists. We should arrive there a little bit past noon."

Me: Okay.

Ali: Well, I'm glad you're the one with a good memory, Ken. I totally forgot the path we took."

Ken A.: Don't worry about it, let's just keep going."

Aylene C.: Are you sure we're almost there? We've been walking through this wasteland since before dawn."

Ken A.: It's not the far now. Just trust me.

We all continued to walk across the sandy plan toward the northeastern horizon. After sleeping in a small, secluded cave on the outskirts of the Great Valley, the two longnecks and two humans immediately set out toward the Land of Mists with Aylene riding on Littlefoot and Ken riding on Ali. With Ken being their pathfinder, they quickly got on the correct route and were heading toward their destination.

With every step we took, we were getting closer: closer to finding the Night Flower, closer to saving Grandpa Longneck, and closer to a potential danger lurking in the veil of the mists.

In just less than hour later, Littlefoot, Aylene, Ali, and Ken and all of us soon found themselves walking down a narrow pass. In just a few minutes, they came to stop on a small ledge and gazed at the spectacular sight before them.

Just in front of them was a large waterfall that looked like it was about a mile high. The crystal clear liquid flowed down the falls and splashed down into the rushing river below. Water droplets sprinkled all around, creating two rainbows.

However, while the others all stared in wonder and amazement at the scene, Ken narrowed his eyes and gave a deep exhale.

Ken A.: This is it, we're almost there. We just need to pass through the caves.

Me: Okay. That shouldn't be too tough.

Littlefoot: Are you okay, Ken?

Ken A.: I'm fine. Let's just get this over with.

Littlefoot and Aylene followed Ali and Ken down a small path that lead across the river and down a small path that led them behind the waterfall.

Cutthroat: I think I see a cave up ahead.

Me: I see it too.

Ali: I know this path.

When we got past the falling waters, they found themselves entering a large cavern. Enormous columns of rocks stretched all the way to the ceiling. Stalactites of all sizes jutted out from the roof of the cave and stalagmites spiked up from the ground. Except for the sunlight from the entrance, the cave was rather dark and dreary.

Me: Wow! What a cave.

Lincoln: It's huge!

Laney: Yeah.

Laney: And it's beautiful.

The group stopped for a moment and the two humans slipped off of longnecks.

Aylene C.: It's pretty dark in here.

Lucy Loud: If it's dark I like it.

Ken A.: Use your Time Stone for light. Like this.

Aylene watched as Ken cupped his Time Stone in both of his hands and brought them to his mouth. He then blew some air into the enclosure of his fists. At the same moment, a small, light blue light began to shine in his hands. When Ken let his Time Stone hang freely around his neck again, Aylene was surprised to see that it was glowing brightly.

Aylene C.: Whoa!

Me: Wow! Who needs a flashlight when you can just do that with the Time Stone.

Ken A.: See? Now you try.

Me: I got some road flares too.

I pulled out a bunch of road flares.

Vambre: (British Accent) And I brought this.

Announcer: FLASHLIGHT MAGISWORD!

Vambre had the Flashlight Magisword out and lit the way.

Laney and Lincoln struck the road flares and lit them.

Aylene C.: Thanks Ken.

Ken A.: No problem, I learned that trick just a few weeks ago. Just be careful, it will only stay this way for a limited time."

Aylene C.: Thanks for tip. Now, how do we get through this cavern?

Ken A.: We need to proceed with caution.

Ali: That's right. I do remember this place has a lot of deep spots in the water. And sometimes you just walk right into them without meaning to. They were so deep that my mother had to carry us through it.

Ken A.: Just keep an eye our for dark water. That's the biggest indicator of deep water. And keep your wits about you. There's no telling what hocus pocus may lurk in these caverns.

Me: Noted.

Littlefoot: Okay, then. I'm sure we'll be fine if we stick together.

Ken A.: Right, C'mon, this way.

Slowly and cautiously, the group continued on their journey through the caves. The only sounds that could be heard were their feet when they splashed through the shallow parts of the pools of water, droplets dripping from the stalactites, faint roars of waterfalls that were scattered throughout the cave, and a small howling sound that came from the wind.

With each step they took, both Ken and Ali were becoming more and more anxious. They constantly exchanged worried glances and were whispering back and forth to each other. As much as Littlefoot and Aylene strained to hear what they were saying, they couldn't make out a single word.

Eventually, the two of them trailed just a little ways back so they could talk to each other.

Aylene C.: Littlefoot, they're not telling us something.

Littlefoot: I know, but we can't ask them directly. That would be rude."

Aylene C.: Still, we need to know what they're not telling us. I have feeling it's something important.

Littlefoot: It could be something private. Or something they don't want to talk about."

Aylene C.: Yeah, I have thought of that. But Ken was defensive about not coming. And now, he and Ali are acting really nervous."

Littlefoot: You do have a point, bit I don't want to offend them."

Aylene C: Neither do I but…"

Aylene abruptly stopped talking when she noticed that Ken and Ali had stopped. She looked at them and saw that they were glancing around in different directions of the cavern.

Littlefoot: Ali, Ken, what's the matter?

Ali: I don't remember this place.

Ken A.: I don't recognize it either.

Aylene C.: Are you sure?

Ken A.: I'm sorry, but this place has me turned around.

Me: Yeah this whole place is like a maze.

Luan: It's A-MAZE-ing! (Laughs) Get it? But seriously it is crazy.

Ken laughed at Luan's joke.

Ken A.: Good one Luan.

Littlefoot: Well, then we should just try to find another way through the cave.

Ken A.: We can't just go in a random direction, We'll most likely get lost. And time is not on our side.

Me: That's right. Every second that slips by, Grandpa gets closer and closer to kicking the bucket.

Ali: But we can't just stand around here either.

The female longneck then looked around and pointed with her paw at an opening with some sunlight spilling in.

Ali: Why don't we try that way?

Littlefoot: It's worth a shot.

Ken hesitated for a moment before letting out a deep exhale.

Ken A.: Okay.

The group quickly made their way to the opening. However, the moment they past through it, they immediately came to a stop. The path before had stopped and dropped off down toward a pit of sharp stalagmites and a series of rivers flowing in between the columns.

Aylene C.: That's a long way down.

Me: No kidding. Wow.

Littlefoot looked at his human friend. He remembered Aylene was afraid of heights, and that the pit below them was a pretty long drop. So right now, he couldn't blame her for keeping her distance.

Littlefoot: I think we better go back.

At that moment, part of Littlefoot's statement echoed through the large cavern, saying: "go back". It repeated itself three times, each time getting softer and softer.

The two Apatosaurus both looked around in surprise when they heard it. The humans, on the other hand, didn't seem to take much notice of it.

Ali: Who was that?

Ken A.: That was an echo.

Littlefoot: An echo?

Aylene C.: It's when a sound bounces back at something. You mostly hear it in caves since they have a small enclosure. Just listen.

Aylene cupped her hands around her mouth and shouted.

Aylene C.: ANYBODY THERE?! (ECHOES)

In an instant, the sounded bounced all over the walls of the cavern and back at the group. Each time it repeated, it grew more and more faint until it was silenced altogether.

Aylene C.: See? An echo.

Me: That is a great echo.

Ken A.: Well, now that we've had a little science lesson in sound waves, I suggest backtrack and find another route.

Suddenly, the ground began to shake. We all froze as the tremors increased. We all then looked up and realized with horror that the earthquake was causing the stalactites on the ceiling to come loose.

Ken A.: IT'S A CAVE-IN! RUN!"

We ran and flew.

Aylene quickly jumped onto Littlefoot and Ken leapt onto Ali. The two Apatosauruses immediately set out running. No sooner did they start racing back toward the entrance of the cave that the stalactites came loose from the ceiling and began to shower down to the ground. The two dinosaurs had to dodge, leap, and sprint to avoid getting crushed or impaled by the pointed rocks.

To make matters worse, a small gap began to form between them and their way out. Using all of their strength, Littlefoot and Ali practically vaulted over it. However, as Littlefoot landed, the quaking earth caused his foot to slip out from under him, causing him to stumble.

The next thing Aylene knew, she flew off of Littlefoot and everything went black.

---

Ali sprinted toward the entrance as fast as her legs could carry her. When she and Ken were almost there, they noticed that the earthquake was slowly coming to a stop. They both turned around, expecting to see Littlefoot and Aylene right behind them.

But to their horror, there was no sign of them. Instead, there was a huge wall of fallen rocks blocking the path. And everyone else but me and Eli were with them.

Ali: LITTLEFOOT!

Ken A.: AYLENE!

Nico: J.D., ELI!

They all quickly raced back toward the wall. Ken leapt off of Ali and began to hastily climb towards the top of the wreckage. Using all of his strength, he desperately tried to push the rocks away. At the bottom, Ali was doing all she could to push some boulders away. No matter how hard they pushed and shoved, the rocks refused to move.

Ken A.: AYLENE! AYLENE! CAN YOU HEAR ME?! ARE YOU OKAY?!"

Ali: It's no use, Ken! These rocks are too heavy for us!

Nico: J.D., Eli! Can you hear us!?

Me: (From behind the rock wall) Nico, Everyone! Can you hear us!?

Nico: Are you all right!?

Me: We're fine but Aylene fell off Littlefoot and hit her head! You guys have to go back to the Great Valley and get the others.

Ali: We're on it! Ken, We have to get the others!"

Ken A.: Ali… !"

Ali: Ken, please! It's their only chance!

Nico: Ali is right Ken. We have to get them. I'm second in command of the team and we have to do what J.D. says.

Ken A.: Okay.

Ken looked back and forth between the wall of rocks and Ali. He didn't want to leave Aylene and Littlefoot behind, especially in a place like this. And what they could've been hurt by the cave-in? Not to mention, the boy still didn't want to put the others in danger. Once he and Ali brought them back, they would also have to take them to the Land of Mists with them.

Still, Ali and Nico were right. They needed help if they were going to get through this wall.

Ken A.: Okay, but we have to hurry!

Nico: We haven't got a moment to lose!

Ken then carefully raced down the rocks and mounted back onto Ali.

Ali: Don't worry guys! We'll be back!"

Nico: Lets go!

Without another moment of hesitation, Ali and everyone else raced off toward the entrance of the cave. Before they left the cave completely, Ken looked back over his shoulder, praying that Aylene and Littlefoot would be okay until they came back with some help.

---

Aylene groaned and winced as she slowly came around. She wearily opened her eyes and struggled to sit up. Once she was able to brace herself with her arms, she shook her head, trying to shake away the dizziness.

Aylene C.: Oh, ow.

She then looked over to see Littlefoot was just a few feet away from her. The moment she realized that he was unconscious, she quickly got up and ran over to him.

Aylene C.: Littlefoot! Littlefoot, are you okay?! Wake up!"

Me: Aylene? Are you okay?

Aylene C.: My head hurts.

Eli: I'm okay.

In just a few moments, the longneck began to stir. He slowly opened his eyes and looked up to see his friend kneeling down beside him with a concerned expression on her face.

Littlefoot: Aylene?

Aylene C.: Yeah, I'm here.

Littlefoot then slowly stood up. He and Aylene both looked around and saw a huge wall of rocks right in front of them. They realized with a horrible shock that it was blocking their way out.

And to make matters worse, Ali and Ken were nowhere to be seen.

Littlefoot: ALI!

Aylene C.: KEN!

They both scrambled up the wreckage and began to desperately push away the rocks.

Aylene C.: KEN! ALI! ARE YOU GUYS THERE?!"

No one answered.

Littlefoot: I have a bad feeling about this.

Aylene C.: Me, too. But we gotta try and get through. C'mon, help me move these rocks.

---

Back in the Great Valley, everyone was getting concerned.

Cera: Whoa! That was quite an earthquake!

Petrie: Me glad me flying when it happened.

Cera: Oh, knock it off, Petrie. C'mon, let's keep going."

After finding those scribbles in the dirt, Cera, Ducky, Petrie, and Spike decided to try their luck at finding Littlefoot and Aylene back at Littlefoot's nesting place. It seemed to be the most logical place to look after all, and Cera was still kind of inwardly kicking herself for not thinking of it sooner. Regardless, she hid her embarrassment and the group proceeded to make their way through the forest.

However, as they approached the area, they stopped when they heard the sound Grandma Longneck calling, and she sounded worried.

Grandma Longneck: Littlefoot! Aylene! Littlefoot, Everyone, where are you?!"

The Gang of four looked through the bushes and saw the elder female longneck walking back toward the nesting place. The distress on her face was unmistakable.

The groups' attention was soon drawn to Grandpa Longneck, who was lying on the ground in a position that wasn't natural for a sleeping longneck. He looked so weak, almost dead. The only indication they had that he was still alive was his body slowly rising and falling with every breath. Even then, his breathing was very shaky.

Ducky: What's wrong with Grandpa Longneck?

Cera: I don't know. And I don't see Littlefoot, the team or Aylene anywhere."

Petrie: What do you think is going on?

Cera was about to reply when another female voice called out from the opposite direction of Grandma Longneck.

Ali's mom: Ali! Ken! Ali! Ken! Where are you?!

In a few seconds, a young female Apatosaurus from the migrating herd came into view. Her face was painted with worry and distress. When she saw the elder Great Valley longneck, she hastily approached her.

Ali's mom: Oh, Mrs. Longneck," she asked, "have you seen my daughter?!"

Grandma Longneck: No, I'm afraid not. Have seen Littlefoot?"

Ali's mom: No. I didn't know he was missing.

Grandma Longneck: I woke up this morning and he and Aylene were gone.

Ali's mom: Ali and Ken were gone as well."

The two longnecks then looked at each other. The worry in the their faces intensified as they began to piece together what was going on.

Grandma Longneck: I'm afraid they've gone to find the Night Flower.

Ali's mom: But Ali and Ken know they can't go back to that place! And Ken wouldn't lead Ali anyone into danger!

Grandma Longneck: I think Littlefoot and Aylene must've talked them into it. Littlefoot was so worried about his grandpa, and Aylene was determined to save him. And Ali and Ken know the way to the Land of Mists. I'm sure they're all searching for the Night Flower. Oh, I'm very sorry about this.

As the two longnecks continued their conversation, the young dinosaurs all looked at each other with surprise and concern. After a while, Cera nodded her head in such a way that it was a clear indicator for them to move away from the place so they could talk.

Cera: Back to the clubhouse.

The others nodded. Without a moment of hesitation, they quickly made their way to the meeting place.

Once they got there, Cera, Ducky, and Spike all sat down, Petrie perched himself on a root jutting out from the dirt wall, and they all began to discuss what they had just overheard.

Cera: So Grandpa Longneck's sick. Figures Littlefoot and Aylene and everyone would try to find a way to help him.

Ducky: But why didn't they ask us to go with them?"

Petrie: Well, Ali did say Land of Mists was full of dangerous monsters.

Cera: Ugh! What is it with those guys all getting into trouble all the time?! You know what happens after later: WE have to go and save them!

Ducky: But Cera, we don't know how to get to the Land of Mists. No, no, no.

Petrie: That right. And me no think grown-ups are going to tell us."

Spike responded to the Petrie's statement with a nod and a grunt.

Cera was about to say something when the grass outside of their hiding spot began to rustle. At the same time, numerous voices began calling the names of the young dinosaurs.

Ali: Cera! Ducky!"

Ken A.: Petrie! Spike!"

The Gang of four looked over just in time to see Ali and Ken and everyone else lead by Nico emerge from the tall grass. Ali had some strands of grass clinging to her body and two long pieces were dangling off of her head. Ken was covered with sweat, giving him a shiny appearance like he had just come out of a lake. His bangs were stuck to his forehead and his cloths were soaked. Both of them were covered in dirt and were staggering, winded and fatigued. They were also panting hard, like that had just run a marathon, which wasn't really far from the truth.

However, Littlefoot and Aylene were nowhere to be seen.

Ali: Guys! There you are!

Ducky: Ken! Ali!

Petrie: Everyone. You back!

Cera: Where are J.D. Eli, Littlefoot and Aylene?!

Ken A.: That's just it! They need your help! They're trapped in a cave!"

Petrie and Ducky: What?!

Ali: There was an earthquake and the cave fell down! We managed to get out, but they're trapped on the other side! Please, you've got to come now!"

Cera: Why should we?! How do you we know you're telling the truth?!"

Nico: Cera this is not the time to argue.

Ken A.: We're not making this up! Littlefoot and Aylene are in serious trouble! You're their friend, aren't you?!

Cera: If I'm their friend, they why did they leave us behind?!

Ken A.: That was my fault! They were going to ask you to come, but I told them no! But it was for your own protection! Now please, they need your help!"

Cera glared at Ken for a moment. The others could only speculate what was going on in her mind at this point. She was obviously hurt about being left behind, and she didn't seem to happy that Ken just admitted that he didn't want her and the others to come with them, even if it was for their own protection.

However, her response to him was surprising.

Cera: Okay, fine! Let's just get going!"

Ken sharply nodded and ran back over to Ali. He leapt on his friend's back and the small group quickly made their way back to the path that would take them to the caves behind the waterfall.

---

Meanwhile, back in the caverns, Me, Eli, Littlefoot and Aylene franticly tried to dig our way through what seemed to be and endless wall of rocks. Despite all of our efforts, they could barely make any significant progress. The rocks were either too big to budge, tightly wedged between more boulders, or in such a position that it would risk another rockslide if they were moved.

Eventually, after about an hour of pushing and shoving, the longneck and human sat down to rest, leaning up against the boulders at the base of the wall. Both of them panted heavily and groaned as a dull pain began to rack their shoulders and backs.

Aylene C.: Ugh, it's no good, Littlefoot. All this does is hurt our shoulders.

Littlefoot: What do we do now? We can't dig through this.

Aylene C.: J.D. can't you blast through it?

Me: No we can't risk that. The explosion would cause another cave in.

Eli: Yeah.

Aylene thought for a moment.

Aylene C.: There's got to be another way through the caves.

Although I'm not too keen on just wandering around without a sense of direction. We can easily get lost in here."

Littlefoot: Well we could try setting up a trail or something.

The moment the Apatosaurus said that, the gears in Aylene mind began to turn.

Aylene C.: Say, you have strong sense of smell, right?

Littlefoot: Yeah.

Aylene C.: Would you be able find something with my scent on it?

Littlefoot: I guess I could. Why?

Aylene stood up and pulled out one arrow. She then turned around and carefully wedged it into a firm part of the wall, be cautious not to cause a rockslide.

Aylene C.: If I leave this here, could you use it as a way to lead us back here?

Littlefoot wandered over to the arrow and sniffed it, getting its scent.

Littlefoot: I think I can do that.

Aylene C.: Okay, let's see if we can find another way out.

Me: Okay.

The 4 of us walked side-by-side through the dark caves. The only light we had were slits of sunlight through the ceiling and the steadily fading glow of Aylene's Time Stone. It was only a matter of time before it would extinguish completely, and there was no way of knowing if the girl would be able to light it again immediately, or if she would have to wait.

Fortunately, but the time its light had gone out, they had come across a section of the cavern where there were huge holes in the ceiling, allowing plenty of sunlight to shine through.

Littlefoot: Well, at least it's not so dark anymore.

Aylene C.: Yeah, but this place still gives me the creeps. Plus, we have no idea what lives here.

Littlefoot: Well, we haven't seen anything yet.

Aylene C.: True. Let's just keep moving.

Me: Okay.

Littlefoot and Aylene continued to wander through the caverns. For a short while the only sounds they could hear were the wind softly blowing above the openings in the ceiling and their own footsteps.

That soon changed when they heard a third noise. It sounded like a soft slapping kind of noise. Whatever it was, it sounded close, and behind them.

With simultaneous gasps, Littlefoot and Aylene sharply turned around. There was nothing behind them, and the sound had stopped. They both exchanged wary looks before turning around and continuing on the way. The moment they turned their backs and walked away, the sound returned. They looked over their shoulders again, still nothing. However, when they turned around and walked a few paces, they both stopped for a moment. Before, the sound synchronized with their footsteps. This time, however, it gave a few more beats, even after they stopped.

Aylene C.: Okay, I KNOW I heard something that time!

Me: Me too.

Suddenly, something roughly bumped Littlefoot from behind. The longneck quickly lowered his head and looked underneath his body.

A strange face growled at us.

Startled, the longneck and human let out involuntarily screams and sprinted away. However, both of them were in such a panic that they didn't see a rock on the ground in front of them. As a result, Littlefoot, being ahead of Aylene, tripped over the rock and practically summersaulted onto his back. Before Aylene realized what had happened, she couldn't stop in time. She tripped over Littlefoot's head and fell over onto his belly, knocking the wind out of him.

Turtle: What are you doing in my cave?!

After getting her senses together, Aylene hastily got up off of Littlefoot and got ready to defend him from whatever threat was behind them. However, the moment she turned around and got a look of what scared them, she became more surprised than scared.

Approaching them was a large turtle-like creature, known as an Archelon. He had greyish tan skin and a dark brown shell. However, given the little light in the cave, it was all tinted with a bluish color.

He was scowling and growling at both Littlefoot and Aylene. However, Aylene couldn't help but smile. There was something he was missing that was making him not as threatening as he was trying to be.

Me: Whoa! An Archelon.

Eli: One of the first sea turtles.

Aylene C: Wait a minute, you don't have any teeth."

The Archelon gave a weak growl before trailing off. He knew he was caught.

Archelon: Yeah, yeah, I know, I couldn't scare anybody if my life depended on it. But you can't blame a guy for trying. This cave's a dangerous place, you know?"

Littlefoot: Yeah, we kind of gathered that.

Archelon: Oh, listen, I'm really sorry about that, It's just that ever since some hostile intruders entered the cave, I've been rather on edge.

Aylene C.: Hostile intruders?

Me: Like what kind?

Archelon: Yeah, a giant bellydragger and a sharpbeak. They've been prowling around here since last night. I take it you haven't seen them."

Littlefoot: No. We didn't even know they were here. You're the only other creature we've seen here.

Archie: I see, maybe they've moved on. Oh, where are my manners? We haven't been introduced; the name's Archie. Who are you four?"

Me: I'm J.D. Knudson, leader of Team Loud Phoenix Storm.

Eli: I'm Eli Winston Bullock.

Littlefoot: I'm Littlefoot, And this is my friend, Aylene.

Archie: Hmm, I know you're a longneck, but what are you three?"

Aylene C.: We are humans.

Archie: Humans huh? Well, I'll be. I never thought I'd live to a couple of them."

Aylene bashfully stepped back. She knew she should've been used to dinosaurs in this world being surprised, and maybe to a lesser extent, honored, to meet her, but she was still shy about it. She didn't really think there was anything special about meeting her. She was just a human girl after all.

Archie: So tell me, what are you all doing here all alone?"

Littlefoot: Well, we're not alone. We're with our friends Ali and Ken. I mean, if they're alright that is.

Me: And we came with the rest of my team.

Aylene C.: You see, there was a cave-in near the place where we entered here. Ali and Ken are on the other side of a large wall. C'mon, we'll show you.

Archie followed Littlefoot and Aylene back towards the wall of rocks. With Littlefoot tracking the scent of the arrow Aylene, left behind, they managed to find the place in just a few minutes.

Aylene C.: Ali and Ken are on the other side of this wall.

Archie: Who-e! This was some cave-in. You guys were lucky you weren't hurt. I hope your friends were as lucky.

Me: We all are.

Aylene C.: Do you think you can help us dig out?" Aylene graciously asked.

Archie: Sure, I'll give it a try. Where there's a will there's a way, you know."

The Archelon crawled over to a large boulder near the base of the rock wall and began to pull on it with his large fore-flippers. However, when he strained to budge it, he winced in pain and released his grip on the rock.

Archie: Or a pulled muscle.

Aylene C.: Just don't kill yourself, okay? Well, we better get to work. Hopefully, we'll be able to get through now.

With all the strength each of them had, Me, Eli, Littlefoot, Aylene, and Archie all pushed and shoved on a large rock near the top of the pile. They grunted and strained as they struggled to budge the stubborn boulder. With one last effort, they lodged it from its spot and it tumbled down the wall, crashing to the ground below.

After the whole struggle, they three collapsed on to the rest of the rock pile for a chance to catch their breaths.

Littlefoot: Ugh, It's no use. We'll never be able to dig through all this.

Aylene C.: We can't give up, Littlefoot. We have to try something."

Archie was about to say something when a union of voices from the other side of the wall shouted.

Everyone: J.D., Eli, Littlefoot! Aylene!

Me, Eli, Littlefoot and Aylene jolted up and smiled when they recognized the voices.

Littlefoot: Archie! It's our friends!

Me: Way to come through Nico!

Ken A.: Guys! Can you hear us?!

Aylene C.: Ken, is that you?!

Ken A.: Yeah, are you guys okay?!"

Aylene C.: We're fine! Are you okay?!"

Ken A.: We're alright! Ali, Nico, everyone and I got the rest of the group! We'll have you free in no time!

Aylene C. Okay, Littlefoot and I found some help! We'll work from this end!

Ken A.: Okay, just be careful, we don't want to cause another rockslide!

On each side of the wall, both teams worked to break down the barrier that was keeping them apart. Every now and then, they shouted back and forth to each other to check on the others' progress.

With the extra help, Ken and Ali were now making good headway.

Ken A.: Just keep going, everyone. We're almost through.

Me: Okay!

Together, Ken and Ali worked near the top of the pile in removing some large boulder, Spike and Cera began clearing away small clumps of medium sized rocks near the middle, while Petrie and Ducky worked on moving small pebbles.

Ken A.: Aylene! How's it going on your end?!"

Aylene C.: It's fine!"

At that moment, there was a loud angry roar on the other side of the wall.

Me: Uh oh.

Cera: What was that?"

Ken A.: Aylene! What's going on?!

Aylene C.: Ken, there's a… !

Aylene was cut off by another vicious roar.

Ken C.: Aylene! AYLENE!

Me: It's a Deinosuchus and an Ichthyornis!

Ken gasped in shock when he heard me say those dinosaur species! It was none other than 2 arch-nemese's that he knows from his past! DIL THE DEINOSUCHUS AND ICHY THE ICHTHYORNIS!

**Ichy and Dil** are the two main antagonists of *The Land Before Time IV: Journey Through the Mists* . Their main goal in the film is to eat Littlefoot and his friends, which would unknowingly prevent them from bringing the Night Flowers to Littlefoot's sick grandfather. Ichy is the leader, and Dil is the follower.

Ichy was voiced by Jeff Bennett, who also voiced the protagonists and the antagonist, Petrie in the same film, Ozzy, Mutt (although Mutt redeemed himself along with Hyp and Nod), and Dil was voiced by Tress MacNeille, who also voiced Carol "Mom" Miller on *Futurama*, and Agnes Skinner in *The Simpsons* .

Ichy and Dil are first seen inside a cave, spying on Littlefoot and Ali, who are trying to get through it to reach the Land of Mists. Neither says anything, though, as they quietly observe the "baby Longnecks," as Ichy later calls them. However, they are finally seen and heard speaking soon after a cave-in in the cave causes

Littlefoot to be separated from Ali. Ichy startles Dil when he lands on her head, and when she asks him how he could startle her like that, knowing she has extremely poor eyesight, he simply chalks it up to having "a mean streak." They both get into a brief argument over losing track of Littlefoot and Ali, and this argument leads into their Broadway-esque villain song, "Who Needs You?" They briefly split up from each other after the song, but reconcile seconds later once Ichy catches sight of Littlefoot again and happily tells Dil, with an evil grin, "Something tells me supper is soon."

The villainous predators attack Littlefoot while he is trying to work with his new *Archelon* friend, Archie, in digging through the cave-in to rejoin Ali. Littlefoot tries to hide from the villains in a crevice, but while he eludes Dil and her poor eyesight, he is seen by Ichy, who turns Dil back toward the crevice. After a few minutes, Dil breaks open the crevice and, though it takes her a few seconds, focuses her sight onto Littlefoot. Ichy urges her to "sick 'im," but reminds her to leave him some of Littlefoot's body for him to eat. Littlefoot is initially saved by Archie, who tells the predators to back off, claiming that Littlefoot is merely a snack, while he is a meal. Ichy responds that he sees him as more of the first course, and after ordering Dil to "tenderize" Archie, he and Littlefoot are chased by the villains yet again. Just when they are about to eat them, Littlefoot's friends, Cera, Ducky, Petrie, and Spike, whose assistance Ali briefly returned to the Great Valley to obtain, come to the rescue by inadvertently pushing down rocks onto them. The rocks knock the predators out, and Littlefoot, Cera, Ducky, Petrie, Spike, and Ali escape the cave, led to the exit by Archie. He helps them escape Dil and Ichy for the first time by showing them a shortcut in the cave to the Land of Mists.

Ichy and Dil eventually regain consciousness off-screen, and they follow the group to a river into which Cera has fallen after getting separated from her friends. While Littlefoot, Ducky, Petrie, Spike, Ali, and their new friend, a *Megazostrodon* named Tickles, initially seem poised to rescue her by pulling her out of the water with a vine, Ichy foils their attempt by snapping said vine with his beak to make it easier for Dil to get to Cera. Ichy (who sees Cera) then thanks the kids for the shortcut to dinner (saying, "THANKS FOR GIVING US THAT SHORTCUT… !… TO DINNER!"). However, again because of her bad vision, Dil chomps down on a log floating in the river instead of Cera, whom she barely misses. Then, to distract their foes, Littlefoot, Ducky, Petrie, Spike, Ali, and Tickles try pelting them with rocks. Soon after this, Ali tries to save Cera on her own, and when Ichy notices this, he makes an attempt to eat her himself, flying toward her and swooping down on her, his tongue hanging out of his beak in hunger. Unfortunately for him, Ali sees him and ducks from him just in time, and he ends up with his head stuck in a rotted-out tree. Ali laughs at his comical situation as she walks away, and then rides a confused Dil to rescue Cera and gets them both to safety. Ichy and Dil then fight over letting the children get away yet again.

It is not till sometime that night that Dil finally rests up long enough to get Ichy out of the tree, although when Ichy demands that she help him, she first tells him to get himself out, which Ichy refuses to do since he does not wish to risk ruining his feathers. Dil eventually relents and gets him free by chomping parts of the tree near where her partner is stuck (and chomps so close to him, he fears that she might actually kill him by mistake). Eventually, she chomps the last bit of tree off him in such a close call, it causes his feathers to fluff up to a comical size. Later, while searching for Littlefoot, Cera, Ducky, Petrie, Spike, Ali, and Tickles, the villainous duo grows tired, but Ichy orders Dil to keep searching despite her near-blindness while he snoozes. Dil quietly swears that she will get him for his treatment of her "one of these days" while she repeatedly bumps into several trees and rocks without Ichy to guide her along their path.

The two are seen for the final time in the movie when they finally arrive for their third attempt on Littlefoot and his friends. After the children finally find the fabled Night Flowers needed to cure Grandpa Longneck of his disease, they are on the way back home when they are ambushed by the predators. Ichy threatens the heroes, saying, "SURPRISE! You're not going anywhere but the inside of our stomachs!" (telling them that the only place that they are going is the pits of his and Dil's stomachs). A chase ensues, and during it, Ichy snatches Petrie when he and the others attempt to hide from their pursuers behind a rock. Since Petrie is so small, Ichy decides that he barely has enough meat for himself and should thus eat Petrie by himself. He cradles him in his wings and positions him so that he can bite into his stomach. But just as he is about to take a bite out of him, Tickles intervenes by sliding Dil's tail between Petrie's belly and Ichy's beak, igniting Dil's temper when she thinks that Ichy bit her on purpose. In the confusion, this buys Petrie some time to slip away and rejoin his friends, all of whom begin their escape. Unfortunately, Cera laughs too loudly at the disarray caused between Ichy and Dil, and upon the predators hearing her, the chase starts all over again.

The chase reaches its climax once it leads to a log over a ravine. Here, Ichy grabs Ducky, who tries to retrieve a Night Flower that falls off Spike's back. Though Petrie tries to save her from Ichy by pulling her out of his talons, this only results in a stalemate when Ducky falls out of both of their grips and into the water, with the impact knocking her unconscious. Dil unknowingly fishes her out of the water on her snout, and when Petrie demands her to let her go, she responds by roaring at him, the wind of her roar blowing him away. Then, when Ichy alerts Dil to having Ducky, she claims Ducky as hers and tosses her up into the air, planning to eat her when she lands in her open mouth. However, after many failed attempts by Littlefoot, Cera, Petrie, and Ali to awaken Ducky, she is finally awakened by Spike, who speaks for the first time by calling out her name, and manages to grab a branch just before falling into Dil's mouth.

However, Ducky is not out of danger yet, as Dil instead tries to leap toward her branch and chomp her from there. This prompts Littlefoot to lead Cera, Spike, Ali, and Tickles down to help her. But as they begin to move, Ichy flies up beside Littlefoot and mockingly tells him that he is going to be his and Dil's next victim, calls him "diet delight" in the process, and even unleashes an evil laugh immediately after. The group (finally fed up with his and Dil's threats and taunts), Spike angrily strikes him with his tail, flinging him down toward the water. He almost gets eaten by Dil when he lands in her mouth after she mistakenly thinks that he is Ducky and accidentally catches him into her mouth. Ducky is then rescued by Petrie and flown back up (buying her the time to rejoin their friends).

After begging to be let out of her mouth, Dil releases Ichy, who admonishes her for almost eating him, and they get into another argument. This time, the two decide that they finally, truly have had enough of each other and should split up for good (as they both say, "I'M DOING IT ALONE!"). Dil hits Ichy with her tail and sends him flying into the distance. Just seconds later, she encounters a hungry swimming sharptooth (a Hydrotherosaurus) and fearfully, desperately calls for Ichy's help as the Hydrotherosaurus starts to chase her.

What happens to either one of them after this is unknown, though since neither one is seen again throughout the film series or the short-lived TV series, it can be presumed, based on their bumbling natures, that neither Ichy nor Dil was able to survive on their own, or if they were, then just barely. It is also possible that they reconciled yet again to restart and perpetuate their cycle of abuse toward one another.

Ken A.: Oh no! That's Dil and Ichy!

Nico: You know them Ken?

Ken A.: No time to explain! Lets bust this rock wall down!

Ichy: They're getting away! They won't escape a second time!

Archie: Follow me!

Aylene leapt onto Littlefoot's back and the Apatosaurus ran after the Archelon. Although they had managed to put some distance between themselves and their pursuers, they could still hear the roars of the gator and the commanding shrieks of the predatory bird slowly gaining on them.

Eventually, the group came upon a tall pillar of rock with deep crevasses digging into it. Beside it was a shallow pool of clear water. Archie approached the pillar of stone and stuck his fore-flipper into one of the crevasses.

Archie: In here, kids!

Littlefoot and Aylene obeyed and hastily made their way inside. The hiding spot wasn't very big, but it did lead far back enough for the two friends to blend in with the shadows.

Littlefoot: What about you?"

Archie: Don't worry.

The giant turtle then crawled back into the water.

Archie: Now you see me, now you don't.

With the last few words, Archie tucked himself back into his shell and sat as still as a rock, giving him the appearance of one.

Aylene: Here they come! Get back!

Littlefoot and Aylene crept back into the crevasse as far as they could just as the Deinosuchus came around the corner. They both held their breath, fearing that their breathing would give away their hiding spot, as the large gator slowly walked past them. Anxiety in both the longneck and human nearly skyrocketed when the gator's tail stopped right in front of their hiding spot. Me and Eli were hiding on the cave ceiling.

Ichy: Augh! Where'd did those blasted kids go?!

Dil: Don't tell me you lost them again?! You lost them back in the swamp, too!

Me: (In my head) She sounds so much like Skinner's mother.

Ichy: Just shut up and keep looking! There here somewhere and we're going to find them! They won't get away this time!"

Littlefoot and Aylene exchanged both worried and confused glances. It was obvious those two predators were talking about them, but the reasons why were unknown.

A fearful thought crossed Aylene's mind. Were they looking for them because of that whole "Walking Terror" title claiming?

But if that was the case, why were they talking as if they had encountered Littlefoot and Aylene before? The longneck and human sure hadn't encountered anything like them before, so what did it all mean.

Littlefoot took a glance over at the gator's tail and his jaw dropped. He then nudged Aylene, getting her attention. Using his paw, he pointed to the Deinosuchus tail. Aylene's eyes widened when she saw what Littlefoot was trying to tell her.

Sticking out of the gator's tail, with the end of it broken off, was an arrow shaft!

Just then, the Deinosuchus' tail moved away from their line of vision and the footsteps of the gator began to grow faint as it made its way through the caves.

Littlefoot: Did you see that?!

Aylene C.: Was that an arrow shaft?!

Littlefoot: Yeah, and there's only two creatures that I know who use arrows as a defense. And one of them comes from the Land of Mists."

Aylene C. Ken. Then… he and those two… they have a history.

Me: (In my head) Ken has a history with those two.

Littlefoot: And a grudge by the looks of it. And I think they might have mistaken us for Ali and Ken.

Aylene C.: If that's true then… Let's get out of here before they come back!

Aylene and Littlefoot slowly began to make their way out of the crevasses.

Ichy: THERE THEY ARE!

Both friends screamed when they saw that the giant gator and small bird had turned around and was heading straight for them.

They both darted back into the crevasse and pressed themselves as far as they could. Pretty soon, the jaws of the Deinosuchus shoved through and began to snap at them, desperately wanting to grab one of them. However, because the crevasse was so narrow, the gator's jaws couldn't reach them.

Frustrated and determined, the gator turned around and began to use her tail to smash down the rocks to make the opening bigger.

Littlefoot: We're trapped!

Aylene C.: Hang on! I think I can… !

Aylene never finished her sentence because at that moment, the Deinosuchus swung her tail and hit the rock pillar. A large chuck of stone fell from its place and hit Aylene in the head. She only gave a painful groan before falling to the ground, completely unconscious.

Littlefoot: AYLENE!

The longeck's attention was then turned back to the gator as she hit the rock pillar again. He realized with horror that the crevasse was slowly getting bigger. Just a little more and it would expose him and Aylene completely and they wouldn't have the opportunity to get away. On top of that, with Aylene out cold, Littlefoot felt completely defenseless. There was no way he could take on that gator by himself.

Unless there was some kind of miracle waiting to happen, he and Aylene were goners.

Littlefoot: Someone help!

Back at the rock wall, Ken busted through to the top to form a small opening. As soon as he did, he quickly squirmed through it. The moment he has his legs through, there was a loud "BANG" and the whole cavern shook. The boy braced himself against the wall as the others on the other side struggled to keep their balance.

Ali: Oh no! It feels like another earthquake!

Nico: That's no earthquake.

The others were about to agree when an angry roar echoed through the cave. It was immediately followed by a squawky voice shouting.

Ichy: Yeah! That's using your tail!"

When Ken heard that voice, he froze like a statue. His blood felt like it turned to ice and his face went deadly pale.

Ken A.: Oh no! It can't be!

Ducky: What's wrong, Ken?!

Ken turned back to the hole in the wall. Everyone became taken aback when they saw the look of terror on his face.

Ken A.: Ali, it's Ichy and Dil!

Ali: What?! Are you sure?!

Ken A.: I'd know that voice anywhere!

Cera: Who are Ichy and Dil?!

The longneck and human, while hearing Cera's question, didn't respond to it. For at the moment, they were both startled by the revelation.

Ali: But… what are they doing?!

Ken A.: I don't know! But I think they're after Aylene and Littlefoot!"

Brain Freezer: We got to hurry!

Cera: Who are Ichy and Dil?!

Ali: Oh, no! Ken, we have to save them!"

Ken A.: I know! But we can't just charge in without a plan! We've got to think of something!

Cera: WILL SOMEONE PLEASE TELL ME WHO ICHY AND DIL ARE?!

Ken A.: Sorry, Cera! There's no time to explain! Littlefoot and Aylene are in serious trouble! Right now we have to think of a plan to save them!

The human boy then looked around desperately for something that could aid the team in their rescue plan. However, the only thing he could see was the rock wall at their disposal.

Ken A.: Wait…

As he looked over the rock wall, he noticed that the structure was unsound. With just the right amount of force, it could cause a rockslide, and an explosive one at that. Ken then looked back at the others.

By now, the boy had seen Cera show incredible strength and endurance, particularly when it came to ramming her head on rocks with enough force to cause them to break into small pebbles. Not to mention, Spike displayed a lot of muscle and stability when he was pushing large boulders away.

If the Triceratops and Stegosaurus combined their strength together…

Ken A.: That's it! I got an idea! It's a long shot, but it just might work!

BOW! CRASH!

With one good swing of Dil's tail, the crevasse broke open. After a shower of stones and pebbles, Littlefoot and the unconscious Aylene were completely exposed.

Terrified and trembling uncontrollable, Littlefoot pressed up against the wall and curled up into a ball. His pulse raced so fast it felt as if he had just ran a marathon. And his pumping heart rate only increased when the giant bellydragger turned to him, squinting.

To Dil, all she could see was a bunch of blurry objects that resembled rocks.

Dil: I know they're here somewhere!"

Realizing that the gator hadn't seen him or Aylene, Littlefoot tried desperately to stop shivering. But with Dil's elongated jaws just being several feet away from him, the task proved to be impossible for him. It was only a matter of time before she noticed.

He didn't dare look back to see if Aylene was okay. Although he was worried about her, he was too scared to make the slightest move. He desperately wished that his best friend were at least awake. Aylene had always been able to get them out of tough situations. She would know what to do.

However, Dil's eyes managed to adjust just enough for her to see the little shivering longneck and human creature knocked out cold on the ground.

Dil: I see them, Ichy! I see them!"

Littlefoot fearfully uncurled himself and stood on his hind legs, pressing himself against wall.

Ichy: Congratulations. Now sick 'em and remember to leave me some!

It was in that moment Littlefoot wished he couldn't understand what they were saying to each. Knowing they wanted to eat him and Aylene was bad enough, but hearing a conversation about it was even more disturbing.

The moment Dil opened his jaws and growled, Littlefoot felt his stomach drop and his limbs go numb. Although he didn't want to see his last few moments being consumed by the saliva dripping teeth, he was too paralyzed with fear to even look away.

There was no way he was getting out of this one.

Or so he thought.

Suddenly, Archie rushed out of the water as quickly as he could and over to Littlefoot. The young longneck saw him approach out of the corner of his eye and dropped back down on all fours as the giant turtle placed himself between the gator and bird.

Archie: Back off, bellydragger!

Dil stepped back slightly, confused about what just happened.

Archie: The kids' are snacks! I'm a meal!"

Ichy: Yeah? Well, I call you the first course! Besides, we've got a score to settle with these two!

Littlefoot: What are you talking about?!

The moment the longneck had spoken, Ichy and Dil looked at him with both anger and confusion.

Dil: Wait, You're a male?!"

Littlefoot shrunk back.

Ichy: And what about that human?! Is it male of female?!"

Littlefoot: F-Female.

Dil: So all this time we've been chasing look-alikes?!

Ichy: Who cares?! We've at least got a meal! Just tenderize them, Dil!"

The next thing Archie and Littlefoot knew, Dil swung her massive paw and knocked the large turtle away, sending him flying across the cave like a hockey puck. He ended up sailing straight into a large, thick stalagmite. The impact of the hit left him dazed.

For a moment, Littlefoot's instinct kicked into overdrive and he darted away. However, he came to sudden halt when he remembered Aylene was still unconscious. He turned around just in time to see Dil advancing on the human girl.

Littlefoot: NO!

Another set of instincts kicked in and Littlefoot soon found himself racing back to Dil. She was about to snatch Aylene in her jaws when Littlefoot leapt over the end of her tail and grabbed the arrow shaft sticking out of it in his mouth and yanked on it so hard he ended up pulling it out, tearing off a small chunk of flesh in the process. Dil let out a roar of agonizing pain and thrashed her tail around wildly. Littlefoot managed to duck and evade her attack.

However, the gator turned around and fixed him with a poisonous scowl.

Dil: YOU'LL PAY FOR THAT, YOU BRAT!

Littlefoot fearfully backed away as Dil turned around and started advancing on him. Archie, having recovered, looked up to see the situation and prepared to leap into action.

Suddenly, there was a sharp "POW". In less than a second, an arrow shot through the air and landed in the ground between the between Dil and Littlefoot.

Everyone turned to see Ken on Ali's back, his crossbow at the ready and aimed directly at the Deinosuchus and Ichthyornis. Both of them looked nervous, but ready to defend their new friends.

Ken A.: Ichy! Dil! They had nothing to do with what happened! We're ones you want! Come and get us!"

Littlefoot: Ken! Ali! What are you doing?!

Ichy: It's them! Get 'em, Dil!"

Without a second of hesitation, and having lost interest in Littlefoot and Aylene, Dil gave an angry roar and charged at the two friends.

Ken A.: Run, Ali! RUN!"

Ali immediately turned around and bolted away as fast as she could. Ichy and Dil continued to advance on them and slowly gaining. Pretty soon, they were running back to the rock wall. From the small hole at the top, Ducky and Petrie watched and waited for the right moment to give a command. When Ali and Ken had reached the center of the rock wall, the swimmer shouted:

Ducky: NOW!

Immediately, Spike began pushing as hard as he could on a large boulder. When he managed to lodge it from its place, the rock wall trembled slightly. Noticing her cue, Cera charged forward and slammed her head against the base of the stone pile.

The impact was just the right amount of force that the rocks at the top of the wall all suddenly exploded from their places, like they had just been blown up by dynamite. Before Ichy and Dil knew what was happening, their entire worlds went black as the large boulders showered down and knocked them hard on their heads.

Once the barrage of rocks ended, Ali came to a halt and she and Ken looked back. Shortly after the two friends had caught their breath, they let out relieved exhales.

Ali: Ken, it worked!

Ken A.: Heh, now was there any doubt?

The female Apatosaurus couldn't help but give a thankful laugh.

At that moment, Cera, Ducky, Petrie, and Spike came running through the large gap at the top of the pile and down toward Ken and Ali. As soon as the human boy looked up and saw them, he immediately became serious.

Ken A.: C'mon, Littlefoot and Aylene are this way."

Me and Eli jumped down.

With Ali and Ken leading the way, the group made their way through the cave. In just a short while, they came running to find Littlefoot and Archie standing over Aylene with concern.

When the longneck heard the sound of footsteps, he looked up and a huge smile streaked across his face.

Littlefoot: Cera, Petrie, Ducky, Spike! What are you guys doing here?!

Cera: Saving you guys.

Ducky: Are you alright?

Littlefoot: I'm fine, but Aylene was knocked out. And… I think she's bleeding.

Varie: Let me take a look at her.

Upon hearing that news, Ken immediately leapt off of Ali's back and ran over to the unconscious Aylene. Littlefoot and Archie stepped aside as the human boy came through and knelt down next to the human girl. He carefully brushed her hair aside to get a better look at the damage. Sure enough, there was a large bruise on Aylene's head and a small amount of blood was trickling out of it and running down her face. Fortunately, while it was something that needed treatment, it wasn't enough damage to cause a serious concussion. Aylene would be fine and would no doubt recover quickly.

Ken A.: It doesn't look too serious. I think I have something that can help. But we should get out of here before Ichy and Dil wake up.

Archie: Good idea, kid. I know a safe place. Just follow me.

Ken nodded and picked Aylene up as quickly and carefully as he could. He then gently placed her onto Littlefoot's back andthe group hastily followed the Archelon through the caverns, away from the deranged and hungry gator and predatory bird.

We got away fast.

In just a few minutes, Archie had led the group of children to a small, secluded section of the cave. It was something like a medium sized room compared to the rest of the caverns, about the size of a football stadium. In the corner was a small pool of fresh, clean water.

As soon as they stopped, Ken immediately took Aylene off of Littlefoot. Ali lay down and he rested Aylene up against her side. He then set his crossbow down and took his gym bag off of his back. He opened his bag and began pulling out a bandage roll and a large blue towel. He then took the towel and dipped a corner of it in the pool of water. He then took it out, wringed it of any extra liquid, and began cleaning the blood off of Aylene's face.

Once he was done, he rinsed out the towel and proceeded to carefully wrap Aylene's head in the bandage.

Varie: She'll be okay. Let's just be glad it was bump to the head. It could've been a lot worse.

Me: Good.

Ali: Yeah, Especially with Ichy and Dil on the loose."

Cera: Who are those guys anyway? And what do they have against you two?"

Ken and Ali both exchanged pained expressions. Whatever happened between them and those two hungry lunatics, it obviously wasn't something they wanted to talk about.

But before they could speak, Aylene winced and moved slightly, letting out a soft groan at the same time.

Ducky: Hey, she's waking up!

From Aylene's point of view, the first thing any of her senses picked up was the sound of voices all jumbled together. She tightened her eyes for a moment before slowly opening them. For a while, her vision was all blurry, so she could only just obscure moving shapes. She blinked a few times before everything adjusted. Now she could see everyone staring at her with both relief and concern. Although, they did seem look more relieved than anything.

Me: Thank goodness.

Littlefoot: Aylene, are you okay?"

Aylene C.: What? Littlefoot? What's going on? Where are those… things?

Cera: Well, someone's still dazed.

Archie: She got hit on the head with a rock, what do you expect?"

Me: Easy Aylene you got a mild concussion but you'll be all right.

Aylene C.: Will someone please just tell me what's going on?

Ken responded by pulling out a large water bottle out of his gym back.

Ken A.: Here, have some water, you'll feel better.

Aylene slowly adjusted her position so she could sit up. After she shook the dizziness from her head, she reached over and took the water bottle.

Aylene C.: Thanks,

The human girl took four large gulps of the cool, refreshing liquid. She then pulled the bottle away, licking the remaining water on her lips, and handed it back to the human boy, who immediately put it back in his bag. Aylene turned to look at the others.

Aylene C.: Cera, Ducky, Petrie, Spike, everyone, what are you guys doing here?"

Ducky: Nico, everyone, Ali and Ken came and got us. And it was a good thing to. It was, it was.

Petrie: Yeah, that bellydragger and sharpbeak almost had you and Littlefoot for dinner.

Littlefoot: Don't remind me, I'm just glad you guys showed up when you did.

Aylene gave a blank expression.

Aylene C.: I remember being cornered by a large gator, But I don't remember anything after that.

Eli: That was no alligator Aylene. That was a Deinosuchus and she had an Ichthyornis with her.

While she rubbed her head, Aylene stopped when she felt something like cloth wrapped around her head. She gingerly touched it, almost like she was trying to figure out what it was.

Ken A.: That rock hit you pretty hard."

Varie: Fortunately, it wasn't too serious. I just had to put a bandage on it.

Aylene C.: Really? Uh, thank you. And… thanks for saving us guys. But… who were those two?

Ken looked down at the ground for a second or two before looking up at Ali. The female longneck gave a small nod. Ken gave a defeated sigh and waved his hand, indicating that it was okay for her to tell the rest what was going on.

Ali: Well, I guess you should know at least a little bit of the truth."

Littlefoot: A little bit?

Ken A.: What happened between us and those two is not any of your business All you need to know is that they want to get even with Ali and me."

Me: So they have a grudge against you.

Ken A.: Yes.

Littlefoot: Would it have anything to do with an arrow in the tail?

Ken looked up with a surprised look in his eyes. He then took a deep breath and let out a near frustrated sigh.

Ken A.: Yeah, as well as a blind spot."

The Gang and Archie looked at the human boy with slightly disturbed expressions.

Ken A.: And I guess Ichy isn't too pleased I practically took away his ability to fly.

Petrie: You did what?!

Being a flyer, Petrie was naturally terrified by the idea of not being able to fly anymore.

Ken A.: I didn't do it on purpose! He and that gator attacked us!

Sensing that Ken's anxiety was growing, and the others were becoming nervous, Ali quickly stepped in to explain.

Ali: It was just before our home was becoming a swampland. We were starting to travel out of the land when those two attacked our herd. Out of defense, Ken managed to blind Dil's eye and severely injured Ichy's wing.

Cera: Wow, that sounds very familiar.

Littlefoot: What do you mean, Cera?"

Cera: Think about it, when we fought Sharptooth, we blinded him in one eye. And Aylene shot countless arrows into his limbs.

Me: I remember that.

Aylene C.: I… never would've made that connection, But now that you mention it, that is very true.

Fu: And we were there when we saw it.

Lincoln: Yeah.

Ken A.: Yeah, but at least you guys got rid of Sharptooth. We still have those bozos out there. And the fact they followed me and Ali here means they have vengeance on their mind.

Sasuke Uchiha: I know that feeling all too well.

Littlefoot: As well as a need to fill their stomachs. Archie, Aylene, J.D., Eli and I would've been their next dinner if you all hadn't come to our rescue."

Cera: Hey, someone's got to be there to bail you two out of trouble.

Ducky: Well, Nico, Ali, Ken and everyone come and get us.

Cera: They wouldn't have to if they had brought us in the first place.

Ken A.: That was my fault, Cera. Aylene and Littlefoot wanted you guys to come, but I told them that you couldn't. But it was only because I was concerned for your safety.

Ali: It's true.

Me: It wasn't your fault Ken.

Cera: But we still could help you search for the Night Flower.

Me: That's right.

Archie: The Night Flower? What's this about the Night Flower?

Littlefoot: We have to find it to help my grandpa who's sick. That's why we were in the cave in the first place.

Aylene C.: Yeah, we're going to the Land of Mists to find the Night Flower.

Archie: Well, why didn't you say that in the first place? I know a short cut."

The entire group of young ones smiled. Considering all that had happened so far during the day, this was the best news they had heard so far.

Without any hesitation, Ken helped Aylene onto Littlefoot's back and they children followed Archie as he led them through the cavern toward their exit.

* * *

In just about half an hour, the group was happily running through a shallow stream that led to a large cave opening. They all laughed and cheered as they stepped into the sunlight. Never before had they been happy to see the light of day until now.

Littlefoot: Thanks, Archie. I don't know how we would've gotten out of the cave without you."

Aylene C.: Yeah, thanks.

Me: We owe you one Archie.

Archie: You're welcome, kids, Now I want you to take good care of yourselves. As brave as you are, you're still awfully young to be out here alone."

Littlefoot: I know, but I have to help my grandpa.

Me: Yeah. But don't worry. We've been in many dangerous situations before. But finding the Night Flower is priority number 1.

Aylene C.: Don't worry, Littlefoot. We'll find the Night Flower and return home. We always find a way.

Archie: Just promise me that you'll stick together. You all may be little, but together you're strong.

Littlefoot: Don't worry, Archie, we'll stick together.

Me: That's right. United we're strong, divided we're weak.

Archie: Well, then I guess all I can do is wish you luck. And if you pass through these caves again, I'll be ready to help.

Ken A.: Thank you, Archie.

Everyone said good-bye to Archie as he turned around and slowly crawled back into the darkness of the caves. When he was out of sight, they turned and walked to the edge of the cliff where the stream ended and ran down like a waterfall.

The Gang all stared in awe at the landscape that stretched out before them. Down below was something that looked like a blanket of thin clouds with patches of green sticking up here and there. The air was dense and humid, making it feel almost sticky. The only sounds that could be heard were subtle chirpings and rushing waters. Other than that, it was quiet. And a little too quiet for comfort.

Aylene C.: Is this it?

Ken A.: Yeah, Aylene.

Only now, it wasn't a place he could call home anymore. It was a place he never wanted to return to. But now he had returned, and there was no turning back.

Ken clenched for a moment before saying:

Ken A.: This… is the Land of Mists.

---

**The Land of Mists**, also known as " **The Valley of Mists** ", is a vast marshland located some distance away from the Great Valley. It is the land in which Ali's herd used to live. It was turned into a marsh by heavy rainfall, and the life which began to appear there afterwards made it uninhabitable for the herd. To date, the land has only been seen in *The Land Before Time IV: Journey through the Mists*, in which Littlefoot and the others must venture there in order to find the Night Flower, a flower that will act as a medicine for his sick grandfather.

As the Old One, the matriarch of the longneck herd, states in *The Land Before Time IV: Journey through the Mists*, the Land of Mists used to be a Utopian valley similar to the Great Valley, until rain suddenly began falling in heavy quantities for thirty weeks; about seven and a half months. This caused the valley to turn into a soggy marshland, in which strange creatures which had never lived there before began to make their homes, and consume the food which the longneck herd had lived off of. As many of these newcoming creatures proved to be predatorial, they were eventually forced to leave and spend their lives as a nomadic herd; migrating from one place to another. It was at this time that, due to the heavy moisture that remained in the air, and the fog which resulted from it, the valley began to be referred to as "The Land of Mists".

History

To date, its only appearance has been in the fourth film. When Littlefoot's grandfather becomes ill, the Old One tells Littlefoot and his grandmother that the only thing that will cure him of his illness is the Nightflower, a flower with golden petals, which only grows in the Land of Mists. When the other longnecks refuse to return there to extract some of the flowers, and the Old One says that even to save Grandpa Longneck, it would be too dangerous, Littlefoot and Ali venture to the valley themselves, and when Littlefoot is trapped, Ali races back to get Cera, Ducky, Petrie and Spike for help. While the others decide to trust Ali, Cera is more hesitant, but eventually comes with them.

Populations

In a cave near the Valley of Mists, through which the children arrived at their destination, live the two villains of the film; an *Ichthyornis* named Ichy, and a *Deinosuchus* named Dil. Also living in the cave is an elderly *Archelon* named Archie, who helps the children to escape Ichy and Dil the first time, and shows them an exit out of the cave, leading to the Land of Mists. In the valley itself, live various creatures, some of which may or may not have lived there before the heavy rainfall which transformed the land. Among them are a herd of *Struthiomimus* and a herd of *Pachycephalosaurus*, and a family of Megazostrodons. One of them, whom Ducky names Tickles because of his "tickly fuzzies", or fur, helps the gang to find Cera when she gets lost in the fog, and also helps them when they are attacked by Ichy and Dil for the last time and they are seperated and defeated when Dil hits Ichy with her tail and she is chased by the Swimming Sharptooth. He remains in the Land of Mists, while the gang return to the Great Valley.

Me: This is it guys. There's no turning back.

Laney: This place gives me the creeps.

Fluttershy: Me too.

Ramjet: I'll turn into my vehicle mode and search for the flower from the air.

Me: Good idea. But finding the Night Flower in a place like this is gonna be like trying to find a needle in a haystack.

Nico: Especially with mist as thick as pea soup.

Naruto: Yeah. And we got Dil and Icky on our tails.

Me: Don't worry bro, we'll deal with them after we find the Night Flower.

Nico: That's never stopped us before. Lets go.

Me: Right. Lets get searching.

We searched high and low for the flower and it was scary.

Man Boy: You guys find anything yet?

Me: Nothing. But we got to keep looking.

Nico: We can't give up.

We searched all over into the dark of night and we wound up in a meadow. With us was a Megazostrodon that Ducky named Tickles and he came with us.

A few hours later, just as the sun had set behind the western horizon, All of us soon found themselves walking among a grove of tall grass. There were also a lot of flower buds that were closed up. WE all assumed it was because it was nightfall and whatever flowers these particular buds contained were just resting until morning.

However, they didn't really think too much about that detail, as they were all exhausted at this point.

Cera: When are we going to get there? My feet hurt. And I'm hungry.

Littlefoot: I know, Cera. But we have to keep going. We have to find the Night Flowers for my grandpa.

Me: We've come this far to give up now.

Aylene C.: We are almost there, aren't we, Ken?

Ken A.: I think so.

Aylene C.: What do you mean, "think so"?"

Ken A.: Well, the thing is… I've never really seen the flowers for myself before.

Littlefoot: You haven't?!

Feeling ashamed, Ali and Ken both looked back at the group and sadly shook their heads. Littlefoot gave out a mournful groan and hung his head. All the hopes he had on saving his grandfather were nearly depleted now. Now he seemed even further away from his goal than before.

Sensing his despair, Aylene placed a hand on the back of his neck. The Apatosaurus looked up at the human and saw that she was giving him a humble smile.

Aylene C.: Don't give in just yet. It's called the Night Flower for a reason. I'm sure it'll come out some time tonight.

Me: That's right. It probably only comes out at night.

Although he was still feeling downhearted, Littlefoot gave a weak smile and nodded.

Aylene C.: In the meantime, we should rest for a while. We've had a long day, and we're going to need our strength.

Me: Right. Lets make camp here.

Ken A.: Aylene's right. You guys get some sleep, I'll keep watch.

Ali: But Ken…

Ken A.: Don't worry about me, You all need to get some rest.

Aylene C.: Then I'll join you.

Ken A.: Aylene…

Aylene C. Two pairs of eyes are better at night than one, Besides, I'm not going to take "no" for an answer.

Ken looked at Aylene for a moment. He could definitely see that she wasn't going to budge on the idea. If there was one thing he knew about Aylene so far, it's that she had a sense of responsibility. Not to mention, a stubborn streak.

Ken A.: Okay. Meanwhile, the rest of you get some sleep."

Littlefoot: Okay.

A few minutes later, the young dinosaurs and Tickles had settled down in a small group. In just a few minutes, they were all fast asleep. Meanwhile, Aylene and Ken stood side-by-side a few feet away from the slumbering group. For a few minutes, they just scanned their surroundings, looking for any sign of trouble.

However, as Aylene looked around the grassy land, she kept glancing back at Ken. She nervously rubbed her hands together, trying to think of a delicate way to ask a question that had been nagging at her from the start.

She knew that Ken never wanted to come back to the Land of Mists, and now that she had seen it for herself, she could see why he would feel that way. However, she couldn't help but feel like there was something more under the surface. Especially now that she had an encounter with Ichy and Dil, who had personal grudges against Ali and Ken.

And what the human boy said earlier about not wanting to talk about Ali's father, and later he said he couldn't lose anyone else, there was DEFINITELY something going one that he wasn't telling her. And whatever it was, she was willing to bet that Ichy and Dil had something to do with it.

That was it. She had to have answers now.

Aylene C.: It was them, wasn't it?

Surprised by Aylene's sudden statement, Ken looked over at her.

Ken A.: Huh?

Aylene C.: Ichy and Dil. THEY were the reason you didn't want to come back, weren't they?"

Ken glanced away, giving a small look of bitterness.

Ken A.: That's none of your business.

Aylene C.: Ken! Littlefoot and I were mistaken for you and Ali! And those two have a personal grudge against you guys! And it's obvious you have a grudge against them! And you two barely talk about Ali's father… !"

Ken A.: You don't know what you're talking about! And why is my past so important to you anyway?!"

Me: Because we're trying to help you Ken. In Team Loud Phoenix Storm, we always look out for each other. Just like we look out for our families and everyone we care about.

Despite being taken aback by Ken's harsh tone, Aylene stood her ground. She had to have answers.

Aylene C.: That's right and it's also because I want to know the truth! You wouldn't be so adamant about us not coming back here if something didn't happen! I'm not blind, Ken! I KNOW something happened that you're not telling me! And whatever it is, it's the same reason why you didn't want us to come back here! Now what happened?!

Ken glared at Aylene for a moment. However, despite feeling a stab of pain in her chest by the boy's angry face directed at her, Aylene didn't lift her stern expression for a second. She didn't want to be mean to him, but he had given her no other choice. She just had to have the whole story.

Finally, Ken took a deep breath and clenched his fists. He let out a defeated sigh and released the tension in his shoulders.

Ken A.: Since you're so keen on knowing, I'll tell you. All of you.

Aylene's glare softened a bit as Ken continued.

Ken A.: It was several weeks after the torrential rains started. By that time, rivers had risen and the land was becoming soggy. The herd knew we had to leave the land. On one rainy day, just as we were about to leave, Ali and I were walking on the bank of a large river. Because the land was so moist, the ground had become slippery and the two of us ended up falling into the river. Or rather, we landed on something that was IN the river.

Aylene blinked.

Ken A.: The next thing we knew, Dil rose up in the water…

---

*Ken A.: ALI! . "LOOK OUT!"*

*The longneck and human both swayed as the large Deinosuchus reared up out of the water, giving a vicious roar to the sky. She then turned her head around just enough to see Ali and Ken on her back.*

*Dil: Well, well, looks like I found myself a little snack."*

*Ken stared with terror at this enormous gator. He knew perfectly well that alligators in his world were dangerous, especially in the water. But this was no alligator; it was something ten times worse.*

*And that meant being in the water was ten times more dangerous!*

*The gator suddenly whipped her body around, sending Ali and Ken flying off and into the water just a few feet away from her. The moment the two them hit the surface and went under, Ken felt numb and dazed. However, his sudden need for air forced him to scramble back to the surface. He rose up out of the waves and gasped. However, he soon began coughing uncontrollably as the rain from above accidently fell into his mouth and caused him to choke.*

*Ken A.: A-ALI!*

*Ken looked around frantically for his friend. Fortunately, he managed to see that she had surfaced as well. However, he could also see that she was struggling to stay above the water.*

*Ali: KEN! HELP!"*

*Ken A.: JUST STAY CALM! WE GOT TO GET TO LAND!"*

*Dil: Alright! Where'd you little brats go?!"*

*At that moment, a screechy voice came from above.*

*Ichy: They're behind you, Dil!"*

*Ken looked up to see a black and white Ichthyornis circling overhead. He then looked over and saw the large gator turn around and look straight at them, squinting at the same time.*

*Dil: I see them, Ichy!*

*Ken A.: ALI, SWIM!*

*However, it was clear that Ali and Ken wouldn't get away in time. They were helpless in the water, while this gator was practically built for swimming. In just a matter of seconds, she was on their tails and was getting ready to deliver a fatal bite to the both of them.*

*But before she could, there was an enormous "SPLASH", and a huge wave knocked Dil's aim aside. At the same time, something large came out of nowhere and smacked her away.*

*Ali and Ken were also caught in the wave. But before they vanished out of sight, something grabbed Ali by the tail and Ken by his gym bay, and hoisted them out of the water. They both looked up and hope filled their souls.*

*Ali: FATHER!*

*Ali's father: Hang on, you two!" the adult Apatosaurus said in deep voice.*

*Ali's father quickly swung his head around and placed his daughter and the young human onto the safety of the ledge.*

*Ken A.: Thanks, sir! Let's get out of here!"*

*However, just as Ali's father was going to climb out of the river, he let out a cry of pain and was dragged back into the water. Ken and Ali watched in horror as he fell over and hollered in agony. Despite being nearly panic-stricken, Ken got up from his spot and raced over* *the edge of the ledge. He gasped in terror as he saw that Dil had recovered and was know attacking the elder longneck. By now, the gator had caused a horrible wound to the male Apatosaurus leg. His side was also horrible gashed with a deep bite. The water ran red as the blood it slowly leaked out of his injuries.*

*To make matters worse, Dil was now going for the Apatosaurus neck. One lethal blow and Ali's father would…*

*Ken A.: STOP!*

*Without a moment of hesitation, Ken took off his crossbow, grabbed and arrow out of his quiver, loaded his weapon, took aim, and fired. In less than a second, the arrow hit its target: straight in Dil's left eye.*

*The enormous gator let out cry of agony and staggered back. She lashed around wildly as the pain in her eye became unbearable.*

*Ali: KEN! ABOVE YOU!"*

*The human boy looked up and saw that the predatory bird from before was swooping down straight towards him, his talons eager to strike. Reacting quickly, Ken loaded his weapon again and took aim. However, because this target was so much smaller, not to mention swifter, he had a hard time locking onto it. On top of that, he was also aiming up at the sky, which was pouring down rain like there was no tomorrow.*

*Finally, when it was clear that Ichy was getting to close for comfort, Ken released the arrow, hoping it would do some damage.*

*The arrow struck Ichy in the wing. He screeched in pain and began to tumble out of the sky. He fell to the ground and slid down the edge of the cliff. He came to a stop in the mud at the edge of the river.*

*Ken turned his attention back to Ali's father. He was about to head down the cliff to help him when the adult longneck suddenly shouted:*

*Ali's father: KEN, NO! TAKE ALI AND GET OUT OF HERE!"*

*The longneck's voice was already sounding weak. Ken could tell that he was slowly dying due to his injuries.*

*Still, he couldn't bring himself to leave the Apatosaurus. He had to at least try something. He just had to!*

*Ken A.: NO! I WON'T LEAVE YOU!"*

*Ali's father: YOU MUST!*

*Ali: BUT FATHER… !"*

*Ali's father: JUST… GO! PLEASE!"*

*Ali: BUT… !"*

*Ali's father: Ali, I… I love you. I know you'll… become stronger one day. And Ken… I'm glad to have met you. You have become… a fine human. Please… promise me you'll… protect each other.*

*Ali: Father!" Ali wailed.*

*Ken A.: We…"We promise."*

*Ali's father: Good, I'm so… so proud of… both of you."*

*With those last words, Ali's father closed his eyes one last time and his head fell over into the water with a big "SPLASH". Faint bubbles rose to the surface as he let out his last breath.*

*Ali: FATHER!*

*The young female Apatosaurus then fell to the ground and began to sob uncontrollably. Ken just stood there in utter shock and despair. Everything around him began to feel surreal and numb. His tears mixed with rain and streamed down his face. He kept his gaze fixed on the adult longneck, now lying dead in the river with the currents rushing over him.*

*It was only when another large splash occurred that Ken eventually snapped out of his trance. He looked over and saw that Dil was looking up at him and Ali with her one good eye, and it was filled* *with a poisonous glare. She was also moving toward them at a hasty speed and was getting ready to climb the ledge.*

*Dil: YOU'LL PAY FOR THIS, KID!*

*Ken fearfully stepped back before rushing over to Ali.*

*Ken A.: ALI! WE HAVE TO MOVE NOW!"*

*Ali, however, couldn't bring herself to stop crying. She didn't even seem to notice the danger.*

*Ken A.: ALI, PLEASE! WE HAVE TO GET OUT OF HERE!"*

*The human finally nudged the little longneck just enough to make her look up. When she saw Dil quickly approaching the two of them, she screamed in terror. Her instincts then took over and she dashed away from the river with Ken running close behind her.*

*However, Ken could still hear Dil's final threat as he and Ali fled for their lives.*

*Dil: WE'RE COMING FOR YOU! YOU HEAR US, KID! WE'LL FIND YOU AND YOUR LITTLE LONGNECK FRIEND! JUST YOU WAIT!"*

FLASHBACK ENDS

After Ken had finished his story, Aylene stood in shock. She had her hand cupped over her mouth and tears began to well up in her eyes. That was probably the saddest story she had ever heard.

On top of that, while Ken had been trying to fight them back with all he had, tears began to fall down his face and his breathing was very raspy. He was obviously in a lot of emotional pain. Seeing that made Aylene's heart wrench.

We gasped in sheer shock and horror.

Ken A.: THAT'S why I didn't want to come back! Don't you understand?! I can't let anyone else get hurt! I know I try to be tough, but I'm just weak! I couldn't save him! I… I…"

Suddenly, Ken found himself unable to speak anymore. For at that moment, Aylene rushed forward and wrapped her arms around his neck, embracing him tightly. He looked over at the girl with surprise. He had never been hugged by a girl before. So having one suddenly embrace him out of the blue had rendered him speechless.

It was then that he felt something wet drip onto his shoulder. His eyes widened when he realized that Aylene was crying.

Me: Ken we had no idea you went through all that.

Fu: Except Littlefoot didn't lose his mom.

Nico: Yeah.

Aylene C.: Ken, I DO understand. You and I… we're the same."

Ken blinked at that statement. What did she mean by that?

Aylene C.: When I first came to this world, Littlefoot and I were attacked by Sharptooth. Littlefoot's mother… she saved us, and J.D. and everyone saved her from Sharptooth as well.

Ken drew in a small, sharp breath of air.

Aylene C.: And I… I was so frightened… I couldn't do anything. At least… you stood up to them. I… all I could do was watch. It still hurts me to remember Littlefoot hurt the way he was. And every day… I regret it… and wish that it could've been different."

Ken: Aylene…

Aylene C.: You're not weak, Ken, I'm sorry you had to go through that. But I do know… you're not weak. Because you and I… we are the same."

Ken looked over at Aylene and his face softened. She was right. They had both gone through the experience of losing someone they deeply cared for, seeing their best friend hurt by losing their parent, and having to live with the consequences that came with it.

They both had felt that pain.

Eventually, Ken lifted his arms and wrapped them around Aylene. He closed his eyes and held her close to him. For a moment, the two humans stood there, embracing each other out of a shared sympathy and care.

Brain Freezer: Whoa man. I didn't know Aylene went through all that.

Me: It was long before we became Team Loud Phoenix Storm. When we first met Aylene, she was facing Sharptooth, a Tyrannosaurus Rex with a ruthless and merciless bloodlust. He almost killed Sona and had that happened back then Aylene would've blamed herself. But thankfully it didn't. Aylene is a strong and very brave girl now. She has gotten so far in her skills and more.

Fu: Yeah. And I should know because we were there.

Lincoln: Yeah.

Loki came flying in.

Loki: Still no sign of that flower!

Me: Just be patient Loki. We've come too far to give up now.

Ken A.: Aylene, thank you.

Aylene let out deep exhale and her face softened to comfort. Aside from her brother, Derek, Aylene had never been hugged by a boy before. With Ken, she felt a feeling of safety with his warm embrace wrapped around her. She couldn't stop the hammering of her heart in her chest, but at same time, she didn't want to. She wasn't sure why, but just something about this moment was something she wanted to cherish for a long time.

At the same time, clouds in the sky began to drift away, revealing a magnificent full moon shining brightly in the heavens among a million stars. The moment its silvery rays touched down to the earth below, something spectacular happened.

All of the flower buds began to slowly open up, revealing beautiful golden petals. In just a matter of minutes, the whole valley looked like it had become strewed with small pieces of shining gold.

It was then that Aylene opened her eyes slightly. When she saw the golden radiance of the flowers all around her and Ken, she gasped in a happy surprise.

Me: (Gasp) Guys! Everyone Look!

We saw the Night Flowers bloom and they were the most amazing golden flowers we've ever seen.

Ken A.: Aylene, we found them!

Aylene couldn't help but give a heartfelt laugh before racing back to the sleeping dinosaurs.

Aylene C.: Everyone! Wake up! We found the Night Flower! We found it!"

The others stirred at the sound of Aylene's voice and slowly opened their eyes. A simultaneous gasp of happiness and relief was shared when they saw that an endless valley of golden flowers surrounded them. Pretty soon, they were all up and running around, laughing and cheering with delight.

Ducky: We were looking for the Night Flowers, but the Night Flowers found us!

Littlefoot: We did it! We really did it!

Indeed. At long last, we had finally found the Night Flower.

Now all we had to do was get as many of them as we could carry back to Grandpa Longneck.

Me: Lets gather as many flowers as we possibly can.

Lincoln: Okay.

We gathered a lot of them.

Me: Now we have to get them back to the Great Valley.

However, just as we were about to leave the tall grass, we all got a terrible shock.

Ichy came!

Ichy: Surprise!

The whole group gasped with horror as Ichy leapt out of the grass right in front of them.

Ken A.: Ichy?! But… how did you…?!"

Ichy: You honestly think a drop off a waterfall was enough to stop me?! You and I still have a score to settle!"

At that statement, Ken scowled hard and gripped his crossbow so tight his knuckles swelled underneath his skin.

Ken A.: You really think you're a match for me?! What about your hunter friend, Dil?!

Me: Yeah you are hardly even worth our time without her.

It was at that moment that Ichy gave a wicked grin.

Ichy: Funny you should mention her.

A second later, the large gator came lumbering through the grass, giving a vicious roar to announce her arrival.

Me: We're done running from you guys! We're gonna destroy you just like we did Sharptooth!

Aylene C.: YEAH!

Dil: What!? You're all the ones who defeated sharptooth!

Laney: Yeah! You got a problem with that?!

Nico: We can beat you all like we did him.

Mushi: (to Dil) Correct me if I'm wrong but you look like an alligator. (to Ichy) And you look like one of Petrie's relatives.

Me: She's right. You do.

Dil: What is an Alligator?

Ichy: And we look nothing alike!

Cad Bane: Looks like it's hunting season.

Me: Time for us to hunt these two!

Vince: (Imitating Elmer Fudd) (To the viewers) Shh. Be vewy vewy quiet. We're hunting gators and birds. Hahahahahahaha.

But then Deker, Mr. Touch & Mr. Go, The Vreedle Brothers and Electrocutioner appeared.

Octagon: Geez, Vypra sends us out to find you guys and you're all about to fight an alligator and what looks like one of Petrie's relatives.

Electrocutioner: Did you guys find the flower yet?

Me: We sure did. And we don't have time for our usual battles. We have to get these flowers over to Grandpa Longneck. He's critically ill and he needs these flowers.

Nico: Yeah.

Rhomboid: We understand your concern.

Flash: You guys have the usual battles. Me and Quicksilver will get the flowers to Littlefoot's grandpa!

Quicksilver: Besides, I have a feeling you're about to meet two new recruits today.

Me: Me too. Hurry guys.

Flash: Right!

Flash and Quicksilver put the flowers in a jar and ran fast with them to the valley.

2 new figures came out and they were Static Shock's old enemy and Puff's best friend ONYX and Aladdin's enemy ABIS MAL!

Onyx

**Onyx** was the best friend of Puff.

After Onyx and Puff were affected by the Big Bang, they dropped out of school. They had no jobs or source of income, and were reduced to dumpster diving. When Puff found out there was a bounty on the head of Rubberband Man, she proposed becoming bounty hunters, an idea Onyx liked. Onyx would be the muscles of the team and Puff the brains, and on their first bounty, that meant Onyx got slammed into a wall by Rubberband Man. They decided to use different tactics in their pursuit for the following encounter. Onyx stole a radio van, and used it to listen in on the phone calls of Rubberband Man's girlfriend, Sharon Hawkins. When they learned that their bounty was going to turn himself in, Puff used a police disguise to get in the house, after which Onyx attacked the residents. Their quarry, however, got away again. Onyx finally caught up with Rubberband Man at a sports field, but was knocked out by Static.

Onyx remained loyal to Puff, and joined her Meta-Men. That was a short-lived group: on their maiden heist, the Justice League came to Dakota. Onyx was knocked out when Hawkgirl smashed Carmen Dillo at him.

Business went sour for the bounty hunters when Rubberband Man aided Static. Puff and Onyx turned to theft. They robbed the Dakota Mall, only to be stopped by Static and Gear,[ and later a cinema. The managed to get away with the cash this time, however. But the nasty side was that the attack, and the following fight with Static, had his girlfriend Daisy wounded. Furious, though partly with himself to blame, Static started a manhunt for Puff and Onyx. Puff reacted by luring Static into a trap. It sufficiently distracted the hero for Puff and Onyx to make their getaway. At their hide out under the stone bridge, Rubberband Man found them. He easily defeated Onyx, after which Static sprayed water over Puff to immobilize her. They were both arrested.

Puff and Onyx were employed by Dr. Roberts to kidnap Robert Hawkins, though neither of them really understood the motive.

## Abis Mal

**Abis Mal** is the secondary antagonist of the *Aladdin* franchise, serving as the secondary antagonist in Disney's 1994 animated film *The Return of Jafar*, and one of the three main antagonists of the *Aladdin* television series.

Abis Mal is consistently portrayed as a traitorous, manipulative, power-hungry, impatient, and greedy criminal, but absolutely hopeless at his career - even in rare moments when Abis Mal gains phenomenal power (such as when he gained control of a genie - not just once, but twice) he is often clueless as to what to do with it.

Abis Mal is considered one of Aladdin's weakest and most cowardly villains but is one of the most recurring - making up for his relative lack of threat with sheer determination. He is Aladdin's first arch-enemy in the animated series

He was voiced by Jason Alexander, who also played Lil' Lightning in *101 Dalmatians: Patch's London Adventure*, Catbert in *Dilbert*, Zutho in *The Legend of Tarzan*, Eric Tiberius Duckman in *Duckman*, and Philip Stuckey in *Pretty Woman* .

In the 1994 film, he leads the band of thieves who don't like him because he kept the lions share of the plundered wealth while leaving at best a bag of coins for the entire troop, and Aladdin steals his treasure, making him very angry. He manages to board Carpet but Abu takes the crystal flower from and he tries to take it back but falls off due to letting go of the edge to grab Abu. He and his troops also attempt to get their revenge on Aladdin when they encounter him again at Agrabah when the latter literally bumps into him while chasing Iago, although Iago inadvertently saves Aladdin by causing Abis Mal and his followers to be knocked into a wagon filled with chickens eggs, as well forced to escape when the chicken owner, lamenting the destruction of his eggs, calls the guards to arrest them, with the guards also recognizing him (presumably for his earlier thefts).

Later, while getting some water from a well (the same well Iago ditched Jafar's lamp into earlier) he comes across a black lamp, and plans to sell it for riches, while rubbing it to clean off the water. His unknowingly summoning Jafar also inadvertently saved him when he learns that the thieves under his command plan to kill him for both his earlier mistreatment of them as well as his failure in getting revenge on Aladdin. With Jafar unable to attack Aladdin and the others directly due to his new genie limitations (and also forced to utilize his human form due to Abis Mal being too scared to even respond to Jafar while in his genie form), he forces Abis Mal to work for him by granting Abis Mal's first wish for treasure from a sunken ship by sending him to the ship itself; with Abis Mal forced to sacrifice his second wish to escape, he must now aid Jafar in his plans for revenge on Aladdin in order to gain his third wish (although when he learns that Jafar wanted revenge on Aladdin, he remarks that he was more than willing to help him in getting his revenge anyhow, as he desired revenge against him as well). After sneaking into the palace and Jafar encountering Iago again, Jafar also magically seals Abis Mal into a treasure chest after the latter made the mistake of verbally considering wishing for the treasure chest before removing the seal.

He later attacks Aladdin and the Sultan on a flying horse and an army of shadowy assassins, leading to the Sultan's capture and Aladdin being washed out to sea, the latter action only because one of the shadowy assassins telekinetically lifts an unconscious Aladdin away from the waterfall's rocks, to which Abis Mal immediately calls Jafar out on the action, before Jafar revealed that he had a different method of revenge. Later Jafar fakes the Sultan's murder so that Aladdin will be arrested and executed, purposely slices the Sultan's hat to plant as evidence though Abis Mal wanted it. Later, Jafar tempts Abis Mal with various treasures so that he can free him with his final wish, warning Abis Mal that there is a great deal he can do to the thief without killing him when he wonders if freeing Jafar would result in the treasures Jafar summoned disappearing. Before this threat can go further, Aladdin manages to steal the lamp, resulting in its destruction and Jafar's death after a prolonged battle. He was thrown off the crumbling Palace balcony and eventually landed hanging on a tree below.

Abis Mal was still hanging on the tree hours after the battle, apparently upset not only over the loss of Jafar but also his opportunity of his third wish.

*Aladdin: The Series*

Abis Mal was the series' more recurring villain-along side with his reluctant assistant Haroud Hazi Bin-often coming up with elaborate plans to acquire magical items or resources; one notable occasion saw him stealing Genie's lamp to try and gain his three wishes (Although this plan was doomed from the beginning as Genie wasn't in the lamp at the time and doesn't grant wishes anymore anyway).

Other plans included attempting to travel back in time and alter the circumstances of Agrabah's founding so that he was in charge, forcing Carpet to fly them to a city with a secret treasure, or working with Mechanicles to infect the group with various 'mood stones' that would make them experience one specifically powerful emotion over all others.

Here he has a far greater control over his minions and in the pilot episode " *Air Feathered Friend* " it is revealed he kills the minions who fail him.

Tornadoes were raging through Agrabah, leading everyone to believe they were wind demons, but Aladdin thought they were only thieves, since they stole from people. Betting with Razoul and Fazal that he could prove the tornadoes weren't demons, Aladdin, Abu, Iago, Genie, and Carpet confront them and discover that they are Abis Mal's thugs. The group also found out that they were using Roc feathers to turn themselves into tornadoes. At the hideout, Abis Mal berated his thugs for losing to Aladdin and planned to have them killed, despite Haroud's advising against it. Mal then boasted about how he'd use his feather-wielding thugs to rule Agrabah. That night, Aladdin and the gang snuck into Mal's lair to get a Roc feather as proof that he was behind the tornadoes. They discovered that Mal had gotten the feathers by imprisoning a baby Roc. Abu tried to free the Roc when Abis and Haroud walked in and sicced the guards on them. Genie escaped with the baby Roc while Aladdin, Carpet, Iago, and Abu were accidentally blown back to Agrabah by Abis Mal. Mal and his gang attacked Agrabah the next morning, revealing their true identities to Razoul and Fazal. Aladdin was able to stop several of Mal's men with a rope and a snake, but Mal and his remaining goons trapped them in a whirlwind and prepared to cut them to ribbons. Suddenly, Genie and the baby Roc arrived with the mother Roc, who blew Mal and his men away. Haroud, watching, made a sarcastic remark about how glad he was that he was with Abis.

Abis Mal and Haroud bought a chest full of soot that, when thrown onto fire, turned into living clouds of smoke that promised to steal for them. Mal and Haroud sold the soot to Jasmine, who distributed it to everyone in Agrabah, despite Aladdin's suspicions. The smoke monsters robbed everyone in Agrabah and brought their plunder to Abis Mal. Aladdin and the gang followed one of them back to Mal and Haroud's hideout, where all the smoke monsters fused into the smoke demon Sootinai. Sootinai severed his ties with Abis and Haroud and began to burn Agrabah, using the smoke from the fires to make himself stronger while the two thieves fled. Aladdin and the gang took barrels of lamp oil out to a canyon and blew them up to lure Sootinai away from Agrabah. They then doused him with water from an underground well, extinguishing him and washing away Mal and Haroud, who had escaped into the canyon and nearly been blown up by the lamp oil. Later, they burned the soaked remains of Sootinai, seemingly resurrecting him. The two thieves ran off in fear, not knowing it was only Genie that scared them.

Abis Mal and Haroud had stolen Genie's lamp from Aladdin, but since Abis Mal had stepped on Abu, he, Aladdin, and Genie were pursuing them, Genie complaining how Mal didn't realize he was free and no longer granted wishes. However, the trio were unable to catch Mal and Haroud and the two got away. As Mal rubbed Genie's lamp, Genie followed and ran into the female genie, Eden, who'd been released by an orphan girl named Dhandi. As the two genies got to know each other, Mal and Haroud took notice of their magic and discovered Eden. Abis then planned to take control of her instead. When Eden left for her date with Genie, Mal and Haroud kidnapped Dhandi and forced her to give them Eden's bottle. Mal summoned Eden and pronounced himself her new master. Genie, thinking Eden dumped him, told Aladdin what happened and revealed he'd known where Mal had been all along. When he saw Eden with him, he accused her of playing him for a fool. Abis Mal wished for Eden to get rid of Genie and she imprisoned him at the bottom of the ocean. Abis then wished for Eden to make him super-powerful. However, Eden was able to get around Mal's first wish by telling Genie that Mal hadn't said to imprison him forever. As the super-powerful Abis Mal tried to kill Aladdin, Genie depowered him, Eden pointing out that Mal didn't wish to be super-powerful forever. Mal then wished for Eden to turn Genie and Aladdin into cockroaches, but Abu snatched Eden's bottle and gave it to Dhandi, who wished for Eden not to grant Mal's wish. This caused the magic to redirect and turn Mal and Haroud into cockroaches instead.

Abis Mal stole the Blue Rose of Forgetfulness from the monks that worshiped it to brainwash the Sultan and take the throne. However, Abu stole the rose so that Aladdin could give it to Jasmine. The rose made Jasmine forget who she was and Abis Mal and Haroud convinced her that she was Mal's daughter and the Scourge of the Desert. The next day, Abis Mal, Haroud, Jasmine, and their goons infiltrated the palace and imprisoned the Sultan and the guards. However, Jasmine betrayed Abis Mal and had him imprisoned as well, saying no one as incompetent as him could be her father. Aladdin, Abu, Iago, Genie, and Carpet then barged in and Jasmine ordered them to be executed immediately. Genie fought the goons while Carpet, Iago, and Abu dealt with the brainwashed Rajah. Aladdin and Jasmine fought, Aladdin trying to convince Jasmine of who she really was but to no avail. Aladdin was forced to flee, but remembered what he'd forgotten: the anniversary of his Jasmine's first date. When Aladdin told Jasmine about this, the rose wilted, breaking the spell. Abis Mal, Haroud, and their goons showed up, but Genie sprayed them with the essence of the rose, making them forget who they were. Iago and Abu told them that they were their attendants. On Founder's Day, Abis Mal and two goons stole a magic hourglass from an old fortune teller. The hourglass allowed them to travel in time, causing Abis Mal to change history so that he ruled Agrabah. Aladdin and company followed him through the time vortex to when Agrabah was first founded by a group of nomads.

Abis Mal convinced his ancestor, Abnor Mal, to get rid of Hamed, Agrabah's founder and Jasmine's ancestor, and found Agrabah himself. Abis Mal sent Hamed to prehistoric times, causing Jasmine to vanish. Aladdin was able to rescue Hamed, just as Abis and Abnor were forcing the rest of the nomads, as well as Abu and Iago, to build Agrabah. When the two saw Aladdin and Hamed were back, they fought over the hourglass and broke it, creating a massive time vortex that sucked in Abis, Aladdin, Abnor, Hamed, and Abis Mal's goons. The six men fight, adopting different outfits and weapons from different time periods until Genie was able to contain the vortex and bring them back. The gang then returned to their own time, Hamed now motivated to found Agrabah and Abnor sent to live in the desert as an outcast, which is probably why Abis Mal became a thief. When the gang returned to the present, Genie revealed he had left Abis Mal in prehistoric times, being chased by a saber-tooth tiger. The episode began with Abis Mal complaining to Ackbar about how Aladdin foiled his last evil scheme. He then presented a box of mood stones that he was planning to use in his next scheme, but couldn't come into contact with them without being affected by their power. That's when Mechanicles entered the Skull and Dagger, sore over his last defeat at the hands of Aladdin. He and Abis Mal began fighting over who would destroy Aladdin. The other thieves became annoyed by their bickering and moved in to crush them. In attempts to defend themselves, Mechanicles pulled out a small beetle automaton and Abis Mal pulled out the yellow of his mood stones, both proving ineffectual. However, Mechanicles' beetle grabbed the mood stone and caused the thieves to flee with its power. Upon realizing that Mechanicles' bugs were unaffected by Mal's stones, they decided to team up to take revenge on Aladdin. Mechanicles put each of the mood stones in a bug and drew up a plan to lure Aladdin company, as Abis Mal didn't have one. This plan consisted of Abis Mal telling a woman that his brother was caught in a cave in and only Aladdin could save him. Aladdin and the gang flew to the cave where Mal's 'brother' was, only to be attacked by one of the scorpions from 'I Never Mechanism I Didn't Like'. Genie saved them, but they realized they were trapped and began to look for another way out. Mechanicles then had Abis Mal release the stone-carrying beetles on the group: the pink one made Iago fall in love with Jasmine, the green one made Jasmine envious, the blue one made Carpet mopey, and the white one made Abu laugh uncontrollably.

While Aladdin and Genie wondered what was going on, Abis Mal misheard Mechanicles and unleashed their secret weapon: a giant mechanical mantis. The attack caused Aladdin to fall off a cliff, but Genie saved him. Abis Mal and Mechanicles briefly wondered if Aladdin was dead, but knew it was more likely that he survived. The mantis brought in Aladdin's captured friends. Aladdin and Genie both arrived in the room where Abis Mal and Mechanicles were and learned of how the two were controlling the gang as they argued. The two villains eventually came to blows, but when they saw Aladdin coming, had the mantis attack him. They then put Genie under the influence of the purple stone, making him snooty. Finally, they put Aladdin under the influence of the yellow stone, making him afraid, and chased him down in the mantis. Aladdin, however, was able to beat the stone by saying it was just the stone that was making him afraid and when the two villains threatened to hurt Jasmine. When the two tried to attack Aladdin, they accidentally set in motion the destruction of the base while Aladdin freed his friends from the influence of the stones. Genie was able to get the gang out, commenting that no one could've survived the base's destruction, but Aladdin was certain they had. He was right; while Mechanicles came under the affect of the white stone, Abis Mal came under the affect of the green stone and became envious of Aladdin.

Abis Mal spiked the Sultan's bath oils with rock ifrit venom that would slowly turn the Sultan to stone, and Abis Mal would only give him the antidote if the Sultan surrendered control of Agrabah to him. However, Iago had bathed before the Sultan, and was the one turning to stone. As Abis Mal gloated about how the Rock Efreet was helping him conquer Agrabah without having to face Genie, Iago confronted him and revealed that he was the one turning to stone. Mal (with help from Haroud) said he would give Iago the antidote if he brought Genie's lamp to him, which Iago reluctantly agreed to. Aladdin bought a Rock Efreet call from an old woman, who told him that only the powdered scales of a rock ifrit was the cure to its venom. After blowing the call and capturing Mal's Efreet, Aladdin found a note from Iago, telling what he was going to do. Tormented by guilt, Iago couldn't give the lamp to Mal, but Abis was able to take it from him. As the captured Aladdin berated Iago, Mal revealed his Efreet was gone and he couldn't get the antidote. Aladdin tossed it to Iago, who turned almost completely to stone.

The nearly-petrified Iago summoned Genie who captured Mal but had to drop him when Haroud threatened to smash Iago. Genie then told Abis that the Rock Efreet call was a horn that would summon undead minions. Mal blew it, summoning the Efreet, who bit him. As he began to turn to stone, Mal tried to get the antidote, but Aladdin used it on Iago, curing him. Abis then ran after the Efreet, trying to get its scales. Abis Mal and Haroud were searching for the secret stronghold of Scorpo the Undefeated to find his golden weapon. However, they were unable to get through the small opening and duped two children, Kaveed and Yani, into hunting for it, like Aladdin's treasure hunts. The kids got the weapon, a golden scorpion-shaped helm, and gave it to the two thieves, who left them in the pit. Iago and Abu joined the kids, and the four were chased by giant scorpions. While this was happening, Abis Mal discovered that the helm could shoot bolts of magic that freezed people. Ecstatic, Mal went to take over the palace. When the kids, Abu, and Iago escaped from underground, they told Genie what happened, who took them to the palace to warn Aladdin. However, Mal had already taken over and froze Genie when he tried to fight him. Aladdin swung in at that moment and he and Mal fought, Haroud getting frozen in the process. When Mal tried to freeze the kids, Aladdin spun the frozen Genie into him, knocking the helm off his head. Aladdin then chopped the tail off the helm, unfreezing everyone. Haroud fled while Mal was captured by the guards. Abis Mal and Haroud bought a candle called the Candle of Magma from a green-skinned sorceror. A disguised Aladdin tried to steal the Candle, only to have his cover blown by Abu and Iago, who tried to rob a thief. Mal recoginized Abu and Iago and had the thieves attack Aladdin. Aladdin was able to elude the thieves and tried to take the Candle again, only to have Haroud cast the 'Curse of Clumsiness' on Aladdin, making him unbelievably clumsy. Mal and Haroud were able to escape while Aladdin barely escaped from the gang of thieves. Back at their hideout, Haroud told Abis that the Curse was not real and Mal lit the Candle, summoning a lava ifrit named Magma. Under ifrit law, Magma had to obey Mal. Abis took Magma to the palace and told the Sultan to give him the throne or Magma would burn Agrabah to the ground. True to his word, Magma began to heat up Agrabah and Aladdin agreed to help, in spite of his clumsiness. The gang descended into the Earth's core where Magma was generating the heat that was cooking Agrabah.

Aladdin's clumsiness alerted the three villains. Genie fought them, after setting Aladdin aside, but Magma was able to get to Jasmine and tried to drop lava on her. Aladdin was able to get over his clumsiness to rescue her and the gang got away. Abis Mal repeated his ultimatum to the people of Agrabah and had Magma set the city on fire, in order to get Aladdin's attention. The gang arrived and Genie 'cursed' the villains with the flu. Magma did not believe Genie, but Abis Mal immediately began sneezing. Aladdin was able to knock Magma into the well and covered it, until the pressure caused by the steam sent Magma shooting towards the sun. Abis Mal and Haroud fled back to their hideout, where Haroud tried to convince Mal that he was not under a curse. As Iago was chased through the marketplace for his gold-covered feathers, Abis Mal and Haroud thought he was the Golden Bird of Babbaganoosh, and he would lead them to treasure. However, they were unable to catch him. The next day, Abis Mal was bellyaching about how they were unable to catch Iago. At that moment, Iago came in, giving treasure to thieves so they wouldn't be greedy. Mal and Haroud realized he was the Golden Bird they saw, leading Abis to believe that Iago was the Golden Bird in disguise. The duo captured Abu and would only release him if Iago led them to treasure. Iago led them to a rock formation, but there was no treasure there. Abis Mal and Haroud attacked Iago, as well as several shopkeepers and the palace guards, who were all out for Iago's blood. The fighting unleashed a geyser of water and seemingly killed Iago. Iago came to and blamed everything on Abis Mal and Haroud, who were chased away. As Aladdin, Genie, Iago, Abu, and the Sultan traveled to Getzistan on a diplomatic mission, Abis Mal and Haroud followed them with genie-negating explosive orbs which Mal planned to use to destroy Genie. Mal attempted to use one on Genie that night, but failed due to Genie firing a machine gun, misinterpreting fireworks as an attack. The next day, Mal was able to hit Genie with one of the orbs, but ran off with Haroud instead of the Sultan. However, the orb did not destroy Genie, it instead seperated him into seven aspects of his personality: Laughter, Anger, Courage, Kindness, Wisdom, Fear, and Weirdness. While Aladdin, Abu, and Iago dealt with the former four, Abis Mal and Haroud convinced the latter three to help them kidnap the Sultan, telling them that the SUltan was evil and Mal was the rightful ruler of Agrabah. As the seven Genies fought each other, they captured Sultan Pasta Al-Dente, causing Abis Mal to decide to conquer Getzistan instead. He then took out his remaining orb to destroy the Genies, but Aladdin threw it in hopes it would bring Genie back. It didn't work, but then Aladdin realized all they had to do was tell the Genies that he wanted the real Genie back. The Genies all merged back into the regular Genie, who trapped Abis Mal and HAroud in a cage as they tried to sneak away. Abis Mal and Haroud had stolen a griffin egg and were being chased by Aladdin, Abu, and Genie. They got the egg from them, but Aladdin was injured, much to Genie's guilt. Back at the palace, Aladdin explained how Mal had stolen the egg from a mother griffin, who was attacking Getzistan in her anger. As the gang flew to the city, Mal and Haroud followed, Abis revealing that he planned to use the talon of the newborn griffin in a potion that would give him super-strength. That night in Getzistan, where the griffin had scared everyone off, Haroud scared Abis Mal with scenarios of what the griffin would do to him if she found him, causing Mal to accidentally drink the incomplete potion. It gave Mal hair, but quickly changed into giving him hair all over his body. Desperate now, Abis stole the griffin egg from Aladdin and company and ran off with it. Haroud told Mal to sit on it to make it hatch. After a day of sitting, Abis tried to break open the egg, only to have Aladdin take it from him. After the gang had a scuffle with the mother griffin, Mal took the egg back only for it to hatch, the baby griffin reuniting with its mother. Abis Mal and Haroud where then caged by Sultan Pasta Al-Dente as freaks, in hopes of bringing people back to Getzistan. Abis Mal and Haroud captured Carpet with a puppet of a female carpet and subdued him by threatening him with a jar of moths. Aladdin, Jasmine, Abu, Genie, and Iago saw the two thieves flying away on Carpet and gave chase. The chase led to the docks where Abis Mal and Haroud escaped on a ship. As the gang got their own boat, Haroud sewed Carpet into their ship's sail, and used the moths to make Carpet use his magic to make the ship fly. The gang followed, but were captured by Mal and Haroud, including Genie. Mal explained that he stole Carpet in order to get to the castle of Fashoom and steal his treasure. Once they arrived at the castle, Abis and Haroud took Jasmine with them to check for booby traps, leaving Aladdin behind. When the two thieves and Jasmine found the treasure, they came across the stone Fashoom. Abis Mal climbed up and stole his eye, which brought Fashoom back to life. Fashoom attempted to destroy Mal and Haroud for stealing his eye, but Aladdin was able to defeat him by using a shield to reflect Fashoom's eye blasts, causing it to start a cave-in which buried Fashoom. Mal attempted to sic Genie on the gang, only to have the moths come out and chase him and Haroud away, since Abu had stolen the bottle Genie was in. The group then left Fashoom's castle, planning to come back for Mal and Haroud later.

Static Shock: Onyx!

Aladdin: Abis Mal!

Onyx: Hope you guys don't mind me being in the Masters of Evil. Wherever Puff goes, I follow!

Me: Not at all Onyx. It's always cool having you with them.

Nico: Yeah it is.

Clay Bailey: It's gonna be really cool having y'all as an archenemy.

Onyx: Indeed.

Abis Mal: (to Aladdin) Hey there, Al! Did ya miss me?

Aladdin: Not as much as I won't miss Jafar.

Eli: And Jafar will get what's coming to him when we go after him in the future.

Lincoln: Yeah!

Me: And then we will kill him.

Abis Mal: Good.

?: That is agreeable.

A figure came out and it was DYNAMIR the Ox Spirit from episodes 23 and 24 of Jungle Fury!

**Dynamir** was a Minotaur themed Phantom Beast Warrior, who held the spirit of the Ox. He possessed the ability to trap people in the little mirrors with Rinzin powered mirror boomerangs. He serves as the main antagonist of the episode "Blue Ranger, Twin Danger".

Dynamir was one of Phantom Beast Warriors. He used the battle style of the mythical beast minotaur (mythical half man half bull). He possessed the power to trap people in the little mirrors with with Rinzin powered mirror boomerangs. During the first Beast War, Dynamir fought against Pai Zhuq Academy and Dai Shi Clan. He, along with other Phantom Beasts, was defeated and destroyed. However, Crystal Eyes were left behind that possessed the power to ressurect them. In twenty third episode, Jellica used the Crystal Eyes and ressurected them. She ordered them to serve her and help her destroy Dai Shi. However, Scorch, Snapper and Whiger betrayed her and destroyed and then joined Dai Shi. Dynamir and other Phantom Beast Warriors were summoned by Scorch. Dynamir and other Phantom Beast Warriors promised to serve Dai Shi.

In twenty fourth episode Dai Shi, Scorch and Snapper ordered Dynamir to destroy the Jungle Fury Rangers using the team of Spirit Rangers. Dynamir attacked Ocean Bluff and attacked Dominic and trapped him in the mirror. Later he attacked RJ and Casey and trapped them in the mirrors. Then he attacked Lily and Theo's twin brother Luen Martin and trapped them too. However, then Theo attacked Dynamir and forced him to drop the mirrors and they shattered, freeing Theo's friends. Then Dynamir made himself grow and fought Jungle Master Megazord. Dynamir used his ability and forced Rangers's Megazord to dissappear. However then Theo and RJ used Wolf Pride Megazord with Bat Power and defeated Dynamir with their Super Punch. Dynamir was finally destroyed by Rhino Steel Zord using it's symbol strike.

---

Theo Martin: Dynamir!

Dynamir: Been a while rangers.

Me: I remember you! You were sent by Dai Shi to destroy the rangers using the team of Spirit Rangers. You trapped R.J. Casey, Lily and Theo's twin brother Luen in mirrors. But Theo saved them.

Dynamir: That's right. Good memory on you J.D.

Lincoln: We're in the middle of something though.

Dynamir just used his wrist-mounted mirrors to trap Dil and Ichy into mirrors.

Dynamir: That should keep those two still until the usual battles are done.

Isabelle: That's really clever thinking for the spirit of the Ox.

Dynamir: Thank you Shaman of Team Loud Phoenix Storm.

Lincoln: She is awesome at what she does.

?: That ain't the only thing you fuckwads have to face!

Tayuya: Whoa! Nice one.

Me: Lets get this over with.

Nico: I know the perfect way to beat you!

Potty Mouth: What the Hell are you talking about?

Nico: (ignores Potty Mouth) Anyone got hot wings?

Lola: What kind to you want Nico?

Nico: Extra Garlic and put laxatives on them.

Lola: You got it!

Lola made the wings and poured laxatives on them. Lots of laxitives and garlic.

Nico ate the wings. Nico was gonna be feeling that in the morning.

Alizarin Bubblegum: Now the people of Drake City and Gemina can be at peace now that all of the Mysticons major enemies are all dead.

---

Battle 8: Eli and Nico VS Potty Mouth and Number 27.

---

Potty Mouth was next.

Eli: Time for us to wash that filthy mouth of yours out with soap!

Nico: Or in this case with filth. Eli you might want to look away.

Eli: Noted.

Eli looked away and Nico jumped on to Potty Mouth! He was gonna take a dump in Potty Mouth's Mouth!

Potty Mouth: What the fuck are you doing?!

Nico: Hot wings, do your stuff!

We hear Nico groan, then Potty Mouth's toilet head flushes, then

Nico comes out.

Nico: Phew! I would never want to use that toilet even if you paid me.

Potty Mouth then comes crawling on the ground groaning and writhing in agony.

Potty Mouth: Please, please, somebody put me out of my misery! [Potty Mouth jumps into Eli's hands, coughing] Have mercy on my soul… ! [Potty mouth dies]

Eli reaches into Potty Mouth's Pocket and takes the Number Card.

Eli: I'll take that you poopmouth.

Eli then threw him into the air and fired a blast of purple energy and banished Potty Mouth to the Warp.

Nico: Nice job Eli!

---

We regrouped and we were facing Dil and Ichy!

Nico had his hand glow and a blue light appeared on his finger. It was a ring with a blue gem with an ox in the gem.

Nico: Whoa! The Blue Ox chose me!

Isabelle: It's perfect for you Nico. Throughout the world of symbolism, mythology and folklore the **meaning** of the **Ox** is tied to that of the Bull - both representing the Male aspect, fecundity, leadership roles at home or in public, renewal and power. **Ox** were some of the first creatures humankind domesticated to help with agrarian chores.

Nico: Wow! And I am the second in command of the team so that is perfect for me.

A blue light appeared and it landed in Nico's hand. It was the Blue Ox Animal Crystal.

Nico: The Blue Ox Animal Crystal. Wow!

Me: Awesome! Now lets make these two really hurt!

Troy: Time for you two to become extinct!

Megaforce Rangers: Legendary Ranger Mode: RPM!

The Megaforce Ranger turned into the RPM Rangers.

Me: We're going to smash you up!

Nico: Yeah!

Eli: It's buttkicking time!

We blasted Dil and Ichy all over with energy and power blasts all over the place and really made sure they suffered!

Ali: It's over for you two!

Me: This is for Ali's father!

I fired an energy blast and it hit the ground by them and exploded. Sending them into the air!

Lockdown: Time for some teamwork!

Trixie: Lets do it!

Shining Armor: Yeah!

Lockdown and Trixie both used the Earth and Equestria Cyber Planet Keys and they enhanced Lockdown's Head-Mounted Cannon and Trixie's magic and powers 100-fold.

Huffer and Shining Armor both used the Earth and Equestria Cyber Planet Keys as well and they enhanced Huffer's strength and Shining Armor's magic and powers 100-fold.

Lockdown and Trixie: MAGIC CANNON MEGA BLAST!

Lockdown fired his cannon and Trixie fired a massive blast of magic.

Huffer and Shining Armor: SMASHING MAGIC BOULDER!

Huffer threw a massive boulder and Shining Armor fired a blast of magic around the boulder.

Me: This will make you extinct!

Aylene C.: Yeah!

Laney, Lucy Loud, Lincoln, me, Eli, Aylene C., Derek C., Ken A. Littlefoot, Ducky, Petrie, Cera, Spike, Tickles and Ali: LAND BEFORE TIME ULTRA MEGA BLAST!

We fired a massive blast of energy and it hit Dil and Ichy and obliterated them into nothing.

Me: YEAH! Dil and Ichy, you both have failed all the prehistoric times.

Deker: That's it for those two.

Littlefoot: You think my grandpa's ok now?

Mr. Go: I suggest we go over to him and find out.

Me: Right. We'll beam back with Instant Transmission.

I gathered everyone together and we beamed back to the valley.

We arrived back at the valley at the crack of dawn.

Cera: We're home.

Littlefoot: Yeah, I hope my Grandpa's still…

Me: I hope we're not too late.

The young longneck then hung his head with worry. Even though they had found the Night Flower, it wouldn't do any good if Grandpa Longneck was too ill to recover, or worse.

Cera: C'mon, Littlefoot. We should hurry.

Me: Right!

Without a minute of hesitation, we all hastily made their way across the Great Valley to Littlefoot's nesting place. As they approached it, we saw Grandma Longneck standing beside her husband with a downhearted look on her face. We then turned their attention to the Grandpa Longneck, who was still lying motionless on the ground.

For a moment, Littlefoot was afraid that the worst had already happened. However, that changed in an instant when Ken spoke up.

Ken A.: He still alive, He's still breathing.

Littlefoot squinted to get a more clear vision. He gave a huge smile when he saw that Grandpa Longneck's body was faintly expanding and deflating with each breath the elder Apatosaurus took. Although it was weak, it was still a sign that he was alive.

Me: Whew.

Aylene C.: Oh, thank goodness!

The group quickened their pace a bit and hurried toward the two elder Apatosauruses.

Littlefoot: Grandma.

Upon hearing her grandson's voice, Grandma Longneck looked up with joy and surprise when she saw him and his friends.

Grandma Longneck: Littlefoot!

Sona: Oh my son. Everyone. Thank goodness.

Littlefoot: We brought the Night Flowers, Grandma.

The elder female longneck walked over to her grandson with a relieved smile spreading across her face. Subtle tears began to form in her eyes and she lowered her head and nuzzled Littlefoot's face. The young Apatosaurus happily returned the gesture.

Grandma Longneck: Oh, Littlefoot.

The two then slowly pulled away from each other.

Littlefoot: Is… is Grandpa… okay?"

Grandma Longneck gave a sorrowful frown and glanced back at the elder male Apatosaurus.

Grandma Longneck: He's so weak.

Littlefoot: Don't worry, Grandma. The Night Flowers will make him well again. The Old One said so.

Grandma Longneck: I hope she was right. And I hope it's not too late.

Ken A.: C'mon we better hurry.

Littlefoot: Right.

Lincoln: Lets give him the flowers.

Ken A.: Aylene.

Aylene C.: Yes.

Aylene quickly gathered all of the Night Flowers out of the jar. She then ran over to join Ken and Littlefoot. The three of them approached Grandpa Longneck and the two humans knelt down by his head. Ken gently rubbed the elder Apatosaurus' head, trying to wake him up. Upon feeling the small touch, Grandpa Longneck gave a weak groan and he slowly opened one eye.

Littlefoot: Grandpa.

Grandpa Longneck: Littlefoot…

Ken A.: Easy, Sir, we've brought some medicine for you."

Littlefoot: What…

Ken A.: Don't try to talk, just eat as many of these flowers as you can.

Although he was a little confused about what was going on, Grandpa Longneck gave a small, almost unnoticeable nod. Ken then turned to Aylene.

Grandpa Longneck: Hand me one flower at a time, okay?

Aylene gave a sharp nod and immediately gave the human boy one of the golden flowers. Ken then turned back to Grandpa Longneck and placed the flower into the old Apatosaurus' open mouth. As soon as the boy's hand was out of the way, Grandpa Longneck began to slowly munch up the Night Flower. Once he was done chewing, he swallowed it as best he could. Ken then turned back to Aylene, who handed him another flower.

The two humans repeated this procedure three more times. With each passing minute, the others watched with an anxiety slowly growing among them. The only thing that was on their minds now was the hope they had managed to save Grandpa Longneck. If not, then… would this all have been for nothing?

Right now, all they could do was wait and watch.

Shortly after Ken had given Grandpa Longneck the fifth Night Flower, the old Apatosaurus let out a small, almost-content sigh. He then groaned and slowly opened both of his eyes. There was a simultaneous gasp of relief from the others as the elder longneck lifted his head off the ground.

Littlefoot: Grandpa!

Grandma Longneck: How are you feeling, dear?

Grandpa Longneck: Oh, much better. I think those golden flowers are working.

Littlefoot: So does that mean Grandma, Aylene and I won't be leaving the Great Valley after all?

Grandpa Longneck: That's right.

Cera: Littlefoot?

Littlefoot: He's alright! My Grandpa's going be alright!

Upon hearing such great news, the young dinosaurs and all of us all gave a joyful cheer and leapt into the air as high as they could while all of us laughed with a genuine happiness.

We did it. We really did it. Against all odds, we managed to get the Night Flower and save Grandpa Longneck. It was in that moment that they all felt that the trials we had gone through, the suffering we endured, and the horrors we faced were worth it.

Once again, they managed to change their fate.

Petrie: Oh! Me think me should be going now!

Ducky: You're right, Petrie. Our mommies and daddies are probably very worried.

The others quickly bid their farewells and raced off to find their parents. However, as soon as Ali began running to find her herd, she immediately noticed that Ken wasn't behind her. She skidded to a stop and turned around.

Aylene C.: Ken, aren't you coming? The herd is probably worried about us by now.

Ken A.: I'll be there in a few minutes. You go on ahead of me.

Aylene C.: Are you sure?

Ken A.: Yeah, I have some things I need to take care of. Just let the others know I'm okay.

Aylene C.: Okay, if you say so.

With that, Ali once again set out to find her herd.

Ken A.: What do you mean, Ken?

Ken A.: Well, we have some leftover flowers, don't we? We should put them to some good use. And the soil here is a lot like it how the Land of Mists' soil used to be. I think these flowers could grow here, too."

Aylene C.: Wait, you mean you want to plant them here?

Ken A.: Yeah. If something like this ever happens again, you won't have to risk your necks getting them again. That is if they are able to grow here.

Me: That's a great idea Ken.

Nico: I agree.

Aylene C.: I think that's a great idea. Let's do it. I know a place where we can plant them."

Ken A.: Okay then, lead the way.

Before the two humans set out and we followed them, Aylene turned back to the family of longnecks.

Aylene C.: I'll be right back.

Grandma Longneck: Oh, take your time, dear. And thank you both so much for your help."

Ken A.: You're welcome, Grandma Longneck.

Me: It was the least we could do.

With Aylene leading the way, she and Ken made their way across the Great Valley with us following them, leaving Littlefoot and his grandparents and mother to share a heartfelt reunion with each other.

After about half an hour later, Aylene and Ken had finally got the remaining Night Flowers replanted in a small, secluded meadow nestled in the corner of the Great Valley. Once they were finished, they both wiped the sweat from their foreheads and sat back to admire their handy work.

Ken A.: Well, glad that's done.

Aylene C.: Me, too."

Ken A.: Now, with a bit of luck, these flowers will be able to grow and thrive here. I think this Valley will be a great new home for them.

Aylene C.: Yeah.

Ken A.: Hey you okay?"

Aylene C.: Yeah, it's just…

The human girl finally took a deep breath and looked back up at human boy with an apologetic expression painted on her face.

Aylene C.: Ken, I'm sorry.

Ken A.: For what?

Aylene C.: For dragging you into this mess. If I had know what had happened in the Land of Mists before, I wouldn't have been such a jerk about it before. I was just so desperate to save Littlefoot's grandfather that I…"

Ken A.: It's okay, Aylene.

Aylene's eyes widened a bit and she looked back at Ken with surprise. He didn't even look the slightest bit angry, nor did he look annoyed. If anything, he looked… pleased.

Ken A.: I'm not mad, I admit I never wanted to go back to that place. I also didn't want to risk your life or the lives of our friends. But I also don't think I could've stopped you from going even if I tried. If there's one thing I've learned about you it's that you're relentlessly stubborn."

Aylene snickered at the last remark.

Aylene C.: I could say the same about you.

Ken gave a small, prideful smirk at that statement.

Ken A.: I'll take that as a compliment.

Aylene C.: Good. Because it was supposed to be one.

The two friends then shared a laugh. It had been a while since they had a normal conversation. And now that they knew each other better now, they were able to enjoy it a little more than the first one they had a few days ago.

Ken A.: Well, I guess if there's any good that came out of this, aside from curing Grandpa Longneck, it's that I also got to meet you and your friends and also hang out with J.D. and everyone.

Aylene C.: Yeah, And I'm glad we got to meet you and Ali, too. And thank you for all your help. I don't know what we would've done without you guys.

Ken A.: You're welcome, I'm glad we could help."

It was then that Ken gave a subtle look that bordered on nervous. Aylene watched with curiosity as he took a deep, steady breath. He then turned back to her, biting his lip and rubbing his hands together for a second.

We regrouped and we convinced Ali's herd to stay in the Great Valley. There was more than enough food, shelter, and homes for them all. They accepted.

Littlefoot: (To the viewers) This was one adventure worth remembering. I hope you all liked it.

Nico: I know we all did.

Me: Yep.

We later went back home.

THE END

Another awesome fanfic done.

The Land Before Time IV: Journey Through The Mists is one of my all time favorite movies and it was awesome how Littlefoot met Ali and journey into a treacherous place like that to get medicine for his grandpa. I would've done the exact same thing. Potty Mouth from Codename Kids Next Door appeared in the episode Operation: A.W.A.R.D.S. and it was awesome. The next Number is gonna be Number 14: Greedy Sarameya and that one is gonna be in the possession of SpongeBob's bully Flats the Flounder from the episode The Bully. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is the SpongeBob episode Krabs A La Mode and that one is gonna be where Krabs the nudist turns to small size to get the Krabby Patty formular by turning the Krusty Krab into an ice cube with Mr. Krabs thermostat. And you will not believe who is in charge again.

See you all tomorrow.

# Krabs à La Mode

Over in the Jupiter Prison it was time for another awesome rant fest with the most hated babysitter in the world: ICKY VICKY.

Jessie: (Pokemon) Another day of ranting at Icky Vicky.

Me: Yep. We haven't done this in a while and we still have the humiliation fests of Billy McLean to do.

Nico: Yep.

Applejack: What Icky Vicky has done makes her the worst of the worst. She is King Sombra Reincarnated.

Princess Cadance: Good analogy for her.

Akira: Remind me again. Who is Icky Vicky?

Me: Okay.

I went over Icky Vicky's history.

---

**Vicky** is the central antagonist of the first 6 seasons of *The Fairly OddParents* . She is one of Timmy Turner's archenemies (alongside Denzel Crocker and Francis) and his sadistic, arrogant and cruel babysitter. She was also the main antagonist of the special "Channel Chasers".

She was voiced by Grey DeLisle in the cartoon series, who also voiced Azula in *Avatar: The Last Airbender*, Asajj Ventress in *Star Wars: Clone Wars*, Mandy in both *Grim & Evil* and *The Grim Adventures of Billy & Mandy*, Vexus in *Crossy Road: The Series*, the High Priestess in *Samurai Jack*, Major Doctor Ghastly in *Evil Con Crane*, and Pixie Dusters in *Onward* . While in *A Fairly Odd Movie: Grow Up, Timmy Turner!*, she was portrayed by Devon Weigel.

As revealed in *Abra-Catastrophe!*, Vicky first started babysitting

Timmy Turner when he was eight and she was fourteen. Timmy had found a flier advertising Vicky's babysitting service, and panicked and called this number when his parents tricked him into thinking he was being left alone. When Vicky arrived, she convinced Timmy's parents that they could use a babysitter so that they would have time for each other to go out and do adult things. From that point on, Vicky tormented Timmy whenever she babysat him, and his parents would continue to spend time away, leaving him under Vicky's cruel care. Timmy became so miserable that he needed fairy godparents. With them, he was able to use magic to get even with Vicky. Even with his fairies, Timmy is still challenged by Vicky over the course of the show. She has also worked other non-babysitting jobs, usually if they involve hurting others or holding sharp objects. In most of her early appearances, the simple act of saying her name would cause thunder and lightning to flash in the sky.

## Early life

Vicky appears to have started babysitting at age fourteen or possibly earlier. When she first met Timmy when he was eight, she was just as mean as she is now. It is never explained why Vicky is the way that she is, although several conflicting plots have been put forth. In the episode "Snow Bound", she reveals that she had a rough childhood. In "Tiny Timmy", it is said that her niceness never showed up to work inside her brain. In "Vicky Loses Her Icky", the cause of her evilness is attributed to an evil bug that crawled up her butt (although it is equally likely that the bug was a pure concentration of her evil personality). In the episode "The Switch Glitch", after Timmy wished for Vicky to turn into a five-year-old, she was actually nice but turned bad when she wanted revenge on Timmy for being a mean babysitter. It has also been suggested in fanon that her sister Tootie being born was the cause of her disliking younger kids, and although this has never been explicitly stated, in the episode "The Masked Magician", Vicky lists Tootie first as she went through various enemies she had made in her life, as well as her own parents. Hanging in her house is a picture of an infant-aged Vicky that is shown with the same evil scowl she has in her later life, so it's possible she was *born* this way.

## Future

After Timmy Turner successfully defeated Vicky in the past and changed the bad future into a good one, twenty years passed by and Timmy is revealed to have two children, a son and a daughter. The children bear a resemblance to Vicky's little sister Tootie among other characters, meaning that these children would be Vicky's nephew and niece if Tootie married Timmy. Some fans even believe that Vicky herself could have been the mother, and even if so, it's possible that her children could have inherited genes from their grandmother. The two children are babysat by a robot that looks and acts like Vicky, so it is likely that Timmy has some connection with her in the future, or has at the very least reconciled with her. It is also possible, even implied in some of Adult Timmy's dialogue, that because he forgot about his fairies in his later life, Timmy eventually assumed that it was his parents, and by extension Vicky, who helped shape him into becoming a responsible adult instead of his fairies, and therefore he believes that hiring a babysitter that resembles Vicky will help shape his own children into responsible adults too. Vicky's exact connection with the robot is unknown, but if she makes and designs these robots, she is likely very rich and successful like she always wanted to be.

## Alternate reality

In the episode "Vicky Gets Fired", Timmy's parents attend a cinema and leave Timmy alone with Vicky, but this time, Timmy, determined to prove Vicky is evil, shows his parents a video in which she tapes over their extremely important videotape, causing her to be fired. Vicky then attempts to seek a new line of employment, although she only succeeds in torturing others, resulting in her getting fired by all her bosses, both literally and figuratively. Eventually, she goes to the mayor and reveals to Chompy the Goat that the mayor indulges himself in eating goat meat, causing the goat to chase him out of his office. Vicky then names herself the new mayor and takes over Dimmsdale, renames it "Vickyland" and attacks it with her newly established ape army. Timmy, who is enjoying the time of his life with his god-family, soon discovers that getting Vicky out of his life causes her to ruin everyone else's. Wanda proposes that they take fire-breathing battle-rhinos and a lion-cloth warrior to Vicky to depose her; however, they lose badly, and Timmy tries wishing that Vicky wasn't the mayor. Unfortunately, Vicky, not being mayor, becomes president of the U.S.A. instead and attacks the country with another armored ape army. Timmy tries unwishing that Vicky dominated reality again, only for Vicky to become the "Dark Empress of Everything that Breathes", and began attacking Earth with her Star-Destroyer-like warship. To save the Earth, Timmy reluctantly wishes that Vicky was his babysitter again in order to maintain peace.

## Leadership

Vicky was formerly a member of B.R.A.T. (Babysitters Raging Against Twerps) until she was rescued by Timmy Turner and felt grateful. Vicky tried to make a new life being Timmy's friend but he rejected her favors and Vicky returned to her organization more abusive than ever, so much so that their companions named her their new leader. On another occasion, she joined and subsequently lead L.O.S.E.R.S. (composed of Crocker, Dark Laser and Foop) and advised them on how to destroy Timmy once and for all, but after Timmy wished that these four enemies wanted to be him, all members (including her) ended up destroying each other. Vicky subsequently left the team after their initial failure and ends up being replaced by Timmy's dad (who thought he was joining a sewing club).

## Plots

In the 2003 video game "Breakin' Da Rules", Vicky served as the main villain. After picking up Cosmo and Wanda's copy of Da Rules, Vicky received their wishing power and spent the game accidentally wishing Timmy into strange situations such as turning him into a dog or sending him into the past.

The 2004 movie *Channel Chasers* also featured Vicky as the main antagonist. After taking the Magic Remote away from Timmy and sabotaging the Turner house to frame Timmy for its destruction as well as getting Timmy in even more trouble with his infuriated parents, Vicky discovered its power and planned on using it to get to the Biographical Channel and make herself a dictator. The film includes a look into the future where Vicky is victorious and leads an army of masked soldiers. A visit from the future Timmy to his young self assures Vicky's defeat in this plan and she ends up not remembering the events. In the end following her defeat, Timmy's parents fire Vicky for lying to them and being a mean and nasty babysitter to Timmy after finally discovering that Timmy was right about Vicky all along. This was Vicky's only significant movie role, and she served as the main antagonist for most of the movie.

In the 2009 three-part movie *Wishology*, Vicky joins forces with Timmy in exchange for twenty dollars. When Timmy "sacrifices" himself to The Darkness, she even shows a moment of remorse for Timmy. However, by the end of the movie, and definitely after Jorgen's memory wipe, she has reverted to her old self.

Akira and his friends and most of us gasped in horror.

Lincoln: Vicky is a cold-blooded and heartless evil shrew.

Nico: Yep.

Molly Hale: Akira, you can rant first.

May: But Fluttershy scares us when she does that.

Me: I know. But it's part of her talent.

We cheered wildly for Fluttershy!

Prisoner 2: Yeah you tell her!

Prisoner girl: Yeah! Wait a second. (Recognizes Fluttershy) I thought you looked familiar! You are Fluttershy from My Little Pony!

Fluttershy: That's right.

Prisoner Girl: I watched you and My Little Pony back when I was a little girl! You guys are awesome!

Fluttershy: Oh. I'm honored to have some fans.

Prisoner Girl: You're welcome.

Chris Taylor: My turn.

Chris went up to Icky Vicky and used Breath Spray on his mouth.

Chris Taylor: (Clears throat) (Take a deep breath) YOU ARE THE MOST DISGRACEFUL AND MOST UGLY, FAT, POMPOUS FREAK OF NATURE THAT HAS EVER WALKED THE FACE OF THE EARTH AND I WOULD RATHER HAVE A PILE OF SHIT AS A BABYSITTER THAN YOU AND I WOULD RATHER VOMIT UP MY FUCKING GUTS THAN BE YOUR BABYSITTER! Jessica Shannon: My turn!

Jessica went up to her.

Jessica Shannon: YOU UGLY FUCKED UP, USELESS, PATHETIC, FILTHY WHORE! YOU UGLY WORTHLESS LITTLE WORTHLESS LOSER! HOW DARE YOU PICK ON INNOCENT CHILDREN!? Jessica then punched Vicky in the nose and broke her nose.

We cheered wildly for her. And the prisoners roared in cheers.

Me: Yeah you tell her Jessica!

Nico: WOO! Yeah!

Mandy (Billy & Mandy): That's almost exactly like what Mindy said to my dog Saliva.

Nico: Wow.

Hikaru: My turn.

Hikaru went up to Vicky.

Hikaru: (Takes a deep breath) YOU ARE THE WORST AND MOST PATHETIC MONSTER IN ALL OF EXISTENCE! Ed: (Clears throat) YOU MAKE ME SO FUCKING SICK THAT IT'S DISGUSTING! I WISH YOU WERE NEVER BORN!

We cheered wildly for that.

Soundwave: (to Akira and his friends) Those were excellent rants.

Akira: Thanks Soundwave.

Jessica: Relieving all that pent up anger on her was awesome!

Noriko: Now for me.

Noriko went up to Icky Vicky.

Vicky: WHAT THE HELL TO YOU WANT!?

Noriko: Just this.

Noriko grabbed Icky Vicky's hand and then…

ZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAPPPPPPPPPPPP!

Noriko electrocuted Icky Vicky with over 500 sextillion volts of electricity and Icky Vicky screamed in excruciating pain as she was being zapped all over with incredible electricity and when she stopped she was a burned husk.

Noriko: Take that you monster!

Blaster: We should make sure no Number Cards get a chance to get owned by any of the prisoners here.

Me: Good idea.

Lincoln: I was just about to suggest that.

Yuma: Same here.

Rio: We need to make sure that will never happen.

Me: And I know just what to do.

I used a spell to make sure the Numbers don't get to our space prisons or the Masters of Evil Prison.

* * *

Later, me, Eli, the Neptune Crusaders minus Maria, and the Loud Kids were getting ready to head to Bikini Bottom.

Me: Well we're gonna head to Bikini Bottom to check on SpongeBob.

Lily: And I got to get ready for work at the Krusty Krab and help SpongeBob out.

Eli: Yeah we got word of a Number there so we're gonna find it.

Nico: Okay. Have fun guys.

Me: We will. Nico, you are are in charge of whatever mission you find.

Nico: (Salutes) Aye aye sir!

Me: Well we're off. Have fun.

We went to Bikini Bottom.

Batman then came.

Nico: Oh hello Bruce. How's it going?

Batman: Not good. I need your help with something. I found a murder victim on the Merchant Bridge. He was killed and posed and chained on the Merchant Bridge.

Nico: Whoa! We better get over there and check it out. Someone killed, mutilated, and posed a body on Merchant Bridge. If we're going to stop them, then we need to investigate the crime scene for clues.

Tomahawk Man: Shouldn't we tell J.D and the others about this?

Maria: This is their day off. Best not to disturb them.

Nico: You're right.

Naruto: Who could've done this?

Nico: We better get over there and find out. J.D. put me in charge of this mission on his day off.

Batman: I see. Lets get over there.

Abis Nal: Can me, Touch & Go, the Vreedles, Electrocutioner, Onyx, and Deker help you guys out with this?

Nico: Yes you guys can.

Vince: I've got a really bad feeling about all this.

Carol: Me too.

Nico: And Lester since you know Gotham like the back of your hand yourself you are perfect for this mission too.

Electrocutioner: Thanks Nico.

They followed Bruce to the Merchant Bridge and there they found a gruesome discovery.

It was a body that was chained, mutilated and posed and he was tied to the Merchant Bridge.

Raph: Whoa! Someone really did a number on this guy.

Nico: No kidding.

Kira Ford: Oh man.

Leonardo: What have you guys got on the body?

Terrorsaur: Let's see. Deformity on the left ear, a wedding ring on the lower intestine, and a hip replacement.

Nico: (uses scanner) According to the scanner, the victim's name is Anthony Lund. Hospital records show he suffered from alcoholism, most probably brought on the by the breakdown of his marriage. The name of the ring is Ophelia, his ex wife. He was last seen in Albuquerque, New Mexico.

Batman: He's one of the patients in New Mexico that went missing.

Nico: Weird.

Vince: Whoever did this was really maniacal.

Later they went to the Gotham Herald Building and found another body.

Mr. Touch: What have you got on this body, Mr. Go?

Mr. Go: Scar tissue on the upper arm, remnanats of a pacemaker fitted through the right ventricle, and clear signs of bone deformation on the victim's knee.

Nico: (uses scanner) This guy's name is Franklin Accardo. He's committed a lot of drug related crimes. He's been in and out of orison at an early age. He was serving a 20 year prison sentence at Blackgate before being released early on grounds of ill health due to a heart condition. He moved to Little Rock, Arkansas, which is where he was reported missing.

Batman: Looks like the work of someone that is very familiar to me.

Volcana: And I have a feeling I know who.

They went to Miagani Island next and found another body.

Livewire: This is the third victim.

Ben: Now, what's on this body?

Thunderblast: Irregularity on the victim's chest, a bullet lodged in the upper bicep, and the left foot is missing several toes.

Nico: (uses scanner) This is Robert Kincaid, a microbioligist from Stagg Industries. People believed the shooting was connected to Kincaid's knowledge of controversial research. He took a teaching post in Atlanta, which is where he went missing.

Killer Frost: This definitely is the work of someone that is familiar to us.

Volcana: It sure is Louise.

Later at the same location on the southwestern side of the Salvation Bridge was a 4th victim: A female.

Volcana: A female victim. This is the 4th body.

Rhomboid: What about this one, Octagon?

Octagon: A bite mark from a shark, an Ocular prosthesis, and signs of trauma to the upper arm.

Nico: (uses scanner) This is Lisa Mendes. She's an orphan from the age of nine. She's been in foster homes and she's had some drug abuse. She also develooed a talent for surfing. She was working for a Christian charity in Tucson, Arizona when she went missing.

Bridgette: She and I had so much in common. I like surfing too.

Applejack: Man that's rough.

Nico: No kidding.

Next at Founder's Island they found another body. A 5th Victim, a female.

Livewire: Someone sure knows what they are doing though.

Poison Ivy: This is the 5th victim.

Carly Carmine: What about this body?

Ri'oha: Let's see. Signs of a removed tattoo, signs of a removed kidney, and and a plate made of tantalum.

Nico: (uses scanner) Ella Montgomery. The kidney was donated to a twin sister who unfortunately died. That was probably the catalyst for her boxing pursuits. She went missing in Huntsville, Arizona.

Batman: Someone really did all this to a lot of people.

Volcana: No kidding.

Nico: Whoever did this either has a deranged mind or is out for the thrill.

Lastly they found a 6th victim on the north side of the island.

Onyx: What's on this body?

Puff: A chemical burn, a voice box, and an extra finger.

Nico: (uses scanner) This body is Alison Wears, an engineer employed at Ace Chemicals. She moved into a retirement home in Bludhaven several years ago.

Carly Carmine: This is the 6th body we found

Electrocutioner: Now I remember! This is the handiwork of our old friend Professor Pyg.

Volcana: I had a very strong feeling this was his dirty work.

Lillymon: You guys know him?

Livewire: Yeah we do. He was kicked out of the Legion Of Doom for his questionable methods.

Nico: Lazlo Valentin A.K.A. Professor Pyg. That deranged serial killer.

---

**Professor Pyg** (real name: **Lazlo Valentin** ) is a minor antagonist in *Batman: Arkham Knight* . He appears as the main antagonist of the Most Wanted mission *The Perfect Crime* .

He is the insane leader of the Circus of Strange and is responsible for several kidnappings in the places where the circus performed. Pyg experimented on his abductees and turned them into mindless puppets known as Dollotrons. However, Pyg only changed those he deemed "perfect"; the others he killed and displayed throughout Gotham City for Batman to find.

He is voiced by Dwight Schultz, who also voiced Aloysius Animo in Ben 10.

Lazlo Valentin was obsessed with making himself and people "perfect" after being berated by his parents that he wasn't "perfect" or "wasn't good enough" to please them. As an adult, he was a gifted scientist, but after suffering a schizophrenic breakdown believed that people must have their uniqueness removed if they are to be perfect the way he envisions it. Taking up the deranged persona of Professor Pyg, he became the ringmaster of the Circus of Strange, where he would tour the country, luring victims of all ages to his show, and surgically turning them into his Dollotrons, "perfecting" them as he sees it. The end results are organic robots with doll masks grafted on their faces, genitals presumably removed and unable to feel or think anything. Those he could not "fix" were simply tossed like trash. Eventually, he conceived a son, Janosz; it's implied that he was born from a rape victim and Pyg had her either killed or turned into a Dollotron when she refused to be with him. At one point, Pyg turned the young son of a rich man named O'Neil into a Dollotron, and when O'Neil brought a suitcase of money to release him, Pyg refused to let the boy go and had his Dollotrons, including O'Neil's son, capture him and prep him for surgery.

*Arkham Knight*

Batman finds six victims strung up like a dressed deer in various places throughout Gotham with opera music playing on a loop through speakers placed next to the bodies. Because the process of turning them into Dollotrons had corrupted their DNA and destroyed their fingerprints, Batman has to use his Deep Tissue Scanner to look for any distinguishing features to identify them in the Missing Persons Reports.

After investigating the bodies, all the victims had similar traits: they had troubled pasts, had been through surgery prior to being kidnapped, had scars on them from accidents, genetic deformities and they all went missing at fairgrounds and parks around the country; all of which were where the Circus of Strange had stopped on its route. Alfred finds only one associated name involved with the circus: Lazlo Valentin, who leased a beauty salon in Gotham, the Pretty Dolls Parlor, but the lease expired before construction began on Wayne International Plaza. He also tells Batman to proceed with caution with Valentin, because he was mentally unstable, even by Gotham standards.

Pyg is interrupted in one of his experiments by Batman, who demands that he release all of his prisoners from his Monster Machine. Pyg refuses and turns his Dollotrons upon Batman before joining in the fight, throwing knives at Batman while singing crazy song lines as the Opera music plays on. After Batman defeats them he arrests Pyg and takes him to the GCPD Lock-up, all the while Pyg bemoans how his mother will be very disappointed in him.

Killed Victims:

Anthony Lund

Franklin Accardo

Robert Kincaid

Lisa Mendes

Ella Montgomery

Allison Wears

Several unnamed people

---

They gasped in shock.

Misty Tredwell: He's just like the Joker.

Vince: Looks like we're going to have to kill him.

Nico: Agreed. This guy is JUST as dangerous as the Joker but we're not sure he killed as many as he did.

Killer Frost: The Legion Of Doom had Professor Pyg in their ranks once but he was kicked out for his questionable and gross methods.

Nico: Whoa.

Electrocutioner: Being from Gotham myself, I've seen Pyg in action before. And it usually makes me vomit.

Nico: He is a disgusting monster.

Bane: (Spanish Accent) Si amigos. I've seen señor Pyg in action too and he is totally honorless.

Jared: You got that right. He needs to die the most horrible death we can think of.

Rainbow Dash: I agree. I should rip his nose off and shove it so far up his butt that he'll sniff his intestines from the inside!

Nico: I like how you think R.D.

Mystique: How exactly are we going to find Pyg?

Nico: Simple. Just follow the sound of the opera music.

Ultra-Humanite: I remember he likes opera music and his style is very exquisite.

Fu: It sure is. I like it.

Shanan: Me too. Opera is my kind of music. He has good taste even if he has a deranged mind.

Nico: Lets get him!

They went to Pretty Dolls Parlor in Ryker Heights and heard opera music.

Nico: That's opera music all right. Lets go.

They came to a boarded up entrance.

Nico: Here we go.

Carly Carmine: We can use an entrance made by me this time.

Nico: Good idea. 3… 2… 1…

Professor Pyg was working when suddenly…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery orange fire explosion blasted the door down and a massive kaleidoscope of orange fiery hummingbirds flew in all directions and they freed all of Pyg's victims and they landed in front of him and they appeared. They were facing Lazlo Valentin A.K.A.

PROFESSOR PYG!

Nico: Lazlo Valentin A.K.A. Professor Pyg. So we meet at last.

Electrocutioner: Hello Pyg. Nice to see you again.

Professor Pyg: Lester. Pyg happy to see you and you too Claire, Leslie and Louise. Nice to see you all again.

Batman: You're done here, Valentin. Let them go!

Pyg: Oh no, no, no, no, no! Pyg not ready yet. She's all unique and wrong. All messed up, inside out. Pyg make her better! Pyg make all of us better!

Nebula: Just give up, Pyg. It's over!

Pyg: But Pyg can fix you too! Make you perfect! Like the others!

May: You're insane, do you know that?!

Pyg: And what are all of you?

Nico: We're here to stop you!

Poison Ivy: And kill you!

Pyg: Bad, bad, bad. Pyg is like clay. Pyg is like God. Pyg is here to fix us all!

Nico: You are not fixing anything anymore. Today you die!

May: Yeah!

Carly Carmine: You better pack you're bags because we're sending you on a one way ticket to the Warp.

Misty Tredwell: After we torture you and then kill you!

Rainbow Dash: Yeah!

Deker: You disgust me. If Xandred were still alive, you'd fit right in with him!

Nico: That's right!

Bane: The Legion should've killed you instead of letting you go!

The Dark Turtles, LeGrange, Mysterio, Taskmaster and Whiger appeared.

Nico: Dark Turtles, LeGrange, Mysterio, Taskmaster and Whiger.

Whiger: Yep. Where's J.D. and everyone else?

Nico: They are over in Bikini Bottom with SpongeBob and everyone. So I'm in charge of this mission.

Taskmaster: I see.

Dark Don: Being a scientist myself, what Pyg did here make me want throw up!

May: Trust me. I agree with you on that one.

Maria: (hears something) Wait. Am I hearing a car driving by?

LaGrange: That would be our newest recruit arriving.

Vert: Oh yeah!

Nico: Here we go.

A figure came in and it was none other than MOTOR ED!

---

**Edward Lipsky**, also known as **Motor Ed**, is an automotive-themed supervillain, a hard-rocking, car-customizing, mullet-wearing, fast-driving, madman on the road to destruction.

He is voiced by John DiMaggio who also voices his cousin, Dr. Drakken.

Motor Ed was a mechanical engineer, one of the best in the country, but conflicts with his more professional colleagues over his manner and style, especially his mullet, led to his going rogue at the government facility he worked with. He first encountered Kim, whom he consistently called "Red" because of her hair, Ron Stoppable and their new friend Felix Renton when he tried to steal parts for the ultimate fleet of custom wheels. He was foiled by a clever ruse centered around a fictional, but cool-sounding, part called the "Turbonic Charger Valve", playing on his love of car technology.

He later joined up with his cousin Dr. Drakken, and his sidekick, Shego, and used cyber-robotic technology reverse-engineered from Felix's wheelchair to enhance Drakken's Doomvee. They were foiled when the heroes exploited a known weakness in the source technology to take control of the Doomvee.

In the early part of Kim's Senior year, as she was having trouble relating to her car, Ed broke Shego out of jail to join him in an undisclosed scheme, snubbing his cousin on the way out. He stole an experimental spacecraft called the Kepler from the Middleton Space Center, and turned it into a hypersonic dragster. His goal was not to do anything specifically evil, but to simply cruise across the country with a hot babe at hypersonic speed; along with an Alaskan cruise, it was on the list of things he wished to do before he "croaked". Shego, enraged, blew him out of the cab, leaving the unmanned Kepler to be stopped by Kim. Both were subsequently captured.

After his cousin Drakken escaped from prison, Motor Ed was moved into his former cell with Frugal Lucre.

---

Kim Possible: Motor Ed!?

Nico: I thought you were grounded for your crimes along with your cousin?

Motor Ed: I was released for good behavior. Seriously.

Nico: I see.

Motor Ed: I hope you guys have been putting my cars to good use. Seriously!

Shego: SHUT UP!

Shego jumped Motor Ed and pulverized him into pulp.

William and Nico got her off of him and held her back!

Electrocutioner: Sheesh what is her problem with him?

Nico: Bad relationship. Motor Ed is Shego's ex-boyfriend.

Electrocutioner: I see. Picked a bad apple.

Nico: Yeah.

?: Woo. You ain't kidding.

A figure came out and it was BOOM BOT from episodes 8 and 9 of RPM!

---

The **Boom Bot** is one of Venjix's Attack Bots. He is based on stereo speakers. Unlike his Sentai counterpart and like many other Attack Bots, Boom Bot does not talk at all, only speaking in growls with Amplifier effect. He serves as the main antagonist of the first part of the episode "Ranger Yellow".

Boom Bot was sent by Venjix to serve as distraction maneuver while Tenaya 7 would stole The Black Diamond of Landsdown's the treasure of Summer's family. This Attack Bot infiltrated the Corinth City Shields, with Tenaya 7 and the Grinders, by creating Sonic Interference. They were stopped and held up by the Corinth City Forces, but Tenaya 7 quickly took them out, allowing the bot & the Grinders to continue. Similar to the monsters Somnibot and Dischordia, he used sound as his main power, even wielding a microphone staff as a weapon.

When they arrived in the city, the evil forces started attacking the citizens of Corinth. The City Patrol tried to stop them, but they weren't strong enough. Scott, Flynn, Ziggy & Dillon soon arrived and took the Grinders out. They then Morphed and were ready to battle the Boom Bot. However, the robot used his Sonic Bombardment

Cannons to keep the Rangers down.

Luckily Summer showed up and battled the Boom Bot. Yellow Ranger was able to use her Energy Blast to weaken the beast. This gave the team enough time to form their cannons and blast the bot.

But the battle wasn't over just yet. Venjix made the Boom Bot grow, forcing the Rangers to form the High Octane Megazord. The Megazord alone wasn't strong enough to take on the Boom Bot. Dillon then joined in the fight with his Zord. By combining the Black Ranger's Zord with the High Octane Megazord, the Rangers gained the fire power they needed to destroy the Boom Bot.

The Rangers & Doctor K later discovered that the Boom Bot was not the primary threat to the city. Boom Bot had been implanted with a self-destruct device, that was activated during the battle. The Boom Bot was then in fact just a decoy to keep the Rangers busy while Tenaya 7 went to steal the Landsdown Diamond.

---

Summer Landsdown: Boom Bot!

Boom Bot: Long time no see Yellow Ranger. How is that family of yours?

Summer Landsdown: Just fine thanks.

Nico: I remember you! You were to serve as a distraction so that Tenaya 7 can steal the Black Landsdown Diamond.

Boom Bot: That's right Nico. Just as sharp a memory as J.D.'s

Maria: Wow! Summer isn't that a famous diamond that belongs to your family?

Summer Landsdown: That's right. My family is rich and it was all we had along with my family's mansion before the Venjix Invasion destroyed our world.

Nico: I remember that and I'm sure J.D. remembers that too.

Dillion: I still have that.

Dillion reached into his pocket and then pulled out the necklace that was beautiful and it was the Black Landsdown Diamond.

Summer Landsdown: (Gasp) My family's diamond.

Dillion: I held onto it after we took down Boom Bot the first time. I forgot to give it back to you.

Summer took it and put it around her neck.

Nico: (Whistles) That's beautiful.

May: Just like on TV.

Summer Landsdown: I know. Thank you guys.

Nico: I think you'd make an awesome D.J.

Boom Bot: (laughs) I agree with you on that statement. Too bad there weren't any music clubs in Corinth.

Nico: Yeah that's a shame.

William: Our friend Vinyl Scratch here would love having you as her awesome partner.

Vinyl Scratch threw up the goats and smiled.

Boom Bot: Not much of a speaker is she?

Applejack: She lets her music do the talking for her.

Boom Jet: I see.

Nico: Lets get it on.

---

Battle 1: Yang, Rainbow Dash, Scootaloo, Lightning Dust, Spitfire, Shego, Knight Man and Tomahawk Man VS Motor Ed

Motor Ed was up first.

Motor Ed (to Yang): Your mom told me that your motorcycle, Bumblebee, is awesome. But you should get yourself a kickass car if you really want to hit the road.

Yang: I'll see if I can get one.

Rainbow Dash: And I have a kickass Motorcycle myself as well.

Motor Ed: You do too? Cool!

Scootaloo: Yeah she is awesome! You should see what she does with it.

Spitfire: Her moves are sick.

Lightning Dust: Yeah they are. We do all kinds of stunts with our motorcycles.

Rainbow Dash: We also modified them after the Storm Hawk's Motorcycles that turn into rad jets.

Shego: They are awesome.

Motor Ed: I'll have to see them next time. This is gonna be fun.

Knight Man: Lets do it.

Motor Ed: Gladly.

Motor Ed called out his Pokemon. He had 5 Mudmare.

Yang: 5 Mudmare! Awesome! Those are perfect for you.

Motor Ed: Thanks. Lets do it.

They went at them and Yang and her group went him.

Motor Ed blasted them all over and they dodged the blasts.

Rainbow Dash: You should see how the Wonderbolts fly. Lets do it!

Spitfire: Yeah!

Rainbow Dash, Scootaloo, Lightning Dust and Spitfire: WONDERBOLTS STYLE FORMATION ART: PHOENIX LIGHTNING CUMULONIMBUS BURST!

They spun in a square and formed into a Cumulonimbus cloud and it fired a blast of fire lightning and formed into a phoenix.

Yang fired energy blasts and Shego, Knight Man and Tomahawk Man fired blasts of energy and green fire and the blasts all hit Motor Ed and knocked him and his Pokemon down.

Yang: Yeah! That was so much fun!

Rainbow Dash: Yeah it was!

Spitfire: Awesome!

---

Battle 2: Hulk, Applejack, Apple Bloom, The Turtles, April O'Neil, Beast Wars Scorponok and Terrorsaur VS Dark Turtles

---

The Dark Turtles were next.

Dark Raph: I'm really looking forward to fighting the Hulk!

Dark Don: Well, I'm looking forward to this fight because the Hulk also has Dr. Banner's mind.

Dark Mikey: I'm looking forward to this fight because you guys are.

Dark Leo (to Hulk): You have my condolences about everything you went through, Hulk. Ross is no different from Dunn.

Hulk: Hulk appreciate that. And Hulk looking forward to fight you too.

Pyg: No, not death. Pyg makes life truly worth living!

Maria: And the people that you senselessly slaughtered?

Pyg: They were too broken for Pyg to make better. They were too imperfect, oh no. They made Mother angry, and made Pyg feel sick, very, very sick.

Nico: Funny thing about those things you couldn't change though. That's how we were able to locate the bodies. It's the reason how we were able to find you, and it's why in the end you failed.

Nico: You said it. He'll be so hungry.

Maria: Yep.

Later it was another day in Bikini Bottom.

**Narrator:** (French Accent) It is a cold and windy day, and Bikini Bottom is covered with goosebumps.

It was another great day at the Krusty Krab but we were freezing our asses off.

**Squilliam:** Oh, it's freezing in here!

**SpongeBob:** Not if you get up and exercise! Hut, two. Hut, two. Yes, sir. My buns are nice and toasty. *[turns around to show two Krabby Patties on his butt]*

Lily: I like the cold. It's really soothing to me.

Arixam: I like it too. It's fun.

Varie: I don't mind it as long as we have hot cocoa on the menus here at the Krusty Krab.

SpongeBob: Indeed.

**Squilliam:** That's a good thing and it's perfect here. *[SpongeBob, Squilliam, and the Krabby Patties shiver as a gusty wind blows through again]*

Me: Man it's cold in here.

Squilliam: Oh, how cold does Krabs keep this place, anyway? *[looks at the thermostat to show 62°]* 62 degrees?! Oh, that cheapskate! I'm going to set it to a toasty 63. *[turns it to 63° but an alarm goes off]* Huh?

Me: Uh oh!

**Mr. Krabs:** *[hears alarm, bursts down the office door]* ***WHO TOUCHED ME THERMOSTAT?!*** *[everyone, including SpongeBob points at Squilliam]*

Me: SpongeBob!

**Squilliam:** *[at SpongeBob]* Oh, thanks a- *[Mr. Krabs grabs him by the nose]*

**SpongeBob:** You're welcome, Squilliam.

**Mr. Krabs:** Mr. Squilliam, you're always going on about your book club. Read this.

**Squidward:** *[reads sign above thermostat]* "Do not touch thermostat EVER." *[Mr. Krabs puts the temperature back on 62°]*

**Mr. Krabs:** Heat costs money! There are two ways to get on my bad side, everyone. I don't like kids playing in me yard, and nobody but me touches me thermostat!

**Squilliam:** That's totally selfish!

Me: Mr. Krabs, I thought you were over that.

Mr. Krabs: (Sighs) Sorry. Old habits die hard.

**SpongeBob:** Yeah! Your yard is really fun! There are kids playing on it right now!

Lily: He's right.

**Mr. Krabs:** What?! *[kids are playing ball, flying kites and jumping rope in Mr. Krabs' front yard]* Hey, you kids get off of my lawn! *[Mr. Krabs runs out of the restaurant. Krabs is watching all of this through a straw]*

Little did we know that Krabs the nudist was watching.

**Krabs:** That's right. Run, Krabs you clothed idiot.

But with him was SpongeBob's bully from Boating School: FLATS THE FLOUNDER!

---

**Flats the Flounder** (simply known as **Flats** ) is a recurring character in the first season of *SpongeBob SquarePants* and the main antagonist of the season 3 episode " *The Bully* ". He also makes cameo appearances in the sixth, eleventh, and twelth seasons as well as the end credits of the SpongeBob Movie: Sponge Out of Water. He is a brutish bully who has a hobby of injuring others and attempts to beat up SpongeBob SquarePants several times.

He was voiced by Thomas F. Wilson, who also played Biff Tannen and Buford Tannen in the *Back to the Future* film series.

Flats first appears in the episode, *Sandy's Rocket,* where he is in a bathroom in front of a mirror. Flats opens the mirror in which SpongeBob is inside and captures Flats.

In the episode, *Texas*, Flats is one of the people in the Texas party for Sandy where he is holding a square. He and everyone gathers around Sandy and cheers when she ultimately decides to stay. However, when Patrick mentions "dumb ol' Texas", he and everyone frowns, most likely worried that Sandy will get furious for what Patrick said.

In the episode, *The Bully*, Flats is first seen as Mrs. Puff's new student. He takes a seat next to SpongeBob, but when the latter introduces himself, Flats threatens to kick his butt. SpongeBob initially takes it as a joke, but Flats rips his chest hair off and his chest spells "I MEAN IT", SpongeBob immediately realizes Flats means it.

Mrs. Puff then asks for a volunteer to draw a basic four way intersection and chooses Flats, who then draws various diagrams of him beating SpongeBob up. Although it terrifies SpongeBob, Mrs. Puff is instead impressed by his "creativity". Class ends and SpongeBob makes a hasty retreat into a toilet, but is found by Flats seconds later. SpongeBob attempts to strike a conversation, but the bully simply states that he will kick SpongeBob's butt "twice as hard" and leaves.

SpongeBob picks up a nearby phone and discovers his friend Patrick on the line. He asks for Patrick's help but soon realizes that Flats is in fact inside Patrick's house and they are old community college friends. Patrick tells SpongeBob that Flats has to leave, since he is going to kick somebody's butt. SpongeBob panics and flees, while Patrick is still on the line. In a state of panic, SpongeBob confides in Mrs. Puff about Flats' intentions. Appalled, she agrees to speak with Flats. During recess, Mrs. Puff tells SpongeBob that she spoke to Flats, and he said that he is from a place where kicking someone's butt means to befriend and hang out with them. As a clearly oblivious Mrs. Puff continues explaining, SpongeBob notices Flats making a sand replica of SpongeBob before kicking it down.

SpongeBob runs out of school campus and bumps into Flats' father and informs him of Flats' behavior. However, Flats sees this and chastises his own father for talking to strangers. Flats' father tells SpongeBob that his son will kick his butt.

SpongeBob flees into the city and hides in a trash can, but Flats confronts him inside of garbage truck and chases him through the city. While running, a banana peel falls out of SpongeBob's trash can and Flats drives over it, causing his truck to flip over and crash, critically injuring Flats.

He wakes up in the hospital some time later, and is informed that

SpongeBob performed five hours of CPR to save his life, even though the doctors assured him he would be fine after a few minutes. Moved, Flats claims he will remember this kindness while kicking SpongeBob's butt, causing SpongeBob to flee to his home, but Flats arrives and kicks his door down seconds later. SpongeBob puts a blindfold on and prepares for the worst. Flats punches him in the chest, but SpongeBob does not feel it. He removes his blindfold and realizes that his sponge-like body is absorbing the blows.

SpongeBob then goes about his daily routine as usual, all the while Flats punching him. SpongeBob wakes up the next day, pours a bowl of cereal, and goes to school, still being punched by an exhausted Flats. Flats passes out from exhaustion so their classmates cheer for SpongeBob. SpongeBob stops their cheering, claims that Flats is the true victim, for he went down a violent road to nowhere, and holds his fist. Mrs. Puff the enters the class, and after seeing Flats' unconscious body and SpongeBob's enclosed fist, she believes that SpongeBob "beat up a new student" and angrily threatens to kick his butt.

Flats later makes cameo appearances in the end credits of *The SpongeBob Movie: Sponge Out of Water*, *Squid Noir*, *Don't Feed the Clowns*, and *SpongeBob's Big Birthday Blowout* .

---

Flats: (to Alternate Krabs) I hope this plan of yours works. You promised I can kick Spongebob's butt!

Krabs: Be patient Flats me boy. We're going with me plan. For I have found Krabs's Achilles heel. I'll freeze him out of business and I'll do it with his precious thermostat! *[laughs maniacally until an alarm goes off]* What the-? Oh, no! Code red! Abandon ship! Abandon ship! *[Krabs screams as Old Man Jenkins sucks him and Flats through the straw and into his belly]* No matter. In four to six hours, we will have our revenge. *[laughs maniacally]*

*[Mr. Krabs and SpongeBob flips the sign to "Closed", which means closing time after their work day. Lily, SpongeBob and Squilliam wait as Mr. Krabs locks the doors]*

**Squilliam:** I'm going to go recover from hypothermia.

**SpongeBob:** Hippo what-ia? What does that mean?

**Mr. Krabs:** It means he's a big fat crybaby.

Me: No it means he's really cold.

**Old Man Jenkins:** *[flushes the toilet and walks to the doors but can't get out]* Locked in again.

**Krabs:** That crusty old barnacle might keep me from the secret formula, but I'd like to see him serve a Krabby Patty when we're done with this place. *[turns on sink faucet]* Into every life, a little rain must fall, clothed Krabs! It's just business. *[opens up the freezer]* Well, maybe it is personal. *[turns down the thermostat to -15°]* We're touching your thermostat! We're touching your thermostat! *[cut to Mr. Krabs house where he is sleeping]*

**Mr. Krabs:** Someone-touching-thermostat. *[cut to next day with Squilliam and SpongeBob walking to work]*

**Squilliam:** I might need to bring a sweater. It's colder than yesterday.

Me: Yeah it sure is cold.

**SpongeBob:** That's why I wore mittens. *[close-up of SpongeBob wearing a tiny mitten on each eyelash]* Mm, toasty!

Lily: That's funny.

**Squilliam:** Huh? *[The Krusty Krab is frozen]*

**Mr. Krabs:** Morning, boys! Morning everyone. *[taps the frozen lock with his key]* Lock's a bit sticky this morning. *[the key breaks a hole in the frozen lock, opens doors to see the whole place frozen]*

Me: Man it's like a winter wonderland in here.

Varie: No kidding.

Arixam: It's like an ice cave.

Mr. Krabs: Is it cold in here, or is it just me? Well, get to work. *[goes into his office]*

Lily: Yes sir!

**Squilliam:** What?

**SpongeBob:** Aye, aye, Mr. Krabs! *[slips and slides all over the place, including into Squiliam]* Pardon me! *[Squiliamslides into Mr. Krabs]*

Lily formed her shoes into Ice Skates and skated on the floor.

**Mr. Krabs:** All right, quit clowning around and get to work.

Lily: I'm already on it Mr. Krabs.

Lily went to the grill and got to work.

**SpongeBob:** Yes, sir!

**Squilliam:** As soon as you turn the heat up!

**Mr. Krabs:** *[points to a poorly-taped piece of paper reading "62°" obscuring the actual temperature display]* The temperature stays at 62 degrees.

Me: Wait a second.

I went over and pulled the paper off and it showed that it was -15˚Fahrenheit!

Me: -15!?

Varie: Someone is trying to freeze us to death!

Mr. Krabs: Someone touched me thermostat!

Me: And I have a strong feeling I know who it is.

I looked at the Crab Net.

Eli: That naked version of Krabs?

Me: Yep. He's trying to freeze him out of business. We're on to him. But lets play along till the time is right.

**Krabs:** *[spying the still-frozen Krusty Krab through his telescope, while The Crab Net has a sign that says "72° Warm!"]* I knew you'd be too stubborn to turn the heat up. Let's see how long you keep those customers when you give them the cold shoulder. *[customers are waiting for food but Squilliam can't move with a tray of Krabby Patties in his hand]*

**Mr. Krabs:** Quit your lollygagging and get a move on! *[gives Squilliam a forceful push; Squilliam slips and falls, tossing the patties off the plate, splattering on the icy floor and onto Squilliam's body.]*

**Squilliam:** *[weakly]* Order up.

Lana: Let me get you up Squilliam.

Squilliam: Thanks Lana.

**Martin:** Let's get out of here.

**Krabs:** Yes, flee that frozen wasteland! Warmth and joy have left your lives! *[his giant telescope looks at a fish walking by]* Hey, buddy, you want to eat at The Crab Net? *[Jimmy runs off screaming]* Fine! At least Krabs' place is deserted. Hey! The customers are coming back! *[customers are walking into the Krusty Krab with warmer clothes on]* I don't understand! What's bringing them back? *[SpongeBob is skating on frozen patties and Lily is skating around on skates]* What the-?!

**Mr. Krabs:** Just put those patties back when you're done!

**SpongeBob:** Can do, Mr. Krabs!

Lily: Don't worry. I have my own skates.

**Squilliam:** Hey that's a genius use.

Arixam: It sure is.

**SpongeBob:** Order up!

**Frankie:** Where's my food? *[patty enters his mouth]* Mm. *[other patties enter everyone else's mouths]*

Lily: Here they come guys!

Lily spun around and gave everyone more Krabby Patties.

**Old Man Jenkins:** I want my Krabby Flabby!

**SpongeBob:** Coming right up, sir! *[Lily hits a patty off of the ice with a hockey stick she has and into Old Man Jenkins' mouth, sending him into the wall and sliding onto the floor]*

**Old Man Jenkins:** Delicious! *[everyone cheers]*

Me: If this were the National Hockey League, Lily would be perfect to play for them.

Arixam: Same with Riley. She's a hockey player.

SpongeBob did some skating moves.

**Abigail Marge:** Wow, that looks like fun. I'll have two Krabby Patties, but don't cook them.

**Jimmy:** I'll have two frozen Krabby Patties, too.

**SpongeBob:** Yes, sir!

**Clay:** I want Patty skates!

**Man:** I need two patties, now!

**Mr. Krabs:** It's beautiful. I'm selling twice as many patties and I don't even have to cook 'em! This is the happiest, and most cost-effective day of me whole life. *[hugs all the money]*

Me: Patty skates is genius.

**Krabs:** NOOOO! How is this possible?! We freeze his place solid and he turns it into an ice rink! He's making more money than ever!

Flats: And that stupid SpongeButt is a success!

**Fiona:** That's because, unlike you two, he's a good businessman.

**Krabs:** Well, if it isn't the wind beneath me wings.

**Fiona:** I don't understand why you don't just steal a Krabby Patty in all that confusion.

**Krabs:** We'll be right back. *[chuckles]*

**Fiona:** I don't know why I encourage him. *[inside The Krusty Krab, people are ice skating, playing hockey and riding the clamboni]*

**Mr. Krabs:** This is fantastic! The local hockey team is paying me to practice here!

Me: Boy this is gonna be fun! Riley would love coming here for this.

**SpongeBob:** Coming through! *[skates by Patrick, who has his tongue stuck to the pole]* Hi, Patrick!

**Patrick:** *[mumbles]* Hi, SpongeBob.

Mindy (SpongeBob): Oh Patrick.

*[Gary, dressed as a referee, blows his whistle and throws the patty in the air. it hits the ground but slides towards the door]*

**Hockey Player #1:** Where'd the puck go? *[SpongeBob squints his eyes to see the tiny Krabs carrying the patty]*

**SpongeBob:** Holy shrimp! Krabs! *[flickers tongue in a battle cry]*

Lily: Krabs is here! It's butt-smashing time!

**Krab:** I did it! I finally got a Krabby Patty! *[SpongeBob and Lily puts his spatula and her sword down to block Plankton]*

**SpongeBob:** Not quite, Krab. You'll have to get past us first.

Lily: That's right you rotten piece of meat!

**Hockey Player #1:** There's the puck! That little square guy and girl have it!

**Hockey Player #2:** Get them! *[SpongeBob tries to scurry but the hockey team tackles him. the other hockey player slapsticks the patty]*

**SpongeBob:** You're mine now, Krabs! *[patty flies into Lily's face]* You won't get away with this, Krabs!

Lily grabs him!

Lily: You messed with Mr. Krab's thermostat and for that you are gonna get a big time butt-kicking!

Lily threw the puck down. But Krabs pinched Lily's hand and she let him go.

**Hockey Player #3:** There's the puck, eh? Get it!

**Krabs:** Uh-oh. *[runs]* Whoa! *[Squilliam skates by and dances in a blue leotard. SpongeBob skates by him, he ignores him. The hockey team skates by him and runs him over]*

**SpongeBob:** Hold it right there, mister! *[two hockey players run into SpongeBob. Krabs tries running away again but gets hit by a hockey stick again. SpongeBob tries to get the patty but is getting hit by the hockey team over and over. Squilliam is getting run over by everyone. Krabs gets hit towards the door]*

**Krabs:** Yes! I'm gonna make it! *[lands in front of the door but when the hockey team and SpongeBob collide with each other, it sends Krabs and the patty into the air then back down]*

**SpongeBob:** Gotcha, Plankton!

**Krabs:** On the contrary! It is I who has you! *[rides the clamboni]*

**SpongeBob:** *[gasps]* The clamboni! Run for it! *[the clamboni runs into him, carrying him along]*

**Krabs:** *[laughs maniacally]* Run, you morons! Run! *[Krabs manages to take along the entire hockey team, SpongeBob, Squilliam and Patrick on the clamboni]* It's working! I'm actually going to get a Krabby Patty! *[clamboni stops because of me pushing the clamboni back and stopping it from moving]* Come on, get outta the way!

Me: You aren't going anywhere you piece of meat.

Krabs: You're blocking the exit! *[clamboni breaks down]* No… ! Noooo! *[sobs]*

**Mr. Krabs:** I'll take that. *[grabs patty]* (Laughs) Brilliant idea to block the exit like you did, J.D.

**Me:** Thanks Mr. Krabs.

**Mr. Krabs:** *[jumps off the clamboni]* You lose again, naked me!

**Krabs:** I'm not giving up yet, Krabs. I've still got my secret weapon! *[jumps on the thermostat]* The thermostat! *[laughs]*

**Mr. Krabs:** *[gasps]* You've gone too far this time, Naked me! You can pummel me employees, *[punches SpongeBob through the gut]* try to destroy me restaurant, but nobody messes with me thermostat.

Lily grabbed Krabs.

Me: That's right!

Flats then appeared!

SpongeBob: FLATS!

Eli: That bully in your boating school that threatened to smash you to pieces!?

SpongeBob: That's right Eli!

Flats: IT'S BUTT-KICKING TIME! (Cracks Knuckles)

Eli: Not if I kick your butt first and that's usually MY line!

Lincoln: I thought you were locked up in prison after you tried to kill SpongeBob before!

Flats: Well I'm back and here for revenge. Thanks to this.

He pulled out a Number Card and it was NUMBER 14: GREEDY SARAMEYA!

We gasped.

Eli: Number 14: Greedy Sarameya!

Me: How did Krabs get so small in the first place?

Flats: Thanks to this.

He showed that he had a small Dark Orb imbedded in his left fin.

Me: A dark orb!

Eli: Uh oh. Lets get it on!

Eli punched and kicked Flats all over the place and Arixam blasted him with water.

Eli: Time for a combo final smash!

Eli and Arixam: OCEANIC PRESSURE CRUSHER!

Eli and Arixam fired blasts of water and smashed Flats into a pulpy pancake and Eli got Number 14 and I crushed the Dark Orb. We got an immense power boost.

Eli: One more thing.

Eli fired a blast of ice and froze Krabs.

*[cut to later in the day where the ice rink has turned into a swimming pool for customers. SpongeBob is in an inner tube floats to Mr. Krabs in a reclining chair with a Krabby Patty and lemonade in a platter]*

**SpongeBob:** Here's your Krabby Patty and lemonade, Mr. Krabs.

**Mr. Krabs:** *[takes the lemonade, but forgets the Krabby Patty]* Thank you, lad.

Me: Boy this is awesome! A swimming pool is a much better idea!

Arixam: Yeah it is!

Nunnally: I love it!

Mr. Krabs: [sees *Krabs in one of the ice cubes]* Well, well, if it isn't the nudist me. You know, I should thank you. What with the ice rink and now the swimming pool gimmick, I'm making more money than I ever did with the old Krusty Krab! Hey, you got any more good ideas? *[takes a sip of his lemonade]*

**Krabs:** *[screams]*

Back at home at the estate we were resting and watching TV. Suddenly the Alarm went off. But it was not just any alarm, it was our Asteroid Doomsday ΦΓΨΞΩ Alarm!

Me: Uh oh! We got big trouble coming!

Nico: There's an asteroid coming!

Dark Spicer then called us.

Dark Spicer: Guys we have big trouble coming! There's a huge asteroid that's on a direct collision course with Earth!

Me: How big an asteroid Dark?

Dark Spicer: It's as big as the whole state of Texas!

Me: What!? That's 801 miles wide!

Lisa Loud: An asteroid at that size and width will completely destroy the entirety of the planet Earth and blow it apart into space dust!

Me: How much time do we have Dark?

Dark Spicer: 3 Days. Guys, we're gonna have to work together with NASA and 2 teams of astronauts to blow that rock apart.

Me: Agreed. Lets get ready guys. We got to save the Earth from doom.

In the voids of space a massive asteroid was coming right at us!

TO BE CONTINUED…

---

Another awesome fanfiction done.

Krabs à La Mode is one of my favorite episodes of Spongebob and it was really funny! The episode aired on July 25th, 2007 and it was funny! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this one. Thanks guys. Next up is a day where we save the Earth from total destruction as we save the Earth from a massive Texas-Size asteroid that is on a direct collision course with the planet. We're gonna do a chapter for the 1998 movie Armageddon and it's gonna be an awesome adventure to split the rock in two and send it into the sun.

See you all there tomorrow.

# ARMAGEDDON

IN MEMORY OF MICHAEL CLARKE DUNCAN

---

Panic has gripped the entire planet as word got out about the massive asteroid that is now on a direct collision course with Earth. It was a massive 801 mile wide asteroid the size of the whole state of Texas and it was gonna hit us in the next 60 hours. The Clock was ticking as we were thinking of a plan to destroy the asteroid and save Earth from impending doom.

Rarity: This asteroid is a big problem!

Fluttershy: Guys, I'm scared! What if that asteroid kills us?

Nico: Relax, Fluttershy. This isn't the first time we destroyed an asteroid that was threatening Earth.

Twilight Sparkle: Really?

Me: Yeah. Our old foe Tim Scam threatened to blow up half the planet with a building that had a fusion reactor in it. But he gave me an idea to save the planet from an asteroid that would've smashed into the planet in 980 years. I turned that building into a makeshift bomb and sent it at the asteroid and destroyed it. Saving the Earth from a cataclysmic event that would happen in the next 980 years.

Twilight Sparkle: Wow! That was genius!

Nico: It sure was. Tim Scam inadvertently helped us saved the Earth.

Maria: You know what's ironic? In his attempts to destroy the planet, Tim Scam actually saved it. And then, he chose to go out with dignity.

Me: Yes he did.

Sunset Shimmer: I'm amazed that he chose to atone for his deeds like that.

Nico: We all are.

Eli: But this is gonna be amazing that we're going to save the world like this.

Rarity: What does this asteroid look like?

I pulled it up and showed a picture of it and what we saw was unbelievable! The asteroid was really a Rogue Comet and it was over 801 miles wide and moving at 22,000 miles per hour. It was mostly made of solid iron and metal.

Nico: WHOA! That asteroid is massive!

Me: It's huge!

Applejack: Plucked Apples! That thing is gigantic!

Me: It's 75% the size of the moon.

Lisa Loud: 74.3% to be precise.

Vypra: He was not that far off.

Me: We're gonna need a lot of help in dealing with an asteroid of this size.

May: I can't believe I'm even saying this but… we need Pinkie and Brain's help.

Nico: I agree honey.

Me: I agree too. They are the only ones smart enough to know how cataclysmic this situation is.

Nico: Yeah.

Me: Lets head out to ACME Labs.

We were off.

## LOS ANGELES, CALIFORNIA

We arrived at ACME Labs in Los Angeles, California.

Poromon: Here we are in ACME Labs.

Me: Yep. In Los Angeles, California.

We went into the labs and it was loaded with all kinds of scientific equipment.

Me: Wow! What a lab.

We went further in and we saw the cage with Pinky and The Brain.

Pinky: Gee Brain. What do you want to do tonight?

Brain: The same thing we do every night Pinky: Try to Take Over the World.

Me: There won't be much of a world if that asteroid hits us.

They saw us.

Pinky: NARF! Team Loud Phoenix Storm!

Brain: What do you all want?

Poliwag: Brain, I can't believe we're resorting to this but… we need you and Pinky's help.

Brain: (raises eyebrow) Oh, really? After how you all have been killing villains left and right the last few years? Give me one reason why me and Pinky should even bother helping you all.

Me: Brain this is serious. There's a massive asteroid on a direct collision course with Earth. It's 801 miles wide and moving at us at 22,000 miles per hour and if we don't stop it in the next 54 hours, the entire planet will be completely destroyed along with everyone and everything on it. We know you are always trying to take over the world, but if that asteroid hits us there won't be a world for you two to try and take over anymore. The Earth will be Lost forever. The clock is ticking Brain.

Horsea: (does puppy eyes) Please, Brain? Will you and Pinky help us?

Brain: All right. But on one condition.

Me: Name it.

Brain: After this is done, me and Pinkie want to be left alone in peace.

Me: Done.

I extended my finger and he shock it.

Brain: You all better not try to send us to the Book of Vile Darkness when your backs are turned.

Manaphy: Right now, the sides of good and evil don't matter anymore. What matters is saving the world.

Me: That's right. But you have our word that we won't send you into the book.

I opened the cage and we had them go with us.

Me: Comes on guys. Lets head for NASA. Lisa, deploy the U.S.S. Valorous Phoenix.

Lisa Loud: Affirmative!

We got into our ship and we were off to the National Aeronautics and Space Administration. The plan was gonna be an interesting one. We had 4 hours till launch. Our ship and both space shuttles the Independence and Freedom will take off at 6:30 PM and we are gonna dock with the Mir Russian Space Station to fuel our ships with liquid O2 and then go to the Moon. We're gonna burn our thrusters and go at 22,500 miles per hour and at 11 times the force of gravity and slingshot around the moon and go behind the asteroid as it passes the moon. We are gonna land at a precise spot and drill a nuke into the asteroid. We're gonna remote detonate it before the asteroid passes Zero Barrier. Our plan was to split the asteroid in two so it would pass by the planet and head for the sun. But if the bomb explodes after Zero Barrier, the Earth is destroyed.

We got ready and came out. The Fate of the World now hangs in the balance and Team Loud Phoenix Storm, The Masters of Evil and 14 men from an Oil Drill Platform in the South China Sea are its only hope.

The President of The United States gave his speech.

President: I address you tonight not as the President of the United States, not as the leader of a country, but as a citizen of humanity. We are faced with the very gravest of challenges. The Bible calls this day "Armageddon"; the end of all things. And yet, for the first time in the history of the planet, a species has the technology to prevent its own extinction. All of you praying with us need to know that everything that can be done to prevent this disaster is being called into service. The human thirst for excellence, knowledge, every step up the ladder of science, every adventurous reach into space, all of our combined modern technologies and imaginations, even the wars that we've fought have provided us the tools to wage this terrible battle. Through all the chaos that is our history, through all of the wrongs and the discord, through all of the pain and suffering, through all of our times, there is one thing that has nourished our souls, and elevated our species above its origins, and that is our courage. The dreams of an entire planet are focused tonight on those of all of Team Loud Phoenix Storm, All of the Masters of Evil and those of fourteen brave souls traveling into the heavens. May we all, citizens the world over, see these events through. Godspeed, and good luck to you.

We were ready.

Scrapper: Constructicons, merge into Devestator!

They did so. All the other combiners turned into their combined forms.

Me: The Fate of the World hangs in the balance guys. T-Minus 1 minute till launch.

Man: All crew members of Independence and Freedom, Close and Lock your Visors.

They did so in both shuttles.

Me: Initiate auto-sequence start.

Dan Truman: All right everyone. You're our warriors up there. God be with you. You're all already heroes.

Me: Thanks Dan. We saved the world many times before. This is it guys.

Nico: T-Minus 10 Seconds.

9… 8… 7… 6… 5… 4… 3… 2… 1… 0!

Freedom's engines ignited and it launched.

Man: We have booster ignition and liftoff.

The U.S.S. Valorous Phoenix followed.

Independence was next and it launched. The journey to save the world was on.

We flew into space.

Me: Have a visual on the Russian Space Station.

Colonel Davis: Roger that. Initiating Retro Burn.

Dan Truman: Everyone the Russian Space Station has been up there since 1987 and the Cosmonaut has been up there now on that tin can for 18 months. Alone.

Me: Whoa! That's a long time for one person to be up here.

We saw the Space Station Spin.

Me: Freedom, Independence, initiate docking procedures.

Colonel Sharp: Roger that.

They got to the docking tubes and they hissed and they went in.

We docked with the space station and we went in.

Me: Wow. First time ever on a Russian Space Station.

Eli: This is so cool!

Nico: It sure is.

Me: Twilight, girls have you ever been in a space station like this before?

Twilight Sparkle: Never in my life but this is amazing.

Rainbow Dash: It sure is. Spitfire do you think the Wonderbolts can start a space program?

Spitfire: Hmm. We never thought about that. But that's a great idea.

Nico: Yeah.

Me: I agree with you.

Colonel Sharp: Where is he? Anybody home!?

A man came out. It was the Russian Cosmonaut.

Lev Andropov: (Russian Accent) Welcome everybody.

He came down.

Zarya (Overwatch): (Russian Accent) Always a pleasure to meet a fellow comrade of Russia.

Andropov: (Russian Accent) Same here. Glad to meet a fellow member of Russia.

Golova: (Russian Accent) Indeed.

Lev Andropov: Pleasure to meet some fellow comrades as well.

Me: (Speaking Russian) Вы должны быть космонавтом Российской космической станции. Джеймс Кнудсон. (You must be the Cosmonaut of the Russian Space Station. James Knudson.)

Lev Andropov: (Speaking Russian) Рад познакомиться с вами, товарищ Кнудсон. Лев Андропов. (Pleasure to meet you Comrade Knudson. Lev Andropov)

Me: You too Lev.

Lev Andropov: I am not gas station. This is sophisticated Laboratory. I am in charge. So do not be touching anything.

Me: Understood. Get the fuel pipes everyone.

They did so and the Freedom Shuttle and Independence Shuttle crews connected. A.J. was down in the Fuel Pod to monitor it.

Co-Pilot Tucker: (Connects pipe) Hardlocked.

Me: All hardlocked!

Lev Andropov: Ready for transfusion!

The fuel was pumping.

Me: So far so good. Lev you know that the planet is in danger from an imminent Asteroid Impact right?

Lev Andropov: I sure do. It's terrible what's about to happen.

Me: Yeah.

But then the alarms went off.

Me: Uh oh.

We followed Lev to the fuel pod.

Me: What's wrong!?

Lev Andropov: We have a Leak! Leak! Leak!

Me: A leak!? Where!?

Nico: It says in the fuel pod!

Harry Stamper: Emergency Breakaway! We got a fire in the fuel pod!

We went to the fuel pod and absorbed the Fuel Pod and we got AJ out and went back to the shuttles.

Me: Breakaway guys!

We got Lev with us too and we got out of there just in time as the whole Russian Space Station exploded in a massive ball of fire!

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Colonel Davis: Freedom, everyone, Independence Crew is on board and accounted for! We're even heavy one cosmonaut.

Me: Roger that Colonel Davis.

Vypra: Thank goodness he's okay.

Dark Spicer: Yeah.

Nico: That was a close one.

Laney: Yeah no kidding. But we're all safe.

Me: Here we go guys. Now the fun begins. Set course to slingshot around the Moon.

We went for the Moon.

News Reporter: So while the consciousness of the planet is unified, focused on the NASA mission taking place right now in the vast ocean of space, we're now in the final hours of the mission, as Team Loud Phoenix Storm, the Freedom and Independence prepare to slingshot around the moon.

The Asteroid was coming fast.

17 hours and 8 Minutes.

A.J.: So this is the part where we just hold on real tight and uh hope we don't die.

Colonel Davis: Stand by for Lunar Roll.

Co-Pilot Tucker: High Inclination Lunar Orbit.

Me: Here we go guys. We're gonna slingshot around the moon now.

Harry Stamper: You boys got those wills filled out correctly.

Rockhound: We do Harry.

We got close to the surface of the moon.

Colonel Davis: All right men this is what we trained for. Now just suck it up!

Me: All right guys here we go.

Nico: On the mark. 5… 4… 3… 2… 1…

Our rockets blasted and we were flying fast at incredible speed!

A.J.: IS THIS SUPPOSED TO BE LIKE THIS!?

Oscar: Don't worry this is normal!

Bear: How would you know!?

The speed was at 14,000 miles per hour and rising fast!

Watts: 14,000 miles per hour!

Colonel Sharp: 4 G's.

Harry Stamper: How long does this last!?

Colonel Sharp: 6 G's.

Me: This is nothing compared to what we go through.

Nico: No shit! I don't even feel this.

Lincoln: Me neither.

Speed was now at 15,000 Miles Per Hour!

A.J.: REALLY HEAVY MAN!

Oscar: THIS ISN'T NORMAL!

A.J.: WHAT DO YOU MEAN THIS ISN'T NORMAL!?

Oscar: THIS IS WAY WORSE!

Colonel Sharp: 8 G's!

Me: We're REALLY FLYING!

Max: WE'RE NOT GONNA MAKE IT!

Rockhouse: OH WE'RE GONNA DIE!

The crews of the shuttles were screaming and groaning from the extreme pressure of the G Force!

Lev: THIS IS TOO FAST!

Me: 18,500 miles per hour and rising!

Colonel Sharp: 10 G's!

The crews were still screaming and groaning in pain from the G Force!

Me: HOLY SHIT!

Nico: No kidding! They're not used to the same level of gravity that we all can handle.

Naruto: No kidding. 10 G's should be nothing for them!

Me: No kidding bro. And we can handle over 10,000 times the force of gravity.

Vince: You got that right.

We later maxed out at 22,500 Miles Per Hour.

Me: 22,500 Miles Per Hour guys.

Nico: We're at our speed.

Me: Target sighted.

Colonel Sharp: We have visual of the target Houston.

We saw the streams of the comet from the asteroid and when we saw the Asteroid we saw that it was huge!

Me: WHOA!

Applejack: Is that the Asteroid!?

Nico: That's it! It's huge!

Vince: That thing is 801 miles wide!? That's incredible!

Me: And at 74% the size of the moon! It's massive!

Vypra: Incredible!

Lincoln: Unbelievable!

Laney: It's gigantic!

Lana: No kidding!

Rita: Whoa!

Me: Shields up everyone. We're going in.

Our shields came on and the shuttles turned on their FOD Radars.

Colonel Davis: Everybody hang on. This could get a little rough.

Engaging evasive radar.

We went into the asteroid and there were countless numbers of smaller asteroids and meteors all over the place and it was incredible!

Me: Goddamn we got debris!

Nico: There's a lot of it!

Naruto: Yeah.

Watts: We're dumping auxilary boosters!

They did so.

Me: We're coming in hot guys! Hang on!

Lola: Man the Debris is everywhere!

Lori: No kidding!

Co-Pilot Tucker: There's too much debris! We got to peel off!

Colonel Davis: NEGATIVE!

Then a meteor smashed into the Independence's engine!

Colonel Davis: WE'RE HIT! MAYDAY MAYDAY! WE ARE OUT OF CONTROL! EVERYONE! FREEDOM, TEAM LOUD PHOENIX STORM, WE'RE GOING DOWN!

Me: Not on my watch!

I snapped my fingers and beamed the entirety of the crew of Independence onto the U.S.S. Valorous Phoenix!

Oscar: Whoa!

Bear: That was close!

Me: Welcome aboard Independence Crew.

Colonel Davis: Did you beam us all aboard?

Me: I sure did.

A.J.: We owe you guys our lives.

Me: Think nothing of it. Houston, all the crew of Independence is on my ship safe and sound. I beamed them all onto the ship.

Dan Truman: Good thank goodness.

We saw the Independence go down and it exploded in a massive fiery explosion.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Nico: Whoa! That was a close one.

A.J. and Nico pat my back.

Me: Lets get to Landing.

We followed the Freedom Shuttle and we landed in another grid.

Me: We landed safely.

Nico: Yeah. Thank goodness.

Lynn: This is gonna be interesting seeing this asteroid on the surface.

Linka: Yeah.

Motormaster: Stunticons, merge into Menasor!

They merged into Menasor.

G1 Silverbolt: Aerialbots, merge into Superion!

They merged into Superion.

Prowl (BW): Lets merge into Magnaboss!

Ironhide (BW): Right!

Silverbolt (BW): Lets do it!

They merged into MAGNABOSS!

Sea Clasp: Lets merge into Tripredacus!

Ram Horn: Lets do it!

Cicadacon: Right!

They merged into TRIPREDACUS!

Onslaught: Combaticons, merge into Bruticus!

They merged into Bruticus.

G1 Hot Spot: Protectobots, merge into Defensor!

They merged into Defensor.

Razorclaw: Predacons, merge into Predaking!

They merged into Predaking.

Hun Gurrr: Terrorcons, merge into Abominus!

They merged into Abominus.

G1 Scattershot: Technobots, merge into Computron!

They merged into Computron.

Me: Engine systems are all still green. Lets get to digging everyone! We got 8 hours. Lets move!

Harry Stamper: All right lets get the tools unpacked and fire up the Armadillo.

Rockhound: I know where we are.

Colonel Sharp: Please step away. Radio signal is dead.

Watts: I'm flipping the backup generator. Radio signal is gonna be cut in half till we get the main power back.

Rockhound pulled out some maps.

Rockhound: We're at segment 202, Lateral Grid 9. Site 15-H 32 give or take a few yards. Captain America here blew the landing by 26 miles.

Me: Man we REALLY overshot our landing site.

Colonel Sharp: How the hell do you know that?

Rockhound: Because I'm a genius.

Watts: The gauges will not read. They're all peeked like we're plugged into some magnetic field.

Lisa Loud: Watts is right Colonel. Our sensors are showing that the Asteroid has it's own magnetic field which is disrupting all communication signals.

Nico: That's not good.

Rockhound: The reason we were shooting for Grid 8 was because thermographics indicated that Grid 9 was compressed Iron Ferrite!

Me: So we're on a plate made of solid iron.

Nicole: Not good.

Me: Lets get moving.

Harry Stamper: Wait you guys don't have space suits on.

Me: We don't need them. We can breathe in the endless vacuum of space.

Vypra: Us too.

The shuttle door opened and we went onto the asteroid and saw that it was a scary place.

Me: Wow! Look at this place.

Nico: No kidding.

We went out onto the asteroid and it was wicked cool.

Lucy Loud: Wow. Look at this.

Brittney: Boy this place is wicked cool.

Juleka: If this place weren't on a direct collision course with Earth it would make a great clubhouse for us.

Brittney: Yeah it would.

Me: Nicole, Lisa, Dexter, you all go out and take some samples and get some readings.

Nicole: Roger that.

We got to a good spot.

Me: This oughta be a good spot to dig.

Ben: Armodrillo can help out with this.

Dark Spicer: So can Seismadoom.

Me: Cool!

We got to work in digging. We fired energy blasts that acted as drills.

Harry Stamper: All right we're in. We're doing really well.

Nicole: This asteroid is amazing.

Nicole was looking at some samples she took of the Asteroid.

Lisa Loud: Indeed it is. It's made of solid iron and compressed iron ferrite.

Nico: It's solid iron.

Ben turned into Armodrillo and Dark Spicer turned into Seismadoom.

Carly Carmine: Jack, if we survive this, I want to have our wedding in a few days.

Jack Atlas: We will survive this and you got it.

Me: Don't worry Jack. We're not gonna let anyone die. Like how we saved the crew of Independence.

Oscar: And we owe you guys big time for that.

A.J.: Yeah we do.

Firefly: And we're not killing this asteroid with the superlaser because?

Me: It'll blow the asteroid to pieces and they'll all rain down on Earth and destroy everything. We can't take that risk.

Nico: Very wise. But what about the smaller asteroids that are heading towards the planet?

Me: I placed a planetwide defense system that will prevent them from hitting.

Vexen: Good thinking.

Electro: Are we making any progress?

Armodrillo: We sure are.

Nico: We're doing really good. We're at 527 feet already.

Nicole: We're moving really fast.

Max: Guys the clock is ticking! Lets go go go go go go!

Lincoln: We're moving as fast as we can Max!

Fu: How much time do we have?

Me: 4 hours and 22 minutes!

Nico: We're gonna need a lot of help with this!

Robo Blaze: Tronics, you guys help with the digging as well!

Robo-Blaze and Robo-Roxy summoned numerous Tronics and they got to digging.

Vypra: Battlings you help too!

Ransik: Cyclobots!

Toxica: Putrids!

Merah: Kelzaks!

They summoned numerous foot soldiers and they got to digging.

We fired blasts of energy and elements and the blasts all went down into the hole and made it deeper and more.

Shiv: Well, these might be our last hours alive. So, might as well have one last meal. (eats cheeseburger)

Me: Don't worry Shiv. They won't be the last hours alive.

Snake: Please tell me we're getting somewhere!

Me: We're almost there Snake. 792 feet!

A.J.: 795, 797, 799!

Chick: Break through!

A.J.: 800! 802!

Me: YEAH! We made it!

Nico: Alright! The asteroid is just about done!

Me: Almost. We got 38 minutes.

Laney: Uh guys. We got problems coming!

We saw a Rock Storm coming!

Chick: Well this is something new.

Rocks and small asteroids were flying towards us.

Harry Stamper: I don't think this thing likes us!

Chick: That's 'cause it knows we're here to kill it.

I formed a force field around us all and the dig site

The Rock Storm vanished 10 minutes later.

But then just as we were about to get the bomb ready…

Colonel Sharp: Oh my God.

Me: Uh oh. What's wrong?

Colonel Sharp: The timer, the remote. The whole thing is dead.

A.J.: What the Bomb is dead?

Colonel Sharp: No the Trigger is dead. It must've gotten damaged during the rock storm.

Harry Stamper: How will we detonate it?

Nico: We're gonna have to detonate it manually.

Me: Someone is gonna have to stay behind.

Harry Stamper: I'll do it.

We gasped.

Me: Harry are you sure?

A.J.: Harry no!

Applejack: A.J. this is what he wants.

Harry Stamper: A.J. come here.

A.J. came over.

**Harry Stamper** : You go take care of my little girl now. That's your job. Always thought of you as a son. Always. But I'd be damn proud to have you marry Grace.

**A.J** .: Harry…

**Harry** : You take care of yourself. *[we drag A.J. to the ship]* I love you, pal.

**A.J.** : No wait, Harry I love you! Harry don't do this! I love you! No wait a minute!

**Harry Stamper** : My son.

Me: Harry what you are doing, We will never forget you.

Harry Stamper: I know. Take care of everyone J.D.

Me: (Tears stream down my face) I will Harry. You are a true hero.

We hugged one last time.

Me: God be with you.

We went to the ship and got going.

Back on Earth, Grace was talking to Harry.

**Grace Stamper** : *[talking to Harry on the monitor]* Daddy?

**Harry Stamper** : Hi Gracie. Hi honey. Grace, I know I promised you I was coming home.

**Grace** : I don't under- understand.

**Harry Stamper** : Looks like I'm gonna have to break that promise.

**Grace** : I, um, I lied to you too, when I told you that I didn't wanna be like you… because I am like you. Everything good that I have inside of me, I have from you. I love you so much, Daddy. And I'm so proud of you, I'm so scared. So scared.

**Harry Stamper** : I know it, baby. But there won't be anything to be scared of soon. Gracey, I want you to know that A.J. saved us. He did. I want you to tell Chick, that I couldn't have done it without him. None of it. I want you to take care of A.J. I want to see your granddad come so far from up here, Grace. He told me that God gives us children so we could have roses in December. He gave me a gardenful, a whole gardenful, Gracie. He really did. I wish I could be there to walk you down the aisle. But I'll… I'll look in on you from time to time, okay honey? I love you, Grace.

**Grace** : I love you too.

**Harry Stamper** : Gotta go now honey.

**Grace** : Daddy, no! *[touches screen as Harry cuts the video feed]* No. No dad, no!

We left the Asteroid.

Colonel Sharp: Thank you Harry.

Me: May God be with you.

3 minutes were left.

Man: Zero Barrier is about to be breached! 1 Minute!

Nico: Come on Harry!

Lincoln: Hurry man!

40 Seconds left!

Laney: Come on! Come on!

Nico: Come on!

20 Seconds!

Me: Harry is not the kind of man to give up Colonel.

A.J.: That's right. Harry will do it. I know it. He doesn't know how to fail.

10 seconds were left!

Harry Stamper: We win Gracie!

3..2..1…

He pressed the button at the last possible second and then the bomb exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

There was a massive flash of light as bright as 100 suns and the asteroid was cut in two!

All around the world people all over saw that the bomb exploded and they knew that we did it and the whole planet erupted into a huge roar of applause. The 2 halves of the asteroid passed by the Earth safely and went for the sun. WE ALL SAVED THE EARTH FROM TOTAL DESTRUCTION!

Me: The Earth is safe everyone! We did it guys! We did it! WE DID IT!

We cheered wildly!

Bear: Yo Harry you the man.

Nico: He sure is.

Me: Lets go home.

Colonel Sharp: Houston, we're coming home.

Houston: We copy that everyone.

Everyone all over NASA cheered wildly too. All over the world people came and saw that the planet was safe!

From France, Turkey, America, Germany, Israel, everywhere.

(Long Distance Goodbye at 2:57 to 3:26 plays)

We landed at Kennedy Space Center and we all got out and everyone came and cheered wildly for all of us.

Grace Stamper hugged A.J. and everyone was all back safe.

Dan Truman: Welcome back everyone. You guys did it.

Me: No Dan. We ALL did it.

A.J.: Harry wanted you to have this.

He gave him a patch from his suit.

Nico: The important thing is that Earth is gonna be here no matter what.

Naruto: Yep.

Brain: You all did a great job.

Pinky: Narf!

Vypra: You know, Brain. There's always a place for you and Pinkie in the Masters of Evil.

Brain: Thanks for the offer, Vypra. But me and Pinkie prefer to work alone. (smiles) But we did have fun saving the world, though. We should do it again sometime.

Me: And we will. Thank you Brain. You too Pinky.

Pinky: Zort! (Laughs)

Brain whacked him on the head with a pencil.

They teleported back to ACME Labs.

Later at the U.S. Capital we all were there for a special award ceremony. The President of the United States awarded all of us with Medals of Valor and Heroism for saving the entire planet from impending doom. The medals looked like a gold circle with an asteroid being blasted to smithereens and our ships were leaving it. And there was a statue of Harry Stamper in the middle of the terrace of the Capital Stairs and it was him smashing an asteroid. We also had a funeral and tribute for Harry Stamper and there was also a statue of Harry Stamper in Gotham Royal York Park and it had a plaque on it that said "Harry Stamper - Hero Of Earth who made the Ultimate Sacrifice for Saving Earth from Impending Doom with the help of Team Loud Phoenix Storm." We all were now heroes of Earth and more.

Another awesome fanfic done.

The movie Armageddon from 1998 was an awesome movie! It was one of my favorites and Bruce Willis, Ben Affleck, Liv Tyler, Michael Clarke Duncan and lots of big stars were in this one. They did a really awesome job in that movie and it was so awesome! This chapter is also made as a tribute to the late Michael Clarke Duncan who played as Bear in Armageddon. He also starred in The Green Mile, The Scorpion King, The Land Before Time XI, Sin City, The Island, Brother Bear 2, The Adventures of Jimmy Neutron, Spider Man, Fairly Odd Parents and more. He died in 2012 of a heart attack at 54.

R.I.P. Michael Clarke Duncan - December 10, 1957 - September 3, 2012.

"COME AND GET PAPA BEAR!"

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Nicholas2018 and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is a special original chapter where all the Loud Kids minus Laney, Lincoln, Lily and Linka accidentally get turned into babies by an accident caused by Leni that only affects the Loud's and we're gonna be REALLY having our hands full with taking care of the Loud's as babys. The Masters of Evil can help out too and the next Number that will appear will be Number 21: Frozen Lady Justice. It's gonna be a strange but funny episode.

See you all tomorrow.

# Baby Fiasco

Today was a really special day for not only us in Team Loud Phoenix Storm but for the Masters of Evil as well. It was the Wedding of Jack Atlas of Team Loud Phoenix Storm's Signers and Carly Carmine of the Masters of Evil's Dark Signers. We were having the wedding over in Canterlot and it was gonna be awesome. This is a wedding that has never happened to us before. It will bring both sides of ours closer and make us all like family.

Me and Nico and all the guys were getting Jack Atlas ready for his big day. We were dressed in our special clothes and we were all so excited. Jack named Yusei and me his best men.

Me: We're all so excited and really happy for you Jack.

Jack Atlas: I know. I am too J.D. Carly has been one of my biggest supporters and closest allies even when she got turned into a Dark Signer.

Nico: That shows how close you two are in your hearts despite the fact that she was on the side of darkness.

Jack Atlas: That's right.

Starscream: We're all so happy for you both.

Vince: We sure are.

Later in Carly's room the girls were getting her all gussied up for the wedding. She was gonna look great in an awesome wedding dress that Rarity made. It was a black wedding dress that had the Hummingbird Nazca Line on it and it had orange jewels all over it. Hummingbirds lead by Fluttershy are gonna carry her veil.

Misty Tredwell: I am so excited for you Carly and your dress looks so amazing!

Carly: I know Misty. It sure is and Rarity you did a fantastic job on it.

Rarity: Thank you Carly, darling.

Sweetie Belle: That's my awesome sister for you.

Akiza: I hope mine and Yusei's wedding will one day be like this.

Nicole: I know.

Apple Bloom: How is Marina doing?

Nicole: She's still in pain but she will pull through. I've decided that I'm going to adopt her when she gets out of the infirmary.

Scootaloo: That's so sweet of you Nicole!

Misty Tredwell: You said it Scootaloo. That's just what I was gonna say.

Nicole: Thanks girls.

Later the wedding was about to begin and we were so excited as we were all at the alter. Both our sides were all in the cathedral of Canterlot Palace. Even Carly's parents were there too. We had everything all set up for the wedding. The wedding had orange and red ribbons and balloons. And plaques that had Jack Atlas's Wings Signer Mark and Carly's orange hummingbird Dark Signer Mark overlapping each other on a heart.

Misty Tredwell: I can't believe this is actually happening. Carly and Jack are finally getting married.

Me: I know Misty. I'm so excited! Yusei is looking forward to this too.

Nico: But can you believe it? This is the first ever wedding a member from us in Team Loud Phoenix Storm and a member of The Masters of Evil. This will bring both of us together in terms of friendship and family.

Vince: It sure will.

Me: This is also the second wedding we've ever had in Equestria.

Nico: It sure is.

Ben: (to Vypra) By the way, do you know that now, both of our teams each has a Cerberus as a pet?

Vypra: We sure do.

Nico: This is awesome.

Fluttershy played the Bridal March and the doors opened Carly's kids came as flower girls spreading orange flower petals around the isle and she was a magnificent and beautiful sight! She looked like a black swan. Hummingbirds were carrying her veil.

Me: Wow. Carly looks so beautiful.

Jack Atlas: She sure does. She looks like a black swan.

Yusei: I was just about to point that out.

Jack Atlas: I'm really nervous.

Me: Don't worry Jack. We're here for you. After saving the entire planet from impending doom from a giant asteroid collision you and Carly both deserve this wedding.

Yusei: That's right man.

Carly came up to the altar.

Princess Celestia: Good morning to all of you Ladies and Gentlemen, Mares and Gentlecolts. We are gathered here today to celebrate in holy matrimony the union of Jack Atlas of Team Loud Phoenix Storm's Signers and Carly Carmine of the Masters of Evil's Dark Signer's. If there is any reason that these two should not be wed, speak now or forever hold your peace.

No one spoke.

Princess Celestia: Do you Jack Atlas take Carly to be your lawfully wedded wife whom you will love, honor and care for her in sickness and in health?

Jack Atlas: I do.

Princess Celestia: And do you Carly take Jack Atlas to be your lawfully wedded husband whom you will love, honor and care for him in sickness and in health?

Carly: I do.

Princess Celestia: May we have the rings please?

Spike came with the rings on a pillow.

Princess Celestia put the rings on their fingers.

Princess Celestia: It is with great joy in the holy grace if all of Team Loud Phoenix Storm, the Masters of Evil, and all the citizens of Earth and Equestria and in the grace of God. I now pronounce you husband and wife. You may now kiss the bride.

They did so and we cheered wildly!

Princess Celestia: I give you Mr. and Mrs. Atlas!

We were so happy for them.

Later we were having the Reception at the Team Loud Phoenix Storm gym. We were so happy for Jack and Carly.

Captain America: How do you two feel now that you're married?

Jack Atlas: It's everything that I have always dreamed of.

Me: Congratulations to you both Jack.

Vypra: We are so happy for you both. Carly you don't know how happy we all are for you.

Misty Tredwell: We all are.

Carly Carmine: Thanks guys.

Nico: You're welcome.

Me: Now the family is official.

Nico: It sure is.

We had a great reception and there were fireworks, cake, food, dancing and more.

---

Later we were resting and watching TV and having a great rest.

Iron Man: Good thing there aren't any upcoming missions right now.

Me: No there aren't. After saving the world from a massive asteroid coming at us, we more than earned a day off.

Nico: You got that right.

Naruto: Yeah.

Lisa, Lily, Lincoln and Laney came down.

Lisa: Everyone, me, Lincoln, Lily and Laney are going to the park. Under no circumstances are any of you to go into my room. Understood?

Me: You got it Lisa. Have fun.

Nico: Yeah.

Lincoln: Thanks guys.

Lily: See ya.

They left.

Leni: Let's go head into Lisa's room.

Lola: What did Lisa just say?!

Leni: Oh come on!

Lori, Leni, Luna, Luan, Lynn, Linka, Lyra, Lee, Lucy, Lana and Lola went up to the door of Lisa's room and went into her room.

Lynn: Lisa's gonna kill us for this.

Leni: What's the worst that could happen?

Later as we were watching TV we then heard an explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Me: What the!?

We went up to Lisa's Room and then when the smoke cleared we got a rather unusual sight.

Nico: Oh, fuck. This isn't good.

Me: Oh boy.

We saw that the Lori, Leni, Luna, Luan, Lynn, Linka, Lyra, Lee, Lucy, Lana, and Lola were all turned into babies!

Nico: The girls are now babies!

Me: Oh man!

Horsea: We heard an explosion! Is everyone okay?

Me: Most of us are fine. But look!

They saw the girls as babies.

Manaphy: (Gasp) Oh my golly! You're all so cute!

Horsea: Oh you guys are so adorable!

Poliwag: So cute!

They cuddled the Loud Girls as babies.

Me: Lets find out what caused this.

We picked up the Loud Babies and Flurry Heart was carrying baby

Lori.

Flurry Heart: Oh you are the cutest ever little Lori.

Twilight Sparkle: They are all so cute.

Fluttershy: They sure are adorable.

Starfire: The Loud Girls are adorable like this.

May: They sure are.

Me: I think this is the culprit.

I picked up a broken beaker.

Me: Youth serum. W.I.P.

Nico: A Youth Serum? Neat.

Me: Lets see if Lisa has some notes about this.

We looked and read her log book.

Nico: This looks interesting. "Youth Serum was designed for helping Pop-Pop gain his youth back for 1 whole week. It needs to cool down for 24 hours for effects to work."

Me: So we have to wait for the serum to wear off in 1 week.

Vince: Oh boy.

Shiv: Um… does anyone want to explain what just happened?

Me: An accident.

Nico: Yeah. Lisa invented this serum and Leni went up to Lisa's room and played with it.

Dexter: Just like my stupid sister Dee Dee!

Dee Dee: Yeah! (realizes something) HEY!

Me: Don't worry guys. This might be a good thing. It will put all of our parenting skills to the test for this.

Varie: Where is Lynn and Rita?

Nicole: They are out of town and won't be back till next week.

Me: Whoa.

Poromon: We can't let them out of our sight. The other villains will easily kill them if they find out about this!

Me: Agreed.

Lisa, Lincoln, Lily and Laney came in and they saw what happened.

Lisa: What in the name of Pythagorean theorem happened here!?

Laney: Oh my gosh! They are so cute!

Lily: Oh (Picks up Lola) Lola you are so cute.

Laney picked up Lynn.

Laney: Oh Lynn you are so adorable like this.

Lincoln picked up Lucy.

Lincoln: Oh it's like we're reliving the past.

Me: It sure feels like it. It's like we're seeing what they were like as babies.

Nico: Yeah.

Me: Lets build a playpen for them.

Dark Spicer: On it.

Dark Spicer and Ben turned into Gremlin Plague and Jury Rigg and built a playpen.

Gremlin Plague just built a playpen for the Loud Babies.

Gremlin Plague: I'm sorry. But this is for your own good!

Jury Rigg: Yeah.

We put them in the pen.

Twilight Sparkle: Oh you guys are so adorable!

Twilight used her magic and kissed Lola all over and gave her Belly Raspberries.

Flurry Heart: (Giggles) They sure are adorable Aunt Twilight.

Lisa: When I told you guys not go into my room, was I speaking in another language?!

Poliwag: (defensively) Don't look at us. We weren't the ones who went in there!

Me: It was all Leni's idea Lisa.

Dexter: She's just as stupid as Dee Dee.

Lisa: I see your point Dexter.

Me: Well we might as well roll with it.

Firefly: This is just great! Now what do we do?!

Me: We take care of them as babies until the serum wears off.

Lincoln: Yeah.

Lily: Besides it'll be fun.

Vypra: I think so too.

Rainbow Dash: And we all can help.

Manaphy heard their tummies growl.

Manaphy: I think they're hungry.

Manaphy gave them Mashed Beets and carrots and Twilight Sparkle gave them mashed Peas and they ate them.

Nico: Aww.

Laney: Let me get the Booster Seats.

Laney used her plant powers and made a bunch of booster seats and we put them in.

Electro: If they're really hungry, we should get them pizza.

Me: They're babies Max and they can't eat solid food like this. But after the serum wears off they'll get all the pizza they want.

Lincoln: Yeah.

Nico: Besides it will be fun helping them.

Me: And help boost our parenting skills. Besides, I have experiences with this.

Lincoln: That's right I remember you said that you have a lot of experiences with babies when you first moved here J.D.

Me: That's right Lincoln. Good memory.

Lily: I remember that too.

Nico got their baby bottles ready and more and we gave them a good lunch.

Later we smelled a foul odor.

Maria: Does anyone smell that?

Me: Oop someone needs their diapers changed.

We went to the nursery and changed the Loud kids.

I used my octopus tentacles and changed all their diapers and gave them fresh diapers. Laney made 11 extra cribs. We even had Nurse Redheart come help out too.

Robo-Blaze: (to Stewie) You should keep the stinky diapers as weapons.

Stewie: That's not a bad idea. Thank you.

Robo-Blaze: You're welcome.

We spun their mobiles and put them down for a nap.

May: Rita and Lynn Sr. are gonna be pissed when they see this.

Me: I know. But we've had an incident like this happen before.

Twilight Sparkle: Really? This happened before?

Me: Yeah it's a really strange story.

I went over what happened during the events of chapter 146.

Applejack: Wow. That must've been amazing.

Vince: I remember that. That was so cool.

Nico: That sure is and that happened long before we became Team Loud Phoenix Storm or joined the team.

Me: Yeah.

Snake: (to Lisa) Dude, next time, put a force field around your things.

Lisa: Noted.

Me: And a higher security system.

Throughout the week we watched the Loud Kids as babies and it was a great task as we cared for them and thanks to our training as shinobi and Natilee's training she had in staying up throughout the night we cared for the babies when they got scared of the dark or anything like that. Eli cared for them too.

Later Rita and Lynn Sr. came back and they gasped seeing the Loud Kids as babies.

Lynn Sr.: Son, everyone? what's going on here? And why are there nine babies here?

Me: Well that is a very interesting and very accidental story.

Lisa: That's my fault, and Leni's fault Father. Leni went into my room while me, Laney, Lincoln, and Lily went to the park, Leni had the audacity to have her and the siblings go into my bedroom without my authorization and she let loose my youth serum that I was working on for Pop-Pop.

Me: And throughout the week we were looking out for the baby Loud's until the serum wears off.

Lynn Sr.: Lisa, you know the rules!

Lisa Loud: I'm not allowed to bring home any faulty devices that can alter the human body and/or DNA.

Lincoln: Don't be mad, Dad. The serum should be wearing off any minute now and they should be back to normal.

Lynn Sr.: Rita, what do you got to say about this?

The room was silent.

Lynn looked towards his wife and saw that she was facing the crowd of babies with a dropped jaw.

Lynn Sr.: Are you okay, honey?

Lynn: Momma!

Lori: Dada!

Lola: Momma!

Lana: Dada!

All of the sisters and brother began to say those two names over and over again.

Rita dropped her purse on the floor.

Lincoln, Lisa, Laney, Lily, and the Loud Father faced the Loud Mother.

A wide smile grew on Rita's face as she began to giggle like a child.

Lisa Loud: Mother?

Me: Ms. Rita?

Rita bolted at great speeds toward the infants and sat next to them, the rugrats crawled to their mother.

Luna: Momma!

Rita: Hello, my babies!

She began to play with her daughters and son.

Luan looked towards her Dad and started to crawl towards him.

Luan: Dada!

Lynn Sr picked up Luan and held her close, a wave of memories came back to him.

Lynn Sr.: Maybe I was overreacting.

Rita: I FEEL SO YOUNG AGAIN!

Rita looked towards Lincoln and Lisa.

Rita: Is there a way that you two can turn back into this adorable size?

We laughed.

Rita: But we're very proud of all of you for taking care of them.

Vypra: Thanks Rita.

Nico: It really put our Parenting skills to use.

May: It sure did.

Me: Yep.

But then Lori started to glow with a bright light.

Lynn Sr. What's happening?

Me: Uh oh! It's time!

Lori's body started to grow which ripped her diaper and shirt.

Rita saw this and went wide eyed and realized something.

Rita: Lynn, cover Lincoln and Lisa's eyes!

Me: Boys cover your eyes!

We did so.

Lynn Sr gently placed Luan on the ground as he went towards his two older kids and covered their eyes, he closed his eyes right after.

After a few seconds, a voice was heard.

Lori: Ugh, I literally have the worse headache!

Lisa Loud: I guess the affects were temporary on humans as well.

Lori: Mom? Why am I on the ground? WHERE ARE MY CLOTHES!

Lincoln: Next to the TV.

Lori: What happened, Lincoln?

Lisa Loud: I'll explain once everyone puts on their clothes.

Not long after, all sisters have been returned to their proper ages and now clothed.

Lisa then explained to the sisters what had happened.

Lori: So you're telling me that when you, Laney, Lincoln, and Lily left for the park. Leni played with a serum that turned us all babies?

Lincoln: Basically.

Me: And we all took care of you for the week until the serum wore off.

Luan: Not to be a "baby" but I don't remember anything about the last few hours and Lincoln taking care of us.

Lisa Loud: Actually, I have video proof!

Me: And me and Nico and Vypra have photos to show you all.

We showed a lot of video footage and photos.

Lori: Wow! I literally forgot what I was like as a baby.

Luan: I look so cute.

Eddy: You sure were Luan. It was awesome taking care of you.

Luan: Thanks Eddy bear.

Lynn: Man I forgot how cute I looked as a baby.

Brittney: And you looked really dark as a baby Lucy. It was great taking care of you.

Lucy Loud: I know. It feels like forever.

Laney: But you two were really cute as babies.

Lana: Boy we sure were.

Lola: Yeah.

Leni: O M Gosh! I looked so totes cute as a baby.

Ed: You were the cutest baby ever Leni.

Luna: And I forgot how cute I looked as a baby.

Lyra: Wow! Me and Lee were so adorable.

Lee: Where's Liberty?

Me: Oh she was at a friends house when you all de-aged.

Nico: Wow.

Vypra: But we sure put our parenting skills to good use.

Luan: You all sure did.

Sunset Shimmer: We're just glad you all are back to normal.

Pinkie Pie: But it was so awesome taking care of you all!

Flurry Heart: It sure was and it got most of us prepared for parenting in the future.

Lynn Sr.: It sure did. And we're very proud of all of you for looking out for the kids as babies.

Me: Thanks Mr. Lynn. But don't punish Lisa for this. It was all an accident.

Lynn Sr.: Oh all right.

Me: Good.

We later got ready for dinner.

# The Awesome Power of Mamodos

At the Cutie Mark Crusader's clubhouse at Sweet Apple Acre's, I was talking with Apple Bloom, Sweetie Belle and Scootaloo.

Apple Bloom: I think that the Cutie Mark Crusaders would make great students at Twilight's School of Friendship, J.D.

Me: I think so too Apple Bloom. But you three already know so much about friendship because you've been best friends ever since you all started as the Cutie Mark Crusaders.

Sweetie Belle: That's true. But we want to help out Twilight and everyone expand friendship to everyone.

Scootaloo: By going to her school.

Me: Hmm.

I got to thinking.

Me: (Gets an idea) Hey I got an idea!

Apple Bloom: What is it?

Scene shifts to Twilight's school in her office.

Twilight Sparkle: You want Apple Bloom, Sweetie Belle and Scootaloo to be teachers here and help many creatures get Cutie Marks?

Me: That's right Twilight. The Cutie Mark Crusaders have accomplished so much in their talents of helping ponies and humans get their cutie marks and their talents are recognized not just here in Ponyville but all over Equestria and all over Gotham Royal York. I think they can also use their talents to help lots of creatures get their Cutie Marks by teaching here at your school.

Twilight Sparkle: Hmm. That is a good reason and they are good at helping others. All right! We'll give them a shot!

The Cutie Mark Crusaders were excited and cheered wildly.

Me: Awesome!

Apple Bloom: Thanks J.D.! It's gonna be so awesome teaching here.

Sweetie Belle: Yeah it is.

Scootaloo: Thank you so much for getting us jobs here.

Me: You're welcome girls.

The Cutie Mark Crusaders now have jobs in Twilight's School of Friendship as the official Teachers of Talent Searching. It was a working title but it will be worth it. It was sort of a Kindergarten for Twilight's School of Friendship. Whenever creatures and humans got their Cutie Mark, they would move up to the next level of the School of Friendship and teach under the Mane 7.

---

Later we were heading out to the village of the Thracian Pony Tribe and we are going there to meet the redeemed friend of the Mane 6: SWIFT FOOT!

---

**Swift Foot** is the main antagonist of the *My Little Pony: Friendship is Magic* miniseries, *Feats of Friendship* . She is a member of the Thrace ponies who was sent by her father/king to infiltrate Princess Twilight's School of Friendship in order to dismantle the friendship of Equestria, only to realize how powerful it truly is and redeem herself.

Past

Swift Foot was born the youngest daughter of King Diomedes of the Thracian pony tribe. However, she was always treated poorly by the rest of her family, which includes her father as well as her three sisters; the oldest being Terri Belle, who is captain of the guard, and the twins Blonn Di and Shining Light.

One day, Swift Foot was informed by the twins that their father demands her presence, but they purposely took their time getting to her to make sure she is late for it. After being scolded by her father for her tardiness, she is then ordered by him and Terri Belle to infiltrate Twilight's School of Friendship during the time of their newly founded competition, the "Feats of Friendship", wherein she will become "friends" with the Young Six so she can destroy their bonds with each other and thus the relationship between the ponies and other races. Though Swift Foot was hesitant at first, she accepts the mission out of fear.

---

We arrived at the Thracian Pony Village and it was a nice village.

Me: Wow. So this is Swift Foot's village.

Nico: Nice place.

Twilight Sparkle: I've always wondered what this place was like. It was also ruled by the evil King Diomedes who hates all forms of friendship.

Me: Whoa! Can you tell us about him Twilight?

Twilight Sparkle: I sure can.

Twilight Told us about him and it was not pretty.

---

**King Diomedes** is an antagonist in the *My Little Pony: Friendship is Magic* comic series and the overarching antagonist of *Feats of Friendship* saga. He is the ruler of the Thracian Pony tribe and father of Swift Foot, the main antagonist of the saga.

At some point during his reign, King Diomedes decides to conquer Equestria, and plans to do so by destroying its friendship with each other and the other races. To this end, he sends his eldest daughter and most trusted soldier, Terri Belle, as a spy and learns that Princess Twilight is hosting the Feats of Friendship competition. Seeing this as an opportunity to destroy Equestria's friendship, he orders two other daughters of his, Blonn Di and Shining Light, to summon his youngest daughter, Swift Foot to him, which they purposely took their time doing so she would be late. After scolding Swift Foot for being tardy, he expresses his desire to conquer Equestria and demands that Swift Foot infiltrate Twilight's School of Friendship in order to make this desire possible, since Terri was too old and the middle sisters too incompetent. Though hesitant of this, Swift Foot accepts this mission in fear of her father's wrath.

During her stay at Twilight's school, Swift Foot makes several reports to King Diomedes on her successful infiltration, up until she realizes how powerful friendship can be.

---

We gasped in shock and horror!

Jessie K.: WHOA! There was also an Earth version of King Diomedes that lived back in Ancient Roman and Greek Myth. He was a ruthless tyrant and in the end he was killed by the mighty Hercules when he fed him to his own horses.

Hercules (Disney): I remember that! That was awesome.

Sora: Wow. I didn't know that Herc.

Nico: That's amazing!

We went into the palace and we met Swift Foot.

Swift Foot: I sure am.

She saw us.

Swift Foot: Wow! Team Loud Phoenix Storm. It's such an honor to meet you all.

Me: Same here Swift Foot. Twilight and everyone told us a lot about you.

Twilight Sparkle: Yeah.

Swift Foot: Twilight, everyone! Wow. Guys I'm sorry I did all those things to you. It was an order from my father and he threatened to kill me if I didn't obey.

Twilight Sparkle: We understand Swift.

Sunset Shimmer: It wasn't your fault Swift. You were just doing what your father was telling you to do.

Applejack: Your father was evil to the core.

Me: It's not your fault Swift Foot. You were just fearful for your life.

Nico: Yeah your father was a ruthless tyrant that deserves nothing short of death.

Swift Foot: I agree.

Melman: What do you like to do for fun?

Swift Foot: After I came back and Twilight and everyone gave me the joys of friendship, I was teaching it all to my tribe. And we overthrew my evil so-called father and dissolved the monarchy.

Me: Wow! That took a lot of courage.

Swift Foot: It sure did. He was a tyrant that wanted to destroy all the values of friendship.

We gasped.

Nico: He was a monster!

Me: No kidding. His heart was as black as darkness in its entirety.

Princess Celestia: It sure is. And Diomedes deserved to be overthrown.

Lincoln: You got that right.

Demolishor: Let's tie your dad up, throw him in the trunk of Kevin's car, kill him, and dump his body in the river.

Kevin Levin: You read my mind Demolishor.

Me: Lets waste that dick!

Joe Swanson: Just what I was about to say.

Swift Foot: After all the pain he put me and my sisters through, he is not my father anymore.

Nico: Good.

Later Skids and Kevin had King Diomedes tied up and he was in Kevin's trunk and they were at a local river. And Kevin opened his trunk.

Skids: How are we killing Swift Foot's dad in Kevin's trunk?

Kevin Levin absorbed the green on his car and turned his arm into a sword.

Kevin Levin: Like this.

He slashed King Diomedes's head clear off and killed him.

They dumped his body in the river where animals would come and eat him.

GOOD RIDDANCE.

---

Later back at the estate, we were watching TV and exercising in the gym. I was lifting weights and Rainbow Dash was running on the treadmill. All the Wonderbolts were running fast on the Treadmills.

Lynn and Lincoln were punching the punching bags and Laney, Bodhi and Tree Hugger were meditating in the Yoga part of the gym.

Nico was using the exercise machines and he was really building up the weight.

We were REALLY exercising and more and dripping sweat like there was no tomorrow.

Lincoln: YEAH! Lets work!

Bulk Biceps! YEAH! LETS DO IT!

Bulk was REALLY lifting weights.

Vince: (Doing Jumping Jacks) Wow! Bulk is really getting strong!

Carol: (Lifting weights) He sure is.

Ed Cowart: (Doing Pushups) He sure is really working out.

Applejack: (Lifting Leg Weights) No kidding.

Then the phone rang.

N: I'll get it.

N answered it.

N: Hello? (Phone Chatter) Yes? (Phone Chatter) Oh one sec. Poliwag, there's someone on the phone for you.

Poliwag: Oh.

N set the phone on the floor and Poliwag used his tail to hold it and he answered it.

Poliwag: Hello?

It was none other than Kiyo.

Kiyo: Hey Poliwag it's Kiyo.

Poliwag: What's up Kiyo?

Kiyo: Just calling to see how you've been. Also I need you all to come over to Japan. It's urgent.

Poliwag: We'll be right over Kiyo and I'm doing great.

Kiyo: Awesome! We'll see you later.

Poliwag: Okay.

He jumped and put the phone on the receiver.

Poliwag: Guys! We have something going down in Japan!

Me: What's wrong Poliwag?

Poliwag told us everything.

Nico: (to Poliwag) So you saw Kiyo and Zatch take down a squad of Garenonian Regents that were approaching the Estate on Veterans Day?

Poliwag: I sure did.

Me: Wow! That is so cool!

May: It sure is. I think it's awesome that you met them.

Me: And I think we got our first mission after our break.

Nico: We sure did.

Me: After we shower up lets head to Japan everyone.

Nico: Roger that.

Me: Team Loud Phoenix Storm is back in action after a well earned break.

Vince: Yep.

We showered up and got ready.

Whiger, The Dark Turtles, LaGrange, Taskmaster, Mysterio and Motor Ed came.

Whiger: Can me, the Dark Turtles, Lagrange, Taskmaster, Mysterio, and Motor Ed come with you all to wherever Zatch and Kiyo live?

Me: You guys sure can. We're heading out to Japan to meet them.

Lincoln: It'll be cool seeing them.

Shiro: It sure will be cool. I can't wait to see them too.

Nico: Yep.

Autumn Blaze: It's gonna be so cool to see Japan!

Julie Yamamoto: You will love it.

We were off to Tokyo, Japan!

---

TOKYO, JAPAN

---

We were in the capital city of Japan, Tokyo and it was busier than ever.

Stewie: Here we are back in Japan.

Nico: Yep.

Me: And it's just as busy and as bustling as ever. This is gonna be interesting.

Qin: But what are the Mamodos?

Me: The Mamodo's are the inhabitants of the Demon World.

I went over what they were.

---

Mamodo (魔物 mamono, lit. "demons", can also translate to "goblins" and "apparition") are a race of magical creatures from another world called Mamodo World (魔界 Makai, lit. "Demon World"). While referred to as "Mamono" (demon) in the Japanese version, they are referred to as "mamodo" in the English version. Mamodo children came to the Human World to compete in a Battle to Determine King of the Mamodo World', a tournament held every 1,000 years to decide the Mamodo King. The 100 contestants are chosen by the Mamodo School Principal and the current King of the

Mamodo World and are sent to the Human World with their spellbooks.

---

Everyone was in awe!

Qin: Whoa! That is so cool!

Nico: It sure is.

Me: But there are some Mamodo's that are evil that must be destroyed and there are also those that will use their powers for evil and we must beat them.

Nico: Yep and they have amazing and incredible powers that are activated from those awesome spell books they have. They are cool from what I saw.

Me: That sure is something. But Mamodo's pack a huge punch. They may be two feet tall but they pack a huge wallop in terms of power.

Pan: Big things come in small packages.

Nico: Yep.

We walked around and then we found Kiyo in his house and by his side was Zatch. He was a little blond hair boy with brown eyes. But he was also a Mamodo.

Kiyo: Wow! Team Loud Phoenix Storm!

Me: Hello Kiyo. It's a pleasure to meet you in person.

Kiyo: Same here. I love all your adventures. They are so awesome.

Me: Thanks Kiyo. We were on a break because of saving the world from a huge asteroid on a collision course with Earth.

Kiyo: I know. That was all over the news.

Poliwag: Hey Zatch!

Poliwag hugged Zatch.

Zatch: (to Poliwag) Hey! Thanks for keeping our involvement a secret, Poliwag.

Poliwag: No problem.

Lagrange: We only just learned about you and Kiyo today.

Me: That's right but it's a pleasure to meet you both.

Kiyo: Same here J.D. And it's an honor to meet you both.

Me: Same here Kiyo.

Laney: And you too Zatch.

Lola: You look like another boy version of me and Lana, Zatch.

Zatch: (Laughs) I sure do don't I?

Lily: But a really cool version.

Zatch: Yeah.

We laughed.

Cheetah: How did you and Zatch meet?

Kiyo: My father sent him to me as a birthday present and we've been amazing partners ever since.

Zatch: It's true and it is awesome being with Kiyo.

Me: Wow. So your father lives with the Mamodos in the demon world.

Kiyo: That's right.

Hiei: That is really interesting. We've heard of the Mamodos and they pack incredibly amazing power.

Yusuke: Yeah they sure do.

Me: Wow.

Nico: That's amazing.

Kiyo showed us Zatch's spell book and it was a red book.

Me: So this is the spell book.

Kiyo: That's right and there are lots of them.

I read it.

Me: Wow. These are Lightning Spells.

Brittney: So Zatch's powers are that of Lightning.

Kiyo: That's right. Zatch is powerful all over.

Zatch: I don't like to brag.

Nico: This is so cool.

Taskmaster: Are there any enemies of yours' that are active right now?

Kiyo: Lots of them. And they are all out to kill me and Zatch.

Me: Whoa! Looks like your enemies are now our enemies too.

Kiyo: Yep and I'm glad you all came. We need your help in dealing with one of our enemies.

Me: Who is that?

Zatch: His name is Zeno and he's my Evil Twin Brother.

We gasped.

Me: Before we think of anything you have to tell us all about him. One of our most important rules is "Know Your Enemy" and we have to know what they are capable of before we act.

Kiyo: Good idea. Okay here is what we know about Zeno.

Kiyo went over his history and it wasn't pretty.

---

**Zeno** is a villain of the *Zatch Bell!* series and is the twin and elder brother of the titular protagonist, Zatch Bell. He is the main antagonist for a large portion of the story, though he doesn't take over as the immediate threat until the Faudo Arc. He is also responsible for the loss of Zatch's memories.

Zeno was born as the son of the late King Bell along side his twin younger brother, Zatch Bell. However, being exact opposites, Zeno has inherited his father's ruthlessness and bloodlust, since **Bao** is a obstacle that consumes evil, it was Zatch who ends up inheriting Bao while Zeno inherits the other half of Bao, **Jigadirasu Uru Zakeruga** . Fearing that Zatch would also become corrupt by Bao's power, he and Zeno were forced to separate at birth, Zeno was forced to partake in harsh military training under the guidance of a mamodo named **Rajin** while Zatch was to live somewhere far away. Jealous and angered, believing Zatch to be living a easy life, he began to argue and question why wasn't he was the one to inherit Bao, his father explains that Zeno would not be able to handle it and would consume him. When Zeno mentioned Zatch, his father in return responds striking him with his lightning and told him to never mention Zatch again.

Zeno believing his father to love Zatch more, a newfound hatred began to build up for his brother.

When the battle for king took place, Zeno saved a man named **Dufort** from dying in the middle of the cold, after killing the people who were doing mental and emotional experiments during his childhood and left him for dead, Zeno took him and made him his official bookkeeper and partner. He and Dufort would later travel to England and confront his younger brother, expressing irritation upon meeting him for the first time, he then showed hatred and disgust, expressing how much he's been thinking about him before having his bookkeeper cast a spell and attack him. Once attempting to burn his book, he decided against it, believing it wouldn't be enough and he would go back to his easy life. Wanting to make him suffer as he did, he begins to erase his memories from the mamodo world, where he will hopelessly suffer during the battle for Mamodo king and left him injured in the middle of the forest.

When he somehow realized Zatch and his new partner, **Kiyo Takamine** were arriving in England to search for clues about Zatch's past, Zeno hired a man named **Steng** and his mamodo **Baltro** to kidnap Kiyo's father and lure them into a trap. Upon hearing their defeat at the hands of Zatch and Kiyo, Zeno attacks and burns Baltro's book as punishment for their failure as well as remind them of the rules of the battle for king. Although Zeno does not encounter Zatch for the second time but rather glances down from afar and secretly tells Zatch to live his life while he still can while the horrible truth will be in stored for him.

Zeno hasn't made an appearance since until a misunderstood encounter with a man named **Apollo** and his mamodo **Rops**, he expressed sheer annoyance when he mistakened him for Zatch and began to question Zatch's whereabouts and dismisses the fact on how Zatch progressed only to be taunted in return, Zeno in curiosity asked if he wanted to battle but Apollo declines the offer, despite this Zeno refused to allow them to escape so easily and called Dufort for a battle and despite Apollo's and Rop's efforts, Zeno and Dufort were the ones to easily seal the victory, once subdued Apollo began to question Dufort's humanity, causing Dufort to respond violently and prepare to unleash a somewhat powerful spell but Zeno protests not to go all out, not seeing Apollo as a true threat but their bickering does not stop them from mercilessly burning Rop's book, Zeno and Dufort then disappear to somewhere unknown, leaving a grief stricken Apollo behind.

Zeno and Dufort's whereabouts were revealed to be in Europe, Zeno however left to go on a investigation after being the first one to witness a mysterious tower, once finding out that the mysterious tower is actually the ancient massive living mamodo weapon, **Faudo**, Zeno took interest and decides to be the one to control Faudo. He does so by creating a scarecrow-like figure from the strain from his hair and manipulate the one charge of Faudo, **Rioh** to set Faudo's release as well being manipulate Zatch and co. to make Rioh seize control of it and stop his plans. Zeno and Dufort remained hidden inside Faudo until finally revealing himself to Rioh whom fears greatly but refuses to give up his possession and attempts to fight him, Zeno however proves to be too much for him to handle and was defeated with great ease. Now having the jewel, the key to Faudo in his possession, he announces himself as the new ruler of Faudo but willingly allows Rioh's underlings to serve him and gives them some of Faudo's power in exchange for their loyalty. However, the mamodo **Cherish** was unwilling to serve him and was forced to be loyal after striking and torturing her with his lightning as well as giving her a badge with a symbol of a lightning bolt that symbolizes his lightning, putting her in a traumatized state but this state of fear would be broken by **Ted** after helping her overcome her fear.

His book was burned by Zatch, but under radically different circumstances in the manga than in the anime, although in both versions the book is burned as a result of a struggle between Zatch's Bao Zakerga and Zeno's Jigadirasu Uru Zakeruga. In the anime, he does not reconcile with his twin brother and remains resentful of Zatch right to the bitter end, breaking the jewel that controls Faudo out of spite before vanishing back to the Mamodo world. While in the manga, Zeno becomes aware that Zatch had as hard a childhood as he did, and regrets his own foolishness. The jewel breaks due to Zatch breaking it, and Zeno gives his power to Zatch (the power their father wielded was split between them).

## Powers and Abilities

Zeno's ability is lightning. However, unlike Zatch's, his lightning is blue, and instead of coming from his mouth, his lightning comes out of his hand. However his abilities can only be executed by his partner Dufort whenever he casts a spell in the human world. Though most of Zeno's spells are different from Zatch's.

Additionally, Zeno does not lose consciousness during the spells and thus knows what he is doing while they are being cast. His cloak also has magical abilities, allowing him to protect himself and his bookkeeper from harm, and to teleport himself and his bookkeeper to another location.

Zeno also has the ability to erase one's memories, When attacked Zatch and erased all of his memories of the Mamodo world.

It is also noted that due to his harsh military training, Zeno appears to be a skilled combatant and can even hold his own without any need of using spells.

---

We gasped in shock!

Me: So Zeno is the polar opposite of you Zatch.

Nico: And he's a monster!

Applejack: Looks like we have another dishonorable bad guy to beat and banish to the Warp.

Me: That's right.

Donna: Are there any friends of yours that can help us take Zeno down?

Kiyo: There sure are and I know one of them in the park. But she is still upset over the loss of her Mamodo, Kolulu.

Me: Can you show us where she is?

Kiyo: Sure.

We walked with Kiyo to the Park.

Twilight Sparkle: So what is Deadman Wonderland J.D.?

Me: One of the worst places ever. It was a deadly maximum security prison and an amusement park where people get a thrill of them killing inmates for entertainment purposes.

I went over what happened to Deadman Wonderland during the events of Chapter 953.

Kiyo: Yeah. (Sees Shiro) Hey aren't you one of the redeemed inmates from Deadman Wonderland?

Shiro: That's right. My name is Shiro. Pleasure to meet you.

Me: Deadman Wonderland was destroyed by us for its very questionable methods and North Korean Style punishments.

Twilight Sparkle: What is Deadman Wonderland?

Me: One of the worst prisons ever. It's a prison and a carnival.

I went over what Deadman Wonderland was.

---

**Deadman Wonderland**, often abbreviated as **DW**, was a privately-run prison located on an island in Tokyo that doubled as an amusement park. It was opened in the year 2017 with the beginning of the Tokyo Recovery Project and is the only fully privately operated prison in Japan.

Deadman Wonderland was supposedly built for the revival of Tokyo, pulling a lot of tourists to the prison's special attractions. In reality, its true purpose is the containment of Deadmen, and in particular, to seal the Wretched Egg.

The prison is built on the Mother Goose System, a device created to seal the Wretched Egg's powers. It has six normal wards (labeled A-F) and one special ward (G Ward) for containing Deadmen. The prison has a special system called the "death sentence rule". That is that every prisoner on death row wears a collar that constantly injects poison into their bodies. The only way to avoid being killed by said poison is to eat Candy (an antidote) every three days. However, Candy is very expensive.

Deadman Wonderland was built after the Great Tokyo Earthquake with Hagire Rinichirō in control being left in control after taking over Tsunenaga's father's body. The warden was, in fact, sick, and it was the promoter who was pulling the strings. For ten years, Deadman Wonderland sought Deadmen and imprisoned them. The Carnival Corpse was also one of the first events held in the prison.

Hagire's body was defeated by the Wretched Egg which resulted in Tamaki becoming the head warden. In the year 2024, Scar Chain attempted a prison break, though it failed. They later made another successful attempt, but only Karako Koshio and a handful of others escaped. While on the outside, Karako revealed Deadman Wonderland's secrets to the media. Tamaki, needing an excuse for the truth within the prison, depicted the Deadmen as being inhuman animals. Due to this, Tamaki was able to continue his work with the Deadmen. The prison even began broadcast the Carnival Corpses.

Around this time, the Forgeries were introduced. The Chief Guard, Makina discovered Tamaki's plan and attempted a coup d'état. She succeeded with the help of Ganta Igarashi and the other Deadmen. Tamaki commits suicide and the prison was closed for good. Toto Sakigami later surfaces and assumes complete control over Deadman Wonderland. All Deadmen were later retried and the regular prisoners were transferred to another prison. After Makina's explanation, a mission to return to infiltrate Deadman Wonderland was installed though they all perished at the hands of Hagire and the Wretched Egg.

Makina and Karako later establish a plan to return to Deadman Wonderland alongside other Deadmen with the purpose of defeating Hagire and stopping the Wretched Egg. The mission succeeds and Deadman Wonderland was destroyed in a battle between Ganta and Shiro.

---

Everyone gasped.

Kiyo: Whoa! That was you guys as well!?

Zatch: Wow!

Nico: Yeah that was one of our most harrowing adventures.

Me: Yeah and we destroyed Deadman Wonderland and exonerated all the criminals that were wrongfully convicted. Specifically Ganta and Shiro here.

Ganta: He's right.

Kiyo: Wow! That's big.

Rarity: I must say that was one dangerous adventure.

Lincoln: It sure was.

Nico: Yeah. But we stopped that prison forever.

Kiyo: Good.

Me: Yep. Lets get to work.

We went out.

Motor Ed: Before we find Zeno, how would you two like to ride in one of my cars to show to everyone in your neighborhood?

Kiyo: We would like that.

Zatch: Yeah we would!

Rainbow Dash: And here is my awesome ride.

Rainbow Dash then whistled and called out her awesome Motorcycle!

Nico: Whoa! Nice ride!

Me: Wow! Nice wheels R.D.

Rainbow Dash: Thanks. Lincoln want to go for a ride?

Lincoln: You bet I do.

Rainbow Dash handed him a helmet and they got on.

Me: Cool! You'll like my ride too Kiyo.

I whistled and called my Rapidash and he came and I got on.

I also called my Galarian and Kanto Moltres and Eli and Nunnally got on the Galarian Moltres and Shiro and Ganta got on the Kanto Moltres.

Motor Ed had an awesome car with him. He had a 2021 Lotus Exige

Sport and it was souped up!

Nico: Wow! Nice wheels Ed.

Me: It's just as nice as our cars back home.

Rarity: And really luxurious.

Ed, Kiyo and Zatch got in.

Me: Lets ride!

We rode around the city and more and we were having fun! It was awesome!

Later we were in the park and we were there to look for Kiyo's friend Lori.

Me: So Lori is one of the people that lost her Mamodo?

Kiyo: Yeah her Mamodo Kolulu wanted me to burn her book because of her dangerous feral powers when she transforms.

Me: Whoa. But maybe we can help her out with that.

Kiyo: I know you can. Ever since that day she was devastated.

Me: Oh man.

We heard crying and sitting on a park bench was Lori and she was really crying.

Me: Oh man.

I went over.

Me: Excuse me? Are you Lori?

Lori (Zatch Bell): (Crying) I sure am.

Seeing her cry made my heart hurt.

Me: Lori your friend Kiyo told me what happened and I'm sorry you went through all that. But I can help bring Kolulu back.

Lori (Zatch Bell): (Crying) You… You can?

She saw me.

Me: I sure can.

Lori (Zatch Bell): (Gasp) Wow! You're J.D. Knudson!

Me: That's right. It's a pleasure to meet you Lori.

Lori (Zatch Bell): Same here. Can you bring back Kolulu?

Me: I never tried my powers to bring back a Mamodo before. But first times for everything.

Lori (Zatch Bell): Okay.

Me: Okay here goes.

I snapped my fingers and then in a flash of pink light with a brand new pink Spell Book was KOLULU!

Kolulu: Lori!

Lori (Zatch Bell): Kolulu!

They hugged and we're reunited!

Kiyo: Wow! J.D. is amazing!

Nico: That's my best friend for you. He can do anything.

Lincoln: Yep.

Lori (Zatch Bell): Thank you! Thank you so much J.D.!

Me: No problem.

Kolulu: I thought that was really cool!

Me: Okay now we have enough forces to go after Zeno.

Lori (Zatch Bell): Who's Zeno?

Me: He's the evil brother of Zatch. And we're going to kill him and banish him to the Warp.

Zatch: We're not gonna kill Dufort, are we?

Killer Frost: Nah. Zeno's more dangerous.

Me: Lincoln, Mollie, Fiona and Linka are gonna zap him with lightning to wake him up from Zeno's control.

Nico: Yep.

Me: After we beat Zeno we're gonna banish him to the Warp.

Zatch: Good.

Me: Lets get him guys!

Everyone: YEAH!

Mysterio: When we confront Zeno, I'll do the entrance using my smoke.

Me: I like it.

Kiyo: By the way we heard that you guys had an awesome wedding with Jack and Carly.

Me: We sure did.

Varie: An awesome wedding.

Me: Come on guys. Lets get him!

We went to find Zeno. But just as we were about to search we were blocked by ZABAS and his Mamodo, GALLIONT!

Zabas: You aren't going anywhere except for Hell!

But then a figure came out and kicked Zabas in the face and knocked him down and a red ball hit Galliont in the face and poked his eye out. It was Dan and with him was Pyrus Dragonoid!

Me: Wow! Dan!

Dan: (to us) Good to see you guys again!

Nico: Same here, Dan!

Vypra: Um… who are you two? We haven't seen you before.

Drago: I'm Pyrus Dragonoid.

Dan Kuso: And I'm Dan Kuso. And we're the Bakugan Battle Brawlers!

Me: He's one of the people I freed from a Prison Stone.

Drago: And we owe you big for that.

Dark Spicer: So… where's your team?

Dan Kuso: (looks around) Um… guys? Where are you? (sighs) Man, they're never here when I need them!

Maria: Are you gonna be okay?

Drago: We'll be fine. Our teammates are just running late.

Zabas: I'm afraid this is none of your business.

Drago: When it comes to innocent people being threatened, me and Dan make it our business!

Dan: You guys head after Zeno. Me and Drago got these two!

Me: Okay Dan. We'll meet again soon.

Nico: Yeah.

Dan Kuso: Thanks. We'll need your help later on in dealing with one of my enemies.

Me: Yep.

We shook hands and we were off to face Zeno.

Dan's friends then arrived.

Dan: (to the other Brawlers) It's about time you guys showed up!

Alice: Sorry. It took us a while to catch up to you two.

Shun: Looks like you and Drago need some help with these two.

Dan: We sure do.

Julie: Time for some Bakugan action VS Mamodo action!

Marucho: Yeah and make him pay for his crimes!

Shun: It's time to kick some butt Bakugan Battle Brawler Style!

Skyress: Yeah lets get him!

They went at him and pulverized Zabas and Galliont all over the place and smashed them all over.

It was brutal!

Galliont: This ain't over, Kuso!

Zabas and Galliont run away.

Julie: Looks like we showed them.

Marucho: I have to admit. Mamodos fight way differently from Bakugan.

Runo: What do you say we head on home?

Drago: Good idea, Runo.

Dan: (to the viewers) We'll see you guys in January.

Julie: But this was fun.

They left.

---

Later in the forest on the outskirts of Tokyo in a clearing we saw ZENO & DUFORT!

Zatch: ZENO!

Zeno and Dufort saw us.

Zeno: Well if it isn't my goody goody brother!

Me: It's over Zeno! You're finished!

Zeno: What happened to Zabas and Galliont? They were supposed to keep you fools occupied!

Concrete Man: Normally, we'd say it's none of your business. But even we don't know what's gonna happen to those two right now.

Me: And Dufort it's time for a wake up call!

Lincoln, Linka, Fiona and Mollie fired a blast of lightning and it electrocuted him and broke Zeno's control over him!

Dufort: What the? What happened?

Me: Dufort come over to us quick.

He did so.

Zeno: NO! He was my slave!

Me: You are a monster Zeno!

Zeno: Why are you all here?

Me: What else?

Eli: We're going to kill you!

Lynn: I'm going to grind you into dust!

Lola: And burn you into ash!

Lori: After I literally turn you into a human pretzel!

Zeno: (to the Loud Sisters) I'm supposed to be afraid of several girls who got turned into crybabies? (laughs) Anyone who gets themselves turned into an infant isn't worth my time!

Dark Leo: It wasn't exactly easy for the rest of us either!

Dark Raph: You know how many diapers I had to change? (shudders) So many!

Stewie: So sniff on this!

He threw a diaper and it hit Zeno and exploded!

KRAFFFFAAAAAARRRRRRTTTTT!

Nico: Nice one!

Zeno was coughing and gagging!

Zeno: Why you fucking little!?

He fired a blast of lightning at Qin and Eli got in front of the blast and used the Force to send the blast back at Zeno. The blast hit him and electrocuted him all over.

Lori (Zatch Bell): WHOA! That was so cool!

Kolulu: Wow! He sure is talented.

Me: That's my bro for you.

Then out came Wolf O'Donnell, Evil Green Ranger, Loki, Professor Calamitous, Vexen and Koragg.

Me: Wolf O'Donnell, Evil Green Ranger, Loki, Professor Calamitous, Vexen and Koragg.

Kiyo: Wow! More of the Masters of Evil.

Vexen: Indeed Kiyo.

Loki: (to the Loud Sisters) Glad to see you girls back in your original ages.

Lynn: Thanks, Loki.

Kiyo: It's an honor to meet the 6 of you.

Evil Green Ranger: The honor's all ours.

Wolf: (to Lori and Kolulu) Are you seriously the only two of Zatch and Kiyo's friends that are available right now?

Lori (Zatch Bell): So far but there are more of us to find.

Kolulu: That's right.

Zeno: Why are you blockheads talking with them!? Kill them now!

Loki: We don't take orders from you! Especially after all the good we did!

Evil Green Ranger: Yeah so back off!

Me: You tell that little baby!

Nico: Yeah!

?: He deserves to be put in his place.

A figure came out and it was ANTBERRY from episode 15 of Samurai!

---

**Antberry** is an Ant/Eel/Slime themed Nighlok, who can spit a special liquid called Sanzu Slime to make his opponents slimy so he can counter their attacks and to make them drop their weapons. He serves Octoroo. Antberry serves as the main antagonist of the episode "The Blue and the Gold".

Antberry is one of Nighloks. Antberry could spit the special liquid called Sanzu Slime that can make his opponents slimy so he can counter their attacks and make them drop their weapons. He also can make energy blasts and is armed with a sword. In the fifteenth episode Antberry was hired by Octoroo to steal toys of children in Panorama City and then bring them to the forest, cut them with magical axe and throw them in the magical well, which will unleash their energy and open a portal, which will unleash Sanzu River on Earth. Antberry stole toys of numerous children in city, including Spike. Then he brought them to the forest and started ritual. Octoroo protected place of ritual with magical barriers. However Kevin and Antonio found the place of ritual and Octoroo noticed them and fired at Power Rangers with his magic. Because of the barriers, Kevin and Antonio couldn't connect their friends. Octoroo then told rangers who is he. Kevin and Antonio morphed but Antberry spat at them with his slime and made rangers slimy so they couldn't handle their swords. Heroes tried to battle Antberry in hand to hand fight, but his body was also slimy and he easily defeated them. Octoroo then used his magic and sent rangers away. Octoroo sent Moogers to destroy Kevin and Antonio and told Antberry to continue ritual. But Antberry realized that his axe was dull and covered with slime. Octoroo told him to sharp axe and then continue ritual. Antberry was sharping an axe, but he was doing it long, so Octoroo said that Antberry is slow as slug and even threatened to sent him in the well instead of toys. Later Antberry finally sharped axe and Octoroo told him to cut a scooter, but Kevin fired at Antberry, forcing him to drop axe in rhe well, ending Octoroo's plan. Kevin and Antonio battled Moogers and then left. Octoroo and Antberry followed them and Antberry battled them again again defeated them with his slime. Then other rangers arrived and helped their friends. While Octoroo left, Antberry fought rangers and Jayden defeated him by burning his slime with his sword and Kevin and Antonio battled him and destroyed him by throwing him in the well. Antberry then returned as a Mega Monster and battled the Samurai Megazord. Antberry fought Megazord. He used his slime and spat it at the Megazord, knocking the Octozord out of its hand. However Antonio pulled out of his grip by unleashing smoke on Nighlok and the Rangers restored the Zord and freezed Antberry with the Octozord's freeze breath. Antberry was destroyed by the Samurai Strike of Octo Spear Megazord.

---

Jayden: Antberry!

Antberry: Been a while rangers.

Me: I remember you! You were sent to steal toys from children to throw in a magical well that would bring the Sanzu River to Earth.

Antberry: That's right.

Vypra: Didn't I tell you that he had a great memory?

Antberry: You sure did and you weren't kidding.

Nico: He never missed an episode.

Antonio: Is this the part where you hit us with your slime?

Antberry: Actually, I have something else in mind.

Jayden: And that is?

Antberry: (to Stewie) Still got those stinky diapers from the other day?

Stewie: You bet I do.

Stewie threw more diapers and Antberry spit more slime and drenched Zeno all over the place.

We laughed hysterically at Zeno!

Nico: (LAUGHS) That is so funny!

?: HEY!

We heard a voice and coming toward us was the fire Digimon, Meramon!

Tai Kamiya: It's Meramon!

Me: Whoa!

Nico: That Meramon looks familiar.

Meramon: Thank goodness I found you all. Nico it's great to see you

again.

Nico: You too Meramon and that must mean that Mina is here too.

Me: Mina? Is she one of the International Digidestined?

Nico: That's right. She's from India.

?: Looks like I got here just in time.

Mina arrived.

Nico: Mina! It's great to see you again.

Mina: You too Nico. But I came to dish out some cold justice on this monster Zeno!

Nico: Whoa! That is a hugely overwhelming sense of Justice.

Eli: I sense a Number on her.

Mina: That is this.

She held out a Number Card and it was NUMBER 21: FROZEN LADY JUSTICE!

We gasped.

Eli: Number 21: Frozen Lady Justice!

Me: And that card represents the Deadly Sin of Wrath!

May: (to Mina) Listen, can you please make this easier and give us that Number Card?

Mina: Sorry guys but this Number is gonna be helping in bringing cold justice.

Meramon: Ever since Mina got that Number card she was not herself.

Eli: We'll gladly help stop her.

Kari Kamiya: Right. We have done this before.

Me: Several times actually.

Zeno: You'll have to get passed my friends first!

He threw a bunch of Pokeballs and out came his Pokemon! He had a Galarian Zapdos, Galvantula, Dracozolt, Zeraora, Electavire and a Mega Jolteon!

Nico: Whoa! He has a Galvantula, Dracozolt, Zeraora, Electavire, Mega Jolteon and a different kind of Zapdos!

Me: That must be the Galarian Version of Zapdos.

I activated my Pokedex.

Dex: Galarian Zapdos. Unlike the Kanto Version of Zapdos, this is the Fighting Version and it uses its feet and beak to deliver deadly strikes and blows. It is also a really fast runner. It's special ability Thunderous Kick enables it to channel electricity into its feet and delivers a deadly and electrified kick. Use extreme caution when approaching it.

Me: Whoa! So the Lightning version of Zapdos has a fighting cousin in the Galarian Region.

Ash: That's really cool.

Nico: Yeah. Since J.D. has a Galarian Moltres, I'll take the Galarian Zapdos.

Loki: And I have just the planet for all of us to fight on.

Loki snapped his fingers and we were floating and flying in the skies of an incredible gas giant planet and we saw that the skies were totally illuminated and crackling with lightning and overflowing with electricity. We were on Ampfibian's home planet in the Andromeda Galaxy, TESSLOS!

**Tesslos** is the home planet of the Amperi.

Tesslos is in the distant orbit of two suns, a neutron star and a red giant, in the Andromeda Galaxy. The environment of Tesslos is made almost entirely of heavy swirling gasses. There are no land masses, per se. Its inhabitants move through the various gasses, breathing them as they go, similar to marine lifeforms in the oceans of Earth.

The magnetic poles of the planet are highly charged thanks to the gravitational pull of its two suns. Every creature on this world has adapted to existence within these powerful competing electromagnetic fields and has evolved the ability to manipulate this energy in some way. The most adept at it are the Amperi, leading them to have become the dominant species on Tesslos.

---

Me: WHOA! Look at this planet!

Nico: Wow! This world is electrifying!

Loki: This is Ampfibian's home planet Tesslos!

Me: Whoa! So this is the planet Tesslos!

Nico: Wow! We're all the way in the Andromeda Galaxy!

Ben: I've always wondered what Tesslos was like.

Gwen Tennyson: Wow! This is the first ever home planet of one of the Aggregor 5 that we've ever been to in the Andromeda Galaxy.

Me: I was just about to point that out.

Riley: This is amazing! The home planet of the Amperi is incredible!

Nico: It sure is! Wow! It's overflowing with lightning.

Lincoln: It's incredible!

?: Well this is a treat!

We turned and we saw an Amperi that Ben knows all too well! It was Ra'ad!

---

**Ra'ad** is an Amperi from the planet Tesslos. He was one of five aliens from the Andromeda Galaxy, who was captured by Aggregor. Ben scanned him to gain AmpFibian.

He first appears in *Escape from Aggregor* where he helped the other prisoners escape Aggregor's Ship.

Ra'ad reappears in *Fused* where he attacks Ben and blames him for Aggregor recapturing his friends. When the Ultimatrix scans Ra'ad's DNA, he breaks it and his spirit is taken into the Ultimatrix. When Ben changes into AmpFibian to battle Aggregor, Ra'ad begins possessing Ben, similar to how Zs'Skayr through Ghostfreak possessed Ben. Kevin was able to separate Ra'ad from Ben's body. Ra'ad then tried to escape, but stayed behind to save Ben from Aggregor after Kevin lectures Ra'ad for leaving Ben to die at Aggregor's hands and that he used to be selfish as well. Aggregor captures Ra'ad again after a short fight and takes him to his ship along with the others to absorb their powers.

In *Ultimate Aggregor*, Ra'ad and the others were forced to fight Ben and his team by Aggregor, and he presumably died when Aggregor absorbed the five Andromeda galaxy aliens.

As of the end of *Absolute Power: Part 2*, Ra'ad, as well as the other Andromeda Aliens, are brought back to life after Kevin was turned back to normal. Ra'ad is the only one who speaks in the moment, thanking Ben for helping them.

Powers and Abilities

Ra'ad can manipulate, produce, and absorb electrical energy, such as lightning and the Piscciss Volann guards' energy net. That energy is then launched out of his tentacles as attacks.

Similar to Ectonurites and Necrofriggians, Ra'ad can make himself intangible. Correlating with this, he is capable of electrically shocking any objects and beings he phases through.

Ra'ad can fly and is agile enough to dodge attacks while flying.

Ra'ad can breathe underwater, the latter of which allows him to swim at superhuman speeds. He can also safely produce and discharge electricity underwater.

Ra'ad's tentacles can extend multiple times their length.

Similar to Galvanic Mechamorphs and Nosedeenians, Ra'ad can become pure energy in order to enter electrical cables and generate a large energy blast that surrounds him.

Ra'ad has degree of enhanced strength, enough to restrain Phil with his tentacles, as demonstrated by AmpFibian.

Even though his body is frail, Ra'ad is durable enough to withstand being throw against a wall by Solid Plugg and getting hit by an Aerophibian's neuroshock blasts.

Ra'ad can read both human and Osmosians' thoughts by sensing the electrical pulses of their minds;

Ra'ad can survive in the vacuum of space and generate a protective energy shield around himself; these feats were both exclusively demonstrated by Ultimate Aggregor during his visit to the Perplexahedron.

---

Ben: Ra'ad!

Ra'ad: This is an amazing surprise. It's great to see you again and it's an honor to meet the famous Team Loud Phoenix Storm.

Me: You too Ra'ad. Ben and P'andor told us a lot about you and your friends.

Ra'ad: I had a feeling they did.

Lincoln: We came to face (Points to Zeno) him without hurting our

planet.

Ra'ad: I see. I'll gladly help you all.

THE END

Another awesome fanfiction done.

Zatch Bell is one of the most awesome anime's ever known. I thought it was so cool how humans and Mamodo's work together. Now we have all of Kiyo and Zatch's enemies to deal with. It was on from April 6, 2003 - March 26, 2006 and it was awesome! The next Number is gonna be one of the 10X Numbers and it's gonna be Number 104: Masquerade and it will be in the hands of the alternate Universe Kimberly who is now in our universe to get revenge on Lord Drakkon for killing all of her friends! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is an awesome babysitting adventure and we're gonna be journeying into the worlds of cooking as Mary takes a select few on a huge cooking journey and having them cook their favorite meals. It's gonna be an awesome adventure.

See you all tomorrow.

# Global Cuisine Babysitting Adventure

At Canterlot we were helping Twilight Sparkle organize the books all in the library. And some of us were reading them. I was putting books on the shelves and Eli was flying around and putting them on the shelves.

Me: Man there are lots of books here in the library.

Nico: No kidding. But all these books are amazing.

Luna Loud: They sure are dudes.

Moondancer: I come here all the time and it's a lot of work at what we do in the library.

Vince: I can see that.

Computer watch: Alert! Interdimensional Disturbance in progress.

Me: Uh oh. I don't like the sound of that.

I flew down and landed and then a flash of light appeared and a portal opened up and out came QUEEN CHRYSALIS!? WHAT THE FUCK IS GOING ON HERE!?

Clawful: Chrysalis?! How are you here?!

We got ready for battle against her. But then I noticed that she had butterfly wings.

Me: Wait a second, everyone stand down!

Nico: What!? Why?

Me: This is the good version of Queen Chrysalis from the Alternate universe. Like in the comic books that Tora showed us.

I showed everyone the comic picture and they saw that I was right.

Nico: He's right.

I Am Weasel: I see. So you're from a dimension where Twilight and her friends are evil.

Chrysalis: That's right. And Princess Celestia and Luna are evil too. But it's an honor to meet you all Team Loud Phoenix Storm.

Me: Same here.

Nico: Wow. You're from that mirror universe that J.D. showed us.

Chrysalis: That's right.

Me: Wow. And we killed your evil self here.

Chrysalis: I'm glad you did. She was a monster.

Nico: Yeah she was. She was probably one of the most ruthless monsters we've ever faced.

Runabout: Please tell me you killed some of the evil versions of Twilight and her friends before you got here!

Chrysalis: Unfortunately no. My world is in terrible danger and I came here to ask for your help later on in the future.

Nicole: We'll gladly help out when it's time.

Applejack: Hard to imagine that there is a version of us that's evil.

Apple Bloom: Yeah.

Rainbow Dash: No kidding. That is scary.

Fluttershy: Goodness. I would not want to meet my evil self.

Me: But if we do we better be ready to face them with everything we got.

G1 Inferno: Why don't we go there and take out those evil doppelgängers?

May: Hold on, Inferno. They have the same powers as Twilight and her friends. We go there now and we'll be overrun.

Maria: We just have to hope that the other good versions of the Equestria villains can take at least some of them out before we go there in the future.

Me: All we can do is pray. But May is right. Our power may be strong as it is but the evil versions of Twilight and her friends are probably equal in strength to us. Maybe even more powerful than that. Our only chance is to wait until their numbers are smaller. Then we can overwhelm them. But this is a mirror universe we're talking about. If the villains are good and everyone we know that's good in Equestria is evil then we're talking about going to a world that's a Dystopian Hellhole. We'll be in battle with all the unicorns, pegasi, earth ponies and alicorns and every single creature there all at once and their power together will be completely insurmountable. I just hope we don't run into another evil version of ourselves like we did with the Royal Defenders or it will spell disaster for all of us.

Lincoln: Yeah.

Nico: We can't let that happen.

May: That's right.

Me: There's a strong possibility that the Mirror world of Equestria is here in our universe now.

Shanan: I'll try to find out where it is dad.

Nicole: And I'll help you out sis.

Shanan: Thanks sis.

Chrysalis: And I would like to join you all to redeem myself for the crimes that my evil self here did.

Princess Celestia: That is a very wise decision.

Nico: It sure is.

Me: Glad you made the right choice. But it's gonna take a while for everyone all over Equestria to trust you because of all the terrible things your evil self did.

Chrysalis: I know. But I can blend in as a normal pony till then.

She changed and became a blue pony with green hair and green eyes and she had an Aurora Cutie Mark.

Me: Ooh good form.

Chrysalis: Thank you.

We later got back to work.

---

Later we were back at the estate and we were getting ready to start our day.

Rita: RISE AND SHINE KIDS! WE'RE GOING TO AUNT RUTH'S TODAY! YAAY!

Nico: Oh it's time for another awesome babysitting adventure.

Gravity Man: So, it's that time again, huh?

Me: It sure is and it's Mary's turn. No wheel spin this time. She is the last on the list whose turn is left. After that it's my Grandchildren's turn starting with Heidi.

Nico: Cool.

Mary Knudson stood by the door and she had Lola, Lincoln, Laney, Luan, Linka, Lucy Loud, Lana, Lily, Lisa Loud and Luna Loud with her.

Rita: You know what to do right Mary?

Mary K.: I sure do Ms. Rita. Dad taught me everything. It's gonna be so fun. I have something awesome planned for everyone.

Rita: That's great! We'll be back around 9:00 tonight.

Mary K.: Okay.

Nico: Try to stay sane everyone.

Lori: We will Nico.

They went out to the car.

Lynn Sr.: If I have to see that extra toe so help me…

We were off for another revolting day at Aunt Ruth's.

Mary K.: This is gonna be so fun!

Lincoln: Yeah it is!

Laney: What do you have planned for us Mary?

Mary K.: You'll love it. We're going to use the simulator and have adventures in the world of global cuisine and explore the different foods from around the world.

Laney: Cool! We can use those to help expand Dad's menu at his restaurant and here at home.

Lisa Loud: I agree with you on that Laney. It'll be good to help out our father unit and expand his cooking repertoire.

Nico: It sure will.

Loki, Evil Green Ranger, Koragg, Wolf, Calamitous and Vexen appeared.

Evil Green Ranger: What countries are we gonna go see?

Mary K.: We're gonna go see Mexico, China, Australia, Germany, France and Scotland. And if we have time for more we'll go see Italy and America too.

Nico: Cool!

Evil Green Ranger: I'll go to Mexico, Loki will go to China, Koragg will go to Australia, Wolf will go to Germany, Calamitous will go to

France, and Vexen will go to Scotland.

Mary K.: Good idea. And this is gonna be really fruitful for all of us because we're going to learn a lot about the worlds of each cuisine.

Homer: Hey this is like what I went through in that challenge Around the World in 80 Bites.

Bart: I remember that. Dad got more fatter than usual! (Laughs)

Homer: (Mad) Why you little!? (Strangles Bart)

Lily pulled out a taser and shocked Homer.

ZZZAAAAAAPPPPP!

Homer: OW! Sorry.

Mary K.: Nice one.

Dr. Light: Me, Electro, Larxene, Tchang Zu, Radioactive Man, and Heat Wave will be in the usual battles.

Electro: But each of said usual battles will be in separate countries.

Larxene: If that's okay with you guys.

Mary K.: That's fine with us. And I have just the countries planned for all of us. You'll love them after we get into the worlds of each cuisine.

Larxene: Cool.

Dr. Light: This is gonna be fun.

G1 Vortex: Can we eat the foods of the countries we visit?

Mary K.: We sure can. And we haven't had breakfast yet. But be sure to save room for the lunch I'm making.

A figure came in and it was DISTRACTOR from episode 11 of Megaforce!

---

**Distractor** is a spider-like Toxic Mutant that assisted Vrak while he tried to obtain the Wild Sword.

Distractor is hired by Vrak to keep the Megaforce occupied while he seeks the Wild Sword.

The monster first appeared as a giant where the Rangers confronted him and then summoned the Gosei Great Megazord. The monster pretended to go down but soon recovered and summoned forth his phantom army. The Rangers were shocked but the monsters proved to be inanimate and useless illusions. His ruse is found out by Robo Knight, who grows and makes him fall back to human size using his

Robo Blade. He eventually holds him off while the Rangers continue towards the Black Mountains. After Vrak tricks the Rangers into releasing the weapon, Vrak steals it and Distractor teleports away from his battle and later accompanies him as the alien tests out the power of his new possession. Distractor is empowered with it, allowing him to give his phantoms physical form, gaining the upper hand. The Wild Sword, however, is won over by the Rangers and converts into the Ultra Zords and the Megaforce gains access to their new power-up, Ultra Mode. They completely overpower Vrak and obliterate Distractor and his army with the Ultra Strike.

Troy: Distractor!

Distractor: Been a while rangers.

Mary K.: I remember you! And so does Nico and dad. You were sent by Vrak to distract the rangers and keep them occupied so that that Vrak can get the Wild Sword.

Distractor: Wow! Good memory. You are just as sharp as your father and Nico.

Mary K.: I watched Power Rangers like dad and Nico. But I watched them on Netflix.

Nico: Neat.

Mary K.: And I have a feeling I know what you're gonna do. I'll join the group with the Megaforce Rangers.

Nico: This is gonna be fun!

Distractor and the group and all the rangers from 1993 to 2013 went into the Simulator and it activated and they found themselves on the planet Glaren.

Mary K.: The planet Glaren.

Troy: Let me guess. You're gonna make real illusions of monsters we defeated before, right?

Distractor: Actually, the illusions I'll make real will be of past Foot Soldiers.

He did so and they were the foot soldiers that all the Rangers faced over the course of 20 years from 1993 to 2013!

Mary K.: It's all the Foot Soldiers you all faced from 1993 to 2013!

Mary K.: 20 YEARS OF LEGACY POWER! POWER RANGERS SHOW THEIR POWER IN THE FACE OF DANGER!

Rangers: IT'S GOOD TO BE A RANGER!

Mary K.: POWER RANGERS!

Rangers: RANGERS OF LEGACY!

KRABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

An extremely massive fiery explosion went off behind all the rangers and it was massive! Nico caught the whole thing on camera on his phone.

Nico: YEAH! That was awesome!

Mary K.: Yeah it was!

Nico: Not even I remember seeing that in the show. But that was perfect for it!

Delizia: (Italian Accent) Sorprendente!

Nico: Lets get this clod!

Mary K.: With pleasure! Rangers charge up Finishers. Lets hit the Foot Soldiers and Distractor all at once.

Tommy Oliver: Lets do it!

The Rangers formed their finisher weapons.

Mary K.: When I fire, you all fire. Fluttershy you and your group go first.

Fluttershy: You got it guys!

Discord: This is gonna be most fun!

Tree Hugger: It's gonna be radical and far out dudes.

Mage Meadowbrook: It sure is.

Fluttershy, Tree Hugger, Discord, Zecora, Mage Meadowbrook, Lily Valley, Rose, Daisy, Delizia, Sonata Dusk, Aria Blaze and Adagio Dazzle: NATURE'S SONG STYLE FORMATION ART: NATURES FURY DRAGON STORM BLAST!

They spun in a dodecadon and fired a blast of energy that formed into a deadly dragon.

Nico: NUOVA DEATH RAY!

The 4-Star Ball on Nico's Bracelet glowed and Nico formed a huge magnifying glass lens and fired a massive blast of focused fire in a deadly laser.

Mary K.: (Cups Hands to side) KAAAAAAAA! MEEEEEEE! HAAAAAAAA! MEEEEEEEEE! HAAAAAAAAAAAAAAAAAAA!

Mary fired a powerful Orange Kamehameha Wave and the Rangers all fired their weapons and the blasts all combined and the blasts all hit Distractor and all the Foot Soldiers all at once and obliterated them in a massive and incredible explosion!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so massive and so devastating that it shook much of the planet. A massive mushroom cloud could be seen for miles.

Nico: YEAH! Distractor you have failed this world!

Mary K.: Yeah he has! Wow! That was awesome!

Adagio Dazzle: It sure was.

Rose: That was so much fun though.

But then Lord Drakkon appeared and he was scared!

Lord Drakkon: Guys you have to hide me! SHE'S OUT TO KILL ME!

Lord Drakkon got behind Mary and then in a pink flash of light came a new ranger! She took off her helmet and they saw that it was KIMBERLY ANN HART!? WHAT THE FUCK IS GOING ON!?

Kimberly: WHAT THE!? IS THAT ME!?

Drakkon: It's Kim from my universe!

They saw that it was the Kimberly that was totally hellbent on killing

Lord Drakkon and she not gonna stop till she does!

---

This version of **Kimberly Ann Hart** is from the World of the Coinless who (before being freed) had served under Lord Drakkon as a brainwashed Power Ranger, known as the **Ranger Slayer** . She is the leader of the Promethea Rangers. She is also the pilot of the Gravezord.

After the complete defeat of Drakkon, sometimes after the storyline *Beyond the Grid* and *Necessary Evil*, Kimberly became the new leader of her restored world, restoring the peace and undone everything what Drakkon destroyed.

The history of this version of Kimberly Hart parallels the history of her counterpart from the central timeline until events which creates the World of the Coinless. Kimberly fought alongside her fellow Power Rangers against the forces of Rita Repulsa and Lord Drakkon, culminating in "The Fall of the Power Rangers" battle that saw the deaths of Jason Lee Scott, Billy Cranston, and her world's version of Zordon. As a result of the battle, Lord Drakkon claimed the Tyrannosaurus, Sabertooth Tiger, Pterodactyl, and Mastodon Power Coins. Zack Taylor and Trini Kwan would eventually escape and form the resistance movement known as **The Coinless** .

Kimberly was also a member of the resistance helping get people to safety and running reconnaissance missions with Bulk. On one of these missions, she witnesses the death of her universe's Matthew Cook. This, combined with the other losses she has experienced, leads her to wage an attack against Lord Drakkon on her own. While she was able to defeat many Sentries on her own, she is eventually put under mind control by Drakkon using a similar spell as the one Rita used on him as the Green Ranger.

Even though the Pterodactyl Power Coin was originally claimed with the others and used to power Pterodactyl Sentries, the coin was returned to her and, combined with the new, evil energy of the Bow of Darkness, she is able to become the Ranger Slayer.

Shattered Grid

After Lord Drakkon's defeat during the Black Dragon arc of *Mighty Morphin Power Rangers*, he was dragged back into the present day by accident; eventually getting captured and remanded to the care of Promethea and its CEO (and Red Ranger of the 1969 Power Rangers) Grace Sterling. Meanwhile, on Drakkon's world, the power structures were under revolt as the Coinless were making strides and Scorpina and her loyalists were going rogue; a situation exacerbated by the arrival of the HyperForce Rangers. In desperation, Finster 5 gave the last shard of the Green Chaos Crystal to the Ranger Slayer with the hopes that she could use it and the Gravezord to track Lord Drakkon and bring him back.

Unfortunately for her, she arrived at a point when the Rangers were still new and long before Tommy Oliver ever arrived in Angel Grove. Desperate, she tried to contact Finster 5 but failed. It was then that Rita Repulsa arrived and offered to charge the Gravezord for her. Later the Ranger Slayer sent her Gravezord into downtown Angel Grove to draw out the Power Rangers, and while it attacked them, she sneaked into the Command Center with her Pterodactyl Power Coin. She used a Quantum Field Disruptor to disrupt Zordon's brain and ripped off Alpha 5's arm. She then issued an ultimatum: If they cooperate and let her use the Command Center's sub-spectrum long-range communication array, she'll leave them all in peace. When Alpha 5 got defiant, she readied to brutally attack him but then was attacked by the main world's Kimberly Hart, who ordered her to keep her hands off of Alpha. In the ensuing fight, the main world's Kimberly managed to shatter the Ranger Slayer's Bow of Darkness and thus breaking Drakkon's hold on her.

Immediately, the elder Kimberly had PTSD flashbacks of what Drakkon made her do. To alleviate her pain, both Kimberlys went to the juice bar; whereas Kimberly's cousin Sally, she was overjoyed to see Bulk (who was a loyal comrade in the World of the Coinless), and conflicted by seeing Matthew Cook (whose counterpart in her timeline died in her arms). Eventually, Drakkon managed to contact the Ranger Slayer saying that she would be stranded a little longer as he is on the verge of breaking the Morphin Grid. When he asked where her bow was, he realized that she had broken his control and left her to rot in the past.

She returned to the Command Center to repair her bow and plot her next move by using an opportunity changing the fate of past-present Power Rangers, including that timeline's Tommy and Matthew. She uses an improved Green Crystal to revive the Gravezord to fight alongside the Mighty Morphin Megazord against two monsters, then implanted one of the crystal's fragments into her arrows to shoot past-present Tommy, giving him the vision to prevent his original future-present's fate without killing him. The Rangers managed to defeat the two monsters with Mega Gravezord's Inferno Blaster.

## Final Battle Against Lord Drakkon

Immediately after the battle with the two monsters, Kimberly was recruited to the main timeline by Grace Sterling, presumably bringing the Gravezord with her, as it unmerged and dematerialized from the Mighty Morphin Megazord at the same time.

She takes part in a rescue mission to Lord Drakkon's moonbase in the World of the Coinless as the other Rangers are waging the final battle against Drakkon's forces. Ultimately, the rescue is successful, and the depowered Rangers who were being held captive are taken aboard the Promethea.

She is aboard the ship as the World of the Coinless began tearing apart as space and time were wiped away. She observes as Andros tries to command the crew to teleport the Promethea base away and while the base manages to begin a teleport, it fades away into nothing as it does so. With no space or time to exist, once the multiverse was restarted, the Promethea re-materialized into existence and exited at a random vector from the teleport stream. While the Promethea has taken damage, she is seen, as the Ranger Slayer, helping to rescue the injured and trapped aboard the ship.

## Beyond the Grid

After the events of Shattered Grid and the recreation of the multiverse, Kimberly is aboard the Promethea as it drifts through what seems like a void in space. She is one of the few Rangers who still has the ability to morph, though she observes that she has few morphs left in her morpher, since where the group presumably has no access to a Morphing Grid.

She expresses a great amount of grief over her time as the possessed Ranger Slayer and contemplates leaving the ship. However, she is stopped by Grace, who insists that she is needed and cannot leave.

She is the de facto leader of the new group of Power Rangers (consisting of herself, Tanya Sloan, Cameron Watanabe, Andros, Mike Corbett, and Heckyl). She leads them on a mission to answer a distress call that is heard somewhere in the universe, though it is revealed that the call was a ploy to lure her group away from the Promethea.

Mary K.: HOLY SHIT!

Alternate Kimberly: You took everything away from me Tommy! Now I'm going to kill you and avenge everyone!

Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, Zipporwhill, Lily Longsocks, Babs Seed, Eli and Soldier 76 and everyone appeared

Drakkon: Kimberly, please. I've changed. I'm not the man I once was.

Alternate Kimberly: Nor will you be the man you are now!

Troy: That's what you think!

Megaforce Rangers: Super Mega Mode!

The Megaforce Rangers turned into the Super Megaforce Rangers.

Mary K.: I can't believe you are that obsessed with getting revenge Kim. Sorry but this is gonna hurt us more than it's gonna hurt you!

Eli: That's right Kim! But how did you get here anyway?

Alternate Kimberly: Thanks to this.

She pulled out a Number Card and it was a shocking one. It was

NUMBER 104: MASQUERADE!

They gasped!

Eli: Number 104: Masquerade!

Nico: I thought there was only 100 Numbers!

Yuma: There's also Numbers that are over 100 as well. And they are dangerous!

Mary K.: Time for you to see the error of your ways Kim. We're gonna have to beat some sense into you to stop you from killing Lord Drakkon.

They went at her and blasted her all over the place with incredible fury.

G1 Inferno: Time for some teamwork!

I Am Weasel: You got it! For I Am Weasel!

G1 Inferno and I Am Weasel used the Earth Cyber Planet Keys and they enhanced Inferno's missiles and I Am Weasel's powers 100-fold.

Runabout and Clawful used the Earth and Animatron Cyber Planet Keys and they enhanced Runabout's Particle Beam Rifle and Clawful's powers 100-fold.

G1 Inferno and I Am Weasel: MISSILE WEASEL THUNDERSTRIKE!

Inferno fired missiles and I Am Weasel fired energy blasts and lightning blasts.

Runabout and Clawful: PARTICLE LOBSTER MEGABLAST!

Runabout fired waves of particle energy and Clawful fired a blast of water.

Nico: I hate to say this but Kimberly Ann Hart, you have failed this

universe.

Kimberly, Mary K., Eli and Nico: ELEMENTAL PTERODACTYL MEGA BLAST!

They fired a massive blast of energy and it formed into a Pterodactyl and the blasts slammed into Kim and smashed her down. She was knocked out and Eli took the Number.

Kimberly: I'm sorry. But you didn't give us a choice.

Mary K.: Your ideas of vengeance are for the wrong purpose.

Nico: Yeah. Sasuke was once driven by vengeance like you and look what happened to all those evil Sasuke's. They got what was coming.

Mary snapped her fingers and stripped Kim of her powers and beamed her to prison.

Mary K.: Lord Drakkon is a changed person now. He's not the same monster you knew.

Nico: Yeah.

They left the simulator.

Lord Drakkon: Thanks Mary. I owe you one.

Mary K.: Anytime. Time for some karaoke!

Nico: AWESOME! I love this part of our adventures in babysitting.

They went to Luna's room.

---

In Luna's room they got ready.

Mary K.: So who wants to go first in singing?

Maria: We will. Me, William, Venom, Elena, Volcana, Torch Man, Illia, and Emerald Susatrai are gonna sing Rotten to the Core from

Descendents 3.

Mary K.: Ooh great choice!

They got ready and the song began.

Maria: They say I'm trouble, they say I'm bad

Fire in my belly, so don't make me mad

William: A dirty no-good, down to the bone

I'll take that trophy, back to my zone

Elena: So I've got some mischief in my blood

My fashion's wicked? Hands off my gloves

Venom: They think I'm callous, a low-life hood

The times are changing, bad is the new good

Maria and Elena: Mirror, mirror on the wall

Who's the baddest of them all?

Welcome to my wicked world, wicked world

All four: I'm rotten to the core, core

Rotten to the core

I'm rotten to the core, core

Who could ask for more?

I'm nothing like the kid next, like the kid next door

I'm rotten to the core, I'm rotten to the

I'm rotten to the core

Volcana: Long as I'm leader, of this lost isle

There always be a little evil, behind my smile

Torch Man: Don't double cross me, I'll get you hooked?

You think I'm kidding? Just take a look

Emerald Susatrai: I'm not a sweetheart, I'm not your friend

But you better invite me, or taste revenge

Illia: I'm on a hustle, take what I can get

Show me the money, you ain't seen nothing yet

Elena: Mirror, mirror on the wall

Who's the baddest of them all?

Welcome to my wicked world, wicked world.

All: I'm rotten to the core, core

Rotten to the core

I'm rotten to the core, core

Who could ask for more?

I'm nothing like the kid next, like the kid next door

I'm rotten to the, I'm rotten to the

I'm rotten to the core, core

Rotten to the core

I'm rotten to the core, core

Who could ask for more?

I'm nothing like the kid next, like the kid next door

I'm rotten to the, I'm rotten to the

I'm rotten to the core!

They cheered wildly!

Mary K.: Great job!

Nico: Awesome job guys! That was beautiful.

Naruto: Yeah it was!

Poromon: My turn! I'm gonna sing In a Big Country by Big Country.

Mary K.: That's one of my favorites.

Poromon got ready and the song began. The landscape turned into the Irish Landscape.

Poromon: (Singing)

I've never seen you look like this without a reason

Another promise fallen through

Another season passes by you

I never took the smile away from anybody's face

And that's a desperate way to look

For someone who is still a child

In a big country dreams stay with you

Like a lover's voice fires the mountainside

Stay alive, here we go

I thought that pain and truth were things that really mattered

But you can't stay here with every single hope you had shattered

I'm not expecting to grow flowers in a desert

But I can live and breathe

And see the sun in wintertime

In a big country dreams stay with you

Like a lover's voice fires the mountainside

Stay alive

In a big country dreams stay with you

Like a lover's voice fires the mountainside

Stay alive

So take that look out of here it doesn't fit you

Because it's happened doesn't mean you've been discarded

Pull up your head off the floor, come up screaming

Cry out for everything you ever might have wanted

I thought that pain and truth were things that really mattered

But you can't stay here with every single hope you had shattered, see ya

I'm not expecting to grow flowers in a desert

But I can live and breathe

And see the sun in wintertime

In a big country dreams stay with you

Like a lover's voice fires the mountainside

Stay alive

Ha, ha

In a big country dreams stay with you

Like a lover's voice fires the mountainside

Stay alive

In a big country dreams stay with you

Like a lover's voice fires the mountainside

Stay alive

They saw awesome landscapes and more and when the song was done they cheered wildly.

Mary K.: Awesome job!

Poliwag: My turn. I'm going to sing It's Called a Heart by Depeche Mode.

Mark K.: Ooh! That's one of the great songs and one of my favorites.

Poliwag got ready and the room turned into pure fire as the song began.

Poliwag: (Singing)

There's something beating here inside my body

And it's called a heart

You know how easy it is to tear it apart

If I lend it to you, would you keep it safe for me

I'll lend it to you, will you treat it tenderly

There's something beating here inside my body

And it's called a heart

There's a sun shining in the sky

But that's not the reason why I'm feeling warm inside

The answer isn't classified- it's my heart

From the moment I started

I tried to be good about it

Yes I've tried my best

And more or less, I spoke from my heart

There's a lot to be learned

And you learn when your heart gets burned

There's something beating here inside my body

And it's called a heart

You know how easy it is to tear it apart

If I lend it to you, would you keep it safe for me

I'll lend it to you, will you treat it tenderly

There's something beating here inside my body

And it's called a heart

Hearts can never be owned

Hearts only come on loan

If I want it back

I will take it back

I'll take my heart

But I will try my best

And more or less

I will speak from my heart

Yes, I will speak from my heart

Speak from my heart

There's a lot to be learned

And you learn when your heart gets burned

There's something beating here inside my body

And it's called a heart

You know how easy it is to tear it apart

If I lend it to you, would you keep it safe for me

I'll lend it to you, will you treat it tenderly

There's something beating here inside my body

And it's called a heart

They saw fire and more and figures dancing in the fire and more. When it was done they cheered wildly.

Mary K.: Awesomely done!

Nico: Way to go Poliwag!

Manaphy: Now for me. I'm going to sing Dust in The Wind by Kansas.

Mary K.: Ooh good choice. That's a great song.

Nico: It sure is.

Manaphy got ready and she played the song on Luna's guitar. The room turned into a desert.

Manaphy: (Singing)

I close my eyes

Only for a moment, and the moment's gone

All my dreams

Pass before my eyes, a curiosity

Dust in the wind

All they are is dust in the wind

Same old song

Just a drop of water in an endless sea

All we do

Crumbles to the ground, though we refuse to see

Dust in the wind

All we are is dust in the wind

Oh

Now, don't hang on

Nothin' lasts forever but the earth and sky

It slips away

And all your money won't another minute buy

Dust in the wind

All we are is dust in the wind

(All we are is dust in the wind)

Dust in the wind

(Everything is dust in the wind)

Everything is dust in the wind

The wind

Sandstorms blew and more and when the song was done they cheered wildly!

Mary K.: Great job!

Nico: That was awesome!

May: Way to go Manaphy!

Horsea: My turn. I'm going to sing Fairy Night Songs by Gary Stadler.

Mary K.: Cool!

Horsea got ready and the song began. Fairies flew around them and the night came.

Horsea: (Singing Divinely)

Dancing a spiral we sing unaware

On fairy night wings our songs fill the air

Making a circle of magic and light

Watched silently by the Fey of the night

Our hearts full of love and our arms open wide

We hold the key to the fairies delight

The songs in our hearts belong in the air

The words of our wisdom we bring forth to share

Our songs in the night

As we dance 'round the flame

The Fairy Nightsongs are never the same

The words from our lips as we sing for the night

Impart to the Fey our hearts' truest sight

Sounds of the forest in sweet harmony

We give the gift of our song to the fairy

Dancing a spiral we sing unaware

The fairy night wings our songs fill the air

Our songs in the night

As we dance 'round the flame

The Fairy Nightsongs are never the same

The words from our lips as we sing for the night

Impart to the Fey our hearts truest sight

Ahh…

Dancing a spiral we sing unaware

On fairy night wings our songs fill the air

Making a circle of magic and light

Watched silently by the Fey of the night

Our songs in the night

As we dance 'round the flame

The Fairy Nightsongs are never the same

The words from our lips as we sing for the night

Impart to the Fey our hearts' truest sight

Our hearts full of love and our arms open wide

We hold the key to the fairies delight

The songs in our hearts belong in the air

The words of our wisdom we bring forth to share

Our songs in the night

As we dance 'round the flame

The Fairy Nightsongs are never the same

The words from our lips as we sing for the night

Impart to the Fey our hearts' truest sight

The sounds of the forest in sweet harmony

We give the gift of our song to the fairy

Dancing a spiral we sing unaware

The fairy night wings our songs fill the air

It was enchanting and when it was done they cheered.

Maria: Awesome job Horsea!

Mary K.: Great song! Awesome!

Zick: My turn. I'm going to sing You'll Be In My Heart by Phil Collins.

Mary K.: Great choice!

Nico: Awesome.

Zick got ready and the beautiful jungle appeared as the song sang.

Zick: (Singing Divinely)

Come stop your crying

It will be alright
Just take my hand
Hold it tight
I will protect you
From all around you
I will be here
Don't you cry
For one so small
You seem so strong
My arms will hold you
Keep you safe and warm
This bond between us
Can't be broken
I will be here
Don't you cry
'Cause you'll be in my heart
Yes, you'll be in my heart
From this day on
Now and forever more
You'll be in my heart
No matter what they say
You'll be here in my heart, always

Why can't they understand the way we feel?
They just don't trust what they can't explain
I know we're different but deep inside us
We're not that different at all
And you'll be in my heart
Yes, you'll be in my heart
From this day on
Now and forever more
Don't listen to them
'Cause what do they know? (What do they know?)
We need each other
To have, to hold
They'll see in time
I know
When destiny calls you
You must be strong (you gotta be strong)
I may not be with you
But you've got to hold on
They'll see in time
I know
We'll show them together
'Cause you'll be in my heart

Believe me you'll be in my heart

I'll be there from this day on

Now and forever more

Ooh, you'll be in my heart (you'll be here in my heart)

No matter what they say (I'll be with you)

You'll be here in my heart (I'll be there), always

Always

I'll be with you

And I'll be there for you always

Always and always

Just look over your shoulder

Just look over your shoulder

Just look over your shoulder

I'll be there always

The song also showed awesome images of the bonds with Zick and Elena Potato and more and when it was done they cheered wildly!

Mary K.: That was well done!

Nico: Yeah it was!

Laney: Yeah!

Yusei: Now it's my turn. I'm going to sing Hellfire from The Hunchback of Notre Dame.

Mary K.: Ooh! That's a scary one. But it was really cool.

Eli: It sure was. Nightmare fuel.

Nico: Yeah.

Yusei got ready and the room turned into scary fire.

Yusei: (Singing Divinely)

Beata Maria

You know I am a righteous man

Of my virtue I am justly proud

*(Et tibi Pater)*

Beata Maria

You know I'm so much purer than

The common, vulgar, weak, licentious crowd

*(Quia peccavi nimis)*

Then tell me, Maria

Why I see her dancing there

Why her smoldering eyes still scorch my soul

*(Cogitatione)*

I feel her, I see her

The sun caught in her raven hair

Is blazing in me out of all control

*(Verbo et opere)*

Like fire

Hellfire

This fire in my skin

This burning

Desire

Is turning me to sin

It's not my fault

*(Mea culpa)*

I'm not to blame

It is the gypsy girl

The witch who sent this flame

*(Mea maxima culpa)*

It's not my fault

*(Mea culpa)*

If in God's plan

*(Mea culpa)*

He made the devil so much

Stronger than a man

*(Mea maxima culpa)*

Protect me, Maria

Don't let this siren cast her spell

Don't let her fire sear my flesh and bone

Destroy Esmeralda

And let her taste the fires of hell

Or else let her be mine and mine alone

Hellfire

Dark fire

Now gypsy, it's your turn

Choose me or

Your pyre

Be mine or you will burn

God have mercy on her

*(Kyrie Eleison)*

God have mercy on me

*(Kyrie Eleison)*

But she will be mine

Or she will BURN!

They saw girls dancing in the flames and they were scary as hell. When it was done, they cheered wildly.

Eli: Whoa! That was great Yusei!

Nico: Yeah it was! Frollo sang that song and it was amazing.

Brittney: Dark but awesome.

Mary K.: Just what I was gonna say.

Arkayna: My turn. I'm going to sing We Belong by Pat Benatar.

Mary K.: Great choice. That's a great song.

Arkayna got ready and the room turned into a deadly lightning storm and the song began.

Arkayna: (Singing Divinely)

Many times I tried to tell you

Many times I cried alone

Always I'm surprised how well you cut my feelings to the bone

Don't want to leave you really

I've invested too much time to give you up that easy

To the doubts that complicate your mind

We belong to the light, we belong to the thunder

We belong to the sound of the words we've both fallen under

Whatever we deny or embrace for worse or for better

We belong, we belong, we belong together

Maybe it's a sign of weakness when I don't know what to say

Maybe I just wouldn't know what to do with my strength anyway

Have we become a habit? Do we distort the facts?

Now there's no looking forward

Now there's no turning back

When you say

We belong to the light, we belong to the thunder

We belong to the sound of the words we've both fallen under

Whatever we deny or embrace for worse or for better

We belong, we belong, we belong together

Close your eyes and try to sleep now

Close your eyes and try to dream

Clear your mind and do your best to try and wash the palette clean

We can't begin to know it, how much we really care

I hear your voice inside me, I see your face everywhere

Still you say

We belong to the light, we belong to the thunder

We belong to the sound of the words we've both fallen under

Whatever we deny or embrace for worse or for better

We belong, we belong, we belong together

We belong to the light, we belong to the thunder

We belong to the sound of the words we've both fallen under

Whatever we deny or embrace for worse or for better

We belong, we belong, we belong together

We belong to the light, we belong to the thunder

Lightning struck all over and when the song was done they cheered wildly.

Mary K.: YEAH! That was awesome!

Nico: Yeah it was!

Vert: (Singing Divinely)

Turn around

Look at what you see

In her face

The mirror of your dreams

Make believe I'm everywhere

Given in the light

Written on the pages

Is the answer to a never ending story

Ah

Reach the stars

Fly a fantasy

Dream a dream

And what you see will be

Rhymes that keep their secrets

Will unfold behind the clouds

And there upon a rainbow

Is the answer to a never ending story

Ah

Story

Ah

Show no fear

For she may fade away

In your hand

The birth of a new day

Rhymes that keep their secrets

Will unfold behind the clouds

And there upon a rainbow

Is the answer to a never ending story

Ah

Never ending story

Ah

Never ending story

Ah

Never ending story

Ah

They saw everything all over Fantasia and more and it was awesome!

Aerrow: (Singing Divinely)

Take one step back from everything

We could walk together

We could step into the sun

Shooting stars are multiplying

New worlds have just begun

Yeah, we could take forever

We could step into the sun

And who knows what tomorrow's gonna bring

Just soak up every minute

And our time will surely come

Like fireflies returning

To the star we all came from

Yeah, we could be forever

We could step into the sun

We could step into the sun

We could step into the sun

We could step into the sun

We could step into the sun

The earth is shining blue below us

And two become as one

Yeah, we could live forever

We could step into the sun

And all before ships enter sea. [not positive]

A prize so beautiful… [not sure]

We could step into the sun

We could step into the sun

We could step into the sun

We could step into the sun

We could step into the sun

We could step into the sun

We could step into the sun

We could step into the sun

We could step into the sun

When the song was done they cheered wildly.

Lana: Yeah it is!

Dante got ready and a total solar eclipse appeared in the room and It was incredible.

Dante: (Singing Divinely)

I, I wish you could swim

Like the dolphins, like dolphins can swim

Though nothing, nothing will keep us together

We can beat them, for ever and ever.

We can be Heroes, just for one day.

I, I will be king

And you, you will be queen

Though nothing, nothing will drive them away

We can be Heroes, just for one day

We can be us, just for one day

I, I remember standing, by the wall

And the guns, shot above our heads

And we kissed, as though nothing could fall

And the shame, was on the other side

Oh we can beat them, for ever and ever

Then we could be Heroes, just for one day

We can be Heroes

We can be Heroes

We can be Heroes

We can be Heroes

Just for one day

They saw the accomplishments of the heroes of 2009's Heroes and it was awesome!

Brittney: Ooh! That's a good one. One of our favorites in the Goths of Darkness.

Nico: Cool.

Twilight Sparkle got ready and the room turned into a beautiful utopia world as the song played.

Twilight Sparkle: (Singing Divinely)

The world seems not the same,

though I know nothing has changed.

It's all my state of mind,

I can't leave it all behind.

I have stand up to be stronger.

I have to try to break free

from the thoughts in my mind.

Use the time that I have,

I can't say goodbye,

have to make it right.

Have to fight, cause I know

in the end it's worthwhile,

that the pain that I feel slowly fades away.

It will be alright.

I know, should realize

time is precious, it is worthwhile

Despite how I feel inside,

have to trust it will be alright.

Have to stand up to be stronger.

[Chorus]

Oh, this night is too long.

I have no strength to go on.

No more pain, I'm floating away.

Through the mist I see the face

of an angel, who calls my name.

I remember you're the reason I have to stay.

I have to try to break free

from the thoughts in my mind.

Use the time that I have,

I can't say goodbye,

have to make it right.

Have to fight, cause I know

in the end it's worthwhile,

that the pain that I feel slowly fades away.

It will be alright.

**Ruby Rose** : Hot-diggity!

**Applejack** : Yee-haw!

**Big McIntosh** : Eeyup.

**[Applejack]**

We've traveled the road of generations

Joined by a common bond

We sing our song 'cross the pony nation

From Equestria and beyond

**[Applejack and Apple Bloom]**

We're Apples forever, Apples together

We're family, but so much more

No matter what comes, we will face the weather

We're Apples to the core

**Big McIntosh** : Eeyup.

**[Apple Bloom]**

There's no place that I'd rather be

Than travelin' with my family

Friends all around come to join and see

As we sing out across the land

**[Applejack, Big McIntosh, and Apple Bloom]**

We're Apples forever, Apples together

We're family, but so much more

No matter what comes, we will face the weather

We're Apples to the core

**Big McIntosh** : Eeyup.

**[Ruby Rose]**

We're peas in a pod, we're thick as thieves

Any cliché you can throw at me

We're here for each other, through thick and thin

You're always welcome with your Apple kin

Wheeeeee!

**[Pinkie Pie]**

You're more fun than the color pink

Or balloons flying over your favorite drink

The love I feel here is swim, not sink

As we party across this land

**Apples** : All right!

**[All]**

We're Apples forever, Apples together

We're family, but so much more

No matter what comes, we will face the weather

We're Apples to the core!

**Big McIntosh** : Eeyup!

Everything we do will go our way

And if we try now and forever

No matter what comes next, be okay

(MASSIVE FIERY EXPLOSIONS WENT OFF ALL OVER THE

PLACE!)

Let's kick it up

Show them all the things that we can do

Let's kick it up

Another notch tomorrow

Let's kick it up

'Cause they ain't seen the last of me and you

Let's kick up, together

I realize, what's on the surface

Ain't picture perfect, but that don't mean a thing

One thing I know is there's a purpose

And like the circus we're hangin' from the rings

Let's kick it up

Show them all the things that we can do

Let's kick it up

Another notch tomorrow

Let's kick it up

'Cause they ain't seen the last of me and you

Let's kick up, together, together

(A massive nuclear explosion went off in the background)

* * *

Na na na na…

Yeah!… YEAH!… YEAH!…

If we take our time, and we stick together

Everything we do will go our way

I have no doubt, this situation

We'll land and we'll enjoy another day

Let's kick it up

Show them all the things that we can do

Let's kick it up

Another notch tomorrow

Let's kick it up

'Cause they ain't seen the last of me and you

Let's kick up, together, together

Let's kick it up

Show them all the things that we can do

Let's kick it up

Another notch tomorrow

Let's kick it up

Tyler Bowman: (Singing Divinely)

May it be an evening star

Shines down upon you

May it be when darkness falls

Your heart will be true

You walk a lonely road

Oh, how far you are from home

Morniё utúliё

Believe and you will find your way

Morniё alantiё

A promise lives within you now

May it be the shadow's call

Will fly away

May it be your journey on

To light the day

When the night is overcome

You may rise to find the sun

Mornië utúlië

Believe and you will find your way

Mornië alantië

A promise lives within you now

A promise lives within you now

The sun rising and setting was seen and it was awesome!

Nico: (Singing Divinely)

I saw you dance

From the corner

I caught your name

In a conversation

Playing hard-to-get

But I can't understand

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

The night begins to shine

The night begins to shine

Night begins to shine

When we're dancing

The night begins to shine

Talk 'til dawn

My heart was racing

I took you home

In the driving rain

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we' re dancing

The night begins to shine

The night begins to shine

The night begins to shine

Night begins to shine

When we're dancing

The night begins to shine

The night begins to shine (the night begins to shine)

The night begins to shine

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

Night begins to shine

The night begins to shine

May: (Singing Divinely)

Waters deep

And waters blue

The gently flow

From me to you

Your colored voice

Its vibrant toned

The hidden force

Of the big crystal blue

And by the light

Of the silvery moon

The wild horses

Come running home

Miles apart

But still entwined

I like to think

That you sit here too

And let your thoughts

And let your soul

Be gently lulled

By what's in front of you

Too many ashore

And the distant land

The seas unite

Bringing me to you

They saw beautiful creatures of the sea and more.

When it was done they cheered wildly!

Nico: Way to go May!

Mary K.: Wow! That was amazing!

And all she ever thinks about

Is being any other place than this

'Cause she remembers having wings

But she has forgotten what it's like

To feel a paradise of bliss

And all I want to do is fly

Just fly

And all I want to do is fly

Just fly

I want to fly

Into the sky

I want to fly to paradise

All through the night

Into the light

I want to fly to paradise

And all she ever thinks about

Is memories of swinging through the sky

'Cause she remembers having wings

But she's forgotten what it feels like to fly

And all I want to do is fly

Just fly

And all I want to do is fly

Just fly

I want to fly

Into the sky

I want to fly to paradise

All through the night

Into the light

I want to fly to paradise

When you look into the sky

You might catch her flying by

Flying by

All she wants to do is fly

On her way to paradise

Paradise

The clouds were flying by and more and when the song was done they cheered wildly!

Marinette got ready and the song played and images from the Hundred Years War formed in the room.

Marinette: (Singing Divinely)

I am as God made me,

I have no desire for a mouth at my breast or a pot on the fire

I heed the high voices, I go where I'm sent

To mow down the men who refuse to repent

I'm a scythe in a field full of briars

And they won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They'll know me as Joan

The courage of Catherine, the flames of the forge

The sword of St. Michael, the blood of St. George

I take what I'm given, I follow my truth

I gladly abandon the bloom of my youth

I'm the lashing that falls from the scourge

And they won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They'll know me as Joan

Christem ducem

Poena fortis

Et sanguinis effusio

Corda terant

Ut te quaerant

Ieso, nostra redemptio

I fight where God tells me, I never ask why

I've bloodied the Devil with steel from on high

I kill without consequence, heed no man's law

I sift out the righteous like grain from the straw

I am judgment and heaven is nigh

They won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

No, they won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

No, they won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They'll know me as Joan

They saw everything she did as God's Messenger leading up to her execution in 1433. It was a terrible death. She entered the War at Age 12 to punish the wicked and died a Saint at Age 19.

When the song was done they cheered wildly!

Mary K.: WOW! That was awesome Marinette!

Nico: Yeah it was! Great job!

Linka: Yeah it is.

Aylene C.: I have a great song. This one has always been with me ever since I first met you all and met Littlefoot and everyone. I'm going to sing If We Hold On Together by Diana Ross.

Nico: Great song.

May: Yeah it is.

Aylene got ready and the song began. The scenery of the Great Valley and the land of the Land Before Time appeared.

Aylene C.: (Singing Divinely)

Don't lose your way

With each passing day

You've come so far

Don't throw it away

Live believing

Dreams are for weaving

Wonders are waiting to start

Live your story

Faith, hope and glory

Hold to the truth in your heart

If we hold on together

I know our dreams will never die

Dreams see us through to forever

Where clouds roll by

For you and I

Souls in the wind

Must learn how to mend

Seek out a star

Hold on to the end

Valley, mountain

There is a fountain

Washes our tears all away

Words are swaying

Someone is praying

Please let us come home to stay

If we hold on together

I know our dreams will never die

Dreams see us through to forever

Where clouds roll by

For you and I

When we are out there in the dark

We'll dream about the sun

In the dark, we'll feel the light

Warm our hearts, everyone

If we hold on together

I know our dreams will never die

Dreams see us through to forever

As high as souls can fly

The clouds roll by

For you and I

The song was beautiful and then a Tree Star Leaf with a Dinosaur over it appeared on her left elbow. Aylene had gotten her Cutie Mark!

When the song was done they cheered wildly!

Lincoln: Wow! Aylene that was so beautiful!

Fu: You have a great voice Aylene.

Aylene C.: Thanks guys. That song has been with me for a long time.

Lincoln: Wow.

She saw that Jared was right and that she had gotten her Cutie Mark!

Aylene C.: I have my own Cutie Mark! Wow!

Lincoln: It's awesome!

Linka: Yeah!

Nico: Nice! I like it Jared.

Brittney: Great choice little bro.

Jared got ready and the song played and the room turned into the Lost City of Gold.

Jared: (Singing Divinely)

Our glorious city

Was build by the divinities by Gods

Who saw fit to bestow

The gift of a pardise

Peaceful and harmonious upon

Us mere mortals below

And made El Dorado

The magnificent and golden

One thousand years ago

El Dorado, El Dorado, El Dorado

But all this was granted

For only one millennium

I know my legacy is to fulfill

My promise to all my people

Who have trusted me, the Gods

Will approve of us still

Preserve El Dorado

The magnificent and golden

And I believe they will

El Dorado, El Dorado, El Dorado

El Dorado, El Dorado, El Dorado

The mountains so high and waters deep

Are her disguise

Her secrets are safe from foreign hands

And eyes forever

Preserve El Dorado

The magnificent and golden

And I believe they will

El Dorado, El Dorado, El Dorado

El Dorado, El Dorado, El Dorado

El Dorado, El Dorado, El Dorado

El Dorado, El Dorado, El Dorado

They saw the beautiful lands of the city and more and when it was done they cheered wildly.

Mary K.: Nice job little bro!

Lincoln: Yeah! Way to go Jared!

Nicole: Nice job. Now it's my turn. I'm going to sing Fly by Hilary Duff.

Mary K.: Wow! That's a great choice sis.

Nicole got ready and the room turned into the beauty of the sky.

Nicole: (Singing Divinely)

Any moment, everything can change.

Feel the wind on your shoulders.

For a minute, all the world can wait.

Let go of your yesterday.

Can you hear it calling?

Can you feel it in your soul?

Can you trust this longing

And take control?

Fly

Open up the part of you that wants to hide away.

You can shine.

Forget about the reasons why you can in life.

And start to try

'Cause it's your time

Time to fly.

All your worries, leave them somewhere else.

Find a dream you can follow.

Reach for somthing when there's nothing left.

And the world's feelin hollow.

Can you hear it calling?

Can you feel it in your soul?

Can you trust this longing

And take control?

Fly

Open up the part of you that wants to hide away.

You can shine.

Forget about the reasons why you can in life.

And start to try

'Cause it's your time

Time to fly.

And when your down and feel alone

Just want to run away

Trust yourself

And don't give up.

You know you better than anyone else.

Any moment, everything can change.

Feel the wind on your shoulders.

For a minute, all the world can wait

Let go of yesterday

Fly

Open up the part of you that wants to hide away.

You can shine.

Forget about the reasons why you can in life.

And start to try

'Cause it's your time

Time to fly.

Any moment, everything can change.

When the song was done they cheered wildly and it was awesome!

Lincoln: That was awesome Nicole!

Naruto: Nice job sis!

Laney: Yeah!

Natilee: My turn. I'm going to sing Cantus by Connie Dover.

Mary K.: Ooh soothing and melodic.

Natilee got ready and the room turned into the beautiful Irish landscape

Natilee: (Singing Divinely)

Personent hodie

Voces puerulae

Laudates jucunde

Qui nobis est natus

Personent hodie

Voces puerulae

Laudates jucunde

Qui nobis est natus

Summo Deo datus

Ideo, ideo, ideo gloria in excelsis Deo

He's the doom, ours the mirth

When he came down to earth

Flower of Jesse's tree

Born on earth to save us

Him the Father gave us

Ideo, ideo, ideo gloria in excelsis Deo

Is airiu

Agus a leanbh cad a dhéanfaidh mé

Tá tú ar shiúl uaim

Agus airiú

Jesukin

Lives my quiet cell within

Thou in me dwelling

All is lie but Jesukin

Jesu of the skies

My little one, Thou my delight

I with Thee, Thou with me

Next my heart through every night

'S airiú

Who hangs from yonder passion tree?

Your son, dear Mother

Do you not know me?

Judas, James and John

Have you seen my only son?

Ochon! My eyes are blind

Ochon! My heart is wrung

Stella Maris, Semper Clara

Rosa Munde, Res Miranda

Misterium Mirabile

'S airiú agus ochon!

Sad I am till you return

To have you at the break of dawn!

Ochon airiú

Without you!

When the song was done they cheered wildly and it was awesome!

Laney: Wow! That was beautiful!

Lincoln: Yeah it was!

Mary K.: Awesome job sis.

Natilee: Thanks guys.

Carol: My turn. I'm going to sing Promises by The Cranberries.

Lana: Awesome!

Mary K.: Go for it Carol.

Carol got ready and the song began and showed the darkness of the night.

Carol: (Singing Divinely)

---

You'd better believe I'm coming

You'd better believe what I say

You'd better hold on to your promises, because

You bet you'll get what you deserve

She's going to leave him over

She's going take her love away

So much for your eternal vows

Well it does not matter anyway

Why can't you stay

Here awhile

Stay here awhile

Stay with me

Oh, oh, oh

All the promises we made (promises we made)

All the meaningless and empty words I prayed

Prayed, prayed

Oh, oh, oh

All the promises we broke (promises we broke)

All the meaningless and empty words I spoke

Spoke, spoke

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do
Do-do-do
Do-do-do
Do-do-do
What of all the things that you taught me
What of all the things that you'd say
What of all your prophetic preaching
You're just throwing it all away
Maybe we should burn the house down
Have ourselves another fight
Leave the cobwebs in the closet
'Cause tearing them out is just not right
Why can't you stay here awhile
Stay here awhile
Stay with me
Oh, oh, oh
All the promises we made (promises we made)
All the meaningless and empty words I prayed
Prayed, prayed
Oh, oh, oh
All the promises we broke (promises we broke)
All the meaningless and empty words I spoke

Spoke, spoke

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

All the promises we made (promises we made)

All the meaningless and empty words I prayed

Prayed, prayed

Oh, oh, oh

All the promises we broke (promises we broke)

All the meaningless and empty words I spoke

Spoke, spoke

Oh eh, oh eh, oh eh, oh eh, oh eh

Hey hey

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

Do-do-do

When it was done they cheered wildly for her!

Vince: Way to go Carol!

Laney: Yeah that was awesome!

Connor Pingrey: Yeah! Way to go sis!

Carol: Thanks guys.

Lincoln: My turn. I'm going to sing Can't Stop Loving You by Phil Collins.

Nico: Awesome choice.

Mary K.: Nice.

Lincoln went up and got ready.

The song played and it turned the room into the Earth from Space.

Lincoln: (Singing Divinely)

So you're leaving

In the morning

On the early train

I could say everything's alright

I could pretend and say good bye

Got your ticket

Got your suitcase

Got your leaving smile

I could say that's the way it goes

I could pretend and you won't know

That I was lying

'Cause I can't stop loving you

I can't stop loving you

No, I can't stop loving you

Though I try

Took a taxi

To the station

Not a word was said

I saw you walk across the road

Maybe the last time, I don't know

Feeling humble

I heard a rumble

On the railway track

And when I hear the whistle blow

I walk away and you don't know

That I was lying

'Cause I can't stop loving you

No, I can't stop loving you

I can't stop loving you

Though I try

'Cause I can't stop loving you

I can't stop loving you

No, I can't stop loving you

Though I try

It was really beautiful.

When it was done they cheered wildly.

Mary K.: Awesome Job Lincoln!

Lola: Yeah Linky!

Paige: Way to go!

Nico: Nice job.

Twilight Sparkle: Now it's all of our turn as the Rainbooms. We're going to be singing Shine Like Rainbows.

Laney: That's a great song!

Lana: Love that one.

The song began and the room turned into a living Aurora.

Applejack: Once upon a time, you came into my world and made the stars align

Rarity: Now I can see the signs, you pick me up when I get down so I can shine

Rainbooms: Shine like rainbows

Shine like rainbows

Rainbow Dash: Friends, you are in my life and you can count on me to be there by your side

Sunset Shimmer: And when the music comes alive, you sing us songs to lift us up so we can shine

Rainbooms: And the sound that we hear in our hearts

Makes a crescendo

And the light that ignites in the dark

It makes us all glow

And shine like rainbows

We shine like rainbows

Together we stand

As the rain begins to fall

And holdin' our heads up high

As the sun shines through it all

And the sound that we hear in our hearts

Makes a crescendo

And the light that ignites in the dark

It makes us all glow

And shine like rainbows

We shine like rainbows

Shine like rainbows

We shine like rainbows

We shine like rainbows

When it was done they cheered wildly!

Mary K.: Wow! That was awesome!

Tchang Zu: You guys have a lot of amazing talent.

Rainbow Dash: Thanks guys.

Nico: Yeah you do.

Princess Celestia: Here's my song. Sleeping Sun by Nightwish.

Mary K.: Great choice. That's one of dad's favorites.

Princess Celestia went up and the song played and beauty of the Sun shined in the room.

The sun is sleeping quietly

Once upon a century

Wistful oceans calm and red

Ardent caresses laid to rest

For my dreams I hold my life

For wishes I behold my night

The truth at the end of time

Losing faith makes a crime

I wish for this night-time

To last for a lifetime

The darkness around me

Shores of a solar sea

Oh how I wish to go down with the sun

Sleeping

Weeping

With you

Sorrow has a human heart

From my god it will depart

I'd sail before a thousand moons

Never finding where to go

Two hundred twenty-two days of light

Will be desired by a night

A moment for the poet's play

Until there's nothing left to say

I wish for this night-time

To last for a lifetime

The darkness around me

Shores of a solar sea

Oh how I wish to go down with the sun

Sleeping

Weeping

With you

I wish for this night-time

To last for a lifetime

The darkness around me

Shores of a solar sea

Oh how I wish to go down with the sun

Sleeping

Weeping

With you

They saw the Sun be shadowed by the moon in the 1999 Total Solar Eclipse. When the song was done they cheered wildly.

Nico: Yeah Princess!

Twilight Sparkle: That was so beautiful!

Princess Luna: That's my sister. Now I have a song to close us out. It's called Children of The Night. A long time ago, I wanted all the children of Equestria to come with me to my garden of the night. But my sister forbade it. But I want to share with you the song I made for it.

Mary K.: Okay.

She got ready and the beautiful night sky of the full moon shined.

**Gari** : (Voiceover) I still remember it like it was yesterday, though it was countless moons ago. After *he* was defeated, not much of our once beautiful home was left. And the two brave ones that stood up for us all ruled Equestria from then on. One day, the younger one, saddened by our daily struggles, proposed to form a new colony where all of us would grow strong and happy. But the elder one forbade it, for she felt that would divide and shatter the weakened kingdom forever. Nopony knows that we are still here, smiling beneath the moonlight while remembering our dear mother, for we will forever be… her children of the night.

**[Princess Luna]**

Come, little children, I'll take thee away

Into a land of enchantment

Come, little children, the time's come to play

Here in my garden of shadows

Follow, sweet children, I'll show thee the way

Through all the pain and the sorrows

Weep not, poor children, for life is this way

Murdering beauty and passions

Hush now, dear children, it must be this way

Too weary of life and deceptions

Rest now, my children, for soon we'll away

Into the calm and the quiet

Come, little children, I'll take thee away

Into a land of enchantment

Come, little children, the time's come to play

Here in my garden of shadows

It was enchanting and beautiful.

Lucy Loud: Wow.

Brittney: That was beautiful.

Princess Luna: Thank you.

Their stomachs growled.

Mary K.: Oop getting hungry. (Looks at watch) Oh and it's time for lunch. I have a great meal for all of you.

They went down to the dining room.

---

Mary came out with a huge tray.

Mary K.: I have quite a feast for you all.

She set the tray down and it had 10 serving domes on it.

Mary K.: For today's lunch we have Shrimp Cocktail Bites, French Onion Soup with sage and garlic croutons, Caesar Salad with Tomato Honey Dressing, Spaghetti with salmon and crab stuffed meatballs in a garlic fettucine sauce, Goat Cheese Shiitake souffle with basil and scallions in a romano sauce, for drinks we have vanilla cinnamon mint milkshakes, for sandwiches we have Salmon, Crab and Tofu veggie wraps, and for dessert we have two dishes. One is Chocolate Banana Amaretto Ice Cream Sundae and vanilla mint cake with white chocolate amaretto frosting.

She lifted up derving domes for each dish.

Lincoln: (Drooling) Oh boy!

Laney: All that looks so delicious!

Nico: (Drooling) I'm so hungry.

Mary L.: There's plenty for everyone.

Mary served them and snapped her fingers and made 10 meals for everyone. They got to eating and later they were full.

Nico: (Burps) Pardon.

Laney: That was so good!

Lisa Loud: That was a most satisfying meal.

Lily: I'm stuffed.

Mary K.: Glad you all liked it.

Naruto: It was so delicious.

Nicole: That's my sis for you.

Natilee: She makes great food.

Lincoln: Oh man.

Later they got to watching TV and at 3:30 PM we came home.

Mary K.: Oh you're home early.

Me: Yeah Ruth got sick from food poisoning. She had some of the moldy pudding and thought it was fine.

Mary K.: Oh that stinks.

Me: How did the babysitting go?

Mary K.: It was great dad. We did a lot today.

Laney: We sure did.

They told us all about it.

Lori: Wow! You guys literally had a lot of fun.

Leni: You guys are totes lucky to have fun like that.

Lynn Sr.: I'll say.

Mary K.: I made dinner for you guys.

Lori: Awesome! We're literally starving.

They went to the kitchen.

Mary K.: (To the viewers) This was an awesome babysitting adventure. Hope the next one will be just as fun.

Me: It will. Great job Mary. I'm proud of you.

# Mystery of The Crystal Palace

At Canterlot High School, something was going on that had most of the school on edge. We were called in by Princess Celestia to find out what it is.

Nico: So what's going on with Canterlot High?

Me: We'll find out when we go in. Principal Celestia said something about students in distress because of something in one of the restrooms.

We went into the school and saw that the halls were deserted.

Lincoln: Where is everyone?

Laney: Might be in class. They usually are in class this time of day.

Lana: Well Twilight and everyone called us here.

We walked around and looked around.

Lola: I don't see them anywhere.

We heard knocking.

Me: (Looks around) Where is that knocking coming from?

Twilight Sparkle: (Offscreen) GUYS!

We saw that the knocking was coming from inside the Janitors Closet.

Twilight Sparkle: (Knocking from inside) GUYS! I'M IN HERE!

Me: Twilight?

We went over.

Me: Twilight is that you in there?

Twilight Sparkle: Yeah it's me! But I can't come out! I'm naked!

Nico: Uh oh!

Me: Better take precautionary measures.

I reached into my pocket and pulled out a pair of black opaque sunglasses and put them on.

Me: That's better.

Nico: Are those blind man glasses?

Me: Yep. Figured they would be better than covering my eyes with my hands. Also I trained myself to see with my ears like how bats do in the night.

Naruto: That's so cool!

Me: Yep. Boys cover your eyes.

They did so.

Me: Twilight I'm gonna open the door, we have our eyes covered.

They did so and I opened the door and just like she said, she was totally naked and in her birthday suit. But she wasn't the only one. Rarity, Pinkie Pie, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara and Silver Spoon were also naked.

Android 21: Twilight, where are your clothes?

Twilight Sparkle: It's not just me. It's Rarity, Pinkie Pie, and the Cutie Mark Crusaders as well.

Varie: What happened to all your clothes? Was this a gene-slammer situation?

Twilight Sparkle: No. I went to use the bathroom and then suddenly the toilet sucked all my clothes off!

Rarity: The same thing happened to all of us.

Lily: A toilet did this?

May: Weird.

Herald: You girls should find some towels to wear.

Rarity: We are too afraid to even go out because of people humiliating us!

Varie: I'm calling in the special forces for this.

Varie pulled out her cell phone and called Maria and the Fashion squad.

Varie: Maria you guys better get down to Canterlot high Pronto. We have a Code Fashion Disaster Θ Emergency.

Maria: Geneslammers?

Varie: No. Something weird.

Maria: We're on our way.

Maria, Leni, Teresa, Sassy Saddles and Princess Celestia appeared and they got to work on new clothes for them after we told them everything that happened.

Me: I'm gonna go talk to Principal Celestia and find out what's going on.

Nico: I'll go with you J.D.

Me: Okay.

We went to Principal Celestia's office and she was listening to an iPod.

Principal Celestia: Oh J.D., Nico, what a wonderful surprise.

Me: Hello Principal Celestia. Sorry to come in like this but we were wondering if you can tell us about a toilet that's been ripping people's clothes off.

Principal Celestia: Oh yeah that toilet is a problem.

I saw a piece of paper in the wastebasket and picked it up and read it.

Me: Hmm. "Today's schedule: Get Rid of Toilet that sucks students clothes off. Victims: Pinkie Pie, Paisley, Vanhallen, Apple Bloom, Bon Bon, Lyra Heartstrings, Trixie Lulamoon, Diamond Tiara." (Pulls out a pen) Now it's also Rarity, Sweetie Belle, Scootaloo and Twilight Sparkle. (Writes their names down)

Principal Celestia: That toilet is a menace.

Me: We came to help you get rid of it.

Nico: I'm glad you called us. We'll get to work right away.

Principal Celestia: I'll go with you.

We went and walked over to everyone just as the Fashion Emergency Team finished making new clothes for the girls.

Twilight Sparkle: That's much better. Wow! These clothes are amazing.

Apple Bloom: They sure are. Thank you all so much.

Maria: You're welcome girls.

Leni: You're totes welcome. You all look amazing.

Rarity: Thank you. But how do we get our old clothes back?

Me: First lets find that toilet.

We went to the end of the hall and saw the out of order bathroom it was located.

Me: This it?

Rarity: Yes.

Lana: I'll go check the plumbing.

Principal Celestia: The boiler room is down the hall and the third door on the right.

Lana: Got it.

Lana went down to the basement and got to the septic tank and got all the clothes that were ripped off.

Nico: I'll call Toiletnator.

Varie looked inside and she saw a toilet standing up and pointing at the door.

Varie: Weird toilet.

She closed the door and the Toiletnator arrived.

Toiletnator: So, you guys need my help with something?

Cutthroat: You're gonna think this is weird. But… we need you to destroy a toilet.

Toiletnator: Weird like how?

Scene shows the outside of the school.

Toiletnator: WWWWHHHHHHAAAAAAAAAAAAATTTTTT!?

Toiletnator went into the bathroom and was smashing the toilet all over from behind.

Tracks: Anyone who still thinks Toiletnator is lame better change their minds right now.

Numbuh 1: Uhhh.

Me: Here Lou.

I hand him a hand grenade.

Toiletnator: A hand grenade. Perfect. Thanks J.D.

Me: You're welcome. Sorry to bring a bomb on school grounds

Principal Celestia but this is a faster way.

Principal Celestia: I understand J.D.

Toiletnator pulled the pin and threw it down the toilet in the out of order bathroom.

Me: FIRE IN THE HOLE!

We hid and then.

KRABBBBOOOOOOOOOOMMMMM!

The entire bathroom was destroyed and a heaping pile of flaming rubble.

Me: Well that's one toilet we'll never use.

Rarity: Indeed.

Sweetie Belle: Good riddance.

Nico: Yep.

Maria: I'm really sorry this happened to you girls.

Twilight Sparkle: We'll be all right. Thanks for getting us new clothes though.

Leni: You're totes welcome girls.

I took my sunglasses off.

Me: Whew.

But then…

Boy: (Mocking) HEY LOOK! IT'S THE…

I had my sword blade up to his neck.

Me: Finish that sentence and your head comes off!

Nico: YEAH! Don't even think about humiliating them!

Boy: (SCREAMS!) (Pees his pants)

Me: (Smirks)

Lori then snapped a photo of him with wet pants and she posted it on social media.

TOTAL HUMILIATION!

---

Later back at the estate we were getting ready for our latest mission.

Radioactive Man, Dr. Light, Tchang Zu, Electro, Larxene and Heat Wave then appeared.

Radioactive Man: Can me, Dr. Light, Tchang Zu, Electro, Larxene, and Heat Wave come with you all on this mission?

Me: You sure can.

Tchang Zu: **So what is the mission?**

Me: We're going to find out where this Red Diamond that I found came from. (Shows the diamond)

Lincoln: J.D. found it and he brought it for Friday Share.

Me: Yep.

Twilight Sparkle Wow! That diamond is beautiful.

Rainbow Dash: Yeah it is.

Me: This is not just an ordinary diamond guys. This is the red diamond of Perfect High Note C. It's a perfect High Note C. When you ping it, it releases a powerful sonic pitch that can shatter mountains and reduce them to a pile of pebbles in an instant.

Electro: WOW! That diamond has that kind of sonic frequency?

Me: Yep.

Larxene: How did you know what note that was?

Me: I used this piano over here to find out. Watch.

I pinged the diamond and it released a sonic pitch and it shattered Lisa and Clyde's glasses and shattered the windows in the estate. I stopped it.

Dr. Light: Wow! You weren't kidding. That is powerful!

Larxene: Yeah!

I snapped my fingers and fixed the windows and Clyde and Lisa's glasses.

Me: Sorry guys. But that is the power of a Perfect High Note C. It's like how an opera singer can shatter glass like that.

Ultra Humanite: That is right. I remember seeing that in the music I like.

Laney: I was surprised myself when I saw it.

Cookie: Me too.

Stella: We all were.

Me: Anyway are we all set?

Everyone said they were ready.

Me: Lets head out.

We were off to the waterfall where I found the red diamond.

* * *

We arrived at the waterfall and it was located in the northern forest of Michigan and it was beautiful. We landed.

Pacifica: Is this the place?

Me: Yep. This is where I found the red diamond.

Tchang Zu: **Wow! This whole mountain was reduced to rubble because of it?**

Radioactive Man: Wow! I wonder how Dai Gui would react to that diamond.

Me: I don't even want to attempt it.

Applejack: I would not want to either.

Me: Lets follow the river and find out where the falls go.

Nico: Okay.

We went up the mountain falls and went into a cave.

Me: It goes into a cave.

Scootaloo: I'm scared of caves like this.

Rainbow Dash: It's all right pipsqueak. I'm with you.

We went into the cave and it was really beautiful and perfectly well formed.

Lincoln: Wow. This cave is amazing.

Electro: Isn't this the part where we meet a new hero?

Me: Hmm. I don't see anybody in the area.

Nico: Me neither and I don't sense anyone.

Gemini Man: There's not much to do but to continue on.

Me: Yep.

We came out of the cave and went into a beautiful hidden valley.

Aylene C.: Hey wow! A hidden valley.

Nico: Wow. It's beautiful.

Starlight Glimmer: It sure is but that's not all that's here. Look up there.

We saw a magnificent and beautiful Crystal Castle.

Nicole: Wow! A Crystal Castle!

Rarity: It's beautiful and breathtaking!

Twilight Sparkle: It's just as beautiful as the Crystal Empire.

Nicole: It sure is. Except there are no Crystal Ponies.

Me: I wonder who owns that castle.

We went to the base of the mountain the castle was on and we saw the castle and it was beautiful.

Applejack: Wow. That castle is amazing.

Tchang Zu: **We should go in.**

Fluttershy: Wonder who is belongs to.

Me: Well we're not gonna find out by standing here.

We flew up to the palace and we went in. The palace was made entirely of pure crystal and jewels and it was amazing.

Nicole: Wow. I feel like I'm a princess in a Crystal Kingdom.

Lola: Me too Nicole!

Me: Hello? Anyone home?

No one answered.

Junk Man: If anyone was here before, they're not here now.

Me: But whoever owns this palace REALLY knows how to live.

Nico: They sure do.

Lana: Look at this really cool machine.

I looked at it and pressed a button and a mallet hit a gem and it played a music note.

Me: This is a jewel piano. Beautiful.

I looked at the gems and saw a slot that had a missing gem.

Me: Hmm. A gem is missing.

I pulled out the red diamond and looked at the slot and saw that the red diamond came from the slot.

Me: The red diamond came from here.

Nico: Wow! So the red diamond came from this palace.

Me: And whoever lived here threw it away because it would destroy it if it was struck.

Fluttershy: That was good thinking.

Lincoln: Yeah.

Larxene: Think we should put the red diamond in the slot?

Me: No Larxene. I'm gonna keep the diamond.

Nicole: I would too. And I think Rarity and myself would love to live in a beautiful palace like this.

Rarity: I most agree with you darling. It's so beautiful.

Nico: You two would be right at home here.

Gyro Man: (to Donald) That red diamond is similar to the one you found in Agrabah that one time.

Donald: It sure is.

Eli: The one I gave Nunnally.

Lincoln: Yeah.

?: Psst.

Me: (looks around) Huh?

I saw a girl in a purple medieval style outfit hiding in the hall closet.

Girl: Over here.

I went over. I talked to her.

Girl: J.D. it's an honor to meet you.

Me: Pleasure to meet you too miss uh?

Princess Tiara: Princess. Princess Tiara. I'm glad you came. I need your help.

Me: What's wrong?

Princess Tiara told me that she is the rightful heir to the throne of the Kingdom of Tourmaline Valley which is where we are now and that the whole Crystal Castle was rightfully hers. Her evil and eccentric cousin took the throne away from her by force and sent her and the rebels to work in the gem mines so they would dig forever.

I gasped in shock!

Me: Guys! We have big problems.

Heatwave: Don't you think this is all a little too easy?

Me: No. It wouldn't be this easy. We've been given our next mission. We have to help Princess Tiara here overthrow her cousin Prince Lazuli. She is the rightful heir to the throne of this whole castle and he took that away from her.

I explained the whole mission in detail and what is going on and more and everything down to the last detail.

Nico: Whoa! Looks like we were all called here for a reason.

Lapis Lazuli: Wow. Looks like this is turning into a rebel mission in a way.

Laney: Yeah.

Me: We'll gladly help you out Princess. It's time to overthrow a prince.

Vince: Lets get him!

We went to find him. He was in the Throne Room and we encountered PRINCE LAZULI!

Me: Lazuli!

Prince Lazuli: What the!? Princess!? Team Loud Phoenix Storm!? What are all of you doing here!?

Me: To overthrow you!

Rarity: That throne doesn't belong to you!

Lola: It belongs to Princess Tiara!

Diamond Tiara: Yeah! So give it back!

Nico: Yeah!

Prince Lazuli: NEVER! It's mine!

Apeface: You get one chance, Lazuli. Stand down and we might not have to kill you!

Me: That's right! You stole this kingdom from Tiara and it rightfully belongs to her.

Nico: We're deposing you and giving the rightful power she has back!

Prince Lazuli: Over my dead body!

Me: That can be arranged. But not in here. Lets head outside for this and fight.

Nico: Good idea.

I snapped my fingers and Prince Lazuli was teleported to the valley floor and we were there too.

But then a Birdarang hit the ground and then a sonic blast, darkness blast, green laser blast and earth blast hit the ground in front of us and a lion roar was heard and then a green lion came and swiped at us and we dodged it and out came our old nemeses THE TTG TITANS!

Me: The TTG Titans!?

Nico: Not you guys again!

Robin: Oh great! I thought we were rid of you guys forever after everything you did that makes us heroes all look bad.

TTG Robin: We ARE heroes! Just like you!

Nico: You are NO heroes!

Dr. Light: (to the TTG Titans) You give the Titans I know a bad name with your stupid antics!

Me: (To the TTG Robin) Like I said before, you are an absolutely Incompetent Leader!

TTG Robin: You killed us!

POW!

Robin punched TTG Robin in the face and sent him crashing into a rock!

Nico: And you all deserved it for giving all heroes everywhere a bad name!

Tara: (To TTG Terra) And you may be me but I will never be like you! I have a family and a wonderful husband!

TTG Terra: I HATE YOU SO MUCH!

Tara's aura flared up!

Me: Common Cold, Technus, Katnappe, Roquefort, Xaldin and Waffle Woman? It's not your turn.

Common Cold: No but we're helping our frenemies get rid of these incompetent versions of themselves.

Nico: (Drools) Roquefort you got any tasty Cheese Ninjas?

Roquefort: (Laughs) You sure love cheese. I will next time.

# Neurotomic Protocore Ego Trip

IN MEMORY OF CHRISTINE CAVANAUGH

---

In the forests outside Gotham Royal York, we were heading over to the house of Emerald's mom Citrine Goldenbraid and Emerald's twin brothers Halite and Ferrus. Her Father, Malachite was called away on diplomatic work.

Spoiled Rich: (to Emerald) Are you excited to see your mom again?

Emerald Goldenbraid: I sure am Spoiled. I haven't seen my mom since we destroyed the Spectral Hand.

Me: Well she must've really missed you after so long.

Lincoln: Yeah.

Emerald Goldenbraid: I know. I can't wait to see her and my twin brothers again.

Diamond Tiara: What's your mom like?

Emerald Goldenbraid: She is a wonderful woman and she knows so much about history and is very smart and is also a great cook and she is also very overprotective.

Rainbow Dash: Wow.

Nico: That is amazing.

Me: Well we're almost there.

We arrived at Emerald's house and she knocked on the door and answering it was her mother Citrine Goldenbraid.

Citrine: Emerald!

Emerald and Citrine hugged.

Emerald Goldenbraid: I missed you mom.

Citrine: I missed you too!

Halite: Emerald!

Ferrus: Emerald!

Her brothers hugged Emerald.

Emerald Goldenbraid: Hello brothers!

Shope: It's a pleasure to meet you, Ms. Goldenbraid.

Citrine: Just call me Citrine. But it's such an honor to meet the famous Team Loud Phoenix Storm.

Me: Pleasure is ours Citrine. Your daughter Emerald is a great part of the team like Arkayna and all the Mysticons.

Citrine: I'm glad. Thank you all so much for destroying that monster Necrafa.

Halite: Yeah! We've now officially seen the last of that monster thanks to you.

Ferrus: Yeah we have.

Me: Well we all made sure she paid for it. The Mysticons major enemies may be gone, but there are still the minor enemies that we have to deal with.

Nico: Yep.

Citrine: I know you all can do it. We all have faith in all of you.

Me: Thank you Citrine.

Misfire: Your daughter's been a nice addition to the team since the day we met her.

Me: Yep and she and all the Mysticons are a very important and valuable part of the team. Just like Zarya.

Zarya: Thanks J.D.

We kissed.

Apple Bloom and Sweetie Belle: Awww!

Scootaloo: EW!

Rainbow Dash: They love each other pipsqueak.

Nico: Yep.

Grapple: The minor enemies of the Mysticons are still out there. But for the most part, Drake City's safe now.

Me: That's right. But we'll be ready for them when the time comes.

Jack and Carly and their kids then appeared.

Jack Atlas: Hey guys.

Carly: We're back from our honeymoon.

Yusei: Jack! Carly!

Me: Welcome back you two.

Nico: Great to have you guys back.

Lincoln: How was your honeymoon?

Fiona Atlas: It was awesome Lincoln!

Faye: We have an awesome time in the Borneo Rainforest.

Jack Atlas: We sure did.

Me: Glad you're back and had an awesome time.

Later we were walking back home.

Me: It was great to meet your mom and your brothers Emerald.

Emerald Goldenbraid: Glad you enjoyed it.

Twilight Sparkle: Hey what's that up there.

We saw something coming right at us at an incredible speed and then…

CRAAAASSSSSHHHHH!

It crashed into me with incredible force. It was none other than the klutzy and goofy crosseye pegasus Derpy Hooves.

Derpy Hooves: My bad.

I was on the ground with a nasty broken right leg and it was twisted in a zig-zag shape.

Nico: OH MAN! Lets get J.D. to the infirmary!

They took me to the infirmary and Maria showed us the X-Rays and it showed that my right leg tibia bone was snapped in two like a twig.

Maria Santiago: J.D. will be just fine. But he'll be in a cast till tomorrow. But knowing his accelerated healing he'll be better by then.

Lana: Man that must've hurt.

Astro Man: I don't believe this. J.D. survives everything villains throw at him only to be put of commission like this?!

Me: It's not your fault guys and it's not Derpy's fault.

Twilight Sparkle: Yeah she can't help it. It's always been like that with her.

Me: Besides I'm not mad at her. She still cracks me up. (Feels pain) OW! Nico you'll be in charge of the next mission when it comes.

Nico: Thanks man.

Me: Besides I'll be better by tomorrow. It'll take more than a broken leg to get me down.

Lincoln: That's good.

Ratchet: Me, Rainbow Dash, Poliwag, Manaphy, Kirby, Poromon and Horsea can help take care of you J.D.

Me: Thanks Ratchet.

Nico then got a call on his Video Watch.

Nico: Hello?

It was Dexter.

Dexter: Nico. I need all your help. I'm going into the future to retrieve the Neurotomic Protocore. It was stolen.

Nico: We're on our way Dexter.

Me: Good luck guys.

Nico: Thanks man. Lets go guys.

They were off.

They arrived at Dexter's house and went into his house and into his laboratory.

Dexter: Sorry J.D. got hurt guys.

Nico: It's all right Dexter. So what's the problem?

Dexter: The Neurotomic Protocore, my prized invention was stolen from me and we have to get it back.

Nico: Who do you think took it?

Dexter: No idea. Whoever did so disabled the security systems before I could identify him. But I managed to get which time period he came from. He came from 35 years into the future.

Nico: Then it looks like that's where we need to go.

Wes Collins: More like when we need to go.

Nico: Yeah.

Living Laser, Abomination, Hydro Man, Moonstone, Goliath and Kitty then appeared.

Living Laser: Guys, I know J.D.'s not here but can me, Abomination, Goliath, Hydro Man, Moonstone, and Kitty help you all out on this mission?

Nico: You sure can. This is gonna be really cool helping Dexter out and see the future that he went to.

Varie: It's gonna be so awesome!

May: Yeah it is!

Nico: Lets get going.

Dexter: By the way, where's J.D.?

Gabriel: This might sound ridiculous but… he's healing from a broken leg.

Dexter: Oh no!

Lisa Loud: Pish posh Dexter. J.D. will be all right by tomorrow. He does have Nico's accelerated healing.

Nico: That's true. Lets get going!

Dexter: Right!

Dexter pulled out a remote and he activated his time machine and they went through a portal and they all went into the future.

---

THE FUTURE - 2055

They all arrived in the future and the laboratory was all dilapidated and broken all over the place.

Nico: Man what happened here?

Lincoln: No idea.

Suddenly a massive power increase began and their auras flared up and they all looked like rainbow fire!

Lincoln: WHOA! There's a massive amount of negative energy in the air.

Naruto: It's powerfully strong.

Lucy Loud: Where do you think it's coming from?

Nico: No idea. But lets find out.

They saw a crack in the ceiling and went up to the surface and they landed on the ground and gasped in horror at what they saw. They saw that the world completely went to Hell! The sky was red like blood, the mountains were all gnarled and twisted, the water was dried up and the grass and plants were gone.

Nico: My God! What the hell happened here!?

Vince: The whole planet went to Hell.

Eli: How could this have happened?

Twilight Sparkle: What could've caused all this?

Sunset Shimmer: No idea but this is horrible!

Laney: No kidding.

Nico: Lets take a look around and see what we can find out.

They walked around and came across a village and saw a lot of people acting like brainless idiots and they were all reduced to living back in the stone age. It was crazy. Then they came across the adult, elderly and college versions of Dexter from different time periods.

Dexter: Hey future me's!

Adult Dexter: Glad you all came Dexter.

College Dexter: How have you been?

Dexter: Doing good.

Adult Dexter: And Team Loud Phoenix Storm, it's an honor to have you all here. I'm afraid that I have bad news. The Overlord has returned and he has taken science once again.

Kitty: Dexter, your future self looks so sexy!

Dexter: Indeed.

Adult Dexter: It's good you all came. I need your help to defeat the Overlord.

Lincoln: But first what happened here?

College Dexter: Yeah what happened to the world?

Laney: And who is this Science Hoarding Overlord!?

Adult Dexter: Mandark!

Dexters: MANDARK!?

Nico: Who is Mandark?

Brittney: Oh right Nico. You weren't told about this because you weren't with us at the time. But Mandark is Dexter's evil Arch-Nemesis. He and Dexter went to the same school and classes together and Mandark's goals were to try and destroy Dexter's laboratory so that he can rule the world.

Nico: WHAT!? That's insane!

Brittney: Well we busted him before you moved in with us.

Brittney went over Mandark's history.

---

**Susan "Mandark" Astronomonov**, also publicly known as **Mandark**, is the overall main antagonist of the *Dexter's Laboratory series* and Cartoon Network's 1st animated feature film, *Dexter's Laboratory: Ego Trip* . He is a young evil scientist who is Dexter's archenemy.

He was voiced by Eddie Deezen.

He is in many ways the **Anti-Dexter** : while Dexter is an incredibly knowledgeable boy with an otherwise ordinary life, Mandark is an openly fiendish inventor who is motivated not so much out of curiosity as he is by greed, hate, and outright malevolence. He shares certain similarities with his younger sister and they are both the opposites and rivals of Dexter and his sister Dee Dee, the latter of whom he is madly in love with.

Mandark takes great joy in inflicting misery on Dexter but due to his obsessive love for Dee Dee, Mandark has at times allied with Dexter - though these unions are rare and doomed to failure due to the two having very different views on the world.

Mandark is arguably seen at his most evil during the one-hour special episode/mini-movie known as "Ego Trip" in which he progressively grows worse in variant futures: to the point of becoming an outright monster by the end of the movie who engages in a "final showdown" with his nemesis, aided by an entire army of variant Mandark's from many different time-lines.

Mandark was born in the peaceful land of Flowertopia where his idiotic hippie parents Oceanbird and Windbear were in a lake giving birth to him. With Oceanbird's last breath of maternal exhalation, she had finally brought her newborn lovechild into the world. They both wanted their son to be good and just like them. But, as soon as he was born, he was struck by a random bolt of lightning, which made him truly evil on the inside.

Later, Oceanbird and Windbear were up on top of a hill where they thought about what they would name him. Oceanbird and Windbear named their child Susan because they wanted a name that was "whispered through the canyon winds", and Oceanbird had requested a name without the preconceived gender connotations. The moment the two of them named him Susan, he started crying. Oceanbird and Windbear started teaching him all about their hippie beliefs and made him do their rituals with them. Their full intent was for him to be a good and pure flower-child and for him to believe in peace just like them. Susan however, was still truly evil on the inside and didn't like this. One day, he was crawling and came across a metal gizmo on the ground. He loved everything about it and was mesmerized by how great it was. He turned it on and it was a light bulb. Susan wanted to know everything about this and to be someone who is related to science. However, his plans for said thing would have to wait, because Oceanbird and Windbear had a different idea for his development.

Oceanbird and Windbear constantly kept doing hippie rituals with him. Activity after activity and he didn't like any of them and still desired to be evil. They tried making him hug trees, but he bit chunks out of them. They tried painting beautiful murals, but he painted demonic horrors. They tried balancing amethysts, and he was bored with it. Years after, on Susan's "annual name day", he finally snapped because he couldn't take anymore of this. He said that he wanted meat, and he wanted science. Oceanbird and Windbear came to the realization that they were neglecting their son's needs and then had the idea to drop out. They tried traveling the world to try and cure his craving for evil and technology and Susan went along with this and did not deny it. Even though he wanted to become good, he still had the need to be evil.

Oceanbird and Windbear moved out of their town and into the neighborhood where Mandark lives now. One day, Susan saw Dexter outside the latter's house with one of his inventions. Susan loved it, and tried to make friends with Dexter, but Dexter laughed at him for being girly (Susan had long hair and wore pink hippy clothes). He was so angry about being made fun of that he decided to become an evil genius named Mandark. Mandark became evil and wanted only to destroy Dexter and his laboratory. He even decided to go out and try and do so after he told the story, but when he was about to get to the door, Oceanbird and Windbear told him to put down the weaponry and do a hippie ritual with them. Mandark said that he would get his revenge on Dexter someday.

---

They gasped in absolute shock!

Kira Ford: That's crazy!

Nico: Wait his real name (Cracks up) Is SUSAN!? (LAUGHS HYSTERICALLY!)

Naruto: Who names a boy Susan?

Dexter: It is a stupid name for someone like Mandark yes.

Sasuke: Nico calm down.

Nico did so.

Nico: Right sorry. Can you tell us how all this happened?

Adult Dexter: I sure can. Many moons ago, Mandark and I were employed by the corporation as research scientists to develop new technologies for the betterment of the future. So naturally as my genius produced a fountain of amazing ideas, a not so inspired Mandark grew more and more jealous. He began stealing my creations and presenting them as his own. He soon gained favor with the executive hierarchy and was quickly promoted up through the ranks. And with one diabolical coup Mandark overthrew and became the very president of the corporation himself. Then darkness returned. Mandark went back in time and stole the Neurotomic Protocore to use for his own purposes. Mandark tried to implore the powers of the core. But the incompetent fool set the positive flow to Negative. The now corrupt energies of the core began to twist Mandark's already crooked mind. Making him even more greedy and insane than ever before. I could take it no more! To escape the perversion of my own science, I went underground. Literally. I dug a tunnel out from Mandark's tower. For years I dug and dug, inching my way to freedom. But while I dug the Negative Neurotomic Energy swept the world. Numbing the minds of the people, allowing Mandark to work his evil tentacles into every basic of technology and society. It was as though he just reached down and raked the Earth clean. Hoarding all science and all knowledge for himself. When I emerged I found this world broken and stupid.

A flashback shows everything that Adult Dexter said happening.

Adult Dexter: I did what I could to help but with the Overlord's robots enforcing terror across the land and very few resources at my disposal, its been a fight just to survive.

Nico: That's terrible!

Lincoln: No kidding!

Acid Man: For such a genius, Mandark is still inferior.

Nico: I agree. But that also explains what happened to all the world and why everyone is all acting like brainless idiots and why our auras have turned into an intense fire.

Lincoln: Yeah the Negative Neurotomic Energy that is flooding the world is as strong as 100 Sextillion Kisenian Blossoms overflowing with hatred.

Varie: And we're now stronger than ever.

Naruto: Yeah.

Hydro Man: I think Mandark was the first to be informed about Mysterio faking his death.

Nico: That could be the case.

Vince: Yeah.

Nico: But it looks like we all got here just in the nick of time. With all of us together we can bring down that malevolent monster and make him pay for his crimes.

Laney: And we can get the Neurotomic Protocore back and revert the world back to normal.

Phage: We should get the citizens back to normal first.

Adult Dexter: I'm afraid that would be impossible. The only way to undo all of Mandark's evil is to head to the Neurotomic Flow Controls in his castle and set it back to positive. The Mind Numbing Evil can only be reversed that way.

Nico: We have our work cut out for us. And Mandark is probably gonna be prepared for when you ambush his lair.

Adult Dexter: That's right.

Nico: But we can gladly help you and ambush his lair unnoticed with the element of surprise.

Abomination: We should still do something about the innocent citizens so they don't get hurt.

Dexter: Don't worry about that Emil. Mandark's castle is a huge fortress and it will serve as the perfect battle site for us.

Lola: Man Dexter. Have you been here before?

Dexter: Indeed I have.

Lola: Wow!

Brittney: But we all can help you get rid of Mandark for good and get the protocore back into our possession.

Laney: Yeah.

Giganta: Me and Goliath should go giant for this.

Nico: Good idea. You can use your enormous size to smash the robots outside the castle when we attack.

Adult Dexter: Good thinking! That is perfect.

Nico: First we need to build you all a perfect attack robot.

Dexter: That's right. We found the lab and we can build a perfect robot for you.

Adult Dexter: The Laboratory!? I had thought it was lost forever. But with the combined forces of the land, Team Loud Phoenix Storm and me and my genius times 4 equals THE CATACLYSMIC COLLAPSE OF THE OVERLORD'S EMPIRE AND OPPRESSION!

Everyone: YEAH!

Adult Dexter: TO THE LABORATORY!

They went to the lab and got to work. They were putting devices and gizmos in a cart and putting them all together and they formed it all into a huge and awesome Battle Robot! They worked hard into the night and the robot was ready for attack and Nico and Twilight Sparkle used their magic to make the robot indestructible and more.

Nico: The robot is ready.

Dexter brought a case with root beer in it.

Goliath: I have the feeling there's going to be more then one Mandark.

Nico: I know.

Lincoln: But we have to be ready for anything.

They got to drinking root bear.

Adult Dexter: I would like to take this opportunity to pat myself's on the back. Ladies and gentlemen, here's to another glorious work completed, for Tomorrow we storm the castle!

Everyone: YEAH!

They all clinked their bottles of Root Beer together!

Nico: Look out Mandark, we're coming for you!

---

Not far from the village that they went to and the site of the laboratory was Overlord Mandark's malevolent castle fortress. It looked like a mountain with a lake of lava and fire and the there was smoke vents along the sides and red Negative Neurotomic Energy Waves were pouring into it. And the amount of evil it had was unbelievable and it looked like a Castle of The Devil himself.

Inside, Overlord Mandark, now a huge fat and smart tyrant was having a relaxing dip in a hot tub and a robot came to him.

Robot: Your overly lordness, proximity alarms register an armed assault vehicle and many powered people on an attack spectrum heading this way.

Overlord Mandark: What!? Imagizer on!

A screen in his fortress turned on and it showed everyone and the robot coming towards his castle. The robot was in front of everyone flying and riding horses and Rapidash.

Overlord Mandark: How can this be? Science is forbidden to all! Only I have the knowledge to construct such a… Unless. Micro-Scan, magnify!

The screen zoomed and inside the robot was the 4 Dexter's.

Overlord Mandark: Dexter with (Refers to Young Dexter) Dexter and (Refers to College Dexter) Dexter and (Refers to Old Dexter) Dexter!? And who is with them?

The screen showed everyone.

Overlord: Team Loud Phoenix Storm!? THIS CAN'T BE POSSIBLE!

A pillar of water exploded out from behind him.

Overlord Mandark: It seems that my old nemesis has not only mysteriously resurfaced but also found a way to enlist the aid of himself from other times and he has all of Team Loud Phoenix Storm with him! But wait. Where's J.D.? He's not with them. No matter. Let them come. I have a few surprises in store for them. (Evil Laugh)

Everyone was heading to the castle and they saw it.

Sheep Creep looked at Mandark's castle.

Sheep Creep: (bleets)

Dexter: Mandark's castle is just beyond the next ridge.

Nico: It looks like a true Malevolent Fortress.

Bloom: No kidding.

Adult Dexter: This is it everyone! WE'RE GOING IN!

Adult Dexter had the attack vehicle smash through the gates and Giganta and Goliath were 500 feet tall and they were ready to smash robots whenever possible.

Laser Turrets came on and started blasting and Eli, Volcana and everyone was blasting the turrets all over and destroying them. The robot jumped over a spike trap and jumped onto the rocks on the moat and one of them rose and it was a crab robot with sawblade arms and Eli slashed its arms off and Nico lifted the robot up and carried it up the castle and Starfire and Raven blasted robot octopuses and smashed them to pieces and they got to the cliff of the castle and robots were blasting at them and everyone was blasting at them all over the place and destroying them all and then they got into the castle and did an explosive light show entrance and angel singing was heard and they all arrived.

Adult Dexter: MANDARK!

He saw them.

Moonstone: So, you must be the Overlord.

Nico: Well, we haven't been properly introduced. We're the guys who are gonna stop you!

Adult Dexter: And all your mechanized Minions are defeated. Now it's just you, (Refers Young Dexter) me, (Refers College Dexter) me, (Refers Old Dexter) me, (Refers himself) Me and all of Team Loud Phoenix Storm!

Overlord Mandark was lifted out of his hot tub by a crane and he was lowed down and was a huge tub of lard!

Brittney: You really need to go on a diet Mandark!

Overlord Mandark: I'm flattered that you remember me Brittney. How have you been since you threw me in the Mariana Trench Prison?

Brittney: I'm surprised you still remember that even after all these years.

Lincoln: Yeah!

Overlord Mandark: (To Adult Dexter) So Dexter, you thought quadrupling your brain power and teaming up with Team Loud Phoenix Storm would be enough to defeat me? Well I've taken the chance to even the playing field.

A huge pocket watch glowed and opened up and 3 more figures appeared. 1 was the Mandark that we threw in the Mariana Trench Prison, the 2nd was the Mandark that was College Dexter's tyrannical boss and the 3rd was a Mandark that was now a Disembodied Brain in a jar!

Young Mandark: (Malevolent Laughter)

Boss Mandark: (Malevolent Laughter)

Disembodied Brain Mandark: (Malevolent Laughter)

THERE WERE NOW 4 MANDARK'S INCLUDING THE ONE BRITTNEY BUSTED ALMOST TWO YEARS AGO!

Overlord Mandark: Just like old times eh?

Brittney: (To the young Mandark) Never expected to see you again after all this time Mandark.

Mandark: You got me sent to prison and my parents disowned me!

Lalavava: YOU HAD THAT COMING YOU EVIL MONSTER!

Firefish: That's right you farout freak!

Tree Hugger: Radical talk.

Then Kalin, Misty Tredwell, Rex Goodwin, Carly, Devack and Selene appeared.

Nico: Kalin, Misty, Red, Carly, Devack and Selene.

Rex Goodwin: Nice to see you all here.

Kalin: Man, we just got here and we see that the world's gone to Hell.

Devack: Wait. Where's JD?

Maria Rockell: He broke his leg and is out of commission for the day.

Misty Tredwell: Is he alright?!

Nico: He'll be all right. He'll be back into the fray tomorrow. He has my accelerated healing factor that I got from Sabretooth after all.

Carly: That's a relief. But what happened here?

Nico: It's a very ugly story.

Nico told them everything that happened and they were shocked.

Rex Goodwin: My god! That's horrible!

Bertrand: It sure is.

Eli: And it's all because of those 4 Mandark's over there.

Firefish: Yeah!

?: No kidding.

Smoke Screen then appeared.

Nico: Smoke Screen.

May: (to Smoke Screen) Thanks for helping out against Cyber Stitch.

Smoke Screen: No problem! (to the Dino Charge Rangers) I'm surprised that my gas can melt those robots but not your Megazords.

Tyler Navarro: It wouldn't anyway. They are now stronger than ever thanks to J.D.'s power.

Nico: They sure are.

Lola: But it's gonna be awesome lighting your gas on fire.

Eli: Wait a second. (To young Mandark) Do you have a Number on you?

Young Mandark: Oh you mean this?

He pulled out a Number card and it was NUMBER 98: ANTITOPIAN!

They gasped!

Eli: Number 98: Antitopian!

Nico: You got to get rid of that card Mandark! It's dangerous!

Young Mandark: Never!

Dexter: I WANT MY NEUROTOMIC PROTOCORE BACK YOU GLUTTONOUS OLD HACK!

Overlord Mandark: NEVER!

Nico: Lets get them!

They powered up and went at them!

Old Dexter: You freak of nature!

Disembodied Brain Mandark: You clod!

Old Dexter: You old raisin!

Disembodied Brain Mandark: You nincompoop!

Sunburst: Okay that's enough name-calling!

Sunburst fired a blast of fire and light and obliterated the Disembodied Brain Mandark.

---

They all regrouped and they were facing Overlord Mandark.

Eximiar, Swassa, Nivenna, Loderool, Gintanai, Lystone, and Lomma were blasting and smashing him all over the place with incredible fury and more.

Misfire: Lets get him!

Diamond Tiara: Yeah!

Misfire and Diamond Tiara used the Earth and Equestria Cyber Planet Keys and they enhanced Misfire's Aimless and Diamond Tiara's crystal powers 100-fold.

Shope and Grapple used the Earth Cyber Planet Keys and they enhanced Shope's Powers and Grapple's Explosive Missiles 100-fold.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Stewie Griffin: All right you overgrown fat bastard, time to send you back to Hell!

Meg Griffin: YEAH!

Lisa Simpson: There's only room for one Mandark and he belongs in prison!

Dexter, Lisa Loud, Twilight Sparkle, Lisa Simpson, Stewie Griffin, Meg Griffin, Laney and Nate Silva: GENIUS MEGA BLAST OBLITERATION!

They fired blasts of energy and the blasts all combined and they hit the Overlord Mandark and obliterated him in an instant!

Nico: Dexter go for the Neurotomic Flow Controls.

Dexter: Right!

Dexter went over to the controls and pressed the green button and the core turned back to normal and released positive energy and reverted the whole planet back to normal and returned all of humanity to normal too.

They got out of the castle as it collapsed and they grabbed the Young Mandark.

Nico: Wow! That was a close one!

Mandark: What are you waiting for? Kill me! You know you want to!

Nate Silva: No. We only killed your future selves. You're going back to jail.

Nico: Don't worry. We'll make sure you get good prison food.

Lisa Loud: Affirmative Mandark. After everything you've done, you are still a kid and our code won't let us kill the youthful. Only in rare circles.

Dexter: Besides Mandark, even though you have tried to destroy me and my lab many times before you are still the most amazing archenemy I've ever had.

Mandark was touched that Dexter would think that. Even after all the times he was evil to him.

Adult Dexter: Thank you all so much for your help.

Nico: It was our pleasure Dexter.

Kitty: Yeah it was awesome hunk.

Lincoln: Lets go home.

After saying goodbye to the Dexters they went back home to the time they came from and Mandark was sent to the Neptune Prison.

Dexter: This time, we've officially seen the last of Mandark.

Carly: And we killed his future selves.

Rex Goodwin: One Mandark is enough for us to handle.

Selene: And the future is back to normal.

Nico: Yes it is. His parents gave birth to a monster totally consumed with pure evil.

Brittney: It just goes to show you that no matter where you are, evil will always exist and will strike when you least expect it.

Laney: That's true. Mandark may have been born smart but he was born bad.

Dexter: That's right.

Nico: Well our mission is done. The Neurotomic Protocore and the world are back to normal and Mandark is in prison where he belongs

once again.

Eli: And we got another Number too.

Nico: That's true.

Dexter: (To the viewers) This was an awesome adventure and we hope you all enjoy it. Get ready for the next awesome adventure.

Nico: Yep.

They went back to the estate and told me everything. I was resting my leg on a pillow on the coffee table and watching TV.

Nico: And that's what happened.

Me: Wow! You guys defeated Mandark 4 times now.

Brittney: That's about right dad.

Misty Tredwell: But at least you'll be all right J.D.

Me: Yeah I'll be better by tomorrow.

Nico: Good.

Me: But I'm very proud of all of you. And Nico you did a great job commanding in my absence.

Nico: Glad I could help out.

We rested and watched TV. Mandark was sent back to prison. But this time instead of the Mariana Trench Prison he was sent to the Saturn Insane Asylum Arkham section.

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is where scientists REALLY play with fire and bring back the evil and ruthless bloodthirsty legendary Super Saiyan as a clone to use to try and kill Hercule Satan as we all face the resurrected clone of Broly called BIO-BROLY! We're gonna be in for a battle to save the Earth and the entire universe from destruction and his terror spree.

See you all tomorrow.

# Biological Warfare with Saiyans

In the Living Room at the Estate, I was getting my cast off my leg by Sakura Haruno.

Sakura Haruno: You got a lot of autographs on your cast J.D.

Me: I know. Lot of people wrote them.

She got the cast off and my leg was all better and stronger than ever.

Sakura Haruno: There we go. Wow! Your leg is stronger and better than ever.

Nico: Wow. No kidding.

Sakura Haruno: Lets check your reflexes.

Me: Okay.

Chandler came in front of my leg and Sakura hit my kneecap and then I kicked Chandler square in the crotch with a powerful kick that was strong enough to smash a mountain.

DING! CRUNCH!

Nico: (Winces) OOH! That's gonna leave a mark!

Chandler: (SQUEAKY VOICE) RIGHT IN THE KIWIS!

He fell to the ground and he was holding his crotch in pain.

Sakura Haruno: Whoa! Your leg is stronger than ever before J.D.

Naruto: No kidding.

Me: Wow! I didn't know my kick would be that strong.

Lincoln: Yeah.

Chandler: Okay I had that coming for being a jerk.

Lola: Well that was an accident.

Krusty the Clown then appeared.

Krusty: Hey hey guys! (Goofy Laughter)

Me: Hey Krusty.

Krusty: Glad your leg is all better J.D. You had us all worried.

Me: Sorry it was all an accident.

Krusty: Hey, guys! I just made a new Itchy and Scratchy Cartoon!

Horsea: Can we see it?

Krusty: You bet you can.

Me: This is gonna be awesome!

Bart: Can't wait.

Krusty played the video.

Poromon: Oh, boy! It's starting!

The cartoon started.

THE ITCHY AND SCRATCHY SHOW!

The title of the cartoon was called BURNING FEATHERS OF MOUSEDOM!

Poliwag: Can we have some popcorn?

Lincoln came back with some already made and he handed them some.

Poliwag: Thank you.

The cartoon showed Scratchy being Lex Luthor and he had Itchy as

Superman being lowered into a vat of Kryptonite Acid.

Scratchy: (Evil Laughter) Nothing can save you now Superdoomed! (Evil Laughter)

But then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted a hole through the ceiling of his lair and a phoenix cry was heard and us as Anthropomorphic Animals came in! I was an Anthropomorphic Phoenix and everyone was various animals.

Phoenix me: You are going six feet under Scratch Luthor!

Monkey Nico: Yeah you fiend!

We slashed busted the SuperItchy out and slashed Scratch Luthor to pieces and cut him up with chainsaws, axes, swords and more and reduced him to bloody dust that Crow Lucy picked up and put in an urn and rabbit Luan buried in a grave. Then Bear Lola put a bunch of dynamite in the grave and set off the explosives.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Scratch Luthor was blown up.

THE END appeared on the screen.

We were laughing hysterically!

Manaphy: That cartoon was funny!

We were laughing hysterically.

Homer: (Laughs)

Bart: (Laughs)

Lisa Simpson: (Laughs)

Krusty: So what did you think guys?

Me: (Laughs) That was so funny! But it was SO AWESOME!

Lincoln: Yeah it was!

Krusty: What did you all think of that?

Me: That was so awesome Krusty!

Nico: You made an incredibly awesome cartoon!

Krusty: Thanks guys. That was a funny and great cartoon.

Me: We got a great kick out of that.

Varie: We sure did.

Twilight Sparkle: Yeah we did. That was really funny!

Sunset Shimmer: It sure was.

But then suddenly I felt a huge energy signal from very far away.

Me: WHOA! Do you guys feel that?

Nico: Wow! That's an enormous power I'm sensing and it's evil whatever it is.

Lincoln: Yeah.

Me: I think we have our next mission.

I located where it was on the computer.

Firefly: Another simulator mission?

Me: No this one is in Real Life. The satellites are picking up a huge energy signal on an island in the middle of the West Southwestern Pacific Ocean. Whatever is going on down there it's not good.

Lincoln: Yeah I feel it. This energy signal is evil.

Eli: Big time.

Vince: What do you think this power is?

Me: Feels like a Saiyan Energy.

Nico: Yeah. That's what I'm thinking.

May: This time, no usual battles will be necessary. Me, Nico, and Maria will handle this mission.

Me: And we'll come with you guys for support. I've got a really bad feeling about this guys. I sense that it's an enemy that we've faced before.

Nico: I have a feeling you're right.

Me: Lets head out.

We were off to the island where the energy was coming from.

---

JAGUAR'S ISLAND, SOUTHWESTERN PACIFIC OCEAN

---

We arrived at Jaguar's Island.

---

**Jaguar's island** is an area on Earth, located near Satan City. The island is remote, with one main city with a harbor on one side, and Mei Queen Castle on the other.

---

Me: This is it. This is where the energy signal is coming from.

We went into the castle on the island and it was beautiful.

Me: Wow! Whoever owns this castle really knows how to live.

Goten: Oh no. I know this castle.

Me: You do Goten?

Goten: I sure do.

We walked around the then a floor opened up and then the room changed and we were all in a new and huge laboratory.

Snake: Dudes, what do you think this is?

Me: It looks like some kind of biogenetic engineering lab.

Nico: This place has scientists that are REALLY playing with fire.

Lincoln: Not good and the signal is coming from this room.

Gohan: Yeah I sense it too Lincoln.

Me: Lets take a look around and see what's going down here.

We flew and looked around and we saw men in the tanks.

Me: Hmm. (To a scientist) What are you all working on if I might ask?

Nain: We're working with biogenetic technology to make biowarriors.

Me: Wow. That's very complex.

Lily: Are they made in water?

Nain: I'm afraid it's a little more complicated than that.

Me: Looks like they're being made in some kind of biohazardous fluid.

Nico: Yeah really strange.

Me: But very complex for me.

Electro: (to the scientists) Would any of you like to tell us WHAT THE FUCK IS GOING ON?!

A short man came. It was none other than Lord Jaguar, a fierce rival of the Z-Fighters ally and helper Hercule Satan.

---

**Lord Jaguar** is the long-time rival of Mr. Satan. He makes his debut in *Dragon Ball Z: Bio-Broly*, with a devious plan for revenge. In this movie, Lord Jaguar is portrayed as an unintelligent billionaire.

Biography

Lord Jaguar has vast wealth, which he uses in order to have a team of geneticists to clone Broly. He ultimately plans to have the clone help him claim world domination as well as expose Mr. Satan as being a fraud (it is implied that his primary reason as to why he wants to expose Mr. Satan as a fraud is because of a grudge towards him in regards to a fight against Mr. Satan in High School that he lost).

Jaguar invites Mr. Satan (through his cousin, Men-Men) to come to his castle to fight his Bio-Warriors, and also blackmails him into participating by threatening to publish a story about his wetting his bed during summer camp to the papers if he refuses. Ultimately, he discovers the hard way that the Legendary Super Saiyan is not so easily tamed; at one point, he orders Bio-Broly to stop attacking Trunks only to be attacked himself. As the culture fluid consumes his facility, when Trunks offers to rescue him, Jaguar thinks twice before accepting, believing he deserves to die for his actions. In the end, he is saved by Trunks, while expressing remorse at the consequences of his greedy ambitions.

---

Goten: Hey I know you! You're Lord Jaguar.

Jaguar: That's right.

Me: Aren't you a fierce rival with Hercule Satan who is known for supposedly defeating Cell when it was really Gohan that did it?

Jaguar: Yes that is correct.

Me: You're a very famous multi-billionaire from what I was told.

Laney: Guys look at that tank. It's glowing.

Lana: And whoever is in it has a tail.

Linka: That one looks like a Saiyan.

Me: Lets go check it out.

We flew over and we got a closer look and he saw us and it was none other than our enemy that we killed less than a year ago: BROLY THE LEGENDARY SUPER SAIYAN!

---

**Broly** is a character who appears in several *Dragon Ball Z* films. He serves as the main antagonist in the films *Broly - The Legendary Super Saiyan* and *Broly - Second Coming*, while a clone appears in *Bio-Broly* as the main antagonist. Like Goku and Vegeta, Broly is a member of the Saiyan race and a Super Saiyan, however, he has a form unique to himself, the Legendary Super Saiyan form.

He was voiced by Bin Shimada in the Japanese version, and Vic Mignogna in the English version.

Broly first appears in the eighth *Dragon Ball Z* movie *Broly - The Legendary Super Saiyan* . In it, during the 10 days before the Cell Games, a mysterious Saiyan named Paragas approaches Vegeta, and requests that he come and be the ruler of the newly established New Vegeta, a planet for any Saiyans who survived Planet Vegeta's destruction. Paragas then tells him, in order to persuade him, that he needs his help fighting the Legendary Super Saiyan, who had been destroying several planets in the South Galaxy. Vegeta agrees and leaves along with Son Gohan, Trunks, Krillin, Master Roshi and Oolong.

Once on New Vegeta, Paragas tells them that there has been another attack by the Legendary Super Saiyan, and Vegeta, along with Paragus' son Broly, go to investigate. Meanwhile, Son Goku, who was just told of the destruction in South Galaxy by Kaio, goes to a planet that was attacked, and can sense that a great power was just there. Goku then goes to Planet Vegeta. He meets Broly, who at the very sight of Goku starts powering up, but Paragas soon uses a mind control device to stop his son. Paragas tells Goku of Broly's birth, and how he started out with a power level of 10,000, a level which is considered to be elite among adult Saiyans. Goku, who was in the bed next to Broly, constantly bullied him by crying, preventing him from sleeping and creating an everlasting hatred in the newborn child.

Later, Broly attacks Goku as a restrained Super Saiyan, and is able to best Goku, forcing the hero to flee. Goku then realizes that it was Broly who was the Legendary Super Saiyan all along. Paragas barely manages to get his son under control, and reveals that he wants to make Saiyans the rulers of the Universe, using Earth as their home planet. Broly then goes after Goku, but Vegeta jumps in and tries to fight him. After not even scratching him, the Saiyan prince uses his most powerful attack, the Big Bang Attack. However, even this proves useless against Broly and after the attack, he breaks free of Paragas and turns into a Legendary Super Saiyan. Vegeta falls down in fear, acknowledging Broly's power. Paragas tells the heroes that King Vegeta had betrayed them and ordered the death of Broly as an infant, fearing that Broly would eventually overthrow him. When Paragas asked the tyrant to reconsider, King Vegeta ruthlessly blasted him. Broly was stabbed and he, along with his father were thrown into a hole in the ground. This caused insanity in the young Saiyan. When Planet Vegeta was destroyed by Frieza, Broly was able to protect them with his energy, and Paragas began to plot against the last surviving member of the Saiyan royal family, Prince Vegeta.

Broly continues his rampage, and Goku, realizing he is no match, turns Super Saiyan, along with Trunks and Gohan. Even with their combined forces however, they cannot hold their own. Broly quickly takes out Trunks and Goku. Broly then turns his eyes on Gohan, but Piccolo appears and saves him. Meanwhile, Paragas tries to escape in a space pod, hoping his son will die when a nearby comet hits the planet, but Broly confronts him, having found out about his father's attempt to escape. Paragas tries to bluff his way out of the situation, saying that he is trying to prepare the space pod so both of them can escape the explosion, but Broly knew that the space pod is only built for one person. Having discovered Paragas' intentions and desiring revenge against his father for brainwashing and using him, Broly crushes the space pod and kills Paragas, before effortlessly flinging the crushed space pod into the comet. Piccolo tells everyone to give Goku their power, saying that it would be enough to defeat Broly. Everyone does so quickly, all except Vegeta, whose pride disallows him to help Goku. After Goku is being beaten around by Broly, almost to death, Vegeta finally gives his rival his power. Goku rushes at the Legendary Super Saiyan and strikes him in the gut with a Miracle Blow, puncturing his abdomen. As a result, Broly cries out in pain and astonishment before exploding. He is presumed dead after this.

### *Dragon Ball Z: Broly - Second Coming*

Broly reappears in the tenth *Dragon Ball Z* Movie: *Broly - Second Coming* . In the beginning of the movie, Broly is shown exiting a space pod onto earth, and then freezing. The story starts off with Son Goten, Trunks, and Videl searching for the Dragon Balls. In a small quarrel, Videl slaps Goten, who pretends to cry, which, sounding much like his father, awakened Broly. At night, Videl hears the sounds of explosions, and explores to find Broly. She tries to attack him, but Broly easily knocks her unconscious with one punch. Goten and Trunks come, and Broly, upon seeing Goten, goes mad, mistaking him for Goku.

Trunks and Goten go Super Saiyan to fight Broly, but are no match. As Goten is fighting, he sees the last Dragon Ball. He gets it and hides behind a waterfall. He tries to summon Shen Long, but nothing happens. Luckily for them, Son Gohan arrives to help them fight. Gohan informs Goten and Trunks of who Broly is after they see he is familiar with him. They watch as Gohan fights Broly, notices them and blasts them. Gohan turns into a Super Saiyan 2 and begins fighting Broly. But Broly turns into his Legendary Super Saiyan form and quickly outmatches him. Gohan then throws Broly into a pit of lava that had been created in the fight, but the Legendary Super Saiyan emerges, and begins to mercilessly beat Gohan. Videl distracts Broly for a second, and Gohan breaks free, then becomes Super Saiyan again.

Gohan then fires a Super Kamehameha wave at Broly, who fires his Omega Blaster back at him. Gohan is unable to break through the energy ball, and Goten jumps in with a Kamehameha wave to help him. Even with their combined powers, Broly still pushes them back, and Gohan makes a silent wish that his father could be there. Just at that moment, Son Goku arrives in spirit form, and helps them with his own Kamehameha wave. Broly still has the upper hand, though, until Trunks fires a Ki blast at Broly's Omega Blaster, preventing him from powering up the attack. The Son family is then able to shatter the ball of energy with their Family Kamehameha, knocking Broly into the sun and obliterating him. When Gohan and Goten turn around, their father is gone.

### *Raging Blast 2: Third Coming*

Broly was stated to have returned one more time in *Raging Blast* 2's bio for Legendary Super Saiyan 3 Broly, it states that he survived being thrown into the sun and received a huge Zenkai, obtaining not only a Legendary Super Saiyan 2 form, but a Legendary Super Saiyan 3 form beyond that. Broly returned to Earth but was defeated by the Z Warriors, presumably by all the Saiyans at once.

### *Dragon Ball Z: Bio-Broly*

A clone of Broly appears in the *Dragon Ball Z* movie: *Bio-Broly* . In it, a wealthy man named Jaguar uses his money to create powerful bio-warriors, which he wants to use to reveal that Mr. Satan is a fraud. So he sets up a tournament, however, the Z Warriors intervene, and are able to defeat his warriors. So he reveals his most powerful weapon, a clone of Broly himself. Jaguar was able to create him through a frozen blood sample provided by a village priest near where the original Broly was last fought. Trunks and Goten try to destroy the clone before he is released, however, Bio Broly escapes, and becomes mutated by a bio culture liquid.

Bio Broly tries to kill Mr. Satan, but Android 18, Goten and Trunks try to prevent it, and in the process both get beaten down. Trunks manages to get Broly between some chemical tanks, and destroys the tanks, hoping to destroy him. However, this only serves to make Broly even stronger. They escape the factory, and discover that sea water causes the bio fluid to turn to stone, so they use a Kamehameha wave to blast the sea water at Broly and he falls into the water. He starts to rise, but becomes stone as he does. Trunks and Goten then blast Bio-Broly, obliterating him once again.

Bio-Broly is briefly mentioned at the end of the film. Where he is believed to be causing trouble in Hell. And Goku and Pikkon are sent to stop him. He is again presumably defeated and imprisoned in Hell.

---

We gasped in shock!

Lola: THAT'S BROLY!

Nico: But how!? He's supposed to be dead!

Nikiya: And we killed him less than a year ago!

Me: He must've been brought back to life by genetic technology. We're gonna have to ask Jaguar some questions.

Twilight Sparkle: Who is Broly?

Nico: He's a bloodthirsty Psychopathic Super Saiyan. We killed him less than a year ago.

Me: Yeah. Lets go talk to Jaguar.

We went to talk to Jaguar.

Me: Jaguar!

Jaguar stopped and saw us.

Me: How did you bring Broly back to life?

Jaguar: It's very simple. One drop of his dried blood was all it took.

Me: But how!? We made sure there was nothing left of him. Not even an atom was left of him when we destroyed him. And that planet we fought him on was completely reduced to space dust when Comet Camori crashed into it.

Jaguar: Yes you all made sure that there was nothing left of him. But

I had some of my men journey to that site. There they found and collected Broly's essence from his dried blood and it gave me the key to bringing down my rivals and ruling the world uncontested. One drop was all I needed to combine the best of my biowarriors with Broly, the Legendary Super Saiyan and make the best fighter technology ever.

Shiv: (to Jaguar) You dumbass! Do you know what you've done?!

Me: You don't know what kind of danger you put the entire universe in!

Nikiya: That's right! Broly is responsible for obliterating the entire South Galaxy.

Nico: And he's a Bloodthirsty Super Saiyan!

Jaguar: How do you know all that!?

Nico: Because like Broly, I am a Saiyan.

Nikiya: I'm a Saiyan too!

Gine: Same with me.

Goku: Me too.

Vegeta: And me too.

Paragus: And I am a Saiyan!

Jaguar: Don't worry about it. All my bio-warriors are programmed my commands.

Me: Broly is majorly fucked up in the head and he will not listen to anyone! He will kill anyone that crosses him!

Jaguar: We'll see about that.

Robo-Blaze: (to Jaguar) You better hope we're able to stop Broly!

Me: Don't worry Robo-Blaze. We stopped Broly before. But he was much stronger than this. This version of Broly is 75% weaker than the one we faced. But without a doubt he has the same personality as the one we all know.

Nico: Yeah.

Me: Lets get ready guys. We have a huge fight on our hands. (To Jaguar) We'll deal with you later.

We went up on top of a tank.

Me: We're gonna have to Hakai him before he gets out of that tank.

Lincoln: Good idea.

Maria: (to Broly) Time to stop you before you damage anything or anyone else! Hakai!

But the blast of Hakai energy didn't effect him and Broly woke up and his capsule glowed and it exploded.

KRASMAAAASSSSHH!

In a blob of fluid and crackling with lightning and energy was BROLY! BROLY WAS BACK!

The tank casing formed around the tank. But then loud thumping was heard and Broly busted out and he was transforming because of the culture fluid and he turned into BIO-BROLY!

Me: He was mutated by the Culture Fluid!

Maria: I don't understand. That should've sent Broly to the Warp right away!

Me: His power is too strong! We'll have to weaken him before you send him to the Warp.

Nico: Right!

Me: Lets power up!

Trunks: Goten, guys, this time Broly dies.

Me: And we're gonna make sure he stays dead.

I transform into my Super Angel-Ebonwu-Phoenix 100,000,000 form, Nico turned into his Super Saiyan 4 form and the Saiyans went Super Saiyan 2, 3 and 4.

We all transformed.

Me: (Divine Echoing Fiery Voice) **Vince, Carol, get everyone in this whole lab and building out of here and fast. This is gonna get REALLY ugly and fast.**

Vince: Roger that partner.

Carol: Show no mercy.

Me: **With pleasure. Broly, in the name of Team Loud Phoenix Storm…**

Dark Spicer: Here's your warning…

Eli: IT'S BUTTKICKING TIME!

Maxxor: In the name of the Tribal Alliance…

Tommy Oliver: IT'S MORPHIN TIME!

Bloom: MAGIC…

Will Vandom: GUARDIANS…

Ben: IT'S HERO TIME!

The Ripping Friends: IT'S RIPPING TIME!

Arkayna: Mysticons…

Tai Kamiya: Digimon and Digidestined…

Numbuh 1: KIDS NEXT DOOR…

Twilight Sparkle: Knights of the Friendship Table…

Optimus Prime: AUTOBOTS…

Starscream: DECEPTICONS…

Optimus Primal: MAXIMALS…

Scorponok: PREDACONS…

Me: **YOU ARE HEREBY SENTENCED TO DEATH!**

Dark Spicer: YOUR MOTHERFUCKING ASS IS ABOUT TO BE KICKED!

Maxxor: WE'RE TAKING YOU DOWN BY FORCE!

Winx Club: WINX!

Will Vandom: UNITE!

Arkayna: ENERGIZE!

Tai: TIME TO FIGHT!

Numbuh 1: BATTLESTATIONS!

Knights of the Friendship Table: HARMONIZE!

Optimus Prime: TRANSFORM AND ROLL OUT!

Starscream: TRANSFORM AND SCOURGE!

Optimus Primal: MAXIMIZE!

Scorponok: TERRORIZE!

We all transformed.

May: You guys weaken him. But let me, Maria, and Nico deal the finishing blow!

Me: **We plan to.**

We went at him and I punched him in the face and Nico kicked him in the stomach and Goten and Trunks really punched and pulverized Bio-Broly all over and they both punched him in the stomach and he belched up a huge amount of green blood. I punched him in the face and fired blasts of lightning and energy and the blasts exploded on him.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Trunks: Goten now!

They fired a massive energy blast!

Me: **KAAAAAAAAAAAAAAAA! MEEEEEEEEEEEEEEEEE! HAAAAAAAAAAAAAAAAA! MEEEEEEEEEEEEEEEEE!**

Nico: NUOVA STAR!

Goku: KAAAAAAAAAAA! MEEEEEEEEEEEEE! HAAAAAAAAAAAAAA! MEEEEEEEEEEEEEEEEE!

Vegeta: FINAL FLASH!

Me: **HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!**

Goku: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

I fired a rainbow Kamehameha Wave.

Nico fired a powerful ball of fire and Vegeta fired a massive yellow energy blast!

The blasts all hit Bio-Broly and exploded with incredible power!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Broly came out and he fired a volley of green energy blasts and I deflected them all back at him and they all hit him and exploded all over the place!

KRABBBBBBBBBOOOOOOOOOOOOMMMMMMM!

KRABBBBBBBOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Dark Spicer: Let's see how Broly fares against Mega Large and Atomburst!

Dark Spicer turned into Mega Large and he smashed him into paste! But Broly got up and fired energy blasts and Nico flew up and deflected them back and the blasts hit Bio-Broly and they exploded.

KRABBBBBBBOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOMMMM!

Dark Spicer then turned into Atomburst and fired atomic energy blasts and the blasts hit him all over and exploded all over.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM
KRABBBBOOOOOOOOOOOMMMMMMM!

Krillin formed a yellow energy disk and Nico formed a red energy disk.

Krillin: DESTRUCTO-DISK!

Nico: KIEN-ZAN DISK!

They threw the energy disks and they cut Bio-Broly in an X shape right through his chest.

Nico: DRAGON THUNDERCLAP!

Nico fired a powerful blast of lightning and electrocuted Bio-Broly all over the place.

Vypra fired blasts of darkness and the Z-Fighters and the Knights of the Friendship Table fired blasts of elements and the Masters of Evil all fired blasts of elemental and dark energies and smashed and punched him all over the place with incredible fury and power.

Nico: (to Bio Broly) I've got some last words for you! (smirks) Hick says what?

He didn't know what that meant and me and Nico and everyone charged up powerful energy blasts.

Me: **BIG BANG KAMEHAMEHA!**

Nico: NEGATIVE KARMA BALL!

Yusuke: SPIRIT GUN!

Goku: KAAAAAAAA! MEEEEEEEEEE! HAAAAAAAAAAAA! MEEEEEEEEEEE!

Vegeta: FINAL SHINE ATTACK!

Lincoln: ELECTRO ECLIPSE BOMB!

Naruto: TAILED BEAST BOMB KAMEHAMEHA!

Eli: WOLF FIRE TAILED BEAST BOMB!

We fired our energy blasts and they went at Bio-Broly and they slammed into him and exploded with incredible power!

***KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so powerful, so devastating and so massive that it destroyed the entire island of Jaguar's estate. A massive mushroom cloud be seen for miles. When the smoke cleared Bio-Broly was on the ground in a huge crater.

Bio-Broly was severely weakened from taking a powerful blast like that.

Maria: This is the end of the Legendary Super Saiyan.

May: That's right. This is our planet and our universe and this is our home and you will never be welcome here.

Nico: Broly you have failed this universe 100-fold.

Nico, May and Maria held up their hands to his face.

Nico, May and Maria: HAKAI!

Bio-Broly glowed purple and he screamed in pain and he was obliterated in an instant and banished to the Warp for all Eternity!

Nikiya: Goodbye "Brother."

Paragus: I'm sorry son. I've failed you.

Me: **Now we've officially seen the last of Broly.**

We then powered down and went to Jaguar.

Nico: (to Jaguar) Now, what to do with you?

Me: I think a nice long stay in prison is what you need.

Jaguar: Oh poop.

We had all of his money seized and we gave it to Goku and Chi-Chi and we went back home. As a bonus we got everyone out of that lab safely. Jaguar was sent to the Neptune Prison and now shares a cell with Mandy.

THE END

---

Another awesome fanfic done.

Bio-Broly was one of the freakest movies of Dragonball Z and it was scary how they used modern science to resurrect the most dangerous and most powerful Saiyan in all of the history of Planet Vegeta. Now we've seen the last of Broly and we will never see him again. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is a flashback chapter for the Loud House episode Potty Mouth and it's gonna show us how we thought Lily learned the D Word and it was funny.

See you all tomorrow.

# Potty Mouth

Note: The flashback in the chapter takes place in between the events of Not A Loud and Brawl In The Family.

At the estate we were getting Hikaru ready for his awesome date with Noriko. After everything they went through they more than earned it.

Dark Spicer: You two ready for your date?

Hikaru: We sure are.

Noriko: And we can't wait to have fun.

Me: Well after everything you went through, you more than earned it.

Varie: Yeah you did.

Me: Well lets get going.

We were off to the restaurant.

Firefly: Where's the restaurant this time?

Hikaru: We're going to one of my favorite ramen restaurants. Naruto showed it to me.

Me: Then we'll need to look professional.

I snapped my fingers and went into my Shinobi clothes.

Me: You guys go on ahead. I got to go file some reports to Lady Hokage.

Nico: Okay. See you then.

I went to the Hokage Office.

Hikaru and Noriko went to the newly expanded and bigger Ichiraku Ramen restaurant and it was awesome.

---

At the Hokage's office I was updating my reports for my missions for Lady Hokage. I told her everything that happened over the last few weeks and more.

Lady Tsunade: Wow! You have been very busy. All those missions you and everyone did over the last few weeks are truly astounding.

Shizune: You all have been very busy over the last few weeks.

Me: I know. But it's not just on our missions that we've been very busy with. We also made a massive plethora of new techniques and jutsu for us and came up with new techniques the likes of which the Hidden Leaf or any of the 5 Great Nations have ever seen.

I pulled out my book bag and pulled out a huge book as big as a table.

Me: (Groans) (Puts the book on the desk) This is my new technique book. In here is all the techniques we all created.

Lady Tsunade looked through it.

Lady Tsunade: Wow! Look at all these techniques!

Shizune: So many of them!

Lady Tsunade: Nightmare Style, Magic Style, Stardust Style, Jungle Style, Hummingbird Style, Carnage Style, Atomic Style, From the Darkness Comes The Light? Wow! These techniques are all extraordinary.

Me: And there are many more to come and with each new technique we add they get added into my book.

I showed that there are many pages that are still blank.

Me: There's plenty of room for them all.

Lady Tsunade: Wow! You keep coming up with new ideas every time you have those awesome battles don't you?

Me: We love a good challenge.

I put the book back in my bookbag.

Lady Tsunade: I see. Well done J.D.

I then used my magic to make a copy of the book.

Me: This one is for you Lady Hokage. Think of it as a way to archive the techniques we made and see what new techniques we made during each battle. It will come in handy.

Shizune: Wow!

Lady Tsunade: Thank you J.D. and well done to all of you. You and everyone in Team Loud Phoenix Storm keep up the good work.

Me: We always do.

Lady Tsunade: Good. Dismissed.

I left.

Back at Ichiraku Ramen, Hikaru and Noriko were having a great date under candlelight decor.

Noriko: Mmm! The ramen here is delicious.

Hikaru: It sure is. Naruto recommended this restaurant for every occasion.

Shiv: You think it's only a matter of time before you two get married.

Varie: Lets not rush them Shiv. They still have a long way to go.

Laney: Yeah.

Lincoln: It's gonna take a while.

Noriko: Yeah. But after we have been through so much, we have all the time in the world.

Varie: Good.

But then 2 douchebag boys came in and they looked at Noriko.

Electro: What do you dumbasses want?

Boy 1: We want to have some fun with that sexy lady over there.

Boy 2: She deserves better then that dork over there.

Akira: Hey! He's our dork!

Chris Taylor: And no one pushes him around!

Boy 1: Get out of the way punks!

He was about to punch Hikaru but then I appeared grabbed his fist.

Me: How about you pick on somebody your own size?

I threw the boy out of the restaurant and he crashed into the wooden wall.

CRASH!

He fell to the ground flat as a pancake.

Boy 2: YOU WRETCH!

Nico punched the 2nd boy in the face and sent him crashing outside and into the same wall.

CRASH!

He too fell to the ground flat as a pancake.

Me: Sorry about that guys.

Hikaru: No worries.

Nico: How did the meeting with the Hokage go?

Me: Just needed to archive my missions we all did over the last few weeks.

Nico: Okay.

Me: And I got to show Lady Tsunade and Shizune the techniques we all came up with. They were in a really huge book I put together.

Nico: Wow! I wondered what that big heavy book was for.

Me: Yep. And I need to put together a log book of all our missions.

Lincoln: That's a good idea.

The boys got up.

Snake: Dude, you know she's a mutant, right?

Boy 1: Do we look like we give a damn? She's hot either way!

Noriko: Thanks for the compliment boys.

She fired a blast of lightning from her hands and electrocuted them with a lot of electricity.

Noriko: Maybe that will teach you not to mess with me and our date.

Me: You tell them Noriko.

Lincoln: Wow! That lightning is amazing.

Nico: Yeah.

Robo Blaze: Sorry your date got ruined.

Hikaru: Are you kidding!?

Noriko: This was so much fun! We had one of the best dates ever!

Me: We're glad you did.

Nico: Good.

Me: We're glad though. But these two better not mess with you.

Noriko: I know.

Me: But Noriko, we don't think any differently because you have these awesome powers and are a mutant. You are human regardless. Mutants may have amazing powers but they are still human regardless. Never tell yourself anything different from all that.

Noriko: Thanks J.D. That means a lot to me.

Me: You're welcome.

Later back at the estate we were watching TV and having fun.

May: Lily, did you ever go to preschool?

Lily: I sure did May. But when I got my powers there was a change of plans. I was enrolled into Lincoln's classes. But before I got my powers, I was an adorable baby.

Lily went over and brought out a photo album.

She showed us a bunch of pictures.

Me: Oh I remember these.

Lori: Oh Lily you were literally so cute back then.

Dark Spicer: You were so cute.

Vypra: She sure was.

Lily: I know. It feels like forever ago.

Maria: What was preschool like?

Lily: Didn't get there. After I got my powers, there was a change of plans.

Horsea: I think there was an incident involving a certain profanity that starts with the Letter D.

Lily: Oh yeah. I remember that.

---

[In the living room, while everyone including me and Varie are going about our business, Lily is watching TV and giggling. Enter Rita and Lynn Sr.]

Rita: We're off to the mall, kids!

Leni: [extremely excited] The mall?! [picks up phone] Let me clear my schedule for the day! [starts pressing] Delete, delete, delete, delete-[realizes] "Oh. Oops. This is your phone, Lori.

Lori: Ugh. [takes her phone back]

Rita: Sorry, sweetie. This is just gonna be a quick trip. Dr. Shuttleworth of the Shuttleworth Daycare Academy is coming over today to interview us and Lily, and your father needs an appropriate tie.

Lynn Sr.: [wearing a tie with a British royal guard] But still one that has some personality.

Rita: But mostly one that's appropriate.

Lynn Sr.: Gasp! I say!

Rita: Honey, we have to put our best foot forward! This daycare academy is really, really in demand. We have been on the waiting list since I was pregnant… with Lori.

Lynn Sr.: [acting mature] Well, I hope you kids appreciate the sacrifices I make for you.

Rita: The interview's in an hour. Try not to destroy the house.

Me: We won't Ms. Rita. Have fun.

Rita: Thanks J.D.

[The parents leave]

Lynn: [with the remote] Oops! Sorry, Lily. Gotta change the channel. It's time for Operation Dessert Storm!

Me: Ooh! Our favorite show.

Varie: Yeah!

[The others get excited; Lynn changes the channel to the aforementioned show.]

Lily: Dannit!

[Her siblings, me and Varie gasp in horror and a picture frame falls off the wall.]

Me: Uh oh.

Lucy: Did Lily just say the "D" word?

Luan: Where the heck would she have learned that?

Laney: Probably from you guys.

Varie: Yeah.

Lori: What? No way! Why would you think that?

Laney: Well, let's see…

[Flashback to countless times the kids have said the word. Lana is fixing Charles' doghouse and hits her finger with her hammer. Lola's princess car comes by honking as Lana shouts the word, canceling out the sound. Lana notices Lily next to her and covers her mouth, realizing what happened. Lola crashes her car into a tree and the airbag's deployment sound cancels out her saying the word. Lily appears behind the tree babbling and Lola covers her mouth. Cut to Lisa singing on her headphones.]

Lisa: You're less than Pluto, not even a planet / When you hear my fresh rhymes, you gonna say-

[She steps on a squeaky toy on the word that rhymes with "planet", which Lily seemed to have noticed. She covers her mouth. Segue to Lori and Leni in the laundry room fighting over a sweater.]

Lori: It's my sweater!

Leni: No it's not, Lori! It's mine!

Lori: Bobby gave it to me for our second anniversary!

[Both of them pull the sweater so hard, it tears in half. They shout the "D" word at the moment the washing machine buzzes. Lily pops out of the laundry basket, and the two oldest sisters cover their mouths upon seeing her. Transition to Lincoln playing a Wii styled game. Because he wasn't wearing the wrist strap, he tosses the Wiimote at the TV, which causes it to crash and shatter, its sound dubbing over Lincoln's swearing. He then notices Lily on the sofa and covers his mouth. Next is Lynn practicing her baseball pitches into her soccer net. One ball bounces off her head and lands in their neighbor's yard. A lawn mower sound is heard, indicating it shredded the ball. Lynn screams with the mower's sound being too loud to hear her say the word. Lily opens the window and Lynn covers her mouth upon noticing her. Luna is tuning her guitar string, but it breaks. She screams with a guitar riff dubbing over her scream. Lily appears behind her amplifier and she covers her mouth. End flashback.]

Lily's Siblings: [embarrassed] Oh, right.

Leni: But Laney. You said it too.

Laney: What? No. I never swear a day in my life.

Lori: Oh yeah? How about the time you were playing Joonga?

[Flashback to Laney stacking blocks in the dining room, she was standing on the top of a chair but then she fell down to the ground. She screams while the blocks fell down, cancelling her swearing. She then notices Lily behind her and Laney covered her mouth in shock. End flashback]

Lynn: And the time you were reading that mystery novel?

[Flashback to Laney reading a mystery novel in the backyard]

Laney: [reads] The Tackback boys were on our trail, we needed a way to lose them. Luckily I came equipped with a bag of marbles which I used to give those goons the slip. As we got away, we could hear Big Geno cry- [A truck came by and the horn drowned out Laney's swearing.] Wow, so many swears in this book. Good thing no one was around to hear it. [She gets up and sees Lily beside her. She gasped in shock and covers her mouth. End Flashback]

Luna: And then there was the time you were playin' shakespere.

[Flashback to Laney in her room wearing a renaissance attire while pointing a salad fork at a balloon]

Laney: Begone cretin! Thou art haunted me for ages and thine end is near! You oppose to me to part my marriage in twain? Well, to that I say- [She pops the balloon, which the sound cancels out the swear. She sees Lily clapping and Laney drops the fork and covers her mouth. End flashback. Laney is trembling in fear]

Me: I think she gets the idea.

FLASHBACK PAUSES

Me: Boy you guys were swearing more than a couple of skeletons throwing a fit on a tin roof.

Nico: Yeah they were.

Poromon: Wait. How did Lily learn the D word from Luan?

Luan: I stubbed my toe and crashed into a vase.

Me: Ouch.

FLASHBACK RESUMES

Laney: [worried] O. M. Gosh!

Lincoln: [puts his hand on Laney's shoulder] It's alright, Laney. You didn't mean to- [Laney slaps his hand away from her]

Laney: No! It's not alright! Do you know what this means?!

Lori: Yeah. Lily's important daycare interview's coming up. If she says that word, she won't get into school.

Laney: More than that! I haven't been a good influence on her! And If someone's not showing Lily right from wrong, she'll grow up to be a bad foul mouthed hooligan run from the law! [Buries her face in her hands] Just like the Tackback Boys…

Me: Laney it's not your fault. Practically everyone swears these days. Including certain people I know.

Varie: Yeah.

Lisa: [off-screen] Siblings, I have the solution. [wearing a surgeon outfit; takes out tongs] A quick, painless removal of the vocal cords. Well, mostly painless.

Lisa's Sisters: [save Lily; defiantly] NO!

Me: Lisa are you out of your mind!?

Lincoln: I have an idea. If Lily imitates our behavior, let's just give her some better behavior to imitate.

Lisa: I'm going to remain scrubbed in, just in case.

Lincoln: Okay, everybody know their part? [The sisters nod] Good. We've got one hour before the interview. Operation Delete the "D" Word is a go!

Me: Good name. How about Operation D Word Deletion?

Lincoln: That's better.

[The sisters take their positions. Laney runs to her room and finds her mystery novel]

*[The sisters take their positions.]*

**Lincoln:** "Lana, you're up."

*[Lana intentionally hits her finger with her hammer.]*

**Lana:** *[turning red]* "DAAAA- *shing through the snow, in a one-horse open sleigh*

Varie: Lana are you all right?

Lana: Yeah I'll make it.

**Lily:** *[notices Cliff]* "Kee cat."

**Lola:** *[drives in smugly]* "She didn't see it, Lana. Guess you'll have to do it again."

**Lana:** *[smashes her thumb again; through angered and clenched teeth, still red-faced.]* " *Bells on bobtails ring, making spirits bright* "

*[Lily babbles rhythmically]*

Me: Aww.

**Lincoln:** "It's working! Lola, go!"

*[Lola reenacts crashing her car into the tree.]*

CRASH!

**Lola:** *[holding back her anger]* "DAAAA-niel Day-Lewis is a really wonderful actor, don't you think?"

**Lily:** *[sees Charles]* "Doggy."

**Lana:** *[smugly]* "Lily didn't see it, Lola. Guess you'll have to do it again."

*[Lola growls and her car's airbag deploys on her face.]*

Me: I'll fix it up.

I used my speed and fixed up Lola's car.

Lola: Thanks J.D.

*[Lincoln heads upstairs to Lily and Lisa's room.]*

**Lincoln:** "Lisa, you're on."

**Lisa:** "Lily, let's bust some rhymes better suited to your infant ears." *[puts on her headphones, picks up a mic and starts rapping.]* " *Moo goes the cow, oink goes the pig / Watch me do an Irish jig* "

*[Lily starts doing what Lisa's doing.]*

**Lincoln:** "Good job, Lisa."

Me: Nice rapping.

**Lisa:** "Peace!" *[drops her mic on one of her chemicals, causing an explosion that blows her hair off.]* "DAAA-nce! Dance, dance, dance! Uh-uh uh, uh."

**Lincoln:** *[holding Lisa's hair]* "You wear a wig?!"

**Lisa:** "Eh, nuclear experiment gone wrong." *[lifts up her foot with a little something extra.]* "It's also how I got my extra toe."

Me: Okay now I'm officially freaked out.

Varie: I've seen that before so I'm not grossed out.

Me: True.

*[She wiggles it; Lincoln takes Lily and we leave disturbed from what he saw.]*

**Lincoln:** "Lori and Leni, you're up."

*[Lori and Leni take out a new sweater and start to fight over it as instructed, and it stretches a bit.]*

**Lori:** "You stretched it out!" *[turns red with anger, but holds it back]* "DAAAA-and that's okay, because now we can share!"

*[Lori and Leni put on the sweater together.]*

**Lily:** *[points at them]* "Share!" *[giggles and goes in Lincoln's shirt]*

**Me, Varie Lincoln, Lori and Leni:** *[adoring]* "Aww…"

Varie: SO CUTE!

Me: (Laughs)

*[Lily sneezes inside Lincoln's shirt, getting snot on it.]*

Me: Oh bless you Lily.

I pulled out a cloth and took Lily and wiped her nose.

**Lincoln:** *[turning red with anger]* "DAAAA- *shing through the snow, in a one horse open sleigh* "

Me: Well it was your turn anyway Lincoln.

Lincoln: True.

*[heads outside with Lily]*

Lincoln: "Ten minutes till the interview. Lynn, go."

*[Lynn tosses her ball on the edge of the net and it flies into the tree.]*

**Lynn:** "That's okay. I'll just get it down." *[shakes the tree which causes the ball to fall on her head and catches it, but gets hit by a bunch of other balls in the tree.]* "DAAA-DA-DA-DA! Lynn Loud is the champion of the world!" *[imitating cheers]*

**Lily:** "Da-da-da! Da-da-da! Yay!" *[giggles]*

Varie: You okay Lynn?

Lynn: Yeah I'm fine. Don't worry. I got a head as tough as reinforced concrete.

Me: You are the toughest girl that I know.

Lynn: You got that right.

*[Luna's turn comes and she tries tuning her guitar like before with it working just fine.]*

**Luna:** *[annoyed]* "Oh, sure! Now the string won't break!"

*[The top of the neck breaks off and it smacks her in the face.]*

**Luna:** *[turning red with anger]* "DAAAA-t's" [British accent] "alright, love. I was done with that guitar. I'd rather play on these drums, mate." *[starts playing on them with Lily imitating her using the bongos, much to Lincoln's joy.]*

Me: Rock on dudes!

Varie: Yeah!

Next was Laney's turn.

Laney: Okay! First things first, remove anything that has swears in it and don't do anything to say the swears. [Picks up her book and flips through the pages and uncomfortable looking at the contents] Oh.. so many swears… [throws away the book] Okay, I won't read that. [Finds a comic book in her shelf] Ah! Maybe a wholesome comic book? [reads through the book and was shocked to see what's in it] Ack! This must one of Lucy's books. [puts the book back] Okay no books then, I'll just do something that won't make me say a swear. But what? [thinks for a moment then gets and Idea] I got it!

[Time-skip to Lincoln coming to Laney's room while holding Lily]

Lincoln: Laney, you're- wha? [Sees Laney meditating on a rug with candles around it] What are you doing?

Laney: Meditation, dear brother. I figure the only way I make sure I don't swear in front of Lily is if I'm in a nice quiet place. [does some yoga poses] Care to join me brother?

Lincoln: Uh. No thanks… [Laney continues her yoga] Doesn't your back hurt from doing that?

Laney: The soothing yoga allows me to not feel any pain. [As she does a handstand, she slips and lands on one of the candles] Oof! Uh, heh. Slipped.

Me: You okay Laney?

Laney: I'm fine.

Lincoln: [sniffs] What's that smell?

Laney: Oh. [blushes in embarassment] Pardon me. It's totally normal, I'm just letting it all out.

Lincoln: Not that. [points] That! [Laney sees the smoke coming from her butt and realizes she's sitting on a candle and her pants start to catch fire]

Laney: AAAAAAAAHHH! [runs around, Lily laughs] PUT IT OUT! PUT IT OUT!

Varie fired a blast of water and drenched Laney. Extinguishing the fire.

Lincoln: Whew!

Laney: [Holding back her and anger] DAAAA-ts just part of my meditation.

Lily: He he he ha ha. [Lincoln gives Laney a thumbs up]

Laney: Sorry.

Me: You'll be all right Laney.

Rita: [off-screen] Kids, we're home! Bring Lily down, please! Interview is in five minutes!

[The kids regroup]

Lori: Do you think it worked?

[Lily babbles happily and her siblings smile and each give a thumbs up; downstairs.]

Rita: You are so handsome in your new tie.

Lynn Sr.: [wearing an ordinary tie; upset] Well, I would have preferred the one with the bird playing the saxophone.

Me: You look great in that tie Mr. Lynn.

Lynn Sr.: Thanks J.D.

[The doorbell rings]

Rita: [gasps] That's her!

[As the parents go to the door, Lily reaches over the table to get a snack, but Lori stops her.]

Lori: No, no, Lily. That's not for you. [picks Lily up]

Lily: Dannit!

[Her and us siblings gasp again]

Lincoln: Ah! It didn't work! She's still saying it!

Me: Oh man.

Laney: How can this be? We made sure we didn't say it! Unless Lily remembered the 'D' word and now it's the only thing she'll say. And now she'll never get into any daycare, or any school, or any- [Lucy stops her]

Lucy: Laney. Calm down. Remember your breathing exercises.

Me: All right everyone just stay calm. We'll think of something.

Lisa: [takes out tongs] Now we do this my way.

Varie: Oh no you don't!

Varie took the tongs.

[Enter the parents and Dr. Shuttleworth]

Rita: Dr. Shuttleworth, uh, this is our youngest, Lily. [takes Lily]

[Lynn knocks Lisa's tongs away with her bat.]

Rita: Lily, say hi.

Lily: [with drool on her hands] Goo! Goo!

[Dr. Shuttleworth shakes her hand and gets drool on it.]

Dr. Shuttleworth: Okay, I see why you said "goo". It's all over your hand. [wipes her hand clean] Well, shall we get started?

[The adults sit down and the rest of the kids come by with fake smiles to watch the interview.]

Lynn Sr.: Uh, kids, what are you doing?

Lincoln: Can we stay and watch? We're just so proud of our baby sis. [blinks delightedly]

Dr. Shuttleworth: If you must, all right. Let's get started with the interview. Miss Lily, would you like to play with a toy?

[She gives Lily a hammering toy set to the baby's delight. Lana then imagines Lily smashing her hand with the hammer and getting ready to say the word and takes the toy away.]

Lana: Uh, she's not much of a tools girl. [chuckles nervously and grins widely]

Dr. Shuttleworth: I see. [takes out a toy guitar] Then perhaps a musical instrument?

[Luna imagines the guitar strings breaking and Lily about to say the word and takes the guitar.]

Luna: She's, uh, not much of a guitar girl, either, dude. Though I am. [strums it playfully] Pretty sweet.

Dr. Shuttleworth: I believe that most children like bouncing balls. [offers Lily said ball]

[Lynn imagines Lily bouncing the ball out the window and ready to say the word. Lily bounces the ball and it goes under the chair Dr. Shuttleworth is sitting in.]

Lynn: I'll get that for you, Lily! [dives under the chair, tilting it.]

Dr. Shuttleworth: [startled] Oh, my land!

Lynn: [retrieves the ball] Ta-da! [drops Dr. Shuttleworth's chair]

Rita: [panicking] We're so sorry!

Lynn Sr.: [shaky] Uh, let us help you!

[The parents put the chair back up]

Lynn Sr.: [disciplinary] Kids, look what you did to Dr. Scuttlebutt!

Dr. Shuttleworth: [offended] That's Shuttleworth!

Rita: [red in the face] Okay, kids, out!

[The kids all leave disappointed.]

Dr. Shuttleworth: Actually, I'd like you to leave, too. I need to get a sense of how Lily does on her own.

Rita: Oh! Uh, sure.

Lynn Sr.: [as he and his wife leave] See? I don't think she likes the tie, either.

Lola: Okay, everyone, huddle up.

[They huddle]

Lola: We can't leave Lily alone in there. She's a ticking cuss bomb!

Lincoln: Don't worry. I've got a plan. We'll swap Lily with someone who can be trusted not to drop the "D" word.

Laney: I'll do it! [Laney steps forward] Sure, It may involve me getting humiliated but I shall make sure that Lily has a swear-less furture.

Lincoln: Yeah. It's not gonna be you Laney.

Me: I agree.

Laney: Phew! What a relief. I was not ready to go there. Seriously, I don't know what I was thinking. Heh.

Me: Yeah.

Lincoln: Anyway. What we need is someone as young as Lily to swap her. And I've got just the someone. [pulls Lisa in and lifts up her wig.]

[The other sisters gasp in horror and another picture frame crashes.]

Lincoln and Lisa: "Nuclear experiment gone wrong."

Me: That still freaks me out.

Lisa: Uh, Lincoln, I'm not sure I'm comfortable with this plan of yours.

Lori: [sympathetic] Yeah. We totally get that. [undeterred] But you're doing it anyway.

Lisa: [sighs] Fine. Then I might as well take these out. [removes her teeth, revealing them to be dentures, making her siblings gasp.] Long story.

FWOMP!

I fainted.

Luan: [shakes her head to her senses] Okay, first, we have to swap Lisa for Lily. Follow my lead.

[The other sisters hide in shrubs and Luan tosses a whoopee cushion in Lily's vicinity. Lily lands on the whoopee cushion to give off the implication that she pooped and Luan rushes in.]

Luan: Sounds like you guys are having a blast in here! [laughs] Get it? [pauses] Oh. I'll just change her diaper. [takes Lily away, leaving Dr. Shutterworth confused and comes back with the now disguised Lisa.] Here she is! Freshly changed, and otherwise exactly the same as before! [leaves]

Lisa: [nonchalantly] Goo-goo gaga, et cetera.

Dr. Shuttleworth: Okay, Miss Lily, I have a fun idea. [takes out paper and paint] How about some finger painting?

[Lisa finger paints a complex math equation, much to Dr. Shuttleworth's surprise.]

Lori: What is Lisa doing?

Lana: [holding a straw] Don't worry. I'll get her attention. [blows a spitball at Dr. Shuttleworth catching her attention and ducks down with her sisters. While Dr. Shuttleworth was distracted, Laney switched out Lisa's equation with a paper with finger paint on it. Dr. Shuttleworth turns her attention back to Lisa and notices that Lisa's math equation was replaced by a paper with common finger paintings on it. She scratched her head in confusion and shrugged]

Dr. Shuttleworth: Now, how about we play music?

[She takes out a xylophone and Lisa plays a jazz piece, much to the doctor's surprise and her siblings' worries.]

Luna: [impressed] Whoa, dudes, she's really cooking them vibes!

Lincoln: [pops out] She's also blowing it! We gotta get those mallets away from her! [flings his yo-yo and knocks off Dr. Shuttleworth's glasses, drawing her attention and goes back to hiding.]

Lisa: [examining the doctor's glasses] Hmm. You've got quite an astigmatism.

Dr. Shuttleworth: Pardon me?

Lisa: Oh, uh… uh, goo-goo, gaga.

[She gives her her glasses back]

Luna: I got this. [rushes in with a blanket] Don't mind me. I just thought Lily might want her blankie. [whispers to Lisa] Dude, you're supposed to be a one-year-old! Act like it! [gives Lisa the blanket and leaves]

Dr. Shuttleworth: Okay, Lily, let's sing a song together. The wheels on the bus go round and round [stops at the sound of Lisa grunting] Lily?

FFFFFAAAAAAAAAAAARRRRRRTTT!

[Lisa lets out a big fart sound and a stench in her diaper, meaning only one thing.]

Dr. Shuttleworth: [smelling the stench] Oh, my land! That's pungent!

Lisa: Poo-poo.

Lori: Ew. Well, someone's gonna have to change her.

Leni: [plugs her nose] DIBS, NOT IT!

Other Sisters: [touch their noses] DIBS, NOT IT!

Me and Varie: [touch their noses] DIBS, NOT IT!

Lincoln: [touches his nose too late] Dang it! I always lose at that! [walks over to Lisa and grabs her] "Sorry, Dr. S. I'll take care of it. Aren't you a little cutie-wutie? Did Lily-Wily make a poo-poo in her diapey-diapey? [now angry] Lisa, what the heck, man?

Lisa: I was instructed to act like a one-year-old. Ergo, I did. There's just no pleasing you people.

[Later, Dr. Shuttleworth is going over her notes.]

Dr. Shuttleworth: Well, my evaluation is complete.

[The parents eagerly await the results while their children sneak behind the sofa.]

Dr. Shuttleworth: Lily's a very gifted child. I've never seen a one-year-old who can play jazz xylophone or solve complex math equations.

[The parents look at their children who have casual faces.]

Dr. Shuttleworth: Therefore… [suspenseful beat]… we'd love to have her as part of our daycare family. Just bring plenty of diapers.

Lily's Siblings: [cheerful] YEAH!

Rita: [excited] That's great news! Thank you, Dr. Shuttleworth! We are so happy!

Lynn Sr.: Please, take snacks for the road.

Dr. Shuttleworth: Oh, don't mind if I do. [puts all the snacks in her purse and prepares to leave.]

Lily: [follows the doctor] Dannit!

[Her siblings AND parents gasp at that sound.]

Me: Oh crud!

Lynn Sr.: Did she just say…

Rita:… the "D" word?

[The kids approach Lily and the doctor.]

Lincoln: Please don't blame Lily for saying the "D" word! It's our fault!

Lori: It's true! She was literally just imitating our bad behavior!

Leni: She's really the sweetest little girl in the world!

Laney: Blame us! Were nothing but bad influences!

[Dr. Shuttleworth laughs, as does Lily.]

Dr. Shuttleworth: [takes out a doughnut] Children, Lily didn't say the "D" word. I believed she just wanted a doughnut. See?

Lily: [begging for the doughnut] Dannit! Dannit!

Dr. Shuttleworth: It's doughnut, sweetie. [gives it to her]

Lily: Doughnut.

Me: Oh! She just wanted a donut.

Varie: Oops.

Lily: Doughnut.

Dr. Shuttleworth: She's a fast learner. See you next week at the daycare, miss Lily. [leaves]

Rita: [suspicious of her kids] So, Lily plays jazz xylophone? Does anyone want to explain?

Lynn Sr.: Bah, does it matter, honey? Lily got in! And I don't have to wear this anymore! [takes off his bland tie, puts his royal guard one back on and sighs.] I feel so much better.

Laney: [In awe] She didn't say the 'D' word. She didn't say the 'D' word. [hugs Lincoln] She didn't say the 'D' word! I'm not a bad influence after all!

Me: Whew!

Luan: We all aren't Laney!

Lincoln, Lori, Leni, Luna, Lynn, Lucy, Laney, Lana, Lola, and Lisa: YAY!

[Suddenly, Charles shows up and snatches Lily's doughnut and runs away, causing Lily to get furious.]

Lily: * **BLEEP** *!

[Everyone gasps in sheer shock at what Lily just said and one more picture frame falls and shatters.]

UH OH!

FLASHBACK ENDS

Poliwag: What happened after Lily said the D word for real?

Rita: I couldn't punish her for real because she was still a baby.

Me: I gave her another donut.

Lily: Yeah. Now I love donuts as much as Homer.

Homer and Lily: Mmmm Donuts. (Drools)

We laughed.

Me: Lily Loud and Homer Simpsons the Donut Gurus.

We laughed some more.

Me: But I told Lily that it was not appropriate for her to swear.

FLASHBACK 2

I picked up Lily and gave her another donut.

Me: Bad dog Charles. Bad dog. (To Lily) Lily it's not appropriate to swear like that. You know what happens whenever people swear like that?

Lily shook her head for no.

Me: They get their mouths washed out with soap.

Lily: Yuck!

Rita: That's right sweetie. But we aren't mad at you.

Lily: Gah gah.

Me: Aww.

FLASHBACK 2 ENDS

Nico: That was thoughtful of you J.D.

Me: Thanks.

Manaphy: Mama, me, Poromon, Horsea, and Poliwag still are able to go to preschool.

May: That's true.

Maria: You guys are perfect for Preschool.

Nico: Yep.

Lily: But we swear in battle all the time.

Me: Well maybe not all the time but we sometimes swear here too.

Lincoln: That's true.

Lily: Yeah. But I know how to be careful.

Tayuya: I was never taught that by that douchebag Orochimaru. I'm a rotten swearstorm.

Me: Same with myself from 150,000 years into the future.

Numbuh 1: And look at Potty Mouth, he was a swear bucket.

Nico: And the evil Sasuke's we all faced.

Me: A lot of people we know are swearholes.

We laughed.

Nico: That's true.

We laughed some more.

# Unity and Love of Dolphins and Humans

At the estate we were watching a funny Robot Chicken episode of Robot Chicken. It was called Grand Theft Mario and it was Nico's favorite episode.

(Mario & Luigi are driving on their Kart along the road.)

**Luigi** : Oh no, Mario! The bridge, she's-a closed.

(The bridge is out. So, they turn to a different path. They come to a fork in the road.)

**Mario** : Uh, which way-a should we go?

(They choose the right path. When they enter Vice City from the *Grand Theft Auto* series, their Kart's right front tire blows out.)

**Luigi** : OH, LOOK AT THAT! We got a flat tire!

**Mario** : Look! A repair garage. I'll pull in there.

(The Mario Brothers enter the garage. When they come out, they are in a different car.)

**Mario** : Ah! Mamma mia! Luigi, we've got a pimped out ride!

(The car lifts on its wheels, and the Mario Brothers drive over to a parking meter and stop.)

**Luigi** : We need-a some coins, Mario. We have-a no money.

**Mario** : Leave-a it to me!

(Mario goes under a brick building. He tries to smash it to get coins, but just bangs his head instead. Luigi rushes over.)

**Luigi** : MARIO! Are you okay?! Oh, look. It's a turtle! (A little girl is walking her turtle on a leash. Luigi, thinking it is a Koopa Troopa, jumps and kills it.)

**Little Girl** : WHAT ARE YOU DOING?! YOU JUST KILLED MY TURTLE!

**Luigi** : Oh, my god! Uh, I'm-a so sorry!

(Five "Most Wanted" stars appear in the top of the screen. One fills in. A policeman arrives on the scene.)

**Cop #1** : Hey, what's going on here?

**Mario** : LUIGI! Let's get out of here!

(Mario and Luigi flee the scene. Another star fills in as the cop shoots at them. The Mario Brothers drive up to a hooker and mistake her for Princess Peach.)

**Mario** : Look, Luigi! It's the princess! (to hooker) Princess, you must-a come with us!

**Hooker** : I'll suck your dick for fifty bucks.

**Mario** : PRINCESS!

**Luigi** : Do you accept-a coins?

**Mario** : Come on, a-princess! We've got to go!

(They grab the hooker and flee. Another star fills in as a pimp spots them.)

**Pimp** : Uh-uh! Uh-uh! No, that's my girl! (He shoots at them. Mario is wounded.)

**Mario** : OH NO! I'M-A-HIT! WHAT IS THIS?!

**Hooker** : That's blood, baby.

**Luigi** : Oh, Mario! We need to find you some-a mushrooms so you can-a-heal!

**Hooker** : I know just the guy.

(They drive up to some drug dealers. One of them offers a "Magic

Mushroom" to Mario.)

**Dealer** : (gives Mario a Magic Mushroom) This is some really good crap, man.

(Mario eats the mushroom. When he is finished, his eyes swell up.)

**Mario** : (laughs) Wow! I feel-a really good! Look at the pretty colors. Ha-hi! Hoo-hoo! Hee-hee!

(The hooker and the drug dealers all flee. Another star fills in as the Mario Brothers are pursued by the police.)

**Luigi** : Cheese it! It's-a the fuzz!

**Mario** : (thinks he sees coins on the road) Ah-ha-ha! I-a feel so funny! Look, there's-a coins everywhere! Ha-ha! I'm-a rich!

**Luigi** : Mario, no!

(The coins are actually pedestrians as Mario runs over them. The final "Most Wanted" star fills in.)

**Luigi:** No, Mario, no! I think I should-a drive!

(They crash and fly out of the car. Mario snaps out of his drugs.)

**Cop #2** : Freeze! Put your hands in the air! (The Mario Brothers do so. Unfortunately, Luigi has a wrench.)

**Cop #3** : Aaah! He's got a wrench! Take him down!

(The cops shoot Luigi.)

**Mario** : Noooooooooooooooooooo!

**Luigi** : Aaah! Mamma mia! (chokes and dies)

**Mario** : He's-a marinating in his own Ragù! You killed-a my brother! YOU SONS OF-A DOUCHES!

(Mario grabs an M3 submachine gun, killing the cops and then blowing up the police cars. He then also does the same to the helicopter, causing it to crash into a nearby building. The army soldiers and SWAT officers show up.)

**Mario** : You'll never take me alive, you mother- (They shoot him.)

(Mario dies as his blood spills out onto the sidewalk. The screen fades to black.)

(Yoshi is driving on his Kart and comes to a fork in the road from the beginning. He chooses the left path.)

**Yoshi** : Hmmm… Raccoon City. Sounds lovely!

(Yoshi enters Raccoon City from the *Resident Evil* series and a horde of zombies promptly eat him.)

**Yoshi** : What? AAAAH! AAAAAAH!

(The sketch ends, and we were laughing hysterically)

Me: (Laughs) That was so funny!

Nico: Yeah it was!

Laney: That was scary and crazy.

Lincoln: Yeah it was.

Me: But I've always hated that series Grand Theft Auto because of it's bad themes.

Lola: Yeah.

Me: But I would never play it even if you paid me.

Nico: Good.

Then the alarm went off.

Me: Uh oh.

We went to the computer and saw that Japan was under attack. The source of the attack was Koko and her partner Mamodo, Zofis.

---

**Koko** is an 18-year-old poor girl and the Book Keeper of the Mamodo Zofis. Koko is a warmhearted person and Sherry has became her best friend because she saved the rich teenager from the death and gave her a reason to keep living while they were children. However, when Zofis manipulated Koko's heart to help him on the Mamodo Battle, Sherry entered the battle with the sole intention of rescuing her.

When Sherry suffered heavy abuse from her strict mother and attempted suicide because of it by jumping off a bridge during a rainstorm, Koko saved her life by jumping into the river and pulling Sherry out. Koko then gave Sherry the will to live on when she told her to not throw her life away when times were harsh because she would never find the happiness waiting for her when she got older if she did, and that there was always light at the end of the darkness. From then on, the two were best friends to each other, and though Koko grew up in poverty and lived on the streets and Sherry grew up in a world of privilege, they vowed that someday they would both find happiness in life.

As they grew older, though, both Koko and Sherry continued to live separate lives, but remained friends. However, throughout her life, Koko was the target of immensely harsh treatment from her fellow villagers due to her financial status; because she was poor, her family was forced to steal in order to gain the little food and comfort they had, and Koko herself was labeled as a thief because of it, even though she was innocent. Realizing that she would never be worthy in their eyes, Koko chose not to give in to despair or the harsh judgments of her neighbors and focus all of her energy into her work and studying for school. When Koko was finally accepted at a prestigious college, Zofis appeared and told her about the battle for Mamodo King, and offered to help her get revenge on the city that she suffered in. However, Koko, being the gentle person she was, refused to join Zofis in battle, as she was incapable of hurting others. With this, Zofis unleashed his manipulative powers in order to control Koko's mind by bringing all of her painful memories to the forefront and transform her once warm heart into a cold one; with this, the once-kind Koko unwittingly teamed up with Zofis, now just as cruel as him.

Koko brainwashed by Zofis as long as I have this power no one can never hurt me ever again -Evil Koko.

Koko's first act of cruelty was using her spellbook to take revenge on everyone who has ever been cruel to her, and destroying her own village. In the early stage of Zofis's control over Koko, Koko displayed a degree of insanity, as she could do nothing but smile and laugh over her newly acquired "power" and at the destruction of her town, and the only thing her mind was focused on was avenging herself for all the cruelty she suffered throughout her life.

When Sherry appeared before her and tried talking with her, Koko stated that as long as she had the power Zofis gave her, things such as university and work no longer matter, as she was happy that she could now make a new life for herself by eliminating those who mocked her and that if Sherry stood in her way, she would share the same fate. After a failed attempt on Sherry's life, Zofis took Koko with him to aid him in his plot to become Mamodo King; from then on, Sherry's main purpose was is to find Koko and defeat Zofis, so Koko could be released from Zofis' mind control powers and turn back into the friend that Sherry once knew.

Koko appeared again months after the incident along with Zofis (disguised as Milordo-Z) collecting the stone tablets that held within them the Ancient Mamodo, as well as present-day Mamodo to lead them. At this time, Koko appeared to act more in control compared to when she was first brainwashed, but because Zofis's control on her was still in effect, Koko was completely coldhearted; she continuously supported Zofis in his plot to use the Ancient Mamodo to eliminate the remaining competitors in the present-day battle for king, usually by hiding in the shadows while unleashing Zofis's spells on their enemies. She also received new clothes that reflected the lavish lifestyle she wished to lead. Eventually, she encountered Sherry again, and explained that Zofis wasn't controlling her heart in order to make her do bad things, but instead she performed those cruel actions of her own free will and that she enjoyed being with Zofis, because he gave her a chance to change and become the person she really was. Koko revealed to Sherry that for all the time they knew each other, no bond of friendship ever existed between the two of them, that Koko always hated Sherry because of their opposing positions in life - Koko being poor and Sherry being rich. To compensate for this, Koko continuously sought out her own special talent, something that she could always beat Sherry at, but Sherry always proved to be better than Koko in whatever activity they performed, further increasing Koko's hatred of Sherry and her life. Koko then claims that during Sherry's tenth birthday party, in an attempt to make Sherry miserable, she stole a priceless heirloom necklace and left a clue - Sherry's handkerchief - to make it look like Sherry was responsible; the scheme worked, as the police viewed Sherry as the only suspect, believing her actions to be stemmed from rebellion against her overbearingly strict parents. Sherry, at first, refuses to believe Koko to be responsible for the theft, as the real Koko was incapable of something so evil, but it is proven true when Koko show the necklace, leaving Sherry's spirit broken and Sherry herself unable to cast spells, giving Zofis the advantage.

Sherry continuously tries to deny that Koko stole the necklace and that she had carried a grudge against her for all the time they knew each other, but finds herself less convinced with every second, not knowing what basis she has to say it's a lie. (Zofis is surprised, and mentally reviews the forged necklace to try and remember where he might have erred in it's creation.) As she cries, her tears land on one of her rings, cracking it; this allows her to faintly hear Koko's voice and remember back to her tenth birthday party. Koko gave the ring to Sherry as a present telling her that there is an old legend stating that when people are going through hard times, it was the work of unseeable evil spirits playing tricks on them. The rings, which were carved out of wood and painted, could chase away those evil spirits because it was said that wood had the power to repel them, and the sun and the moon symbols painted on them represented the light of the real sun and moon that would shine on and protect them during hard times. Sherry then realizes that when Koko showed her the necklace, she actually wanted Sherry to look at the earrings she wore, which were created and decorated in the same style as Sherry's rings, the sun and the moon symbols crafted just the same. Sherry then hears the voice of the real Koko, begging Sherry to save her; with this, Sherry becomes free of her doubts and vows to save Koko once again. Despite Koko's harsh words, as zofis finds out that sherry been distracting the girl as becoming more shocked that her heart was not fully of hatred that koko is force and order to be spoken he force her to show Sherry the necklace which koko did but Sherry is convinced of the real Koko's kindness which she wanted her to see that the earrings telling zofis that the necklace was fake sherry tells him that rich people like her is not interested in fake jewelry which he was more shocked to tell sherry that he copied the same exactly necklace from her memory however koko panic and jump from the cliff to perform a commit suicide which at the end sherry eventually wins the battle.

With Zofis's defeat, Koko is reduced to a temporary comatose state, but Zofis laughs, explaining that for his final revenge on Sherry and Brago, Koko will never find happiness. He explained that he implanted a strong darkness in Koko's heart that, when mixed with her painful memories, resulted in the creation of an alternate, fiendish personality for Koko, the one that assisted him for so long. The evil Koko would disappear when Zofis's book was burned, and Koko would return to her original, kind-hearted self; however, because Koko received a special form of mind control that allowed her to retain her free will, she would also retain the memories of her evil self and all the numerous crimes she committed along with Zofis. Because Koko was a gentle person, it was inevitable that when she remembered everything, Koko would be so overcome with guilt that she would eventually lose the will to live on, but after being frightened by Brago which also finds out that he been afraid of him since day one and the mamodo world as well, Zofis submitted to Sherry's demands and erased Koko's memories of the battle for Mamodo King.

Koko was then taken to a general hospital in France; after awakening, she was told a cover-up story: that when her village was attacked by an evil person, she fainted from shock and was left unconscious for several months. Sherry then met with her, and after telling Koko that she submitted a leave of absence and that Koko could go to college when she got out of the hospital, and that the evil person that attacked her village was gone forever, Koko confronted Sherry, asking if Sherry had saved her again. Koko admits that even though she didn't remember anything, she knew that Sherry saved her from the evil one because she had always saved her and helped her through hard times even though Sherry was suffering a great deal more. Koko thanks Sherry for this, and the two friends tearfully embrace each other.

Koko is not seen or mentioned again for the remainder of the series in both the anime and manga, but it is assumed that she is now in college and beginning her new life.

---

Me: Lets head out to Japan!

Kiyo: So Koko is causing trouble.

Me: Lets go!

We were off to Japan.

---

We were flying over Japan.

Cut Man: How do we know Koko's even still alive?

Me: We'll find out when we get there. I can sense where she is with her energy signal and her brainwave activity.

Nico: Well we must be close. Because look here.

We arrived and we saw much of the city completely destroyed and on fire in a raging inferno.

Me: Whoa! Her Mamodo is making her do this.

Kiyo: Yeah.

Kiyo told us everything.

We gasped in shock!

Me: We got to save her. Come on!

We went to find her and we found her and Zofis destroying a park.

Kiyo: Koko!

We landed.

Mrs. Puff: Koko, stop this right now!

Koko: Why!? So you can all push me around like so many others!?

Me: What the hell are you talking about!?

Zofis: She will not listen to you bullies ever again.

I sensed that Zofis brainwashed Koko into believing that the world was out to get her and he is making her destroy everything!

Me: You poisoned her mind with lies!

Wildrider: Let Koko go or we'll make you!

Zofis: Try me!

I fired a blast of energy and it hit Zofis and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Zofis got up.

Koko: (Echoing) RADOM!

Zofis fired a blast of energy and it hit me and exploded in a massive fiery explosion!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Zofis: That oughta shut you the fuck up!

Me: (Divine Fiery Echoing Voice) **Nice try Zofis!**

The smoke blew away and I was in my Super Angel-Ebonwu-Phoenix 100,000,000 form and I was completely unscathed.

Nico: You did it now!

Koko: I will kill you all!

Eli then had his sword blade ablaze and he went at Koko. She defended herself with her book but Eli slashed the book in half and it lit on fire with purple flames!

I fired a blast of rainbow energy and it hit Zofis and knocked him down.

Nico: (to Zofis) Ok. You're free to go.

Zatch: You're just letting him off?!

Nico: We're in a good mood today.

Smokescreen: (to Zofis) Next time you try doing what you did to Koko, remember this small act of mercy. Along with the fact that we can kill you in seconds.

Me: **But don't expect another act of mercy like this from us again.**

Zofis vanished and went back to the Mamodo World.

Me: **And we freed Koko.**

Varie and Brittney were looking her over.

Koko: (Groans) What happened? My head really hurts.

Varie: You're gonna be fine Koko.

Brittney: You were brainwashed by a Mamodo.

We revealed everything and then Koko was shocked at what she was doing against her will and she broke down crying hard and she was even throwing up her guts.

Varie comforted her as Koko was crying and wailing loudly. Koko's heart was shattered and her mind was broken even though it wasn't her fault. She caused so much destruction and death under Zofis's influence. Ino was gonna be in for a challenge.

We had Koko come with us for help and she deserved a much better Mamodo than Zofis.

* * *

Later back at the estate we were watching TV and I was reading Twilight's Friendship Journal. With us were our newest recruits of the Knights of the Friendship Table: Toola Roola and Coconut Cream.

Nico: That book looks really cool J.D.

Me: It sure is. The lessons on friendship that it shows are amazing.

Varie: How did you get a book made like that for you?

Me: Twilight and Starlight Glimmer made it. It was made from a journal Twilight and the Girls made before the Castle of Friendship formed.

* * *

It shows me and Twilight walking around Ponyville.

Me: (Narrating) It was before Poromon, Poliwag, Horsea and Manaphy's doctor's appointment. Twilight and I were walking around.

[foals laughing]

Me: Boy it sure is a great day Twilight.

Twilight Sparkle: It sure is.

[splat]

Ice Cream hit me and Twilight in our faces.

Me: (Slurps) Mmm! Butterscotch Cocoa.

**Toola Roola** : Oops! Sorry, Princess Twilight. Sorry J.D. That was meant for *her* .

We saw Coconut Cream about to hurl a banana split sundae.

Toola Roola: Incoming!

Me: Hit the deck!

We ducked.

**Twilight Sparkle** : Whoa!

We ducked and the sundae landed on a table where another pony was having a snack.

[clink]

[splat]

**Twilight Sparkle** : Toola Roola, Coconut Cream, what are you doing?!

Me: Yeah what has gotten into you two!?

**Coconut Cream** : That was meant for my *ex* -friend.

**Toola Roola** : I'm not *your* ex-friend - you're *my* ex-friend!

[multiple splats]

They threw desserts at us.

I cleaned myself off and Twilight used her magic.

**Twilight Sparkle** : Both of you, stop!

Me: All right you two that's enough!

**Twilight Sparkle** :… So you see, friendship isn't always easy, but there's no doubt, it's worth fighting for.

Me: That's right.

**Coconut Cream** and **Toola Roola** : Awww! [laughing]

**Twilight Sparkle** : Hmmm. That sounds familiar. [gasps] Come on J.D. Lets head to the castle.

Me: Okay.

We went to the Castle and Twilight Sparkle was looking for something in her library.

Me: What are you looking for Twilight?

**Twilight Sparkle** : You'll see [humming and hmm-ing] No… Aha! Here it is.

She pulled out an old book and it had jewels with the colors of friendship on it in a horseshoe

**Starlight Glimmer** : What is *that* ?

Me: Yeah what's that book for?

**Twilight Sparkle** : Come on, Starlight, don't judge a book by its cover. But this is the friendship journal my friends and I used to keep.

Me: Cool!

Twilight Sparkle: It's filled with all the things we've learned, like: "Friendship isn't always easy, but there's no doubt, it's worth fighting for."

[paper rustling]

A page turned to dust.

Me: Looks like no one touched it in a while.

**Starlight Glimmer** : I'll judge a book by its cover just this once.

**Twilight Sparkle** : [grumbles]

Later Twilight had all the Mane 7 come.

**Twilight Sparkle** : Thanks for coming, everypony. I've got a surprise

for you.

**Fluttershy** : What is it, Twilight? Do I need to prepare myself?

**Twilight Sparkle** : It's this!

[magic zap]

Twilight Sparkle beamed the book in and onto the table.

**Rarity** : Ugh, what is that thing? Why is it so smelly?

**Pinkie Pie** : Wait a minute. [gasps] Is this our old friendship journal? I haven't seen this thing in forever!

Sunset Shimmer: I didn't know you had that guys.

Me: It's a really interesting book and it's very inspirational.

**Applejack** : Hoo-wee! It's lookin' a little, uh… overripe.

**Rainbow Dash** : I'll say!

[pages turning]

Rainbow Dash found a smushed apple in the book.

**Rainbow Dash** : There's a smushed apple in Applejack's lessons.

[page turns]

**Rainbow Dash** : Fluttershy's lessons are so small, you can barely read them.

I saw them.

Me: Yeah I'll need a magnifying glass for that.

**Fluttershy** : I, uh, wanted to leave room for all of you.

[pages turning]

**Rainbow Dash** : I-I don't even know what *this* is.

**Rarity** : It is called *calligraphy*, darling. If you're going to make words, at least make them fabulous.

I looked at them.

Me: Very stylish and creative.

[page unfolding]

**Applejack** : Looks like you got a little aggressive with your friendship lessons, Rainbow Dash.

**Rainbow Dash** : What can I say? When I learn something, I learn it hard.

Me: Wow. No kidding.

[confetti explodes]

**Rainbow Dash** : [unimpressed] I found Pinkie's page.

Me: (Laughs)

**Pinkie Pie** : [giggles] Well, I *am* surprised!

**Twilight Sparkle** : That wasn't the only surprise.

Starlight Glimmer used her magic and zapped the book and she made more books and made perfect copies of them.

**Twilight Sparkle** : Ta-da! Starlight and I decided to make one for each of you!

Me: Cool! Thanks Twilight!

**Applejack** : That's amazin'! A perfect copy!

**Starlight Glimmer** : I learned the spell years ago when I needed to make copies of a certain- [long pause] [clears throat]… manifesto

**Rarity** : [sniffs] Ahhh! Even better than a perfect copy.

**Fluttershy** : Oh, I'd forgotten all about this lesson.

**Rainbow Dash** : [laughing] Remember this one from when I helped Daring Do? "Never underestimate the power of friends who always got your back."

Me: That's a really good lesson that I follow with incredible heart and passion.

**Pinkie Pie** : Aww, Cheese Sandwich! Party cannon! Ah! *Birth-iversary!*

**Starlight Glimmer** : After Twilight remembered the journal, I had so much fun reading all the stuff you've all learned, I just had to have my own copy.

**Twilight Sparkle** : And that brings me to the second part of the surprise. My idea. How would you girls feel about making our journal available for everypony? If we can get these lessons into other ponies' hooves, maybe they'll benefit from them.

**Fluttershy** : Well, I think that's a great idea.

Me: That's a brilliant idea Twilight and you can give one to all of us in the team too.

**Pinkie Pie** : I'm in! Yay!

**Applejack** : W-We always said we wanted to.

**Rarity** : Sounds fabulous.

**Rainbow Dash** : [laughing] I'm awesome.

[pause]

**Rainbow Dash** : Oh, yeah. Uh, good idea.

Sunset Shimmer: I think it's a great idea.

Me: I agree.

FLASHBACK ENDS

Me: And that's how we made the book and how we got one. It's really inspirational and educational.

Nico: Boy it sure is.

The alarm went off again.

Me: Uh oh.

We went to the computer and we saw that there was a disturbance in the western Pacific Ocean.

Me: Lets go!

We were off to the Pacific Ocean.

## WESTERN PACIFIC OCEAN

We were on a boat in the western Pacific Ocean.

Me: Wow. It's so beautiful out here.

Lincoln: It sure is.

Laney: Wow. You can see everything out here.

Applejack was hurling her guts out over the side of the boat.

Applejack: (Groans) I don't have my sea legs.

Laney: Here Applejack.

She gave her sea sick remedy.

Applejack: Thanks Laney.

She drank it.

We then heard a splash and we saw a dolphin.

Miranda: Look at the cute dolphin!

Ecco: I'm not just a cute dolphin.

Me: WHOA! You're Ecco the Dolphin!

Ecco: That's right. It's an honor to meet you Team Loud Phoenix Storm.

Sonic: Hey Ecco it's great to see you again.

Ecco: You too Sonic.

Me: I loved playing all your games ever since I was little.

Ecco: I'm honored that I have some fans.

Carly Atlas: You know this cute dolphin, Sonic?

Sonic: I sure do. He and I are great friends and he helped me and my friends several times in dealing with some of the schemes of Dr. Robuttnik.

Eli: I remember all that.

Chris Thorndyke: That's right. I remember all that. That was so cool.

Nico: Wow!

Me: That's so cool.

Sapphire Shores: It sure is and I love dolphins. They are awesome.

Sweetie Belle: They sure are.

Vice: What brings you here, Ecco?

Ecco: I'm glad you all are here. I need your help.

Sonic: What's the problem?

Ecco: My entire pod and my friends have been taken into the sky by a sky maelstrom.

Eli: There's only one race I know that has the power to do such a thing: THE VORTEX!

Shanan: Those evil aliens that are out to destroy all humans and dolphins so they can take over the world?

Eli: Yep.

Eli told us all about them.

The **Vortex Queen** is the main antagonist of *Ecco the Dolphin* and was the leader of a vastly powerful alien species known as the "Vortex".

History

In the original Ecco and his pod are swimming in their home bay. The Foe podmate challenges him to see how high into the air he can jump. When he is in the air, a waterspout storm forms and sucks up all marine life in the bay except Ecco, leaving him alone in the bay. Upon leaving the bay to search for his pod, he contacts several dolphins from other pods, who tell him the entire sea is in chaos, and that all marine creatures had felt the storm. After talking to an orca, Ecco travels to the Arctic to find a blue whale named The Big Blue. The Big Blue tells him such storms had been occurring every 500 years and directs him to the Asterite, the oldest creature on Earth. He leaves the Arctic and travels to a deep cavern where he finds the Asterite. Although it has the power to aid him, one of its globes is missing, and needs it returned. However, this can only be achieved by traveling back in time using a machine built by the ancient Atlanteans.

Ecco travels to the sunken city of Atlantis, where he discovers the time machine and an ancient library. He learns the cause of the storm; it was a harvest of Earth's waters that was conducted every 500 years by an alien species known as the Vortex. The Vortex had lost their ability to make their own food, and so every 500 years, they would harvest from the waters of Earth. Learning this, he activates the time machine and travels 55 million years into Earth's past. Ecco locates the Asterite in the past but is immediately attacked by it. Forced into battle, he manages to dislodge a globe from it.

This opens a time portal and he is sent back into the present. After receiving the globe, the Asterite grants him the power to turn his sonar into a deadly weapon against the Vortex, as well as the abilities to breathe underwater and to slowly regenerate lost health. The Asterite instructs him to use the time machine to travel back in time to the hour of the harvest. This time he manages to be sucked into the waterspout with his pod. Once inside the waterspout, Ecco makes his way towards the Vortex Queen, the leader of the Vortex race. Eventually, the Vortex Queen is destroyed and Ecco rescues his pod.

However in the sequel "The Tides of Time" Ecco discovers that the Vortex Queen was far from vanquished, and had, in fact, followed Ecco to Earth to build a new hive for herself. Ecco loses his powers from the Asterite early in the game, and soon after meets a dolphin with unusually long fins. She is his descendant, Trellia, and takes him to the distant future. In the future, dolphins are shown to have evolved helium sacs, and can therefore fly; they also display limited telekinetic powers. The ocean is said to have developed its own mind, as well as waterways that float through the skies (called the Sky Tides) apparently connecting all the oceans of the Earth. After exploring the future for a while, Ecco finds the Asterite.

The Asterite tells Ecco that when Ecco used the time machine to save his pod, he split the stream of time in two. One possible future for Earth is this bright, happy future of flying dolphins; the other is a dead, mechanical world, sucked dry by the Vortex. The Asterite refers to Ecco as "the stone that split the stream of time in two". The Asterite itself had been 'killed' in the past by the Vortex Queen; how it is able to talk to Ecco is not explained until later. The Asterite returns Ecco to his own time after their conversation.

Back in his own time, Ecco must piece the Asterite back together by bringing the globes that make up the creature back together. The final pair of globes have been taken by the Vortex to their future; Ecco must therefore go there and retrieve them so that the Asterite can help him defeat the Vortex once and for all. The Atlantean time machine is not an option as it only allows travel into the past. Ecco makes his way to the "Lunar Bay", which the Vortex have claimed as their own. Two Vortex drones then capture Ecco and take him to their future.

The Vortex future is shown to be full of strange machines, reminiscent of the final levels of Ecco the Dolphin. Ecco eventually locates the Asterite's last two globes held in a chamber called the Globe Holder. After freeing the globes from a bubble-chained holding device, another time portal returns Ecco to the present.

With the Asterite complete again, it is able to bestow upon Ecco the same powers that it had previously given him - breathing underwater and a song that can destroy the Vortex. It also calls all of Ecco's fellow Singers to help in the fight against the Vortex in the now-transformed Lunar Bay. Ecco himself fights the Vortex Queen after fighting his way through another crushing Vortex Machine; however, she again escapes, reverting to a larval state and bolting for the Atlantean time machine. The Asterite tells Ecco to destroy the time machine to prevent the stream of time from ever being split again. The Vortex Queen, arriving in ancient Earth after using the time machine, finds creatures she cannot rule over, and through the aeons, the Vortex are forced to simply integrate into the ecosystems of Earth as exopods and arthropods (ants, scorpions, roaches, crabs, lobster, spiders, etc). Ecco, instead of destroying the time machine, uses it and disappears into the Tides of Time.

* * *

We gasped in shock!

Me: That is absolutely horrible!

Nico: I've heard about the Vortex. Even the Saiyans were at battle with them years ago.

Goku: That's awful.

Me: No kidding.

Lola: We got to stop them and rescue all of Ecco's friends and anyone they have prisoner.

Lincoln: Yeah.

Rex Goodwin: Me, Kalin, Carly, Misty, Devack, and Selene will go with you all to help rescue Ecco's friends.

Me: Thanks Rex. We owe you guys one.

Carly: You're welcome.

Misty Tredwell: Glad you're leg is all better.

Me: Thanks Misty. Accidentally kicked Chandler in the balls and broke his pelvis.

Lincoln and Clyde and Laney laughed.

Laney: Serves him right.

Nico: Yeah. But I guess your kicks got stronger because of it.

Me: Yeah.

Golden Queen: Those Vortex aliens will be brought to justice!

Me: And destroyed. They pose a tremendous threat to the world and ocean planets everywhere.

Skyla: That's right.

Lincoln: We'll make them pay.

Me: We have to go after the Vortex Queen. We kill her, the entirety of their race goes.

Laney: This is gonna be good.

Me: Lisa, deploy the U.S.S. Valorous Phoenix.

Lisa Loud: Affirmative!

We got into our ship and we were off.

---

The U.S.S. Valorous Phoenix was flying through the voids of space.

Me: Captain's Log, Stardate 2899.4: Team Loud Phoenix Storm is en route to find the ship of an evil race of aliens called The Vortex and we're going to find them and destroy them. Our mission is to rescue the pod of Ecco the Dolphin and any prisoners that are on the ship of the Vortex.

Lincoln: I can't believe these aliens are that dangerous.

Starfire: Yes. They are widely feared on Tamaran.

Nico: That's bad.

Me: Lisa, keep your eyes out for anything out of the ordinary.

Lisa Loud: Aye sir.

Devack: Let's keep an eye out for any sign of the Vortex aliens.

Me: We'll know where to find them.

Lisa: J.D. sensors show a huge Vortex Mothership off the starboard side.

Me: On screen.

The viewscreen turned on and it showed a huge mothership.

Me: That's it. Red Alert! Man your battlestations!

The alarm sounded and we got ready.

Lea: They might send out their ships to attack us.

Me: Then we have to be prepared.

Nico: And here they come!

They sent many ships out to attack us.

Me: Shields up! Fire at will!

We fired lasers, proton torpedoes and phaser blasts and energy and element blasts and they were blowing them apart all over the place.

Misty Tredwell: We need to blast a hole in that ship!

Me: We can blow a hole into it with a proton torpedo blast. Fire!

We fired a Proton Torpedo and it hit the side of the ship and blasted through it in a fiery explosion.

Me: Lets board and blast! Nathaniel you have the con.

Nathaniel: Right.

We hooked up a docking tube and went for the ship and went in.

Me: We're in.

Nico: This is gonna be be good.

Commander Mars: Let's free Ecco's friends first.

Me: Right good idea.

We searched the ship and found the cages and inside them were many species of dolphins and there were even people too!

Man: Get us out guys!

Me: Hold on guys. We'll get you out.

We blasted the cage doors and freed the prisoners and freed the dolphins and put them in our ocean habitat on our ship.

Selene: Are you all ok?

Man 1: We're all fine thanks to all of you.

Girl 1: We all owe you our lives.

Me: You're welcome.

Nico: Get onto our ship so we can get ready to take you all back. We need to take care of the one who did this to you all.

Man 2: Show no mercy guys.

Me: With pleasure.

The prisoners went through the docking tube to our ship and they were all safe.

Volcana: Now to find the queen.

Me: It's time us to Crown a Queen!

We went to find her.

In the main control room of the ship we blasted a hole in through the door to the room and a massive vortex of fire and darkness blasted through. And we appeared. We saw the VORTEX QUEEN AND SHE WAS UG-LY AND HUGE!

We were looking into the face of pure evil and we saw that she was one of the ugliest sights we had ever seen.

Me: YOU ARE ONE UGLY MOTHERFUCKER!

Vortex Queen: **Team Loud Phoenix Storm, welcome.**

Me: Why are you doing all this!? What have humans and dolphins ever done to all of you?

Kalin: Yeah! What did those dolphins and us ever do to you?

Vortex Queen: **They are a menace to our people! The Dolphins of the sea and the Humans of the Land make us sick and they all must be destroyed so that we the Vortex can conquer your world unimpeded.**

Me: You make me sick queenie!

Bridgette: Dolphins are our friends and they have a right to live like we do!

Vortex Queen: **NO! Humans and dolphins do not deserve to exist!**

Me: You have no right to decide that!

Then there was a blast of energy and the Vortex Queen was frozen in place.

Kaos, Firefly, Deker, Demyx, Roman Goodwin, The U-Foes and Captain Cold then appeared.

Me: Kaos, Firefly, Deker, Demyx, Roman and Captain Cold. And the U-Foes thank you for coming.\

Kaos: I, Kaos, don't mind dolphins.

Firefly: Me neither. They're very harmless.

Deker: (to Vortex Queen) I bet you were planning to eat all those captive dolphins.

But the Vortex Queen didn't move at all like she was unresponsive or frozen in time.

Flip Wreck: I hate this freak! And I can't believe that she would do such despicable things. I'm a dolphin myself and I have feelings too.

Ecco: I feel you brother.

Me: And dolphins will always be our friends.

Kaos: Indeed they will.

Vector: Ok, J.D. Why did you call the four of us here? It's not our turn today.

Me: I know. I'm well aware of that. But I have an awesome comparison I would like to point out and it involves me, Carol, Vince and your archnemese's The Fantastic 4 here.

X-Ray: And what would that be?

Me: It's that we all got our powers from the same source.

Vince: Yep. Me, Carol, J.D., the Fantastic 4 and yourselves all got our powers from Cosmic Radiation.

Me: Yep.

Ironclad: WOW!

Vapor: That is a good analytical finding.

Me: Yep. I picked us for the extra battle we're gonna have with you guys to point out that reason.

Vector: I see. That's a good reason.

But then…

KRABBBOOOOOOMMM! KRABBBBBBOOOOOOOOOOOMMM! KRABBBBBBOOOOOOOOOMMMM! KRABBBBBBOOOOOOOOOOOOOOOOMM!

Massive fiery explosions went off in front of us and flying in on a cannon hoverbike was Yuma's friend ANNA KABOOM!

---

**Anna Kaboom**, known as **Anna Kozuki** (神月 (こうづき) アンナ, *Kōzuki Anna* ) in the Japanese, French and Italian versions, is a character that appears in the *Yu-Gi-Oh! ZEXAL* anime.

While in elementary school Anna was a tough girl who protected bullied children, in addition, she had a soft side and had a crush on "Yuma". Before she transferred schools, she wanted to confess her feelings to Yuma, but he never showed up due to how she constantly mistreated him. It is later revealed that the boy Anna actually had feelings for was a different boy with a similar name to Yuma's, Kumo Tsuyuma.

Anna was taught how to Duel by Brooke Walker. She promised Anna that if she could beat her, then she'd do what ever Anna wished. She later attended the wedding of her friend and her husband, Mayday Walker, managing to catch the bouquet. Anna then looked in the bouquet to find the "Devoted Love" card, which

Brooke said would assist Anna in finding her true love.

## World Duel Carnival Preliminaries

On the morning of the World Duel Carnival, Anna arrived in Heartland City via the train line. She was later seen observing the introduction to the tournament alongside Duelists such as Charlie McCay, Quattro and Reginald Kastle.

Later that day, Anna assaulted Yuma and Tori with her flying cannon, but continuously missed due to their swift tactics, despite doing it several times. When Anna finally managed to corner the duo, she fell off of her cannon and Yuma suggested that they Duel instead; if Anna won, then Yuma would become her boyfriend. Despite Anna's reckless and brute tactics through cards such as "Rocket Arrow Express" and "Superdreadnought Rail Cannon", Yuma managed to defeat her with his new Xyz Monster, "Temtempo the Percussion Djinn". After the Duel, Tori revealed to Anna that Yuma isn't the boy she was after, it was Kumo Tsuyuma. Since Anna did not officially enter the tournament, she could not give Yuma a Heart Piece for winning the Duel, therefore she just flew off on her flying launcher in anger. However, in the end she did develop feelings for him, first loving, then hating him after hitting her head while thinking about him.

## World Duel Carnival Finals

Anna ambushed and tied up one of the WDC finalists and concealed her identity under a cloak, entering the finals in that person's place in an effort to meet with Yuma again. She then got onto one of the Duel Coaster carts and sped off with the other finalists, leaving Yuma behind.

Later on Anna arrived to save Yuma when the Triad of Terror gang up on him and managed to protect him at first. However, the Triad's various team formations cornered her as well up to the point of defeat if it hadn't been for the appearance of Nistro who evened out the battlefield. After Yuma defeated Coyote, Anna and Nistro helped him defeat Jackal by allowing him to Summon "One-Eyed Skill Gainer". However after this, Wolfsbane tried to defeat Yuma with a direct attack which Anna intercepted, causing her to lose the Duel and fall off of the Duel Coaster. She was rescued by her flying launcher, however. Her sacrifice enabled Yuma to defeat Wolf. She wished him good luck in the finals and flew off.

## Barian Invasion

During a festival hosted at Heartland Academy, Anna blasted a hole into the Monster Cafe held by Yuma and his friends, annoying Tori. Anna then laughed at Yuma's cosplay of "Temtempo the Percussion Djinn". Ray Shadows then burst into the room to inform Yuma that Brooke and Mayday Walker, a professional Tag-Team were entering the tournament and that Brooke would retire after that. Upon hearing this, Anna threatened Ray to see if he was telling the truth. Despite wanting to enter, Jen and Summer informed Anna that only students at the school could Duel against the pair. Upon hearing this, Anna stole Tori's school uniform in order to pass as a student at the school. She then forced Yuma to be her tag partner with her cannon. As the Duel began, Anna and Yuma began bickering, which greatly affected their Dueling performance, resulting in the destruction of Anna's "Superdreadnought Rail Cannon" as well as having to face off against the pair's "Skypalace Gangaridai".[3] As the Duel continued, Anna's selfishness continued to diminish any attempt at teamwork such as Tributing Yuma's "Gauntlet Launcher" via "Upgrade" to revive her "Gustav Max", which was later destroyed again by Brooke's "Chaos Xyz", "CXyz Skypalace Babylon". Despite this, Yuma saved Anna, taking a large amount of damage in doing so. This made Anna realize what Brooke meant with the "Devoted Love" card, which Anna used later on, allowing Yuma the chance to Xyz Summon "Number C39: Utopia Ray V", winning them the Duel. Afterwards, Brooke told Anna that the reason she's quitting Dueling is because she's pregnant (in the dub, she retired to become a teacher). She then encouraged Anna to be Yuma's girlfriend and pushed her towards him, calling it a "direct attack" which accidentally caused the pair to fall down a flight of stairs.

## Barian Emperor Onslaught

After Mr. Heartland was defeated, the Seven Barian Emperors arrived together on Earth in front of Yuma. Together, they Barian Battlemorphed. Yuma was then rendered unable to Duel when the Emperor's Key reacted with Nash's Barian Emblem. Subsequently, Roku and Kaze arrived and pelted the Emperors with smoke bombs, allowing Yuma's group to escape. The Emperors gave chase and Anna arrived, assaulting Mizar with her cannon. He blocked the blow, with Anna telling him she won't let him lay a finger on Yuma no matter what. Mizar responded that he won't forgive anyone that gets in his way. Anna claimed that unforgiveness was her line, but was interpreted by another figure saying the same thing. It was Nelson Andrews still acting in his Star Sparrow persona, saying it was time for another "grand feast of justice". The two joined together to confront Mizar. Later in the Duel, Mizar performed a Chaos Draw alongside the other Emperors. He used "Rank-Up-Magic - The Seventh One" to bring out "Number C107: Neo Galaxy-Eyes Tachyon Dragon". Anna told him to bring it on, saying she'd protect Yuma no matter what. The dragon defeated both her and Nelson and she expressed disdain for her inability to protect Yuma as their souls departed for Barian World.

Anna was revived after Nash was defeated by Yuma, appearing on the same spot where she and Nelson were defeated by Mizar. She flew on her cannon alongside Nelson to greet Yuma. Anna flew to Yuma's house to offer her support in the ceremonial Duel alongside her friends, but she accidentally created a hole in Yuma's bedroom wall with her cannon. She watched the ceremonial Duel between Yuma and Astral. Later, Anna enrolled in Heartland Academy as a first-year student.

Eli: Anna Kaboom!

Me: Whoa! She's gone psycho!

Yuma: This is the work of a Number.

Eli: I feel it too!

Anna Kaboom: You mean this?

We saw the Number she had and it was NUMBER 81: SUPERDREADNOUGHT RAIL CANNON SUPER DORA!

We gasped!

Eli: Number 81: Superdreadnought Rail Cannon Super Dora!

Me: Its design is based on the largest rail cannon ever build during World War II: The Schwerer Gustav.

Hunter: (German Accent) Ja. That was the largest cannon ever. 31 inch cannon shells.

Nico: WHOA! That is powerful!

Laney: No kidding.

Me: Largest cannon of that magnitude.

Nico: (to Anna Kaboom) Give us that Number Card before you hurt somebody!

Anna Kaboom: Never!

She blasted Nico with her cannon 4 times and the blasts hit him and exploded!

KRABBBBOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOMMM!

Anna Kaboom: And I will kill anyone that gets in my way from killing Yuma!

Nico was unaffected by the blasts.

Nico: She is completely out of her mind!

?: No kidding!

A figure came out and it was CAT O'CLOCK from episode 17 of Ninja Steel!

**Cat O'Clock** was a cyborg Cat/Watch-themed monster which appears in *Power Rangers Ninja Steel* .

Cat O'Clock was first seen in Galvanax's ship when he accompanied him to make Cosmo Royale and some Kudabots back to work. Cosmo then mentioned a book signing which gave Cat O'Clock an idea and he freezes Cosmo Royale with the Time Remote, which gives Galvanax the idea to freeze the Rangers and steal their Power Stars.

He later witnesses all six of the Rangers fighting off an army of Basher Bots in front of a truck that contains Redbot's books, which gives him the idea to freeze the people by manipulating Redbot's books, he later goes to a high school and freeze both the people and all six of the Rangers with the Time Remote, but it did not freeze Redbot for he was a robot and not a human, much to Cat O'Clock's shock, he attempted to snatch the Ranger's Power Stars, but gets scared off by the White Ranger's dog Kody, after the Rangers were free thanks to Redbot. They battled Cat O'Clock as he summons an army of Kudabots. During the battle he accidentally reveals the secret that can remove the freeze spell from the people, and gets held down by the Rangers with the Ninja Forest Attack and the Claw Shred, allowing the White Ranger to strike Cat O'Clock in the chest with the Arrow Blast. Now angered, Cat O'Clock charges head first, only to be destroyed by the Red and White Ninja Strike Steel Slash Ninja Spin Final Attack.

He was then gigantified, for which the Rangers summon the Ninja Steel Zords to battle the now gigantifyed Cat O'Clock, he was scared off by the Kodiak Zord and bitten in the back, the Red Ranger then summons the Rumble Tusk Zord to ambush him, they then combined to form the Rumble Tusk Ninja Steel Megazord. the Gold Ranger (who was with Redbot to save a young girl name Mary) then joined in as Cat O'Clock fired an eye laser, for which the Megazord reflected and countered it with the Mega Gust, knocking him down. With the Rumble Tusk Ninja Steel Megazord's Double Axe Final Attack, Cat O'Clock is destroyed for good.

---

Me: Never missed an episode.

Numerous Vortex Aliens came and Cat O Clock used his device to freeze the Vortex aliens in place.

Cat O Clock: That should give us time to do the usual battles.

Me: Good thinking. Looks like the cat's out of the bag. No pun intended.

Cat O Clock: Good one.

Me: Lets get them!

We powered up and went at them.

Rarity: But at least we didn't encounter that.

Sweetie Belle: Yeah it was weird.

Sapphire Shores: I'm glad I went on this mission though. The Dolphin is my favorite animal and it is so beautiful.

Roman Goodwin: Let's keep the Vortex ship too.

Me: That's a great idea Roman. You guys can use this ship as your vessel.

Nico: Good idea.

We took the Vortex Ship and went back home.

---

(Treasure Trove Cove from Banjo-Kazooie Plays)

We were on the beaches of Hawaii and we were all having a great time. Ecco was having fun with all of us as he was playing volleyball from the ocean and more.

We were all dressed in our swim clothes. Jessica Shannon had a two piece yellow and black striped bikini, Gluko had a purple bikini, Hilda had a red one piece, Mai Shiranui had a smoking hot red bikini and R. Mika had a blue bikini.

Me: Ahh. This is the life.

Nico: You said it.

Vince: I could come here all the time just to have fun.

Carol: Me too.

But then a bunch of beach punks came up to us.

Punk 1: Hey! Who the hell do you think you guys are coming to our beach!?

Punk 2: Locals only!

Me: The beach is for everyone so go home and whine like babies there.

Nico: Yeah!

Punk 1: Why you fucking little!?

Lincoln appeared and kicked the punk in the face and knocked him down.

Jessica Shannon: You leave him alone you jerks!

Mai Shiranui: Yeah! Who the hell do you guys think you are tormenting J.D. like that?

Punk 1: You stay out of this!

Lincoln: Try and make us!

Punk 2: Oh you will regret saying that!

They had weapons.

Lincoln: Try competing with this. LIGHTNING STYLE: SHOCKING HAMMERHEAD SHARK RAMPAGE!

Lincoln fired a blast of lightning and it formed into a school of hammerhead sharks made of lightning.

Jessica Shannon: STING STYLE: CHAOTIC JELLYFISH STING STAMPEDE!

Hilda: (British Accent) And this will freeze you! ICE STYLE: ARCTIC SEAL FLASH FREEZE!

Hilda fired a wave of ice and it formed into a group of seals from the Arctic.

Mai Shiranui: This will burn. FIRE STYLE: BURNING ORCA BLAST!

Mai fired a blast of fire and it formed into a blazing orca whale.

R. Mika: And this one too. STRENGTH STYLE: GREAT WHITE SHARK CRUSH!

R. Mika fired a punch and it formed into great white shark jaws and they bit some of the punks and the blasts all hit the punks and smashed and burned them down.

They all fired a massive blast of water and it formed into a massive school of the spirits of the ocean and it slammed into the punks and knocked them all out.

Me: YEAH! Nice job guys!

Lincoln: Thanks J.D.

We tied up the punks and the police came and arrested them.

The locals came and they were free to use the beach again and they cheered wildly for us and Ecco cheered too.

Nico: You punks have failed this beach.

Me: Yes they have.

Ecco: (To the viewers) Never mess with the freedom and rights of animals everywhere or there will be big trouble from me and all of Team Loud Phoenix Storm.

Lola: You said it Ecco.

They jumped and high five.

THE END

Another awesome fanfiction complete.

Ecco the Dolphin is one of my favorite games and it's been one of my childhood favorites since I first played it on Game Gear ages ago. It was so cool! The next Number is gonna be Number 56 and that one is gonna be in the hands of a random criminal that is robbing banks all over the country like wildfire and is on the FBI's most wanted list. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Hope you all like sausages and weiners because next up is my first Ren & Stimpy chapter and it's gonna be where we help Ren & Stimpy become filthy rich in the weiner industry of Canada and we're gonna get them a lot of money and help get them an awesome new home with us.

See you all tomorrow.

# Sausage Billionaires

At the estate we were watching TV and I was getting the computer ready to show Mario and his friends the video we saw on the Robot Chicken episode based on him.

Peach: What is it you guys want to show us?

Eartha: Well, it's best if you see for yourselves.

Me: You guys are gonna think this is crazy. It's a Robot Chicken of Super Mario.

I pulled up the cartoon on the computer and played it.

They watched the video and it was one crazy video. Grand Theft Auto met Super Mario. Lethal combination.

Luigi: (Italian Accent) I would-a never mistake a turtle for a Koopa Troopa!

Leonardo: That's good. Me and my brothers might be turtles but we're not Koopas.

Me: And that is good.

Nico: Yep.

Bentley: And I'm a turtle myself. Thank goodness you don't mistake me for a Koopa.

Mario: That's-a true.

Mario: Why did I go crazy after eating those mushrooms?!

Triggerhappy: Well, in some parts of the world, mushrooms are drugs.

Me: That's right. Take it from Brian and Homer. You both know what that's like.

Brian: Yeah I sure do. I can't believe I was like that.

Homer: I had Guatemalan Insanity Peppers and they made me act like that.

Me: Those were crazy.

Armada Hoist: I think that video teaches us an important lesson.

Applejack: And what is that?

Me: Never do drugs and NEVER go to Vice City or there will be big trouble.

Nico: Yep.

Lincoln: Vice City is a cesspool of evil and villainy.

Naruto: It sure is. That city could very well be the most lawless city in the country.

Me: Yep. The crime rate is off the charts.

Lincoln: Yep.

Coconut Cream: Boy that city sounds like a horrible place.

Toola Roola: No kidding.

Apple Bloom: It sounds horrible.

Me: Yep.

* * *

Later I was over in Twilight Sparkle's castle with Starlight Glimmer. Twilight Sparkle and Starlight Glimmer were gonna test me to see how much I've learned in the worlds of Equestrian Magic.

Twilight Sparkle: You've been doing great with our magic J.D. But now it's time for a real challenge.

Me: Bring it on girls. I'm always up for an awesome challenge.

Where do we start?

Twilight Sparkle: Teleportation. Multiple Locations.

Starlight Glimmer: Try to keep up.

They vanished in flashes of magenta and aqua green light and my hands glowed red and I vanished in a flash of fire. We reappeared flying over Ponyville. We teleported again and appeared in the forests of Oregon. Next we teleported into the ocean. Then into the Grand Canyon. Then into the caves of Carlsbad Caverns in New Mexico.

Back at the castle it was time for the Transfiguration spell.

Twilight Sparkle: Transfiguration!

Twilight fired a beam and turned an apple into a nest full of eggs and one of them hatched.

Me: Cool.

I fired a beam of red energy from my finger and turned a bunch of books into a teacup. We turned lots of things into stuff. A quill and ink into a top hat, a candle into a carrot dog, a book into a watermelon, a scroll into a teapot, etc, etc.

I blew smoke off my finger.

Twilight Sparkle: Shields.

Me: Oh this is gonna be fun!

Twilight Sparkle fired a beam and I formed a red magic version of Captain America's shield.

I fired a beam of fire beam at Twilight and she formed a magic force field dome and numerous beams hit her. Twilight flew into the air and fired a huge beam of magic at me and I encased myself in a diamond of fire and the blast pushed it back and I had the diamond explode and blew all the books in the library onto the floor and Twilight and Starlight protected themselves in force fields. When the magic cleared everything was a mess.

Me: YEAH! I am on fire baby!

Twilight Sparkle: Wow! You have come a long way J.D.!

Me: Sorry about that Twilight. You guys aren't hurt are you?

Starlight Glimmer: Nope. We're all right.

I snapped my fingers and all the books were back on the shelves in their proper places.

Me: I know more than just the spells I learned from you two. I can do this.

I concentrated and a ring of fire appeared around my feet and I fired a blast of fire that turned into a fire dragon and I had it spin around and do tricks and the dragon hit the floor and grew amazing red, orange and yellow crystal clusters.

Twilight Sparkle and Starlight Glimmer were awestruck.

Twilight Sparkle: How did you learn that!?

Me: Mistmane taught me that one. I also learned a massive plethora of spells from Star Swirl and the books in the Canterlot Library. And there is many more where that came from. I even invented some of my own spells.

Starlight Glimmer: Like what?

Me: Like this one. Angello Aerorus. It's a spell that will permanently give someone wings. Starlight can you turn into your human form?

Starlight Glimmer: Sure.

She did so.

Me: Watch.

I waved my hands and red energy formed around my hands and I fired the energy and it hit Starlight Glimmer's back and she got amazingly beautiful purple angel wings that reflected the beauty of the endless reaches of space and the stars in them.

Starlight Glimmer saw the wings and she was in awe!

Starlight Glimmer: WOW! This is amazing!

Twilight Sparkle: WHOA! That is so cool!

Starlight Glimmer: This is amazing!

Twilight Sparkle: Wow! That's amazing!

Starlight Glimmer tried out her wings and she flew for the first time without having to use her magic to keep herself in the air. She was now free to fly.

Starlight Glimmer: THIS IS AWESOME! You are an amazing prodigy J.D.

Me: I wouldn't go that far. I don't want to steal your thunder. I just like learning under you two.

Twilight Sparkle: We're honored. But will Starlight become an Alicorn with wings like those?

Me: I never thought that far. Lets see if she can.

Starlight Glimmer turned back to her pony form and surpisingly she CAN turn into an alicorn.

Starlight Glimmer saw that she still had her wings.

Starlight Glimmer: WOW! I'm an alicorn now!

Me: Angel in human form and alicorn in pony form. Wow. I didn't know it works both ways. That's cool! But I'll have to use that spell whenever needed.

Twilight Sparkle: That is a very wise idea.

We later went back to the living room and I told everyone about my lessons.

Nico: Wow! You have learned so much under the tutelage of the unicorns and books of Equestria.

Me: Not to brag but yeah.

Bomb Man: I wonder how Stimpy's doing.

Me: Lets go find out.

Nico: Good idea.

We were off to find Stimpy.

We were flying over the railroad tracks in Texas.

Captain Cold: Can me Deker, Kaos, Firefly, Roman Goodwin, and Demyx tag along?

Me: You sure can guys.

They came with us as we were flying.

Lincoln: Wow. This is beautiful out here.

Firefly: It sure is.

We were flying over the desert of eastern New Mexico.

Me: Wow.

Nico: The desert is awesome.

Lincoln: Yeah.

Vince: Look down there guys!

We saw a walking cat and chihuahua walking on the tracks.

Me: That's them.

We flew down and we saw Ren Hoëk and Stimpy and we landed.

Stimpy: Hey guys!

Thorax: How've you been, Stimpy?

Stimpy: Duh I've been great!

Ren: It's an honor to meet the famous Team Loud Phoenix Storm.

Me: Same here Ren. Stimpy told us so much about you.

Nico: And you guys are so funny together in all your adventures.

Ren: (Sighs) Yeah but there are times where I'm not funny.

Lincoln: You mean like when you go crazy and insane?

Ren: Yeah.

Me: Well Stimpy may be stupid but that doesn't mean that he loves you like a brother. He loves you.

Ren: Thanks guys.

Firefly: What're you guys doing right now?

Ren: Well we're trying to find work and we're heading north up to Canada.

Stimpy: Take a look.

He showed me a newspaper article.

Me: Hmm. "Strike it rich in Canada. Fortunes to be made in the Wiener Industry." Wow! I've heard about this. Wieners are said to be worth more than diamonds.

Kaos: That's a lot of money.

Nico: It sure is.

Twilight Sparkle: Yeah.

Diamond Tiara: I may be from a rich family but that is good money there.

Tania: Wieners? You mean hot dogs?

Me: Yep. They are also known as sausages.

Numbuh 1: And the KND Food Price Guides show that wieners are worth more than their weight in gold.

Lincoln: CHA-CHING!

Roman Goodwin: You realize we can just buy hot dogs for you guys, right?

Me: But these are no ordinary hot dogs Roman. These aren't the store bought hot dogs. Canadian Wieners grow naturally in the ground, in the water and in the mountains.

Gwen (TDI): It's true Roman. Most of us are from Canada and we've seen them.

Courtney: We sure have and they are amazing.

Nico: Wow.

Me: And they are worth more than diamonds.

Indigo Zap: Ren, we'll help you and Stimpy get those wieners.

Ren: You all will!?

Me: Yep. But we're gonna have to cross the border to get into Canada. But don't worry. We have special passports. Lets head north to Canada everyone!

We were off to Canada!

We later arrived at the United States-Canada border and I presented my passport.

Guard: Well Team Loud Phoenix Storm. Welcome to Canada eh?

Me: We've been here before several times good sir. But thank you.

He let us in.

We saw the landscape of Canada and it was amazing!

Ren: [offscreen] The Canadian Wiener Mountains! Thick with raw veins of wiener ore. That's wiener plains just waiting to be harvested, wild wiener tree orchards, ripe for the picking! And a majestic Lake Wiener. Teeming with wiener trout. Look at it all… [Ren's eyes are money with wiener on it] There for the taking…

Me: And many more where that comes from.

Ren: With my brains and your stupidity, we'll soon conquer this wiener land, and all in it… And I'll be… [Ren was handing two weiners] KING OF THE WIENER BARONS! [laughs maniacally] Whaaa…

Stimpy: Golly.

Demyx: Now, where to start digging?

Me: We're gonna work hard all over. Lets get to work.

[Ren and Stimpy walks offscreen with us following them. Sun was shining, Stimpy was picking out the wieners out of the garden and he put the wieners in his basket and we were working really hard with them. Ren pours the wiener juice and he drinks the wiener juice.]

Ren: Mwah! C'est magnifique.

[Stimpy stomps his wieners in a barrel to get juice, Fades to the wiener field, Stimpy, Nico and us slash the wiener plains with a scythe. Stimpy was done.]

Stimpy: Phew.

[Ren was points the watch and comes to Stimpy. Stimpy comes over to Ren. Later on Lake Wiener and us and Stimpy was getting all the Wiener fishes and Ren and Stimpy was excited.]

Stimpy: WEE! WEEE! WEE! WEEE!

Ren: WEE! WEE! WEE, I TELL YOU! WEEE!

Me: That's a lot of Wiener Trout!

Nico: Yeah!

[In the mountains, Stimpy digs with a pickaxe and mining wiener ore and later we were pumping with an oil well system and the pipe creaks and it blows all the wieners out of the pipe.]

Stimpy: YIPPEEE!

Ren: WE DID IT! [Ren kisses Stimpy] WE DID I-I-I-IT! WE… STRUCK… WIENIIIIIIIIES!

REN AND STIMPY WERE NOW FILTHY RICH!

Cybertron Crumplezone: Isn't this great? You guys are rich!

Me: YEAH THEY ARE!

Ren and Stimpy made as much money as we have. They now own theme parks, toy stores, and more and are now in an awesome mansion next to ours. They also have a hot tub full of baked beans and they have smoking hot babes with them. RAWR!

Me: So how does it feel to be out of the poorhouse?

Ren: It feels great J.D. Thank you guys so much.

Me: Aw you're welcome.

Lincoln was eating some of the beans.

Kaos: Ren, we may need you and Stimpy's help soon.

Ren: Why what's wrong?

Me: (Senses something) Uh oh. I sense trouble coming.

Eli: I feel it in the Force.

We went out to the First National Wiener Bank that Ren and Stimpy own and we saw a criminal robbing it!

Wolfgang: (to Ren) (Australian Accent) Before we go after that crook, we might as well tell you. There's this bad dude from Skylands and we need the help of you and Stimpy to kill him.

Ren: Who is he?

Me: I have a feeling I know who it is.

Qin: Is it The Darkness?

Me: I have a feeling it is. Lets go!

We went into the bank and we saw that a robber was holding up the bank with a banana? How stupid can you get?

Criminal: This is a holdup! Everyone don't move!

Me: That's a banana you're using for a gun you idiot!

Deker: Seriously? A banana? Usually, your kind uses guns.

Criminal: I'll blow your brains out with it!

Me: How by going Apeshit on us!?

We laughed!

Krusty the Clown, Diabolico, Duskmon, Robo-Roxy, Bonz and Stinky Butt the Foul appeared.

Krusty the Clown: Hey hey kiddies! (Goofy Laugh)

A figure came out and it was NEEDLETRON from episode 3 of Beast Morphers!

---

**Needletron** is a syringe/needle-themed Robotron created by Blaze from a bicycle pump in *Power Rangers Beast Morphers* .

Needletron is a Robotron created by Avatar Blaze when he infected a bicycle pump. He was tasked with stealing Morph X from X bikes. He is destroyed by Zoey and the newly formed Beast-X Cannon. Despite his defeat, his arm that contained the stolen Morph X survived and was later used to continue on with Blaze's plan.

But to his dismay, the Rangers blasted the arm and destroyed the remains of Needletron. Afterwards, Scrozzle used the stolen Morph X, Needletron's data and a Gigadrone Type Beta to create Needledrone and was destroyed by the Racer Zord.

---

Devon Daniels: Needletron!

Needletron: Been a while rangers.

Me: I remember you! Avatar Blaze created you from a bicycle pump and you were sent to steal Morph X from the X-Bikes.

Goku: Oh. Never mind then.

We gasped in shock!

Applejack: Who is the Darkness?

Me: Oh that's right. You guys don't know about this.

I went over the history of The Darkness.

---

**The Darkness** is the overarching antagonist in the *Skylanders* game series prominently serving as the secondary antagonist of *Spyro's Adventure* and the main antagonist of *Superchargers* .

It is said to be the ultimate force behind all evil, portrayed as a large mass of ominous storm clouds. It is never effective on its own. The Darkness must channel itself through the weak, and in some cases, the weak-minded.

Despite being the living embodiment of evil, The Darkness itself and its sinister magic can be controlled. Spyro is the only known Skylander so far to use The Darkness and combine its power with his own to become Dark Spyro, eventually being able to control this power and using the dark magic to fight evil, but always runs the risk of being consumed by the darkness.

In *Skylanders SuperChargers*, The Darkness gains sentience and is voiced by Ike Amadi, who also played Angor Rot from *Tales of Arcadia* .

Origin

The Darkness once lived in another dimension, until the Ancients built the Dark Rift Engine and opened up a portal to its world, allowing The Darkness to escape and spread havoc across the entire world. Eventually, the Ancients built the Core of Light, which was able to repel the Darkness to the far corners of Skylands where it couldn't harm anyone, but one day it would return.

*Skylanders: Spyro's Adventure*

Before the events of *Spyro's Adventure*, Kaos returned from his exile in the Outlands and destroyed the Core of Light, allowing him to use The Darkness to his advantage to conquer the world Skylands. After the Core of Light was fully restored by the Skylanders and the new Portal Master, The Darkness was repelled once more.

In the 3DS version, The Darkness came to the Radiant Isles and brought in Hektore, who then proceeded to capture the Mystic Seekers and forced them to create the Dark Mirror that will later shroud the Radiant Isles from the rest of Skylands. After Hektore was destroyed, The Darkness was driven away.

*Skylanders: SuperChargers*

In *Skylanders: SuperChargers*, the darkness makes a return by Kaos building the Sky Eater or as he calls it, the "Ultimate Doomstation of Ultimate Doomstruction". He used the last existing piece of the Darkness to build it with the first Skylander to observe it being High Volt. In the Spell Punk Library, the Portal Master learns that the Darkness came from the Dark Rift Engine which the Ancients made but regretted it severely.

As the adventure continues, the Darkness develops a head and it learns to speak. When you reach the Sky Eater either by Flynn using his ship to drive into the Sky Eater or use a Sky Vehicle to destroy a meteorite which will allow access. Soon after, the Portal Master fights Kaos and then beats him. Kaos then "destroys" the Darkness. The song, "You Beat the Darkness" plays while credits roll in and then the Darkness reappears to fight and finish the Skylanders once and for all.

As the Portal Master and the Skylanders fight the Darkness, Rift Surge Rings begin to show and the Darkness shows his true intentions, destroy the universe, not just Skylands. Soon after, the Darkness gets eradicated from Skylands.

---

They gasped.

Me: The Darkness is the Skylands version of Unicron. He is ultimate pure evil and he is responsible for causing all the calamities that have taken place in Skylands over the last few thousand years.

Master Eon: That is correct and you all have to stop him at all costs or we are all lost.

Me: If the Darkness wants a battle, we'll give him a massive war. We'll gladly help out and stop him and we'll make sure he never returns again. Team Loud Phoenix Storm, everyone, we are going into battle against the ultimate evil of the Skylanders. The entire universe is now in grave danger. We are going into battle. Prepare for battle everyone!

Nico: Lets do it!

# WAR WITH THE DARKNESS

At Team Loud Phoenix Storm estate, we were getting ready for the ultimate battle that will decide the fate of the entire universe. We are going into war against the ultimate evil of the Skylanders and the most dangerous enemy ever known to them and to Master Eon: THE DARKNESS! The Masters of Evil and everyone we know was with us.

Maria: Guys, if we're going to stand a chance against the Darkness, we'll need all the help we can get.

Me: I know Maria. Spyro told us all about the Darkness and what it is capable of.

Nico: If its goal is to destroy the entire universe then we're in for one helluva fight.

Vypra: Yeah. This is gonna be one dangerous fight.

Me: It sure will be.

Vypra: I know 10 new recruits to get fore this.

Me: Awesome. Before we get them I need to head out and ask for some help.

Nico: Who are you gonna get?

Me: Grier, he's a former member of the Organization. I spared him because he is honorable and I sensed that he has some good in him.

Nico: That's a very wise decision.

Me: Yep. I'll be back in a few.

Dante Vale: I'm going with you.

Me and Dante Vale flew off to where Grier and his former

Organization members are and we saw that they were hanging out at Sutos Island near Brazil.

Me: Excuse me!

They saw us.

Me: I'm looking for Grier.

Organization member: (to you) You're J.D. Knudson, right?

Me: (fearing a fight) None other. Why?

Organization member: (smiles) Can I have an autograph for my daughter? She's a big fan of yours. And she's become an even bigger fan since you spared me, Grier, and the rest of the guys.

Me: Uh sure.

I signed the autograph book for them.

Me: I'm looking for Grier. Where is he?

Grier: Right here.

A big man came and it was DeFoe's former right hand man, GRIER!

---

**Grier**, born **Prince Zan-Grier** of Sutos Island, served as DeFoe's right hand man. Rarely speaking, he presented himself an ordinary thug, but he carries himself with a subtle nobility with his loyalty. Grier once believed that with the Organization's domination, there would come universal order to keep all people in line and prevent wars. After taking his rightful place as the prince of Sutos, he later went on to seize the reins of the Organization from Wilder.

Though few were aware, Grier was raised on the secret Seeker island-nation of Sutos, where his father, Zan-Sutos, ruled as leader. His family had led the people of this nation to an orderly, happy existence for many years. After his father's death, Grier moved on to the Organization to do his part to bring order to the world using his

Seeker skills. With many battles and defeats at the hands of Dante's team, DeFoe lost the favor of the Organization and Grier was chosen to replace him only after he got rid of DeFoe. Grier soon returns to his home and restores order to the island torn apart by war, thereafter being recognized as the new ruler.

After the defeat of the Professor, Dante Vale and his team returned to Sutos Island to ask for help from Grier. His men were attacked by the Blood Spiral Brotherhood. Grier guided the team through the Professor's castle in order to find the dossier about Rassimov. Grier later helped Lok Lambert and Den Fears defeat Wilder in the Professor's room. As a result of this, he captured Wilder and took over the Organization.

---

Grier: It's good to see you again J.D. and you too Dante.

Me: Same to you Grier. How have you been?

Grier: Great now that DeFoe and the Organization is dead.

Me: Glad to hear that. I'm glad we find you. Because we need your help. There's a malevolent force that is out to destroy the entire universe and we need all the help we can get in order to stop it.

Grier: What is this Force?

Me: It's called the Darkness.

Organization member: (Gasp) That monster from the Skylanders games!?

Me: Yes! That's the very one.

Organization Member: Oh man! That guy is ultimate evil incarnate!

Me: But how did you know about that?

Organization Member: My daughter played all the Skylanders games and watched it on Netflix. She's a huge fan. Not only that but she told me so much about it and showed me the Darkness and it was horrifying.

Grier: I was told about that.

Me: I see.

Grier: I appreciate you asking for my help. But I can't leave Sutos unprotected.

Dante Vale: Grier, if you don't help us, there won't be a Sutos left to protect.

Organization member: It's cool, boss. We'll keep Sutos safe until you get back.

Me: That's good of you to do that. We need all the help we can get.

Grier: Okay. I'll help you all.

Me: Thank you Grier. And I'm honored you all have kids that play the games. Tell your kids we're going into battle against the Darkness and we're gonna need all the help we can get.

Organization Member: Okay.

We left.

---

Later we got to recruiting new members of the Masters of Evil.

First, Brittney and Black Widow were in the Backyard to open a portal to the Yin-Yang Dimension to recruit Richard Swift A.K.A. Shade.

---

**Shade** is a villain from the *DC* universe. He was a common enemy of the Flash.

Pre-Crisis

The Shade was a common thief who could manipulate the shadows with his cane. He fought both incarnations of the Flash, Jay Garrick and Barry Allen.

## Post-Crisis

The Shade was later a member of an incarnation of the Wizard's Injustice Society, Injustice Unlimited. They overcame the security at the International Trade Conference in Calgary, Canada - namely Infinity, Inc. and a contingent of the Global Guardians - and forced the heroes to help in some mayhem. The Shade took Fury to Athens and, with her help, stole a piece of the Altar of Erebus from within the Hill of Ares (the Areopagus). After a brief brush with the Olympian the Shade and Fury returned to Calgary, the Shade to share in the stolen wealth being gathered by the Wizard. But the plan went haywire when Hourman revived and freed himself, as well as when Solomon Grundy was brought in from the Arctic Circle. It was the Green Flame who incapacitated the Shade, and after the confusion he was taken into custody by Canadian law enforcement. Later the Shade literally kidnapped the city of Keystone City (including the Flash (Jay Garrick) and the city's entire population) into a parallel dimension where he kept his prisoners in suspended animation for nearly thirty years, before Garrick's successor Barry Allen rescued his namesake and the city from the Shade's clutches.

## Post-Zero Hour

After the events of Zero Hour, the universe was substantially altered as a result of Hal Jordan's plan to recreate the universe. The Shade was one of the individuals most affected by Zero Hour, as the time and space warping nature of Jordan's scheme changed the Shade's personal timeline and indeed his very being. No longer a generic villain with a magical cane, The Shade was now the morally ambiguous English gentleman turned immortal named "Richard Swift". Shade's powers were retconned as being internal and not based from his cane. Able to tap into a horrific alternate dimension of shadows, which he could manipulate and shape into whatever form he wanted similar to. A man of wealth, Shade traveled within the literary circles of the Victorian Era England, befriending author Charles Dickens and Oscar Wilde.

As time passed, Swift began using aliases for himself such as "Mr.

Black", and went by "Shade" to those he was on good terms with. He also developed enemies, such as the mysterious dwarf Simon Culp, who like Shade was immortal and had the same darkness energy powers as Shade. Other enemies included the murderously corrupt Ludlow family, who Shade had all but wiped out when the family manipulated Shade in order to murder him for sport, with the surviving generations of the family vowing revenge on the Shade.

The Shade kept a lengthy journal and eventually fell in love with United States east-coast city of Opal City. Setting up residence in Opal City, Shade befriended Opal City's sheriff, Brian Savage (the Scalphunter) and slowly amassed a small personal fortune, while also moonlighting as a hired killer.

The Shade fled back to England during the early days of World War II, to aide the Allies in fighting the Nazis. While on patrol with the British hero Captain X, Shade was ambushed by Culp when a bomb fell from a German fighter plane onto the two men. To survive, Culp was forced to seek shelter by literally merging with an unknowing Shade.

When the age of costumed heroes began and unknowingly influenced by the malevolent Culp, Swift decided to give himself the name "The Shade" (added a 'the' to his nickname) in 1942. Downplaying his formidable shadow powers, Shade committed crimes in various cities, most notably Keystone City, where he found himself a nemesis in the form of the Flash, Jay Garrick. The Shade would privately refer to his battles as "the joust", which he engaged in for the simple thrill of combat with another super-powered combatant.

Despite his turn to super-villainy though, Opal City remained untouched by Shade as the villain considered the city he lived in off-limits. Indeed, The Shade has been known to be protective of Opal City, to the point of using his powers to kill any criminals who attempt to commit crimes in the city. The Shade even would engage in the occasional super-hero battle, saving Howard Hughes from the villainous Johnny Sorrow. However, Culp slowly began to fight Shade to gain dominance of Shade's body, culminating in the Shade believing that Culp was alive and plotting against him and ultimately to him and Dr. Fate teaming up to find Culp, never knowing that the villain he was seeking was inside his stomach. Shade would later team up with the Mist to murder the retired super-hero Invisible Hood, though it is unknown if Culp was responsible for this act of murder.

Jack Knight became the new Starman after the death of his brother David and united with Shade to save Opal City from the Mist and his family's reign of terror that threatened to destroy the city Shade had made into his home. Having returned to the United States and effectively retired since the Injustice Unlimited fiasco, Shade took an interest in Jack Knight and offered to mentor the man who helped save Opal City from the Mist. Jack would be privy to the Shade's diaries, learning much of his life and new backstory as well as his opinions on the various men who used the Starman moniker. Though many in Opal were distrustful of the Shade, he slowly won the trust of many in the city though Culp, furious at how the Shade had rejected evil, finally assumed full control over Shade's body. Gathering an army of villains who Jack Knight had battled over the course of his heroic career, Culp (in Shade's body) cast a spell that allowed him to trap everyone inside Opal City using the shadow powers he possessed and began to destroy the entire city before Starman and the Shade (who ultimately expelled Culp from his body) opposed him. Ironically it would be the Shade's former ally the Mist who would kill Culp, as Mist sold his soul to Neron to restore his mind (nearly gone due to Alzheimer's Disease) in exchange for his killing the Shade. However, Ted Knight would sacrifice his life to save Shade and Opal City from Mist's final rampage.

## Cry for Justice

The Shade learned about Prometheus' conspiracy in ordering a series of attacks on various superheros and informing this news to his old rival Jay Garrick. He then accompanies Garrick to the Justice League Watchtower to warn the other heroes, but arrived too late to find Prometheus already there. After Garrick was incapacitated by Prometheus, Shade was able to hold off the villain (as he is technically not a "hero", meaning Prometheus has no file on how to stop him), and ultimately ends up stopping Donna Troy from killing the supervillain after he has been beaten into submission. However, Shade later creates a portal that gives Green Arrow access to

Prometheus' otherdimensional lair, where the archer kills Prometheus in revenge for Star City, the dismemberment of his former protege Red Arrow, and the death of Red Arrow's daughter.

Blackest Night

During the Blackest Night, Shade was in a relationship with Hope O'Dare, and claims that he is in love with her.. After a night of sex, Shade and Hope are confronted by David Knight, reanimated as a Black Lantern. David rips out Shade's heart, but, due to his powers, he survives, unable to be killed and resisting the call of a black ring that seeks to turn him into another undead. After David threatened to kill Hope and later his brother Jack, an enraged Shade used his powers to trap the Black Lantern within the Shadowlands after decrying the Lantern as a mockery and a fake, saying he has "no light of his own", and uses his own heart as a channel to bind and banish him. Afterwards, Hope admits that she loves Shade as well, and the two lovers depart from the scene of the battle. Possible futures In one possible future, The Shade's became the protector of a utopian planet several thousand years into the future; in which he still enjoys telling tales of his past.

---

Brittney: Here we go. YIN YO-YO!

Brittney used the Yin Yo-Yo and opened up a portal and out came SHADE!

Shade: (to Brittney) It's about time I was let out of there. How long was I in there for?

Brittney: About two years Richard. We need your help.

Shade: And why would I help you?

Brittney: Because the world and the universe are both in terrible danger. A malevolent monster called The Darkness is coming to destroy the entire universe.

Black Widow: That's right.

Brittney went over the entire history of The Darkness.

Shade gasped in shock!

Shade: That's terrible! I didn't know an evil force like that even existed.

Brittney: Most of everyone doesn't know.

Shade: I see. I'll gladly help you all. Just because I'm a thief doesn't mean I have honor.

Brittney: Great.

Next Cornelia, Captain Cold and the Flash were heading out to recruit Captain Cold's little sister Lisa Snart A.K.A. Golden Glider.

---

**Lisa Snart** is a figure skater, known by the alias Lisa Star, who has help in her career from her secret coach and lover, The Top, a foe of Flash Barry Allen who dies from complications stemming from a duel with the scarlet speedster. Furious over his death, Snart vows revenge, adopting an orange ice-skater's costume, a mask, and ice skates which create their own ice flow, which allow her to effectively skate on air. She also has diamonds and jewels that can be used as explosives or hypnotic devices. The Golden Glider seeks revenge against the Silver Age Flash for several years and frequently collaborates in her heists with her brother, who is very protective of her.

After the death of Barry Allen, Snart retires from crime (she blames Allen himself for the Top's death, not his successor Wally West). She and her brother embark on a career as mercenaries, forming the Golden Snowball Recovery Company. Eventually she returns to crime, with a series of partners, all code-named "Chillblaine", whom she supplies with a replica of her brother's cold gun. The last of these was described as more intelligent and ruthless than his predecessors, and he kills Snart with the weapon she gave him, then holds Keystone for ransom with the aid of Doctor Polaris. Flash just barely manages to defeat them. Chillblaine is then killed by Captain Cold in retaliation. Her death has been a constant source of grief for her older brother.

In *Blackest Night* #1, The Black Lantern Corps reanimates her and she, along with her fellow Black Lantern Rogues, attack Iron Heights Penitentiary,[5] but Cold is able to maintain control of his emotions long enough to destroy the Black Lantern Glider.

In September 2011, The New 52 rebooted DC's continuity. In this new timeline, Lisa Snart's murder has been written out of continuity and she is alive. In this continuity, she is dying of a brain tumor, she survives after the tumor is removed, but expresses shame over her brother's actions. Later, she mysteriously appears in South America, going by the name "Glider" and apparently wielding metahuman abilities. She is shown recruiting Weather Wizard for some unknown purpose after his battle with the Flash. She recruits Heat Wave, The Trickster and Mirror Master to join her faction to exact revenge on Flash, but is stopped with the help of Pied Piper, and her brother.

Lisa and the Rogues later make their peace with Snart as they help him stop Gorilla Grodd, which leads The U.S government to pardon them. Lisa is revealed to be in a relationship with Mirror Master, who she managed to bring back to their dimension at great risk to herself. Afterwards she ends up in a deep coma until Pied Piper revives her, to come to the Rogues aid when The Secret Society of Super Villains and The Royal Flush Gang attack.

Lisa and the Rogues make their first cameo appearance, in the DC Rebirth storyline, in *The Flash* #3 watching a news report about the many newly created speedsters appearing throughout the city. They later make their first full-length appearance in *The Flash* #15, attempting to steal a valuable golden statue of the god Mercury from the small island nation of Corto Maltese. The Flash arrives to stop them, but they turn out to be constructs of Mirror Master created to fool The Flash so they can commit a crime spree in Central City before the Flash stops them.

---

They found her skating at a ice rink and she was really doing well.

Cornelia: Wow! She is really good as a skater.

Captain Cold: That's my little sister. She's an Olympic skating champion. You can learn a lot of things from her Cornelia because you're good at Skating.

Golden Glider: (Gasp) Lenny!

They went at each other and hugged.

Golden Glider: (hugs Captain Cold) I'm so glad to see you, Lenny! I haven't seen you for about a year now.

Captain Cold: I'm happy to see you too sis. But as much as I want to have a reunion, I'm afraid we'll have to cut it short.

Cornelia: We need your help Lisa. The Earth and the entire universe are in terrible danger and we need your help to save them.

Golden Glider: What's wrong?

Flash: An evil force called The Darkness is coming to destroy everything.

Flash went over the history of The Darkness and she was shocked!

Golden Glider: That's horrible!

Cornelia: Yeah and we need your help to stop it.

Golden Glider: I will gladly help you.

At the Gotham Royal York Retirement Village, Scarlet Witch, Quicksilver and Hawkgirl were there to recruit Erik Lensherr A.K.A. MAGNETO!

---

**Erik Lensherr**, also known as **Magneto**, is the main antagonist of the *X-Men* film series. He is an extremely powerful and ruthless mutant with the ability to manipulate all forms of magnetism and is the archenemy of the X-Men.

He serves as the main antagonist of the first *X-Men* and *X-Men: The Last Stand*, an anti-hero in *X2*, the deuteragonist of *X-Men: First Class*, a cameo character in *The Wolverine*, the central antagonist of *X-Men: Days of Future Past*, a major antagonist of *X-Men: Apocalypse*, and a major character in *Dark Phoenix* .

He was portrayed by Ian McKellen (who also Kurt Dussander in *Apt Pupil*, The Toad in *Flushed Away*, and King Richard III in the 1995 film adaptation of William Shakespeare's *Richard III)* in the first three films and other films in the original timeline and is now portrayed by Michael Fassbender (who also portrayed Burke in *Jonah Hex*, David 8 in *Prometheus* and *Alien: Covenant*, Edwin Epps in *12 Years A Slave* and the title character in *Macbeth* ) in the prequel series and revised timeline movies.

*X-Men: First Class* (2011)

Magneto appears as his younger self and is the protagonist villain of this film. He starts out as young Erik Lensherr who is a Holocaust survivor. When he is persuaded by Dr. Klaus Schmidt to use his power of controlling metal, he refuses to, and tries desperately to when the villain points a gun at his mother. After Schmidt kills his mother, Erik gets enraged and bursts into a rage thus enabling his powers; he turned a filing cabinet inside-out, squeezed two guard's helmets to crush their brains and send loads of metal equipment in the neighboring surgery room flying in a murderous frenzy. Schmidt says that he will unlock his power and gives him a German 5-cent coin that he was meant to move around moments before.

Years later, Erik searches for Schmidt and vows to kill him in his quest for revenge. First, he goes to a bank manager in Geneva, Switzerland and gets him to tell of Schmidt's location; Argentina. Next, Erik went to Argentina and killed three guys in a bar who knew where to find Schmidt. When he finds Schmidt (now calling himself Sebastian Shaw) aboard the ship *Caspartina*, he meets Charles Xavier, who assists him in the investigation of his plans of launching missiles onto Cuba thus triggering World War III. He starts a close friendship with Charles and a romantic relationship with his fostered sister Raven (Mystique). According to Charles, the two of them may have met earlier in life when they were 17.

When Erik (now dubbed Magneto) and Shaw finally come face to face in Shaw's submarine, Magneto destroys part of Shaw's telepathy shield, removes his helmet and allows Charles to paralyze him long enough to stop him. Unfortunately, Magneto dons the helmet to block Charles' mind. He reluctantly kills Shaw by placing a Nazi coin through his brain (while ignoring Charles' begging to stop).

Later on, the USSR and the US launched missiles at the mutants threatening to kill them and stopping World War III. Magneto takes control of the missiles thus turning them on their launchers. CIA agent Moria MacTaggert tries shooting at Magneto, but Magneto deflects the bullets accidentally paralyzing Charles' legs. He invites the rest of the mutants of the Hellfire Club and the other X-Men to join him in his quest to protect mutant-kind. The X-Men refuse but Mystique joins him and the rest of the Hellfire Club. At the climax of the film, Magneto and his newly formed Brotherhood of Mutants break Emma Frost out of her prison and asks her to join them.

Between *X-Men: First Class* and *X-Men*

Erik was falsely-charged with the assassination of President John F. Kennedy in 1963 and was placed in a plastic prison with glass and concrete. The prison was right underneath the Pentagon, and was placed inside even though he had tried to bend the sniper-shot upwards and miss Kennedy. The reason he sought to save Kennedy was because he believed the President to be a mutant.

Sometime before or in 1986, Erik escaped or was let out and went with Xavier, treating each other as friends again, to meet the psychic mutant Jean Grey, who could actually lift up numerous cars in the neighborhood they were in to prove that she's a mutant. Later, Erik left Xavier again and launched forth his plan to arrange mutant prosperity.

*X-Men* (2000)

Magneto appears as the main antagonist of the first-made film in the series and so far the third chronologically. He believes that a war between mutants and humanity is fast approaching and must prepare for it. His Brotherhood of Mutants in this film include Mystique, Sabretooth and Toad. His first scene in the film is when he is leaving the Senate hall before he is stopped by Professor X and persuades him to stay out of his way and not to interfere with his plans for humanity.

He is next seen when Sabretooth informs him of the attack on Wolverine and Rogue and that Prof. X and the X-Men knew about their whereabouts in Alberta, Canada. Magneto sees a small dog tag around Sabretooth's neck and grabs it magnetically and examines a bit of what the Wolverine is capable of. He then informs that the time has come to put his plans into action by testing a machine that turns humans into mutants (unknown to Magneto that his machine kills them after their mutation). Magneto sends Mystique and Toad to kidnap Senator Robert Kelly and test his machine on him stating 'Let's just say that God works too slowly'. After Kelly falls to his apparent death, Magneto proceeds with kidnapping Rogue plans to use her as a pawn for his machine to mutate the World Leaders on Ellis Island. On Liberty Island at the climax, Wolverine attempts to save Rogue, but Magneto holds him hostage just as the machine starts expanding towards Ellis Island as he holds the other X-Men hostage. Cyclops blasts him and Magneto is therefore sent to a plastic prison. He is visited by Professor X as the two play chess. Just before Prof. X departs, Magneto states 'The war's still coming Charles. And I intend to fight it.'

*X2: X-Men United* (2003)

Magneto returns as an anti-hero, no longer intent with changing humanity but destroying it.

He is visited by Col. William Stryker various times while he retrieves information on Prof. X's mansion and Cerebro, the machine that locates mutants around the world. While conversing with Prof. X, Magneto states that his war has already begun. Later, with help from his associate Mystique, Magneto escapes prison by using the metal in the blood of one of his prison guards.

Magneto is seen afterwards and rendezvous with the X-Men and their allies, giving them information about Stryker's plan to annihilate all mutants. The X-Men and the Brotherhood form an uneasy alliance to stop Stryker for the freedom of mutation. Once at Alkali Lake, Magneto along with Mystique, arrives at Cerebro and switches it around thus revealing his intentions to destroy all humans instead of mutants. Later on, he meets up with William Stryker and nearly chokes him to death. Just before a narrow escape, Magneto recruits young Pyro, who takes his advice ( *You're a god among insects* ).

*X-Men: The Last Stand* (2006)

Magneto returns again as the main antagonist of the third film, this time with a massive army of mutants ready to take down the scientists who created a supposed "cure" that erases the mutant X-gene "permanently".

In the movie, after learning of a special cure for mutations made with the blood of a mutant, Magneto declares an all-out war and expands the Brotherhood of Mutants with new members such as Juggernaut, Multiple Man, The Omegas (Callisto, Arclight, Kid Omega, Psylocke) and various others in addition to his old members Mystique and Pyro.

After a rescue attempt and recruitment, Magneto was to be stunned by the cure, but Mystique sacrificed herself and was abandoned to live amongst the humans. Just as Magneto starts to expand his new army, he learns that Jean Grey (now known as the Phoenix) has survived her death and attempts to recruit her with only Prof. X, Wolverine and Storm standing in his way. He sends for Juggernaut and the Omegas for back-up to distract Wolverine and Storm. Persuading Jean to think that Prof. X wants to control her power, Jean goes insane, destroys her house and kills Prof. X in her outrage. Feeling heartbroken, Magneto takes Jean with him back to his lair. As Magneto sets out to destroy the source of the mutant cure (a mutant as it turns out), he senses that Wolverine was in his midst and stops him from taking Jean away from the Brotherhood. On their way to Alcatraz, Magneto and his Brotherhood army use the Golden Gate bridge to destroy everything on Alcatraz to reach their goal of destroying the cure. After fighting the X-Men, he is cured by Beast from behind. In defeat, he says to Jean 'This is what they want for all of us'. Feeling regret on what he did to Jean, he flees the Dark Phoenix's final stand.

At the end of the film, Magneto, sitting in at a chessboard in a park, manages to move a chesspiece slighty, showing that he is slowly getting his powers back.

*The Wolverine* (2013)

At the film's post-credit scene, Magneto, having managed to fully regain his powers, appears before Wolverine in search of help to fight a new kind of war that could destroy every mutant in the world with a revived Professor X there as well.

*X-Men: Days of Future Past* 1973 timeline

In the past, he is a major antagonist. He is one of the characters necessary to help change the future from the dystopia filled with Sentinels created by Dr. Bolivar Trask. He first appears as a prisoner held in the 100th floor below the Pentagon in a specially made cell. However, he gets freed with the aid of Charles Xavier, Wolverine, Beast, and Quicksilver. Magneto later tries to kill Mystique in Paris by putting a bullet into her, specifically her ankle, to ensure the mutant's future and survival, but fails to do so. Afterwards, a public showcase of the Sentinels at the White House is made to make sure that people will be kept safe from mutants.

However, Magneto has commandeered the Sentinels by inserting metal into their polymer bodies and also uses a lifted up stadium to keep other humans out of the way. Announcing mutant supremacy on live television, Magneto is attacked by Beast and Wolverine but keeps them at bay. However, when threatening the President, Mystique disguised as Nixon shoots him. After Mystique spares Trask at Xavier's urging, the Professor allows Mystique and Magneto to leave, believing that there is hope for both of them to change for the better.

2023 timeline

In 2023, Magneto is a major character. Meanwhile in the future timeline, Magneto helps the X-Men fend off the Sentinels but is injured badly during the war of the sentinels. Right before the Sentinels can finish him off along with Xavier, Wolverine, and Kitty Pryde, the future is changed. What became of Magneto in the revised timeline, and how much of the original still occurred beyond *X-Men: First Class*, is unclear at the moment.

*X-Men: Apocalypse* (2016)

Magneto returns as the anti-hero once again. He tried to live like a normal human in Poland and worked in a factory under name Henryk. There he used his powers to save his colleague from a falling heavy metal bucket. However his colleague reported him to local police. When he was about to be arrested for his terrorist action one decade ago of the policemen accidentally shot his daughter and wife. Despaired Erik killed them all and returned to the factory to kill all his colleagues who ahd reported him to the police. There Apocalypse appeared with his Horsemen, all killed all Magneto's former colleagues before he had the chance to do so. Apocalypse then recruited Magneto as a Horseman of the Apocalypse under name "War". Magneto is then sent to the ruins of Auschwitz where he destroys the camp after remembering horrors that he had experienced as a young boy. He then appears in Cairo where he and the Horsemen assist Apocalypse in destroying civilization to remake the world in the image of Apocalypse but the X-Men come to save Charles. During the battle, Mystique arrives and tells Erik that he hasn't lost everything, convincing Erik to have a change of heart and turn on Apocalypse. After a brutal battle, Jean unleashes her powers on Apocalypse and destroyers his armor which allows Magneto to impale him and Jean to finally finish him off. He then helps rebuild the X-Mansion but leaves still being distrusting of humanity.

*X-Men: Dark Phoenix* (2019)

Magneto returned in the film, where he took refuge in an uncharted island called Genosha, eventually using it as a haven for the remaining Brotherhood and other mutant refugees. When a young Jean Grey turns over to him for guidance after losing control of her Phoenix powers, Magneto was willing at first to help her out, but several soldiers arrive to the island to detain Jean, who almost tried to kill them. Knowing that putting the innocent soldiers in danger will put the other mutants in risk, Magneto angrily banishes Jean from the island.

Later on, Magneto and the other Brotherhood mutants conspired with Hank 'Beast' McCoy to kill Jean, since the latter's power killed Mystique, which left both Beast and Magneto very devastated. This leads to another battle between the X-Men and Brotherhood, though both factions (along with Jean) end up being arrested by the government. During a train transport to a secret mutant facility, Magneto was told that an alien warlord named Vuk has been manipulating Jean into using her powers for darker purposes as the former intends to drain it all to destroy all life on Earth (including the mutants) for her race the D'Bari. This was proven when Vuk sends her posse to attack the train and kill many of the soldiers so that she can drain all of Jean's powers for herself.

Deciding to put things aside, Magneto and the Brotherhood allied with the X-Men to take down the D'Bari soldiers, but they all end up being defeated by Vuk (who has previously obtained a portion of the Phoenix power); even when Magneto used his telepathy powers to fire all guns at Vuk, it proved to be in vain as Vuk was bulletproof thanks to the Phoenix power, much to Magneto's distraught. Eventually, Jean manages to kill Vuk by dragging her into outer space and using the Phoenix power to disintegrate her for good.

With Vuk and the D'Bari race gone, both the X-Men and Brotherhood put their feud aside, and Magneto reconciles his friendship with Xavier, who has retired and left Hank to become the new principal of Xavier's school. He is last seen playing with Xavier, unaware that Jean is still alive.

*Logan*

Magneto's whereabouts are unknown by the time of *Logan*, although it's implied he may be dead. It's possible due to his connection with Xavier that his first psychic seizure may have killed him.

Scarlet Witch went up to Magneto.

Scarlet Witch: Hello Father.

Quicksilver: Father we need your help. There's an evil force out to destroy the entire universe and we have to stop it.

Scarlet Witch: That's right and it's called The Darkness. It's going to destroy the entire universe if we don't stop it and you are one of the most powerful mutants we know that can help us stop it.

Magneto: (to Scarlet Witch) I wish I could help you, Wanda. But I currently do not have my powers. And even if I did, I doubt the Darkness would be foolish enough to leave metal lying around for me to use.

Scarlet Witch: Father you still have your powers because they are a part of you.

Hawkgirl: That's right Erik. We need your help more than ever. J.D. didn't erase your powers completely.

Magneto then help out his hand and saw that she was right as he lifted up a fireplace grate. Magneto still had his Powers!

Magneto: I still do have my powers. But I thought…

Hawkgirl went over and pulled off a bandage and showed him a chip that was imbedded in his neck that she pulled out.

Hawkgirl: This is what J.D. put on you. This is a power nullifier chip. J.D. wanted to help you become a better person this way.

Magneto: I see. I will gladly help you now.

Magneto got up and he was stronger than ever.

Scarlet Witch and Quicksilver hugged their father.

Quicksilver: Glad you're back father.

Magneto: It's good to be back my children.

Next Billy Batson and Batman 2039 were heading out to Kahndaq to recruit Teth-Adam A.K.A. BLACK ADAM!

---

**Black Adam** is a supervillain in the *DC* comics and one of the three main enemies of Captain Marvel (alongside Doctor Sivana and Mister Mind). Though his origins vary between versions, in all that he is depicted as the former champion of the Wizard Shazam who was corrupted by his power, resulting in him becoming a villain and an adversary towards the Marvel Family. In recent years, however, he has frequently been depicted as a more neutral or anti-villainous character. He is the secondary antagonist of the Shazam franchise.

The story of Black Adam begins in thirteenth century Egypt. Teth-Adam, a noble and brave prince of the land of Kahndaq, was recruited by the wizard Shazam to be his champion of good. Endowed with the powers of six Egyptian gods, Teth-Adam became Egypt's greatest protector. But nothing lasts forever; when his wife and children were murdered by his enemies, Teth-Adam was seduced and corrupted by Shazam's daughter, Blaze, and became the very thing he fought. Seeing his failure, Shazam renamed Teth-Adam "Khem-Adam" (Arabic for Black Adam) and banished his soul to the Amulet of Greed.

Eons later, Teth-Adam's descendant, Theo Adam, found his ancestor's tomb and took the amulet, killing his partners, C.C. and Marilyn Batson, in the process. Returning to America, Adam encountered Captain Marvel (in reality Billy Batson, the son of his victims), and learned of his past life, which granted him access to Teth-Adam's powers. After his first defeat at the hands of Captain Marvel, Black Adam has repeatedly fought the Shazam family, and even tried the path of the hero again, but went back to villainy. He is currently trapped in a stone form.

Circa 1200 BC, Shazam became a high priest to the pharaoh Ramses II of Egypt. As the wizard grew older, he sought a champion worthy to inherit his powers. The young prince Teth-Adam of Kahndaq (Ramses' son) impressed the wizard with his fairness and decency. But before Shazam could bestow his powers, his daughter Blaze made a deal with the god Set. When Teth-Adam spoke the name "Shazam," instead of gaining the wizard's powers, he was blessed with the power of six Egyptian gods: Shu, Heru, Amon, Zehuti, Aton, and Mehen.

Although Adam speaks the name "Shazam," he does not draw power from the wizard. Teth-Adam served Egypt for many years, but this duty drew him away from his wife and children in Kahndaq. While he was away, the mad priest, Ahk-ton ravaged Kahndaq and killed Adam's family. The priest was powered by the "Orb of Ra". Adam could not apprehend Ahk-ton, so he entombed his family and returned to the court of Ramses. There he served as Egypt's champion alongside another great wizard, Nabu. Mighty-Adam was a success as a hero for Egypt, but his service kept him away from his wife, Shiruta, and his sons Gon and Hurut.

Adam's homeland was destroyed and his family killed by the evil priest Ahk-ton using the Orb of Ra. A disparaged Adam continued to serve in Rameses' court and allied himself with Prince Khufu (later Hawkman). At this time, he met three travelers from the future: Hawkgirl, Mr. Terrific, and Captain Marvel. Adam felt relieved that his legacy would continue through Marvel and thought highly of his future counterpart. With the help of these visitors and the wizard Nabu, Adam was able to capture Ahk-ton, whom he killed as retribution for murdering Adam's family.

Adam returned to Kahndaq and forcefully overthrew the government present there, and appointed himself ruler. The wizard Shazam was made aware of all of these events and, thinking Adam had been corrupted by Blaze, unleashed a powerful spell. He trapped Adam's soul and powers within a powerful scarab rendering Adam's de-powered body, now several hundred years old, into a withered corpse. Shazam then buried both the body and the scarab in the tomb of Ramses II, where he had planned for it to remain for all eternity. In death, the former hero was referred to as "Khem-Adam" ("Black Adam"). Disillusioned by what he perceived as Adam's betrayal, Shazam went several millennia before appointing a second champion to fight evil in his name.

Modern Era

Years later Rameses II's tomb was excavated by the Batsons under the orders of the Sivana Federation. A colleague of the Batsons, Adam's descendant Theo, murdered the Batsons after finding the scarab. Suspecting something was odd, his sister, Sarah, had Mary Batson adopted by the Bromfields to keep her away from Theo.

When Theo saw Billy Batson as Captain Marvel, he realized the power and said "Shazam" and "Black Adam." The two battled, with Shazam temporarily removing Adam's ability to speak. This was undone by the evil Blaze, and Adam later spent time in deep space.

Black Adam joined the JSA after claiming he had rid himself of Theo Adam's evil influence. Captain Marvel joined the JSA as well, wanting to keep an eye on him. Johnny Sorrow removed a malignant brain tumor in Adam's head, and Black Adam joined the Injustice Society. He soon betrayed them so the JSA could defeat them.

Black Adam left the JSA after Kobra was allowed to live. He formed his own team, executed Kobra, and once again overthrew Khandaq's government. The JSA intervened. After a battle, Black Adam was allowed to retain control of Khandaq as long as he stayed within its borders. He and the Feitherans began to rebuild the war-torn country.

Black Adam joined the Secret Society of Super-Villains to protect Kahndaq, or so he claimed. During the Spectre's attack on magical beings, was killed, but Adam was able to revive him with magical lightning.

Adam was part of the group that set a trap for Uncle Sam and the rest of the Freedom Fighters. However, Adam himself was betrayed by the other villains as Alex Luthor sought 'a Marvel' to use as part of his plot.

52

Adam was given Adrianna Tomaz as a gift from Intergang. She was meant to be used as a slave to his pleasure, in return for allowing Intergang to use Khandaq as a base for their criminal activities. However, Black Adam executed her captors. Her wisdom helped him to focus on using his powers for the benefit of the people of Kahndaq. He granted her the power of the Goddess, Isis, and the two were married. When Adrianna's younger brother, Amon, was found a prisoner of Intergang, Adam granted him a portion of his own power and he became the hero, Osiris.

Adam finally felt as if he had a true family. Isis had a tremendous influence on him, and she managed to dampen Adam's otherwise violent temper. As an act of good will, Black Adam and his family went to the United States and participated in several events including a holiday parade and a charity dinner at the Sivana estate.

Not long after, Adam's brother-in-law, Osiris, befriended a shy talking crocodile which he named Sobek He brought Sobek back to Kahndaq with him and he became a part of the colloquially named *Black Marvel Family* . Sobek's presence eventually proved to be the undoing of the Black Marvel Family, however.

Black Adam soon discovered that Sobek was, in fact, the Fourth Horseman known as Famine ( *Yurrd the Unknown* ). Sobek caused a massive blight that swept across Kahndaq ultimately killing Isis. He also turned against Osiris, savagely biting him in half and consuming the remains. Black Adam came upon Isis' body as she lay dying. Her final words were a plea of vengeance against those who brought this tragedy upon Kahndaq.

Adam next attacked Sobek, killing him by hyper-extending his jaws. He then tracked the First of the Horsemen, Death (Azeuz) to the nation of Bialya and engaged in a massive battle with him. Black Adam's thirst for vengeance wasn't sated with merely defeating the Horsemen, however. He lashed out against the entire country, killing every man, woman, and child in Bialya, even sterilizing the earth. This genocide empowered Death, who believed he would be able to defeat Black Adam in battle. He was soon proven incorrect.

## World War III

The world at large watched in horror as Black Adam continued blazing a trail of devastation across the globe. His next target was mainland China, whom he suspected was responsible for financially backing the Oolong Island experiments that resulted in the creation of the Four Horsemen. China's mega-hero team the Great Ten attempted to stop Black Adam, but they proved ineffective. The Chinese government issued a proclamation that no other country was to interfere in China's affairs, even on their own behalf. Such an action would be interpreted as an act of war, and China would retaliate with nuclear weapons. An assemblage of heroes led by the Justice Society of America set up a beachhead on China's borders.

Many of them wanted to ignore China's warning and fight Black Adam, but they maintained their vigilance for fear of aggravating a new war.

When Black Adam defeated the Great Ten, the Chinese government asked the Western world for aid. Dozens of super-heroes including the JSA, the Doom Patrol, and the Teen Titans mounted an attack against Black Adam, but his fury was so intense that nothing seemed to stop him. One of the casualties was the former Teen Titan, Terra, whom Black Adam slew by punching his fist through her chest. The Teen Titan, Young Frankenstein, also fell to his fury.

Captain Marvel petitioned the gods of ancient Egypt to take away Black Adam's powers, but they refused. In fact, they even advocated Adam's actions. Marvel then sought the aid of the mystical community and worked with Zatanna in a desperate attempt to defeat Black Adam once and for all.

Captain Marvel and Adam fought one another, and Marvel spoke the magic word "Shazam", summoning the mystic lightning that grants them their powers. He channeled the lightning into Black Adam, forcing him to transform back into the mortal Teth-Adam. Through Zatanna's spell, Captain Marvel managed to change the magic word so that Teth-Adam would be unable to turn back into Black Adam.

As the war came to a close, Teth-Adam escaped justice and fled back to Kahndaq. He was last seen wandering the streets of Shiruta incognito, attempting to learn the new magic word that would bring his powers back.

## Black Adam: The Dark Ages

The still-powerless Teth-Adam orders his remaining loyal servant to savagely beat his face in order to alter his physical appearance. Effectively disguised, he leads the group to Kahndaq to retrieve the bones of Isis, while the JSA is in Bialya searching for him. Adam and his men are attacked by unidentified soldiers (who are also searching for Teth-Adam) while leaving the tomb of Isis and Osiris. Adam's followers sacrifice their lives so that he can escape with his wife's remains. Adam then travels to the frozen Himalayas, where he eats the corpse of his last remaining henchman after running out of food. Finally reaching a secluded cave, Teth-Adam resurrects Isis using a Lazarus Pit.

Coming to realize she is no more than a decaying reanimated dead body, he is forced by the realization to kill her. He then takes her bones and goes on a pilgrimage to the Tower of Fate. Using a small piece of the Rock of Eternity, he reveals the Tower of Fate's location and enters. Expecting to find Doctor Fate so that he may get back the Amulet of Isis, he is surprised to find the doctor not in and Felix Faust has been trapped there with Neron, due to a spell cast by the deceased Ralph Dibny. Apparently, Neron found a way out and left. Faust, in order to gain freedom, joins forces with Adam and helps him cast a spell to transfer residual magic from Isis's bones to him to allow him to transform into Black Adam.

In retrieving the first part of the amulet, Teth-Adam encounters Hawkman. The two have a savage battle in the sky, leading to Hawkman's serious injury. After the fight, the Justice League is notified and the team begins trying to find Black Adam. Meanwhile, while resting at a riverbank and contemplating his mission to bring back his wife, Teth Adam is shot down and badly wounded by members of the same organization that attacked him in issue one. He is, however, strong enough to speak the magic word "Isis" and transform into Black Adam. After promptly dispatching the assassins with extreme prejudice, he visits a veterinary hospital to have his wounds repaired.

After leaving the hospital, the doctors who save Teth-Adam's life are attacked by the assassins. Teth-Adam sees this happening, saves the two doctors, and kidnaps the two assassins. He kills them both, one by striking him with lightning and one by flying him up into the thermosphere, after getting information from them. The Justice League talk to the two doctors as part of their hunt for Teth0Adam and learn about his heroic act of saving them from the assassins. This further develops Teth-Adam's anti-hero character, as it is one of his first acts of heroism since the events of World War III.

The miniseries ended at issue six, instead of the previously anticipated issue eight. Black Adam arrives at Fawcett City and accidentally discovers that the new transformation word Captain Marvel changed back in 52 was in fact "Chocolate Egg Cream". With his original power returned, he flies to Fate's Tower and confronts Faust. Faust attempts to resurrect Isis, but the resurrection fails, and Isis' bones crumble to the floor. Faust blames Black Adam for using Isis' power too much, and distraught, Black Adam flies away, ending up in the Kahndaq embassy in Gotham City. It is revealed that the bones that Faust showed to Black Adam belonged to Ralph Dibny, and Faust resurrects Isis successfully. With her under his power, he exits the tower.

## Countdown

Adam having secretly taken up residence in the abandoned Khandaq embassy in Gotham City. Mary Marvel stumbles upon him at the embassy and finds that he has killed several others that have had the misfortune to find their way in there. It appears that Adam is very angry with Mary as well but with the uttering of "Shazam", he transfers all of his powers to Mary. Before leaving, he tells Mary to tell Billy that he is 'Sorry'. In transferring his powers to her he is now an average mortal and powerless, what he has decided is better than the burden he bore for so long as Black Adam.

Later, Black Adam is once again empowered Mary Marvel seeks to join forces with him in a new Black Marvel Family, but he dismisses her as arrogant and childish, leaving her entirely alone.

Later he resumes living in his family shrine, sleeping in his coffin and mourning his dead family. He reveals that the whole meaning of his power transfer to Mary Marvel was the hope that her innocence would eventually force Mary into surrendering back his power to him but changed enough to allow Isis' rebirth. This attempt fails, Adam returns to his state of mourning and anger, until he discovered a bloodied flower in his shrine, believing it a sign from Isis.

## Justice Society of America

Isis later managed to use her powers to create a trail of flowers to lead Adam to where Faust has been holding her captive. After following the trail to find Isis and free her from Faust's control, Black Adam then journeyed to the Rock of Eternity and battled the newly-appointed wizard of the Rock of Eternity, Billy Batson, using the same scarab necklace that once imprisoned him to strip Billy of his powers with help from Isis sending lightning at Marvel and use them to take control of the Rock of Eternity. Isis planned to use the power of the Rock to "cleanse the earth" of all humankind, which she saw as irredeemably evil. Black Adam and Isis were able to convince Mary Marvel to join their crusade and soon challenged by the Justice Society, who came to the aid of the powerless Billy Batson when he was trying to summon Freddy. During the course of the fight, the combatants end up in Kahndaq, where the people praised Black Adam's return.

However, Isis proceeded to kill several of the followers, claiming that they were tainted by the Earth. Black Adam attempted to protect his people, only to be attacked by Mary and Billy, who had been tainted by Mary's power. At that point, Jay Garrick (who had earlier been thrown by Isis into the mists surrounding the Rock of Eternity) appeared with the spirit of Billy's father, and the wizard Shazam, whom the two had recovered from the Rock of Finality, where he had been imprisoned in a statue. Adam was convinced to return his power to Shazam so that he could save Isis from her corruption. In turn, Shazam - who was furious at the misuse of the power he bestowed to his champions - took the power from Isis, Billy, and Mary, and transformed Teth-Adam and Adrianna into statues. Sometime later a shadowy figure appears in a bolt of lightning, gloating that Shazam has given him new champions to play with.

## Titans

Black Adam was last seen inside Osiris' chambers known as the Labyrinth still trapped and powerless as a statue while Isis was freed and eventually returned to Kahndaq as its queen.

## Ancient Egypt

Teth-Adam was a slave in Kahndaq, where almost the entirety of his family was killed by the dictators - all except his nephew Aman, whom Adam eventually managed to contact and help escape from imprisonment, being mortally wounded by guards in order to buy him time.

Aman, however, refused to abandon his dying uncle and rescued him. Together, while escaping the underground prisons, they found themselves magically transported into the Rock of Eternity, where they were greeted by Shazam. The wizard, deeming Aman pure, offered him the role of his champion, giving him the task of freeing Kahndaq - which Aman accepted on the condition that Shazam healed Adam. Explaining that the gift bestowed upon him could be shared with his family, Shazam gave Aman his powers, healing and empowering Adam in the process.

Being returned to Kahndaq, Aman and Adam contemplated how to use their powers in order to free their people. While Adam was willing to destroy the dictators and exact revenge for their dead family, Aman wanted to save them and give them peace, stopping all bloodshed. Fearing that Aman's method would not work, Adam killed him and seized his powers for himself, seeing it as a necessary sacrifice for the greater good.

Black Adam is known in legend for having defeated the dictators and the Seven Sins, successfully freeing Kahndaq. Though myth says he merely disappeared, Black Adam actually turned against the Council of Eternity and murdered all its members but Shazam - the wizard, however, managed to overpower and seal Black Adam away.

Black Adam: Billy Batson. What brings you to Kahndaq? (sees Terry McGinnis) And why is Batman wearing a new suit?

Billy: Because Adam we're here because we need your help.

Batman 2039: And I'm wearing a different suit because the Batman in my time retired.

Terry took off his mask and revealed himself.

Batman 2039: My name is Terry McGinnis and I am Bruce Wayne's biological son.

Black Adam: But that's impossible! I thought Bruce Wayne wasn't married or had any children?

Batman 2039: It's a complicated story.

Billy: We can tell you all about it later. Right now we need your help. The Earth and the entire universe are both in terrible danger. There's a malevolent force called The Darkness and it's about to return and destroy the entire universe and we need your help to stop it.

Billy went over the entire history of the Darkness and it was not pretty.

Black Adam gasped in shock.

Black Adam: Whoa! That's terrible!

Billy: It is. And we need your help to stop it for good.

Black Adam: I will gladly help you.

Next in Gotham City, Batman and Yugi Moto were there to recruit James Craddock A.K.A. THE GENTLEMAN GHOST!

---

**James Craddock**, better known as **Gentleman Ghost**, is a supervillain from *DC comics* who varies between being a criminal who pretends to be a ghost or an actual spirit. In both forms he is a criminal and can perform a number of spectral abilities that make him tricky to combat (such as his ability to phase through solid matter), as well as being in the comics he has appeared in the DC Animated Universe as a minor villain in *Justice League* .

James Craddock was born in the late 1800s to a rich father who soon abandoned both Craddock and his mother leaving them to make it on their own, as Craddock grew he wanted to make his mother proud and promised to give her all the money and jewels she could possibly want. Trying to make enough for both them originally Craddock became a pickpocket but his mother grew ill and died while still young. Left with no parents or anyone close Craddock continued to be pickpocket and eventually become a highwayman though he is told by a person known as the Gypsy Queen that he would die by hanging but unable to pass on to the afterlife, the

Gypsy Queen also told him he would fight a group of his greatest enemies centuries later which should he win the duel he'd be returned to life.

Hearing this Craddock believed her crazy but travelled to the United States of America not long after. There he continued as a highwayman until he as captured by a pair of gunslingers known as Nighthawk and Cinnamon, due to Nighthawk mistaking Craddock as a attempted rapist he had Craddock hung. Due to the strange circumstances and the fact he was executed under false circumstances Craddock returned as a ghost, he is informed he was cursed to be unable to pass on the afterlife until his executioners pass on but also informed they themselves are forced to reincarnate upon death. Realizing he is doomed to never pass on Craddock takes the alias Gentleman Ghost and starts to continue to be a thief to keep himself entertained.

Over the centuries he has come across many heroes who he fought due to the thrill awaiting the day he could be reborn. Eventually that day arrives and he gains help from his deceased mother in the form of her giving him the ability to summon spirits of the fallen enemies of his own adversaries. He continues to fight the Justice League but soon finds himself being vulnerable to Stargirl who as a virgin he can't attack without a material object yet get attacked himself and Wildcat who as a descendant of royalty can attack him as well. At the end of the fight Wildcat seems to be able to banish Gentleman Ghost to the afterlife though unlikely it would be permanent due to Gentleman Ghost's curse.

Much of the Gentleman Ghost's past seems similar to that of the original except he now seems to desire an artifact called the Mortis Orb, an object said to have power over death and can raise the dead. In the first fight he tries to use the orb to summon an army of zombies but ends up defeated and the Mortis Orb supposedly rendered powerless. Desperate Gentleman Ghost retrieves the artifact and force Hawkman to help it regain power. Once he gets the Mortis Orb functional Gentleman Ghost mentions how now he can transcend death and be fully revived but at the cost of all life in the area. As the ritual starts a portal opens demanding the orb which Hawkman takes leading Gentleman Ghost to being dragged in.

Eventually Gentleman Ghost somehow escaped his imprisonment and recruited for a sub-vison of the Suicide Squad.

There it is revealed he fell in love with a succubus by the name Wither who he tries to force the group to go back for when she was left behind. After fighting off a group of supernatural terrorists led by Sebastian Faust, Gentleman Ghost and Wither embrace one another. Eventually Faust offers the others a chance to join him as he claims he will destroy all magic and arcane but can grant them all their hearts desire first. While tempted by the offer Faust leaves it ambiguous enough to where Ghost feels he might be erased as well right after he finally found happiness causing him to refuse the offer while Wither was already working for him.

As Ghost helps fight the group it comes to the point that Sebastian Faust puts Wither under his complete control and forces her to suck the life force of all the other members, Ghost himself is immune due to being undead thus forced to shoot her to free her of his influence and save the others. It is there Ghost revealed the only reason he followed Waller was due to Wither but now believing she was dead didn't care who died. El Diablo talked Ghost into still fighting if only to avenge Wither and have his own revenge so Ghost shots Faust just as he was about to kill the others.

While Faust points out he's only doing this to save his wife and child, Ghost angrily points out he's been forced to see many deaths but never before was in love until Wither. Just as Ghost is about to kill Faust, Wither reveals she still exists and that in a way Faust helped reunite them, overwhelmed the lovers embrace. While the other members ask if they really won anything Ghost makes it clear he feels he won while still embracing Wither.

* * *

Gentleman Ghost: (to Batman) You haven't fought me in a long time, Batman. I'm surprised you and your new friend here decided to seek me out only now.

Batman: I know James. But right now we didn't come here to fight.

Yugi: We need your help to save the Earth and the Entire universe.

Our planet is in terrible danger.

Yugi explained everything.

Gentleman Ghost was shocked!

Gentleman Ghost: Oh my lord! That is a serious situation. But I will most gladly help you.

Batman: Thanks James.

Next in Dimmsdale, Timmy Turner and Jack Atlas were there to recruit the enemy of The Crimson Chin, THE BRASS KNUCKLES!

---

**Brass Knuckles** is a hand-to-hand combat villain who has attempted to defeat the Crimson Chin in battle. He is a member of the Body of Evil.

This character was introduced in a web short of Fairly Odd Parents, Pain In The Brass.

After going on a crime spree throughout Chincinnati, he decided to top it off with a 10 round wrestling match vs the Crimson Chin to settle their rivalry once and for all. However he was defeated by the Crimson Chin and Cleft the Boy Chin Wonder, before being sent to jail. However, in The Body of Evil, he combined with Copper Cranium, Gilded Arches, Bronze Kneecap and Iron Lung to become the Body of Evil mech. This was thwarted by Timmy making a last minute wish to become a new hero called The Heart of Gold.

Later in "The Crimson Chin meets Mighty Mom and Dyno Dad", he, along with the Bronze Kneecap, Titanium Toenail and Iron Lung were broken out of the Essential Crimson Chin comic book by the Nega-Chin, only to be beaten back by a combination of Mighty Mom and Dyno Dad and the Chins Across the Eras.

He makes a small cameo as a cardboard cutout in Lights… Camera… Adam!.

---

Brass Knuckles: (to Timmy) Kinda weird seeing you without your costume, Turner. (sees Jack Atlas) Who's your friend?

Timmy: This is Jack Atlas.

Jack Atlas: Pleasure to meet you Brass Knuckles.

Timmy: We came to you because we need your help. The world and the entire universe are both in terrible danger because an evil force called The Darkness is coming.

Brass Knuckles: Didn't you already defeat the Darkness, Turner?

Timmy: Yes I did but this is a completely different Darkness.

Jack Atlas: Here's what's going on.

Jack explained it all.

The Brass Knuckles gasped in shock.

Brass Knuckles: Oh man! That is serious! But you came to the right bad guy. I will help you.

Timmy: Thank you.

Next in my room, me and Kendra Armstrong were there to recruit Jackie Chan's archenemy and the Demon Sorcerer of Fire, SHENDU!

---

**Shendu** is the main antagonist of *Jackie Chan Adventures* . He is the main antagonist in the first two seasons, the final antagonist in season 3 and a major antagonist for the rest of the series. He is a giant dragon demon and sorcerer who wants to restore his power and rule the world. He is Jackie, Jade, and Uncle Chan's archenemy.

Shendu is very treacherous, manipulative and knowledgeable, thinking things through before making any mistakes (most of the time). He is also extremely bloodthirsty, sadistic and evil. However, he does seem to respect his mortal enemy Jackie Chan of his martial art skills, admitting of the threat it serves to him and wanting Jackie as his preferred host as opposed to Valmont.

He was voiced by James Sie, who also played Jackie Chan in the series, and Chaghaita Khan in DreamWorks' *How to Train Your Dragon: The Hidden World* .

Once in time, Shendu and his demon brothers and sisters ruled the ancient world, with the humans as their slaves. However, they were banished to the netherworld by powerful warriors known as the Eight Immortals, who used the sacred relics and the Pan-Ku Box to seal them. Shendu escaped his imprisonment, continuing to rule China for centuries, until one of his servants, a defiant chi wizard by the name Lo Pei, used a powerful form of sorcery known as Scroll Magic that trapped him in a statue form, dividing all of his powers in 12 talismans representing the animals of the Chinese Zodiac and scattering them all throughout the world, so nobody would ever reunite them.

During his time imprisoned, Shendu attempted to deceive humans to find his talismans for him. There was a short period where Shendu was in a mining tunnel, and had a group of bandits try to get his talismans for him. They hired a bumbling sheriff who managed to save the town regardless, leaving Shendu in his statue form. Ages passed and technology advanced, with Shendu waiting for the opportunity to rise once again. One day, Shendu was found by a criminal known as Valmont, leader of the Dark Hand, a powerful crime organization. Shendu then deceived Valmont into finding his talismans, in exchange for his fortune, which was buried in his palace. But Valmont was being followed by Captain Augustus Black, commander of the Section 13, a ramification of a secret agency that hunted down criminals all around the world.

Jackie Chan, an archaeologist, accidentally found the rooster talisman in one of his explorations, and soon was put into the middle of a quest to find all of the talismans before the Dark Hand. Jackie got most of them, but once he found the tiger talisman, his soul was split into two: the good and the evil part. His evil half was convinced by the Dark Hand to bring all talismans in exchange for money. He agreed, and all talismans were reunited, making Shendu once again walk the earth. Shendu discards Valmond and travels to his palace, where he prepared to rise his army of dragons and conquer the world once again, but Jackie stopped him using a spell made by Uncle Chan, his uncle who owned a antiques shop and was a wizard. His niece Jade, however, used the dragon talisman to destroy Shendu's body, which set Shendu's soul free. Shendu got to the netherworld, where his brothers and sisters were not happy with him, obligating him to free them all.

Shendu then tried to possess Jackie's body, but ended possessing Valmont instead, stealing the Pan-Ku box and opening all the portals of the demons, but Jackie managed to stop him by sealing the demon portals once again. Shendu later managed to possess Jackie, then used the Book of Ages, a magical book where all history was recorded, to change history and make him and his brothers and sisters to rule the world once again. Jade managed to retain her memories and convinced Jackie, who was turned into Shendu's servant, to help her restore the world. Shendu was once again defeated.

Later in the series, Jackie accidentally destroyed the talismans during a battle against Daolon Wong, a evil sorcerer who tried to get the talismans' power, making all of the powers scatter through the world, and thus starting a quest to retrieve the talismans powers, which entered the bodies of the sacred animals's descendants who once possessed these powers. Since there was no dragon in the world anymore (as Shendu himself was the last of them) Daolon Wong made a pact with Shendu to resurrect him again in order to get the dragon power. However, Shendu betrayed Wong and obtained all of his powers again. Luckily, Uncle Chan used the spell to turn him into a statue and restored the talismans, which were then secured on Section 13's vault, as well as Shendu's statue.

When Drago absorbed all the demon chi, Uncle resurrected Shendu to fight Drago. Shendu did so poorly until the J-team threw the talismans at him, at which point Uncle and Tohru banished both of them, the talismans, and the demon chi to the netherworld forever.

Me: So that's why we came to recruit you Shendu. The Universe is in terrible danger and we need your help to stop The Darkness once and for all.

Shendu: I see. I've heard legends about the Darkness and what it was capable of. But I didn't know it would be returning.

Me: The situation is even more dire than you could imagine.

Shendu: You know Bai Tza and the rest of my siblings won't be happy to see me.

Kendra: Look, despite everything that happened betweeen you guys, you're all still family. (sadly) And at least your family are all still alive.

Shendu: I sense sadness.

Me: Kendra did you lose your family?

Kendra then broke down crying.

Me: I'll take that as a yes.

I comforted her.

Shendu: Poor girl.

Me: I know. Shendu, I'll defend you and tell your siblings that now is not the time for retribution. Right now we need to focus on saving the entire universe and Earth from total destruction because of The Darkness and we need your help to do that.

Shendu: I understand. It'll be good to be out of this prison.

I fired a blast of energy and released Shendu.

Shendu: (Inhales) Ahh. So good to be free.

We shook hands in agreement.

Next in Jade Chan's room, Jade and Georgina were there to recruit Jade's nemesis the Demon Sorcerer of the Sky, HSI WU!

---

**Hsi Wu** is an antagonist in the TV series *Jackie Chan Adventures* . He is the Demon Sorcerer of Sky who hailed from a family consisting of himself as well as seven siblings and later on his nephew Drago.

He was voiced by André Sogliuzzo.

He was one of the last Demons to be released, his portal located outside the women's room in Fenway Park. Jade accidentally snapped off his tail, forcing him to flee. He tried to retrieve his tail but Uncle placed a spell that would prevent demons from entering the shop unless they were invited. Seeing Jade, Hsi Wu saw his opportunity. He disguised himself as a human boy named Seymour Jahoositz and quickly befriends Jade. He gets inside the shop and nearly to his tail only to be pushed out by Uncle. Next day, he was invited to the Spring dance by Jade and gave him a necklace with one half a coin. He once again tries to get into the shop only to find that Uncle had hexed his tail to immobilize him. Hsi Wu catches his tail in a bag, revealing himself to everyone (including to the horror of Jade). He kidnaps uncle, demanding that he undo the spell; Uncle said that he cannot and required to do another spell, but needed books. The Dark Hand brought spell books but their efforts were hampered by Jackie and Tohru. Hsi Wu flew off with his tail, determined to find some other way. But Jade, empowered by the Rabbit and Rooster Talismans, begins a flight chase across the industrial district. She is able to release his tail on him, as Jackie played the flute, sending him back to the Netherworld.

Later, after Bai Tza becomes the seventh demon to be banished, the demons hold a meetings to discuss Shendu's punishment. In desperation, Shendu claims that his portals can let them all out and that he had discovered a spell to keep it open until all of them were freed. While waiting for Shendu to open the portal, Hsu Wu is hit by a Moose camera. He followed its path to its source, Jade, who got caught in the banishing spell's beam and was pulled into the Netherworld after Bai Tza. He brings Jade to his siblings, which pleases Po Kong with the prospect of her first meal. But Jade reveals that, contrary to Shendu's story, only one being can go through Shendu's portal, causing debate amongst the Demons. When the portal opens via the banishment of Shendu's spirit, it becomes "every demon for himself." Hsi Wu is first off the bat, but he is stunned with lightning in the back from Tchang Zu. However, he pulls back ahead by knocking down Dai Gui and Tso Lan with boulders. Seeing all the other demons out of the running, he looks ahead only to see Jade jump through the portal, which closes in his face, leaving his last burst of speed to send him plowing into a rock.

Enraged at Shendu's deception, the demons prepare to torture him for all eternity. In desperation, he suggests using the Book of Ages, which horrifies the others, for they would never tamper with that. But with their current situation, they reluctantly agree. Rewriting the book, Shendu makes it that he and his siblings were never banished, making them rulers of the world. Hsi Wu has his own tower high in the sky, with Viper as his songbird. While scrubbing for Tchang Zu's arrival, he hears a flute, which he despises. It turns out to be played by Jackie, whose memory was restored, and Hsi Wu is once again banished.

---

Jade: Before you join us, I need to give you one thing.

Hsi Wu: What's that?

Next thing Hsi Wu knew…

POW!

Jade punched him, giving him a black eye.

Hsi Wu: Okay. I deserve that.

Georgina: (giggles) Well, it's not like you didn't have it coming.

Hsi Wu: You're right and I deserve that. Jade, I'm so sorry.

Jade: Apology accepted.

Next, Laney and Tea were at Ryker's Island Metahuman Prison to recruit Nathan Prince A.K.A. COPPERHEAD!

---

Nathan Prince was a mentally unstable child who tried to drown his brother out of jealousy and even attempted to kill his parents. He eventually ran away and became a male prostitute, killing the people after he performed his services for them. Somehow, and it is unknown how, he came to possess the Copperhead costume and thus acquired Copperhead's powers. He would join the Terror Titans, a supervillain team led by Temple Fugate, a.k.a. Clock King. Copperhead was among the fighters in Clock King's Dark Side Club and was tasked with watching the injured TNTeena. He fell in love with her, and a disgusted Clock King forces him to kill her. The Terror Titans were sent with an army of metahumans from the Dark Side Club to destroy Los Angeles. They were defeated and imprisoned by the Teen Titans, except Copperhead, who would break them out of prison. The Terror Titans then swore revenge on Clock King for leaving them in prison.

---

Copperhead: (to Laney) You know, if you want to bust me out, you can do it the old fashioned way.

Laney: Now where is the fun in that? Nathan we didn't come here to gloat.

Tea: We came here because we need your help.

Laney: There's a malevolent force that's out to destroy the entire universe and Earth right in the line of fire.

Laney explained everything.

Copperhead was shocked.

Copperhead: Oh man. That's bad news. I will gladly help you out.

---

And lastly at a local bar, Lincoln and Aquaman were there to recruit Bruno Horgan A.K.A. MELTER!

---

**Melter** is a supervillain in the *Marvel* comics universe. He is an enemy of Iron Man, the Avengers, the Fantastic Four, and Nighthawk. He has also joined forces with evil organizations such as the Masters of Evil, Death Squad, and the Defenders (Villains). Three individuals have used the Melter persona. They are Bruno Horgan, Christopher Colchiss, and an unnamed criminal.

Bruno Horgan

Bruno Horgan was an industrialist who specialized in the development, design, and manufacture of weaponry and munitions for the United States government. Horgan was driven into bankruptcy when a government safety inspection team proved that he was using inferior materials. His defense contracts were later awarded to his foremost competitor, industrialist and inventor Anthony Stark, who was secretly the armored crimefighter Iron Man.

Melter

As one of Horgan's factories was being dismantled, the bankrupt industrialist noticed a strange phenomenon. One of his poorly constructed, experimental radar devices had begun to malfunction. Casting a brilliant beam of light, it caused any iron components upon which it shone to begin instantly to appear to melt. Horgan analyzed the device and redesigned it so that it could be strapped to his chest. Equipped with his Melting Ray, Horgan began his career as the Melter by striking at the factories owned by Anthony Stark. He was defeated by Stark, as Iron Man, who would became the Melter's main nemesis. Finding himself at risk because his armor was also comprised of iron, Tony developed a new suit made out of aluminum. When the Melter's weapon had no effect on this armor, he fled the scene allowing Stark Industries to recover and resume normal operations.

Masters of Evil

As a member of Baron Heinrich Zemo's Masters of Evil, the Melter twice battled the Avengers, the team of champions to which Iron Man belonged. He worked with the team on various crimes.

The Melter was also among the costumed criminals who were assembled by Doctor Doom to attack the Fantastic Four on the day of the wedding of Reed Richards and Susan Storm.

Later, finding his chest device unwieldy, the Melter redesigned it into a hand-held gun. Still not satisfied, he later kidnapped Anthony Stark and forced him to design a new "melting gun:' which was far more powerful and was capable of dissolving all metals, as well as affecting human flesh, wood, and stone. Defeated once again by Iron Man, the Melter was returned to prison.

The Melter next fought the Avengers as a member of the new Masters of Evil organized by the robot Ultron. Afterwards, the Melter teamed up with Whiplash (who is now known as Blacklash) and the Man-Bull as members of the criminal Death Squad. The Death Squad fought Iron Man at a large comics convention but were defeated.

## New Melter Weapon

The Melter again redesigned his melting weapon to wear on his belt. Having again proved to be unsuccessful on his own, the Melter teamed up with his former partner Whiplash and another of Iron Man's long time adversaries, the original Blizzard. The three criminals were financed in reconstructing their weaponry by billionaire Justin Hammer in return for a percentage of the proceeds from their robberies. The Melter, Whiplash, and the Blizzard had the misfortune of staging their robbery of a casino hotel when Anthony Stark happened to be there with his friend, Bethany Cabe. Iron Man and Cabe succeeded in over coming all three criminals, who were sent to the prison on Ryker's Island. Shortly thereafter, operatives of Hammer freed them and took them to Hammer's enormous "house boat" base. When Iron Man appeared at the base, Hammer sent the Melter and numerous other costumed criminals to attack him. However, Iron Man quickly returned them to prison.

While in jail, the Melter met a nuclear physicist who had been convicted for tax evasion. Together they developed a method of adjusting the Melter's melting beam to affect Iron Man's new armor. After leaving prison, the Melter confidently attacked Iron Man yet again. Unexpectedly, though, Iron Man used one of his oldest armors as a remote-controlled robot as a diversion and managed to knock out the Melter.

The Melter was recruited into the Criminal Defenders team. He single-handedly defeated and knocked out Nighthawk, though his leader Libra decided against further hurting the defeated Nighthawk.

## Hammers Army

He later came under the employee of criminal mastermind Justin Hammer. Under his orders, the Melter and fellow villains had a series of encounters with Iron Man in an unsuccessful attempt to neutralize the hero. He was defeated again in their attempt to sabotage the company Stark International.

## The Thing

Somehow, though, the Melter was soon back at large. His reputation tarnished by so many humiliating defeats by Iron Man and his Avenger team-mates, the Melter decided to win himself notoriety by killing the Thing, who was then hospitalized, recovering from injuries. A large number of other costumed criminals also tried to kill or capture the hospitalized Thing, but all of them, including the Melter, were thwarted by various costumed champions who acted to protect him.

## Death

Despite his long history of repeated failures, the Melter obsessively persisted in seeking vengeance on his enemies. He was planning to attack Iron Man and the Avengers yet again when he was fatally shot with an explosive bullet by the enigmatic assassin Scourge of the Underworld, who was posing as the Melter's assistant. After murdering the Melter, Scourge contemptuously crushed the Melter's latest melting beam weapon beneath his foot.

---

Melter: I had a feeling you were coming Lincoln Loud and Arthur Curry.

Aquaman: I see.

Melter: (to Lincoln and Aquaman) Before I help you, you two wanna have a drink with me? It might be the last time you get the chance.

Lincoln: Uh sure.

Aquaman: That's very kind of you.

They went to have a drink.

---

After everyone was recruited I did an emergency broadcast.

Me: Attention citizens of Earth. This is a Code Σ153ZΞΩ level Emergency Message from J.D. Knudson of Team Loud Phoenix Storm. The planet Earth and the entire universe are in terrible danger from a malevolent evil force that is about to resurface. The name of this Malevolent Force is called The Darkness. For many Eons, the Skylanders of Skylands and the Portal Masters of Earth have all teamed up to hold back the Darkness and make sure it doesn't return. Now it is on the verge to return. The Darkness has only one goal and that is destroy the entire universe. Your kids have played the Skylanders games and have helped the Skylanders from over the years and we need their help to destroy the Darkness for good. We need all the help we can get if we're going to destroy the Darkness for good and rid the universe of its reign of terror for good. Everyone we need you to help us and the Skylanders to destroy the Darkness for good.

Everyone all over the world sprang into action and cheered wildly for us knowing that we're gonna do it.

---

We gathered all our forces and we were ready for action.

Nico: Today, we don't fight for just one world. We fight for all of

them!

Me: It's time for all creatures great and small in Skylands and all parts of the universe to put aside their differences and unite as one to stand up against a powerful force that is out to destroy us! We can't let The Darkness take our worlds! THIS IS NOT JUST YOUR UNIVERSE! THIS IS OUR UNIVERSE! AND WE ARE ITS PEOPLE!

Everyone cheered!

Me: Lets get moving! Lisa, Deploy the U.S.S. Valorous Phoenix!

Lisa Loud: Right!

We got into our ship and the Masters of Evil deployed their Vortex ship called the M.O.E. Darkness Avenger and we were off! Everyone all over the world cheered wildly for us as we left Earth.

Me: Look out Darkness, we're all coming for you!

---

The U.S.S. Valorous Phoenix was flying through space.

Me: Captain's Log, Stardate 2902.7: The U.S.S. Valorous Phoenix and the M.O.E. Darkness Avenger are en route to Skylands where the evil force of ultimate evil called The Darkness is about to resurface. It's planning to destroy the entirety of the universe and make sure nothing is left. Now it's going to return and our mission is to destroy The Darkness once and for all.

Dark Spicer: I think Atomburst will be useful in this fight.

Me: Good thinking Dark.

Carly Atlas: This is gonna be so awesome!

Nico: I know. I can't wait to make The Darkness pay for its crimes.

Me: We all can't wait. The Darkness's crimes are completely unforgivable and unpardonable.

Firefly: One question. How do we find the Darkness?

Me: We have to look for a massive negative energy spike over any part of Skylands.

Spyro: That's right.

Kaos: And the only way for that to happen is if it has enough power.

Me: Yeah.

Robo Blaze: Ok. The minute we find the Darkness, we should send it to the Warp right away.

Kaos: It's not gonna be that simple Robo-Blaze. The Darkness is the ultimate force of evil and we have to weaken it like you all did to Bio-Broly.

Me: Looks like we're in for one helluva battle. But like all the forces of Evil that we faced we have to use the things that all evil hate above all others: Love, Courage, Friendship and Harmony. And my sword might just be one of the keys.

Nico: Good idea.

Lisa Loud: J.D. the scanners are picking up a massive negative energy spike 10,000 kilometers ahead.

Me: On screen.

The screen came on and it showed a purple light.

Me: Magnify.

It showed the light up close and it showed that it was the vortex we were all looking for.

Me: That's it! Red Alert! Man Your Battlestations!

The alarms sounded and everyone got ready.

Snake: Dudes, tell me we've found the Darkness!

We saw a vortex of evil in the skies above where Kaos's old lair used to be and a huge and massive towering figure came out of it and it was the source of all of Skylands evil itself:

**THE DARKNESS - SUPREME HARBINGER OF ULTIMATE UNIVERSAL ARMAGEDDON!**

The Darkness: SURPRISE SKYLANDS! DIDN'T EXPECT TO SEE ME AGAIN DIDN'T YOU? WELL I'M BACK! THIS TIME YOU ALL WON'T STOP ME! THE UNIVERSE IS MINE! ALL SHALL FEAR AND OBEY ME! I AM THE DARKNESS!

Me: Oh crud!

Nico: Guys lets get ready!

Me: This is it guys! Lets power up and take that monster down for good!

We powered up and went at the Darkness!

Kaos fired blasts of darkness and energy and lightning and his doom sharks and they smashed into the Darkness and exploded all over the place!

KRABBBBBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

The Masters of Evil stood ready to face the Darkness and he saw Kaos among them.

The Darkness: (To Kaos) Kaos you traitor!

Electro: Bet you didn't expect to see Kaos with us, huh, asshole?

The Darkness: WHAT!?

SLASH!

A massive slash appeared on The Darkness's chest and he saw that I was now at his size and in my Super Angel-Ebonwu-Phoenix

100,000,000 form!

Me: (Divine Echoing Fiery Voice) **YOUR REIGN OF TERROR WILL END NOW! THIS IS OUR UNIVERSE AND YOU ARE NOT WELCOME HERE!**

The Darkness: I hope you've all opened your Christmas presents early. Because you all won't leave here alive.

Shiv: Oh, we're going to have Christmas. And your death's gonna make it even more merrier!

Me: **As long as we're alive, you will never terrorize another planet or dimension ever again!**

I slashed The Darkness's face and he screamed in pain as I cut his left eye out!

Nico: KAAAAAAAAAAAAAAA! MEEEEEEEEEEEEEEEEEEEEEE! HAAAAAAAAAAAAAAAAAAAAA! MEEEEEEEEEEEEEEEEEEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Nico fired a massive Red Kamehameha Blast and it slammed into The Darkness and exploded with unbelievable power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eliza Thornberry: Please tell me we're hurting it!

When the smoke cleared we saw that the Darkness was badly wounded all over the place.

Me: **It's working. We're almost there.**

Meanwhile back on Earth, kids from all over the world were placing Skylanders Figures of all kinds on their portals.

Kid 1: Hang on Team Loud Phoenix Storm!

Kid 2: Reinforcements are on their way!

Kids: PORTAL MASTERS OF EARTH UNITE!

Billions of Skylanders flew into action and ready to fight!

Back in the fight we saw a massive army of Skylanders appear.

Nico: WHOA! We have a lot of help!

Runamuck: (to Runabout) You ready, Runabout?

Runabout: Ready bro!

They fired energy and missile blasts.

Me: **And it's time for some more help!**

I snapped my fingers and then fire blasts fired at The Darkness and the source of those blasts was none other than BOWSER!

Bowser: Miss me guys!?

Bowser Jr.: Papa!?

Bowser: Hey son.

Cybertron Red Alert: (to Bowser) Hope you don't mind that Control Freak's using your monsters.

Bowser: Not at all. it's great to be back!

We were firing energy blasts and elemental blasts and really letting the Darkness have it!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jason Lee Scott: Red Rangers, It's Morphin Time!

Then all the Digimon appeared and fired elemental and powerful blasts of their attacks.

Azulongmon curled into a circle and fired a massive blast of lightning.

The blasts all hit The Darkness and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

But then we got a huge surprise!

Allenby: (Echoing) NOBLE HULA HOOP!

An energy ring appeared and slashed the Darkness all over the place and we saw that it was Allenby in her awesome Gundam called Nobel Gundam.

We saw a massive number of Gundams. Thousands of them all over the place.

Kyral: Mandala Gundam at your service.

Eli: Kyral! Wow!

Kyral: It's great to see you all again.

Jared: You too Kyral. We owe you all one.

Eli: Lets do it! EARTH STYLE NINJA ART: TYRANNOSAURUS REX!

Eli fired a wave of earth by punching the ground and it formed into the meanest dinosaur that ever lived from 68 million years ago: Tyrannosaurus Rex!

---

Tyrannosaurus is a genus of coelurosaurian theropod dinosaur. The species Tyrannosaurus rex, often called T. rex or colloquially T-Rex, is one of the most well-represented of the large theropods. Tyrannosaurus lived throughout what is now western North America, on what was then an island continent known as Laramidia. Tyrannosaurus had a much wider range than other tyrannosaurids. Fossils are found in a variety of rock formations dating to the Maastrichtian age of the upper Cretaceous period, 68 to 66 million years ago. It was the last known member of the tyrannosaurids, and among the last non-avian dinosaurs to exist before the Cretaceous-Paleogene extinction event.

Like other tyrannosaurids, Tyrannosaurus was a bipedal carnivore with a massive skull balanced by a long, heavy tail. Relative to its large and powerful hind limbs, Tyrannosaurus forelimbs were short but unusually powerful for their size and had two clawed digits. The most complete specimen measures up to 12.3 meters (40 feet) in length though T. rex could grow to lengths of over 12.3 m (40 ft), up to 3.66 m (12 ft) tall at the hips, and according to most modern estimates 8.4 metric tons (9.3 short tons) to 14 metric tons (15.4 short tons) in weight. Although other theropods rivaled or exceeded Tyrannosaurus rex in size, it is still among the largest known land predators and is estimated to have exerted the strongest bite force among all terrestrial animals. By far the largest carnivore in its environment, Tyrannosaurus rex was most likely an apex predator, preying upon hadrosaurs, armored herbivores like ceratopsians and ankylosaurs, and possibly sauropods. Some experts have suggested the dinosaur was primarily a scavenger. The question of whether Tyrannosaurus was an apex predator or a pure scavenger was among the longest debates in paleontology. Most paleontologists today accept that Tyrannosaurus was both an active predator and a scavenger.

Hunter: (German Accent) INFERNO STYLE NINJA ART: SPINOSAURUS!

Hunter fired a wave of black fire and it formed into the largest and meanest carnivorous dinosaur that ever lived from 112 million years ago in Egypt: Spinosaurus!

---

Spinosaurus (meaning "spine lizard") is a genus of spinosaurid dinosaur that lived in what now is North Africa during the upper Albian to upper Turonian stages of the Cretaceous period, about 112 to 93.5 million years ago. This genus was known first from Egyptian remains discovered in 1912 and described by German paleontologist Ernst Stromer in 1915. The original remains were destroyed in World War II, but additional material has come to light in the early 21st century. It is unclear whether one or two species are represented in the fossils reported in the scientific literature. The best known species is S. aegyptiacus from Egypt, although a potential second species, S. maroccanus, has been recovered from Morocco. The contemporary spinosaurid genus Sigilmassasaurus has also been synonymized by some authors with S. aegyptiacus, though other researchers propose it to be a distinct taxon. Another possible junior synonym is Oxalaia from the Alcântara Formation in Brazil.

Spinosaurus was among the largest of all known carnivorous dinosaurs, nearly as large as or even larger than other theropods such as Tyrannosaurus, Giganotosaurus and Carcharodontosaurus. Estimates published in 2005, 2007, and 2008 suggested that it was between 12.6 to 18 meters (41 to 59 ft) in length and 7 to 20.9 metric tons (7.7 to 23.0 short tons) in weight. New estimates published in 2014 and 2018, based on a more complete specimen, supported the earlier research, finding that Spinosaurus could reach lengths of 15 to 16 meters (49 to 52 ft). The latest estimates suggest a weight of 6.4 to 7.5 metric tons (7.1 to 8.3 short tons). The skull of Spinosaurus was long, low and narrow, similar to that of a modern crocodilian, and bore straight conical teeth with no serrations. It would have had large, robust forelimbs bearing three-fingered hands, with an enlarged claw on the first digit. The distinctive neural spines of Spinosaurus, which were long extensions of the vertebrae (or backbones), grew to at least 1.65 meters (5.4 ft) long and were likely to have had skin connecting them, forming a sail-like structure, although some authors[who?] have suggested that the spines were covered in fat and formed a hump. Spinosaurus's hip bones were reduced, and the legs were very short in proportion to the body. Its long and narrow tail was deepened by tall, thin neural spines and elongated chevrons, forming a flexible fin or paddle-like structure.

Axel Adell: (Swedish Accent) ICE STYLE NINJA ART: WOOLLY MAMMOTH!

Axel fired a wave of ice and it formed into the famous and widely known ancestral elephants from 800,000 years ago: The Woolly Mammoth.

---

The woolly mammoth (Mammuthus primigenius) is an extinct species of mammoth that lived during the Pleistocene until its extinction in the Holocene epoch. It was one of the last in a line of mammoth species, beginning with Mammuthus subplanifrons in the early Pliocene. The woolly mammoth began to diverge from the steppe mammoth about 800,000 years ago in East Asia. Its closest extant relative is the Asian elephant. The appearance and behaviour of this species are among the best studied of any prehistoric animal because of the discovery of frozen carcasses in Siberia and Alaska, as well as skeletons, teeth, stomach contents, dung, and depiction from life in prehistoric cave paintings. Mammoth remains had long been known in Asia before they became known to Europeans in the 17th century. The origin of these remains was long a matter of debate, and often explained as being remains of legendary creatures. The mammoth was identified as an extinct species of elephant by Georges Cuvier in 1796.

The woolly mammoth was roughly the same size as modern African elephants. Males reached shoulder heights between 2.7 and 3.4 m (8.9 and 11.2 ft) and weighed up to 6 metric tons (6.6 short tons). Females reached 2.6-2.9 m (8.5-9.5 ft) in shoulder heights and weighed up to 4 metric tons (4.4 short tons). A newborn calf weighed about 90 kg (200 lb). The woolly mammoth was well adapted to the cold environment during the last ice age. It was covered in fur, with an outer covering of long guard hairs and a shorter undercoat. The colour of the coat varied from dark to light. The ears and tail were short to minimise frostbite and heat loss. It had long, curved tusks and four molars, which were replaced six times during the lifetime of an individual. Its behaviour was similar to that of modern elephants, and it used its tusks and trunk for manipulating objects, fighting, and foraging. The diet of the woolly mammoth was mainly grasses and sedges. Individuals could probably reach the age of 60. Its habitat was the mammoth steppe, which stretched across northern Eurasia and North America.

The woolly mammoth coexisted with early humans, who used its bones and tusks for making art, tools, and dwellings, and the species was also hunted for food. It disappeared from its mainland range at the end of the Pleistocene 10,000 years ago. Isolated populations survived on St. Paul Island until 5,600 years ago and on Wrangel Island until 4,000 years ago. After its extinction, humans continued using its ivory as a raw material, a tradition that continues today. With a genome project for the mammoth completed in 2015, it has been proposed the species could be revived through various means, but none of the methods proposed are yet feasible.

Dana: ICE STYLE NINJA ART: SABER-TOOTH CAT!

Dana fired a wave of ice and it formed into the ancestral cats of 42 million years ago: The Saber-Toothed Cats!

---

A saber-toothed cat (alternatively spelled sabre-toothed cat) is any member of various extinct groups of predatory mammals that are characterized by long, curved saber-shaped canine teeth which protruded from the mouth even when closed. The saber-toothed cats have been found almost worldwide from the Eocene epoch to the end of the Pleistocene epoch 42 million years ago (mya) - 11,000 years ago (kya). The first saber-toothed cat fossil in Canada was found in Medicine Hat, Alberta.

One of the best-known genera is Smilodon, species of which, especially S. fatalis, are popularly, but incorrectly, referred to as "saber-toothed tigers". However, usage of the word cat is in some cases a misnomer, as many species referred to as saber-toothed "cats" are not closely related to modern cats (Felidae). Instead, many are members are classified into different families of Feliformia, such as Barbourofelidae and Nimravidae; the oxyaenid "creodont" genera Machaeroides and Apataelurus; and two extinct lineages of metatherian mammals, the thylacosmilids of Sparassodonta, and deltatheroideans, which are more closely related to marsupials. In this regard, saber-toothed cats can be viewed as examples of convergent evolution. This convergence is remarkable due not only to the development of elongated canines, but also a suite of other characteristics, such as a wide gape and bulky forelimbs, which is so consistent that it has been termed the "saber-tooth suite."

Of the feliform lineages, the family Nimravidae is the oldest, entering the landscape around 42 mya and becoming extinct by 7.2 mya. Barbourofelidae entered around 16.9 mya and were extinct by 9 mya. These two would have shared some habitats.

Lana: ICE STYLE NINJA ART: WOOLLY RHINOCEROS!

Lana fired a wave of ice and it formed into the Ice Age ancestors of modern day Rhinoceroses from 3.6 Million years ago: The Woolly Rhinoceros!

---

The woolly rhinoceros (Coelodonta antiquitatis) is an extinct species of rhinoceros that was common throughout Europe and northern Asia during the Pleistocene epoch and survived until the end of the last glacial period. The woolly rhinoceros was a member of the Pleistocene megafauna.

The woolly rhinoceros was covered with thick and long hair, which allowed it to survive in the extremely cold, harsh mammoth steppe. It also had a massive hump reaching from its shoulder. It fed mainly on herbaceous plants that grew in the steppe.

Mummified carcasses preserved in permafrost and many bone remains of woolly rhinoceroses have been found. Images of woolly rhinoceroses are found among cave paintings in Europe and Asia.

Killer Frost: ICE STYLE NINJA ART: IRISH ELK!

Killer Frost fired a wave of ice and it formed into the largest deer ever known that lived 2.5 million years ago: The Irish Elk.

---

The Irish elk (Megaloceros giganteus) also called the giant deer or Irish deer, is an extinct species of deer in the genus Megaloceros and is one of the largest deer that ever lived. Its range extended across Eurasia during the Pleistocene, from Ireland to Lake Baikal in Siberia. The most recent remains of the species have been carbon dated to about 7,700 years ago in Siberia.

Although abundant skeletal remains have been found in bogs in Ireland, the animal was not exclusive to Ireland nor closely related to either of the living species currently called elk: Alces alces (the European elk, known in North America as the moose) or Cervus canadensis (the North American elk or wapiti). For this reason, the name "giant deer" is used in some publications, instead of "Irish elk". Although one study suggested that the Irish elk was closely related to the red deer (Cervus elaphus), most other phylogenetic analyses support that their closest living relatives are fallow deer (Dama dama).

---

Maggie: ICE STYLE NINJA ART: SHORT-FACED BEAR!

Maggie fired a wave of ice and it formed into the Ice Age bear from 1.8 million years ago: The Short-Faced Bear.

---

The short-faced bear (Arctodus sp.) is an extinct bear genus that inhabited North America during the Pleistocene epoch from about 1.8 Mya until 11,000 years ago. It was the most common early North American bear and was most abundant in California. There are two recognized species: the lesser short-faced bear (Arctodus pristinus) and the giant short-faced bear (Arctodus simus), with the latter considered to be one of the largest known terrestrial mammalian carnivores that has ever existed. It has been hypothesized that their extinction coincides with the Younger Dryas period of global cooling commencing around 10,900 BC.

---

Khalyaka: (India Accent) EARTH STYLE NINJA ART: TARBOSAURUS BABAAR!

Khalyaka fired a wave of earth and it formed into the terrible theropod of 70 million years ago: Tarbosaurus!

---

Tarbosaurus (meaning "alarming lizard") is a genus of tyrannosaurid theropod dinosaur that flourished in Asia about 70 million years ago, at the end of the Late Cretaceous Period, considered to contain a single known species, Tarbosaurus bataar. Fossils have been recovered in Mongolia, with more fragmentary remains found further afield in parts of China.

Although many species have been named, modern paleontologists recognize only one, T. bataar, as valid. Some experts see this species as an Asian representative of the North American genus Tyrannosaurus; this would make the genus Tarbosaurus redundant. Tarbosaurus and Tyrannosaurus, if not synonymous, are considered to be at least closely related genera. Alioramus, also from Mongolia, has previously been thought by some authorities to be the closest relative of Tarbosaurus, though this has since been disproven with the discovery of Qianzhousaurus and the description of the Alioramini.

Like most known tyrannosaurids, Tarbosaurus was a large bipedal predator, weighing up to 5 metric tons (5.5 short tons) and equipped with about sixty large teeth. It had a unique locking mechanism in its lower jaw and the smallest forelimbs relative to body size of all tyrannosaurids, renowned for their disproportionately tiny, two-fingered forelimbs.

Tarbosaurus lived in a humid floodplain criss-crossed by river channels. In this environment, it was an apex predator, probably preying on other large dinosaurs like the hadrosaur Saurolophus or the sauropod Nemegtosaurus. Tarbosaurus is represented by dozens of fossil specimens, including several complete skulls and skeletons. These remains have allowed scientific studies focusing on its phylogeny, skull mechanics, and brain structure.

---

Lynn: EARTH STYLE NINJA ART: APATOSAURUS!

Lynn fired a wave of Earth and it formed into the famous sauropod from 158 million years ago: Apatosaurus!

---

Apatosaurus is a genus of herbivorous sauropod dinosaur that lived in North America during the Late Jurassic period. Othniel Charles Marsh described and named the first-known species, A. ajax, in 1877, and a second species, A. louisae, was discovered and named by William H. Holland in 1916. Apatosaurus lived about 152 to 151 million years ago (mya), during the late Kimmeridgian to early

Tithonian age, and are now known from fossils in the Morrison Formation of modern-day Colorado, Oklahoma, New Mexico, Wyoming, and Utah in the United States. Apatosaurus had an average length of 21-22.8 m (69-75 ft), and an average mass of 16.4-22.4 t (16.1-22.0 long tons; 18.1-24.7 short tons). A few specimens indicate a maximum length of 11-30% greater than average and a mass of 32.7-72.6 t (32.2-71.5 long tons; 36.0-80.0 short tons).

The cervical vertebrae of Apatosaurus are less elongated and more heavily constructed than those of Diplodocus, a diplodocid like Apatosaurus, and the bones of the leg are much stockier despite being longer, implying that Apatosaurus was a more robust animal. The tail was held above the ground during normal locomotion. Apatosaurus had a single claw on each forelimb and three on each hindlimb. The Apatosaurus skull, long thought to be similar to Camarasaurus, is much more similar to that of Diplodocus. Apatosaurus was a generalized browser that likely held its head elevated. To lighten its vertebrae, Apatosaurus had air sacs that made the bones internally full of holes. Like that of other diplodocids, its tail may have been used as a whip to create loud noises.

The skull of Apatosaurus was confused with that of Camarasaurus and Brachiosaurus until 1909, when the holotype of A. louisae was found, and a complete skull just a few meters away from the front of the neck. Henry Fairfield Osborn disagreed with this association, and went on to mount a skeleton of Apatosaurus with a Camarasaurus skull cast. Apatosaurus skeletons were mounted with speculative skull casts until 1970, when McIntosh showed that more robust skulls assigned to Diplodocus were more likely from Apatosaurus.

Apatosaurus is a genus in the family Diplodocidae. It is one of the more basal genera, with only Amphicoelias and possibly a new, unnamed genus more primitive. While the subfamily Apatosaurinae was named in 1929, the group was not used validly until an extensive 2015 study. Only Brontosaurus is also in the subfamily, with the other genera being considered synonyms or reclassified as diplodocines. Brontosaurus has long been considered a junior synonym of Apatosaurus; its type species was reclassified as A.

excelsus in 1903. A 2015 study concluded that Brontosaurus is a valid genus of sauropod distinct from Apatosaurus, but not all paleontologists agree with this division. As it existed in North America during the late Jurassic, Apatosaurus would have lived alongside dinosaurs such as Allosaurus, Camarasaurus, Diplodocus, and Stegosaurus.

---

Laney: FOREST STYLE NINJA ART: DIPLODOCUS!

Laney fired a wave of trees and leaves and it formed into the famous sauropod from 154 million years ago: Diplodocus!

---

Diplodocus is a genus of diplodocid sauropod dinosaurs whose fossils were first discovered in 1877 by S. W. Williston. The generic name, coined by Othniel Charles Marsh in 1878, is a neo-Latin term derived from Greek διπλός (diplos) "double" and δοκός (dokos) "beam", in reference to the double-beamed chevron bones located in the underside of the tail, which were then considered unique.

This genus of dinosaurs lived in what is now mid-western North America at the end of the Jurassic period. It is one of the more common dinosaur fossils found in the middle to upper Morrison Formation, between about 154 and 152 million years ago, during the late Kimmeridgian age. The Morrison Formation records an environment and time dominated by gigantic sauropod dinosaurs, such as Apatosaurus, Barosaurus, Brachiosaurus, Brontosaurus, and Camarasaurus. Its great size may have been a deterrent to the predators Allosaurus and Ceratosaurus: their remains have been found in the same strata, which suggests that they coexisted with Diplodocus.

Diplodocus is among the most easily identifiable dinosaurs, with its typical sauropod shape, long neck and tail, and four sturdy legs. For many years, it was the longest dinosaur known.

May: ICE STYLE NINJA ART: LEAELLYNASAURA!

May fired a wave of ice and it formed into the Australian dinosaur from 118 million years ago: Leaellynasaura!

---

Leaellynasaura is a genus of small herbivorous ornithischian dinosaurs from the Albian stage of the Early Cretaceous (dated to between 118 and 110 million years ago), first discovered in Dinosaur Cove, Australia. The only known species is Leaellynasaura amicagraphica. It was described in 1989, and named after Leaellyn Rich, the daughter of the Australian palaeontologist couple Tom Rich and Patricia Vickers-Rich who discovered it. The specific name, amicagraphica, translates to "friend writing" and honours both the Friends of the Museum of Victoria and the National Geographic Society for their support of Australian paleontology.

---

Lori: WIND STYLE NINJA ART: ALLOSAURUS!

Lori fired a wave of wind and it formed into the vicious theropod from 155 million years ago: Allosaurus!

---

Allosaurus is a genus of carnivorous theropod dinosaur that lived 155 to 145 million years ago during the late Jurassic period (Kimmeridgian to late Tithonian). The name "Allosaurus" means "different lizard" alluding to its unique concave vertebrae (at the time of its discovery). It is derived from the Greek ἄλλος (allos) ("different, other") and σαῦρος (sauros) ("lizard / generic reptile"). The first fossil remains that could definitively be ascribed to this genus were described in 1877 by paleontologist Othniel Charles Marsh. As one of the first well-known theropod dinosaurs, it has long attracted attention outside of paleontological circles.

Allosaurus was a large bipedal predator. Its skull was large and equipped with dozens of sharp, serrated teeth. It averaged 9.5 meters (31 ft) in length, though fragmentary remains suggest it could have reached over 12 m (39 ft). Relative to the large and powerful hindlimbs, its three-fingered forelimbs were small, and the body was

balanced by a long and heavily muscled tail. It is classified as an allosaurid, a type of carnosaurian theropod dinosaur. The genus has a complicated taxonomy, and includes three valid species, the best known of which is A. fragilis. The bulk of Allosaurus remains have come from North America's Morrison Formation, with material also known from Portugal. It was known for over half of the 20th century as Antrodemus, but a study of the copious remains from the Cleveland-Lloyd Dinosaur Quarry brought the name "Allosaurus" back to prominence and established it as one of the best-known dinosaurs.

As the most abundant large predator in the Morrison Formation, Allosaurus was at the top of the food chain, probably preying on contemporaneous large herbivorous dinosaurs, and perhaps other predators. Potential prey included ornithopods, stegosaurids, and sauropods. Some paleontologists interpret Allosaurus as having had cooperative social behavior, and hunting in packs, while others believe individuals may have been aggressive toward each other, and that congregations of this genus are the result of lone individuals feeding on the same carcasses.

Leni: WATER STYLE NINJA ART: OMEISAURUS!

Leni fired a wave of water and it formed into one of the largest dinosaurs from 173 million years ago: Omeisaurus!

---

Omeisaurus (meaning "Omei lizard") is a genus of sauropod dinosaur from the Middle Jurassic Period (Bathonian-Callovian stage) of what is now China. Its name comes from Mount Emei, where it was discovered in the lower Shaximiao Formation of Sichuan Province.

Like other sauropods, Omeisaurus was herbivorous and large. It measured 20.2 metres (66 ft) long, and weighed 9.8 tonnes.

---

Luna: WATER STYLE NINJA ART: SUCHOMIMUS!

Luna fired a wave of water and it formed into the ferocious spinosaurid dinosaur from 125 million years ago: Suchomimus!

---

Suchomimus (meaning "crocodile mimic") is a genus of spinosaurid dinosaur that lived between 125 and 112 million years ago in what is now Niger, during the Aptian to early Albian stages of the Early Cretaceous period. The animal was named and described by palaeontologist Paul Sereno and colleagues in 1998, based on a partial skeleton from the Erlhaz Formation. Suchomimus's long and shallow skull, similar to that of a crocodile, earns it its generic name, while the specific name Suchomimus tenerensis alludes to the locality of its first remains, the Ténéré Desert.

Suchomimus was 9.5 to 11 metres (31 to 36 feet) long and weighed between 2.5 to 5.2 tonnes (2.8 to 5.7 short tons), although the holotype specimen may not have been fully grown. Suchomimus's narrow skull was perched on a short neck, and its forelimbs were powerfully built, bearing a giant claw on each thumb. Along the midline of the animal's back ran a low dorsal sail, built from the long neural spines of its vertebrae. Like other spinosaurids, it likely had a diet of fish and small prey animals.

Some palaeontologists consider the animal to be an African species of the European spinosaurid Baryonyx, B. tenerensis. Suchomimus might also be a junior synonym of the contemporaneous spinosaurid Cristatusaurus lapparenti, although the latter taxon is based on much more fragmentary remains. Suchomimus lived in a fluvial environment of vast floodplains alongside many other dinosaurs, in addition to pterosaurs, crocodylomorphs, fish, turtles, and bivalves.

Stella: SCORCH STYLE NINJA ART: OURANOSAURUS!

Stella fired a wave of fire and it formed into the Iguanodont from 100 million years ago: Ouranosaurus.

---

Ouranosaurus is a genus of herbivorous iguanodont dinosaur that

lived during the Aptian stage of the Early Cretaceous of modern-day Niger. Ouranosaurus measured about 7 to 8.3 metres (23 to 27 ft) long. Two rather complete fossils were found in the Elrhaz Formation, Gadoufaoua deposits, Agadez, Niger, in 1965 and 1970. The animal was named in 1976 by French paleontologist Philippe Taquet; the type species being Ouranosaurus nigeriensis. The name is a combination of the Arabic word for "courage" and the country of discovery, although ourane is also the Tuareg name for the desert monitor.

Becca Chang: WATER STYLE NINJA ART: TITANOBOA!

Becca fired a wave of water that formed into the Colombian giant snake from 60 million years ago: Titanoboa!

---

Titanoboa (/tiˌtɑːnoʊˈboʊə/) is an extinct genus of very large snakes that lived in what is now La Guajira in northeastern Colombia. They could grow up to 12.8 m (42 ft) long and reach a weight of 1,135 kg (2,500 lb).

Fossils of Titanoboa have been found in the Cerrejón Formation, and date to around 58 to 60 million years ago. The giant snake lived during the Middle to Late Paleocene epoch, a 10-million-year period immediately following the Cretaceous-Paleogene extinction event.

The only known species is Titanoboa cerrejonensis, the largest snake ever discovered, which supplanted the previous record holder, Gigantophis.

Ophthalmosaurus (meaning "eye lizard" in Greek) is an ichthyosaur of the Middle Jurassic period (165-160 million years ago), named for its extremely large eyes. It had a graceful 6 m (19.5 ft) long dolphin-shaped body, and its almost toothless jaw was well adapted for catching squid. Major fossil finds of this genus have been recorded in Europe and North and South America.

Girl Jordan: WATER STYLE NINJA ART: ELASMOSAURUS!

Girl Jordan fired a wave of water and it formed into the huge long-necked plesiosaurus from 80.5 million years ago: Elasmosaurus!

---

Elasmosaurus is a genus of plesiosaur that lived in North America during the Campanian stage of the Late Cretaceous period, about 80.5 million years ago. The first specimen was discovered in 1867 near Fort Wallace, Kansas, US, and was sent to the American paleontologist Edward Drinker Cope, who named it E. platyurus in 1868. The generic name means "thin-plate reptile", and the specific name means "flat-tailed". Cope originally reconstructed the skeleton of Elasmosaurus with the skull at the end of the tail, an error which was made light of by the paleontologist Othniel Charles Marsh, and became part of their "Bone Wars" rivalry. Only one incomplete Elasmosaurus skeleton is definitely known, consisting of a fragmentary skull, the spine, and the pectoral and pelvic girdles, and a single species is recognized today; other species are now considered invalid or have been moved to other genera.

Measuring 10.3 meters (34 ft) long, Elasmosaurus would have had a streamlined body with paddle-like limbs, a short tail, a small head, and an extremely long neck. The neck alone was around 7.1 meters (23 ft) long. Along with its relative Albertonectes, it was one of the longest-necked animals to have lived, with the largest number of neck vertebrae known, 72. The skull would have been slender and triangular, with large, fang-like teeth at the front, and smaller teeth towards the back. It had six teeth in each premaxilla of the upper jaw, and may have had 14 teeth in the maxilla and 19 in the dentary of the lower jaw. Most of the neck vertebrae were compressed

sideways, and bore a longitudinal crest or keel along the sides.

The family Elasmosauridae was based on the genus Elasmosaurus, the first recognized member of this group of long-necked plesiosaurs. Elasmosaurids were well adapted for aquatic life, and used their flippers for swimming. Contrary to earlier depictions, their necks were not very flexible, and could not be held high above the water surface. It is unknown what their long necks were used for, but they may have had a function in feeding. Elasmosaurids probably ate small fish and marine invertebrates, seizing them with their long teeth, and may have used gastroliths (stomach stones) to help digest their food. Elasmosaurus is known from the Pierre Shale formation, which represents marine deposits from the Western Interior Seaway.

SpongeBob: WATER STYLE NINJA ART: LIOPLEURODON!

SpongeBob fired a wave of water and it formed into the ferocious marine reptile from 166 million years ago: Liopleurodon!

Liopleurodon (/ˌlaɪoʊˈplʊərədɒn/; meaning 'smooth-sided teeth') is a genus of large, carnivorous marine reptile belonging to the Pliosauroidea, a clade of short-necked plesiosaurs. The two species of Liopleurodon lived from the Callovian Stage of the Middle Jurassic to the Kimmeridgian stage of the Late Jurassic Period (c. 166 to 155 mya). It was the apex predator of the Middle to Late Jurassic seas that covered Europe. The largest species, L. ferox, is estimated to have grown up to 6.4 metres (21 ft) in length.

The name "Liopleurodon" (meaning "smooth-sided tooth") derives from Ancient Greek words: λεῖος leios, "smooth"; πλευρά pleurá, "side" or "rib"; and ὀδόν odṓn, "tooth".

Salar: (Arabic Accent) FIRESTORM STYLE NINJA ART: GALLIMIMUS!

Salar fired a massive wave of fire and it formed into a herd of the ostrich-like egg-eaters from 70 million years ago: Gallimimus!

---

Gallimimus (/ˌɡælɪˈmaɪməs/ GAL-i-MY-məs) is a genus of theropod dinosaur that lived in what is now Mongolia during the Late Cretaceous period, about seventy million years ago (mya). Several fossils in various stages of growth were discovered by Polish-Mongolian expeditions in the Gobi Desert of Mongolia during the 1960s; a large skeleton discovered in this region was made the holotype specimen of the new genus and species Gallimimus bullatus in 1972. The generic name means "chicken mimic", referring to the similarities between its neck vertebrae and those of the Galliformes. The specific name is derived from bulla, a gold capsule worn by Roman youth, in reference to a bulbous structure at the base of the skull of Gallimimus. At the time it was named, the fossils of Gallimimus represented the most complete and best preserved ornithomimid ("ostrich dinosaur") material yet discovered, and the genus remains one of the best known members of the group.

Gallimimus is the largest known ornithomimid; adults were about 6 metres (20 ft) long, 1.9 metres (6 ft 3 in) tall at the hip and weighed about 440 kilograms (970 lb). As evidenced by its relative Ornithomimus, it would have had feathers. The head was small and light with large eyes that faced to the sides. The snout was long compared to other ornithomimids, although it was broader and more rounded at the tip than in other species. Gallimimus was toothless with a keratinous (horny) beak, and had a delicate lower jaw. Many of the vertebrae had openings that indicate they were pneumatic (air-filled). The neck was proportionally long in relation to the trunk. The hands were proportionally the shortest of any ornithomimosaur and each had three digits with curved claws. The forelimbs were weak while the hindlimbs were proportionally long. The family Ornithomimidae is part of the group Ornithomimosauria. Anserimimus, also from Mongolia, is thought to have been the closest relative of Gallimimus.

As an ornithomimid, Gallimimus would have been a fleet (or cursorial) animal, using its speed to escape predators; its speed has

been estimated at 42-56 km/h (29-34 mph). It may have had good vision and intelligence comparable to ratite birds. Gallimimus may have lived in groups, based on the discovery of several specimens preserved in a bone bed. Various theories have been proposed regarding the diet of Gallimimus and other ornithomimids. The highly mobile neck may have helped locate small prey on the ground, but it may also have been an opportunistic omnivore. It has also been suggested that it used small columnar structures in its beak for filter-feeding in water, though these structures may instead have been ridges used for feeding on tough plant material, indicative of a herbivorous diet. Gallimimus is the most commonly found ornithomimosaur in the Nemegt Formation, where it lived alongside its relatives Anserimimus and Deinocheirus. Gallimimus was featured in the movie Jurassic Park, in a scene that was important to the history of special effects, and in shaping the common conception of dinosaurs as bird-like animals.

Andropov: (Russian Accent) ICE STYLE NINJA ART: ELASMOTHERIUM!

Andropov fired a wave of ice and it formed into the ancestral big-horned rhinoceros of the Ice Age from 2.6 million years ago: Elasmotherium!

---

Elasmotherium is an extinct genus of large rhinoceros endemic to Eurasia during the Late Pliocene through the Pleistocene, existing from 2.6 Ma to at least as late as 39,000 years ago in the Late Pleistocene. A more recent date of 26,000 BP is considered less reliable. It was the last surviving member of Elasmotheriinae, a distinctive group of rhinoceroses that had separated from the ancestry of living rhinoceroses by at least 35 million years ago according to fossils and estimated around 47.4 million years ago based on molecular clock.

Four species are recognised, which were largely confined to the Pontic-Caspian steppe, the Caucasus and Central Asia. The best known, E. sibiricum, known as the Siberian unicorn, was the size of

a mammoth and is thought to have borne a large, thick horn on its forehead. Like all rhinoceroses, elasmotheres were herbivorous. Unlike any other rhinos and any other ungulates aside from some notoungulates, its high-crowned molars were ever-growing. Its legs were longer than those of other rhinos and were adapted for galloping, giving it a horse-like gait.

Golova: (Russian Accent) ICE STYLE NINJA ART: CAVE LION!

Golova fired a wave of ice and it formed into the Ice Age lions of 500,000 years ago: Cave Lions!

---

Panthera spelaea, also known as the "Eurasian cave lion", "European cave lion", or "steppe lion", is an extinct Panthera species that evolved in Europe probably after the third Cromerian interglacial stage, less than 600,000 years ago. Phylogenetic analysis of fossil bone samples revealed that it was highly distinct and genetically isolated from the modern lion (Panthera leo) occurring in Africa and Asia. Analysis of morphological differences and mitochondrial data support the taxonomic recognition of Panthera spelaea as a distinct species that diverged from the lion about 1.9 million years ago. Nuclear genomic evidence suggests a more recent split approximately 500,000 years ago, with no subsequent interbreeding with the ancestors of the modern lion. The oldest known bone fragments were excavated in Yakutia and radiocarbon dated at least 62,400 years old. It became extinct about 13,000 years ago.

Matthias: (German Accent) FOREST STYLE NINJA ART: LEPTICTIDIUM!

Matthias fired a wave of wood and leaves and it formed into a swarm of the ancestor of the Elephant Shrew that lived 50 million years ago: Leptictidium!

---

Leptictidium (a Latinized diminutive of the name of its close relative Leptictis, which means "graceful weasel" in Ancient Greek) is an extinct genus of small mammals that were likely bipedal. Comprising eight species, they resembled today's elephant shrews. They are especially interesting for their combination of characteristics typical of primitive eutherians with highly specialized adaptations, such as powerful hind legs and a long tail which aided in locomotion. They were omnivorous, their diet a combination of insects, lizards and small mammals. One of the first branches to split from basal eutherians, they appeared in the Lower Eocene, a time of warm temperatures and high humidity, roughly fifty million years ago. Although they were widespread throughout Europe, they became extinct around thirty-five million years ago with no descendants, probably because they were adapted to live in forest ecosystems and were unable to adapt to the open plains of the Oligocene.

Eustreptospondylus (/juːˌstrɛptoʊspɒn'daɪləs/ yoo-STREPT-o-spon-DY-ləs; meaning "true Streptospondylus") is a genus of megalosaurid theropod dinosaur, from the Oxfordian stage of the Late Jurassic period (some time between 163 and 154 million years ago) in southern England, at a time when Europe was a series of scattered islands (due to tectonic movement at the time which raised the sea-bed and flooded the lowland).

Fiona: WIND STYLE NINJA ART: ORNITHOCHEIRUS!

Fiona fired a wave of wind and it formed into the ostrich-like dinosaur from 92.5 million years ago: Ornithocheirus!

---

Ornithocheirus (from Ancient Greek "ὄρνις", meaning bird, and "χεῖρ", meaning hand) is a pterosaur genus known from fragmentary fossil remains uncovered from sediments in the UK and possibly Morocco.

Several species have been referred to the genus, most of which are now considered as dubious species, or members of different genera, and the genus is now often considered to include only the type species, Ornithocheirus simus. Species have been referred to Ornithocheirus from the mid-Cretaceous period of both Europe and South America, but O. simus is known only from the UK, though a specimen referred to O. cf. simus is also known from Morocco.

Because O. simus was originally named based on poorly preserved fossil material, the genus Ornithocheirus has suffered enduring problems of zoological nomenclature.

Fossil remains of Ornithocheirus have been recovered mainly from the Cambridge Greensand of England, dating to the beginning of the Albian stage of the early Cretaceous period, about 110 million years ago. Additional fossils from the Santana Formation of Brazil are sometimes classified as species of Ornithocheirus, but have also been placed in their own genera, most notably Tropeognathus.

Becky: PHOENIX STYLE NINJA ART: COELOPHYSIS!

Becky fired a wave of fire and it formed into one of the first ever dinosaurs from 216 million years ago: Coelophysis!

Coelophysis (/sɛˈlɒfɪsɪs/ seh-LOF-ih-sis traditionally; /ˌsɛloʊˈfaɪsɪs/ SEL-o-FY-sis or /ˌsiːloʊˈfaɪsɪs/ SEE-lo-FY-sis are heard more commonly in recent decades) is an extinct genus of coelophysid theropod dinosaur that lived approximately 216 to 196 million years ago during the latter part of the Triassic Period in what is now the southwestern United States and also in South Africa and Zimbabwe.

Coelophysis was a small, slenderly-built, ground-dwelling, bipedal carnivore, that could grow up to 3 m (9.8 ft) long. Coelophysis is one of the earliest known dinosaur genera. Scattered material representing similar animals has been found worldwide in some Late Triassic and Early Jurassic formations.

The type species C. bauri, originally given to the genus Coelurus by Edward Drinker Cope in 1887, was described by the latter in 1889. The names Longosaurus and Rioarribasaurus are synonymous with Coelophysis. Another dinosaur genus, Megapnosaurus, has also been considered to be a synonym. This primitive theropod is notable for being one of the most specimen-rich dinosaur genera.

Inostrancevia is an extinct genus of carnivorous therapsids, containing the largest members of the family Gorgonopsidae, predators characterized by long, saber-tooth-like canines. The various species inhabited northern Russia during the Upper Tatarian (Vyatskian), a Russian regional stage equivalent to the

Wuchiapingian stage of the Late Permian period, dating from approximately 265 to 252.3 million years ago. It is known from several skulls and two almost-complete skeletons.

Mandee: FOREST STYLE NINJA ART: MUTTABURRASAURUS!

Mandee fired a wave of wood and leaves and it formed into the Iguanodont from 105 million years ago: Muttaburrasaurus!

Muttaburrasaurus was a genus of herbivorous ornithopod dinosaur, which lived in what is now northeastern Australia sometime between 105 and 103 million years ago during the early Cretaceous Period. It has been recovered in some analyses as a member of the iguanodontian family Rhabdodontidae. After Kunbarrasaurus, it is Australia's most completely known dinosaur from skeletal remains. It was named after Muttaburra, the site in Queensland, Australia, where it was found.

Paige: PHOENIX STYLE NINJA ART: CRYOLOPHOSAURUS!

Paige fired a wave of fire and it formed into the Antarctic dinosaur from 193 million years ago: Cryolophosaurus!

Cryolophosaurus (/ˌkraɪoʊˌloʊfoʊ'sɔːrəs/ or /kraɪˌɒloʊfoʊ'sɔːrəs/; "CRY-oh-loaf-oh-SAWR-us") is a genus of large theropods known from only a single species Cryolophosaurus ellioti, known from the early Jurassic period of Antarctica. It was about 6.5 metres (21.3 ft) long and 465 kilograms (1,025 lb) in weight, making it one of the largest theropods of its time. Individuals of this species may have grown even larger, because the only known specimen probably represents a sub-adult. Cryolophosaurus is known from a skull, a femur and other material, the skull and femur of which have caused its classification to vary greatly. The femur possesses many primitive characteristics that have classified Cryolophosaurus as a

dilophosaurid or a neotheropod outside of Dilophosauridae and Averostra, whereas the skull has many advanced features, leading the genus to be considered a tetanuran, an abelisaurid, a ceratosaur and even an allosaurid. Since its original description, the consensus is that Cryolophosaurus is either a primitive member of the Tetanurae or a close relative of that group.

Cryolophosaurus possessed a distinctive "pompadour" crest that spanned the head from side to side. Based on evidence from related species and studies of bone texture, it is thought that this bizarre crest was used for intra-species recognition. The brain of Cryolophosaurus was also more primitive than those of other theropods.

Cryolophosaurus was first excavated from Antarctica's Early Jurassic, Sinemurian to Pliensbachian aged Hanson Formation, formerly the upper Falla Formation, by paleontologist Dr. William Hammer in 1991. It was the first carnivorous dinosaur to be discovered in Antarctica and the first non-avian dinosaur from the continent to be officially named. The sediments in which its fossils were found have been dated at ~194 to 188 million years ago, representing the Early Jurassic Period.

Lateefa: (Arabic Accent) DESERT STYLE NINJA ART: VELOCIRAPTORS!

Lateefa fired a wave of sand and it formed into the deadly carnivorous dinosaurs from 78 million years ago: Velociraptor!

---

Velociraptor (/vɪˈlɒsɪræptər/; meaning "swift seizer" in Latin) is a genus of dromaeosaurid theropod dinosaur that lived approximately 75 to 71 million years ago during the latter part of the Cretaceous Period. Two species are currently recognized, although others have been assigned in the past. The type species is V. mongoliensis; fossils of this species have been discovered in Mongolia. A second species, V. osmolskae, was named in 2008 for skull material from Inner Mongolia, China.

Smaller than other dromaeosaurids like Deinonychus and Achillobator, Velociraptor nevertheless shared many of the same anatomical features. It was a bipedal, feathered carnivore with a long tail and an enlarged sickle-shaped claw on each hindfoot, which is thought to have been used to tackle and disembowel prey. Velociraptor can be distinguished from other dromaeosaurids by its long and low skull, with an upturned snout.

Velociraptor (commonly shortened to "raptor") is one of the dinosaur genera most familiar to the general public due to its prominent role in the Jurassic Park motion picture series. In real life, however, Velociraptor was roughly the size of a turkey, considerably smaller than the approximately 2 m (6 1⁄2 ft) tall and 80 kg (180 lb) reptiles seen in the films (which were based on members of the related genus Deinonychus). Today, Velociraptor is well known to paleontologists, with over a dozen described fossil skeletons, the most of any dromaeosaurid. One particularly famous specimen preserves a Velociraptor locked in combat with a Protoceratops.

Nataša fired a wave of earth and it formed into the state dinosaurs of Utah from 139 million years ago: Utahraptor!

Utahraptor (meaning Utah's predator) is a genus of large dromaeosaurid dinosaur that lived in North America during the Early Cretaceous period. It was a heavy-built, ground-dwelling, bipedal carnivore. It contains a single species, Utahraptor ostrommaysi, which is the largest-known member of the family Dromaeosauridae.

In 2018, it was proposed that Utahraptor be the Utah state dinosaur, an act that was approved by the Senate. Initially Utahraptor would have replaced another dinosaur, Allosaurus, as the state's official fossil, but it was decided that Utahraptor would be another symbol of the state.

Suwailim: (Egyptian Accent) DESERT STYLE NINJA ART: PROTOCERATOPS!

Suwailim fired a wave of sand and it formed into the Ceratopsian from 75 million years ago: Protoceratops.

Protoceratops (/ˌproʊtoʊ'sɛrətɒps/; from Greek proto-/πρωτο- "first", cerat-/κερατ- "horn" and -ops/-ωψ "face", meaning "first horned face") is a genus of sheep-sized (1.8 m long) herbivorous ceratopsian dinosaur, from the Upper Cretaceous Period (Campanian stage) of what is now Mongolia. It was a member of the Protoceratopsidae, a group of early horned dinosaurs. Unlike later ceratopsians, however, it was a much smaller creature that lacked well-developed horns and retained some basal traits not seen in later genera.

Protoceratops had a large neck frill which was likely used as a display site to impress other members of the species. Other hypotheses about its function include protection of the neck and anchoring of jaw muscles, but the fragility of the frill and the poor leverage offered by possible attachment sites here makes these ideas implausible. Described by Walter W. Granger and W.K. Gregory in 1923, Protoceratops was initially believed to be an ancestor of the North American ceratopsians. Researchers currently distinguish two species of Protoceratops (P. andrewsi and P. hellenikorhinus), based in part by their respective sizes.

In the 1920s, Roy Chapman Andrews discovered fossilized eggs in Mongolia that were interpreted as belonging to this dinosaur, but which turned out to be those of Oviraptor. However, it wouldn't be until 2011 that a genuine Protoceratops nest was discovered, with the remains of the neonates inside suggesting parental care in this dinosaur.

Woya: WIND STYLE NINJA ART: PTERANODON!

Woya fired a wave of wind and it formed into the famous pterosaur from 86 million years ago: Pteranodon!

---

Pteranodon (/tɪˈrænədɒn/; from Greek πτερόν (pteron, "wing") and ἀνόδων (anodon, "toothless")) is a genus of pterosaur that included some of the largest known flying reptiles, with wingspans over 7 meters (23 feet). They lived during the late Cretaceous geological period of North America in present-day Kansas, Alabama, Nebraska, Wyoming, and South Dakota. More fossil specimens of Pteranodon have been found than any other pterosaur, with about 1,200 specimens known to science, many of them well preserved with nearly complete skulls and articulated skeletons. It was an important part of the animal community in the Western Interior Seaway.

Pteranodon was a pterosaur, meaning that it is not a dinosaur. By definition, all dinosaurs belong to one of the two groups within Dinosauria, i.e. Saurischia or Ornithischia. As such, this excludes pterosaurs. Nonetheless, Pteranodon is frequently featured in dinosaur media and are strongly associated with dinosaurs by the general public. While not dinosaurs, pterosaurs such as Pteranodon form a clade closely related to dinosaurs as both fall within the clade Avemetatarsalia.

Edwayl: WATER STYLE NINJA ART: BASILOSAURUS!

Edwayl fired a wave of water and it formed into the one of the first whales of the Eocene epoch from 41.3 million years ago: Basilosaurus!

---

Basilosaurus (meaning "king lizard") is a genus of large, predatory, prehistoric archaeocete whale from the late Eocene, approximately 41.3 to 33.9 million years ago (mya). First described in 1834, it was the first archaeocete and prehistoric whale known to science. The first fossils were discovered along the Gulf Coast of the United States, along with a few fossils in the eastern U.S., attributed to the type species B. cetoides. They were originally thought to be of a giant reptile, hence the suffix "-saurus", Ancient Greek for "lizard". The animal was later found to be an early marine mammal, which prompted attempts at renaming the creature, which failed as zoological nomenclature dictates using the original name given. Fossils were later found of the second species, B. isis, in 1904 in North Africa, more specifically the countries of Egypt, Jordan, Tunisia and Morocco. Basilosaurus has a possible record in Seymour Island in Antarctica.

Basilosaurus is considered to have been common in the Tethys sea. It was one of the largest, if not the largest, animals of the Paleogene. It was the top predator of its environment, preying on sharks, large fish and other marine mammals, namely the dolphin-like Dorudon, which seems to have been their predominant food source.

Basilosaurus was at one point a wastebasket taxon, before the genus slowly started getting reevaluated, with many species of different Eocene cetacean being assigned to the genus in the past, however they are invalid or have been reclassified under a new or different genus, leaving only 2 confirmed species. Basilosaurus may

have been one of the first fully aquatic cetaceans (sometimes referred to as the pelagiceti). Basilosaurus, unlike modern cetaceans, had various types of teeth-such as canines and molars-in its mouth (heterodonty), and it probably was able to chew its food in contrast to modern cetaceans which swallow their food whole.

Rusty: DESERT STYLE NINJA ART: PARACERATHERIUM!

Rusty fired a wave of sand and it formed into the one of the ancestral rhinoceroses from 34 million years ago: Paraceratherium!

---

Paraceratherium is an extinct genus of hornless rhinoceros. It is one of the largest terrestrial mammals that has existed and lived from the early to late Oligocene epoch (34-23 million years ago). Its remains have been found across Eurasia between China and the Balkans. It is classified as a member of the hyracodont subfamily Indricotheriinae. Paraceratherium means "near the hornless beast", in reference to Aceratherium, the genus in which the type species A. bugtiense was originally placed.

The exact size of Paraceratherium is unknown because of the incompleteness of the fossils. The shoulder height was about 4.8 metres (15.7 feet), and the length about 7.4 metres (24.3 feet). Its weight is estimated to have been about 15 to 20 tonnes (33,000 to 44,000 lb). The long neck supported a skull that was about 1.3 metres (4.3 ft) long. It had large, tusk-like incisors and a nasal incision that suggests it had a prehensile upper lip or proboscis (trunk). The legs were long and pillar-like. The lifestyle of Paraceratherium may have been similar to that of modern large mammals such as the elephants and extant rhinoceroses. Because of its size, it would have had few predators and a slow rate of reproduction. It was a browser, eating mainly leaves, soft plants, and shrubs. It lived in habitats ranging from arid deserts with a few scattered trees to subtropical forests. The reasons for the animal's extinction are unknown, but various factors have been proposed.

The taxonomy of the genus and the species within has a long and

complicated history. Other genera of Oligocene indricotheres, such as Baluchitherium, Indricotherium, and Pristinotherium, have been named, but no complete specimens exist, making comparison and classification difficult. Most modern scientists consider these genera to be junior synonyms of Paraceratherium, and it is thought to contain at least three discernible species; P. bugtiense, P. transouralicum, and P. huangheense. The most completely-known species is P. transouralicum, so most reconstructions of the genus are based on it. Differences between P. bugtiense and P. transouralicum may be due to sexual dimorphism, which would make them the same species.

Entelodon (meaning "complete teeth", from Ancient Greek ἐντελής entelēs "complete" and ὀδών odōn "tooth", referring to its "complete" eutherian dentition), is an extinct genus of entelodont artiodactyl endemic to Eurasia. Fossils of species are found in Paleogene strata ranging in age from the Houldjinian (37.2-33.9 mya) until the Rupelian epoch of the early Oligocene (33.9-28.4 mya).

Liam fired a wave of sand and leaves and it formed into the ancestors of the hyena from 42 million years ago: Hyaenodon!

Hyaenodon ("hyena-tooth") is the type genus of the Hyaenodontidae, a family of extinct carnivorous fossil mammals from Eurasia, North America, and Africa, with species existing temporally from the Eocene until the middle Miocene, existing for about 26.1 million years.

The various species of Hyaenodon competed with each other and

with other hyaenodont genera (including Sinopa, Dissopsalis, and Hyainailurus), and played important roles as predators in ecological communities as late as the Miocene in Africa and Asia and preyed on a variety of prey species such as primitive horses like Mesohippus and early camels. Species of Hyaenodon have been shown to have successfully preyed on other large carnivores of their time, including a nimravid ("false sabertooth cat"), according to analysis of tooth puncture marks on a fossil Dinictis skull found in North Dakota.

Mollie: LIGHTNING STYLE NINJA ART: GIGANOTOSAURUS!

Mollie fired a wave of lightning and it formed into the ferocious theropod from 98 million years ago: Giganotosaurus!

---

Giganotosaurus (/ˌdʒaɪɡəˌnoʊtə'sɔːrəs/ JY-gə-NOH-tə-SOR-əs) is a genus of theropod dinosaur that lived in what is now Argentina, during the early Cenomanian age of the Late Cretaceous period, approximately 98 to 97 million years ago. The holotype specimen was discovered in the Candeleros Formation of Patagonia in 1993, and is almost 70% complete. The animal was named Giganotosaurus carolinii in 1995; the genus name translates as

"giant southern lizard" and the specific name honors the discoverer, Rubén D. Carolini. A dentary bone, a tooth and some tracks, discovered before the holotype, were later assigned to this animal. The genus attracted much interest and became part of a scientific debate about the maximum sizes of theropod dinosaurs.

Giganotosaurus was one of the largest known terrestrial carnivores, but the exact size has been hard to determine due to the incompleteness of the remains found so far. Estimates for the most complete specimen range from a length of 12 to 13 m (39 to 43 ft), a skull 1.53 to 1.80 m (5.0 to 5.9 ft) in length, and a weight of 4.2 to 13.8 t (4.6 to 15.2 short tons). The dentary bone that belonged to a supposedly larger individual has been used to extrapolate a length of 13.2 m (43 ft). Some researchers have found the animal to be larger than Tyrannosaurus, which has historically been considered the largest theropod, while others have found them to be roughly equal in size, and the largest size estimates for Giganotosaurus exaggerated. The skull was low, with rugose (rough and wrinkled) nasal bones and a ridge-like crest on the lacrimal bone in front of the eye. The front of the lower jaw was flattened, and had a downwards projecting process (or "chin") at the tip. The teeth were compressed sideways and had serrations. The neck was strong and the pectoral girdle proportionally small.

Part of the family Carcharodontosauridae, Giganotosaurus is one of the most completely known members of the group, which includes other very large theropods, such as the closely related Mapusaurus and Carcharodontosaurus. Giganotosaurus is thought to have been homeothermic (a type of "warm-bloodedness"), with a metabolism between that of a mammal and a reptile, which would have enabled fast growth. It may have been relatively fast moving, with a calculated maximal running speed of 14 m/s (50 km/h; 31 mph). It would have been capable of closing its jaws quickly, capturing and bringing down prey by delivering powerful bites. The "chin" may have helped in resisting stress when a bite was delivered against prey. Giganotosaurus is thought to have been the apex predator of its ecosystem, and it may have fed on juvenile sauropod dinosaurs.

Luan: JUNGLE STYLE NINJA ART: GIGANTOPITHECUS!

Luan fired a wave of leaves and grass and it formed into one of the first apes from 2 million to 300,000 years ago: Gigantopithecus!

---

Gigantopithecus is an extinct genus of ape from the Early to Middle Pleistocene of southern China, represented by one species, G. blacki. Potential identifications have also been made in Thailand, Vietnam, and Indonesia. The first remains of Gigantopithecus, two third molar teeth, were identified in a drugstore by anthropologist Ralph von Koenigswald in 1935, who subsequently described the ape. In 1956, the first mandible and over 1,000 teeth were found in Liucheng, and numerous more remains have since been found in at least 16 sites. Only teeth and 4 mandibles are known currently, and other skeletal elements were likely consumed by porcupines before they could fossilise. Gigantopithecus was once argued to be a hominin, a member of the human line, but it is now thought to be closely allied with orangutans, classified in the subfamily Ponginae.

Gigantopithecus has traditionally been restored as a massive, gorilla-like ape, potentially 200-300 kg (440-660 lb) when alive, but the paucity of remains make total size estimates highly speculative. The species may have been sexually dimorphic, with males much bigger than females. The incisors are reduced and the canines appear to have functioned like cheek teeth (premolars and molars). The premolars are high-crowned, and the fourth premolar is very molar-like. The molars are the largest of any known ape, and have a relatively flat surface. Gigantopithecus had the thickest enamel by absolute measure of any ape, up to 6 mm (a quarter of an inch) in some areas, though was only fairly thick when tooth size is taken into account.

Gigantopithecus appears to have been a generalist herbivore of C3 forest plants, with the jaw adapted to grinding, crushing, and cutting through tough, fibrous plants; and the thick enamel functioning to resist foods with abrasive particles such as stems, roots, and tubers with dirt. Some teeth bear traces of fig family fruits. It primarily lived in subtropical to tropical forest, and went extinct about 300,000 years ago likely due to climate change and the retreat of preferred habitat, and potentially archaic human activity by Homo erectus. Gigantopithecus has become popular in cryptozoology circles as the

identity of the Tibetan yeti or the American bigfoot, humanlike monsters in local folklore.

Fletcher: (Scottish Accent) ICE STYLE NINJA ART: DIRE WOLVES!

Fletcher fired a wave of ice and it formed into a pack of the first wolves from 125,000 to 9,500 years ago: the Dire Wolves!

---

The dire wolf (Canis dirus, "fearsome dog") is an extinct species of the genus Canis. It is one of the most famous prehistoric carnivores in North America, along with its extinct competitor, the sabre-toothed cat Smilodon fatalis. The dire wolf lived in the Americas during the Late Pleistocene and Early Holocene epochs (125,000-9,500 years ago). The species was named in 1858, four years after the first specimen had been found. Two subspecies are recognized: Canis dirus guildayi and Canis dirus dirus. The dire wolf probably evolved from Armbruster's wolf (Canis armbrusteri) in North America. The largest collection of its fossils has been obtained from the Rancho La Brea Tar Pits in Los Angeles.

Dire wolf remains have been found across a broad range of habitats including the plains, grasslands, and some forested mountain areas of North America, and in the arid savannah of South America. The sites range in elevation from sea level to 2,255 meters (7,400 ft). Dire wolf fossils have rarely been found north of 42°N latitude; there have been only five unconfirmed reports above this latitude. This range restriction is thought to be due to temperature, prey, or habitat limitations imposed by proximity to the Laurentide and Cordilleran ice sheets that existed at the time.

The dire wolf was about the same size as the largest modern gray wolves (Canis lupus): the Yukon wolf and the northwestern wolf. C. d. guildayi weighed on average 60 kilograms (132 lb) and C. d. dirus was on average 68 kg (150 lb). Its skull and dentition matched those of C. lupus, but its teeth were larger with greater shearing ability, and its bite force at the canine tooth was the strongest of any known Canis species. These characteristics are thought to be adaptations

for preying on Late Pleistocene megaherbivores, and in North America its prey are known to have included horses, ground sloths, mastodons, bison, and camels. As with other large Canis hypercarnivores today, the dire wolf is thought to have been a pack hunter. Its extinction occurred during the Quaternary extinction event along with most of the American megafauna of the time, including a number of other carnivores, that occurred soon after the appearance of humans in the New World. Its reliance on megaherbivores has been proposed as the cause of its extinction, along with climate change and competition with other species, but the cause remains controversial. Dire wolves lived as recently as 9,500 years ago, according to dated remains.

Alex fired a wave of fire and it formed into the largest dinosaur that ever lived from 96.2 million years ago: Argentinosaurus!

---

Argentinosaurus is a genus of giant sauropod dinosaur that lived during the Late Cretaceous period in what is now Argentina. Although it is only known from fragmentary remains, Argentinosaurus is one of the largest-known land animals of all time,

if not the largest, with length estimates ranging from 30 to 39.7 metres (98 to 130 ft) and weight estimates from 50 to 100 tonnes (55 to 110 short tons). It was a member of Titanosauria, the dominant group of sauropods during the Cretaceous.

The first Argentinosaurus bone was discovered in 1987 by a farmer on his farm near the city of Plaza Huincul. A scientific excavation of the site led by the Argentine palaeontologist José Bonaparte was conducted in 1989, yielding several back vertebrae and parts of a sacrum-fused vertebrae between the back and tail vertebrae. Additional specimens include a complete femur (thigh bone) and the shaft of another. Argentinosaurus was named by Bonaparte and the Argentine palaeontologist Rodolfo Coria in 1993; it contains a single species, A. huinculensis. The generic name Argentinosaurus means "Argentine lizard", and the specific name huinculensis refers to its place of discovery, Plaza Huincul.

The fragmentary nature of Argentinosaurus remains makes their interpretation difficult. Arguments revolve around the position of the recovered vertebrae within the vertebral column and the presence of accessory articulations between the vertebrae that would have strengthened the spine. A computer model of the skeleton and muscles estimated this dinosaur had a maximum speed of 7 km/h (5 mph) with a pace, a gait where the fore and hind limb of the same side of the body move simultaneously. The fossils of Argentinosaurus were recovered from the Huincul Formation, which was deposited in the middle Cenomanian to early Turonian ages (around 96 to 92 million years ago) and contains a diverse dinosaur fauna including the giant theropod Mapusaurus.

Megatherium (/mɛɡə'θɪəriəm/ meg-ə-THEER-ee-əm from the Greek mega [μέγας], meaning "great", and therion [θηρίον], "beast") is an extinct genus of ground sloths endemic to South America that lived from the Early Pliocene through the end of the Pleistocene. It is best known for the elephant-sized type species M. americanum, sometimes called the giant ground sloth, or the megathere, native to the Pampas through southern Bolivia during the Pleistocene. Various other smaller species belonging to the subgenus Pseudomegatherium are known from the Andes. Megatherium is part of the sloth family Megatheriidae, which also includes the similarly elephantine Eremotherium, which was native to tropical South America and southern North America. Only a few other land mammals equaled or exceeded M. americanum in size, such as large proboscideans (e.g., elephants) and the giant rhinoceros Paraceratherium. Megatherium was first discovered in 1788 on the bank of the Luján River in Argentina. The holotype specimen was then shipped to Spain the following year wherein it caught the attention of the esteemed paleontologist Georges Cuvier, who was the first to determine, by means of comparative anatomy, that Megatherium was a sloth. Megatherium became extinct around 12,000 years ago during the Quaternary extinction event, which also claimed most other large mammals in the New World. The extinction coincides with the settlement of the Americas, and a kill site where a

M. americanum was slaughtered and butchered is known, suggesting that hunting could have caused its extinction.

Lang Yan: (Chinese Accent) BAMBOO STYLE NINJA ART: DWARF PANDA!

Lang punched the ground and a bunch of bamboo grew in seconds and they formed into the ancestor of the Giant Panda from 2 million years ago - the Dwarf Panda!

---

Ailuropoda microta is the earliest known ancestor of the giant panda. It measured 1 m (3 ft) in length; the modern giant panda grows to a size in excess of 1.5 m (5 ft). Wear patterns on its teeth suggest it lived on a diet of bamboo, the primary food of the giant panda. The first discovered skull of the animal in a south China limestone cave is estimated to be 2 million years old. The skull found is about half the size of a modern-day giant panda, but is anatomically very similar. This research suggests that the giant panda has evolved for more than 3 million years as a completely separate lineage from that of other bears.

The taxon was first described in 2006 by Xu Xing et al., who found it to represent a new taxon related to Tyrannosaurus. The name is derived from Chinese, translating as "crown dragon". Two individuals are currently known, a partially complete adult and a nearly complete juvenile. These specimens come from the Oxfordian stage of the Chinese Shishugou Formation.

Brock: EARTH STYLE NINJA ART: DOEDICURUS!

Brock fired a wave of earth and it formed into the ancestral armadillo from 2 million to 7,000 years ago: DOEDICURUS!

Doedicurus, or Dædicurus, is an extinct genus of glyptodont from South America containing one species, D. clavicaudatus. Glyptodonts are a member of the family Chlamyphoridae, which also includes some modern armadillo species, and they are classified in the order Xenarthra alongside sloths and anteaters. Being a glyptodont, it was a rotund animal with heavy armor and a carapace. Averaging at an approximate 1,400 kg (3,100 lb), it was one of the largest glyptodonts to have ever lived. Though glyptodonts were quadrupeds, large ones like Doedicurus may have been able to stand on two legs like other xenarthrans. It notably sported a spiked tail club, which may have weighed 40 or 65 kg (88 or 143 lb) in life, and it may have swung this in defense against predators or in fights with other Doedicurus at speeds of perhaps 11 m/s (40 km/h; 25 mph).

Doedicurus was likely a grazer, but its teeth and mouth, like those of other glyptodonts, seem unable to have chewed grass effectively, which may indicate a slow metabolism. Doedicurus existed during the Pleistocene. Before this, South America had been isolated from the rest of the world, but the formation of the Isthmus of Panama allowed North American fauna to invade South America in the Great American Interchange, including big cats, bears, elephants, camels, and horses. Doedicurus seems to have inhabited the relatively cold and humid Chaco-Pampean plains of northeastern Patagonia. It may have been the latest-surviving glyptodont, with remains suggested to date to 8,000-7,000 years ago during the middle Holocene, though these dates have been questioned. It may have gone extinct due to some combination of human hunting and climate change.

---

Carnotaurus /ˌkɑːrnoʊˈtɔːrəs/ is a genus of large theropod dinosaur that lived in South America during the Late Cretaceous period, between about 72 and 69.9 million years ago. The only species is Carnotaurus sastrei. Known from a single well-preserved skeleton, it is one of the best-understood theropods from the Southern Hemisphere. The skeleton, found in 1984, was uncovered in the Chubut Province of Argentina from rocks of the La Colonia Formation. Carnotaurus is a derived member of the Abelisauridae, a group of large theropods that occupied the large predatorial niche in the southern landmasses of Gondwana during the late Cretaceous. The phylogenetic relations of Carnotaurus are uncertain; it might have been closer to either Majungasaurus or Aucasaurus.

Carnotaurus was a lightly built, bipedal predator, measuring 7.5 to 9 m (24.6 to 29.5 ft) in length and weighing at least 1.35 metric tons (1.33 long tons; 1.49 short tons). As a theropod, Carnotaurus was highly specialized and distinctive. It had thick horns above the eyes, a feature unseen in all other carnivorous dinosaurs, and a very deep skull sitting on a muscular neck. Carnotaurus was further characterized by small, vestigial forelimbs and long, slender hindlimbs. The skeleton is preserved with extensive skin impressions, showing a mosaic of small, non-overlapping scales approximately 5 mm in diameter. The mosaic was interrupted by large bumps that lined the sides of the animal, and there are no hints of feathers.

The distinctive horns and the muscular neck may have been used in fighting conspecifics. According to separate studies, rivaling individuals may have combated each other with quick head blows, by slow pushes with the upper sides of their skulls, or by ramming each other head-on, using their horns as shock absorbers. The feeding habits of Carnotaurus remain unclear: some studies suggest the animal was able to hunt down very large prey such as

sauropods, while other studies find it preyed mainly on relatively small animals. Carnotaurus was well adapted for running and was possibly one of the fastest large theropods.

Timmy Turner: EARTH STYLE NINJA ART: DIMETRODON!

---

Dimetrodon (/daɪˈmiːtrədɒn/ (About this soundlisten) or /daɪ ˈmɛtrədɒn/, meaning "two measures of teeth") is an extinct genus of non-mammalian synapsid that lived during the Cisuralian (Early Permian), around 295-272 million years ago (Ma). It is a member of the family Sphenacodontidae. The most prominent feature of Dimetrodon is the large neural spine sail on its back formed by elongated spines extending from the vertebrae. It walked on four legs and had a tall, curved skull with large teeth of different sizes set along the jaws. Most fossils have been found in the southwestern United States, the majority coming from a geological deposit called the Red Beds of Texas and Oklahoma. More recently, fossils have been found in Germany. Over a dozen species have been named since the genus was first erected in 1878.

Dimetrodon is often mistaken for a dinosaur or as a contemporary of dinosaurs in popular culture, but it became extinct some 40 million years before the first appearance of dinosaurs. Reptile-like in appearance and physiology, Dimetrodon is nevertheless more closely related to mammals than to modern reptiles, though it is not a direct ancestor of mammals. Dimetrodon is assigned to the "non-mammalian synapsids", a group traditionally called "mammal-like reptiles". This groups Dimetrodon together with mammals in a clade (evolutionary group) called Synapsida, while placing dinosaurs, reptiles and birds in a separate clade, Sauropsida. Single openings in the skull behind each eye, known as temporal fenestrae, and other skull features distinguish Dimetrodon and mammals from most of the earliest sauropsids.

Dimetrodon was probably one of the apex predators of the Cisuralian ecosystems, feeding on fish and tetrapods, including reptiles and amphibians. Smaller Dimetrodon species may have had different ecological roles. The sail of Dimetrodon may have been used to stabilize its spine or to heat and cool its body as a form of thermoregulation. Some recent studies[citation needed] argue that the sail would have been ineffective at removing heat from the body due to large species being discovered with small sails and small species being discovered with large sails, essentially ruling out heat regulation as its main purpose. The sail was most likely used in courtship display with methods such as threatening rivals or showing off to potential mates.

Nantan: WIND STYLE NINJA ART: AUSTRALOPITHECUS AFARENSIS!

Nantan fired a wave of wind and it formed into one of our human ancestors on our evolutionary chain from 3 million years ago: Australopithecus Afarensis!

---

Australopithecus afarensis is an extinct species of australopithecine which lived from about 3.9-2.9 million years ago (mya) in the Pliocene of East Africa. The first fossils were discovered in the

1930s, but major fossil finds would not be discovered until the 1970s. In the 1972-1977 expedition in Hadar, Ethiopia, the International Afar Research Expedition led by anthropologists Maurice Taieb, Donald Johanson, and Yves Coppens unearthed several hundreds of hominin specimens, the most significant being the exceedingly well-preserved skeleton AL 288-1 ("Lucy") and the site AL 333 ("the First Family"). Beginning in 1974, Mary Leakey led an expedition into Laetoli, Tanzania, and recovered notably fossil trackways. In 1978, the species was first described, but this was followed by arguments for splitting the wealth of specimens into different species given the wide range of variation which had been attributed to sexual dimorphism (normal differences between males and females). A. afarensis probably descended from A. anamensis and possibly gave rise to Homo, though the latter hypothesis is not without dissent.

A. afarensis had a tall face, a delicate brow ridge, and prognathism (the jaw jutted outwards). The jawbone was quite robust, similar to that of gorillas. The living size of A. afarensis is debated, with arguments for and against marked size differences between males and females. Lucy measured perhaps 105 cm (3 ft 5 in) in height and 25-37 kg (55-82 lb), but she was rather small for her species. In contrast, a presumed male was estimated at 165 cm (5 ft 5 in) and 45 kg (99 lb). A perceived difference in male and female size may simply be sampling bias. The leg bones as well as the Laetoli fossil trackways suggest A. afarensis was a competent biped, though somewhat less efficient at walking than humans. The arm and shoulder bones have some similar aspects to those of orangutans and gorillas, which has variously been interpreted as either evidence of partial tree-dwelling (arboreality), or basal traits inherited from the human-chimp last common ancestor with no adaptive functionality.

A. afarensis was probably a generalist omnivore of both C3 forest plants and C4 CAM savanna plants-and perhaps creatures which ate such plants-and was able to exploit a variety of different food sources. Similarly, A. afarensis appears to have inhabited a wide range of habitats with no real preference, inhabiting open grasslands or woodlands, shrublands, and lake- or riverside forests. Potential evidence of stone tool use would indicate meat was also a dietary component. Marked sexual dimorphism in primates typically

corresponds to a polygynous society and low dimorphism monogamy, but the group dynamics of early hominins is difficult to predict with accuracy. Early hominins may have fallen prey to the large carnivores of the time, such as big cats and hyenas.

Ronnie Anne fired a wave of leaves and grass and it formed into the famous sauropod from 154 million years ago: Brachiosaurus!

---

Brachiosaurus (/ˌbrækiəˈsɔːrəs/) is a genus of sauropod dinosaur that lived in North America during the Late Jurassic, about 154-153 million years ago. It was first described by American paleontologist Elmer S. Riggs in 1903 from fossils found in the Colorado River valley in western Colorado, United States. Riggs named the dinosaur Brachiosaurus altithorax; the generic name is Greek for "arm lizard", in reference to its proportionately long arms, and the specific name means "deep chest". Brachiosaurus is estimated to have been between 18 and 21 meters (59 and 69 ft) long; weight estimates range from 28.3 to 58 metric tons (31.2 and 64 short tons). It had a disproportionately long neck, small skull, and large overall size, all of which are typical for sauropods. Atypically, Brachiosaurus had longer forelimbs than hindlimbs, which resulted in a steeply inclined trunk, and a proportionally shorter tail.

Brachiosaurus is the namesake genus of the family Brachiosauridae, which includes a handful of other similar sauropods. Most popular depictions of Brachiosaurus are in fact based on Giraffatitan, a genus of brachiosaurid dinosaur from the Tendaguru Formation of Tanzania. Giraffatitan was originally described by German paleontologist Werner Janensch in 1914 as a species of Brachiosaurus, B. brancai, but moved to its own genus in 2009. Three other species of Brachiosaurus have been named based on fossils found in Africa and Europe; two are no longer considered valid, and a third has become a separate genus, Lusotitan.

The type specimen of B. altithorax is still the most complete specimen, and only a few other specimens are thought to belong to the genus, making it one of the rarer sauropods of the Morrison Formation. It is regarded as a high browser, possibly cropping or nipping vegetation as high as 9 meters (30 ft) off the ground. Unlike other sauropods, it was unsuited for rearing on its hindlimbs. It has been used as an example of a dinosaur that was most likely ectothermic because of its large size and the corresponding need for sufficient forage, but more recent research suggests it was warm-blooded. Among the most iconic and initially thought to be one of the largest dinosaurs, Brachiosaurus has appeared in popular culture, notably in the 1993 film Jurassic Park.

The type species, Anthropornis nordenskjoldi, had a bent joint in the wing, probably a carryover from flying ancestors.

Eloá fired a wave of leaves and grass and it formed into the terror bird of 56 million years ago: Gastornis!

---

Gastornis is an extinct genus of large flightless birds that lived during the late Paleocene and Eocene epochs of the Cenozoic era. The genus is currently thought to contain three or four distinct species, known from incomplete fossil remains, found in western-central Europe (England, Belgium, France and Germany). More complete specimens are known from a fourth, North American species, which had previously been classified in the distinct genus Diatryma. Many scientists now consider Diatryma to be so similar to the other species of Gastornis that it should also be included in that genus. A fifth species, also previously classified in its own genus, is known from China.

Gastornis species were very large birds, and have traditionally been considered to be predators of small mammals. However, several lines of evidence, including the lack of hooked claws in known Gastornis footprints and studies of their beak structure have caused scientists to reinterpret these birds as herbivores that probably fed on tough plant material and seeds.

Titanis is an extinct genus of giant flightless terror birds that inhabited North America during the early Pliocene to early Pleistocene epochs. The generic name, Titanis, refers to the titans, Ancient Greek gods that preceded the Twelve Olympians, in allusion to the bird's size. The specific name, T. walleri, honors the holotype's collector, Benjamin I. Waller, an avocational underwater archaeologist. Titanis was thought to be carnivorous and most likely preyed on the many small mammals of the time period. This giant flightless bird was one of the most efficient predators of its time in North America.

Lola: FIRESTORM STYLE NINJA ART: BAJADASAURUS!

Lola fired a wave of fire and it formed into the newly discovered dinosaurs from 140 million years ago: Bajadasaurus!

---

Bajadasaurus is a genus of sauropod dinosaur from the Early Cretaceous epoch (late Berriasian to Valanginian stages) of northern Patagonia, Argentina. It was first described in 2019 based on a single specimen found in 2010 that includes a largely complete skull and parts of the neck. The only species is Bajadasaurus pronuspinax. The genus is classified as a member of the Dicraeosauridae, a group of comparatively small and short-necked

sauropods that lived from the Early or Middle Jurassic to the end of the Early Cretaceous.

Bajadasaurus sported bifurcated, extremely elongated neural spines extending from the neck vertebrae. Similar elongated spines are known from the closely related and more completely known Amargasaurus. Various possible functions have been proposed for these spines in Amargasaurus, with the 2019 description of Bajadasaurus suggesting that they could have served as passive defense against predators in both genera. The skull was gracile and equipped with around 44 teeth that were pencil-shaped and restricted to the front of the jaws. The eye openings of Bajadasaurus were exposed in top view of the skull, possibly allowing the animal to look forwards while feeding. Bajadasaurus was discovered in sedimentary rocks of the Bajada Colorada Formation, and its environment resembled a braided river system. It shared its environment with other dinosaurs including the sauropod Leinkupal and different theropods.

Lily: OCEAN STYLE NINJA ART: MOSASAURUS!

Lily fired a wave of water and it formed into the marine reptile from 87 million years ago: Mosasaurus!

---

Mosasaurus (/ˌmoʊzəˈsɔːrəs/; "lizard of the Meuse River") is the type genus of the mosasaurs, an extinct group of aquatic squamate reptiles. The genus lived from about 82 to 66 million years ago during the Campanian and Maastrichtian stages of the Late Cretaceous. The earliest fossils known to science were found as skulls in a chalk quarry near the Dutch city of Maastricht in the late 1700s, which were initially thought to have been the bones of crocodiles or whales. One particular skull discovered at around 1780, and which was seized during the French Revolutionary Wars for its scientific value and transported to Paris, was famously nicknamed the "great animal of Maastricht". In 1808, naturalist Georges Cuvier concluded that it belonged to a giant marine lizard with similarities to monitor lizards but otherwise unlike any animal

known today. This concept was revolutionary at the time and helped support the then-developing ideas of extinction. However, Cuvier did not designate a scientific name for the new animal; this task was completed by William Daniel Conybeare in 1822 when he named it Mosasaurus in reference to its origin in fossil deposits near the Meuse River. The relationships between Mosasaurus and modern reptiles are controversial and scientists continue to debate whether its closest living relatives are monitor lizards or snakes.

Traditional interpretations have estimated the maximum length of Mosasaurus to be up to 17.6 meters (58 ft), making it one of the largest mosasaur genera. Its skull, which was either broad or slender depending on the species, was equipped with robust jaws capable of swinging back and forth and strong muscles capable of powerful bites using dozens of large teeth designed for cutting prey. Its tail was long and ended in a paddle-like fluke that bent downwards. Mosasaurus was a predator that had excellent vision to compensate for its poor sense of smell, and a high metabolic rate that suggests it was warm-blooded, an adaptation found in other mosasaurs but no other squamates. The classification of Mosasaurus was historically problematic due to an unclear diagnosis of the type specimen. As a result, over fifty different species have been attributed to the genus in the past. A rediagnosis of the type specimen in 2017 helped resolve the taxonomy issue and confirmed at least five species to be within the genus and another five species still nominally classified within Mosasaurus are planned to be reassessed in a future study. Each species was variable with unique anatomical features differentiating them from the robustly-built M. hoffmannii to the slender and serpentine M. lemonnieri.

Fossil evidence suggests that Mosasaurus inhabited much of the Atlantic Ocean and the seaways adjacent to it. Continents that have recovered Mosasaurus fossils include North America, South America, Europe, Africa, Western Asia, and Antarctica. This distribution encompassed a wide range of oceanic climates including tropical, subtropical, temperate, and subpolar climates. Mosasaurus was a common large predator in these oceans and a dominant genus positioned at the top of the food chain. Scientists believe that its diet would have included virtually anything; it likely preyed on

bony fish, sharks, cephalopods, birds, and other marine reptiles including sea turtles and other mosasaurs. It likely preferred to hunt in open water near the surface. From an ecological standpoint, Mosasaurus probably had a profound impact in the structuring of marine ecosystems; its arrival in some locations such as the Western Interior Seaway in North America has been marked with a complete turnover of faunal assemblages and diversity. Mosasaurus faced competition with other large predatory mosasaurs such as Prognathodon and Tylosaurus-which are known to feed on similar prey-though they were able to coexist in the same ecosystems through niche partitioning. There were conflicts among them, as an attack on Mosasaurus by Tylosaurus has been documented. Several discovered fossils illustrated deliberate attacks on Mosasaurus individuals by another of the same species. Infighting likely took place in the form of snout grappling, similarly seen in modern crocodiles today.

Mamenchisaurus (/mɑːˈmɛntʃiˈsɔːrəs/ mah-MUN-chi-SAWR-əs, or spelling pronunciation /məˌmɛntʃiˈsɔːrəs/) is a genus of sauropod dinosaur including several species, known for their remarkably long necks which made up half the total body length. It is known from numerous species which ranged in time from 160 to 145 million years ago, from the Oxfordian age of late Jurassic Period in China. The largest species, which according to Gregory S. Paul was M. sinocanadorum, may have reached 35 m (115 ft) in length and possibly weighed 50-80 tonnes (55-88 short tons).

Rainbow Dash: WIND STYLE NINJA ART: HAAST'S EAGLE!

Rainbow Dash fired a wave of wind and it formed into the one of the ancestral eagles from 1.8 million to 700,000 years ago: The Haast's Eagle!

---

The Haast's eagle (Hieraaetus moorei, synonym Harpagornis moorei) is an extinct species of eagle that once lived in the South Island of New Zealand, commonly accepted to be the pouakai of Maori legend. The species was the largest eagle known to have existed, with an estimated weight of 15 kilograms (33 lb) nearly double that of the Harpy eagle at 9 kilograms (20 lb). Its massive size is explained as an evolutionary response to the size of its prey, the flightless moa, the largest of which could weigh 230 kg (510 lb). Haast's eagle became extinct around 1400, after the moa were hunted to extinction by the first Māori.

Shrek: WATER STYLE NINJA ART: DEINOSUCHUS!

Shrek fired a wave of water and it formed into one of the first crocodiles from 82 million years ago: Deinosuchus!

---

Deinosuchus (/ˌdaɪnəˈsjuːkəs/) is an extinct genus of crocodilian related to the modern alligator that lived 82 to 73 million years ago (Ma), during the late Cretaceous period. The name translates as

"terrible crocodile" and is derived from the Greek deinos (δεινός), "terrible", and soukhos (σοῦχος), "crocodile". The first remains were discovered in North Carolina (United States) in the 1850s; the genus was named and described in 1909. Additional fragments were discovered in the 1940s and were later incorporated into an influential, though inaccurate, skull reconstruction at the American Museum of Natural History. Knowledge of Deinosuchus remains incomplete, but better cranial material found in recent years has expanded scientific understanding of this massive predator.

Although Deinosuchus was far larger than any modern crocodile or alligator, with the largest adults measuring 12 meters (39 ft) in total length, its overall appearance was fairly similar to its smaller relatives. It had large, robust teeth built for crushing, and its back was covered with thick hemispherical osteoderms. One study indicated Deinosuchus may have lived for up to 50 years, growing at a rate similar to that of modern crocodilians, but maintaining this growth over a much longer time.

Deinosuchus fossils have been described from 10 U.S. states, including Texas, Montana, and many along the East Coast. Fossils have also been found in northern Mexico. It lived on both sides of the Western Interior Seaway, and was an opportunistic apex predator in the coastal regions of eastern North America. Deinosuchus reached its largest size in its western habitat, but the eastern populations were far more abundant. Opinion remains divided as to whether these two populations represent separate species. Deinosuchus was probably capable of killing and eating large dinosaurs. It may have also fed upon sea turtles, fish, and other aquatic and terrestrial prey.

---

Gorgosaurus (/ˌɡɔːrɡəˈsɔːrəs/ GOR-gə-SOR-əs; meaning "dreadful

lizard") is a genus of tyrannosaurid theropod dinosaur that lived in western North America during the Late Cretaceous Period (Campanian), between about 76.6 and 75.1 million years ago. Fossil remains have been found in the Canadian province of Alberta and possibly the U.S. state of Montana. Paleontologists recognize only the type species, G. libratus, although other species have been erroneously referred to the genus.

Like most known tyrannosaurids, Gorgosaurus was a bipedal predator weighing more than two metric tons as an adult; dozens of large, sharp teeth lined its jaws, while its two-fingered forelimbs were comparatively small. Gorgosaurus was most closely related to Albertosaurus, and more distantly related to the larger Tyrannosaurus. Gorgosaurus and Albertosaurus are extremely similar, distinguished mainly by subtle differences in the teeth and skull bones. Some experts consider G. libratus to be a species of Albertosaurus; this would make Gorgosaurus a junior synonym of that genus.

Gorgosaurus lived in a lush floodplain environment along the edge of an inland sea. It was an apex predator, preying upon abundant ceratopsids and hadrosaurs. In some areas, Gorgosaurus coexisted with another tyrannosaurid, Daspletosaurus. Although these animals were roughly the same size, there is some evidence of niche differentiation between the two. Gorgosaurus is the best-represented tyrannosaurid in the fossil record, known from dozens of specimens. These plentiful remains have allowed scientists to investigate its ontogeny, life history and other aspects of its biology.

Scutosaurus ("Shield lizard") was a genus of parareptiles. It was an armor-covered pareiasaur that lived around 265-254 million years ago in Russia, in the later Permian period. Its genus name refers to large plates of armor scattered across its body. It was a large anapsid reptile that, unlike most reptiles, held its legs underneath its body to support its great weight. Fossils have been found in the Sokolki Assemblage Zone of the Malokinelskaya Formation in European Russia, close to the Ural Mountains.

Bart: EARTH STYLE NINJA ART: DINOGORGON!

Bart fired a wave of earth and it formed into the Gorgonopsid from 259 million years ago: Dinogorgon!

---

Dinogorgon is a genus of gorgonopsid from the Late Permian of South Africa and Tanzania. The generic name Dinogorgon is derived from Greek, meaning "terrible gorgon", while its species name rubidgei is taken from the surname of renowned Karoo paleontologist, Professor Bruce Rubidge, who has contributed to much of the research conducted on therapsids of the Karoo Basin. The type species of the genus is D. rubidgei.

Dinogorgon is part of the gorgonopsian subfamily Rubidgeinae, a derived group of large-bodied gorgonopsians restricted to the Late Permian (Lopingian). The Rubidgeinae subfamily first appeared in the Tropidostoma Assemblage Zone, and reached their highest diversity in the Cistecephalus and Daptocephalus assemblage zones of the Beaufort Group in South Africa.

Homer: EARTH STYLE NINJA ART: EDAPHOSAURUS!

Homer fired a wave of earth and it formed into Dimetrodon-like synapsid from 303.4 million years ago: Edaphosaurus!

---

Edaphosaurus (/ˌɛdəfoʊˈsɔːrəs/, meaning "pavement lizard" for dense clusters of teeth) is a genus of extinct edaphosaurid synapsids that lived in what is now North America and Europe around 303.4 to 272.5 million years ago, during the late Carboniferous to early Permian periods. American paleontologist Edward Drinker Cope first described Edaphosaurus in 1882, naming it for the "dental pavement" on both the upper and lower jaws, from the Greek edaphos ἐδαφος ("ground"; also "pavement") and σαῦρος (sauros) ("lizard").

Edaphosaurus is important as one of the earliest-known, large, plant-eating (herbivorous), amniote tetrapods (four-legged land-living vertebrates). In addition to the large tooth plates in its jaws, the most characteristic feature of Edaphosaurus is a sail on its back. A number of other synapsids from the same time period also have tall dorsal sails, most famously the large apex predator Dimetrodon.

However, the sail on Edaphosaurus is different in shape and morphology. The first fossils of Edaphosaurus came from the Texas Red Beds in North America, with later finds in New Mexico, Oklahoma, West Virginia, and Ohio. Fragmentary fossils attributed to Edaphosaurus have also been found in eastern Germany in Central Europe.

Tabby: FOREST STYLE NINJA ART: DILOPHOSAURUS!

Tabby fired a wave of leaves and water and it formed into the theropod from 193 million years ago: Dilophosaurus!

---

Dilophosaurus (/daɪˌloʊfə'sɔːrəs, -foʊ-/ dy-LOHF-o-SOR-əs) is a genus of theropod dinosaurs that lived in what is now North America during the Early Jurassic, about 193 million years ago. Three skeletons were discovered in northern Arizona in 1940, and the two best preserved were collected in 1942. The most complete specimen became the holotype of a new species in the genus Megalosaurus, named M. wetherilli by Samuel P. Welles in 1954. Welles found a larger skeleton belonging to the same species in 1964. Realizing it bore crests on its skull, he assigned the species to the new genus Dilophosaurus in 1970, as Dilophosaurus wetherilli. The genus name means "two-crested lizard", and the species name honors John Wetherill, a Navajo councilor. Further specimens have since been found, including an infant.

Footprints have also been attributed to the animal, including resting traces. Another species, Dilophosaurus sinensis from China, was named in 1993, but was later found to belong to the genus Sinosaurus. It was designated as the state dinosaur of Connecticut based on tracks found there.

At about 7 m (23 ft) in length, with a weight of about 400 kg (880 lb), Dilophosaurus was one of the earliest large predatory dinosaurs and the largest known land-animal in North America at the time. It was slender and lightly built, and the skull was proportionally large, but delicate. The snout was narrow, and the upper jaw had a gap or kink

below the nostril. It had a pair of longitudinal, plate-shaped crests on its skull, similar to a cassowary with two crests. The mandible was slender and delicate at the front, but deep at the back. The teeth were long, curved, thin, and compressed sideways. Those in the lower jaw were much smaller than those of the upper jaw. Most of the teeth had serrations at their front and back edges. The neck was long, and its vertebrae were hollow, and very light. The arms were powerful, with a long and slender upper arm bone. The hands had four fingers; the first was short but strong and bore a large claw, the two following fingers were longer and slenderer with smaller claws; the fourth was vestigial. The thigh bone was massive, the feet were stout, and the toes bore large claws.

Dilophosaurus is a member of the family Dilophosauridae along with Dracovenator, a group placed between the Coelophysidae and later theropods. Dilophosaurus would have been active and bipedal, and may have hunted large animals; it could also have fed on smaller animals and fish. Due to the limited range of movement and shortness of the fore limbs, the mouth may instead have made first contact with prey. The function of the crests is unknown; they were too weak for battle, but may have been used in visual display, such as species recognition and sexual selection. It may have grown rapidly, attaining a growth rate of 30 to 35 kg (66 to 77 lb) per year early in life. The holotype specimen had multiple paleopathologies, including healed injuries and signs of a developmental anomaly. Dilophosaurus is known from the Kayenta Formation, and lived alongside dinosaurs such as Megapnosaurus and Sarahsaurus.

Dilophosaurus was featured in the novel Jurassic Park and its movie adaptation, wherein it was given the fictional abilities to spit venom and expand a neck frill, as well as being smaller than the real animal.

The American lion (Panthera atrox), also known as the "North American lion", or "American cave lion", is an extinct pantherine cat that lived in North America during the Pleistocene epoch and the early Holocene epoch, about 340,000 to 11,000 years ago. Its fossils have been excavated from Alaska to Mexico. Genetic analysis has shown that the American lion and the Late Pleistocene Eurasian cave lion (Panthera spelaea) are sister lineages. It was about 25% larger than the modern lion, making it one of the largest known felids.

Nelson: EARTH STYLE NINJA ART: CAMARASAURUS!

Nelson fired a wave of earth and it formed into the sauropod from 155 million years ago: Camerasaurus!

---

Camarasaurus (/ˌkæmərəˈsɔːrəs/ KAM-ər-ə-SAWR-əs) was a genus of quadrupedal, herbivorous dinosaurs. It was the most common of the giant sauropods to be found in North America. Its fossil remains have been found in the Morrison Formation of Colorado and Utah, dating to the Late Jurassic epoch (Kimmeridgian to Tithonian stages), between 155 and 145 million years ago.

Camarasaurus presented a distinctive cranial profile of a blunt snout and an arched skull that was remarkably square. It likely travelled in herds, or at least in family groups.

The name means "chambered lizard", referring to the hollow chambers in its vertebrae (Greek καμαρα (kamara) meaning "vaulted chamber", or anything with an arched cover, and σαυρος (sauros) meaning "lizard").

The type and only species is Q. northropi.

Hinata: ICE STYLE NINJA ART: PACHYRHINOSAURUS!

Hinata fired a wave of ice and it formed into the ceratopsian from 73.5 million years ago: Pachyrhinosaurus!

Pachyrhinosaurus (meaning in Greek "thick-nosed lizard", from Παχυ (pachy), thick; ρινὀ (rinó), nose; and σαυρος (sauros), lizard) is an extinct genus of centrosaurine ceratopsid dinosaur from the Late Cretaceous period of North America. The first examples were discovered by Charles M. Sternberg in Alberta, Canada, in 1946, and named in 1950. Over a dozen partial skulls and a large assortment of other fossils from various species have been found in Alberta and Alaska. A great number were not available for study until the 1980s, resulting in a relatively recent increase of interest in Pachyrhinosaurus.

Three species have been identified. P. lakustai, from the Wapiti Formation, the bonebed horizon of which is roughly equivalent age to the upper Bearpaw and lower Horseshoe Canyon Formations, is known to have existed from about 73.5-72.5 million years ago. P. canadensis is younger, known from the lower Horseshoe Canyon Formation, about 71.5-71 Ma ago and the St. Mary River Formation. Fossils of the youngest species, P. perotorum, have been recovered from the Prince Creek Formation of Alaska, and date to 70-69 Ma ago. The presence of three known species makes this genus the most speciose among the centrosaurines.

Kiba: EARTH STYLE NINJA ART: POSTOSUCHUS!

Kiba fired a wave of earth and it formed into the rauisuchid from 221 million years ago: Postosuchus!

---

Postosuchus, meaning "Crocodile from Post", is an extinct genus of rauisuchid reptiles comprising two species, P. kirkpatricki and P. alisonae, that lived in what is now North America during the Late Triassic. Postosuchus is a member of the clade Pseudosuchia, the lineage of archosaurs that includes modern crocodilians (the other main group of archosaurs is Avemetatarsalia, the lineage that includes non-avian dinosaurs and their descendants, birds). Its name refers to Post Quarry, a place in Texas where many fossils of the type species, P. kirkpatricki, were found. It was one of the apex predators of its area during the Triassic, larger than the small dinosaur predators of its time (such as Coelophysis). It was a hunter which probably preyed on large large bulky herbivores like dicynodonts and many other creatures smaller than itself (such as early dinosaurs).

The skeleton of Postosuchus is large and robust with a deep skull and a long tail. The total body length is about 4 to 5 metres (13 to 16 ft). The extreme shortness of the forelimbs relative to the hind limbs, the very small hands, and measurements of the vertebrae suggest that Postosuchus may have been committed to bipedal locomotion.

Rock Lee: EARTH STYLE NINJA ART: MOSCHOPS!

Rock Lee fired a wave of earth and it formed into the therapsid from 265 million years ago: Moschops!

---

Moschops (Greek for "calf face") is an extinct genus of therapsids that lived in the Guadalupian epoch, around 265-260 million years ago. They were heavily built plant eaters, and they may have lived partly in water, as hippopotamuses do. They had short, thick heads

and might have competed by head-butting each other. Their elbow joints allowed them to walk with a more mammal-like gait rather than crawling. Their remains were found in the Karoo region of South Africa, belonging to the Tapinocephalus Assemblage Zone. Therapsids, such as Moschops, are synapsids, the dominant land animals in the Permian period, which ended 252 million years ago.

Tenten: EARTH STYLE NINJA ART: ANKYLOSAURUS!

Tenten fired a wave of earth and it formed into the armored dinosaur from 68 million years ago: Ankylosaurus!

---

Ankylosaurus is a genus of armored dinosaur. Its fossils have been found in geological formations dating to the very end of the Cretaceous Period, about 68-66 million years ago, in western North America, making it among the last of the non-avian dinosaurs. It was named by Barnum Brown in 1908; the only species in the genus is A. magniventris. The genus name means "fused lizard", and the specific name means "great belly". A handful of specimens have been excavated to date, but a complete skeleton has not been discovered. Though other members of Ankylosauria are represented by more extensive fossil material, Ankylosaurus is often considered the archetypal member of its group, despite having some unusual features.

Possibly the largest-known ankylosaurid, Ankylosaurus is estimated to have been between 6 and 8 meters (20 and 26 ft) long and to have weighed between 4.8 and 8 metric tons (5.3 and 8.8 short tons). It was quadrupedal, with a broad, robust body. It had a wide, low skull, with two horns pointing backward from the back of the head, and two horns below these that pointed backward and down. Unlike other ankylosaurs, its nostrils faced sideways rather than towards the front. The front part of the jaws was covered in a beak, with rows of small, leaf-shaped teeth farther behind it. It was covered in armor plates, or osteoderms, with bony half-rings covering the neck, and had a large club on the end of its tail. Bones in the skull and other parts of the body were fused, increasing their

strength, and this feature is the source of the genus name.

Ankylosaurus is a member of the family Ankylosauridae, and its closest relatives appear to be Anodontosaurus and Euoplocephalus. Ankylosaurus is thought to have been a slow-moving animal, able to make quick movements when necessary. Its broad muzzle indicates it was a non-selective browser. Sinuses and nasal chambers in the snout may have been for heat and water balance or may have played a role in vocalization. The tail club is thought to have been used in defense against predators or in intraspecific combat. Ankylosaurus has been found in the Hell Creek, Lance, Scollard, Frenchman, and Ferris formations, but appears to have been rare in its environment. Although it lived alongside a nodosaurid ankylosaur, their ranges and ecological niches do not appear to have overlapped, and Ankylosaurus may have inhabited upland areas. Ankylosaurus also lived alongside dinosaurs such as Tyrannosaurus, Triceratops, and Edmontosaurus.

Ino: FIRE STYLE NINJA ART: MASSOSPONDYLUS!

Ino fired a wave of fire and it formed into the sauropodomorph dinosaur from 200 million years ago: Massospondylus!

Massospondylus (/ˌmæsoʊˈspɒndɪləs/ mas-oh-SPON-di-ləs; from

Greek, μάσσων (massōn, "longer") and σπόνδυλος (spondylos, "vertebra")) is a genus of sauropodomorph dinosaur from the Early Jurassic Period (Hettangian to Pliensbachian ages, ca. 200-183 million years ago). It was described by Sir Richard Owen in 1854 from remains discovered in South Africa, and is thus one of the first dinosaurs to have been named. Fossils have since been found at other locations in South Africa, Lesotho, and Zimbabwe. Material from Arizona's Kayenta Formation, India, and Argentina has been assigned to this genus at various times, but the Arizonan and Argentinian material are now assigned to other genera.

The type species is M. carinatus; seven other species have been named during the past 150 years, but only M. kaalae among these is still considered valid. Early sauropodomorphs systematics have undergone numerous revisions during the last several years, and many scientists disagree where exactly Massospondylus lies on the dinosaur evolutionary tree. The family name Massospondylidae was once coined for the genus, but because knowledge of early sauropodomorph relationships is in a state of flux, it is unclear which other dinosaurs-if any-belong in a natural grouping of massospondylids; several 2007 papers support the family's validity.

Although Massospondylus was long depicted as quadrupedal, a 2007 study found it to be bipedal. It was probably a plant eater (herbivore), although it is speculated that the early sauropodomorphs may have been omnivorous. This animal, which was 4-6 metres (13-20 ft) long, had a long neck and tail, with a small head and slender body. On each of its forefeet, it bore a sharp thumb claw that was used in defense or feeding. Recent studies indicate that Massospondylus grew steadily throughout its lifespan, possessed air sacs similar to those of birds, and may have cared for its young.

Haku: ICE STYLE NINJA ART: AMERICAN MASTODON!

Haku fired a wave of ice and it formed into the ancestral elephant of the Great Ice Age from 5.3 million to 10,000 years ago: The American Mastodon!

---

A mastodon (Greek: μαστός "breast" and ὀδούς, "tooth") is any proboscidean belonging to the extinct genus Mammut (family Mammutidae) that inhabited North and Central America during the late Miocene or late Pliocene up to their extinction at the end of the Pleistocene 10,000 to 11,000 years ago. Mastodons lived in herds and were predominantly forest-dwelling animals that lived on a mixed diet obtained by browsing and grazing, somewhat similar to their distant relatives, modern elephants, but probably with greater emphasis on browsing.

M. americanum, the American mastodon, and M. pacificus, the Pacific mastodon, are the youngest and best-known species of the genus. Mastodons disappeared from North America as part of a mass extinction of most of the Pleistocene megafauna, widely believed to have been caused by overexploitation by Clovis hunters.

Sasuke: LIGHTNING STYLE NINJA ART: COMPSOGNATHUS!

---

Compsognathus (/kɒmp'sɒgnəθəs/; Greek kompsos/κομψός; "elegant", "refined" or "dainty", and gnathos/γνάθος; "jaw") is a genus of small, bipedal, carnivorous theropod dinosaur. Members of its single species Compsognathus longipes could grow to around the size of a turkey. They lived about 150 million years ago, during the Tithonian age of the late Jurassic period, in what is now Europe. Paleontologists have found two well-preserved fossils, one in Germany in the 1850s and the second in France more than a century later. Today, C. longipes is the only recognized species, although the larger specimen discovered in France in the 1970s was once thought to belong to a separate species and named C. corallestris.

Many presentations still describe Compsognathus as "chicken-sized" dinosaurs because of the size of the German specimen,

which is now believed to be a juvenile. Compsognathus longipes is one of the few dinosaur species whose diet is known with certainty: the remains of small, agile lizards are preserved in the bellies of both specimens. Teeth discovered in Portugal may be further fossil remains of the genus.

Although not recognized as such at the time of its discovery, Compsognathus is the first theropod dinosaur known from a reasonably complete fossil skeleton. Until the 1990s, it was the smallest-known non-avialan dinosaur, with the preceding centuries incorrectly labelling them as the closest relative of Archaeopteryx.

Brontoscorpio anglicus is a species of fossil scorpion. Its remains were discovered in Upper Silurian-aged sandstone from Trimpley, Worcestershire, and the species was described on the basis of an incomplete single free finger of a pedipalp, almost 10 centimetres (3.9 in) long. The complete animal is estimated to have been at least 90 centimetres (35 in) long.

The remains were found in terrestrial sediments, but it is believed, that due to its size, Brontoscorpio had to enter the water to molt. Possibly it lived a semi or fully aquatic life.

Shino: ARTHROPOD STYLE NINJA ART: ARTHROPLEURA!

Shino fired a wave of energy and it formed into the Carboniferous Trilobite from 345 million years ago: Arthropleura!

Arthropleura (Greek for jointed ribs) is a genus of extinct millipede arthropods that lived in what is now northeastern North America and Scotland around 345 to 295 million years ago, from the Viséan stage of the lower Carboniferous Period to the Asselian stage of the lower Permian Period. The larger species of the genus are the largest known land invertebrates of all time, and would have had few, if any, predators.

Zabuza: WATER STYLE NINJA ART: SARCOSUCHUS!

Zabuza fired a wave of water and it formed into the largest crocodilian dinosaur ever known from 133 million years ago: Sarcosuchus!

Sarcosuchus (/ˌsɑːrkoʊˈsuːkəs/; meaning "flesh crocodile") is an extinct genus of crocodyliform and distant relative of living crocodylians that lived during the Early Cretaceous, from the late Hauterivian to the early Albian, 133 to 112 million years ago of what is now Africa and South America. It was one of the largest crocodile-line reptiles, reaching an average estimate of 9 m (30 ft) and 3.5 metric tons (3.9 short tons), but estimated to grow up to 9.5 m (31 ft) in body length and weigh up to 4.3 metric tons (4.7 short tons). It is known from two species, S. imperator from the early Albian Elrhaz Formation of Niger and S. hartti from the Late Hauterivian of northeastern Brazil, other material is known from Morocco and

Tunisia and possibly Libya and Mali.

The first remains were discovered during several expeditions led by the French paleontologist Albert-Félix de Lapparent, spanning from 1946 to 1959, in the Sahara. These remains were fragments of the skull, vertebrae, teeth, and scutes. In 1964, an almost complete skull was found in Niger by the French CEA, but it was not until 1997 and 2000 that most of its anatomy became known to science, when an expedition led by the American paleontologist Paul Sereno discovered six new specimens, including one with about half the skeleton intact and most of the spine.

Parasaurolophus (/ˌpærəsɔːˈrɒləfəs, -ˌsɔːrəˈloʊfəs/; meaning "near crested lizard" in reference to Saurolophus) is a genus of herbivorous ornithopod dinosaur that lived in what is now North America and possibly Asia during the Late Cretaceous Period, about 76.5-73 million years ago. It was an herbivore that walked both as a biped and as a quadruped. Three species are universally recognized: P. walkeri (the type species), P. tubicen, and the short-crested P. cyrtocristatus. Additionally, a fourth species, P. jiayensis, has been proposed, although it is more commonly placed in the separate genus Charonosaurus. Remains are known from Alberta (Canada), New Mexico and Utah (United States), and possibly Heilongjiang, (China). The genus was first described in 1922 by William Parks from a skull and partial skeleton found in Alberta.

Parasaurolophus was a hadrosaurid, part of a diverse family of Cretaceous dinosaurs known for their range of bizarre head adornments. This genus is known for its large, elaborate cranial crest, which at its largest forms a long curved tube projecting upwards and back from the skull. Charonosaurus from China, which may have been its closest relative, had a similar skull and potentially

a similar crest. Visual recognition of both species and sex, acoustic resonance, and thermoregulation have been proposed as functional explanations for the crest. It is one of the rarer hadrosaurids, known from only a handful of good specimens.

---

Lambeosaurus (/ˌlæmbioʊˈsɔːrəs/ LAM-bee-o-SAWR-əs; meaning "Lambe's lizard") is a genus of hadrosaurid dinosaur that lived about 75 million years ago, in the Late Cretaceous period (Campanian stage) of North America. This bipedal/quadrupedal, herbivorous dinosaur is known for its distinctive hollow cranial crest, which in the best-known species resembled a hatchet. Several possible species have been named, from Canada, the United States, and Mexico, but only the two Canadian species are currently recognized as valid.

Material relevant to the genus was first named by Lawrence Lambe in 1902. Over twenty years later, the modern name was coined in 1923 by William Parks, in honour of Lambe, based on better preserved specimens. The genus has a complicated taxonomic history, in part because small-bodied crested hadrosaurids now recognized as juveniles were once thought to belong to their own genera and species. Currently, the various skulls assigned to the type species L. lambei are interpreted as showing age differences and sexual dimorphism. Lambeosaurus was closely related to the better known Corythosaurus, which is found in slightly older rocks, as well as the less well-known genera Hypacrosaurus and Olorotitan. All had unusual crests, which are now generally assumed to have served social functions like noisemaking and recognition.

Jake the Dog: WATER STYLE NINJA ART: TSINTAOSAURUS!

Jake fired a wave of water and it formed into a herd of hadrosaurs from 70 million years ago: Tsintaosaurus!

Tsintaosaurus (/tʃɪŋdaʊ'sɔːrəs/; meaning "Qingdao lizard", after the old transliteration "Tsingtao") is a genus of hadrosaurid dinosaur from China. It was about 8.3 metres (27 ft) long and weighed 2.5 tonnes. The type species is Tsintaosaurus spinorhinus, first described by Chinese paleontologist C. C. Young in 1958.

A hadrosaur, Tsintaosaurus had a characteristic 'duck bill' snout and a battery of powerful teeth which it used to chew vegetation. It usually walked on all fours, but could rear up on its hind legs to scout for predators and flee when it spotted one. Like other hadrosaurs, Tsintaosaurus probably lived in herds.

Flame Princess: FIRE STYLE NINJA ART: CARCHARODONTOSAURUS!

Flame Princess fired a wave of fire and it formed into theropod from 100 million years ago: Carcharodontosaurus!

Carcharodontosaurus /ˌkɑːrkəroʊˌdɒntoʊ'sɔːrəs/ is a genus of carnivorous carcharodontosaurid dinosaurs that existed during the Cenomanian stage of the mid-Cretaceous Period in Northern Africa. It is currently known to include two species: C. saharicus and C. iguidensis, which are among the larger theropods, nearly as large as or even larger than Tyrannosaurus, Giganotosaurus, and Spinosaurus.

The genus Carcharodontosaurus is named after the shark genus Carcharodon, itself composed of the Greek karchar[os] (κάρχαρος, meaning "jagged" or "sharp") and odōn (ὀδών, "teeth"), and the suffix -saurus ("lizard").

Mario: (Italian Accent) WATER STYLE NINJA ART: CORYTHOSAURUS!

Mario fired a wave of water and it formed into the hadrosaur from 77 million years ago: Corythosaurus!

Corythosaurus /ˌkɒrɪθoʊˈsɔːrəs/ is a genus of hadrosaurid "duck-billed" dinosaur from the Upper Cretaceous Period, about 77-75.7 million years ago. It lived in what is now North America. Its name means "helmet lizard", derived from Greek κόρυς. It was named and described in 1914 by Barnum Brown. Corythosaurus is now thought to be a lambeosaurine, related to Nipponosaurus, Velafrons, Hypacrosaurus, and Olorotitan. Corythosaurus has an estimated length of 9 metres (30 ft), and has a skull, including the crest, that is 70.8 centimetres (27.9 in; 2.32 ft) tall.

Corythosaurus is known from many complete specimens, including the nearly complete holotype found by Brown in 1911. The holotype skeleton is only missing the last section of the tail, and part of the forelimbs, but was preserved with impressions of polygonal scales. Corythosaurus is known from many skulls with tall crests. The crests resemble the crests of the cassowary and a Corinthian helmet. The most likely function of the crest is thought to be vocalization. As in a trombone, sound waves would travel through many chambers in the crest, and then get amplified when Corythosaurus exhaled. A Corythosaurus specimen has been preserved with its last meal in its chest cavity. Inside the cavity were remains of conifer needles, seeds, twigs, and fruits: Corythosaurus probably fed on all of these.

The two species of Corythosaurus are both present in slightly different levels of the Dinosaur Park Formation. Both still co-existed with theropods and other ornithischians, like Daspletosaurus, Brachylophosaurus, Parasaurolophus, Scolosaurus, and Chasmosaurus.

Meganeura is a genus of extinct insects from the Carboniferous period (approximately 300 million years ago), which resembled and are related to the present-day dragonflies. With wingspans ranging from 65 cm (25.6 in) to over 70 cm (28 in), M. monyi is one of the largest-known flying insect species. Meganeura were predatory, with their diet mainly consisting of other insects.

Wing venation of Meganeura monyi, redrawn after Brongniart (1893, Pl. XLI)

Fossils were discovered in the French Stephanian Coal Measures of Commentry in 1880. In 1885, French paleontologist Charles Brongniart described and named the fossil "Meganeura" (large-nerved), which refers to the network of veins on the insect's wings. Another fine fossil specimen was found in 1979 at Bolsover in Derbyshire. The holotype is housed in the National Museum of Natural History, in Paris.

Mei Terumi: OCEAN STYLE NINJA ART: MEGALODON!

Mei fired a wave of water and it formed into the largest and most meanest shark ever to swim the ocean and the ancestor of the Great White Shark from 23 million years ago.

---

Megalodon (Carcharocles megalodon), meaning "big tooth", is an extinct species of shark that lived approximately 23 to 3.6 million years ago (mya), during the Early Miocene to the Pliocene. It was formerly thought to be a member of the family Lamnidae and a close relative of the great white shark (Carcharodon carcharias). However, it is now classified into the extinct family Otodontidae, which diverged from the great white shark during the Early Cretaceous. Its genus placement is still debated, authors placing it in either

Carcharocles, Megaselachus, Otodus, or Procarcharodon. This is because transitional fossils have been found showing that Megalodon is the final chronospecies of a lineage of giant sharks originally of the genus Otodus which evolved during the Paleocene.

While regarded as one of the largest and most powerful predators to have ever lived, megalodon is known from fragmentary remains, and its appearance and maximum size are uncertain. Scientists differ on whether it would have more closely resembled a stockier version of the great white shark, the basking shark (Cetorhinus maximus) or the sand tiger shark (Carcharias taurus). Most estimates of megalodon's size extrapolate from teeth; with maximum length estimates up to 18 meters (59 ft) and average length estimates of 10.5 meters (34 ft). Estimates suggest their large jaws could exert a bite force of up to 110,000 to 180,000 newtons (25,000 to 40,000 lbf). Their teeth were thick and robust, built for grabbing prey and breaking bone.

Megalodon probably had a major impact on the structure of marine communities. The fossil record indicates that it had a cosmopolitan distribution. It probably targeted large prey, such as whales, seals and sea turtles. Juveniles inhabited warm coastal waters and fed on fish and small whales. Unlike the great white, which attacks prey from the soft underside, megalodon probably used its strong jaws to break through the chest cavity and puncture the heart and lungs of its prey.

The animal faced competition from whale-eating cetaceans, such as Livyatan and other macroraptorial sperm whales and possibly smaller ancestral killer whales. As the shark preferred warmer waters, it is thought that oceanic cooling associated with the onset of the ice ages, coupled with the lowering of sea levels and resulting loss of suitable nursery areas, may have also contributed to its decline. A reduction in the diversity of baleen whales and a shift in their distribution toward polar regions may have reduced megalodon's primary food source. A 2019 study reviewed newer evidence suggesting that competition from the modern great white shark may have also contributed to the extinction of megalodon, coupled with range fragmentation resulting in a gradual, asynchronous extinction as a result of cooling oceans around 3.6-4

million years ago, far earlier than previously assumed. The extinction of the shark appeared to affect other animals; for example, the size of baleen whales increased significantly after the shark had disappeared.

Carol: EARTH STYLE NINJA ART: STEGOSAURUS!

Carol fired a wave of Earth and it formed into the awesome dinosaur from 155 million years ago: Stegosaurus!

---

Stegosaurus (/ˌstɛɡəˈsɔːrəs/), from Greek stegos (στέγος), which means roof, and sauros (σαῦρος), which means lizard, is a genus of herbivorous thyreophoran dinosaur. Fossils of this genus date to the Late Jurassic period, where they are found in Kimmeridgian to early Tithonian aged strata, between 155 and 150 million years ago, in the western United States and Portugal. Of the species that have been classified in the upper Morrison Formation of the western US, only three are universally recognized; S. stenops, S. ungulatus and S. sulcatus. The remains of over 80 individual animals of this genus have been found. Stegosaurus would have lived alongside dinosaurs such as Apatosaurus, Diplodocus, Brachiosaurus, Allosaurus, and Ceratosaurus; the latter two may have preyed on it.

These were large, heavily built, herbivorous quadrupeds with rounded backs, short fore limbs, long hind limbs, and tails held high in the air. Due to their distinctive combination of broad, upright plates and tail tipped with spikes, Stegosaurus is one of the most recognizable kinds of dinosaurs. The function of this array of plates and spikes has been the subject of much speculation among scientists. Today, it is generally agreed that their spiked tails were most likely used for defense against predators, while their plates may have been used primarily for display, and secondarily for thermoregulatory functions. Stegosaurus had a relatively low brain-to-body mass ratio. It had a short neck and a small head, meaning it most likely ate low-lying bushes and shrubs. One species, Stegosaurus ungulatus, is the largest known of all the stegosaurians (bigger than related dinosaurs such as Kentrosaurus and

Huayangosaurus).

Stegosaurus remains were first identified during the "Bone Wars" by Othniel Charles Marsh at Dinosaur Ridge National Landmark. The first known skeletons were fragmentary and the bones were scattered, and it would be many years before the true appearance of these animals, including their posture and plate arrangement, became well understood. Despite its popularity in books and film, mounted skeletons of Stegosaurus did not become a staple of major natural history museums until the mid-20th century, and many museums have had to assemble composite displays from several different specimens due to a lack of complete skeletons. Stegosaurus is one of the better-known dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Beast Boy: EARTH STYLE NINJA ART: TRICERATOPS!

Beast Boy fired a wave of earth and it formed into the fierce dinosaur from 68 million years ago: Triceratops!

Triceratops is a genus of herbivorous ceratopsid dinosaur that first appeared during the late Maastrichtian stage of the late Cretaceous period, about 68 million years ago (mya) in what is now North America. It is one of the last known non-avian dinosaur genera, and became extinct in the Cretaceous-Paleogene extinction event 66 million years ago. The name Triceratops, which literally means "three-horned face", is derived from the Ancient Greek words τρί- (tri-) meaning "three", κέρας (kéras) meaning "horn", and ὤψ (ōps) meaning "face".

Triceratops has been documented by numerous remains collected since the genus was first described in 1889 by Othniel Charles Marsh. Specimens representing life stages from hatchling to adult have been found. As the archetypal ceratopsid, Triceratops is one of the most popular dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Bearing a large bony frill and three horns on the skull, and its large four-legged body possessing similarities with the modern rhinoceros, Triceratops is one of the most recognizable of all dinosaurs and the best-known ceratopsid. It was also one of the largest, up to 9 meters (29.5 ft) long and 12 metric tons (13 short tons) in weight. It shared the landscape with and was probably preyed upon by Tyrannosaurus, though it is less certain that the two did battle in the fanciful manner often depicted in museum displays and popular images. The functions of the frills and three distinctive facial horns on its head have long inspired debate. Traditionally, these have been viewed as defensive weapons against predators. More recent interpretations find it probable that these features were primarily used in species identification, courtship and dominance display, much like the antlers and horns of modern ungulates.

Triceratops was traditionally placed within the "short-frilled" ceratopsids but modern cladistic studies show it to be a member of the Chasmosaurinae which usually have long frills. Two species, T. horridus and T. prorsus, are considered valid today, from the seventeen species that have ever been named. Research published in 2010 concluded that the contemporaneous Torosaurus, a ceratopsid long regarded as a separate genus, represents Triceratops in its mature form. This view was immediately disputed with examination of more fossil evidence needed to settle the debate.

Linka: EARTH STYLE NINJA ART: TOROSAURUS!

Linka fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Torosaurus!

---

Torosaurus ("perforated lizard", in reference to the large openings in its frill) is a genus of herbivorous ceratopsid dinosaur that lived during the late Maastrichtian stage of the Cretaceous period, between 68 and 66 million years ago, though it is possible that the species range might extend to as far as 69 million years ago. Fossils have been discovered across the Western Interior of North America,

from Saskatchewan to southern Texas.

Torosaurus possessed one of the largest skulls of any known land animal. The frilled skull reached up to 2.77 metres (9.1 ft) in length. From head to tail, Torosaurus is thought to have measured about 8 to 9 m (26 to 30 ft) long and weighed four to six tonnes. Torosaurus is distinguished from the contemporary Triceratops by an elongate frill with large openings (fenestrae), long squamosal bones of the frill with a trough on their upper surface, and the presence of five or more pairs of hornlets (epoccipitals) on the back of the frill. Torosaurus also lacked the long nose horn seen in Triceratops prorsus, and instead resembled the earlier and more basal Triceratops horridus in having a short nose horn. Three species have been named, Torosaurus latus, T. gladius and T. utahensis. T. gladius is no longer considered a valid species, however.

In 2010, the validity of Torosaurus was disputed. A study of fossil bone histology combined with an investigation of frill shape concluded that Torosaurus probably represented the mature form of Triceratops, with the bones of typical Triceratops specimens still immature and showing signs of a first development of distinct Torosaurus frill holes. During maturation, the skull frill would have been greatly lengthened and holes would have appeared in it. In 2011, 2012 and 2013 however, studies of external features of known specimens have claimed that morphological differences between the two genera preclude their synonymy. The main problems are a lack of good transitional forms, the apparent existence of authentic Torosaurus subadults, different skull proportions independent of maturation and the assertion that hole formation at an adult stage is not part of a normal ceratopsian maturation sequence.

Paula: EARTH STYLE NINJA ART: NASUTOCERATOPS!

Paula fired a wave of earth and it formed into the ceratopsian from 75.9 million years ago: Nasutoceratops!

---

Nasutoceratops is an extinct genus of ceratopsian dinosaur. It is a

basal centrosaurine which lived during the Late Cretaceous Period (late Campanian, about 76.0-75.5 Ma). Fossils have been found in southern Utah, United States. Nasutoceratops was a large, ground-dwelling, quadrupedal herbivore with a short snout and unique rounded horns above its eyes that have been likened to those of modern cattle. Extending almost to the tip of its snout, these horns are the longest of all the members of the centrosaurine subfamily. The presence of pneumatic elements in the nasal bones of Nasutoceratops are a unique trait and are unknown in any other ceratopsid. Nasutoceratops, Diabloceratops, and Machairoceratops are the only three centrosaurine dinosaurs from the American southwest.

Styracosaurus (/stɪˌrækə'sɔːrəs/ sti-RAK-ə-SOR-əs; meaning "spiked lizard" from the Ancient Greek styrax/στύραξ "spike at the butt-end of a spear-shaft" and sauros/σαῦρος "lizard") is a genus of herbivorous ceratopsian dinosaur from the Cretaceous Period (Campanian stage), about 75.5 to 75 million years ago. It had four to six long parietal spikes extending from its neck frill, a smaller jugal

horn on each of its cheeks, and a single horn protruding from its nose, which may have been up to 60 centimetres (2 feet) long and 15 centimetres (6 inches) wide. The function or functions of the horns and frills have been debated for many years.

Styracosaurus was a relatively large dinosaur, reaching lengths of 5.5 metres (18 feet) and weighing nearly 3 tonnes. It stood about 1.8 meters (5.9 feet) tall. Styracosaurus possessed four short legs and a bulky body. Its tail was rather short. The skull had a beak and shearing cheek teeth arranged in continuous dental batteries, suggesting that the animal sliced up plants. Like other ceratopsians, this dinosaur may have been a herd animal, travelling in large groups, as suggested by bonebeds.

Named by Lawrence Lambe in 1913, Styracosaurus is a member of the Centrosaurinae. One species, S. albertensis, is currently assigned to Styracosaurus. Another species, S. ovatus, named in 1930 by Charles Gilmore was reassigned to a new genus, Rubeosaurus, by Andrew McDonald and Jack Horner in 2010.

Pachycephalosaurus (/ˌpækɪˌsɛfələˈsɔːrəs/; meaning "thick-headed lizard," from Greek pachys-/παχύς- "thick", kephale/κεφαλή "head" and sauros/σαῦρος "lizard") is a genus of pachycephalosaurid dinosaurs. The type species, P. wyomingensis, is the only known species. It lived during the Late Cretaceous Period (Maastrichtian stage) of what is now North America. Remains have been excavated in Montana, South Dakota, Wyoming and Alberta. It was a herbivorous creature which is primarily known from a single skull and a few extremely thick skull roofs, though more complete fossils have been found in recent years. Pachycephalosaurus was one of the last non-avian dinosaurs before the Cretaceous-Paleogene extinction event. Another dinosaur, Tylosteus of western North

America, has been synonymized with Pachycephalosaurus, as have the genera Stygimoloch and Dracorex in recent studies.

Like other pachycephalosaurids, Pachycephalosaurus was a bipedal herbivore with an extremely thick skull roof. It possessed long hindlimbs and small forelimbs. Pachycephalosaurus is the largest-known pachycephalosaur. The thick skull domes of Pachycephalosaurus and related genera gave rise to the hypothesis that pachycephalosaurs used their skulls in intra-species combat. This hypothesis has been disputed in recent years.

Rarity fired a wave of crystal and it formed into the protosauropod from 214 million years ago: Plateosaurus!

---

Plateosaurus (probably meaning "broad lizard", often mistranslated as "flat lizard") is a genus of plateosaurid dinosaur that lived during the Late Triassic period, around 214 to 204 million years ago, in what is now Central and Northern Europe and Greenland, North America. Plateosaurus is a basal (early) sauropodomorph dinosaur, a so-called "prosauropod". As of 2011, two species are recognised: the type species P. engelhardti from the late Norian and Rhaetian, and the slightly earlier P. gracilis from the lower Norian. However,

others have been assigned in the past, and there is no broad consensus on the species taxonomy of plateosaurid dinosaurs. Similarly, there are a plethora of synonyms (invalid duplicate names) at the genus level.

Discovered in 1834 by Johann Friedrich Engelhardt and described three years later by Hermann von Meyer, Plateosaurus was the fifth named dinosaur genus that is still considered valid. Although it had been described before Richard Owen formally named Dinosauria in 1842, it was not one of the three genera used by Owen to define the group, because at the time, it was poorly known and difficult to identify as a dinosaur. It is now among the dinosaurs best known to science: over 100 skeletons have been found, some of them nearly complete. The abundance of its fossils in Swabia, Germany, has led to the nickname Schwäbischer Lindwurm (Swabian lindworm).

Plateosaurus was a bipedal herbivore with a small skull on a long, flexible neck, sharp but plump plant-crushing teeth, powerful hind limbs, short but muscular arms and grasping hands with large claws on three fingers, possibly used for defence and feeding. Unusually for a dinosaur, Plateosaurus showed strong developmental plasticity: instead of having a fairly uniform adult size, fully grown individuals were between 4.8 and 10 metres (16 and 33 ft) long and weighed between 600 and 4,000 kilograms (1,300 and 8,800 lb). Commonly, the animals lived for at least 12 to 20 years, but the maximum life span is not known.

Despite the great quantity and excellent quality of the fossil material, Plateosaurus was for a long time one of the most misunderstood dinosaurs. Some researchers proposed theories that were later shown to conflict with geological and palaeontological evidence, but have become the paradigm of public opinion. Since 1980 the taxonomy (relationships), taphonomy (how the animals became embedded and fossilised), biomechanics (how their skeletons worked), and palaeobiology (life circumstances) of Plateosaurus have been re-studied in detail, altering the interpretation of the animal's biology, posture and behaviour.

Kentrosaurus (/ˌkɛntroʊˈsɔːrəs/ KEN-tro-SAWR-əs) is a genus of stegosaurian dinosaur from the Late Jurassic of Tanzania. The type species is K. aethiopicus, named and described by German palaeontologist Edwin Hennig in 1915. Often thought to be a "primitive" member of the Stegosauria, several recent cladistic analyses find it as more derived than many other stegosaurs, and a close relative of Stegosaurus from the North American Morrison Formation within the Stegosauridae.

Fossils of K. aethiopicus have been found only in the Tendaguru Formation, dated to the late Kimmeridgian and early Tithonian ages, about 152 million years ago. Hundreds of bones were unearthed by German expeditions to German East Africa between 1909 and 1912. Although no complete skeletons are known, the remains provided a nearly complete picture of the build of the animal.

Kentrosaurus generally measured around 4.5 metres (15 ft) in length as an adult, and weighed about one tonne (1.1 tons). It walked on all fours with straight hindlimbs. It had a small, elongated head with a beak used to bite off plant material that would be digested in a large gut. It had a, probably double, row of small plates running down its neck and back. These plates gradually merged into spikes on the

hip and tail. The longest spikes were on the tail end and were used to actively defend the animal. There also was a long spike on each shoulder. The thigh bones come in two different types, suggesting that one sex was larger and more stout than the other.

Andrewsarchus (/ˌændruːˈsɑːrkəs/) is an extinct genus of mammal that lived during the middle Eocene epoch in what is now Inner Mongolia, China. Only one species is usually recognized, A. mongoliensis, known from a single skull of great size discovered in 1923 during the expeditions to central Asia by the American Museum of Natural History (AMNH). Generally classified as a mesonychid since its original description, most recent studies classify it as an artiodactyl, in one study specifically, as a member of the clade Cetancodontamorpha, closely related to entelodonts, hippos and whales.

James (Pokemon): EARTH STYLE NINJA ART: LYSTROSAURUS!

James fired a wave of earth and it formed into the Dicynodont from 255 million years ago: Lystrosaurus!

---

Lystrosaurus (/ˌlɪstroʊˈsɔːrəs/; 'shovel lizard'; proper Greek is λίστρον lístron 'tool for leveling or smoothing, shovel, spade, hoe') was a herbivorous genus of dicynodont therapsids from the late Permian and Early Triassic epochs (around 250 million years ago). It lived in what is now Antarctica, India, China, Mongolia, European Russia and South Africa. Four to six species are currently recognized, although from the 1930s to 1970s the number of species was thought to be much higher. They ranged in size from that of a small dog to 2.5 meters long.

Being a dicynodont, Lystrosaurus had only two teeth (a pair of tusk-like canines), and is thought to have had a horny beak that was used for biting off pieces of vegetation. Lystrosaurus was a heavily built, herbivorous animal, approximately the size of a pig. The structure of its shoulders and hip joints suggests that Lystrosaurus moved with a semi-sprawling gait. The forelimbs were even more robust than the hindlimbs, and the animal is thought to have been a

powerful digger that nested in burrows.

Lystrosaurus survived the Permian-Triassic extinction, 252 million years ago. In the Early Triassic, they were by far the most common terrestrial vertebrates, accounting for as many as 95% of the total individuals in some fossil beds. Researchers have offered various hypotheses for why Lystrosaurus survived the extinction event and prospered in the early Triassic.

Star Butterfly: EARTH STYLE NINJA ART: DEINOTHERIUM!

Star fired a wave of earth and it formed into one of the first ever ancestors of the elephant from 24 million years ago: Deinotherium!

---

Deinotherium ("terrible beast" derived from the Ancient Greek δεινός, deinos meaning "terrible" and θηρίον, therion meaning "beast") was a large prehistoric relative of modern-day elephants that appeared in the Middle Miocene and survived until the Early Pleistocene. During that time, it changed very little. In life, it probably resembled modern elephants, except it had downward-curving tusks attached to the lower jaw.

Kitten: EARTH STYLE NINJA ART: MACRAUCHENIA!

Kitten fired a wave of earth and it formed into the ancestor of the llama from 7 million years ago: Macrauchenia!

---

Macrauchenia ("long llama", based on the now superseded Latin term for llamas, Auchenia, from Greek "big neck") was a large, long-necked and long-limbed, three-toed native South American mammal in the order Litopterna. The genus gives its name to its family, the Macraucheniidae or "robust litopterns". Like other litopterns, it is not closely related to any living mammal, being most closely related to the group containing horses, rhinos and tapirs (the Perissodactyla), from which litopterns diverged approximately 66 million years ago. The oldest fossils in the genus date to the late Miocene, around seven million years ago, and M. patachonica disappears from the fossil record during the late Pleistocene, around 20,000-10,000 years ago. M. patachonica is one of the last and best known member of the family and is known primarily from the Luján Formation in Argentina, but is known from localities across southern South America. Another genus of macraucheniid Xenorhinotherium was present in northeast Brazil and Venezuela during the Late Pleistocene. The type specimen was discovered by Charles Darwin during the voyage of the Beagle. In life, Macrauchenia may have resembled a humpless camel, though the two taxa are not closely related. It fed on plants in a variety of environments across what is now South America. Among the species described, M. patachonica and M. ullomensis are considered valid; M. boliviensis is considered a nomen dubium; and M. antiqua (or M. antiquus) has been moved to the genus Promacrauchenia.

Tuddrussel: EARTH STYLE NINJA ART: ALBERTOSAURUS!

Tuddrussel fired a wave of earth and it formed into the theropod from 71 million years ago: Albertosaurus!

---

Albertosaurus (/ælˌbɜːrtəˈsɔːrəs/; meaning "Alberta lizard") is a genus of tyrannosaurid theropod dinosaurs that lived in western North America during the Late Cretaceous Period, about 70 million years ago. The type species, A. sarcophagus, was apparently restricted in range to the modern-day Canadian province of Alberta, after which the genus is named, although an indeterminate species ("cf. Albertosaurus sp.") has been discovered in the Corral de Enmedio and Packard Formations in Mexico. Scientists disagree on the content of the genus, with some recognizing Gorgosaurus libratus as a second species.

As a tyrannosaurid, Albertosaurus was a bipedal predator with tiny, two-fingered hands and a massive head that had dozens of large, sharp teeth. It may have been at the top of the food chain in its local ecosystem. While Albertosaurus was large for a theropod, it was much smaller than its larger and more famous relative Tyrannosaurus rex, growing 9 to 10 m (30 to 33 ft) and possibly weighing 2.5 tonnes (2.8 short tons) or less.

Since the first discovery in 1884, fossils of more than 30 individuals have been recovered, providing scientists with a more detailed knowledge of Albertosaurus anatomy than is available for most other tyrannosaurids. The discovery of 26 individuals at one site provides evidence of pack behaviour and allows studies of ontogeny and population biology, which are impossible with lesser-known dinosaurs.

Larry 3000: EARTH STYLE NINJA ART: EDMONTOSAURUS!

Larry fired a wave of earth and it formed into the Iguanodont from 73 million years ago: Edmontosaurus!

---

Edmontosaurus (/ɛdˌmɒntəˈsɔːrəs/ ed-MON-tə-SAWR-əs) (meaning "lizard from Edmonton") is a genus of hadrosaurid (duck-billed) dinosaur. It contains two known species: Edmontosaurus regalis and Edmontosaurus annectens. Fossils of E. regalis have been found in rocks of western North America that date from the late Campanian

stage of the Cretaceous Period 73 million years ago, while those of E. annectens were found in the same geographic region but in rocks dated to the end of the Maastrichtian stage of the Cretaceous, 66 million years ago. Edmontosaurus was one of the last non-avian dinosaurs, and lived alongside dinosaurs like Triceratops, Tyrannosaurus, Albertosaurus and Pachycephalosaurus shortly before the Cretaceous-Paleogene extinction event.

Edmontosaurus included some of the largest hadrosaurid species, measuring up to 12 metres (39 ft) long and weighing around 4.0 metric tons (4.4 short tons). Evidence does exist in the form of two fossilized specimens housed at the Museum of the Rockies for an even greater maximum size of 15 m (49 ft) and weighing 9.07 metric tons (10.00 short tons) for Edmontosaurus annectens. Several well-preserved specimens are known that include not only bones, but in some cases extensive skin impressions and possible gut contents. It is classified as a genus of saurolophine (or hadrosaurine) hadrosaurid, a member of the group of hadrosaurids which lacked large, hollow crests, instead having smaller solid crests or fleshy combs.

The first fossils named Edmontosaurus were discovered in southern Alberta (named after Edmonton, the capital city), in the Horseshoe Canyon Formation (formerly called the lower Edmonton Formation). The type species, E. regalis, was named by Lawrence Lambe in 1917, although several other species that are now classified in Edmontosaurus were named earlier. The best known of these is E. annectens, named by Othniel Charles Marsh in 1892; originally as a species of Claosaurus, known for many years as a species of Trachodon, and later as Anatosaurus annectens. Anatosaurus and Anatotitan are now generally regarded as synonyms of Edmontosaurus.

Edmontosaurus was widely distributed across western North America. The distribution of Edmontosaurus fossils suggests that it preferred coasts and coastal plains. It was a herbivore that could move on both two legs and four. Because it is known from several bone beds, Edmontosaurus is thought to have lived in groups, and may have been migratory as well. The wealth of fossils has allowed researchers to study its paleobiology in detail, including its brain,

how it may have fed, and its injuries and pathologies, such as evidence for tyrannosaur attacks on a few edmontosaur specimens.

Skipper: EARTH STYLE NINJA ART: DICYNODON!

Skipper fired a wave of earth and it formed into the dicynodont therapsid from 253.8 to 251 million years ago: Dicynodon!

---

Dicynodon ("two dog-teeth") is a genus of dicynodont therapsid that flourished during the Upper Permian period. Like all dicynodonts, it was herbivorous. This animal was toothless, except for prominent tusks, hence the name. It probably cropped vegetation with a horny beak, much like a tortoise, while the tusks may have been used for digging up roots and tubers.

Many species of Dicynodon have been named, and the genus is considered a wastebasket taxon. A 2011 study of the genus found most of the species to represent a paraphyletic grouping, with the only valid members of Dicynodon being D. lacerticeps and D. huenei. A 2019 study named a new species D. angielczyki, but simultaneously transferred D. huenei to the genus Daptocephalus.

Private fired a wave of earth and it formed into the dicynodont from 259.8 million years ago: Diictodon!

---

Diictodon was a genus of pylaecephalid dicynodont. These mammal-like synapsids lived during the Late Permian period, approximately 255 million years ago. Fossils have been found in the Cistecephalus Assemblage Zone of the Madumabisa Mudstone of the Luangwa Basin in Zambia and the Tropidostoma Assemblage Zone of the Teekloof Formation, Tapinocephalus Assemblage Zone of the Abrahamskraal Formation, Dicynodon Assemblage Zone of the Balfour Formation, Cistecephalus Assemblage Zone of the Middleton or Balfour Formation of South Africa and the Guodikeng Formation of China. Roughly half of all Permian vertebrate specimens found in South Africa are those of Diictodon. This small herbivorous animal was one of the most successful synapsids in the Permian period.

---

Eoraptor (/ˈiːoʊˌræptər/) was one of the earliest-known dinosaurs, living approximately 231 to 228 million years ago, during the Late Triassic in Western Gondwana, in the region that is now northwestern Argentina. It was a small, lightly-built, basal saurischian dinosaur. It is known from several well-preserved skeletons. When first described in 1993, it was considered to be the

earliest or one of the earliest known dinosaurs. Eoraptor has heterodont dentition, which suggests that it was omnivorous and that the feeding strategy had evolved early on in dinosaurs.

Liberty: EARTH STYLE NINJA ART: TORVOSAURUS!

Liberty fired a wave of earth and it formed into the theropod dinosaur from 158 million years ago: Torvosaurus!

---

Torvosaurus (/ˌtɔːrvoʊˈsɔːrəs/) is a genus of carnivorous megalosauroid theropod dinosaur that lived approximately 153 to 148 million years ago during the Late Jurassic Period (Kimmeridgian to Tithonian) in what is now Colorado and Portugal. It contains two currently recognized species, Torvosaurus tanneri and Torvosaurus gurneyi.

In 1979 the type species Torvosaurus tanneri was named: it was a large, heavily built, bipedal carnivore, that could grow to a length of about 10 m (33 ft). T. tanneri was among the largest carnivores of its time, together with Epanterias and Saurophaganax (which could be both synonyms of Allosaurus). Specimens referred to Torvosaurus gurneyi were initially claimed to be up to twelve metres long, but later shown to be smaller. Based on bone morphology Torvosaurus is thought to have had short but very powerful arms.

Lyra: EARTH STYLE NINJA ART: THRINAXODON!

Lyra fired a wave of earth and it formed into the cynodont from 251 million years ago: Thrinaxodon!

---

Thrinaxodon is an extinct genus of cynodonts, most commonly regarded by its species T. liorhinus which lived in what are now South Africa and Antarctica during the Early Triassic. Thrinaxodon lived just after the Permian-Triassic mass extinction event, its

survival during the extinction may have been due to its burrowing habits.

Similar to other synapsids, Thrinaxodon adopted a semi-sprawling posture, an intermediary form between the sprawling position of pelycosaurs (not unlike current Crocodylia) and the more upright posture present in current mammals. Thrinaxodon is prevalent in the fossil record in part because it was one of the few carnivores of its time, and was of a larger size than similar cynodont carnivores.

Lee: EARTH STYLE NINJA ART: CHASMOSAURUS!

Lee fired a wave of earth and it formed into the ceratopsian from 76.5 million years ago: Chasmosaurus!

---

Chasmosaurus (/ˌkæzmoʊˈsɔːrəs/ KAZ-mo-SAWR-əs) is a genus of ceratopsid dinosaur from the Upper Cretaceous Period of North America. Its name means 'opening lizard', referring to the large openings (fenestrae) in its frill (Greek chasma meaning 'opening' or 'hollow' or 'gulf' and sauros meaning 'lizard'). With a length of 4.3-4.8 metres (14.1-15.7 ft) and a weight of 1.5-2 tonnes (1.7-2.2 short tons), Chasmosaurus was a ceratopsian of average size. Like all ceratopsians, it was purely herbivorous. It was initially to be called Protorosaurus, but this name had been previously published for another animal. All specimens of Chasmosaurus were collected from the Dinosaur Park Formation of the Dinosaur Provincial Park of Alberta, Canada. C. russelli comes from the lower beds of the formation while C. belli comes from middle and upper beds.

Po: WATER STYLE NINJA ART: PROTEROSUCHUS!

Po fired a wave of water and it formed into the Permian reptile from 252 million years ago: Proterosuchus!

---

Proterosuchus is an extinct genus of archosauriform reptiles that lived during the Early Triassic. It contains three valid species: the type species P. fergusi and the referred species P. alexanderi and P. goweri. All three species lived in what is now South Africa. The genus was named in 1903 by the South African paleontologist Robert Broom. The well-known genus Chasmatosaurus is a junior synonym of Proterosuchus.

Proterosuchus was a mid-sized quadrupedal reptile with a sprawling stance that could reach a length of up to 3.5 meters (11 ft). It had a large head and distinctively hooked snout. It was a predator, which may have hunted prey such as Lystrosaurus. The lifestyle of Proterosuchus remains debated; it may have been terrestrial or it may have been a semiaquatic ambush predator similar to modern crocodiles.

Proterosuchus is one of the earliest members of the clade Archosauriformes, which also includes crocodilians, pterosaurs, and dinosaurs, including birds. It lived in the aftermath of the Permian-Triassic extinction event, the largest known mass extinction in Earth's history.

Fluttershy: EARTH STYLE NINJA ART: EUCHAMBERSIA!

Fluttershy fired a wave of earth and it formed into the therapsid from 256 million years ago: Euchambersia!

---

Euchambersia is a genus of therocephalian therapsid that lived during the Late Permian, approximately 255 million years ago, in what is now South Africa. The genus contains a single species, Euchambersia mirabilis, named by paleontologist Robert Broom in 1931 from a skull missing the lower jaws; a second skull, belonging to an immature individual, was later described. It is a member of the family Akidnognathidae, which historically has also been referred by as the synonymous Euchambersiidae (named after Euchambersia).

Euchambersia was a small and short-snouted therocephalian,

possessing large canines as is typical of the group. However, it is notable among therocephalians for possessing ridges on its canines and a large indentation in the side of the skull. Under the erroneous assumption that the canines are grooved instead of ridged, it has been proposed that these structures supported a venom delivery mechanism. More recently, the internal structure of the skull of Euchambersia has been used as stronger evidence in favour of the hypothesis that it was venomous; other possibilities, such as the indentation supporting some sort of sensory organ, still remain plausible.

Jimmy Neutron: WIND STYLE NINJA ART: RHAMPHORHYNCHUS!

Jimmy fired a wave of wind and it formed into the flying reptiles from 150.8 million years ago: Rhamphorhynchus!

---

Rhamphorhynchus (/ˌræmfəˈrɪŋkəs/, "beak snout") is a genus of long-tailed pterosaurs in the Jurassic period. Less specialized than contemporary, short-tailed pterodactyloid pterosaurs such as Pterodactylus, it had a long tail, stiffened with ligaments, which ended in a characteristic soft-tissue tail vane. The jaws of Rhamphorhynchus housed needle-like teeth, which were angled forward, with a curved, sharp, beak-like tip lacking teeth, indicating a diet mainly of fish; indeed, fish and cephalopod remains are frequently found in Rhamphorhynchus abdominal contents, as well as in their coprolites.

Although fragmentary fossil remains possibly belonging to Rhamphorhynchus have been found in England, Tanzania, and Spain, the best preserved specimens come from the Solnhofen limestone of Bavaria, Germany. Many of these fossils preserve not only the bones but impressions of soft tissues, such as wing membranes. Scattered teeth believed to belong to Rhamphorhynchus have been found in Portugal as well.

Kick Buttowski: EARTH STYLE NINJA ART: SEYMOURIA!

Kick fired a wave of earth and it formed into the Permian seymouriamorph from 275 million years ago: Seymouria!

---

Seymouria is an extinct genus of seymouriamorph from the Early Permian of North America and Europe. Although they were amphibians (in a biological sense), Seymouria were well-adapted to life on land, with many reptilian features-so many, in fact, that Seymouria was first thought to be a primitive reptile. It is primarily known from two species, Seymouria baylorensis and Seymouria sanjuanensis. The type species, S. baylorensis, is more robust and specialized, though its fossils have only been found in Texas. On the other hand, Seymouria sanjuanensis is more abundant and widespread. This smaller species is known from multiple well-preserved fossils, including a block of six skeletons found in the Cutler Formation of New Mexico, and a pair of fully grown skeletons from the Tambach Formation of Germany, which were fossilized lying next to each other.

For the first half of the 20th century, Seymouria was considered one of the oldest and most "primitive" known reptiles. Paleontologists noted how the general body shape resembled that of early reptiles such as captorhinids, and that certain adaptations of the limbs, hip, and skull were also similar to that of early reptiles, rather than any species of modern or extinct amphibians known at the time. The strongly-built limbs and backbone also supported the idea that Seymouria was primarily terrestrial, spending very little time in the water. However, in the 1950s, fossilized tadpoles were discovered in Discosauriscus, which was a close relative of Seymouria in the group Seymouriamorpha. This shows that seymouriamorphs (including Seymouria) had a larval stage which lived in the water, therefore making Seymouria not a true reptile, but rather an amphibian which was closely related to reptiles. Though no longer considered the most primitive reptile, Seymouria is still an important transitional fossil documenting the acquisition of reptile-like skeletal features prior to the evolution of the amniotic egg, which characterizes amniotes (reptiles, mammals, and birds).

Kendall Perkins: WATER STYLE NINJA ART: HYNERPETON!

Kendall fired a wave of water and it formed into the Devonian creature from 365 million years ago: Hynerpeton!

---

Hynerpeton (/haɪˈnɜːrpətɒn/; from Hyner, Pennsylvania and Ancient Greek ἑρπετόν herpetón, "creeping animal," meaning "creeping animal from Hyner") is an extinct genus of early four-limbed vertebrate that lived in the rivers and ponds of Pennsylvania during the Late Devonian period, around 365 to 363 million years ago. The only known species of Hynerpeton is H. bassetti, named after the describer's grandfather, city planner Edward Bassett. Hynerpeton is known for being the first Devonian four-limbed vertebrate discovered in the United States, as well as possibly being one of the first to have lost internal (fish-like) gills.

This genus is known from few remains discovered at the Red Hill fossil site in Hyner, Pennsylvania. The most notable fossil is a large endochondral shoulder girdle consisting of the cleithrum, scapula, and coracoid (but not the interclavicle and clavicles), all connected into one shoulder bone. The inner surface of this shoulder bone possesses an array of depressions believed to have been attachment points for a unique set of powerful muscles around the chest. This may have given Hynerpeton improved mobility and weight-bearing abilities compared to other Devonian limbed vertebrates such as Ichthyostega and Acanthostega. The cleithrum (upper blade of the shoulder) is fused to the scapulocoracoid (lower plate of the shoulder, in front of the shoulder socket), unlike in most tetrapods, but the shoulder girdle is independent of the skull, unlike in most fish.

Early four-limbed vertebrates are sometimes referred to as tetrapods (using a trait-based definition of the term), although animals like Hynerpeton, Ichthyostega, and Acanthostega are placed outside the crown group Tetrapoda by the vast majority of paleontologists. From a cladistic (relations-based) point of view, a more accurate term would be "stem-tetrapod" or "stegocephalian", indicating that they were part of the lineage of animals that would lead to true tetrapods

such as modern amphibians (Lissamphibia), reptiles, mammals, and birds.

Hynerpeton hails from the Red Hill fossil site, which, during the Late Devonian, was a warm floodplain inhabited by a diverse ecosystem of aquatic fish and terrestrial invertebrates. Hynerpeton was one of several genera of four-limbed vertebrates known from the site, although it was the first to be discovered. It has been theorized that animals like Hynerpeton were able to use their amphibious lifestyle to find shallow pools where they could spawn, isolated from predatory fish which inhabited the deeper rivers.

Juandissimo fired a wave of water and it formed into the Devonian Sarcopterygian from 375 million years ago: Tiktaalik!

---

Tiktaalik (/tɪkˈtɑːlɪk/; Inuktitut ᑎᒃᑖᓕᒃ [tiktaːlik]) is a monospecific genus of extinct sarcopterygian (lobe-finned fish) from the Late Devonian Period, about 375 Mya (million years ago), having many features akin to those of tetrapods (four-legged animals).

Unearthed in Arctic Canada, Tiktaalik is technically a fish, complete with scales and gills - but it has the flattened head of a crocodile and unusual fins. Its fins have thin ray bones for paddling like most fish, but they also have sturdy interior bones that would have allowed Tiktaalik to prop itself up in shallow water and use its limbs for support as most four-legged animals do. Those fins and a suite of other characteristics set Tiktaalik apart as something special; it has a combination of features that show the evolutionary transition between swimming fish and their descendants, the four-legged vertebrates - a clade which includes amphibians, reptiles, birds and mammals.

It and similar animals may possibly be the common ancestors of the broad swath of all vertebrate terrestrial fauna: amphibians, reptiles, birds, and mammals.

The first well-preserved Tiktaalik fossils were found in 2004 on Ellesmere Island in Nunavut, Canada.

Patrick: OCEAN STYLE NINJA ART: LIVYATAN!

Patrick fired a wave of water and it formed into the first ancestral sperm whale from 9 million years ago: Livyatan!

---

Livyatan is an extinct genus of sperm whale containing one species: L. melvillei. The genus name was inspired by the biblical sea monster Leviathan, and the species name by Herman Melville, the author of the famous book Moby-Dick about a white bull sperm whale. It is mainly known from the Pisco Formation of Peru during the Tortonian stage of the Miocene epoch, about 9.9-8.9 million years ago (mya); however, isolated teeth from other locations such as Chile, Argentina, South Africa, and Australia implies that either it or a close relative survived into the Pliocene, around 5 mya, and was present throughout the Southern Hemisphere. It was a member of a group of hyper-predatory macroraptorial sperm whales (or "raptorial sperm whales") and was likely an apex predator, preying on whales, seals, and so forth. Characteristic of raptorial sperm whales, Livyatan had functional, enamel-coated teeth on the upper

and lower jaws, as well as several adaptations for hunting large prey.

Livyatan's total length has been estimated to be about 13.5-17.5 m (44-57 ft), similar to the modern sperm whale (Physeter macrocephalus), making it one of the largest predators to have ever existed. The teeth of Livyatan measured 36.2 cm (1.2 ft), and are the largest biting teeth of any known animal, excluding tusks. It is distinguished from the other raptorial sperm whales by the basin on the skull, and how it spans the entire length of the snout. The spermaceti organ, contained in that basin, is thought to have been used in echolocation and communication, or for ramming prey and other sperm whales. The whale may have interacted with the large extinct shark megalodon (Carcharocles megalodon), competing with it for a similar food source. Its extinction was likely caused by a cooling event at the end of the Miocene which resulted in a drop in food populations. The formation where the whale has been found has also preserved a large assemblage of marine life, such as sharks and marine mammals.

Camptosaurus (/ˌkæmptoʊ'sɔːrəs/ KAMP-toh-SAWR-əs) is a genus of plant-eating, beaked ornithischian dinosaurs of the Late Jurassic period of western North America. The name means 'flexible lizard' (Greek καμπτος (kamptos) meaning 'bent' and σαυρος (sauros) meaning 'lizard').

Mike (Total Drama): FOREST STYLE NINJA ART: ORNITHOLESTES!

Mike fired a wave of wood and leaves and it formed into the theropod dinosaur from 154 million years ago: Ornitholestes.

---

Ornitholestes (meaning "bird robber") is a small theropod dinosaur of the late Jurassic (Brushy Basin Member of the Morrison Formation, middle Kimmeridgian age, about 154 million years ago) of Western Laurasia (the area that was to become North America).

To date, Ornitholestes is known only from a single partial skeleton with a badly crushed skull found at the Bone Cabin Quarry near Medicine Bow, Wyoming, in 1900. It was described by Henry Fairfield Osborn in 1903. An incomplete hand was later attributed to Ornitholestes, although it now appears to belong to Tanycolagreus. The type (and only known) species is O. hermanni. The specific name honors the American Museum of Natural History preparator Adam Hermann.

---

Nanosaurus ("small or dwarf lizard") is the name given to a genus of neornithischian dinosaur that lived about 155 to 148 million years ago, during the Late Jurassic-age. Its fossils are known from the Morrison Formation of the south-western United States. The type and only species, Nanosaurus agilis, was described and named by Othniel Charles Marsh in 1877. The taxon has a complicated taxonomic history, largely the work of Marsh and Peter M. Galton, involving the genera Laosaurus, Hallopus, Drinker, Othnielia, and Othnielosaurus, the latter three now being considered to be synonyms of Nanosaurus. It had historically been classified as a hypsilophodont or fabrosaur, types of generalized small bipedal herbivore, but more recent research has abandoned these groupings as paraphyletic and Nanosaurus is today considered a basal member of Neornithischia.

Magnolia: FOREST STYLE NINJA ART: DAKOTARAPTOR!

Magnolia fired a wave of wood and leaves and it formed into the theropod dinosaur from 66 million years ago: Dakotaraptor.

---

Dakotaraptor is a potentially chimaeric genus of large dromaeosaurid theropod dinosaur that lived in North America during the Late Cretaceous period. The remains have been found in the Maastrichtian stage of the Hell Creek Formation, dated to the very end of the Mesozoic era, making Dakotaraptor one of the last surviving dromaeosaurids. The remains of D. steini were discovered in a multi-species bonebed. Elements of the holotype and referred specimens were later found to belong to trionychid turtles, and further analysis of potential non-dromaeosaurid affinities of the holotype and referred material have not yet been conducted. Phylogenetic analyses of D. steini place it in a variety of positions in

the Dromaeosauridae.

Dromaeosaurus (/ˌdroʊmiə'sɔːrəs, -mioʊ-/, "swift running lizard") is a genus of theropod dinosaur which lived during the Late Cretaceous period (middle late Campanian), sometime between 80 and 72.8 million years ago, in Alberta, Canada and the western United States. The type species is Dromaeosaurus albertensis, which was described by William Diller Matthew and Barnum Brown in 1922.

Goku: EARTH STYLE NINJA ART: DEINONYCHUS!

Goku fired a wave of earth and it formed into the deadly pack-hunting theropods from 115 million years ago: Deinonychus!

Deinonychus (/daɪ'nɒnɪkəs/ dy-NON-i-kəs; from Greek: δεινὀς deinós, 'terrible' and ὄνυξ ónux, genitive ὄνυχος ónuchos 'claw') is a genus of dromaeosaurid theropod dinosaur with one described species, Deinonychus antirrhopus. This species, which could grow up to 3.4 meters (11 ft) long, lived during the early Cretaceous Period, about 115-108 million years ago (from the mid-Aptian to early Albian stages). Fossils have been recovered from the U.S. states of Montana, Utah, Wyoming, and Oklahoma, in rocks of the Cloverly Formation, Cedar Mountain Formation and Antlers Formation, though teeth that may belong to Deinonychus have been found much farther east in Maryland.

Paleontologist John Ostrom's study of Deinonychus in the late 1960s revolutionized the way scientists thought about dinosaurs, leading to the "dinosaur renaissance" and igniting the debate on

whether dinosaurs were warm-blooded or cold-blooded. Before this, the popular conception of dinosaurs had been one of plodding, reptilian giants. Ostrom noted the small body, sleek, horizontal posture, ratite-like spine, and especially the enlarged raptorial claws on the feet, which suggested an active, agile predator.

"Terrible claw" refers to the unusually large, sickle-shaped talon on the second toe of each hind foot. The fossil YPM 5205 preserves a large, strongly curved ungual. In life, archosaurs have a horny sheath over this bone, which extends the length. Ostrom looked at crocodile and bird claws and reconstructed the claw for YPM 5205 as over 120 millimetres (4.7 in) long. The species name antirrhopus means "counter balance", which refers to Ostrom's idea about the function of the tail. As in other dromaeosaurids, the tail vertebrae have a series of ossified tendons and super-elongated bone processes. These features seemed to make the tail into a stiff counterbalance, but a fossil of the very closely related Velociraptor mongoliensis (IGM 100/986) has an articulated tail skeleton that is curved laterally in a long S-shape. This suggests that, in life, the tail could bend to the sides with a high degree of flexibility. In both the Cloverly and Antlers formations, Deinonychus remains have been found closely associated with those of the ornithopod Tenontosaurus. Teeth discovered associated with Tenontosaurus specimens imply they were hunted, or at least scavenged upon, by Deinonychus.

Daspletosaurus (/dæsˌpliːtəˈsɔːrəs/ das-PLEET-o-SAWR-əs; meaning "frightful lizard") is a genus of tyrannosaurid dinosaur that lived in western North America between about 77 and 74 million years ago, during the Late Cretaceous Period. The genus Daspletosaurus contains two species. Fossils of the earlier type species, D. torosus, have been found in Alberta, while fossils of the

later second species, D. horneri, have been found only in Montana. A possible third species, also from Alberta, awaits formal identification. Daspletosaurus is closely related to the much larger and more recent tyrannosaurid Tyrannosaurus rex. Like most tyrannosaurids, Daspletosaurus was a multi-tonne bipedal predator equipped with dozens of large, sharp teeth. Daspletosaurus had the small forelimbs typical of tyrannosaurids, although they were proportionately longer than in other genera.

As an apex predator, Daspletosaurus was at the top of the food chain, probably preying on large dinosaurs like the ceratopsid Centrosaurus and the hadrosaur Hypacrosaurus. In some areas, Daspletosaurus coexisted with another tyrannosaurid, Gorgosaurus, though there is some evidence of niche differentiation between the two. While Daspletosaurus fossils are rarer than other tyrannosaurids', the available specimens allow some analysis of the biology of these animals, including social behavior, diet and life history.

Gohan: EARTH STYLE NINJA ART: SINOCERATOPS!

Gohan fired a wave of earth and it formed into the ceratopsian from 73.5 million years ago: Sinoceratops!

---

Sinoceratops /ˌsaɪnoʊ'sɛrətɒps/ is an extinct genus of ceratopsian dinosaur that lived approximately 73 million years ago during the latter part of the Cretaceous Period in what is now Shandong province in China. It was named in 2010 by Xu Xing et al. for three skulls from Zhucheng, China. The name of its type species Sinoceratops zhuchengensis means "Chinese horned face from Zhucheng", after the location of its discovery.

Sinoceratops was a medium-sized, averagely-built, ground-dwelling, quadrupedal herbivore. It could grow up to an estimated 6 m (19.7 ft) length and 2 metres (6.6 ft) height, and weigh up to 2 tonnes (2.0 long tons; 2.2 short tons). It was the first ceratopsid dinosaur discovered in China, and the only ceratopsid known from Asia. All other centrosaurines, and all chasmosaurines, are known from fossils discovered in North America, except for possibly Turanoceratops. Sinoceratops is also significant because it is one of the largest known centrosaurines, and is much larger than any other known basal members of this group.

Sinoceratops was discovered in the Xingezhuang Formation, which was deposited during the late Cretaceous. It lived alongside leptoceratopsids, saurolophines, and tyrannosaurines. The most common creature in the formation was Shantungosaurus, to which most of the material has been assigned. The animals living alongside Sinoceratops and Shantungosaurus were Zhuchengceratops, Zhuchengtitan, and Zhuchengtyrannus.

Me: WOLF FIRE STYLE NINJA ART: AMPHICOELIAS!

I fired a blast of blue fire and it formed into one of the largest sauropod dinosaurs ever discovered from 150 million years ago: Amphicoelias!

---

Amphicoelias (/ˌæmfɪˈsiːliəs/, meaning "biconcave", from the Greek ἀμφί, amphi: "on both sides", and κοῖλος, koilos: "hollow, concave") is a genus of herbivorous sauropod dinosaur that lived approximately 150 million years ago during the Tithonian (Late Jurassic Period) of what is now Colorado, United States. An herbivore, Amphicoelias was moderately sized at about 25 m (82 ft)

long-roughly the same length as Diplodocus, to which it was related. Its hindlimbs were very long and thin, and its forelimbs were proportionally longer than in relatives.

The namesake fossil of the type species Amphicoelias altus, American Museum of Natural History 5764, is uncertain in included material. When described by Edward Drinker Cope shortly after its discovery in 1877, Amphicoelias was noted to include many back vertebrae, a single pubis, and a femur. However, after purchase and cataloging of the material by the AMNH, Henry Fairfield Osborn and Charles Mook described that the specimen had only two vertebrae, a pubis, femur, tooth, scapula, coracoid, ulna and a second femur. The additional material, not mentioned by Cope, was found close in proximity to the holotype and was similar to Diplodocus, a relative of Amphicoelias. Their assignment was questioned by subsequent authors Emanuel Tschopp et al. in an analysis of Diplodocidae.

During the description of Amphicoelias altus in 1877, Cope additionally named A. latus, for a femur and tail vertebrae. Following its description, Osborn and Mook in 1921 reidentified the material as a specimen of Camarasaurus, an assignment followed by other authors who reviewed the material. A year later 1878, Cope named the third species of Amphicoelias, A. fragillimus for a gigantic dorsal vertebra that was subsequently lost. Measuring approximately 2.7 m (8.9 ft) if reconstructed based on Diplodocus, early estimates for the length of the animal in life were between 40 and 60 m (130 and 200 ft) long. Due to the incomplete nature, such lengths-the longest of any known dinosaur and sauropod-were largely ignored. In 2018, Kenneth Carpenter renamed Amphicoelias fragillimus as the new genus Maraapunisaurus, and reclassified it from Diplodocidae to Rebbachisauridae.

---

Eudimorphodon was a pterosaur that was discovered in 1973 by Mario Pandolfi in the town of Cene, Italy and described the same year by Rocco Zambelli. The nearly complete skeleton was retrieved from shale deposited during the Late Triassic (mid to late Norian stage), making Eudimorphodon one of the oldest pterosaurs known. It had a wingspan of about 100 centimetres (3.3 ft) and at the end of its long bony tail may have been a diamond-shaped flap like in the later Rhamphorhynchus. If so, the flap may have helped it steer while maneuvering in the air. Eudimorphodon is known from several skeletons, including juvenile specimens.

Heilongjiangosaurus" (meaning "Heilongjiang lizard") is the informal name given to an as-yet undescribed genus of duckbilled dinosaur from the Late Cretaceous. It possibly was a lambeosaurine, and may in fact be the same animal as Charonosaurus. The fossils were found in Maastrichtian-age rocks in Heilongjiang, China. As a nomen nudum, it is unclear what material it was intended to be based on, but might be connected to the nomen nudum "Mandschurosaurus" jiainensis, informally named in a 1983 publication.

The "type species" is "H. jiayinensis", and it was coined in 2001 in a faunal list by Li and Jin.

Cera: EARTH STYLE NINJA ART: OJOCERATOPS!

Ojoceratops ( meaning "Ojo Alamo horned face") is a genus of

ceratopsian dinosaur which lived in what is now New Mexico, United States. Ojoceratops fossils have been recovered from strata of the Ojo Alamo Formation (Naashoibito Member), dating to the late Cretaceous period (probably Maastrichtian age, 68 million years ago). The type species is Ojoceratops fowleri. It is very similar to its close relative Triceratops, though it is from an earlier time period and has a more squared-off frill. Nick Longrich, in 2011, noted that the squared-off frill is also found in some true Triceratops specimens and that Ojoceratops is probably a junior synonym of Triceratops, while Holtz (2010) noted that it is probably ancestral to Triceratops and possibly synonymous with the contemporary Eotriceratops.

Ducky: EARTH STYLE NINJA ART: GRYPOSAURUS!

Ducky fired a wave of earth and it formed into the hadrosaur from 80 million years ago: Gryposaurus!

---

Gryposaurus (meaning "hooked-nosed (Greek grypos) lizard"; sometimes incorrectly translated as "griffin (Latin gryphus) lizard") was a genus of duckbilled dinosaur that lived about 80 to 75 million years ago, in the Late Cretaceous (late Santonian to late Campanian stages) of North America. Named species of Gryposaurus are known from the Dinosaur Park Formation in Alberta, Canada, and two formations in the United States: the Lower Two Medicine Formation in Montana and the Kaiparowits Formation of Utah. A possible additional species may extend the temporal range of the genus to 66 million years ago.

Gryposaurus is similar to Kritosaurus, and for many years the two were thought to be synonyms. It is known from numerous skulls, some skeletons, and even some skin impressions that show it to have had pyramidal scales projecting along the midline of the back. It is most easily distinguished from other duckbills by its narrow arching nasal hump, sometimes described as similar to a "Roman nose," and which may have been used for species or sexual identification, and/or combat with individuals of the same species. A large bipedal/quadrupedal herbivore around 9 meters (30 feet) long,

it may have preferred river settings.

Tropeognathus (meaning "keel jaw") is a genus of large pterosaurs from the late Early Cretaceous of South America. This genus is considered to be a member of the Ornithocheiridae, a diverse group of pterosaurs known for their keel-tipped snouts and large size. Tropeognathus is regarded as the largest pterosaur found in the Southern Hemisphere, only rivaled by the huge azhdarchids. The type and only species is Tropeognathus mesembrinus. Fossil remains of Tropeognathus have been recovered from the Romualdo Formation, which is a Lagerstätte located in the Santana Group of the Araripe Basin in northeastern Brazil.

Spike: (Through translator) EARTH STYLE NINJA ART: DRAVIDOSAURUS!

Spike fired a wave of earth and it formed into the Dravidanidu dinosaur from 90 million years ago: Dravidosaurus!

Dravidosaurus (meaning "Dravidanadu lizard", Dravidanadu being a region in the southern part of India where the remains were discovered) is a controversial genus of prehistoric reptile. It was first described as the last surviving stegosaurian, the group of "plated" dinosaurs. With an estimated length of three metres (10 ft), it would have also been the smallest member of the group. More recent studies, however, have shown that the bones actually belonged to a plesiosaurian marine reptile, and that none of the remains are demonstrably dinosaurian in origin.

Dravidosaurus lived in the Late Cretaceous period (Coniacian stage) of what is now India. It is only known from disassociated remains that were originally described as comprising a partial skull, a tooth, a sacrum, an ilium, an ischium, a dermal plate, and a spike. The badly weathered remains were discovered in marine deposits near Ariyalur in the state of Tamil Nadu in South India. They were in 1979 named by P.M. Yadagiri and Krishnan Ayyasami as the type species Dravidosaurus blanfordi, the specific name honouring William Thomas Blanford. The holotype partial skull is catalogued as GSI SR Pal 1, while other specimens are catalogued GSI SR Pal 2-7.

In 1991, Sankar Chatterjee visited the site and claimed, without presenting concrete morphological evidence, that Dravidosaurus was based on plesiosaurian pelvic and hindlimb elements, the species being a nomen dubium. However, this claim was rejected by Galton and Upchurch (2004), who noted that the skull, tooth and plate of Dravidosaurus are certainly not plesiosaurian as illustrated. Galton and Ayyasami (2017) reaffirmed the stegosaurian classification of Dravidosaurus, claiming the remains do not look like plesiosaurian pelvic and hindlimb elements. They announced that stegosaurian remains from the Dravidosaurus type locality are under study by one of the original describers of Dravidosaurus.

ME TO DESTROY YOU! (ECHOING) ERUPTING SHUFFLE ALLIANCE ATTACK!

We all fired a massive barrage of techniques and elemental blasts and all kinds of techniques and more and the blasts all hit The Darkness all at once and exploded with unbelievable power!

***KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO OOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO MMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMM!***

The explosion was so massive and so powerful and so devastating that it was felt all over the universe and more and a massive mushroom cloud was felt all over the lands.

When the Smoke Cleared, The Darkness was badly wounded all over the place and on fire.

Master Eon: No more will you torment our universe, Darkness!

Me: This is for all the pain you have caused!

I raised my hands into the air.

(Goku's Spirit Bomb theme plays)

Me: Everyone all over the universe, share your energy with me!

Nico: The Spirit Bomb. Let do it guys!

Everyone raised their hands and all over the universe, energy came pouring in to the Spirit Bomb and it was getting bigger and bigger by the second until it was the same size as the Sun and it was massive.

Cybertron Red Alert: Lets do some teamwork!

Eliza: Yeah!

Cybertron Red Alert and Eliza used the Earth and Autobot Cyber Planet Keys and they turned Red Alert's rocket into a massive plasma cannon and enhanced Eliza's powers 100-fold.

Runamuck and Shadow Man both used the Earth Cyber Planet Keys and they enhanced Runamuck's Friction Rifle and Shadow Man's Shadow Blade 100-fold.

Cybertron Red Alert and Eliza Thornberry: SPIRIT PLASMA MEGABLAST!

Cybertron Red Alert fired a massive blast of red energy and Eliza fired a massive blast of energy that formed into spirits of animals.

Runamuck and Shadow Man: SHADOW FRICTION BLAST!

Shadow Man fired shadow blades and Runamuck fired blasts of friction.

Kaos: Lets take down this monster! For I, Kaos, Command it!

Spyro: Lets do it!

Eli: Yeah!

Kaos: DOOM SHARK MAYHEM MEGABLAST!

Master Eon: SKYLANDS PURITY MEGABLAST!

Eli: SUPER TEAMWORK SUPERBLAST!

Skylanders: SKYLANDS UNITED MEGABLAST!

Knights of the Friendship Table: FRIENDSHIP HARMONY MEGA BLAST!

Me: UNIVERSAL SPIRIT BOMB!

We fired massive blasts of elements and energy and I threw the massive spirit bomb.

Nico had the black crystal containing Kaos's mom Kaossandra and she was watching the whole thing.

Kaossandra: NO! NO! NO! NOOOOOOOOOOOOOOOOOOOO!

The blasts all hit The Darkness all at once and exploded with incredible power and obliterated The Darkness in an instant and banished him to the Warp forever in a massive explosion. The explosion faded and the Darkness was gone forever.

We powered down and we saw that the Darkness was gone!

Me: It's over guys! WE WON! THE DARKNESS IS DEAD!

We all cheered wildly and everyone on Earth cheered wildly too and so did everyone all over the Universe! The universe was saved!

Nico: WOW! That was so awesome!

Lincoln: And it was so cool!

We later went up to the new recruits.

Spyro: (to the villains that were recruited) Thanks for all your help. As a reward, you guys can join the Masters of Evil when it's time.

Golden Glider: Thanks Spyro. We are grateful.

Nico: We couldn't have done all this without you all.

Captain Cold: And it will be great now that my sister is part of the action.

Golden Glider: Thanks big bro.

Me: We saved the universe once again and now all of Skylands and the Universe can breathe easy now that its seen the last of the Darkness.

Applejack: Yep. Lets head home to Earth and celebrate.

We cheered wildly.

At Lynn's Table we were celebrating our victory.

All of us: CHEERS!

We clinked our glasses and we were having a great victory party.

Nico: YEAH!

Spyro: (To the viewers) This was one of the most explosive adventures ever! I hope you all had a great show with it.

Me: We know we enjoyed it.

Master Eon: Thank you all so much for saving us from The Darkness.

Me: It wasn't just us Master Eon. It was ALL of us all over the universe coming together. We all teamed up and brought down one of the most dangerous forces ever. And the universe is now closer together than ever before.

Lincoln: We sure did and it sure is.

Me: And if more evil forces like The Darkness come, we'll be ready for them. All of us.

We all agreed.

Captain Flynn: That's right! ULTRA AWESOME BOOM!

ME: ULTRA AWESOME BOOM!

DBZ NARRATOR: AT LAST, THE TERROR KNOWN AS THE DARKNESS HAS BEEN SILENCED FOREVER! THE BATTLE IS WON AND THE UNIVERSE IS SAFE AGAIN ONCE MORE! THANK YOU ALL TEAM LOUD PHOENIX STORM! BUT THERE ARE STILL MORE VILLAINS OUT THERE THAT MUST BE TAKEN CARE OF. THE SAGA CONTINUES ON THE NEXT EXCITING CHAPTER OF LOUD HOUSE REVAMPED.

Another awesome fanfic done!

WOOHOO! This was epic! The Darkness in Skylanders was really scary and seeing what it really looked like in Skylanders Superchargers was epic! Ike Amadi played him and it was so awesome that he did a great job as The Darkness. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is an awesome flashback chapter for the SpongeBob Squarepants episode Whatever Happened to SpongeBob and we're going to see what happened when SpongeBob was driven out of town and how Lily threatened Squidward's life.

See you all tomorrow for the 1st day of winter.

# Whatever Happened to SpongeBob?

HAPPY WINTER SOLSTICE 2020 EVERYONE!

---

In the estate we were resting after our awesome battle with The Darkness. We not only saved the entire universe from Total Destruction but we also brought lots of planets and people together in an epic and action packed battle that saved everything in the entire universe from eternal darkness. Poromon, Manaphy, Poliwag and Horsea were playing Call of Duty on Xbox and it was awesome! I was watching over them.

Lincoln: Wow! This is awesome!

Me: Yeah it is! This is exactly like what happened when my grandfathers both went into war in World War II.

Lincoln: Wow!

Me: But they are all dominating the battlefield.

Everyone came.

Nico: Poromon, what are you, Manaphy, Poliwag, and Horsea playing?

Poromon: Call Of Duty.

Horsea: It's awesome.

May: Are you sure you 4 should be playing a video game that violent?

Poromon: Bobby let us play it.

Me: And don't worry guys, I'm watching them. Besides, this is exactly like what happened when both of my grandfathers both went into World War II.

Lincoln: Yep.

Nico: Wow.

Maria: I think there's no harm in letting them play it. Besides, if we stopped them from playing it for being too violent, we'd be acting like hypocrites.

Me: Yep.

May: That's true.

We watched them play and when it was time we later went to the Krusty Krab for a quick bite to eat. We were having fun and more.

Mr. Krabs: Boy that was an amazing adventure you all went on lads.

Me: It was Mr. Krabs. The Darkness was a very formidable foe and we made sure he never terrorizes the universe again.

Mr. Krabs: Well we're all proud of you lads for stopping a terrible foe like that.

Lily: Thanks Mr. Krabs.

SpongeBob: We're all so proud of you all.

Me: Thanks SpongeBob.

Nico: But it wasn't just us. It was all of us coming together. We all united to take down the Darkness.

Chill: (Russian Accent) We sure did comrades.

Camo: (Spanish Accent) Si it was cool.

Lincoln: Yes it was.

Lana: Lily can I ask you something?

Lily: What's up Lana?

Lana: How did you threaten Squidward's life and bring SpongeBob back?

Lily: Oh right, I need to tell you all that. I promised I would. I wasn't here when SpongeBob was driven away so SpongeBob can tell us about that.

SpongeBob: Well it's pretty dark. But okay. It happened when I woke up.

*[Episode begins outside of SpongeBob's house at night. SpongeBob's foghorn alarm goes off, making sheets fly off of SpongeBob's bed. His eye literally peel open]*

**SpongeBob:** *[frantically jumps out of bed and bounces off walls landing in front of Gary]* Good morning, Gary! *[looks out window]* Good morning, Mr. Mailman!

**Mailman:** Morning, SpongeBob. Ah, it is a good morning, isn't it. *[The Mailman crashes into a truck on his bicycle and flies across the sky]* Ah!

**SpongeBob:** Isn't life great, Gary? Oh, what a beautiful day. I have the best friends…

*[Cut to Squidward's bedroom]*

**Squidward:** [wakes up, moving frantically] Ah, stay away! [relieved] Oh, another SpongeBob nightmare.

*[Scene reverts to SpongeBob]*

**SpongeBob:** The best job…

*[at the Krusty Krab Mr Krabs pulls out his pocket watch]*

**Mr. Krabs:** He's already ten seconds late! I'm docking him a month's pay for this.

**SpongeBob:** And, of course, the bestest pet. *[hugs Gary]*

**Gary:** Meow. *[SpongeBob hugs Gary so hard his shell breaks]* Meow! *[He snarls at SpongeBob and then he attacks him causing his pineapple to shake and rattle. SpongeBob runs through the wall of his house]*

**SpongeBob:** I'm sorry! I'm sorry! *[runs into Patrick]*

**Patrick:** Hi, SpongeBob.

**SpongeBob:** Hey, Patrick! How goes it?

**Patrick:** Well, it was great until you showed up. *[turns around and shows a cake splattered on his belly]*

**SpongeBob:** What's that?

**Patrick:** Oh, just a birthday cake for my mom *[gets angry and throws the ruined cake on the ground]* that I spent all day baking! *[walks back inside]* Idiot Boy. *[closes the rock over him]*

**SpongeBob:** Oh, that's the first time someone's called me that. Wait, I know who will enjoy my company. *[SpongeBob goes to the door of Squidward's house]*

He knocks.

**SpongeBob:** *[sings]* Squidward!

**Squidward:** *[gets in SpongeBob's face, annoyed]* Don't you ever wake me up from my beauty sleep! Do you understand?! Idiot Boy. *[He shuts the door, causing SpongeBob to frown. The scene cuts to the Treedome, where Sandy has invented a new robot]*

**Sandy:** It's all done! My greatest invention yet! *[the robot starts to dance]*

**SpongeBob:** Sandy! What a neat robot! *[SpongeBob trips on a log. Some of the water from his helmet goes onto Sandy's robot]*

**Sandy:** Nooo! *[Sandy's robot blows up]*

**SpongeBob:** Let me explain. You see… I was passing by the tree, and I thought it'd be funny if I gave you a surprise.

**Sandy:** Oh, you gave me a surprise, alright. Look at the surprise I got! *[she shows the destroyed robot then pushes SpongeBob out]* Get out of here, Idiot Boy! *[shuts her door]*

**SpongeBob:** *[sniffles]* I guess that means there's only one place left to go-a place where I am wanted wherever they like it or not! *[Cut to the Krusty Krab]* SpongeBob WorkPants reporting for duty, Mr. Krabs.

**Mr. Krabs:** Hurry up and get in there, boy! Patties need flipping.

**SpongeBob:** No worries, captain! *[SpongeBob trips on some frying pans]* Oops, well, all in a day's work. Now, back to doing what I do best! No way I can mess this up… *[SpongeBob slides on a puddle of water and starts screaming]*

**Mr. Krabs:** *[playing with his dollars, laughing]* Mr. Dollar, allow me to introduce you to Mrs. Dollar. *[hears SpongeBob's screaming]* What the barnacles is going on?

**SpongeBob:** Mr. Krabs! *[SpongeBob slides and hits Mr Krabs. Mr. Krabs falls in the fryer and gets out immediately]* Mr. Krabs, are you okay?

**Mr. Krabs:** I'm fine, as long as me money's okay. *[SpongeBob and Mr. Krabs notice both dollars in the fryer]*

**Mr. Dollar:** *[to Mrs. Dollar]* Although we've only known each other a short time, I want you to know… I love you. *[both dollars disintegrate as they cry and they explode to nothingness SpongeBob laughs nervously and Mr. Krabs growls at him]*

*[Outside the krusty krab the double doors swung open SpongeBob lands across the street and Mr Krabs holds onto the double doors extremely enraged after kicking SpongeBob out]*

**Mr. Krabs:** If I were you, I'd get as far away from me as possible… Idiot Boy! *[after he slams the restaurant's doors, he turns away, as dramatic music cues in the background SpongeBob is shocked and alarmed]*

**SpongeBob:** *[curls up into a little ball and his eyes well up with tears]* I guess that's it, then. If Mr. Krabs is calling me "Idiot Boy", it must be true, I know what must be done! *[SpongeBob starts crying, his tears creating a river that leads him to his house. At his house, he is still crying and he packs his clothes in a Bindle]* I somehow managed to make everyone mad at me. At least you still like me, right, Gare?

*[We see Gary chewing on a bandage on his back. He hisses at SpongeBob]*

**SpongeBob:** *[sighs]* I'll miss you too, buddy. There's a year's supply of snail food for you. *[walks out of his house and turns around]* Goodbye, pineapple. *[the chimney blows SpongeBob up in the sky]* Goodbye, Squidward. Goodbye, Patrick. Goodbye, Sandy. Goodbye, Bikini Bottom. Goodbye, life as I know it. *[he lands on the road next to the sign]* Welcome to Bikini Bottom. Population 538. *[crosses out the "8" with a chalk and puts a "7" next to it]* Minus 1. *[he leaves Bikini Bottom down the road]* Idiot Boy, Idiot Boy, Idiot Boy, Idiot Boy, Idiot Boy, Idiot Boy, Idiot Boy, Idiot Boy, Idiot Boy, Idiot Boy… *[that night, SpongeBob is scared by a bunch of very weird people. In the deleted scene, a scallop is crowing while he sees the weird people. He runs for his life, but falls off the cliff upside down, causing him to hit his head on a bunch of rocks until he reaches the bottom of the cliff. Now he's got a long bump on his head]* Oooh, boy, that's quite a lump! *[SpongeBob's hobo stick, containing the things that he packed, hits him on the head, causing him to faint.]*

FLASHBACK 1 ENDS

We gasped and we glared at Patrick, Sandy and Mr. Krabs.

Lily: Now guys just so you know me and Mindy reprimanded them. But that was what happened when we weren't there.

Me: Oh. What happened next?

Lily: Well Mindy and me were walking through the city.

FLASHBACK 2

Mindy and Lily were walking through the city of Bikini Bottom.

Mindy: Lily, have you seen SpongeBob at all today?

Lily: No Mindy. I haven't seen him for 2 days. It's not like him to disappear like that. Usually he's always brightening up everyone.

Mindy: Yeah.

Later they came across the city in total pandemonium and they saw a Breaking News report on a tv.

**Perch Perkins:** We interrupt this program for an important announcement. *[cut to Perch Perkins in Bikini Bottom, where a crowd of people are panicking]* Bikini Bottom is literally in a state of total chaos tonight. *[a muscular guy pushes Perch]*

**Muscular Guy:** *[yelling on screen]* Literally! *[runs off]*

**Perch Perkins:** *[gets up weakly with a black eye]* We go now to news scene chopper 7. What's up?

**News Chopper:** *[we see someone flying in a helicopter]* Not looking too good out here, Perch. The Krusty Krab is about to come apart of the hinges. Customers are in a rage over not getting their Krabby Patties.

Lily: Uh oh! We'd better get over there!

Mindy: Right!

They ran fast.

They got to the Krusty Krab and Lily got to work fast.

Lily: Reporting for duty Mr. Krabs!

Mr. Krabs: Great Save lass!

She went to the kitchen and made lots of Krabby Patties and everyone was happy.

**Mr. Krabs:** *[running to Squidward]* Thank goodness they are happy.

But Squidward, where the barnacles is SpongeBob? This place is going down the toilet! Patties need flipping!

Lily: That's what me and Mindy want to know too!

Mindy: Yeah where is SpongeBob?

**Squidward:** If I knew, do you think I'd be standing here getting yelled at by a bunch of morons?

POW!

Lily punched Squidward in the back of his head!

Squidward: OW!

Lily: YOU SHUT THE HELL UP STUPID SQUIDWARD!

**Mr. Krabs:** Yeah! Don't talk back to your superior officer, you…

*[Both Squidward and Mr. Krabs start arguing. Sandy and Patrick come in]*

**Sandy:** Squidward! Lily! Mindy! Mr. Krabs! Y'all seen SpongeBob?

**Squidward:** I think we just went through this…

**Mr. Krabs:** What he means to say is, no, we haven't.

Lily: Yeah he hasn't come in for the last two days.

**Sandy:** Well, apparently, he's left Bikini Bottom, and he ain't coming back. *[hands Mr. Krabs the note]*

**Mr. Krabs:** Let me see that.

Lily: Let me see! [Reading note] "To whom it may concern: if you found this letter, that means Gary's food bowl is empty and that it needs to be refilled. It also means it's been approximately one year since I've split town, and no one's noticed 'til now. No one needs to worry, I won't bother anyone again. Sincerely, SpongeBob. A.K.A. Idiot Boy."

Mr. Krabs: [shocked] IDIOT BOY?! *[horrified, he realizes that the letter was written by SpongeBob because everyone called him Idiot Boy]* It is SpongeBob! What am I gonna do without me fry cook?

**Patrick:** What am I gonna do without my best friend?! I should never have been mean to you! *[starts to cry]*

**Sandy:** I should have never kicked you out of my house! *[starts to cry as her helmet fills up with her tears.]*

**Squidward:** *[sobbing]* If I knew that was the last time I'd see SpongeBob, *[guffawing]* I would have slammed the door in his face even harder! *[laughs even more, while Patrick and Sandy are still crying. Mr. Krabs pushes the customers out of the Krusty Krab.]*

**Mr. Krabs:** All right, group meeting. Everybody out! The Krusty Krab's are closed until further notice! And I've got a stupid squid to scold.

Lily: And me and Mindy have to reprimand some people! You all should be ashamed of yourselves! SpongeBob was just trying to help you all and you thank him by driving him away!

Mindy: (glares at Mr. Krabs, Sandy, and Patrick) Squidward, I get. But how could you three drive Spongebob away like that?!

Lily: YEAH! He was just doing his best to help you all and you just drove him away!

Squidward: Good riddance! We don't need that stupid moron!

Lily growled ferociously at Squidward!

She grabs him by the shirt and braces him against the wall!

Lily: I'll kill you for saying that!

Squidward: (laughs at Lily) Oh, please! I know you're not gonna follow up on that threat. After all, you're a hero. And heroes don't kill people!

Patrick: Squidward, I think that's enough.

Squidward: (ignores Patrick) Or maybe you act the way you do because of that fight your sisters had over a stupid dress!

Sandy: Squidward, you've made your point!

Squidward: (ignores Sandy) If you ask me, you should be thrown in jail with Plankton for being friends with Spongebob!

Mr. Krabs: Mr. Squidward, that's going too far!

Lily then punched Squidward in the face and gave him a nasty black eye and then she grabbed his nose and ripped it clean off!

RRRRIIIIIIIIIIIIIPPPPP!

Squidward: (Screams In Excruciating Pain)

Lily: YOU ARE DISGUSTING SQUIDWARD!

Mindy: YEAH!

Lily: You will help me get SpongeBob back and apologize to him or so help me I WILL RIP YOUR NOSE OFF AGAIN AND SHOVE IT SO DOWN YOUR THROAT THAT YOU'LL BE SMELLING YOUR INTESTINES AND THEN I WILL RIP YOUR HEART OUT AND SHOVE IT RIGHT INTO YOUR BRAIN AND THEN I WILL SET YOU ON FIRE AND BURN YOU TO ASHES AND SEND YOUR DEPRESSED WORTHLESS SOUL BACK TO THE DARKEST VOIDS OF THE UNDERWORLD FROM WHENCE YOU CAME!

Squidward was shaking in fear so much that he literally peed ink!

Sandy and Mr. Krabs were literally scared too.

Sandy: I'm officially scared of Lily now!

Mr. Krabs: Me too lass.

Lily was walking out.

Mr. Krabs: Where you going?

Lily: I'm going to find SpongeBob!

Lily looked at Squidward with eyes glowing red with bloodthirsty rage and walks out the door.

Squidward: (Gulps in fear)

Mindy went with her.

Patrick: Lily's right, Squidward. It really is our fault that SpongeBob left.

Squidward: What are you talking about? SpongeBob's finally out of Bikini Bottom. If you ask me, he can stay gone forever! Who needs him?!

Sandy: We do. And SpongeBob's done so much for us, including to help everyone stop Plankton and helping us when we need it. And this is how we thank him? We need to make this right.

Mr. Krabs: Mr. Squidward, until you apologize to Spongebob, we can't be seen hanging around with you anymore. We don't wanna become targets for people who are now out for your blood.

With that, Patrick, Sandy, and Mr. Krabs left the Krusty Krab. All that Squidward could do at that point, was stare.

He was alone.

Lily and Mindy were walking and following SpongeBob's trail.

Lily: (glares at Mr. Krabs, Sandy, and Patrick) What do you three want?

Patrick: Lily, you were right. SpongeBob left because of us.

Sandy: Look, I know that you have powers that made you into your current age. But you and Mindy are only two people.

Mr. Krabs: Mr. Squidward can stay in Bikini Bottom if he wants. But if you need help finding SpongeBob, then we'd like to offer our services.

Lily: Well I'm not mad at you guys. It's Squidward I hate the most. If anything happens to SpongeBob, I will tear Squidward's head off and feed it to a pod of hungry cannibals! (Hair ignites on fire and eyes turn red.)

Lily, Mindy, Mr. Krabs, Sandy, and Patrick were walking to find Spongebob.

Mindy: Lily, I know you're mad at Squidward at the moment. But you can't kill him. If you do, you really will go to prison. Do you want that?

Lily: No I don't. But I hate him more than life itself for everything he stands for! HE MAKES ME SICK!

Mr. Krabs: I know lass. He makes me sick too.

They continued on.

Later in New Kelp City, SpongeBob who is now called CheeseHead BrownPants because he has amnesia, *who is cold in the streets of New Kelp City. He goes to get warm near a barrel fire]*

**Fish:** Real drag, isn't it? Having to stand around the fire for warmth every night?

**CheeseHead:** Yeah.

**Other Fish:** Heh, not for us… we're just waiting in line for a new video game.

**CheeseHead:** I guess I am just a jobless deadbeat. *[sighs]* You guys mind if I bubble?

**Fish:** *[frightened]* You can't do that here!

**CheeseHead:** But… bubbles will steady the ol' nerves. Watch. *[blows a bubble]* See? Feeling better already. *[everyone who sees the bubble screams and runs away. CheeseHead BrownPants gets ready to blow another bubble, when he is approached by a gang who are snapping their fingers. When he walks away slowly one of them grabs him]*

**Bubble Poppin' Boys Leader:** Do you have any… *[the others continue snapping]* I think we've made our point with the snapping! *[They stop snapping]* As I was saying… do you have any idea who we are?

**CheeseHead:** Um, wait… err, um… don't tell me, um…

**Bubble Poppin' Boys Leader:** Don't answer. *[laughs]* I'll show ya. *[turns around to show the back of his shirt, which says "Bubble Poppin' Boys"]* We call us the Bubble Poppin' Boys. And article one of our charter prohibits bubble blowing on our turf. *[pops the bubble. Its water gets in his eyes and he gets angry, showing his red eyes]* You see why we don't allow bubbles in our city?! Fortunately, we have ways of dealing with careless bubble blowers like you. Let's rough him up, boys! *[the gang is ready to beat CheeseHead.]*

Lily then swooped in and kicked the leader in the face and sent him crashing into a bunch of trash cans!

Lily: That sponge is coming home with us you bastards!

Sandy: You mess with him and you mess with us!

Mr. Krabs: YEAH!

Lily had a sword of water ready to slash the Bubble Poppin' Boys to pieces.

Lily: You want a battle, I'll give you Armageddon!

Lily ran at the boys and viciously pulverized them and slashed them into pulp and kicked them out of the city.

Lily: SpongeBob!

They went over to him.

Lily: SpongeBob are you okay?

SpongeBob: My name is CheeseHead BrownPants.

Lily: Uh oh. I think he has amnesia.

Patrick: Oh no! What's amnesia?

Lily: It's where you lose your memory. It can be temporary or even permanent. I can fix that up.

Lily spread her wings of water and enveloped SpongeBob in water and cured his Amnesia and he was back to normal.

SpongeBob was back to normal!

SpongeBob: Huh? What happened?

Lily: SpongeBob! (Hugs him!) You're back!

Patrick: (hugs SpongeBob) SpongeBob, come home! We're sorry!

SpongeBob: But I thought you guys were annoyed by me.

Sandy: Lily talked some sense into us. And honestly, Bikini Bottom isn't the same without you!

SpongeBob: Does Squidward feel the same way?

Mr. Krabs: (scoffs) Mr. Squidward doesn't have a say in this matter. So if he has a problem with you coming back, that's his problem.

Lily: That's right. Squidward will feel my wrath 100-fold when we get back. Squidward can go jump off a cliff and die for all I care. He deserves it.

Sandy: Yeah.

Lily: Come on boss. Lets get you home.

They went back home to Bikini Bottom and went to the Krusty Krab.

Lily saw Squidward and she went berserk!

Lily: (Enraged) YOU!

*Lily explodes. She charges at Squidward in a fury, looking for all the world like a mad dog. Squidward is helpless against the berserk Lily; a thug through happenstance, he has no idea how to defend himself* *against the onslaught of a savage Lily. Lily finishes up and the dust clears 20 minutes later. Squidward lies on the ground in pain, bruised and mangled and butchered all over and looking like he lost a fight with a crazed superhero.*

Mindy: WHOA MAN!

Lily: That will teach you!

Squidward was later rushed to the Hospital and placed in a full body cast.

Squidward: (to SpongeBob) Look, I'm not going to apologize to you. But I will give you the chance for payback. My wallet is on the table over there. (gives SpongeBob his wallet)

SpongeBob: Is this your wallet on the table?

Squidward: (annoyed) Yes. Check my ID when you look inside.

SpongeBob did so and that's when he saw Squidward's middle name.

SpongeBob: Your middle name is Quincy?

Squidward: (sighs) Yes. And I think people will laugh at me because of that. Just say it out loud and we'll be even.

SpongeBob: Okay!

SpongeBob went outside and shouted out Squidward's name and everyone came and laughed at Stupid Squidward.

TOTAL HUMILIATION!

FLASHBACK 2 ENDS

Me: Wow! Lily you really gave Squidward a savage beatdown!

Nico: No kidding! That was brutal!

Lincoln: My little sister is now a force to be reckoned with.

Lily: Yep. The next time Squidward tries something like that he will be banished back to the Warp.

Vince: Yep.

Nico: While I am glad we've forgiven Rotwood and his group, I know it's only a matter of time before other villains get the chance to take over my body the same way they did.

Lori: Aren't you going to make more contingency plans. including one for yourself?

Nico: 20 contingency plans are enough. I'm not gonna push my luck.

Me: Good.

We had a great time.

THE END

---

Another awesome SpongeBob episode done.

Whatever Happened to SpongeBob was a great episode and it was so funny. The flashback in this chapter was the precursor to the chapter where we faced the Bubble Poppin' Boys and that was awesome. The episode aired on October 13th, 2008 and 1 day before my 21st Birthday and it was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is an Apocalyptic Rescue from a world being destroyed by the supposed Mayan End of Times on December 21st, 2012 as we head into the world of 2009's movie 2012 and use our ship to save all the people in the line of fire from the Apocalyptic disasters that are destroying the planet.

See you all tomorrow and Happy 1st Day of Winter.

# Armageddon from December 21st, 2012

I was relaxing on the sofa reading a book. I was reading a book on the mysteries of space.

Me: Hmm. This is always interesting to me.

But then I heard a fire chirp sound and I saw a glow that was blinking and it was on my arm and I pulled up the sleeve of my shirt and saw that my cutie mark was glowing.

Me: Oh my Cutie Mark. The Map is calling me! Guys! We have a friendship problem.

Nico: Lets get over there!

We went over to Twilight Sparkle's castle.

**Twilight Sparkle** : I can't believe you two are going on a friendship quest! This is amazing!

**Applejack** : What do you mean, Twilight? We've been on one together before.

**Twilight Sparkle** : Exactly! This is the first time the map has teamed up the same ponies for a second quest!

**Fluttershy** : That *is* special.

**Applejack** : Heh. Must be 'cause we're extra good at solvin' friendship problems.

I came in.

Me: Oh it looks like I'm not the only one that was called.

Applejack: Howdy J.D.

Fluttershy: You were called too?

Me: I sure was. This is gonna be interesting.

**Twilight Sparkle** : I hope so, 'cause it looks like this one might be a little tricky. You're going to the Peaks of Peril.

**Fluttershy** : The Peaks of… P-P-Peril?!

Me: Ooh that sounds ominous.

**Applejack** : Aw, it's just a name. It doesn't mean anythin'.

**Fluttershy** : Like how Cloudsdale is in the clouds and the Crystal Empire's made of crystal?

**Applejack** : Fair point. So, what can ya tell us about the place, Twilight?

Me: Yeah we need to know more about it before we act.

**Twilight Sparkle** : Good point but it's only from what Rockhoof told me. Back in his day, nopony knew much about the Peaks of Peril except for the legend on this ancient shield.

She held up an interesting shield and on it was 2 creatures.

Me: Fancy.

Twilight Sparkle: It says a group called the Kirin used to live there, known for their kindness and truth-speaking.

Me: The Kirin? You mean the Benevolent Spirits of Japanese Myth that punish the wicked?

Twilight Sparkle: That's right.

**Applejack** : Now we know why the Map called *us* .

**Twilight Sparkle** : Unfortunately, other creatures also lived there. The Nirik, fearsome beasts of pure fire.

Me: Whoa! They sound dangerous. Maybe the Kirin are having problems with them.

**Fluttershy** : [shudders] Maybe you should go instead of me, Twilight. [laughs nervously]

**Twilight Sparkle** : Sorry, Fluttershy. Flanks don't lie.

Me: Or arms in human cases and don't worry Fluttershy, we'll be with you.

Fluttershy: Thanks guys.

[shimmering]

**Applejack** : Aw, I'm sure that all of us'll get that friendship problem solved, no matter what kind o' creature has it.

**Fluttershy** : [laughs nervously]

Me: Yep. Well we all better get over there.

---

Later we were on the train heading for the Peaks of Peril.

[train chugging]

Me: This is gonna be really interesting.

Magma: Remind me again why we're here?

Me: We've been called to the Peaks of Peril to solve a friendship problem with the legendary Kirin.

Sailor Mercury: The Kirin? You mean the legendary spirits of Japanese Myth that punish the wicked?

Me: That's them. But something tells me that the Kirin in Equestria are different than the ones you read about over in Japan.

Lincoln: But this is gonna be interesting.

Applejack: Yeah it is.

[brakes hiss]

The train stopped and dropped us off and we were out in the middle of nowhere and the Peaks of Peril were not far from us.

[train chugging]

The train backed up and left.

[wind whistling]

Me: Wow! We're all the way out in the middle of nowhere.

Laney: And that must be the Peaks of Peril right there.

Me: Ominous sight.

Nico: It's more terrifying than what we saw on the map.

**Applejack** : Guess nopony else is goin' out as far as we are.

Luna Loud: No kidding dudes.

**Fluttershy** : Maybe they know something we don't?

**Applejack** : Now, Fluttershy, I've told you a dozen times. There's nothin' to be sca-

**"Loose Tracks"** : [screams]

**Applejack** and **Fluttershy** : [scream]

I had my sword ready for a fight!

Me: Show yourself coward!

**"Loose Tracks"** : I'm sorry.

**Fluttershy** : [screams] You really startled us.

I sheathed my sword.

Me: Yeah don't do that.

Nico: You scared the shit out of us.

**"Loose Tracks"** : Oh, it's just that I'm not used to seeing anypony taking the train to… [ominously] the end of the line. The final destination. The last stop!

Me: Uh we get the idea.

**Applejack** : Yeah. We get the picture. Why?

**"Loose Tracks"** : Nothing but uncharted terrain and wild beasts out that way. [maniacal laughter]

Me: Okay now he's starting to sound like a fucked up lunatic.

He went to the ticket cabin and laughed evilly as he closed his shade.

**Applejack** : Well, maybe there's a *little* somethin' to be scared of.

Me: Pfft. I'm not scared of him.

Nico: Well lets see what is going on.

We walked towards the Peaks of Peril and we crossed over and flew over a pond and jumped onto a cliff.

**Applejack** : Yah!

We crossed muddy areas and Lana was carrying Lola and Linka was carrying Edd.

[squishing]

Lola: Thanks Lana.

Edd: Why thank you Linka.

Linka: You're welcome.

Lana: Don't want to get you all muddy. That's my department.

[Fly-ders buzzing]

**Applejack** : [groans]

Laney: Buzz off you pests!

Luan: (Laughs) Good one Laney!

Laney: That wasn't a joke Luan.

We jumped a gorge.

[rocks crumbling]

Next we came out of bushes.

[rustling]

**Applejack** : [panting] Those must be the Peaks of Peril. Whew.

Me: Yeah that's them all right.

Lucy Loud: Wow.

Applejack: Tough goin', huh, Fluttershy-? Fluttershy?

Nico: Uh oh. Looks like she found some animal friends.

Me: Nice.

Applejack: [groans]

Me: Looks like we have to go and get her.

We went back the way we came and jumped over the gorge.

**Applejack** : Yah! [grunts]

We went through the mud.

[squishing]

Fly-ders came.

[Fly-ders buzzing]

**Applejack** : [groans]

Laney used Insect Repellent on them.

**Applejack** : [pants]

[splash!]

Lori went and got Applejack's hat.

A squirrel came and got some flowers and Fluttershy had some flowers in her mouth and she gave them to some squirrels.

[squirrel chittering]

**Fluttershy** : There. That should be enough flowers to keep your tree cozy.

**Applejack** : Fluttershy! What are you doin'?! This is no time for visitin' varmints! We're on a friendship quest, remember?!

**Fluttershy** : Yes, but actua-

**Applejack** : Come on! We're burnin' daylight!

**Fluttershy** : I know, but what I found out is that-

**Applejack** : Now, we gotta get up that peak! I figure if we use some rope and elbow grease, we can make it up half-

**Fluttershy** : *Applejack! Can you please listen to me?!* [clears throat] What I'm trying to say is the squirrels told me a shortcut they take to the Kirin village.

Me: Wow. That'll save us a lot of time.

Nico: Yeah!

We followed Fluttershy to a big boulder up against a cliff and she pushed it.

[grinding]

She pushed it and revealed a tunnel in the cliff.

[rustling]

Me: A secret tunnel in the cliff.

Vince: That's cool.

**Applejack** : Oh. [chuckles] Sorry, Fluttershy. I suppose I got a little too caught up in the adventure.

**Fluttershy** : That's all right. If you hadn't come back to get me, I probably would've talked to the squirrels all day. Heh.

Me: Yeah. We were all caught up in the adventure.

Daring Do: We sure were.

But then we got a most magnificent sight.

**Applejack** and **Fluttershy** and us: [gasp]

We saw a magnificent village and it looked like it was completely one with nature.

Me: Wow!

Nico: This is amazing!

Lincoln: Wow! This must be the Kirin Village.

Naruto: This is so cool! It reminds me of the Toad Village on Mount Myoboku.

Laney: Wow.

A butterfly landed on Fluttershy's nose

**Fluttershy** : [giggles]

Lola: This is so beautiful here.

Lisa Loud: It's all magnificent.

Me: It's like they are totally one with nature. It's magnificent.

But then we heard rustling in the trees.

[rustling]

Lynn: What was that!?

**Fluttershy** : I hope that's not a Nirik! [gasps]

We saw figures in the trees.

**Applejack** : Show yourself!

Me: Yeah come on out you cowards!

A figure came out and it was a beautiful creature. It was a Kirin and she was beautiful.

**Fluttershy** : [shudders]

Me: Wow.

Lincoln: Is she a Kirin?

Me: Yep.

A bunch of Kirin came and they had emotionless expressions on their faces and were as quiet as mice.

**Applejack** : Well, hi. I'm Applejack, and this here's Fluttershy.

Me: And I'm J.D. Knudson, Leader of Team Loud Phoenix Storm. This is my team.

Nico: Hello.

We all said hello.

[beat]

They didn't say anything.

**Fluttershy** : If you have any friendship problems, we're here to help.

[beat]

Me: They sure are quiet,

**Applejack** : Yeah. [to Fluttershy] Quiet bunch, ain't they? [clears throat] We're from Equestria, and we're plumb tickled to meet y'all.

Me: And me and my friends are from Gotham Royal York. We are from Earth.

[beat]

They didn't say anything.

**Applejack** : S-So, uh… what are your names?

[beat]

**Applejack** : [stressing] Ap-ple-jack! Flut-ter-shy! Remember?

Me: I think they understand.

**Fluttershy** : [whispering, to Applejack] Maybe they don't understand us.

Me: Maybe. Maybe not.

**Applejack** : [stressing] Do. You. Un-der-stand. Ponish?

[beat]

She nodded for yes.

**Fluttershy** : Oh! But you don't speak?

[beat]

She shook her head for no.

**Applejack** : Don't or won't?

Me: No they don't speak at all.

**Fluttershy** : Will you excuse us for a moment? [to Applejack] You have to ask yes-or-no questions, or they won't answer.

**Applejack** : Like talkin' to Angel Bunny?

**Fluttershy** : Not exactly. I can always tell what Angel is feeling. But these Kirin don't show anything.

Me: Yeah they are totally emotionless. It's like we're talking with Spock from Star Trek.

Nico: Yeah.

Laney: I don't think they were made this way when they were born.

Me: That could be the case.

**Applejack** : Well, how are we gonna solve a friendship problem if none of 'em will tell us what it is?

Me: Applejack just calm down. We'll think of something.

Nico: Yeah there has to be one of them that knows what happened here.

We walked around and saw their peaceful lives.

Me: Wow.

**Applejack** : These Kirin are quieter than an apple blossom on snowfall.

Brittney: Yeah they are so quiet you can hear a pin drop.

Applejack: Still, there's gotta be some way to make 'em speak.

Me: We got to at least try to have them talk to us.

Applejack went over to them.

A Kirin was growing plants.

Applejack: [chuckles] Beautiful day, ain't it?

[beat]

The Kirin didn't say anything or even smiled.

She went over to another Kirin that was getting a fruit.

**Applejack** : [whinny] Knock, knock! Now you say, "Who's there?"

[beat]

The Kirin didn't react.

**Applejack** : Police. "Police who?" Police [please] say somethin'!

[beat]

Luan: (Laugh) Good one Applejack!

Me: Not even a laugh.

**Applejack** : Uh-oh! I feel a sneeze comin' on! Aaaa-CHOOOOO!

[beat]

The Kirin didn't say anything or even react.

Me: Bless you.

**Fluttershy** : Gesundheit.

Me: It's like we're dealing with a village full of Spock's.

Lincoln: Yeah Spock would feel right at home.

Lori: He literally would.

**Applejack** : [groans] Don't any o' y'all talk?!

[beat]

They were pointing to somewhere. Down the mountain into a path.

Me: They're pointing down that path somewhere.

**Applejack** : Now we're gettin' somewhere.

**Fluttershy** : A dark spooky path that leads into unknown territory?

Me: Well we're gonna have to check it out.

**Applejack** : Tell you what, sugarcube. You stay and see if you can get anythin' outta these here Kirin. I'll go and try to find one that talks.

Me: And the rest of us will go with you. Laney, Lana, you stay with Fluttershy.

Lana: You got it!

**Fluttershy** : Phew! Be careful. And watch out for Niriks!

Me: Don't worry. We will.

We went down the path and the Kirin looked at Fluttershy and she was shaking.

We went down the path and then we heard rustling.

[rustling]

Me: Uh oh.

We saw a squirrel come out.

**Applejack** : [yelps]

Me: It's just a Squirrel.

Applejack: Phew!

Another Kirin came.

Applejack: [yelps] Oh. Have you seen a Kirin that talks?

[beat]

She shook her head for no.

**Applejack** : Any idea where I should look?

[beat]

She tilted her head in confusion.

**Applejack** : Oh, for the love of Celestia! Can't ya just say *somethin'* ?!

Me: Yeah! This is getting monotonous!

**Autumn Blaze** : [giggles] Gotcha! Sorry, sorry, but that was too good. Oh, you don't know how much I missed jokes. Hi-larity! Am I pronouncing that right? Some words I haven't said in a will. While! While. Hi, I'm Autumn Blaze.

Me: Oh Pleasure to meet you. J.D. Knudson, Leader of Team Loud Phoenix Storm.

Autumn Blaze: WOW! It's such an honor to meet you all.

The others came.

Kenai: Are you Autumn Blaze?

Autumn Blaze: Yes that's me and it's an awesome honor to meet you all Team Loud Phoenix Storm.

Me: Same to you. We know your human counterpart in our world.

Laney: That must be really sad for you to be the only Kirin that can talk.

Nico: Yeah.

Autumn Blaze: Wow! That's amazing! You've just arrived, and perhaps you're tired or hungry or reflective and want to sleep and eat and journal? Which you should do, of course! But first- Oh! Oh, what joy to talk with another creature! It's been so long! You must tell me everything about you! There's so much to say, so much to do! Oh, look at me. I'm going on, and you haven't seen- I mean, have you seen-? W-What am I saying? Of course you haven't. So just- I- yeah- I will j- Follow me!

Me: Very talkative.

Lola: Yeah.

[beat]

**Applejack** : That… was somethin', all right.

Me: No kidding. But at least we found a Kirin that talks.

We followed Autumn Blaze.

[wind whistling]

We saw the most incredible view ever. We saw the beautiful desert with a rainbow over a river.

Me: WOW!

Nico: Oh wow! What a view.

Lori: This is literally so beautiful!

**Applejack** : Oh, wow. [gasps] This… is amazin'.

Lily: It's so beautiful!

**Autumn Blaze** : Oh, you think so, too?! The way the light shimmers off everything, like, like it all suddenly woke up the moment you saw it. And you realize maybe the water and the mountains and the forest and the… yes, the rainbow and the stars and the sky are all looking back at you thinking the same thing? That we are a part of the everything. That maybe there's just *one* thing and we are *all* it.

Isabelle: Wow! That is a very spiritual and influential saying.

Nico: Yeah.

May: I think so too.

[beat]

**Applejack** : I was gonna say it's pretty. But yeah.

**Autumn Blaze** : [hums, sniffs] Mmmm! And this is just the first stop on a journey of amazing things to see, smell, tiptoe through. Oh, I haven't been able to share all of this with anypony in forever! Since they all took that vow of silence. So it's a lot for me to pro-cess. Process? Uh, deal with.

**Applejack** : Whoa there. Vow of silence?

Me: What is this Vow of Silence?

Lucy Loud: Doesn't sound like something I would want to know.

Brittney: Me neither.

**Autumn Blaze** : That's, uh… That's why they asked me to leave.

Me: Oh man.

**Applejack** : I hope it's not a sore subject, but… you mind explainin' why y'all went quiet in the first place?

Me: Yeah we would like to know so we can help you.

**Autumn Blaze** : It's a long story.

**Applejack** : [sighs] You'd rather not talk about it?

**Autumn Blaze** : No.

**Applejack** : I-I under-

**Autumn Blaze** : [begins singing] I'd rather… siiiiiiiiiiiing!

**[Autumn Blaze]**

La, la-la-la, la-la

La-la-la, la-la-la

The Kirin used to speak and sing

We weren't always quiet

(Before we came the Kirin always talked and were so fun to get along with)

We told stories and funny jokes

My stand-up was a riot

(Autumn Blaze told a lot of funny jokes and made a lot of Kirin laugh silly)

But then one day, a fight broke out

And hurtful words were said

Flaring tempers were inflamed

Destruction quickly spread

(An argument started and the Kirin bursted into flames and turned into the Nirik and they were pissed)

And flaming bred from head to head

It even burnt our… bread

Sorry, I forgot how much I love rhyming. Where was I? Oh, right!

(The fight got so bad that the Nirik incinerated their entire village to the ground.)

My happy village lay in ruins

Relationships got worse

Spoiler alert: we quickly learned

That words could be a curse

(They were still arguing even after their entire village was destroyed! Until their Leader had had enough)

"No more talking," yelled our leader

The last thing said aloud

Into the Stream of Silence

We stepped as a crowd

(The Leader had them go into a magical stream that erased all their emotions and their ability to speak)

The water cooled emotions

And peace was soon restored

But with no way to speak my thoughts

I got super… bored

(Their village was restored but Autumn Blaze held on to some emotions and was getting bored)

Seriously, there's only so long that Sudoku can keep you entertained!

'Cause rainbows won't light up the sky

Unless you let it rain

And shiny apples sometimes come with worms

No, you can't give up your laughter

'Cause you're scared of a little pain

It's a lesson that the Kirin never learned

(The Days and Nights passed and Autumn Blaze was bored out of her mind with silence)

I was stuck in silent prison

With the voices in my head

'Til I tripped over my salvation

In a helpful flowerbed

(She tripped over a rock and inadvertently found a cure that can reverse the effects of the stream)

I found a cure to clear my pipes

And I became quite chatty

With years and years of stored-up words

I drove my village batty

(With her voice and emotions back, she began chatting up a storm and drove her village bonkers.)

They didn't like my jokes and songs

And daily dose of news

The plays I wrote, the speeches spoke

Variety revues

Or the story about the Kirin who hid below an opera stage

And fell in love with this opera singer, and he wore a freaky half-mask thing, and he played the organ a lot and got all broody 'cause the singer was in love with another dude, so he took her away on this underground gondola. I mean, who doesn't love musical theater?!

(She did everything from news, to jokes, to songs and even a Phantom of The Opera-esque play but nothing worked for them)

The village leader made it clear

I had to make my choice

I could stay and live with them

Or I could keep my voice

(The Village Leader gave Autumn Blaze an ultimatum: Stay and be with the silence or leave and keep her voice)

So I came here, but left the couch alone

They're hard to move

With just the view for company

Until ya heard me groove

(She chose to leave and she moved her stuff but couldn't get the couch out. She moved into a makeshift house she built that showed the magnificent view that we saw earlier.)

Take it away, boys!

(Her band was a bunch of fruit, sheets, baskets and fruit and they didn't do anything)

[beat]

'Cause rainbows won't light up the sky

Unless you let it rain

And candles just won't glow until they're burned

No, you can't give up your laughter

'Cause you're scared of a little pain

It's a lesson that my village never learned

No matter how hard I schooled them

Fear of hurt is still what ruled them

Sometimes you gotta let it raaaaaaaain!

Yeah, sometimes you've gotta let it rain

The song ended.

Me: Wow! Your voice is amazing!

Lola: It sure is.

Autumn Blaze: Thank you.

**Applejack** : [gasps] I can't believe it! Nopony should give up feelin'… their feelin's just to keep from gettin' angry!

Me: Yeah! That's not right!

**Autumn Blaze** : That's what I said! You know, after I started talking again.

Me: But still no one should ever be without their emotions or their feelings just because they got mad the first time.

Autumn Blaze: I know you may not like that I got cut off from my emotions. But that was for the best. (to me) I mean, you can't control your emotions most of the time. That's probably why you put Nico in charge on some missions.

Motormaster: She's got you there.

Me: I only put Nico in charge when the situation calls for it. We have to work together as a team. Divided we are weak, but united we are strong.

Nico: That's right.

Rodimus Prime: I admit that most of us, specifically Lola, Lynn, and Lori, lost control of our emotions most of the time. But it's better then having no emotions at all.

Lola: That's right Autumn. Emotions are part of who we are.

Lana: And anger is part of who we are. Me and Lola get mad all the time but we forgive each other easily.

Lori: And I get mad all the time too but I literally know how to control myself.

Lynn: I throw myself into sports and get mad whenever I lose a game. But I know how to control myself.

Me: And I get mad most of the time myself but I know how to control it. Just like ponies we view them as human as well. Metaphorically speaking. We ALL have feelings and emotions that make us who we are and that's why we have to express them. Without emotions we would just be lost souls. A creature or human or pony or Kirin without any emotions is only half of that creature.

Nico: That's close but that's right.

**Applejack** : [gasps] I bet this here's the problem that Fluttershy and I came to help y'all with!

Me: Yeah I think this might be it.

**Autumn Blaze** : Really? Who's Fluttershy? Oh! Did you name your shadow? Mine's called "Silhouette Gloom of the Sundown Lands".

Me: No Autumn. She came with us and she is back in your village.

**Applejack** : Right… Well, I'm thinkin' if we just go talk to the other Kirin, we can get 'em to welcome you back proper-like. Maybe even convince 'em to take your cure.

**Autumn Blaze** : Oh, yes! Yes, of course! Oh, just one small thing. The antidote from my anecdote? It's gone.

**Applejack** : There's no cure left?!

**Autumn Blaze** : I used the last of the foal's-breath flowers to make it. And I-I haven't seen them bloom since.

**Applejack** : [sighs] Well, this wouldn't be a friendship quest if it was easy. I'm gonna start by gettin' your friends to welcome you back!

Me: Lets head back guys!

**Autumn Blaze** : You know, between you and me, I'm not sure she's gonna convince them. [deep voice] Nope! [normal voice] But… [whispering] I hope she does.

Later we went back to the Kirin Village and we found Fluttershy.

**Applejack** : [panting] Fluttershy! Guess what!

**Applejack** and **Fluttershy** : I figured out the friendship problem! Me, too! Go ahead! [laugh]

**Applejack** : Bet that's a problem the Kirin never have.

**Fluttershy** : [giggles] No.

Me: (Laughs) That's funny.

**Applejack** : Anyhow, we gotta get 'em all talkin' again.

Me: Yeah.

**Fluttershy** : Oh, no-no-no-no-no! We can't *ever* let that happen!

Me: Why?

**Applejack** : I thought you said you figured out the friendship problem. Was somethin' lost in translation?

Fluttershy showed us a history on a wall that was painted on.

**Fluttershy** : The Kirin are usually peaceful and kind. But when they get mad, they turn into Niriks, creatures made of fire and vengeance!

**Applejack** : Heh. That seemed less scary when it was in a song.

Me: So whenever they get mad they burst into flames and become Niriks? Talk about an explosive temper.

Nico: No kidding.

Rainbow Dash: Yeah.

**Fluttershy** : The last time they all argued, they got so angry, they accidentally destroyed their whole village. So the Kirin decided to make sure it would never happen again.

Me: That sounds a little too extreme if you ask me.

Lincoln: Yeah.

**Applejack** : But that's no reason to stop talkin'.

**Fluttershy** : Yes, it is! Fire is dangerous, especially in a forest like this. Why, think of all the animals it could hurt.

Me: Fire is a very destructive force. But even we are careful with it.

**Applejack** : Not if they don't turn into fire-breathin' Nirik in the first place.

**Fluttershy** : And how can you be sure that won't happen?

**Applejack** : There's gotta be a better way than givin' up all your feelin's!

**Fluttershy** : Applejack! You're not listening!

**Applejack** : 'Cause you're not talkin' any sense!

Me: All right you two that's enough! We'll think of something.

We saw the Kirin circling around Fluttershy and Applejack.

**Fluttershy** : Um, what are they doing?

They lifted them up with their magic.

**Applejack** and **Fluttershy** : [yelp]

**Fluttershy** : [grunts] Maybe they got worried because we were arguing with each other.

**Applejack** : Aw, shucks! We were just havin' a normal, civil disagreement! Honest!

The Kirin were taking them somewhere.

**Fluttershy** : W-Where are they taking us?! [grunting]

**Applejack** : To the Stream of Silence! If we hit that water, we'll never be able to talk or feel anythin' ever again!

**Applejack** and **Fluttershy** : [gasp]

**Autumn Blaze** : [distorted] ***Put them down!***

We saw Autumn Blaze and she was a Nirik!

Me: WHOA! So that's a Nirik!

I spread my wings of fire!

Me: Wait a second.

She came and encased Applejack and Fluttershy in a wall ring of fire.

[flames roaring]

Me: WHOA! That is amazing!

**Fluttershy** : [whimpering]

**Applejack** : It's all right. I think I know this one. And she's tryin' to help.

Me: Yeah I know this one too.

We came through the flames untouched and we saw Autumn Blast.

**Autumn Blaze** : Well, yeah! Can't have them silence the only friends who'll speak to me.

**Fluttershy** : She talks?

**Applejack** : You have no idea. Fluttershy, meet Autumn Blaze.

She had a flame on her hoof and she blew it out and they shook hooves.

**Fluttershy** : Well, thank you for that… um, wall of fire. But I thought Niriks were dangerous when they're angry. How did you know you could control your temper?

**Autumn Blaze** : I didn't. Huh. I guess anger's like other feelings. It's not about having them. It's what you do with them.

Me: That's what you were trying to tell your people. Anger is just like every other feeling and it's what we do with that anger that helps people.

**Applejack** : And givin' up happiness to keep away anger is no kind o' life.

Me: That's right.

**Fluttershy** : I never thought of it that way. I can't imagine not being able to talk to my animal friends.

Laney: I can't imagine not being able to talk at all.

Nico: But we did help Kyd Wykkyd and Marble Pie talk and they are great with that.

Me: And Vinyl Scratch here lets her music do the talking for her.

Varie: Yep.

**Autumn Blaze** : Fern Flare, you used to love to laugh at everything. And Rain Shine, you sung the most beautiful harmonies. Don't you miss it?

Me: Yeah don't you miss everything you did when you were talking?

They thought about all that.

**Applejack** : I know you're worried about fightin'. But friends can disagree without causin' a ruckus.

Me: Yeah everyone gets mad from time to time. It's just part of the feelings we all have.

**Fluttershy** : Everypony gets mad sometimes. Even Applejack and I argue.

**Applejack** : What?! When do *we* ever argue?

**Fluttershy** : [clears throat] On the way here? *And* about the Kirin being silent? *And* right now!

**Applejack** and **Fluttershy** : [growl, laugh]

**Applejack** : We don't always see eye-to-eye. But we never let that get in the way of our friendship.

Me: Emotions are just part of who we are and it's how we express them that sets us apart so we can help each other.

**Fluttershy** : And if you're really angry, then take some time away to be a Nirik where it won't hurt anypony.

Me: Or anyone.

A Kirin came and was trying to speak in sign language.

**Applejack** : I-I think they're tryin' to say somethin'.

**Autumn Blaze** : Okay, are you hungry? Oh, no. Is some Kirin trapped in a well? Okay, "baby". "Baby fish". "Ba"- "Ba"- No. "Baby fish mouth"? Uh, something? Anything?! [groans] Just write it down! [groans] This is making me furious. Would you excuse me? I'll be right back. [distorted scream in rage] You were saying?

[beat]

**Autumn Blaze** : Ohhhh! You want the cure for the Stream of Silence!

**Fluttershy** : That's wonderful! Uh, isn't it?

**Applejack** : Well, it would be. Except there aren't any flowers left to make the cure.

**Fluttershy** : Are you sure?

**Autumn Blaze** : Oh, beyond sure. Believe me, I've had a lot of alone time lately. I searched the entire forest seventy-three and a half times. Although I wonder if that second half could make a difference.

**Fluttershy** : Hmm. I wish she'd told us what kind of flowers she's looking for.

**Applejack** : They're called foal's-breath.

**Fluttershy** : I've never heard of that.

Me: We don't even know what these flowers look like. I wish Twilight was here with a book to show us.

A squirrel came and he was trying to tell us something

[squirrel chittering]

**Applejack** : Uh, Fluttershy? A little help?

[squirrel chittering]

**Fluttershy** : [gasps] He says he knows where to find more foal's-breath!

Me: Wow!

**Applejack** : Well, what are we waitin' for? Lead the way!

Me: Lets go!

We went down the mountain and to our surprise it was the same group of squirrels we saw earlier and we saw that they made their den with Foal's Breath Flowers.

**Fluttershy** : [gasps] *That's* what foal's-breath looks like?!

Me: Wow. They look like bluebell flowers.

**Applejack** : Autumn Blaze never would've made it past the Peaks to search here. I owe you an apology.

**Fluttershy** : Why?

**Applejack** : 'Cause if your kindness hadn't made you stop to help the squirrels, we never would've found this here flower.

**Fluttershy** : And if your honesty hadn't convinced the Kirin to talk, we wouldn't need to find it.

Me: And if I hadn't stopped you all from arguing you all would've been silent.

**Applejack** : [chuckles] Guess it's a good thing the map sent all three of us, huh?

Me: Yeah. Lets get these flowers over to the Kirin. It's time for them to start talking again.

Nico: Yep.

We got some flowers all the way over to the Kirin village.

**Autumn Blaze** : [gasps] You found them?! Where were they?! Tell me everything, and feel free to add complicated descriptions and comedic tangents!

[beat]

**Autumn Blaze** : Oh. Right. First things first.

She placed the flowers on the fountain and it turned the water dark blue.

[shimmering]

The Kirin drank the water and then they were cured.

[Kirin laughing, cheering, singing]

Me: WHOA! That is one amazing flower!

Aylene C.: It sure is.

**Rain Shine** : Autumn Blaze, you have given us a gift. The realization that anger is within us, but it is our choice how we let it out. We would very much like it if you came back to live with us. I can't say how much we've missed your beautiful voice.

**[Autumn Blaze]**

'Cause rainbows won't light up the sky

Unless you let it rain

And candles just won't glow until they're burned

No, you can't give up your laughter

'Cause you're scared of a little pain

It's a lesson that my village never learned

Oh, yes, 'cause rainbows won't light up the sky

Unless you let it…

Raaaaaaaain!

Our cutie marks were glowing and that showed that our friendship mission was done.

Me: Our work here is done.

Lincoln: Yep. Another awesome Friendship Mission done.

Nico: This was a cool one.

Applejack: It sure was.

Rain Shine: Thank you all so much for helping us J.D.

Me: You're welcome Rain Shine. I'm glad we all came here when we did.

Autumn Blaze: But this was all so cool meeting you and helping you all out.

Me: We're glad you did Autumn. We have so many awesome adventures and you are all more than welcome to come live with us in Gotham Royal York and join us on our adventures.

Autumn Blaze: Awesome! Thank you all!

Rain Shine: We would be honored.

We got the village of the Kirin moved to Gotham Royal York.

---

Later back at the estate we were getting ready.

Me: We got a big mission guys.

Notacon: What's the simulator mission this time?

Me: No simulator mission this time Notacon. We're going into space. The scanners found a Planet Earth that is in danger of an apocalyptic event.

Nico: What is it?

Me: This world is in danger of destruction from the 2012 End of Time.

Laney: You mean that supposed Armageddon that was supposed to take place 8 years ago from yesterday?

Me: That's right.

Nico: I thought that was supposed to be a myth.

Me: Well I've watched and read a lot of documents and documentaries about it. The world was supposed to End on December 21st, 2012 but they found out that one of the runes on the Mayan Calendar had been mistranslated. It was supposed to end in the year 3000.

Laney: That's right. We learned all about that when we were on our Global Trip.

Syd Chang: That's horrible.

Lincoln: Yeah. So what is the mission?

Me: We're going to the Earth that is in danger and we're going to rescue all the people and animals on that Earth and bring them to our Earth.

Stinky Butt, Robo-Roxy, Diabolico, Krusty, Bonz and Duskmon appeared.

Stinky Butt: Can me, Robo Roxy, Diabolico, Krusty, Bonz, and Duskmon go with you guys?

Me: You sure can. Lets go guys. Deploy the U.S.S. Valorous Phoenix!

Lisa Loud: Affirmative!

We went onto the space and we were off.

---

The U.S.S. Valorous Phoenix was flying through space.

Me: Captain's Log, Stardate 2907.3: The U.S.S. Valorous Phoenix is en route to an alternate version of planet Earth located 56,000 light-years from home that is on the verge of destruction because of the End of the World myth that was supposed to happen on December 21st, 2012. We thought it was just a myth. But our scanners thought otherwise. Our mission is to rescue all the people and the animals from total destruction.

Kickback: Considering that it's still 2020, 2012 being the end of the world is definitely false.

Me: I know. But they found that one of the runes on Mayan Calandar was mistranslated. They found out that it was supposed to end in the year 3000.

Nico: Wow.

Lincoln: I remember you told us that!

Ronnie Anne: Yeah! We found out about that on our Global Adventure.

Laney: Yeah.

Lola: I remember learning about that when we were in Mexico.

Autumn Blaze: Wow. That's amazing that you all know so much about that.

Me: Yeah it is.

Nico: I remember seeing a movie about 2012. It was from the year 2009 and it was wicked.

Lola: I remember that one. That was awful!

Lily: Yeah it was.

Twilight Sparkle: Wow.

Nico: And the worst part was that Yellowstone erupted in that movie.

Me: I know. That was scary.

Lisa Loud: J.D. we have arrived at our destination.

Me: On screen.

We saw that we were at the alternate Earth and it looked Normal.

Me: Odd. It looks okay. But the scans show that the planet is gonna be experiencing destruction any second.

Robo-Roxy: I'm sure whatever we see down there won't be too bad considering what've seen in the past.

Me: We'll find out. Lets enter the atmosphere. Sakura, have transporters fully charged and ready.

Sakura H.: Right!

We descended down to the planet and what we saw was nothing short of horrifying! We saw Los Angeles really being destroyed and the people were being all beamed on board the ship as we were flying over the lands. The land was upheaving and buildings all over were being destroyed and more and we saw everyone running for their lives and more and we were beaming people up and all that. We then saw the entire saw much of the lands and the city sinking into the ocean. We got everyone out of there as the land was being torn apart.

Krusty: Holy mother of God…

Me: It's worse than we thought.

Lincoln: This is horrible!

Our transporters were beaming people all over the place on board.

Nico: My God! This is a nightmare!

Me: And it looks like the Destruction just started.

We were beaming people all over the planet on board and more and then as we were flying over Wyoming we saw the most incredible and most horrifying sight ever. We saw YELLOWSTONE ERUPT!

***KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Me: HOLY SHIT!

Nico: WHOA! THAT'S YELLOWSTONE!

Naruto: HOLY MACKEREL!

Lily: WHOA!

Lisa Loud: Unbelievable!

Lola: WHOA!

We beamed up many people all over from Canada, the U.S.A., Mexico, South America, Africa and more and we saw lots of things happen. We saw Europe and all the places around the world crumble and were being destroyed and we were rescuing everyone and everything.

James (Pokemon): I didn't think it was this bad!

Me: Scans show that it's just about to get worse. Lets circle the planet and get everyone out of here. How many people do we have on board?

Sakura H.: We're doing really well J.D. We've gotten half the planet's population out unharmed.

Me: Awesome job. Keep those transporters cooking.

We were circling the planet and more and getting everyone off the surface.

We got 6.96 billion people on board.

Diabolico: Not even the late Bansheera is capable of this much destruction!

Me: No kidding!

Megatsunami's were sweeping across the world and we continued gathering people off the world.

Nico: We're almost there.

Me: Yep. But scans show that the planetary structure is now unstable. The whole planet is going to explode!

We gasped in shock!

Laserbeak: We have to find a way to buy us more time!

Me: I'm afraid it's not that simple! We only have 2 hours till the planet explodes. But we'll have everyone all loaded on the ship by then.

Nico: We're almost there. But scans show that there are ships in the

Himalayan Mountains that are carrying over 400,000 people.

Me: How many people do we have on board?

Sakura H.: We're doing well. We have 6.96 billion people on board.

Me: Then those 400,000 people will be all that's left. Lets go.

We got to the Himalayan Mountains and when we got there, the skies were darkening and lightning was striking all over the place and massive torrents of lava were shooting high into the sky and the planet was one hot potato that was gonna explode at any second. We saw the ships.

Me: There's the ships.

Bonz: I'll summon any of my zombie monsters that can fly to help us!

Me: Excellent Bonz.

Nico: Our ship is also equipped with cranes.

Me: That's right. Kiba, activate crane lift system.

Kiba: Roger that!

He activated the lift system and cables lowered down from the bottom of the ship and hooked on to the arks.

Quake Woman: Whoever's on that ship needs to come to ours right now!

Me: We're lifting them up to ours now.

We lifted and teleported the crew of the ship to our ship.

Me: Almost there.

We had all the arks on board.

Duskmon: Is that everyone?

Me: That's everyone.

Sakura H.: All 7.1 Billion people present and accounted for.

Fluttershy: And all the animals are all on board too.

Me: Excellent. Lets head home. Planet to explode in 10 minutes.

We left for home and we got out just in time as the whole planet exploded in a massive fiery explosion!

***KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We saw the entire planet explode right in front of our eyes and it was incredible! When the smoke cleared we saw that there was nothing left. The Earth was gone!

Me: Holy shit! It's gone.

Nico: Unbelievable. That's the 3rd version of Planet Earth that was lost.

Lincoln: No kidding.

Vegeta: Wow.

Me: But at least we got everyone and everything out.

Lola: Yeah we sure did.

Dust Man: After dropping everyone off, how about we head to the gym for the usual battles?

Me: Good idea Dust Man. And we have the Kirin Village moved to Gotham Royal York as well. It's a perfect home for them because they are now in a place where nature is with them.

Autumn Blaze: That's right and we are all so honored to be part of the city.

Me: Glad you like it. But everyone great job in rescuing all those people.

Fluttershy: And all the animals are grateful too.

Me: Great job everyone. Set course for home.

We were heading home.

---

We later built an incredible colony around the Equatorial line above the Earth. It was called the Ringworld and we based it off the Halo World and it would be perfect for all the people and everything we rescued. Next we got to the gym and got to the Usual battles.

Chief Wiggum, Condiment King, Toiletnator, Gizmo, Carmen Dillo and Whirlwind then appeared.

Me: Chief Wiggum, Condiment King, Toiletnator, Gizmo, Carmen Dillo and Whirlwind.

Wiggum: Hey guys.

Condiment King: Tremble in awe before the ever impressive might of the awesome Condiment King!

Toiletnator: Prepare to be flushed by the Mighty Toiletnator!

Gizmo: We get the idea.

Wiggum: We heard about what happened on that other world.

Condiment King: Are you all okay?

Maria: Don't worry. We're all fine.

Toiletnator: Good. Can't say the same about the other planet though.

Me: Yeah it's totally destroyed. What happened there is what would've happened on the date December 21st, 2012.

Whirlwind: The date that was supposed to be the End of the World according to the Mayan Calandar?

Me: That's right and it was awful. But the good news is we rescued everyone and all the animals.

Gizmo: That's good. Not bad for you barfbrains.

Me: Thank you Vomit-Chewer.

We snickered.

?: That must've been rough!

A figure came out and it was SAMURAI FAN MAN from episode 31 of Mighty Morphin Power Rangers!

---

**The Samurai Fan Man** (usually refered to as just "(the) Fan Man") was the fan-wielding samurai monster created by Finster. He serves as the main antagonist of the episode "Calamity Kimberly".

The Samurai Fan Man was created by Finster to make Kimberly's already awful day even worse and Rita teleported him down to Earth. The Samurai Fan Man then ambushed Kimberly and Tommy in the Park and opened up his gourd to quickly neutralise Tommy (putting him in a temporary coma) and then captured Kimberly with it. Inside his jug is an alternate dimension, where he trapped Kimberly. It was said by Alpha that if the jar broke, she'd be trapped there forever. Weapons in his arsenal include his fan (which fires electrical sparks and a huge gust of wind, the main purpose of which is to blow his adversaries long distances away from him), a large steel rake, a lance, and explosive quills on his helmet that seem to regenerate themselves. The Rangers, after a briefing from Zordon met him there and a battle then ensued between them, the Fan Man, and Goldar who had joined him right after his capture of Kimberly. The Fan Man proved too much for Jason and Trini and ended the skirmish by summoning his fan and blowing away the Rangers. This was intended to send them to another dimension forever but Alpha and Zordon managed to rescue them. Thinking the Rangers gone, the Fan Man went to a cafe swarmed with Putties (called the Putty Bowl Restaurant) alongside Squatt, Baboo, and Goldar to celebrate until the Rangers went to fight him once again.

Kimberly was still trapped inside the jug when Rita made the Samurai Fan Man and Goldar grow to a giant size. Jason then called on Tommy, who had just woken up from his coma who then morphed and joined the others (against Alpha's wishes, as Tommy was recovering from an injury at the Command Center). Tommy called on the Dragonzord, which combined with the other Zords to form the Dragonzord Battle Mode. None of its attacks could harm the Samurai Fan Man, although they did catch him by surprise and made him drop his rake. The battle continued to go poorly, with their best efforts only pushing him back a bit (before taking some hits of their own). Luckily, they began to turn the tide when they summoned the Power Staff managed to cut the monster's gourd loose with a stab from the Power Staff, freeing Kimberly. After a quick battle with the samurai lance which overpowered the Rangers. Kimberly had summoned her Pterodactyl Dinozord so Jason, knowing that they needed more power, had the team form the Dino Megazord. They called on the Power Sword, breaking the Samurai Fan Man's lance, but he then blew blow both the Megazord and Dragonzord away simultaneously with his fan, which were stopped by a nearby mountainside. Goldar ordered him to kill them and he charged but the Rangers recovered. Jason then called on Titanus to form the Ultrazord, which was finally able to destroy the monster and his fan which forced an angry Goldar to retreat.

Tommy Oliver: Samurai Fan Man!

Samurai Fan Man: Been a long time rangers.

Me: I remember you! You were sent to make Kimberly's already awful day a living nightmare and you put Kimberly in that jug of yours. And I'll bet $100.00 that you did so again.

Samurai Fan Man: I sure did.

Kimberly: (From inside the jug) Help me guys!

Me: Just like on TV.

Orion: Give back Kimberly right now!

Samurai Fan Man: You'll have to catch me first!

Me: I know just the spot where we can fight. It'll be just like living an episode on TV.

Troy Burrows: Lets do it!

Me: Everyone we'll have our battle outside. You guys have the battles in here.

Nico: Okay.

We went outside.

?: You all will die for killing me and ruining all of my plans!

Nico: Oh no! I thought we were rid of that voice for good.

A figure came out and it was GIOVANNI - the leader of Team Rocket!

---

**Giovanni** (in Japanese: サカキ, *Sakaki* ) is the main antagonist of the *Pokémon* franchise. He is the leader of Team Rocket/Team

Rainbow Rocket and the (former) Gym Leader of Viridian City, as well as the archenemy of Ash Ketchum. He is also the father of Silver.

He appears as the main antagonist in *Pokémon Red*, *Blue*, *Green* and *Yellow* (as well as their Generation III remakes *FireRed* and *LeafGreen* and Generation VII remakes *Let's Go, Pikachu* and *Let's Go, Eevee* ), a supporting antagonist in *Pokémon HeartGold* and *SoulSilver*, the main antagonist of "Episode R" in *Pokémon Ultra Sun* and *Ultra Moon* . Giovanni also is the main antagonist in *Pokémon GO* following the release of Team GO Rocket.

In the English dubbed version of the anime, he is voiced by Ted Lewis, who also did the voices of Yami Bakura, Bandit Keith and Jack Atlas in Yu-Gi-Oh anime, King Dedede and Escargoon in the *Kirby Right Back at Ya!* anime, and was voiced by Craig Blair during a few parts of the *Diamond & Pearl* anime series. In the original Japanese version, he was initially voiced by the late Hirotaka Suzuoki and later by Kenta Miyake due to Suzuoki's untimely passing.

Giovanni is the overarching main antagonist in the *Pokémon* anime series. He is the boss of Team Rocket and the true arch-nemesis of Ash Ketchum since their encounter in *Mewtwo Returns* . Unlike his henchmen, he does very little and has a small to minor part on the show, although Rocket agents often have him in mind when they plan something.

Giovanni appears in a cameo near the beginning of *Mewtwo Strikes Back* during his attempted control of Mewtwo, and is the secondary antagonist of *Pokémon: the First Movie*, and the main antagonist of *Mewtwo Returns* .

Little is known about him, but he apparently inherited his position as the boss from his mother called Madame Boss. The organization has apparently been a family business (it is unknown if his parents were the founders of Team Rocket or if its history dates back to his ancestors). He and his family have been using the evil organization to collect Pokémon for a powerful army to conquer the world. Giovanni is a power-hungry, ambitious boss. He can be sophisticated and calm one moment, but angry and rude the next, though he has a great deal of cunning and seems to be fairly intelligent.

He is also the leader of the gym in Viridian City, both in the games and the anime. This wasn't revealed until late in the games which could be the reason they never showed his face clearly and altered his voice up until his appearance in the episode " *Battle of the Badge* " (the episode in which Ash and Gary try to win the Earth Badge).

One of Giovanni's plans for greater power was to control Mewtwo, a powerful altered clone of Mew. He hired some scientists to find Mew's DNA to create this clone. The scientists agreed, as their leader wanted to research the secret of restoring life itself, and succeeded in cloning Mewtwo. Mewtwo did not want to be controlled, however, and destroyed the lab, killing the scientists. Giovanni approached Mewtwo in his helicopter and told them that they were partners. He put special armor on Mewtwo to subdue and control his powers, and used the Psychic Pokémon in battle, defeating all challengers with ease. One such victim at Viridian City Gym was Gary Oak. However, unknown events involving Mewtwo caused Giovanni to give him an "emergency assignment", conveniently when Ash Ketchum was on his way to Viridian City Gym, leaving agents Jessie, James and Meowth in charge. Ash was able to defeat them and get the Earth Badge.

When Mewtwo realized that Giovanni never intended for him to be his equal, he escaped and destroyed his holding place. Mysteriously, Giovanni survived without a scratch. However, in the TV special *Mewtwo Returns*, Giovanni found Mewtwo again, and tracked him down to his hiding place at Mt. Quena. He threatened the lives of the cloned Pokémon to force Mewtwo to submit. But he also planned to use the mountain as a new base of operations to build an army of the strongest Pokémon in order to take over the world. Giovanni weakened Mewtwo with two machines, and, as his will was too powerful to be controlled. With help from Pikachu, Mewtwo was able to destroy the machines, although he was hurt rather badly. Ash threw him into the spring to heal him, and the Psychic Pokémon returned stronger than ever and moved the spring under the mountain so that Giovanni or anyone else could not destroy it. Mewtwo decided to erase only the memories of those who were his enemies, thus Giovanni and all members of his Team Rocket army (except Jessie, James, and Meowth, who had helped the good guys at the end in order to get back at Giovanni's favored agent Domino) forgot about Mewtwo entirely thanks to a swarm of Butterfrees. They found themselves in the middle of nowhere, and Giovanni (despite a strange feeling) commanded them to withdraw, calmly accepting his utter defeat.

He's still in the control of Team Rocket, and through its agents the organization continues to expand into other regions outside of Kanto and Johto. Ash and his friends haven't disbanded Team Rocket yet, although they have confronted Giovanni twice: Once in *Mewtwo Returns*, and once in the *Black and White* series.

Giovanni in *Pokémon Black & White* .

In *Black and White*, Giovanni decided he wanted to take over the Unova region and use it as Team Rocket's base of operations for conquering the rest of the world. After promoting Jessie, James, and Meowth and sending them to Unova in BW01, he learned that there was another secret criminal organization operating in that region already. He hoped the trio would be able to draw them out of hiding, knowing their experiences with rival gangs of other regions in the past. In BW02, he told the trio to go catch new Pokémon in order to help them with their endeavors. He called them again at the end of BW04, telling them that their first mission assignment is to go to Striaton City. Once the trio arrived in BW05, they contacted Giovanni as instructed, and he proceeded to give them orders to investigate the Dream Yard in order to obtain it's mystical Dream Energy. When Team Rocket got the Dream Energy and sent it back to Giovanni in BW06, he had his scientists run tests with it, which ended up picking up an identical energy signal coming from the Desert Resort. This was the core of the Meteonite, a celestial rock filled with mystical energy that smashed into Unova ages ago.

Giovanni realized that this Meteonite was the key to Team Rocket's great mission, so he led an operation to obtain it. He did so by sending Pierce and Dr. Zager to Unova in order to assist the surprisingly efficient Jessie, James, and Meowth. Finally, the Meteonite was found underneath the Desert Resort in BW022.

When told of this, Giovanni got on his plane and flew to Unova in order to spearhead the operation to obtain it.

Giovanni at Relic Castle.

Arriving at the Desert Resort in BW023, he led his troops to Relic Castle, where they uncovered the Meteonite. Seeing it made Giovanni realize the full extent of its solar power. He and Team Rocket took it to a large building in Castelia City, where many wealthy and powerful people of Unova were gathered for a masquerade ball. Team Rocket crashed the party and Giovanni explained to the captive guests that the Meteonite could expand and grow in both size and power until it could become an artificial sun. The sun could be sent into the sky and would shine even at night, it's rays putting the Pokémon of Unova under Giovanni's control. However, it's power could also create an imbalance in the weather and energy flow, and cause many natural disasters that could tear the region apart. He used this threat as a bid for extorting total control of the Unova region, but at the start of BW024, the rival organization known as Team Plasma attacked the building and swiped the Meteonite from Giovanni. Before retreating back to Kanto, Giovanni sent Jessie, James, and Meowth to pursue Team Plasma to the Desert Resort in order to take back the Meteonite. This effort ended in failure, as the Meteonite got destroyed by Ash's Pikachu. Though this story is known of, the two episodes in which it transpired have yet to be aired due to being postponed in light of the disaster that occurred on March 11, 2011, which had similarities to the destruction shown in the episodes.

Giovanni possessed by the power of the Reveal Glass.

After a long absence following the events of the conflict with Team Plasma (leaving Jessie, James and Meowth to free-lance, back in their unique white uniforms), Giovanni returned in BW097, making a brief appearance in the office of his Kanto HQ, presumably having been called by Dr. Zager about Meloetta's song. He flew his plane back to Unova in BW098, spearheading Team Rocket's "Operation Tempest," a mission to capture Meloetta and use it to take control of Tornadus, Thundurus and Landorus to conquer Unova. For the first time in the history of the series, he battled against Ash directly, with Giovanni's Persian defeating Pikachu. He then captured Ash, Pikachu and Meloetta and escorted them to the ruins in preparation for the next stage of the mission, using the recording of Meloetta's song to summon the Reveal Glass in the temple. At the beginning of BW099, he used the Reveal Glass to summon the Kami Trio and transform them into their Therian Formes before setting them against Ash, Iris, Cilan, Ridley and Cynthia. who stood in the way of his conquest of Unova. However, during the battle, Meloetta was dislodged from the mechanism controlling the trio's power, and after looking directly into the Reveal Glass when blasted by Pikachu's Electro Ball, Giovanni became possessed by the power and went insane, declaring against his followers' wishes that he would instead destroy Unova instead of conquering it. But when he was saved from a possibly life-threatening explosion by Jessie, James and Meowth, the possession was broken. On Dr. Zager's advisement he then ordered a full retreat from the Unova region and was last seen flying off in his plane to return to Kanto with Jessie, James, Meowth and Dr. Zager.

He reappeared in BW125, where he congratulated Jessie, James and Meowth on their good work in defeating Team Plasma before telling them to continue doing their best for Team Rocket.

Giovanni in the *Pokémon XY* anime.

Giovanni appeared in BW144 in his new design, alongside Matori. After once again praising Jessie, James and Meowth for defeating Team Plasma, he wanted to know what Pokémon they had brought back from him from the Decolore Islands. With Jessie and James having nothing to show for their time, Meowth quickly improvised and claimed that the Pokémon Jessie and James had used in Unova were for him, and he accepted them.

Giovanni appeared in the second episode of the XY anime series, where he listened to the Trio's report about their activity in Kalos region. Jessie, James and Meowth proposed to search for rare and new Pokémon in this region, and the boss agreed, noting that gaining new powerful Pokémon is of utmost importance to the goals of Team Rocket. He would later charge the three of them with contending with Team Flare and their plans for Zygarde.

In the series sun and moon, he is seen briefly in episode SM03 talking to team rocket about the rare pokemon that inhabit the Alola region, he orders them to capture as many as they can and send them to them, he also seems to have given them the same order as in Unova de not take their current Pokémon, with the exception of Meowth and Wobbuffet and that they will leave the rest at the headquarters.

In SM012, After seeing an argument between the trio and his secretary Matori for not sends anything about his progress report since his arrival in the region, he enlarges the communicator screen to keep the trio under control and they will tell him about the Pokémon they have captured since they arrived. to the Alola region. They show Mimikyu, to which a disappointed Matori asks them if it was all they captured, the rocket team lies to both of them saying that they captured the Bewear that usually rescues them, at first Giovanni was skeptical until Matori shows him a data tablet about the Pokémon and encourages the trio to continue their progress, but Matori warns them that they will be in trouble if they continue to fail to deliver their progress reports in the region.

In SM062, He and Matori call Team Rocket again for not having delivered their usual progress report, but the two change the subject when they see that the Team had acquired an Alolan Meowth that showed great differences from Kanto's Meowth and shows some interest in him and he orders the trio to continue with that progress, weeks later the Alola Meowth arrived at the Team Rocket's headquarters (with money that he stole from Team Rocket's Meowth), he quickly earned his appreciation and that of Matori helping them in several Paperwork and later getting caught by Matori, Giovanni congratulates Jessie, James and Meowth on believing that they sent him the Alola Meowth and tells them that he hopes they catch more interesting Pokémon like that.

In SM073, Team Rocket fed up with being scolded by Matori and humiliated in front of Giovanni, they tell them that they have acquired a Z crystal and were practicing a Z move, Matori does not believe them since she and Giovanni have knowledge that to make a Z Move they needed a Aro Z, which they did not have, Giovanni quickly intervenes in the fight between his secretary and Jessie and reveals to the Trio that he knows Nanu the Kahuna of the island Ula-

Ula and orders them to go there so that Nanu could give them one with the help of a recommendation that he would give Nanu about them (although because Nanu is a cop and when team rocket arrived at the location they were in disguise so as not to be arrested, Nanu lied to them and they had to cleanly earn the Z Ring by impressing Nanu by managing to face to the greedy Rapooh a domineering Gengar).

In SM074, Giovanni called Nanu showing surprised to know that he had become a kahuna and a policeman at the same time, Nanu tells him not to get into his life, quickly Giovanni changes the subject to the true purpose of having called him which is to ask him about the "Blinding One ". Nanu pretends not to know anything, Giovanni laughingly tells him that he knew he would give him an answer like this and tells him that he has his reasons for asking him, Nanu hangs up when he hears Ash outside the station.

In SM086, After hearing about the strange events that are happening in the Alola region, he decided to send the Matori Matrix, the elite team of team rocket led by his secretary and orders them that if those events proved to be the appearance of the "Blinding One", they should catch him by all possible means and bring it before him.

In SM122, He does not have a physical appearance, but if it is mentioned that he ordered Matori to inform team rocket that they had to send the Bewear to the barracks that had long ago informed him that they had captured and in case of not doing so, Matori had to go in person to the Alola region to take her by force to Kanto, in the end Matori fails in both things and was injured by Bewear, after this Giovanni seems to have decided to leave her alone since she was too strong to be sent and decides to forget the matter.

In SM146, Giovanni orders team rocket to return to Kanto to receive new orders and to talk about all their progress in the Alola region, during the conversation, Matori's Meowth comments that they did not do anything relevant to what Meowth of team rocket was the only one who understood what he said, becomes enraged and yells at him too close to the communicator, leaving himself in shame and leaving Matori and Giovanni perplexed.

In Pokémon Journeys: The Series, Giovanni quizzed Jessie, James, Meowth, and Wobbuffet on Team Rocket's purpose before sending them out on a mission to capture Pokémon all over the world. For this mission, he promised them the use of a new weapon, the Rocket Prize Master, designed to aid them.

He was banished to the Warp for all eternity and Eli got the Number.

Eli: Got it.

Me: Good riddance.

Ash: Looks like we've seen the last of Giovanni.

Gizmo: And you guys managed to rescue all those people and animals from that other Earth.

Me: Yeah!

We had awesome pizza.

THE END

Another awesome fanfiction done.

2012 from 2009 was one of the scariest movies I've ever seen and it was wicked scary how the world was ending like that. The next Number Card is gonna be Number 25: Force Focus and we're going to save him from a future that involves us. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. The next chapter is gonna be awesome and we're gonna experience what it's like to ride the legendary Polar Express and head to the North Pole to meet Santa for the Day before Christmas Eve. It's gonna be so awesome!

See you all tomorrow.

# The North Pole Train

IN MEMORY OF MICHAEL JETER

---

In the middle of the city we were fighting a monster called Chumba Bagingi.

Nico: (to Chumba Bagingi) Bagingi, just come quietly. It'll save you a whole lot of pain.

Chumba Bagingi: And leave the spotlight? Never! It was generously given to me by that hooded fellow.

Eddy: That hooded guy was a Death Eater!

Me: Yeah and they were out to destroy the entirety of the human race!

Nico: Yeah! They were completely out of their fucking minds!

Me: And they all got banished to the Warp for their crimes.

Nico: Yeah!

We punched and smashed and pulverized the monster all over.

Zick fired a blast of energy dom and it hit the monster all over and then he caught the monster in his catcher.

Catcher Computer: Chumba Bagingi, Threat Level: Mild.

Zick: There. One down and many more to go.

Me: Yep. But we can catch them all like Pokemon.

Nico: Yep.

Lincoln: But that was cool how you got all that done Zick.

Zick: Thanks guys.

Me: You're welcome.

Later back at the estate, I was doing research on all of the enemies that Dan Kuso and his friends all faced throughout their journeys when they got their Bakugan.

Naga

**Naga** is the main antagonist of *Bakugan Battle Brawlers* . He is the creator and leader of the Doom Beings as well as Wavern's twin brother.

He was voiced by Hideyuki Umezu in Japanese and John Stocker in English. Stocker also voiced King Zenoheld in season 2.

Past

Naga and his twin sister Wavern were born during the Great Revolution (the conflict between Drago's ancestor Genesis Dragonoid and Dharaks ancestor Dharaknoid), as they became trapped in the empty space between dimensions and were outcasts due were not aligned with any of the six regions of Vestroia, so they were known as the White Ones. Over the years, Naga grew bitter and cold due to being treated like an outcast for so long.

*Bakugan Battle Brawlers*

Naga and Wavern meet Drago when he was able to get across from his Pyrus Space, Drago greets them both, but Naga only cared about himself and was angry for being born powerless. He tried to go to the center of Vestroia to get the power of both cores, despite Drago's warning, but failed and accidentally created the shockwave that caused a strange phenomenon on Earth where cards fall from the sky and the Bakugan transporting themselves to the human world. After Dr. Michael went to Vestroia by accident, they met each other for the first time. Michael explained to him about the

Dimensional Transporter, unaware about his true motives. At last, Naga expelled Michael back to Earth and used a Dimensional Transporter Card he got from him to succesfully enter the center of Vestroia.

After transporting himself to the center, Naga attempted to capture the powers of the Silent Core and Infinity Core, sources of negative and positive energy respectively of Vestroia, by going to them directly and absorbing them to fulfill what he believed to be his destiny. He failed, however, and was unable to control the power of the Silent Core, only being able to absorb the Silent Core after it trapped him inside; after that, catastrophic energy surge was caused due to the huge amount of negative energy was released and the Infinity Core became bonded to his twin sister, Wavern, who was sucked into a portal to the human world.

This disaster caused the negative energy to spill all over Vestroia and the Earth, including the Bakugan on Earth, and he created Hal-G and Masquerade from the unsuspecting Dr. Michael and Alice, who were exposed to excessive negative energy when Naga absorbed the Silent Core. Naga used them both to hunt for the Infinity Core from Wavern and also supplied them powerful abilities like Doom Cards to send fallen Bakugan to the Doom Dimension.

Near the end Naga fought with Wavern until Drago destroyed her, on her request and sent her back to Vestroia as Naga said. Ultimate Dragonoid then took the Infinity Core and became Infinity Dragonoid fighting Naga to the very end. He was eventually destroyed by Drago, being sent to the Doom Dimension for his failures.

## King Zenoheld

**King Zenoheld** is the main antagonist of *Bakugan Battle Brawlers: New Vestroia*, but he makes an official appearance in the second arc. He was the former King of Vestal, but did not seem to bond very well with Hydron, his son and servant. He was one of the adult-brawlers in the series (aside from Spectra Phantom Klaus von Hertzon, Julio Santana and some of the Twelve Orders). He uses a Mechanical Bakugan called Pyrus Farbros, made by Professor Clay. Out of all the Vexos he was shown to be the cruelest among them as he is willing to kill his opponents rather than just simply defeating

them.

He was voiced by John Stocker, who also voiced Naga in the first season, and Defacely Marmeister in *Hammerman* .

In the first arc of *Bakugan Battle Brawlers: New Vestroia*, Zenoheld had little interaction with the Resistance or the Vexos.

He first appears in a flashback, where Mira Fermin tells Dan and Marucho how the Vexos took over vestial.

The only time he appeared was when he nagged Hydron for not taking better care of the Dimension Controllers. He seems to be impatient with him due to his constant failure. He will also check in with him and make sure that he is still on the right track, although Hydron shrugs his warnings and discipline off, as he thinks he is doing fine without his father's constant nagging. Zenoheld is also mentioned when the Vexos prepare to retreat, as Hydron worried that blame would be shifted onto him by his father.

In the second arc of *Bakugan Battle Brawlers: New Vestroia*, he flees Vestal after the Bakugan Battle Brawlers Resistance told all of Vestal that they were lied to and resides in his palace on the outer skirts of the galaxy that is remote from civilization. He is revealed to be a brawler and he sends a message to the Six Ancient Warriors to surrender their Attribute Energies to him so that Professor Clay can power up the Bakugan Termination System. They decline his offer at first, but then they decide to battle him. When they arrive, Zenoheld reveals that he owns a Mechanical Bakugan, Pyrus Farbros. After a tough battle, Zenoheld comes out victorious, but the Ancients escaped and entrusted their Attribute Energies to the Resistance.

After hearing the news of the Attribute Energies being dispersed throughout New Vestroia and Earth, he entrusts Mylene Farrow with the duty of picking another Subterra Brawler to replace Gus in the Vexos. She chooses Hydron, and he says that he "couldn't have picked better himself". After Hydron gains the Haos Energy after he defeats Baron in a brawl he says "I knew I could count on you… Hydron", revealing that he now trusts him with responsibility more than he did in the first season.

Soon after Volt Luster come back from brawling, he sees a transmission from Spectra, saying that the Vexos, Hydron and Zenoheld himself were responsible for the mess in the previous season. This causes him to send Shadow Prove to seek out Dan and the others so that he'll get the Attribute Energies first. But when he does, he realizes Spectra jammed the transporting system, making it impossible to travel to Vestal and back. This infuriates him, knowing that he is up to something. Eventually, though, Shadow Prove goes to Earth and brawls Chan Lee and Alice (who don't have any Attribute Energies). He wins and proves himself to Zenoheld. He is later shown confronting Spectra and Gus Grav when they infultrate the palce demanding they leave the bralwers alone. Gus however reenters and challenges the King to a brawl which he accepts. Zenoheld won with the Farbros-Assail formation, and destroyed Blast Elico, and his Bakugan Trap Hexados. However, Gus and Vulcan survived the final blow and were imprisoned.

When the Resistance and Spectra attack the mother Palace He and Hyrdon Brawl Dan Mira and Spectra. However, he does not brawl until Hydron beats Mira but loses to Dan and Spectra. Zenoheld beats Spectra and Dan after a long fight. but Farbros was destroyed due to Twin Destructor, and he takes the Pyrus energy from Cross Dragonoid.

In Episode 42, he almost launched the Bakugan Termination System, and then Cross Dragonoid and Helios MK2 try to destroy it, but fail. When Cross Dragonoid brings the B.T. System into the atmosphere and absorbed all the Attribute Energies from it Zenoheld was furious and was eventually going do something about it.

In episode 45, he takes his frustration out on Hydron demanding to know whose fault it was for the destruction of the BT System and being forced to flee to another dimension. After Professor Clay told him about how he could rule over all dimensions he had Clay create the Alternative Weapon to destroy Earth and Vestal.

Soon after Zenoheld announces to the Vexos of his plan to destroy Vestal and Earth with the Alternative Weapons System but becomes angry when Volt questions him about the mission. When Volt leaves the Vexos, he becomes even more enraged and tells Hydron to take care of him. He was later pleased when Volt was finally taken care of and warned the other Vexos that they would suffer the same fate should they betray him.

The next day Zenoheld asks Professor Clay if he needs help with the Alternative Weapon System. After hearing that Spectra joined the brawlers, and the brawlers have the same data as the Vexos, Zenoheld orders the remaining Vexos to seize the data that the brawlers posses. Later, Mylene reports to him that Lync Volan headed to Earth with a copy of the Alternative data with him. He orders Hydron to take care of Lync. After Hydron disposes of Lync, he returns to Zenoheld expecting to be praised, but Zenoheld roughly dismisses him.

In episode 49, it is revealed that Zenoheld took his anger against Hydron for another time due to his failure to destroy the unauthorized copy of the Alternative's data and the loss of Mylene and Shadow Prove. He battled against Hydron to see who would have the throne, and won. Hydron was then jailed, along with Gus Grav. Zenoheld stated that they were never destined to be father and son and said in battle that he was never happy with Hydron since he was born, seeing him as a disgrace to the Royal Family's name.

In episode 50, he battled Spectra, who rammed into his palace. During the entire battle he was losing, even with Assail Farbros, due to the fact that later Gus joined Spectra. However, when Farbros combined with the Alternative, he overpowered both of them.

In episodes 51 and 52, he uses the Alternative against the brawlers, but when the Alternative was destroyed Farbros was destroyed by Dryoid by stabbing Farbros in the back, causing it to shut down. Hydron then used Dryoid to trap Zenoheld until the Alternative explodes, killing all three.

He is mentioned by Dan in the introduction of Season 3 and Season 4 (first fourteen episodes and one episode of Arc 2).

Barodius

**Emperor Barodius** (possibly known as **Koutei Barodius** in the Japanese version), later known as **Mag Mel** is the main antagonist of *Bakugan: Gundalian Invaders*, and later the main antagonist of the first arc in *Bakugan: Mechtanium Surge* . His Bakugan partner is Dharak.

Later, he and Dharak were imprisoned by Code Eve when they refused to accept defeat and were transformed into the beings called Mag Mel and Razenoid. Barodius is the arch-nemesis of Dan Kuso.

He was voiced by Shawn Meunier.

*Bakugan: Gundalian Invaders*

Barodius first appeared in Dan Kuso's vision, ordering the rest of the Twelve Orders Bakugan to destroy the Neathian Bakugan. Later, Barodius is seen on Gundalia asking the other Twelve Order members what they found out about the powerful Bakugan on Earth. Hearing about the unknown Bakugan's strength and power, he ordered Gill to make sure they came to their side instead of their enemies', the Neathians. It was then that he sent Sid Arkale and Lena Isis to learn more by visiting (and ultimately brawling) in Bakugan Interspace.

The next day, Barodius spoke to Gill briefly about how the recruitment of human battlers was coming along, and told Dharak that his services are not yet required. He watched the progress of the human recruits with the rest of the Twelve Orders. While Dharak noted that they weren't too bad, Barodius wasn't satisfied, ordering Ren Krawler to gather more brawlers by any means, having become more eager to obtain ultimate power and something he referred to only as "The Element."

Later, Barodius, Gill and Kazarina demanded to know why Ren had failed to bring the Battle Brawlers over to their side. Kazarina mentions a rumor going around that Ren has come to sympathize with their enemies to which Barodius warns Ren that if he finds out he has betrayed him, he will be punished severely. He also appeared in a flashback about Ren's past when Barodius chose him to lead his team to Earth. When Sid returns after failing to defeat Dan Kuso and losing the Element, Barodius was furious and punishes Sid and Rubanoid for their failure. He gave Ren one last chance to set things right, and warned him not to mess it up.

A few days later, Barodius and the rest of the Twelve Orders were furious with Ren's Team for their constant failures and ordered a preemptive strike on the Neathians. He and the other Twelve Orders fought the Battle Brawlers on Neathia in order to get the Sacred Orb. Barodius formed Dharak Colossus and used him to break down the Neathian's Second Shield. He then met Dan and Drago for the first time and battled against them. In the middle of Dharak and Drago's fight, the Sacred Orb sent Dharak and Barodius, along with all the other Gundalians, back to Gundalia. He wondered what powerful object could send all the Gundalians off of Neathia, and later suspected that the Element was responsible.

In a flashback, when Nurzak comes to visit Barodius and warns him again about why his father refused to possess the power of the Sacred Orb, but he responds by cruelly insulting his late father by calling him a "superstitious old fool" and they should embrace the Sacred Orb and gain the ultimate power for himself. Nurzak secretly gets disgusted by Barodius of always speaking ill of his late father and insulting his memory.

Barodius tortures Kazarina as punishment for letting Mason Brown escape and then failing to get him back, seemingly turning her against him. Gill informs Barodius of Nurzak and Kazarina's rebellion and he managed to stop Nurzak before he could make a peace treaty with Neathia and attempt to overthrow him. They argue over the views of Barodius' father who respected and feared the Sacred Orb's power, as does Nurzak, who offers Barodius one last chance to call off the war on Neathia or face the consequences, but he selfishly refuses, once again calling his father nothing more than a superstitious old fool. Nurzak has finally had enough of Barodius' tyranny and the way he always treated his father and not caring about him at all. However, Nurzak knew Barodius would refuse to stand down and orders Kazarina and the soldiers to capture Barodius, but they refuse. It was then revealed that Barodius sent Kazarina to spy on Nurzak to prevent his betrayal. Barodius battles Nurzak and defeated him with Dharak's AirKor (while killing the soldiers in the process) but he was thought to have killed Nurzak, but he was simply banished to the space in between dimensions.

Afterwards, Barodius cruelly laughs at the destruction of his father's portrait.

Barodius reveals to Ren that he was only keeping him around because of the Forbidden Power that Linehalt possesses. He promised Ren that he would have the life in the sun he always dreamed of after they defeated the Neathians. He then launches a campaign to permanently destroy the renewed Second Shield. He easily defeats Dan and Drago and then pierces a hole in the Second Shield. After ordering Ren to finish Dan and Drago off, by promising to reveal the secrets of Linehalt's Forbidden Power, Ren decides to switch sides and betrays Barodius.

He fights Ren and was winning until he taunted Ren for not being worthy enough to posses a Bakugan as powerful as Linehalt and admitting that he never intended to give them true freedom, causing Linehalt to unleash his Forbidden Power, which briefly takes out Dharak and threatens to destroy the planet. The Sacred Orb then summons it's last line of defence, Dragonoid Colossus, which defeated Linehalt and disappeared in Dan's BakuMeter. After seeing this, Barodius decided to retreat but swore to get his hands on Dragonoid Colossus.

Later back in Gundalia, Barodius sees that Dan is the one in possession of Dragonoid Colossus and ordered Gill and Airzel to separate him from the others so that he could battle him and take it personally. He later tells the hypnotised Jake Vallory that he is going to help him destroy the Battle Brawlers. Barodius later confronts Dan when he stumbles across the throne room.

Barodius challenges Dan for the power of Dragonoid Colossus, saying that Dharak was the only one worthy of possessing it's powers, and called Dan pathetic for putting his friends before himself. They then battled, but despite Drago's new powers, Dharak easily overpowered him. Just as he was about to win, Dan restored Drago's confidence and a brand new ability was unlocked which he used to defeat Barodius. Dan demanded Jake to be returned, to which he complied, but Jake is still under the effect of Gundalian hypnosis and he knocked Dan out. Barodius enjoys Dan's suffering and orders Jake to take Dan and Drago to Kazarina's lab.

In Kazarina's lab, Barodius watches Dharak evolve into Phantom Dharak alongside Kazarina and Gill and when Kazarina asked Barodius if he wanted to rename Dharak and he renamed him Phantom Dharak. After Dharak evolves, Barodius says to Kazarina that he is going to Neathia and promotes her as his new second-in-command and leaves her charge of Gundalia while he is gone, much to Gill's jealously and dismay.

When Barodius arrives on Neathia, he uses Phantom Dharak to destroy the 3rd Shield and he was successful. Barodius unleashes his massive army of Gundalian Soldiers and a brainwashed Lena, Jesse Glenn and Zenet Surrow to attack Neathia after Phantom Dharak destroyed the 3rd Shield. Barodius enjoys watching the Neathians suffer and many Castle Knights dying in his onslaught.

However, Dan and the other Battle Brawlers arrive just in time to help the Castle Knights. Dan warns Barodius it's the end for him. Stoica and Airzel arrive to help Barodius, but note the absence of Gill and Kazarina. Stoica reports that Kazarina is still brawling Princess Fabia, and that Gill's ship was damaged by the Brawlers and needs repair. Later after Kazarina's death, Barodius overhears Airzel and Stoica's conversation that Gill really stayed behind to get revenge on Kazarina and killed her out of jealously. Lena, Zenet and Jesse are free from Kazarina's mind control and join the Brawlers and Castle Knights in battling Barodius, Airzel and Stoica. When Dan tells Barodius to surrender as he is outnumbered, he and Dharak are not bothered by this threat and with one attack, they defeat all of the Castle Knights and their Bakugans.

Fabia, Nurzak and Mason return to help, but Barodius easily defeats them and the rest of the Brawlers one by one; leaving only Dan and Drago. Just before entering the castle, Gill arrives to help Barodius in the battlefield, and claims Kazarina was taken down by Fabia in their battle. But Barodius reveals he had been listening to Stoica and Airzel's conversation and knows that Gill killed Kazarina. Barodius and Dharak attack Gill's ship and killed him along with Krakix, Airzel and Strikeflier in cold blood. Next Dharak sacrifices both Stoica and Lythirus to destroy Dragonoid Colossus. When Barodius reaches the castle, he wipes out the Neathian guards and goes to confront Queen Serena personally. In the throne room, when Dan is about to tackle Barodius and stop him from killing Queen Serena, the Sacred Orb teleports them (along with Drago and Dharak) to the space in between dimensions for them to face off in their final battle. The four of them are greeted by Code Eve, who is the Sacred Orb and the source of all Bakugan DNA.

Barodius and Dharak face Dan and Drago in their final battle for control over the Sacred Orb and the fate of the universe. At first, Barodius has the upper hand and plans to kill Dan and Drago while they are down, but Drago regains consciousness and defeats them and Code Eve returns back to Neathia. After Barodius loses his battle against Dan, he refuses to surrender and summons Dharak again to steal the Sacred Orb and take all of it's power for themselves. But they are both seemingly destroyed by an overload of vast energy and power from taking too much from Sacred Orb. Everyone celebrates Barodius' defeat and presumed death and peace is restored to both Neathia and Gundalia. Plus Gundalia is finally free from Barodius' tyrannical rule.

*Bakugan: Mechtanium Surge*

In *Bakugan: Mechtanium Surge*, it is revealed that Barodius and Dharak are not destroyed but mutated into Mag Mel and Razenoid and imprisoned into the dark reverse dimension of Bakugan Interspace by Code Eve. They are restrained by some webbing that causes them to share their pain. Mag Mel creates Anubias and Sellon and send them to Bakugan Interspace to make generate amounts of Chaos Energy which would make him and Razenoid stronger. he also uses the Tri-Twisters and the Bash Brothers to give him more power. After he is freed from his prison, Mag Mel tries to conquer Gundalia by killing all Gundalians but Dan shun Raife Paige and Marucho defeat him and his mechtogon Braxion, Smasheon, Rockfist, Deezall, Venexus, and Miserak with help from Spectra Phantom and Helios. Once they outlived their usefullness Mag Mel kills Sellon and soon after Anubias when he do not need them after they give him the Key and the Gate's powers, and when him and Razenoid resurrect, he send out 96 Dreadeon Titan clones to the five corners of the Earth to destroy it and its destruction will destroy Vestal, Gundalia, Neathia and New Vestroia, (9 Titans Dreadeon in the first wave and 87 in the second wave). Whereas his mechtogan Dreadeon and Dreadeon Titan are killed along with Zenthon and Zenthon Titan, Razenoid is killed once and for all by Drago evolved as Fusion Dragonoid thanks to the gate and the key's power. Mag Mel dies soon after and tries to kill Dan with him but fails.

I gasped in sheer shock and then that shock turned into rage.

Me: (GROWLS) That Barodius!

Nico: I can't believe he is that evil! He would kill his own followers!?

I clenched my fist tight and then I had blood poured out through my knuckles.

Me: Barodius, when we fight in the future, I will kill you 100,000,000 times over! You will face my wrath 100,000,000-fold.

Nico: I hate him too J.D. but calm down.

Me: (Sigh) Yeah you're right. But in the future we might face the other two and we will kill them and Super Hakai them.

Nico: They are ultimate evil.

Lincoln: Yeah they are.

Maria heard the sound of a train.

Maria: Astrotrain, I thought we told you not to use your train mode unless we're near train tracks.

Astrotrain: That wasn't me.

Me: Wait a second. I know that train horn. I haven't heard that horn in 10 years. Lets go guys!

We went outside and we saw a familiar train coming up the street and we saw that it was famous THE POLAR EXPRESS!

Me: WOW! The Polar Express!

Maria: SO AWESOME!

Nico: The famous and awesome train that goes to the North Pole to Santa's Village!? WOW!

Vince: This is gonna be so cool!

Laney: I love reading about the Polar Express! It's one of my favorite stories!

Lana: Mine too!

The Masters of Evil all appeared.

Vypra: Wow! The Polar Express.

Shiv: I remember reading that book and it was awesome!

Carmen Dillo: It's one of my favorites.

Dark Spicer: Can we come with you guys on this train?

Me: You all sure can.

Conductor: J.D. Knudson it's so good to see you again.

Me: Same here. Its been 10 years.

I pulled out my ticket.

Me: And I still have this.

Laney: I remember that ticket!

Conductor: Well I'll be. Glad you kept that.

Me: They are all with me so they can come too.

Conductor: Okay.

We all went on board.

Poliwag: Do you allow Pokemon and Digimon on board?

Conductor: Everyone is allowed on board.

Me: Lets go guys. On the way, I'll tell you all how I went on this train.

We went on board the Polar Express and we were off to the North Pole!

Conductor: ALL ABOARD!

Nico: This is awesome!

We looked out the windows and we were heading over the Canadian Rockies.

Shiv: Is food served on this train?

The cart came and it had burgers and everything and even hot cocoa.

Me: That answer your question?

Shiv: It does.

Nico: So you were on this train before J.D.?

Me: Yep. It was back 10 years ago. It was so cool.

Lori: I literally remember that. That was so amazing.

Laney: It sure was. That was awesome!

Me: Yep. I got this ticket back when I was 7 and it was so amazing seeing the Polar Express for the 1st time. I couldn't believe that it was real. But now I do and I even got to meet Santa as well.

Nico: That is amazing!

Naruto: Wow! Bro you are really lucky.

May: Did you meet anyone on this train before? Other then the Conductor?

Me: I sure did.

Chris: J.D.!?

We saw Chris and Holly that I met on the Polar Express 10 years ago.

Me: Hey Chris! Holly!

We saw the kids.

Me: Great to see you all again.

Chris: Same to you J.D.

Holly: Wow! How have you been?

Me: Great guys. Wow! You guys have changed a lot since 10 years

ago.

Chris: I know. It feels like forever huh?

Me: Yeah.

Chris: And now you are the leader of the most powerful force ever known.

Me: I don't like to brag.

Snake (to Chris and Holly): Hey there, Little Dudes!

Chris: It's an honor to have the Masters of Evil here.

Me: We have had a lot of things happen to us over the years.

We were going over the mountains of The Yukon.

Nico: Where are we now?

Me: We're over the mountains of The Yukon.

Nico: Way up north.

Lincoln: Yep.

Horsea: By the way, Krampus is dead.

Me: Yep.

Chris: You all killed the Christmas Devil!? WHOA!

Me: We sure did. We don't brag about our adventures.

Holly: Wow! You all went from normal people to the greatest and most powerful force in the entire universe.

Me: I know. We've all come a long way.

Nico: But we don't like to brag.

Me: No we don't. We do what we do to make sure that the Universe and everyone we love and care for are safe and that we bring justice to all those who threaten the Universe.

Chris: Big job.

Me: Well with great power comes great responsibility.

Vince: Its been one of our most powerful lines for a long time.

Laney: That's right.

Firefly: (to the Conductor) Can I fly outside and clear any snow that might be blocking our path?

Conductor: You sure can.

Me: Just be careful.

Firefly: I will.

He flew outside and kept and eye out and then he fired blasts of fire and melted all the snow in our way.

Poromon: This isn't the first time I've met Santa.

Me: No it wasn't. The first time was when we saved him from his evil brother Satan Claus.

Holly: Santa had an evil brother?

Me: He sure did and it was an ugly story.

I told them all about what happened during our battle with Satan Claus on Thanksgiving 2 years ago and it was awesome.

Holly: WHOA!

Chris: Wow! That is amazing!

Shiv: That is amazing.

We were now close to the North Pole as we were on the edge of the Border of Nunavut, Canada.

Robo Blaze: I think we're almost there.

We looked outside and sure enough we were not far from Santa's village.

Me: Yep. This is it.

Nico: Wow!

Lana: Wow! Santa's village!

Chris: So cool!

Nico: By the way J.D. did you beat any bad guys that were known on the Polar Express?

Me: As a matter of fact I did. I beat a puppet that looked a lot like Ebenezer Scrooge. And you know what's interesting? We do the play for A Christmas Carol tomorrow night on Christmas Eve.

Nico: We sure do.

I went over the puppet's history.

---

The **Ebenezer Scrooge Puppet** is a minor antagonist in the 2004 Warner Bros. film *The Polar Express* (which is based on the 1985 children's book of the same name by Chris Van Allsburg), and the main antagonist of the video game.

He was voiced by Tom Hanks in the film, and Jim Hanks in the video game.

Film

When the Conductor shows Hero Boy and Hero Girl the toys that were mistreated and thrown away, the Hero Boy is left alone in the abandoned toy car and the Scrooge puppet scares him by calling him a doubter who doesn't believe in Christmas. It is revealed that the Scrooge puppet is actually being controlled by the Hobo from the roof of the car. Hero Boy watches the puppet and, unaware that the

Hobo is controlling it, flees and runs back to the main passenger car.

Video Game

Scrooge is first seen spying on the children while they look out the window at Herpolsheimer's, much to his disgust. He explains that the children won't believe in Santa when he steals their tickets and that they will be thrown off the train if they don't have their tickets. Later, after stealing the tickets, he gets some of his minions to assist him in prevent the children from getting their tickets back. However, with the help of Hero Boy, the children were able to retrieve their tickets.

Hero Boy has a food fight with Scrooge and some of his friends in the dining car while trying to retrieve Know-It-All's ticket. When Billy gets left behind, Scrooge confronts him and taunts him. Scrooge throws soccer balls at Hero Boy, but he manages to defeat him and hit the brakes for Billy to get on.

Hero Boy manages to defeat Scrooge's minions and retrieve all the tickets. Scrooge becomes angry and steals the Hero Girl's ticket, which results in her being put in charge of driving the train. However, the Hero Boy finds the ticket and, with the help of the Hobo, gets to the locomotive by skiing down the mountain.

Later, Hero Boy and Hero Girl encounter the Scrooge puppet one more time while trying to return to the passenger cars. He has become very large and gained an opening in his chest that shows his heart. Hero Boy tries telling him that Christmas is not about toys, but he scoffs. Hero Boy has encouragement from the other children, so he defeats him by throwing snowballs at his heart and he disappears.

---

Nico: WHOA! That's rough! Just like the iconic character but worse.

Ronnie Anne: No kidding.

Me: Yep. I got all the tickets back and destroyed the puppet by setting him on fire.

Chris: I remember that! That was awesome!

Holly: Yeah it was!

Lincoln: That is so cool!

Laney: Wow!

Vypra: You are a true hero of Christmas.

Me: Thanks guys.

The train parked and we got off.

Electro: Think we should tell Santa to keep an eye out for the original Morbucks?

Me: Good idea Max.

Nico: Yeah.

Me: But Santa now has a lot of security enhanced ever since what happened with his list a long time ago.

Blossom (Adult): That's right. I remember that.

Lincoln: Good.

We went in and saw Santa.

Manaphy: Hi there, Santa!

Santa Claus: Ho ho ho! Team Loud Phoenix Storm! It's great to see you all again.

Me: You too Santa. We rode the Polar Express.

Nico: How have things been?

Santa Claus: Busy as always. I take off for my flight around the world in the next 2 hours.

Me: Wow.

Laney: It's great to see you Santa.

Me: And just so you know we have Morbucks with us but this is the 2016 version and she is not like the one that you put on the Permanent Naughty Plaque.

Santa Claus: I understand. I appreciate you telling me that.

Me: You're welcome.

Vypra: What is the Permanent Naughty Plaque?

Me: That's a plaque reserved for the most rotten and most despicable and most irredeemable of all children.

I went to show them the plaque and they saw the plaque and it had many more names.

Me: Wow. There were fewer names than this on here the last time we saw it.

Nico: Chandler, Peter Griffin, Glenn Quagmire, Icky Vicky, Roger Klotz, Hawk & Hank, May & Lee Kanker, Mr. Burns, Joe Quimby, Butch & Woim, Billy McLean, Lila Rossi and Brittney Wong. Wow! I didn't know they were added too.

Lincoln: Looks like they are going to the darkness of the Inferno.

Me: Yep.

2016 Morbucks: Wow! So my original self is on here.

Me: Yep and we killed her twice. But she will return on Christmas in 2 days. When we face her she will REALLY come after all of us. But when we defeat her, instead of banishing her to the Warp, I have a worse prison for her.

Nico: What is it?

Me: (Sinister Laughter) It's the Rotten Egg Mine in Azerbaijan.

Nico: A Rotten Egg Mine?

Me: I found it after the Global Super Race was won and it's in the sewers of Baku, Azerbaijan. The smell from such a place can make your stomach turn inside out at the slightest whiff.

Nico: Nice! That's perfect for her.

Lincoln: Yeah it is.

Blossom: Good!

Nico: Yeah!

Me: Yep.

We had an awesome time at the North Pole and we helped load all of the presents and Santa was ready for takeoff.

We helped him get ready and with 30 minutes to spare.

Another Awesome fanfic complete!

The Polar Express is one of my favorite stories and it was so cool how those kids went on an awesome train to Santa's Village at the North Pole. This chapter was also made as a tribute to the late Michael Jeter who starred in this movie as his last role before he died. He starred in *Zelig*, *Tango & Cash*, *The Fisher King*, *Sister Act 2: Back in the Habit*, *Waterworld*, *Air Bud*, *Patch Adams*, *The Green Mile*, *Jurassic Park III*, *Welcome to Collinwood*, *Open Range*, and more.

R.I.P. Michael Jeter: August 26, 1952 - March 30, 2003.

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up for Christmas Eve is a legendary and awesome timeless classic as we all perform a play for the famous play from Charles Dickens A Christmas Carol. Get ready to see Lincoln and his friends on as the legendary and famous Ebenezer

Scrooge and see how he changes his ways from hating Christmas. This will be the first ever play we've ever done in a chapter.

See you all tomorrow.

# TLPS - A Christmas Carol

At the Team Loud Phoenix Storm estate we were getting everything ready for Christmas. It was December 24th, 2020 and it was the Day Before Christmas. We had the entire castle and estate all decorated and everything was beautiful and more. Santa was on his way and we were all so excited.

Me: Wow! Everything is so beautiful.

Lincoln: It sure is. I love Christmas.

Me: Me too Lincoln.

Poromon: I can't wait until Christmas tomorrow!

Horsea: ME TOO! ME TOO!

Me: Almost Christmas. It's my favorite time of the year.

Lincoln had a script in his hands and he was reading it.

Lincoln: "Christmas, BAH HUMBUG!"

Manaphy: What a Scrooge!

Me: Oh Lincoln is just practicing his lines for the Christmas Carol play tonight. He plays as Scrooge.

Manaphy: Oh wow!

Me: And this is gonna be something. This is our first ever play that we've ever done. It's for a fundraiser for a special orphanage that Princess Luna is opening up.

Princess Luna: That's wonderful J.D. Thank you all so much for helping me set up my Children of The Night Orphanage.

Me: You're welcome Princess.

Manaphy: Where are we going to have this play?

Me: We're having it at the auditorium at the Gotham Royal York Convention Center. It's gonna be so cool!

Laney: And I'm so excited.

Lucy Loud: I'm so excited that I could die.

Poliwag: So, which role do each of you guys have?

Me: Lincoln is playing as Scrooge like I said.

Clyde: I'm playing Bob Cratchit.

Laney: I'm playing The Ghost of Christmas Past.

Luan: I'm playing as the Ghost of Christmas Present.

Raven: And I'm the Ghost of Christmas Yet to Come.

Me: We have a lot of roles.

Nico: This is gonna be so cool!

Me: And I'm the narrator for the whole play. When we get to the part of where Scrooge knows what is coming in the Ghost of Christmas Yet to Come, I have something special to show to add special effects for the fate he may receive if he didn't change.

Laney: Wow!

Nico: In my opinion, that should've been added to the actual story.

Me: I know Nico.

Nico: I can't wait to see it.

Horsea: (to Maria) Do you have a role, Maria?

Maria: I sure do. I am playing as Emily Cratchit.

Rusty Spokes: I am playing as Fred.

Darcy: I'm playing as Tiny Tim.

Nico: Cool.

Linka: Twilight Sparkle, Equestria has its own version of Christmas doesn't it?

Twilight Sparkle: It sure does. We call it Hearths Warming and it's like Christmas.

Nico: That's cool!

Lincoln: It sure is.

May: What time is the play?

Me: 7:00 Tonight.

Twilight Sparkle: I have a special treat for all of you. I'm going to read you all my favorite holiday story. It's called A Hearth's Warming Tale. It's like A Christmas Carol and it's about a powerful unicorn named Snowfall Frost and like Scrooge she hated Hearths Warming.

Me: Cool! What's the story called?

Twilight Sparkle: My favorite holiday story, "A Hearth's Warming Tale"!

**Spike** : Oh, I love that one!

Me: This is gonna be interesting.

**Twilight Sparkle** : It sure is. It's like A Christmas Carol. This is the story of a powerful unicorn named Snowfall Frost, who hated Hearth's Warming Eve. It all began many moons ago in Canterlot…

The story began in Canterlot long ago and it showed everything decorated all over for Christmas and it was so beautiful.

**Twilight Sparkle** : [narrating] Every home in Canterlot was filled with holiday spirit. Every home… except one.

That home belonged to Snowfall Frost. It was NOT decorated with one light or decoration and it was depressing. Starlight Glimmer was playing as Snowfall Frost.

Twilight Sparkle: It was said of Snowfall that she was almost as studied as Star Swirl the Bearded. *Almost*, since everypony knows that Star Swirl was an expert at everything from transfiguration, dimensional calibration, teleportation-

**Spike** : [narrating] We get it. Star Swirl's awesome.

**Twilight Sparkle** : [narrating] Right. The point is, Snowfall was also a powerful unicorn. She wanted to be perfect. Anything that got in the way of that was a waste of time.

[bells ringing]

Bells Rang outside and she had her spell disrupted.

**Starlight Glimmer** : [gasp] Well, that batch is ruined. Snowdash!

**Twilight Sparkle** : [narrating] Snowdash was Snowfall's loyal assistant.

Rainbow Dash was playing as Snowdash.

**Rainbow Dash** : What do you need?

**Starlight Glimmer** : Get this mess cleaned up. (Hands her a broom) Those foolish ponies were ringing those blasted bells outside the window and I lost my concentration!

**Rainbow Dash** : [under her breath] Whoa, ponies actually enjoying Hearth's Warming Eve. Where did they get *that* crazy idea?

**Starlight Glimmer** : Today is nothing to celebrate. Hearth's Warming Eve is a menace. A dangerous day for all of Equestria.

**Rainbow Dash** : Dangerous?! It's awesome! It's the day we remember how unicorns, Pegasi, and Earth ponies came together in friendship to defeat the windigos!

**Starlight Glimmer** : That silly legend is the problem! Telling everypony that "singing songs and being nice" will solve anything? I've spent years studying magic, and that's not how it works.

**Rainbow Dash** : I think you might be missing the point.

[magic zap]

She teleported in front of her.

**Starlight Glimmer** : Work hard, learn, and use your skills to better Equestria. That's a worthy goal for any pony. [sarcastically] But, by all means, if you want to go home early, ignore all of the work you have, and spend the rest-

**Rainbow Dash** : Sweet!

She left for her home.

**Starlight Glimmer** : Ugh!

She looked out the window and saw everyone having fun.

[crowd chattering]

**Starlight Glimmer** : I *hate* Hearth's Warming Eve! All of Equestria would be better off if we just skipped the day altogether.

She hated that holiday with a vengeance.

**[Starlight Glimmer]**

Happy Hearth's Warming, they say in the street

Happy Hearth's Warming, they think they're so sweet

Words said so often that they lack any meaning

Why should I join in when I could be intervening?

(She got two potions out)

Everypony loves this cursed holiday

But would they be better off with it out of the way?

(She was making a potion and it rumbled and bursted out smoke.)

Well, okay

Say goodbye to the holiday

With my magic, I'll erase it

(She takes down decorations)

The greatest gift that I give today

And everypony will have to face it

(She took a pony's toy)

No more little games for you to play

After you say goodbye to the holiday

(She went back into the house)

Goodbye, Hearth's Warming, you had a good run

Goodbye, Hearth's Warming, it's over, you're done

(She put the stuff in the brew)

Finally set free from your forced celebrations

No need to reply to your trite invitations

Calendar shorter by a single day

Is my magic up to the test?

Time to see, I can't delay

(She was forming a potion that would erase all of Hearths Warming forever.)

Say goodbye to the holiday

Prepare the spell, no hesitation

All memory shall fade away

See Equestria's new transformation

(She poured in potions and smoke ponies formed above)

No more shall anypony say

Happy Hearth's Warming…

[sinister laughter]

… after today!

After today…

UH OH!

**Starlight Glimmer** : Once the spell is cast, all of Equestria will be better off, and they'll have *me* to thank for it!

UH NO THEY WON'T!

**Starlight Glimmer** : Wait a minute. Snowfall doesn't like Hearth's Warming Eve so she decides to cast a spell to get rid of it altogether? That seems a little extreme.

Me: Yeah I agree.

Laney: That's going way overboard.

Applejack: I agree with y'all on that one.

**Spike** : [muttering] Says the pony who tried to make everypony the same by replacing their cutie marks with equal signs. [sips cocoa]

Me: You made your point Spike.

**Twilight Sparkle** : I think what Spike is trying to say is that everypony has their reasons for doing things. Even Snowfall. And if I could continue the story, we might just find out what they are.

**Spike** : Proceed.

**Twilight Sparkle** : Snowfall was all set to cast her spell that would erase Hearth's Warming Eve for all time…

She was about to cast her spell.

**Twilight Sparkle** : [narrating]… when a voice from the hearth caught her attention.

**Applejack** : You sure you wanna go through with this?

**Starlight Glimmer** : Huh?! Who's there?!

A bubble came out of the brew.

[bubbling]

A ghost appeared and it was Applejack as the Ghost of Hearth's Warming Past.

**Applejack** : The Spirit of Hearth's Warmin' Past, that's who. And you and me have got to have us a little chat.

**Starlight Glimmer** : A spirit?! [suspiciously] I didn't cast any spirit summoning spell. What are *you* doing here?

**Applejack** : You don't think a spell like that would get by without some powerful forces noticin'? You've got our attention, Snowfall Frost, and we've got some pretty strong opinions on this spell of yours.

**Starlight Glimmer** : "We"?

**Applejack** : They'll be along in a bit. For now, it's just you and me. Let's get a move on. We got a ton to see and barely any time to see it.

The spirit opened a window.

**Starlight Glimmer** : I'm not going anywhere. I've got a spell to cast, and I *don't* need a history lesson about Hearth's Warming Eve.

**Applejack** : We aren't goin' to the past to learn about the holiday. We're goin' to learn about *you* .

She used her lasso and grabbed Snowfall Frost.

**Starlight Glimmer** : [yelps] [wailing]

They were off and flying through the air.

**[Applejack]**

As a young thing, life sure is somethin'

You go makin' choices large and small

(They arrived into the past in Snowfall's old village)

Always growin' like a seedlin'

And playin' is like dreamin'

And before you know it, big and tall

And every little bitty choice you make

Sends you down a path to who you are today

So let's take a little trip down memory lane

And see just what the past has to say

(They saw Snowfall Frost when she was younger and she was a well liked and spirited young girl with a love for Hearths Warming like everyone else.)

Aw, look how cute you were. Looks like you're not too upset it's Hearth's Warming Eve either.

The seeds of the past

They grow pretty fast

Just look at who you were back then

The seeds, as they grow

Look what they can show

Reveal the truth time and again

Young Snowfall came back into her school and she was starting to decorate the school

**Professor Flintheart** : Just what do you think you're doing, Snowfall?

**Young Starlight Glimmer** : Decorating the classroom for Hearth's Warming Eve, Professor Flintheart!

**Professor Flintheart** : You said you wanted to learn to be a powerful unicorn, did you not?

**Young Starlight Glimmer** : I do!

**Professor Flintheart** : And what is the way that one *becomes* a powerful unicorn?

**Young Starlight Glimmer** : [clears throat] Work hard, learn, and use your skills to better Equestria.

**Professor Flintheart** : And how do these help you to learn magic?

**Young Starlight Glimmer** : I want to be strong enough to stop windigos and help ponies!

**Professor Flintheart** : That's just a story we tell little ponies. *Real* magic takes time to learn.

[ornament shattering]

Professor Flintheart crushed an ornament.

WHAT A JERK!

Professor Flintheart : It's your choice. Spend your time learning to become a powerful unicorn or play with your toys and make nothing of yourself.

**[Applejack]**

Then some distress, words so careless

Standin' there, you don't know what to do

Feelin' helpless, you can't make it hurt less

So you go and change your point of view

(Snowfall Frost then became bitter and hated Hearths Warming with a vengeance)

And in that moment, though you didn't know it

Your defenses set up walls you built to last

Leading to the pony you've become today

And the spell you're about to cast

It all comes from your past

**[Starlight Glimmer]**

The seeds of the past

We grow up so fast

Some hurts never go away

**[Applejack]**

The seeds, as they grow

This we can't let go

All tied to this one holiday

She woke up back in her house.

[bubbling]

**Starlight Glimmer** : [gasps] Spirit? What am I supposed to-

She saw a huge present in her room and it opened.

[sound of confetti launching]

Out of the present with confetti blasting was Pinkie Pie as the Ghost of Hearth's Warming Present.

**Pinkie Pie** : [reverberating] Snowfall Frost! It is I, the Spirit of Hearth's Warming Presents!

**Starlight Glimmer** : Um, don't you mean "Present", like the time?

**Pinkie Pie** : No! Toys, Hearth's Warming doll… Here, want a cupcake?

She gave her all that.

**Starlight Glimmer** : Fine, "Presents". All of the pointless things ponies waste their time on.

**Pinkie Pie** : Oh, Snowfall, it's not what the gift *is* that matters, it's what the gift *means* !

**Starlight Glimmer** : It doesn't *mean* anything. It's just stuff!

**Pinkie Pie** : Exactly! Sometimes a cupcake means "I love you!" Or a toy means "Hi, how're you doing?" Sometimes a book means "Your mane looks amazing!" And sometimes a scarf means… Well, a scarf *usually* means you look cold. That one's easy.

**Starlight Glimmer** : I don't understand anything you're saying.

**Pinkie Pie** : Whoa! Whoa! [trembles]

She was shaking like a leaf.

**Starlight Glimmer** : What's happening to you?!

**Pinkie Pie** : My Spirit of Hearth's Warming Presents Sense is going off! That means a song is coming on!

**[Pinkie Pie]**

Take a look at everything around you

All the smells that surely will astound you

Open up your heart, it will surround you

In the magic of Hearth's Warming Eve

(She put a wreath around Snowfall)

(A pony gave a poor pony some cocoa)

The little things that make it better

(Little kids were singing carols for a nice old pony)

Little ponies spreading cheer

Give a toy, a hug, a sweater

Memories that last all year

The present's always filled with presents

Large, medium, and small

Sometimes the most important things

Aren't very big at all

[tap-dancing solo]

What a party, there's so much to see here

Can't believe you didn't want to be here

You'd have had a blast, I guarantee here

This is the spirit of Hearth's Warming Eve

(Snowdash and the versions of Rarity and Fluttershy were having fun)

Cider's flowing, this is living

(They clinked glasses and drank)

Come on and feel the beat

Life is better when you're giving

Each time you do it feels so sweet

The present's always filled with presents

So come on, open your eyes

Spend time with ponies just like you

And watch your spirits rise

The present's always filled with presents

Take a look around

The reason for the holiday

Is quite easily found

Yes, the reason for the holiday

Is quite easily found

And the reason is to be with your friends!

**Twilight Sparkle** : [singsong, as Pinkie Pie] And the reason is to be with your friends! [normal] What?

**Starlight Glimmer** : You know you're doing your Pinkie Pie voice,

right?

**Twilight Sparkle** : I was not!

Me: I thought that was really cute.

Nico: Me too.

Lincoln: It was adorable.

Lola: Yeah it was.

**Spike** : [laughing]

**Starlight Glimmer** : So, what happens next?

**Twilight Sparkle** : Well, the party was-

**Spike** : Wait! Can we take a quick break? I need to refill my cocoa.

Me: All right. I needed to get some hot cocoa anyway.

**Twilight Sparkle** : [groans] Fine. But hurry up! We're almost to the best part!

We went to get some more cocoa and we had it.

**Spike** : [blows] Okay, I'm ready.

Me: We all are.

**Twilight Sparkle** : The party was in full swing.

**Rarity** : Snowdash!

**Rainbow Dash** : Hey, Merry.

**Rarity** : Why, whatever is the matter, darling?

**Fluttershy** : Was it the eggnog? Oh, I knew I put in too much cinnamon!

**Rainbow Dash** : Oh, no, the eggnog was awesome, Flutterholly, I'm just mad at somepony who was complaining about how awful Hearth's Warming Eve is.

**Rarity** : I don't suppose that pony's name starts with "Snow"?

**Fluttershy** : And ends with "Frost"?

**Rainbow Dash** : She said Hearth's Warming Eve is just an excuse to party, and we would all be better off spending time working to make Equestria a better place.

**Crowd** : [booing]

WHOO! They got that right.

**Rarity** : What does Snowfall think a better Equestria looks like?

**Rainbow Dash** : Ponies working hard, learning, and using their abilities for the benefit of Equestria.

**Fluttershy** and **Rarity** : [giggling]

[thunk]

A snowball hit the window.

[foals laughing]

Kids were building a snow pony that looked like Snowfall Frost.

**Rarity** : [muffled] It looks like we've got everything on Snowfall's list right here.

**Fluttershy** : I think a perfect Equestria looks a lot like a Hearth's Warming Eve party.

**Pinkie Pie** : Me too! Too bad it's going to be the last one ever! Ever! Ever! Ever! [echoes out]

An ominous fog rolled in.

**Starlight Glimmer** : Spirit? What do you mean? What's going to happen?!

[wind blowing]

Snowfall then met a hooded figure and it was Princess Luna as the Ghost of Hearth's Warming Yet To Come.

**Starlight Glimmer** : Who are you?

**Princess Luna** : I am the Spirit of Hearth's Warming Yet to Come.

**Starlight Glimmer** : Are you here to show me what future Hearth's Warming Eves are like?

**Princess Luna** : No, for there are no more Hearth's Warming Eves for me to show.

**Starlight Glimmer** : Why not?

**Princess Luna** : You will succeed in erasing the holiday, as you wished.

**Starlight Glimmer** : And what happens?

**[Princess Luna]**

I see a cold wind blowing through

(She showed her the future and it showed all of Equestria buried in snow and turned into a Frozen Hell)

I see days neither fun nor free

(No one was outside as they were all trapped in an ice age)

I see a future caused by you

I see a path not meant to be

(Snowfall backed up and a black wind blocked her path as she approached a cliff edge)

The future should be filled with magic

Dreams and wishes brought to life

(The spirit used her magic to make a Pony and a girl dancing)

But the days ahead are dark and tragic

No time for hope when all is strife

Whatever might have been

All the dreams that ponies share

Because of you, Snowfall Frost

Now the future is a cold nightmare

Two terrifying ice creatures called Windigos appeared.

**Starlight Glimmer** : Windigos?! They aren't real! It's just a little filly's story!

**Princess Luna** : They are all too real, Snowfall, and your actions will allow them to return. The future of Equestria shall be bathed in a blanket of eternal snow!

Because of Snowfall's spell she would turn all of Equestria into Hell on Earth! I was shivering with fright as we were hearing this part and ice was forming down my back.

**Starlight Glimmer** : No! I never meant for this to happen! I didn't understand! I didn't see how important Hearth's Warming Eve was! Please, spirit! I haven't cast the spell yet! Is there still time?! I'm sorry! [echoing]

She woke up and saw that she was back in her house.

[window opens]

She looked outside and saw that it was still Hearth's Warming.

[bell ringing]

**Starlight Glimmer** : There's still time!

She got ready and headed to the party.

[party crowd chattering]

[knocking]

[door opens]

They saw that Snowfall Frost was at the door.

**Rarity** : Oh, my.

**Fluttershy** : Snowfall Frost?

**Starlight Glimmer** : I was hoping I wasn't too late for the party? I brought gifts.

[record needle scratch]

**Rainbow Dash** : [spit-take] Boss?!

**Starlight Glimmer** : I was wrong earlier, about Hearth's Warming Eve. It's not all about singing and presents. The singing and presents are all about celebrating the ponies in our lives. The ponies we should listen to more often: our friends.

Snowfall Frost learned a huge lesson and she gave everyone presents.

**Rainbow Dash** : Wow.

[rip]

She was given a potion.

**Rainbow Dash** : Dragon toenail? Uh… thanks?

**Starlight Glimmer** : I was in a hurry. I'll do better next time.

**Rainbow Dash** : Ha. You kidding? No one's ever given me dragon toenail before! It's awesome! Now come get some eggnog!

**Twilight Sparkle** : [narrating] And from then on, it was always said of all the Hearth's Warming Eve celebrations, Snowfall's was the Hearth's Warmingest.

The story was done.

**Twilight Sparkle** : The end.

[book closes]

Me: That was a great story Twilight!

Nico: It sure was.

Laney: It was just like A Christmas Carol.

Brittney: I loved the part with the Future. That was cool.

Lucy Loud: It sure was.

Me: Thank you for sharing that story with us Twilight. It was awesome!

Twilight Sparkle: Glad you all liked it.

I looked at the clock and it was 6:00 PM.

Me: Whoa! We got to get over to the Convention Center. We go on in 1 hour!

We got ready and we were off.

Later everyone was all dressed in awesome costumes and we were almost ready.

Maria: Wish us luck, guys!

Nico: Okay.

Me: Places everyone. We're about to begin.

We got to our places.

I came out onto the stage.

Me: Good evening everyone and welcome to tonight's presentation of the world famous story by Charles Dickens, A Christmas Carol and you all are in for quite a treat tonight. Join us as we embark on the journey of a man who hated Christmas with a passion and thanks to the help of three spirits changed his ways.

We got the play started as the curtains opened and I got to my post.

Me: It was Christmas Eve in Victorian Era London, England in 1843 and everyone was filled with the Christmas Spirit. You can hear the magnificent cheer of Christmas Filling the air.

The people of London were singing and joyous. Everyone was having so much fun. Lincoln as Scrooge came down the street.

Me: Yes, Everyone was happy. Except for one and that person was none other than Ebenezer Scrooge.

Happy groups pass; brightly costumed carolers and families call out to one another and sing "Joy to the World" softly as the children talk. Clyde as Bob Cratchit, a clerk who works in Scrooge's office, comes in. He takes some coal from the mound and puts it into a small bucket. Scrooge's nephew Fred enters, talks with the children, gives them coins, and sends them away with a "Merry Christmas."

Rusty as Fred came in.

FRED: A Merry Christmas, Uncle! God save you!

SCROOGE: Bah! Humbug!

FRED: Christmas is a humbug, Uncle? I hope that's meant as a joke.

SCROOGE: Well, it's not. Come, what is it you want? Don't waste all day, Nephew.

FRED: I only want to wish you a Merry Christmas, Uncle. Don't be cross.

SCROOGE: What else can I be when I live in such a world of fools as this? Merry Christmas! Out with Merry Christmas! What's Christmas to you but a time for paying bills without money; a time for finding yourself a year older but not an hour richer. If I could work my will, every idiot who goes about with "Merry Christmas" on his lips should be boiled with his own pudding and buried with a stake of holly through his heart.

FRED: Uncle!

SCROOGE: Nephew, keep Christmas in your own way and let me keep it in mine.

FRED: But you don't keep it.

SCROOGE: Then leave it alone then, much good it may do you. Much good it has ever done you.

FRED: There are many things from which I might have found enjoyment by which I have not profited, I daresay, Christmas among the rest. And though it has never put a scrap of gold in my pocket, I believe it has done me good and will do me good, and I say God bless it!

SCROOGE: Bah!

FRED: Don't be angry, Uncle. Come! Dine with us tomorrow.

SCROOGE: I'll dine alone, thank you.

FRED: But why?

SCROOGE: Why? Why did you get married?

FRED: Why, because I fell in love with a wonderful girl.

SCROOGE: And I fell in love with being alone. Good afternoon.

FRED: Nay, Uncle, but you never came to see me before I was married. Why give it as a reason for notcoming now?

SCROOGE: Good afternoon.

FRED: I am sorry with all my heart to find you so determined; but I have made the attempt to honor Christmas, and I'll keep that good spirit to the last. So, a Merry Christmas, Uncle.

SCROOGE: Good Afternoon!

FRED: And a Happy New Year!

SCROOGE: GOOD AFTERNOON! (Fred hesitates as if to say something more, he sees that Scrooge has gone to get a book down from the shelf, and he starts to leave. As he leaves, the doorbell rings.) Bells. Is it necessary to always have bells? (The Gentleman visitor enters, causing the doorbell to ring again.) Cratchit!

CRATCHIT: Yes, sir?

SCROOGE: The bell, fool! See to it!

CRATCHIT: Yes, sir. (He goes to the entrance.)

SCROOGE: (muttering) Merry Christmas… Wolves howling and a Merry Christmas…

CRATCHIT: It's for you, sir.

SCROOGE: Of course it's for me. You're not receiving callers, are you? Show them in. CRATCHIT: Right this way, sir. (The gentleman visitor approaches Scrooge.)

SCROOGE: Yes, yes?

5GENTLEMAN VISITOR: Scrooge and Marley's, I believe. Have I the pleasure of addressing Mr. Scrooge or Mr. Marley?

SCROOGE: Marley's dead. Seven years tonight. What is it you want?

GENTLEMAN VISITOR: I have no doubt that his kindness is well represented by his surviving partner. Here, sir, my card. (He hands Scrooge his business card.)

SCROOGE: Kindness? No doubt of it? All right, all right, I can read. What is it you want? (he returns to his work.)

GENTLEMAN VISITOR: At this festive season of the year…

SCROOGE: It's winter and cold. (He continues his work and ignores the gentleman visitor.)

GENTLEMAN VISITOR: Yes… yes, it is, and the more reason for my visit. At this time of the year it is more than usually desirable to make some slight provision for the poor and penniless who suffer greatly from the cold. Many thousands are in want of common necessaries; hundreds of thousands are in want of common comforts, sir.

SCROOGE: Are there no debtor's prisons?

GENTLEMAN VISITOR: Many, sir.

SCROOGE: And the workhouse, is it still in operation?

GENTLEMAN VISITOR: It is, still, I wish I could say it was not.

SCROOGE: The poor law is still in full strength then?

GENTLEMAN VISITOR: Yes sir.

SCROOGE: I'm glad to hear it. From what you said, I was afraid someone had stopped its operation.

GENTLEMAN VISITOR: Under the impression that they barely provide Christian cheer of mind or body to many people, a few of us are hoping to raise fund to buy the poor some meat and drink and means of warmth. We chose this time because it is the time, of all others, when want is strongly felt and abundance rejoices. May I put you down for something sir?

SCROOGE: Nothing.

GENTLEMAN VISITOR: You wish to be anonymous?

SCROOGE: I wish to be left alone. Since you ask me what I wish, sir, that is my answer. I don't make merry myself at Christmas and I can't afford to make lazy people merry. I help support the establishments I have mentioned… they cost enough… and those who are poorly off must go there.

GENTLEMAN VISITOR: Many can't go there, and many would rather die.

SCROOGE: If they would rather die, they had better do it and decrease the surplus population. That is not my affair. My business is. It occupies me constantly. (He talks both to the gentleman visitor and himself while he thumbs through his books.) Ask a man to give up life and means… fine thing. What is it, I want to know? Charity? Damned charity! (His nose deep in his books, he vaguely hears the dinner bell being rung in the workhouse; he looks up as if he has heard it but never focuses on the actual scene The warder of the poorhouse stands in a pool of light at the far left, slowly ringing a bell.)

WARDER: Dinner. All right. Line up. (The poorly clad, dirty residents of the poorhouse line up and file by to get their evening dish of gruel, wordlessly accepting it and going back to eat listlessly in the gloom. Scrooge returns to the business of his office. The procession continues for a moment, then the image of the poorhouse is hidden by darkness. The dejected gentleman visitor exits.)

SCROOGE: Latch the door, Cratchit. Firmly, firmly. Draft as cold as Christmas blowing in here. Charity! (Suddenly carolers appear on the platform, and a few phrases of their carol, "Angels We Have Heard On High," are heard. Scrooge looks up.)

Cratchit! (As soon as Scrooge shouts, the carolers vanish and Cratchit begins to close up the shop.) Cratchit!

CRATCHIT: Yes, sir?

SCROOGE: Well, to work then!

CRATCHIT: It's evening, sir.

SCROOGE: Is it?

CRATCHIT: Christmas evening, sir.

SCROOGE: Oh, you'll want all day tomorrow off, I suppose.

CRATCHIT: If it's quite convenient, sir.

SCROOGE: It's not convenient, and it's not fair. If I was to deduct half a crown4 from your salary for it, you'd think yourself ill used, wouldn't you? Still you expect me to pay a day's wage for a day of no work.

CRATCHIT: It's only once a year, sir.

SCROOGE: Be here all the earlier the next morning.

CRATCHIT: I will, sir.

SCROOGE: Then off, off.

CRATCHIT: Yes, sir! Merry Christmas, Sir!

Me: Scrooge then headed home. But little did he know that for him, this was going to be a night like no other.

SCROOGE: Bah!

(As soon as Cratchit opens the door, the sounds of the street begin, very bright and loud. Cratchit is caught up in a swell of people hurrying down the street. Children pull him along to the top of an ice slide, and he runs and slides down it, disappearing in darkness as the stage suddenly is left almost empty. Scrooge goes around the room blowing out candles, talking to himself.)

SCROOGE: Christmas Eve. Carolers! Bah! There. Another day.

(He opens his door and peers out.)

SCROOGE: Black, very black. Now where are they?

(The children are heard singing carols for a moment)

SCROOGE: Begging pennies for their songs, are they? Oh boy! Hold it quiet! There. Off now. That's it. High. Black as pitch. The house of Ebenezer, here's the key. (He turns the key toward the door, and the face of Jacob Marley, Scrooge's deceased business partner, swims out of the darkness. Scrooge watches, unable to speak. He fumbles for a match, lights the lantern, and swings it toward the figure, which melts away. Pause. Scrooge fits the key in the lock and turns it as the door suddenly is opened from the inside by the porter, Sparsit. Scrooge is startled, then recovers.) Sparsit?

Lana as Sparsit came.

SPARSIT: Yes, sir?

SCROOGE: Hurry, hurry. The door… close it.

SPARSIT: Did you knock, sir?

SCROOGE: Knock? What matter? Here, light me up the stairs.

SPARSIT: Yes, sir (He leads Scrooge up the stairs. They pass the cook on the way. Scrooge brushes by here, stops, looks back, and leans toward him.)

Lola as the cook came.

COOK: Something to warm you, sir? Porridge?

SCROOGE: Wha…? No. No, nothing.

COOK: (Waiting for her Christmas coin) Merry Christmas, sir. (Scrooge ignores the request and the cook disappears. Mumbling, Scrooge follows Sparsit.)

SCROOGE: (Looking back after the cook is gone) Fright a man nearly out of his life… Merry Christmas… bah!

SPARSIT: Your room, sir.

SCROOGE: Hmm? Oh yes, yes. And good night.

SPARSIT: (Extending his hand for his coin) Merry Christmas, sir.

SCROOGE: Yes, yes… (He sees the outstretched hand; he knows what Sparsit wants and is infuriated.) out! Out! (He closes the door after Sparsit, turns toward his chamber, and discovers the charwoman-a woman hired to do cleaning-directly behind him)

Lori the Charwoman was cleaning.

CHARWOMAN: Warm your bed for you, sir?

SCROOGE: What? Out! Out!

CHARWOMAN: Aye, sir. (She starts for the door. Marley's voice is heard mumbling something unintelligible.)

SCROOGE: What's that?

CHARWOMAN: Me, sir? Not a thing, sir.

SCROOGE: Then, good night.

CHARWOMAN: Good night. (She exits and Scrooge pantomimes shutting the door behind her. The voice of Marley over an offstage microphone whispers and reverberates: "Merry Christmas, Scrooge!" silence. Scrooge hears the voice but cannot account for it. He climbs up to open a window and looks down. A cathedral choir singing "O Come, All Ye Faithful" is heard in the distance. Scrooge listens a moment, shuts the window, and prepares for bed. As soon as he has shut the sound out of his room, figures appear; they seem to be coming down the main aisle of a church, bearing gifts to the living nursery. The orchestra plays "O Come, All Ye Faithful" as the procession files out. Scrooge, ready for bed, warms himself before the heap of coals. As he pulls his nightcap from a chair, a small handbell tumbles off onto the floor. Startled, he picks it up and rings it for reassurance; an echo answers it. Scrooge escapes to his bed; the bell sounds grow to a din, incoherent as in a dream, then suddenly fall silent. Scrooge sits up in bed, listens, hears the chains of Marley coming up the stairs. Scrooge reaches for the bellpull to summon Sparsit. The bell responds with a gong, and Marley appears. He and Scrooge face one another.)

The spirit of his dead partner Zach as Jacob Marley appeared.

SCROOGE: Jacob Marley. What do you want with me?

MARLEY: (In a ghostly, unreal voice.) Much.

SCROOGE: Who are you?

MARLEY: Ask who I was.

SCROOGE: Who were you?

MARLEY: In life, I was your partner, Jacob Marley.

SCROOGE: He's Dead.

MARLEY: Seven years this night, Ebenezer Scrooge.

SCROOGE: Why do you come here?

MARLEY: I must. It is commanded me. I must wander the world and see what I can no longer share, what I would not share when I walked where you do.

SCROOGE: And must go thus?

MARLEY: The chain? Look at it, Ebenezer, study it. Locks and vaults and golden coins. I forged it, each link, each day when I sat in these chairs, commanded these rooms. Greed, Ebenezer Scrooge, wealth. Feel them, know them. Yours was as heavy as this I wear seven years ago and you have labored to build it since.

SCROOGE: If you're here to lecture, I have no time for it. It is late, the night is cold. I want comfort now.

MARLEY: I have none to give. I know not how you see me this night. I did not ask it. I have sat invisible beside you many and many a day. I am commanded to bring you a chance, Ebenezer. Heed it!

SCROOGE: Quickly then, quickly.

MARLEY: You will be haunted by three spirits.

SCROOGE: (Scoffing) Is that the chance?

MARLEY: Mark it.

SCROOGE: I do not choose to.

MARLEY: (Ominously) Then you will walk where I do, burdened by your riches, your greed.

SCROOGE: Spirits mean nothing to me.

MARLEY: (Slowly leaving) Expect the first tomorrow, when the bell tolls one, the second the next night at the same hour, the third upon the next night when the last stroke of twelve has ended. Look to see me no more. I must wander. Look that, for your own sake, you remember what has passed between us.

SCROOGE: Jacob… Don't leave me!… Jacob! Jacob!

MARLEY: Goodbye, Ebenezer. (At Marley's last words a funeral procession begins to move across the stage. A boy walks in front; a priest follows, swinging a censer; sounds of mourning and the suggestion of church music are heard. Scrooge calls out, "Jacob,don't leave me!" as if talking in the midst of a bad dream. Scrooge pulls shut the bed curtains. The bell sounds are picked up. The clock begins to chime, ringing the hours. Scrooge sits up in bed and begins to count the chimes.)

SCROOGE: Eight… nine… ten… eleven… it can't be… twelve. Midnight? No, not twelve. It can't be. I haven't slept the whole day through. Twelve? Yes, yes, twelve noon. (He hurries to the window and looks out.) Black. Twelve midnight. (Pause) I must get up. A day wasted. I must get down to the office. (Two small chimes are heard.) Quarter past. But it just rang twelve. Fifteen minutes haven't gone past, not so quickly. (Again two small chimes are heard) a quarter to one. The spirit… It's to come at one. (He hurries to his bed as the chimes ring again) One.

Me: The clock stroke one and in came the first spirit.

The hour is struck again by a large street clock and the first spirit appears. It is a figure dressed to look like a little girl's doll. It was Laney as the Ghost of Christmas Past.

SCROOGE: Are you the spirit whose coming was foretold to me?

FIRST SPIRIT: I am.

SCROOGE: Who and what are you?

FIRST SPIRIT: I am the Ghost of Christmas Past.

SCROOGE: Long past?

FIRST SPIRIT: Your past.

SCROOGE: Why are you here?

FIRST SPIRIT: Your welfare. Rise. Walk with me.

SCROOGE: I am mortal still. I cannot pass through air.

FIRST SPIRIT: My hand. (Scrooge grasps the spirit's hand tightly, and the doll's bell rings softly. Scrooge remembers a scene from his past in which two boys greet each other in the street.)

He saw Liam as Ben Benjamin and Lee as Jack Walton.

BEN BENJAMIN: Halloo, Jack!

JACK WALTON: Ben! Merry Christmas, Ben!

SCROOGE: Jack Walton. Young Jack Walton. Spirits…

BEN BENJAMIN: Have a good holiday, Jack.

SCROOGE: Yes, yes, I remember him. Both of them. Little Ben Benjamin. He used to…

BEN BENJAMIN: See you next term, Jack. Next… term…

SCROOGE: They… they're off for the holidays and going home from school. It's Christmas time… all of the children off home now… No… no, not at all… there was one… (The spirit motions for Scrooge to turn, and he sees a young boy playing with a teddy bear and talking to it.) Yes… reading… poor boy.

FIRST SPIRIT: What, I wonder?

SCROOGE: Reading? Oh, it was nothing. Fancy, all fancy and make-believe and take-me-away. All of it. Yes, nonsense.

Me: Scrooge then saw himself as a child and for him he was no different than what he was now.

CHILD SCROOGE: Ali Baba.

SCROOGE: Yes… that was it.

CHILD SCROOGE: Genii, take me to the Gate of Damascus.

SCROOGE: Yes, O Master, and jewels I shall bring you, and gold and myrrh and frankincense.

CHILD SCROOGE: And they put him down - do you remember - that silly one, at the Gate of Damascus, in his underdrawers - asleep!

SCROOGE: Yes, yes, the genii turned the Sultan's groom upside down and stood him on his head - served him right, I say!

CHILD SCROOGE: And all the thieves and the jars of oil… (Scrooge pretends to stab the jars of oil with his scimitar.)

SCROOGE: Yes, yes, and running them through - this and this and this for each of you!

CHILD SCROOGE: Yes, and remember… and remember… remember Robinson Crusoe?

SCROOGE: And the parrot!

CHILD SCROOGE: Yes, the parrot! I love him best.

SCROOGE: (Imitating the parrot) With his stripey green body and yellow tail drooping along and couldn't sing - awk - but could talk, and a thing like lettuce growing out the top of its head… and he used to sit on the very top of the tree - up there.

CHILD SCROOGE: And Robinson Crusoe sailed around the island and he thought the parrot said, the parrot said…

SCROOGE: (Imitating the parrot) Robinson Crusoe, where you been? Awk! Robinson Crusoe, where you been?

CHILD SCROOGE: And Robinson Crusoe looked up in the tree and saw the parrot and knew he hadn't escaped and he was still there, still all alone there.

SCROOGE: Poor Robinson Crusoe.

CHILD SCROOGE: (sadly replacing teddy bear) Poor Robinson Crusoe.

SCROOGE: Poor child. Poor child.

FIRST SPIRIT: Why poor?

SCROOGE: Fancy… fancy… (He tries to mask his feelings by being impolite.) it's his way, a child's way to… to lose being alone in… dreams, dreams… Never matter if they are all nonsense, yes, nonsense. But he'll be all right, grow out of it. Yes. Yes, he did outgrow it, the nonsense. Became a man and left there and he became, yes he became a man and… yes, successful… rich! (The sadness returns.) Never matter… never matter (Fan, Scrooge's sister, runs in and goes to Child Scrooge.) Fan! FAN: Brother, dear brother! (She kisses Child Scrooge.)

CHILD SCROOGE: Dear, dear Fan. FAN: I've come to bring you home, home for good and ever. Come with me, come now. (She takes his hand and they start to run off, but the spirit stops them and signals for the light on them to fade. They look at the spirit, aware of their role in the spirit's "education" of Scrooge.)

SCROOGE: Let me watch them go? Let them be happy for a moment! (The spirit says nothing. Scrooge turns away from them and the light goes out.) A delicate, delicate child. A breath might have withered her.

FIRST SPIRIT: She dies a woman and had, as I remember, children.

SCROOGE: One child.

FIRST SPIRIT: Your nephew.

SCROOGE: Yes, yes, Fred, my nephew. (Scrooge pauses, then tries to bluster through.) Well? Well all of us have that, haven't we? Childhoods? Sadness? But we grow and we become men, masters of ourselves. (The spirit gestures for the music "Fezziwig's Party" to begin. It is heard first as from a great distance, then Scrooge becomes aware of it.) I've no time for it, Spirit. Music and all your Christmas nonsense. Yes, yes, I've learnt what you have to show me. (Fezziwig, Young Ebenezer, and Dick appear, busily preparing for the party.)

In came Lynn Sr. as Scrooge's Teacher Fezziwing.

FEZZIWIG: Yo ho, there! Ebenezer! Dick!

SCROOGE: Fezziwig! It's old Fezziwig that I apprenticed under.

FIRST SPIRIT: Your master?

Dick Wilkins was being played by Pip-Squeak.

SCROOGE: Oh, yes, and the best that any boy could have. There's Dick Wilkins! Bless me. He was very much attached to me was Dick. Poor Dick. Dear, dear.

FEZZIWIG: Yo ho, my boys! No more work tonight. Christmas Eve, Dick! Christmas, Ebenezer! Let's have the shutters up before a man can say Jack Robinson! (The music continues. Chandeliers are pulled into position, and mistletoe, holly, and ivy are draped over everything by bustling servants. Dancers fill the stage fro Fezziwig's wonderful Christmas party. In the midst of the dancing and the laughter servants pass back and forth through the crowd with huge platters of food. At a pause in the music, young Ebenezer, who is dancing, calls out.)

YOUNG EBENEZER: Mr. Fezziwig, sir, you're a wonderful master!

SCROOGE and YOUNG EBENEZER: A wonderful master!

SCROOGE: (Echoing the phrase) A wonderful master! (The music changes suddenly and the dancers jerk into distorted postures and then begin to move in slow motion. The celebrants slowly exit, performing a ghoulish dance to the jarring sounds.)

FIRST SPIRIT: Just because he gave us a party? It was very small.

SCROOGE: Small! FIRST SPIRIT: He spent a few pounds of your "mortal" money, three, four at the most. Is that so much that he deserves this praise?

SCROOGE: But it wasn't the money. He had the power to make us happy, to make our service light or burdensome. The happiness he gives is quite as great as if it had cost a fortune. That's what… a good master is.

FIRST SPIRIT: Yes?

SCROOGE: No, no, nothing.

FIRST SPIRIT: Something, I think.

SCROOGE: I should like to be able to say a word or two to my clerk just now, that's all.

FIRST SPIRIT: But this is all in your past. Your clerk Cratchit couldn't be here.

SCROOGE: No, no, of course not, an idle thought. Are we done?

FIRST SPIRIT: (Motioning for the waltz music to begin) Nearly.

SCROOGE: (Hearing the waltz and remembering it) Surely it's enough. Haven't you tormented me enough? (Young Ebenezer is seen waltzing with his sweetheart.)

FIRST SPIRIT: I only show the past, what it promised you. Look. Another promise.

SCROOGE: Oh. Oh, yes. I had forgotten… her. Don't they dance beautifully? So young, so young. I would have married her if only…

Girl Jordan as Sweetheart came.

SWEETHEART: Can you love me, Ebenezer? I bring no dowry into my marriage, only me, only love. It is no currency that you can buy and sell with, but we can live with it. Can you? (She pauses, then returns the ring Scrooge gave her as his pledge.) I release you, Ebenezer, for the love of the man you once were. Will that man win me again, now that he is free?

SCROOGE: (Trying to speak to her) If only you had held me to it. You should not have let me go. I was young, I did love you.

SWEETHEART: (Speaking to Young Ebenezer) We have never lied to one another. May you be happy in the life you have chosen. Good-bye. (She runs out. Young Ebenezer slowly leaves.)

SCROOGE: No, no, it was not meant that way… !

FIRST SPIRIT: You cannot change now what you would not change then, I am your mistakes, Ebenezer Scrooge, all of the things you could have done and did not.

SCROOGE: Then leave me! I have done with them. I shall live with them. As I have, as I do; as I will.

FIRST SPIRIT: There is another Christmas, seven years ago, when Marley died.

SCROOGE: No! I will not see it, I will not! He dies. I could not prevent it. I did not choose for him to die on Christmas Day.

FIRST SPIRIT: And when his day was chosen, what did you do then?

SCROOGE: I looked after his affairs.

FIRST SPIRIT: His business.

SCROOGE: Yes! His business! Mine! It was all I had, all that I could do in this world. I have nothing to do with the world to come after.

FIRST SPIRIT: Then I will leave you.

SCROOGE: Not yet! Don't leave me here! Tell me what I must do! What of the other spirits?

FIRST SPIRIT: They will come.

SCROOGE: And you? What of you?

FIRST SPIRIT: I am always with you. (Scrooge numbly heads to bed. Signal the chiming of Scrooge's bell. Scrooge sits upright in bed as he hears the chimes.)

SCROOGE: One minute until one. No one here. No one's coming.
(A larger clock strikes one o' clock.)

Scrooge was back in his room.

Me: The spirits were not done with Scrooge yet. He was about to be visited by the second spirit of Christmas.

A light comes on. Scrooge becomes aware of it and goes slowly to it. He sees the second spirit, the Spirit of Christmas Present, who looks like Fezziwig.

He was visited by Luan as the Ghost of Christmas Present.

SCROOGE: Fezziwig!

SECOND SPIRIT: Hello, Scrooge.

SCROOGE: But you can't be… not Fezziwig.

SECOND SPIRIT: Do you see me as him?

SCROOGE: I do.

SECOND SPIRIT: And hear me as him?

SCROOGE: I do.

SECOND SPIRIT: I wish I were the gentleman, so as not to disappoint you.

SCROOGE: But you're not…?

SECOND SPIRIT: No, Mr. Scrooge. You have never seen the like of me before. I am the Ghost of Christmas Present.

SCROOGE: But…

SECOND SPIRIT: You see what you will see, Scrooge, no more. Will you walk out with me this Christmas Eve?

SCROOGE: But I am not yet dressed.

SECOND SPIRIT: Take my tails, dear boy, we're leaving.

SCROOGE: Wait!

SECOND SPIRIT: What is it now?

SCROOGE: Christmas Present, did you say?

SECOND SPIRIT: I did.

SCROOGE: Then we are traveling here? In this town? London? Just down there?

SECOND SPIRIT: Yes, yes, of course.

SCROOGE: Then could we walk? Your flying is… well, too sudden for an old man. Well?

SECOND SPIRIT: It's your Christmas, Scrooge; I am only the guide.

SCROOGE: (Puzzled) Then we can walk? (The spirit nods.) Where are you guiding me to?

SECOND SPIRIT: Bob Cratchit's.

SCROOGE: My clerk?

SECOND SPIRIT: You did want to talk to him? (Scrooge pauses, uncertain how to answer.) Don't worry, Scrooge, you won't have to.

SCROOGE: (Trying to change the subject, to cover his error) Shouldn't be much of a trip. With fifteen bob a week, how far off can it be?

SECOND SPIRIT: A world away, Scrooge, at least that far. (Scrooge and the spirit start to step off a curb when a funeral procession enters with a child's coffin, followed by the poorhouse children, who are singing.) That is the way to it, Scrooge. (The procession follows the coffin offstage; Scrooge and the spirit exit after the procession. As they leave, the lights focus on Mrs. Cratchit and her children.

Mrs. Cratchit sings as she puts Tiny Tim and the other children to bed, all in one bed. She pulls a dark blanket over them.)

Maria Rockell played Emily Cratchit.

MRS. CRATCHIT: (Singing) When you wake, you shall have All the pretty little horses, Blacks and bays, dapples and grays, All the pretty little horses. To sleep now, all of you. Christmas tomorrow. (She kisses them and goes to Bob Cratchit, who is by the hearth.) How did our little Tiny Tim behave?

Darcy was playing as Tiny.

Me: Tiny Tim was a very ill boy and he needed a lot of help. But the Cratchit's didn't have enough money to get him treatment.

BOB CRATCHIT: As good as gold and better. He told me, coming home, that he hoped the people saw him in the church because he was a cripple and it might be pleasant for them to remember upon Christmas Day who made the lame to walk and the blind to see.

MRS. CRATCHIT: He's a good boy (The second spirit and Scrooge enter. Mrs. Cratchit feels a sudden draft.) Oh, the wind. (She gets up to shut the door.)

SECOND SPIRIT: Hurry. (He nudges Scroogein before Mrs. Cratchit shuts the door.)

SCROOGE: Hardly hospitable is what I'd say.

SECOND SPIRIT: Oh, they'd say a great deal more, Scrooge, if they could see you.

SCROOGE: Oh, they should, should they?

SECOND SPIRIT: Well, I might have a word for them..

SCROOGE: You're here to listen.

SECOND SPIRIT: Oh. Oh yes, all right. By the fire?

SECOND SPIRIT: But not a word.

BOB CRATCHIT: (Raising his glass) My dear, to Mr. Scrooge. I give you Mr. Scrooge, the founder of the feast.

MRS. CRATCHIT: The founder of the feast indeed! I wish I had him here! I'd give him a piece of my mind to feast upon, and hope he'd have a good appetite for it.

BOB CRATCHIT: My dear, Christmas Eve.

MRS. CRATCHIT: It should be Christmas Eve, I'm sure, when one drinks to the health of such an odious, stingy, hard, unfeeling man as Mr. Scrooge. You know he is, Robert! Nobody knows it better than you do, poor dear.

BOB CRATCHIT: I only know one thing on Christmas: that one must be charitable.

MRS. CRATCHIT: I'll drink to his health for your sake and the day's, not for his. Long life to him! A Merry Christmas and a Happy New Year. He'll be very merry and very happy, I have no doubt.

BOB CRATCHIT; If he cannot be, we must be happy for him. A song is what's needed. Tim!

MRS. CRATCHIT: Shush! I've just gotten him down and he needs all the sleep he can get.

BOB CRATCHIT: If he's asleep on Christmas Eve, I'll be much mistaken. Tim! He must sing, dear, there is nothing else that might make him well.

TINY TIM: Yes, Father?

BOB CRATCHIT: Are you awake?

TINY TIM: Just a little.

BOB CRATCHIT: A song then! (The children awaken and, led by Tiny Tim, sit up to sing "What Child Is This?" As they sing, Scrooge speaks.)

SCROOGE: Spirit. (He holds up his hand; all stop singing and look at him.) I… I have seen enough. (When the spirit signals to the children, they leave the stage, singing the carol quietly. Tiny Tim remains, covered completely by the dark blanket, disappearing against the black.) Tiny Tim… will he live?

SECOND SPIRIT: He is very ill. Even song cannot keep him whole through a cold winter.

SCROOGE: But you haven't told me!

SECOND SPIRIT: (Imitating Scrooge) If he be like to die, he had better do it and decrease the surplus population. (Scrooge turns away) Erase, Scrooge, those words from your thoughts. You are not the judge. Do not judge, then. It may be that in the sight of heaven you are more worthless and less fit to live than millions like this poor man's child. Oh God! To hear an insect on a leaf pronouncing that there is too much life among hid hungry brothers in the dust. Good-bye, Scrooge.

SCROOGE: But is there no happiness in Christmas Present?

SECOND SPIRIT: There is.

SCROOGE: Take me there.

SECOND SPIRIT: It is at the home of your nephew…

SCROOGE: No!

SECOND SPIRIT: (Disgusted with Scrooge.) Then there is none.

SCROOGE: But that isn't enough… You must teach me!

SECOND SPIRIT: Would you have a teacher, Scrooge? Look at your own words.

SCROOGE: But the first spirit gave me more… !

SECOND SPIRIT: He was Christmas Past. There was a lifetime he could choose from. I have only this day, one day, and you Scrooge. I have nearly lived my fill of both. Christmas Present must be gone at Midnight. That is near now. (He speaks to two beggar children who pause shyly at the far side of the stage. The children are thin and sickly; they are barefoot and wear filthy rags.) Come. (They go to him.)

SCROOGE: Is this the last spirit who is to come to me?

SECOND SPIRIT: They are no spirits. They are real. Hunger, Ignorance. Not spirits, Scrooge, passing dreams. They are real. They walk your streets, look to you for comfort. And you deny them. Deny them not too long, Scrooge. They will grow and multiply and they will not remain children.

SCROOGE: Have they no place to go, no resource for help?

SECOND SPIRIT: (Again imitating Scrooge) Are there no prisons? Are there no workhouses? (Tenderly to the children) Come. It's Christmas Eve. (He leads them offstage.)

Me: Scrooge is about to see the Last Spirit come and it has a terrible message for him with a horrible fate.

Scrooge is entirely alone for a long moment. He is frightened by the darkness and feels it approaching him. Suddenly he stops, senses the presence of the third spirit, turns toward him, and sees him. The spirit is bent and cloaked. No physical features are distinguishable.

The figure was Raven as the Ghost of Christmas Yet to Come. The Future is Looking Grim.

SCROOGE: You are the third. (The spirit says nothing.) The Ghost of Christmas Yet to Come. (The spirit says nothing.) Speak to me. Tell me what is to happen-to me, all of us. (The spirit says nothing.) Then show me what I must see. (The spirit points. Light illuminates the shadows of Scrooge's house.) I know it. I know it too well, cold and cheerless. It is mine. (The cook and the charwoman are dimly visible in Scrooge's house.) What is…? There are thieves! There are thieves in my rooms! (He starts forward to confront them, but the spirit beckons for him to stop.) I cannot tell me that I must watch them and do nothing. I will not. It is mine still. (He rushes into the house to claim his belongings and to protect them. The two women do no notice his presence.)

COOK: He ain't about, is he? (The charwoman laughs.) Poor ol' Scrooge 'as met 'is end. (She laughs with the charwoman.)

CHARWOMAN: An' time for it, too; ain't been alive indeed for half his life.

COOK: But the Sparsit's nowhere, is he…?

SPARSIT: (Emerging from the blackness.) Lookin' for someone, ladies? (The cook shrieks, but the charwoman treats the matter more practically, anticipating competition from Sparsit.)

CHARWOMAN: There ain't enough but for the two of us!

SPARSIT: More 'an enough… if you know where to look.

COOK: Hardly decent is what I'd say, hardly decent, the poor old fella hardly cold and you're thievin' his wardrobe.

SPARSIT: You're here out of love, are ya?

CHARWOMAN: There's no time for that. (Sparsit acknowledges Scrooge for the first time, gesturing toward him as if the living Scrooge were the corpse. Scrooge stands as if rooted to the spot, held there by the power of the spirit.)

SPARSIT: He ain't about to bother us, is he?

CHARWOMAN: Ain't he a picture?

COOK: If he is, it ain't a happy one. (They laugh.)

SPARSIT: Ladies, shall we start? (The three of them grin and advance on Scrooge.) Cook?

COOK: (Snatching the cuff links from the shirt Scrooge wears.) They're gold, ain't they?

SPARSIT: The purest, madam.

CHARWOMAN: I always had a fancy for that nightcap of his. My old man could use it. (She takes the nightcap from Scrooge's head.

Sparsit playfully removes Scrooge's outer garment, the coat or cloak that he has worn in the previous scenes.)

SPARSIT: Bein' a man of more practical tastes, I'll go for the worsted14 and hope the smell ain't permanent. (The three laugh.) Cook, we go round again.

COOK: Do you think that little bell he's always ringing at me is silver enough to sell? (The three of them move toward the nightstand, and Scrooge cries out.)

SCROOGE: No more! No more! (As the spirit directs Scrooge's attention to the tableau15 of the three thieves standing poised over the silver bell, Scrooge bursts out of the house, clad only in his nightshirt.) I cannot. I cannot. The room is… too like a cheerless place that is familiar. I won't see it. Let us go from here. Anywhere. (The spirit directs his attention to the Cratchit house; the children are sitting together near Mrs. Cratchit, who is sewing a coat. Peter reads by the light of the coals.)

Peter was being portrayed by Bobby Santiago.

PETER: "And he took a child and set him in the midst of them."

MRS. CRATCHIT: (Putting her hand to her face.) The light tires my eyes so. (Pause.) They're better now. It makes them tired to try to see by firelight, and I wouldn't show reddened eyes to your father when he comes home for the world. It must be near his time now.

PETER: Past it, I think, but he walks slower than he used to, these last few days, Mother.

MRS. CRATCHIT: I have known him to walk with Tiny Tim upon his shoulder very fast indeed. (She catches herself, then hurries on.) But he was very light to carry and his father loved him, so that it was no trouble, no trouble. (She hears Bob Cratchit approaching.) Smiles, everyone, smiles.

BOB CRATCHIT: (Entering.) My dear, Peter… (He greets the other children by their real names.) How is it coming?

MRS. CRATCHIT: (Handing him the coat.) Nearly done.

BOB CRATCHIT: Yes, good, I'm sure that it will be done long before Sunday.

MRS. CRATCHIT: Sunday! You went today then, Robert?

BOB CRATCHIT: Yes. It's… it's all ready. Two o'clock. And a nice place. It would have done you good to see how green it is. But you'll see it often. I promised him that, that I would walk there on Sunday… often.

MRS. CRATCHIT: We mustn't hurt ourselves for it, Robert.

BOB CRATCHIT: No. No, he wouldn't have wanted that. Come now. You won't guess who I've seen. Scrooge's nephew, Fred. And he asked after us and said he was heartily sorry and to give his respect to my good wife. How he ever knew that, I don't know.

MRS. CRATCHIT: Knew what, my dear?

BOB CRATCHIT: Why, that you were a good wife.

PETER: Everybody knows that.

BOB CRATCHIT: I hope that they do. "Heartily sorry," he said, "for your good wife, and if I can be of service to you in any way-" and he gave me his card-"that's where I live"-and Peter, I shouldn't be at all surprised if he got you a position.

MRS. CRATCHIT: Only hear that, Peter!

BOB CRATCHIT: And then you'll be keeping company with some young girl and setting up for yourself.

PETER: Oh, go on.

BOB CRATCHIT: Well, it will happen, one day, but remember, when that day does come-as it must-we must none of us forget poor Tiny Tim and this first parting in our family.

Me: Tiny Tim will succumb to his disease and die.

SCROOGE: He died! No, no! (He steps back and the scene disappears; he moves away from the spirit.)

Me: But Scrooge was about to discover something that not even he was prepared for.

SCROOGE: Because he would not… no! You cannot tell me that he has died, for that Christmas has not come! I will not let it come! I will be there… It was me. Yes, yes, and I knew it and couldn't look. I won't be able to help. I won't. (Pause.) Spirit, hear me. I am not the man I was. I will not be that man that I have been for so many years. Why show me all of this if I am past all hope? Assure me that I yet may change these shadows you have shown me. Let the boy live! I will honor Christmas in my heart and try to keep it all the year. I will in the Past, the Present, and the Future. The spirits of all three shall strive within me. I will not shut out the lessons that they teach. Oh, tell me that I am not too late!

Me: If Scrooge didn't change his ways, he was headed towards a dark fate and this is what would've happened!

I raised my hand and a massive wall of fire formed on the floor and a malevolent laugh was heard as evil glowing red eyes formed above the flames.

Me: Scrooge's path would be one filled with nothing but eternal damnation in the fires of Hell and burning for all eternity.

But then, Blackout. When the lights come up again, Scrooge is in bed. The third spirit has disappeared. Scrooge awakens and looks around his room.

SCROOGE: The curtains! They are mine and they are real. They are not sold. They are here. I am here; the shadows to come may be dispelled. They will be. I know they will be. (He dresses himself hurriedly.) I don't know what to do. I'm as light as a feather, merry as a boy again. Merry Christmas! Merry Christmas! A Happy New Year to all the world! Hello there! Whoop! Hallo! What day of the month is it? How long did the spirits keep me? Never mind. I don't care. (He opens the window and calls to a boy in the street below.) What's today?

BOY: Eh?

SCROOGE: What's the day, my fine fellow?

BOY: Today? Why, Christmas Day!

SCROOGE: It's Christmas Day! I haven't missed it! The spirits have done it all in one night. They can do anything hey like. Of course they can. Of course they can save Tim. Hallo, my fine fellow!

BOY: Hallo!

SCROOGE: Do you know the poulterers in the next street at the corner?

BOY: I should hope I do.

SCROOGE: An intelligent boy. A remarkable boy. Do you know whether they've sold the prize turkey that was hanging up there? Not the little prize; the big : What, the one as big as me?

SCROOGE: What a delightful boy! Yes, my bucko!

BOY: It's hanging there now.

SCROOGE: It is? Go and buy it.

BOY: Oh, go on!

SCROOGE: I'm in earnest! Go and buy it and tell 'em to bring it here that I may give them the direction where to take it. Come back with the butcher and I'll give you a shilling. Come back in less than two minutes and I'll give you half a crown!

BOY: Right, guy! (He exits.)

SCROOGE: I'll send it to Bob Cratchit's. He shan't know who sends it. It's twice the size of Tiny Tim and such a Christmas dinner it will make. (Carolers suddenly appear singing "Hark! The Herald Angels Sing." Scrooge leans out the window and joins them in the song.) I must dress, I must. It's Christmas Day! I must be all in my best for such a day. Where is my China silk shirt? (The boy and the butcher run in with the turkey.) What? Back already? And such a turkey. Why, you can't carry that all the way to Cratchit's. Here boy, here is your half a crown and here an address in Camden Town. See that it gets there. Here, money for the cab, for the turkey, and for you, good man! (The boy and the butcher, delighted, catch the money and run out. Scrooge sees the gentleman visitor walking by the window.) Halloo, sir!

GENTLEMAN VISITOR: (Looking up sadly, less than festive.) Hello, sir.

SCROOGE: My dear sir, how do you do? I hope you succeeded yesterday. It was very kind of you to stop by to see me.

GENTLEMAN VISITOR: (In disbelief.) Mr. Scrooge?

SCROOGE: Yes, that is my name, and I fear it may not be pleasant to you. Allow me to ask your pardon, and will you have the goodness to add this (throwing him a purse) to your good work!

GENTLEMAN VISITOR: Lord bless me! My dear Mr. Scrooge, are you serious?

SCROOGE: If you please, not a penny less. A great many back payments are included in it, I assure you. Will you do me that favor?

GENTLEMAN VISITOR: My dear sir, I don't know what I can say to such generosity…

SCROOGE: Say nothing! Accept it. Come and see me. Will you come and see me?

GENTLEMAN VISITOR: I will.

SCROOGE: Thank'ee. I am much obliged to you. I thank you fifty times. God bless you and Merry Christmas!

GENTLEMAN VISITOR: Merry Christmas to you, sir!

SCROOGE: (Running downstairs, out of his house, and onto the street.) Now which is the way to that nephew's house. Girl! Girl!

GIRL: (Appearing immediately.) Yes, sir?

SCROOGE: Can you find me a taxi, miss?

GIRL: I can, sir. (A coachman appears.)

SCROOGE: (Handing the coachman a card.) Can you show me the way to this home?

COACHMAN: I can, sir.

SCROOGE: Good man. Come up, girl. (They mount to the top of the taxi. This action may be stylistically suggested.) Would you be an old man's guide to a Christmas dinner?

GIRL: I would, sir, and God bless you!

SCROOGE: Yes, God bless us every one! (Raising his voice almost in song.) Driver, to Christmas! (They exit, all three singing "Joy to the World." Blackout. The lights come up for the finale at Fred's house. The Cratchits are there with Tiny Tim. All stop moving and talking when hey see Scrooge standing in the center, embarrassed and humble.) Well, I'm very glad to be here at my nephew's house! (He starts to cry.) Merry Christmas! Merry Christmas!

ALL: (Softly.) Merry Christmas. (They sing "Deck the Halls," greeting one another and exchanging gifts. Scrooge puts Tiny Tim on his shoulders.)

TINY TIM: (Shouting as the carol ends.) God bless us every one!

SCROOGE: (To the audience.) Oh, yes! God bless us every one.

Me: God Bless us. Everyone. And with that, Scrooge was changed into a better man and his faith was restored and he was now a much better person on the path to redemption. THE END.

The curtain closed and it reopened to show me and everyone stood in a line on the stage and bowed and everyone cheered wildly.

Me: Thank you everyone!

Vypra: Nice job, guys!

Me: Thanks Vypra.

Lincoln: WHOA! (Blushes) You girls look amazing.

Dark Spicer: (to Vypra) Can you believe this is our first Christmas?

Vypra: It sure is.

Lincoln: (To the Mane 7) Girls? Merry Christmas.

He gave the Mane 7 Presents and they opened them and in them was awesome jeweled bracelets that had their cutie marks on them and had the emblem of The Knights of The Friendship Table on them and they also had inscriptions on the inside. It said "Friendship is Bonds and Friendship is Forever" and the bracelets had diamonds and jewels on them.

Rainbow Dash: Wow! Lincoln these are awesome!

Sunset Shimmer: So beautiful!

Lincoln: Glad you like them girls.

They all kissed him and left lipstick marks all over 7 parts of his face. Rainbow Dash had rainbow lipstick and Lincoln laughed silly.

Later 2016 Morbucks went out to have some time to herself to relax.

May: (to Nico) This is our first Christmas as a married couple.

Nico: Yes it is honey.

Me: I'm happy for you both.

Vince: And it's our Second Christmas.

Carol: Yeah it is.

Carla: I love it.

Morbucks came back in. But what we didn't know however was that it was really Princess Morbucks!

Princess Morbucks: I'm back peasants!

We noticed a change in her voice and knew something was up.

Outside, 2016 Morbucks came back and she had a black eye and a nasty bruise on her head.

Jen: Morbucks?! How are you here?

2016 Morbucks: I was walking home when a bitch that looks like me knocked me out on the ground!

Firefly: Wait. If you're here, then the person who's in the estate is- (eyes widen) Oh, fuck.

They rushed back into the Estate to warn us.

Firefly: Everyone! (Points to Princess) That is not Morbucks.

Princess Morbucks: What are you talking about you fire freak? Of course it's me!

Dark Leo: (to Morbucks) Stop pretending, Princess. I know it's you.

Shiv: Well, I guess that saves us the trouble of warning you guys.

Princess: How did you know?!

Dark Leo: Your speech pattern was different then the Morbucks in our ranks.

Me: You weren't fooling anyone Princess! That speech pattern shows that you are here and that you are the same one Lola and Lana killed before and that you are the one we killed last year.

Nico: Yeah! So drop the act!

Bubbles punched Princess and sent her flying as Lincoln opened the door and she went out and skidded in the snow and we went outside and faced her.

Me: We knew you were coming Princess.

2016 Morbucks: You may be me but you have a ton of nerve!

But then 6 Figures came out and they were EMPEROR MAVRO, LEVIRA, DAMARAS, YELLZOR, ARGUS and REDKER!

# Emperor Mavro

**Emperor Mavro** is the kraken-themed true main antagonist of Power Rangers Megaforce and Power Rangers Super Megaforce. As the emperor of The Armada and the father of both Vrak and Vekar, he commands a powerful military force all throughout the galaxy. At his side are the Royal Guards, acting as his security detail 24/7.

Some time before Warstar went to attack Earth, Emperor Mavro called Damaras to his throne room for a discussion. Mavro told Damaras that he must assist his son Prince Vekar in the invasion of Earth. He elaborated by calling Vekar an empty-headed blunderer and nothing compared to his brother Vrak. Nonetheless, Vekar was still his first born and, thus, his main heir. Damaras was to serve as Vekar's second-in-command alongside Vrak.

Fed up with all the failures from the Armada, Mavro sends Matacore to assist Vekar in the invasion of Earth. Matacore assisted Prince Vekar, only to get killed.

Once again fed up with the failures, he sends his royal guards to Vekar's fleet to drop down the Armada Megazord as a last resort to conquer Earth. However, this plan failed as well.

After the deaths of both of his sons, Emperor Mavro decided to participate directly in the invasion of Earth. He arrived with his fleet, the Imperial fleet. As punishment for failing to conquer Earth, he had the Imperial fleet wipe out the fleet surrounding the Armada Mothership, and had Yellzor and Redker throw Damaras into prison.

Seeking to avenge the death of his sons, Mavro had an XBorg platoon attack Earth, only for them to be destroyed by the Power Rangers.

Redker volunteered to destroy the Rangers, but Levira had something else in mind. After quick convincing from Levira, Mavro gave Damaras a chance to redeem himself. He had Damaras capture Troy to give him a public execution on Earth as a means to get all of humanity to surrender, only for this plan to be thwarted by the Rangers.

Much later, Emperor Mavro called in as many Armada forces in the galaxy to attack Earth to conquer it. To buy time for the arrival of reinforcements, Mavro tricked Levira into going on a suicide mission against the Rangers. When Levira was destroyed, the reinforcements arrived. Though the Rangers wiped out the fleet with their Megazords, another fleet wave arrived. This time, the fleet destroyed all of the Rangers' Megazords. Once that was done, Mavro introduced himself to the people of Earth, much like Malkor did a year earlier. He stated that the Power Rangers are destroyed and that the Earth is his just like all the other planets he rules in the galaxy. Wanting them to suffer, he told the humans that he will attack the next day at dawn to finish the job.

Surviving the destruction of the Megazords, the Rangers hatched a new plan. While Troy and Orion crashes an Armada ship into the Armada Mothership, the other Rangers dealt with Redker and a swarm of XBorgs. While Orion distracts Mavro by battling him, Troy presses all sorts of buttons in the Armada Mothership. This resulted in the entire Armada fleet being wiped out. Mavro was angry about this. To ensure Emperor Mavro's defeat, Orion and Troy had the Armada Mothership crash to the ground.

Emperor Mavro, however, survives the blast, stating that he's survived worse. The Rangers morph and gave it all their might against Mavro using most, if not all, of their Legendary Ranger Modes. As the finisher move, the Rangers used the Super Mega Saber Blast and Super Silver Spear against Mavro, aiming directly at his stomach. However, Mavro survived with a wound on his stomach. Mavro deemed himself invincible, much to Orion's response, stating that no one is invincible. At point-blank range, Orion fired the Super Mega Cannon at the wound in Mavro's stomach, blasting him to death. In his final breath, Mavro called whatever remains of the Armada (which was a huge XBorg army) just before he was consumed in a massive explosion.

## Levira

**Levira** was a villainous thermographic scientist working as a general alongside Damaras and Argus on behalf of Prince Vekar.

During the Armada's arrival to Earth, she shows great sorrow for

Vekar regarding Vrak's unknown whereabouts. They declared him dead, continuing their onslaught on Earth.

When Tentacus and the Bruisers were defeated, Levira unveiled the Maximizer, a new piece of equipment which she claimed far more advanced then Zombats. Using the Maximizer, she can enlarge multiple monsters at a time.

After the first invasion of Earth, Levira created missiles to launch to every major city on Earth, only for the plan to fail.

After the plan to fire missiles at every major city on Earth failed, Lavira mostly focused on upgrading the strength of monsters and enlarging them if need be.

One day, Invidious arrived to the Armada Mothership. Realizing that his childhood crush Levira was there, he was desperate to have her love. Invidious created a love potion and gave it to Levira. Due to the potion making people love the person they first see, Levira fell in love with Jake instead of Invidious as she was busy watching Jake at that time. She asked Invidious to capture Jake, but the attempt failed, deeming Inividious incompetent and idiotic. Later that day, Levira decided to capture Jake herself. Invidious was in the middle of fighting the Rangers. To save Jake from Inividious, Levira decided to fight Invidious. Outmatched, she begged the other Rangers to help her which they did. When Invidious was enlarged, he confessed his love for Levira. In turn, Levira's love for Jake shifted to Invidious. However, when Invidious failed once again, Levira lost all love and respect for him. Saying she has no time for losers like Invidious, and tells him to go away as he doesn't deserve to be in her presence. It is also revealed that the effects of the love potion is temporary and have been worn off when Levira stated that there's no way she would ever fall in love with a Power Ranger, calling it disgusting.

When Professor Cog and his minions attacked the same city the Armada is attacking, Levira along with Vekar, Argus and a squad of X Borgs interfered. Both sides engaged into a fight until the Power Rangers arrived. Predicting the outcome of the battle, Levira advised Vekar to retreat, leaving Professor Cog and the Rangers to destroy each other. She believed that it would be best to let Cog and the Rangers destroy each other.

After Prince Vekar and Vrak's demise, Emperor Mavro arrived to the Armada Mothership. Mavro had Damaras thrown into prison and Levira begged him to release Damaras for a chance of redemption. Though the Emperor agreed, he said that if Damaras fails (which he did), Levira would have to take responsibility for it.

When Mavro called into as many Armada ships as possible across the galaxy, Levira congratulated him, only for Redker to point out that she has no right to address the Emperor since she is one of those people who failed to protect Vekar. Then, Mavro threatened Levira that if she doesn't redeem herself, she will be destroyed along with Earth as punishment.

Levira used her Megazord against the Rangers only for it to get destroyed. Levira survived the Megazord destruction and attacked the Rangers herself, only to be defeated. Despite her cries to the Emperor to use the Maximizer on her in her last moments, Mavro and Redker disregarded her pleas, instead bidding her good riddance. Following her death, the Armada attacked the earth in full force.

Damaras

**Damaras** was a high-ranking villain working alongside Argus and Levira for Prince Vekar

Before Warstar waged its war against Earth, Damaras was called to Emperor Mavro's throne room. The Emperor had him to serve as Prince Vekar's second-in-command. Listening to how the Emperor called Vekar worthless and how he is nothing like his strategic brother, Damaras agreed.

After Vrak's supposed demise, Vekar's fleet arrive to attack Earth, sending down their first monster Headridge to lead the full scale invasion.

When Headridge was defeated, Damaras called Tentacus to replace him. After a second defeat, he realizes that the humans are not surrendering as planned and that they can effectively fight back and hold off the invasion. Super Megaforce (episode)

After the Rangers used one of the missiles belonging to Cybax against an Armada ship fleet, Damaras tells a furious Vekar to control his temper, only to be blamed for the failure. Earth Fights Back

Later, Damaras sends General Peluso to take the treasure on The Animarium before the Rangers can find it. After he saw the powerful Red Lion, Damaras ordered to capture it and bend it to their will. However, Vekar shows up and demands him to not delegate orders without his permission, then the Prince changes the objective of the mission to reconquering Earth and rejects any advice from his second-in-command. A Lion's Alliance

When Matacore arrives at the Armada Mothership, Damaras wonders why an Armada elite guard is there. Then, when Vekar decides to go to Earth personally, Damaras suggests he should stay in the ship for security, but, as usual, Vekar rejects his counseling. Later, Damaras and Levira intervene and teleport him back to the ship alongside Argus and Matacore to regroup and wage another attack.

He is arrested by Emperor Mavro for not protecting Prince Vekar, but is later given a chance to redeem himself, thanks to Levira. Damaras takes on the rangers, easily overpowers them, and captures Troy, whom he uses as a bargaining chip to force the Earth to surrender. However, this plan fails, as Jake and Tensou rescue Troy in the nick of time before he could be executed. The other rangers arrive and defeat Damaras with the Super Mega Cannon. Damaras is enlarged by Levira and once again overpowers the rangers, until Jake realizes that they can beat Damaras if they work together, as they summon the Ultimate Legendary Megazord. Damaras tries to attack, but his attempt fails. The finishing attack finally destroys Damaras. who was completely stumped as to how they managed to finish him off. Redker takes over his place as second-in-command of the attacking fleet, now personally led by Emperor Mavro.

Yellzor

**Yellzor** was a seahorse-themed Armada high-ranking soldier, (possibly a general), working directly under Emperor Mavro and whom co-ranks with Redker as his personal second-in-command, similarly to how his predecessors, Creepox and Vrak, served under Admiral Malkor.

Yellzor arrives alongside Emperor Mavro, Redker and two Kingsmen to seize control of Armada fleet attacking Earth. Immediately upon arrival, Mavro commands him and Redker to take Damaras into custody as punishment for his failure. When Levira attempts to intervene, Yellzor blasts her aside in a display of strength, swatting her aside easily. After fulfilling his role beside Redker, he is dismissed by Emperor Mavro and not seen again during the rest of the invasion. He is possibly destroyed in one of the armada ships that the rangers blew up.

Despite only appearing in a single scene, he has been shown to be one of Mavro's most powerful and reliable warriors and one of his two personal guards, escorting him alongside Redker and two Royal Guards as he arrived from the depths of outer space in his personal royal fleet and took over the Armada Mothership.

He approved of Mavro's vengeance against the Super Mega Rangers after the deaths of both of his sons, the crown princes of his royal empire, the Armada: Prince Vekar and Prince Vrak.

After Damaras is incarcerated after being weakened by the combined efforts of him and Redker, he is not seen afterwards, unlike his comrade, who continues to accompany the Emperor during the final stage of the royal invasion.

Argus

**Argus** was a cyborg villain-general who served as the personal bodyguard to Prince Vekar working for the Armada, alongside Princess Levira and Damaras.

Argus' origins are unknown but it is likely that he was built by the empire that The Armada was a greater part of and assigned the mission of being Vekar's bodyguard.

Argus accompanied Vekar and his flunkies to Earth in the Armada to Earth in light of the failure of Warstar. He noticed the Armada

Mothership, when Vekar calls the Armada to start the invasion. After witnessing the Super Mega Rangers defeat Headridge and Tentacus, Argus tells someone to come up with something before Vekar finds out and becomes upset.

In "Samurai Surprise", he finally fights the Mega Rangers in battle on Earth.

He finally comes face to face with Noah shortly after the Armada Megazord destroyed the Legendary Megazord and easily overpowered him with his Solar Slash. Whilst he looked for Troy (who went missing after the Megazord was defeated), Argus attacked him again and tried to finish him off but a determined Noah used his Super Mega Saber to deflect his Solar Slash back at him, critically damaging him before Noah finished him off with two strikes across the chest. Argus was utterly shocked but quickly shut down and fell onto his back before exploding. The death of Argus enraged Vekar and made him launch a second attack on Earth which ultimately led to his death.

Redker

**Redker** was a stonefish-themed royal guard in the Armada serving directly under Emperor Mavro as his personal second-in-command and right-hand. His and Yellzor's relationship with Emperor Mavro was similar to that of Creepox and Vrak under Admiral Malkor.

Redker arrives alongside two Kingsmen, Yellzor and Emperor Mavro at the Armada Mothership after Vrak's death. They take Damaras into custody, but he is later given a chance of redemption. When Damaras failed and was destroyed, Redker became Mavro's second-in-command of the invasion.

After Emperor Mavro called in as many Armada Ships as possible, Levira congratulated Emperor Mavro for doing so, much to Redker's displeasure. Redker said that Levira had no right to even address Emperor Mavro as she was one of the three who failed to protect Prince Vekar.

When the Armada reinforcements arrived, Redker decided to battle the Super Mega Rangers himself, only to be destroyed by the Super

Mega Cannon while distracted by the destruction of the fleet.

* * *

Troy Burrows: Emperor Mavro!

Gia: Levira!

Orion: Damaras!

Emma: Yellzor!

Noah: Argus!

Jake: Redker!

Mavro: Long time no see Rangers.

Me: I know all six of you all too well! You are the fierce leaders of the Armada that were responsible for all the invasions as well as destroying Orion's people on his home planet.

Mavro: That's right J.D. You definitely have a huge reputation.

Me: Not to brag but I never missed an episode.

Troy Burrows: But how are you back Mavro? You were destroyed in that massive explosion.

Me: Yeah your whole ship exploded and there should've been nothing left of you because of it.

Mavro: I guess I'm tougher than you think.

Devon: So, you're Mavro, huh? I hope you put up more of a fight then the last big bad me and my team fought.

Mavro: I assure you. I'm more powerful then that fool Evox! But unfortunately, you all won't be attacking us today.

Robo-Blaze: Why not?

It was then that Yellzor came holding Pop Pop.

Lincoln: Pop Pop!

Me: Let him go!

Mavro: Oh I don't think so!

Magma Man (glares at Mavro): What the Hell do you want?

Mavro: Simple. Give us the Infinity Stones or this old fool dies!

Lori: You can forget it! We don't negotiate with-

Tommy Himi: Lori, we don't have a choice. It's either this or Pop Pop dies!

Nico: (telepathically to Lori) Besides, Mavro didn't specify how we should give the Stones to him.

Lori winked at Nico.

Me: You fuckups messed with Earth for the last time!

Nico went and got the Infinity Gauntlet. But luckily Nico had a plan. He too out 6 rocks and painted them and Yakumo used a Genjutsu to make them look like they were glowing.

Snake: Dude, I can't believe we're doing this.

Nico: This is the only way to get Pop Pop to safety.

As Nico, Dead End, and Snake headed to the Estate, we saw Mavro talking to Princess.

Mavro: This is the moment we've been waiting for, Princess. Soon, you'll be a Powerpuff Girl. And the Armada will finally rule Earth! And the best part? We'll both remember our victories against our enemies this day!

Princess: (grabs Mavro by the throat) Let's get one thing clear. I agreed to work with you and your buddies so I can finally be a Powerpuff Girl. But I'll never work FOR you! Remember that next time!

Princess let go of Mavro's throat as the Armada leader glared at her and growled.

Dead End: Interesting.

Me: (Sinister Smirk) (In my head) Ooh I think they are going to kill her.

Blossom (Adult): I don't understand you Princess. You had all the money in the world and you didn't need to rely on Santa to get everything you wanted and you could've used all that money to hire your own team of scientists to get superpowers through them. How can you be so stupid?

POW!

Princess: YOU SHUT THE FUCK UP BLOSSOM! THIS IS ALL YOUR FAULT!

Blossom (Adult): No it's all your fault Princess! You betrayed all of humanity because of your own selfish purposes!

Princess then pulled out a knife and stabbed Blossom in the head. But the knife blade bent when it hit her head. The knife shattered into pieces as well

Princess: Whoa! That's tough skin.

Blossom (Adult): I won't die that easily.

Levira: Our victory is close at hand, Emperor.

Demaras: Not only will we defeat the Power Rangers. But the Infinity Stones will help us rule Earth!

Mavro: I know! But what's taking them so long?! I want those Stones!

Just then, the Infinity Gauntlet hit Mavro in the face, giving him a shiner. This allowed Pop Pop to get away from him.

Kup: Don't say we didn't give you anything.

Electro: Web Head, use your webs to get the Gauntlet back to us before Mavro gets it!

Me: No wait!

Lincoln: You have the gauntlet and the stones.

I fired a blast of energy at Mavro and it hit him and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mavro: Time for our war to reach its final chapter!

Troy: You know what? That's the first thing you've said since the day the Armada first attacked Earth that makes sense!

Tommy Oliver: It's Morphin Time!

The Rangers all transformed!

Me: And this war will result in your planet being destroyed for good!

Dark Spicer: I have the Superlaser targeting the Armada's home planet.

Me: Fire.

Dark Spicer fired the Superlaser at the home planet of The Armada and the Warstar and the blast hit the planet and obliterated it in a massive explosion!

Dark Spicer: Bullseye!

Vypra: And I have just the planet for the battle.

Vypra snapped her fingers and we were on a Purple Crystal planet. We were on the planet MOR' OTESI!

---

**Mor' Otesi** is the supposed homeplanet of Crystalsapiens and Crystallines. It is not real and is just a legend.

Due to the decay of its ozone layer millions of years ago, the once lush green Mor' Otesi has long since become dangerously irradiated by a constant powerful barrage of ultraviolet light.

Mor' Otesi is a planet filled with purple crystals. Its landscape is now barren and rocky and its original native inhabitants largely became extinct. However, one particular species adapted to the perilously high levels of electromagnetic radiation and has managed to thrive here over the millennia despite the planet's seemingly inhospitable atmosphere: Crystalsapiens evolved unique attributes to take advantage of their irradiated environment and went on to create a complex and sophisticated society on modern Mor' Otesi.

---

Me: WHOA! Look at this planet.

Nico: Wow!

Vypra: This is the supposed home planet of the Crystalsapiens: Mor' Otesi.

Me: Whoa! So this is the planet Mor' Otesi.

Riley: Wow! I thought this planet wasn't real.

Julie Yamamoto: It sure is scary here.

Me: Yeah. So this is what Chromastone's supposed home planet is like. Looks like a strange and terrifying place.

Mavro: It will be all of your final resting place.

Me: No it will be your resting place. Lets get them!

We powered up and went at them!

---

Battle 1: Me and Troy vs Mavro

---

I punched Mavro in the face and kicked him down and fired a blast of fire and energy and the blasts all hit Mavro all over the place and Troy blasted and slashed him all over with incredible fury.

Me: You and your kind are never welcome in our universe!

Troy Burrows: Yeah what he said!

We fired energy blasts all over him and they exploded all over Mavro with incredible power and more.

## Battle 2: Nico and Gia vs Levira

Nico kicked Levira all over the place and Gia knocked her down with powerful yellow blasts.

Nico: The Saiyan's have beaten many foes before and my race will always be one of the strongest ever.

Gia: That's right!

They fired more blasts and knocked her down.

## Battle 3: Vince and Orion VS Damaras

Vince blasted Damaras all over and Orion slashed him all over.

Vince: You want to rule our home planet, you got another thing coming!

Orion: That's right!

They blasted him all over with incredible fury.

Battle 4: Naruto and Emma vs Yellzor

---

Naruto: WIND STYLE: RASENSHURIKEN!

Naruto threw a powerful Wind Rasenshuriken and Emma blasted Yellzor all over the place and the blasts hit him and exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMM!

Naruto: Nobody invades our planet without a fight.

Emma: From all of Team Loud Phoenix Storm!

They blasted him all over.

---

Battle 5: Varie and Noah vs Argus

---

Varie blasted Argus with water blasts and smashed his face in and Noah blasted him all over with energy blasts.

Varie: You want our planet so badly, you can take it over our dead bodies!

Noah: Yeah!

They blasted him all over some more.

---

Battle 6: Lincoln and Jake vs Redker

---

Lincoln fired blasts of lightning and Jake fired energy blasts and electrocuted and blasted Redker all over with incredible fury.

Lincoln: You are never gonna be welcome here Armada Scum!

Jake: Yeah what he said!

They blasted him some more.

---

We blasted them back to Princess.

Me: You guys didn't put up much of a fight like you all did on TV.

Nico: Yeah!

Troy: Was it all worth it?

Mavro: What do you mean?

Noah: All your work forming an alliance with Princess and yet, it seems she's the one who has the power.

Argus: You dare lecture the Emperor, Blue Ranger?!

Jake: We're lecturing all 6 of you! The Armada are probably finally going to conquer Earth, and yet, their leaders won't be you guys!

Redker: Oh please! We started this war with you humans and now, we'll be the ones to come out on top!

Emma: In any minute now, you'll be nothing but Princess' bitches!

Yellzor: You know what? You're right. As long as Princess is at large, victory will never be ours.

Redker: Maybe it's time we did something about that.

The 6 Armada leaders then slowly walked to where Princess was.

Me: Ooh here we go.

We pulled out Lawn Chairs and sat in them and pulled out Popcorn.

Me: This is gonna be good.

Princess: What the Hell are you all doing?!

BLAM!

Levira: (punches her) Earth belongs to us, not you!

Argus: Did you really think we were going to let you command the Armada and take Earth for yourself?! Well, we're happy to disappoint you!

Me: Now it's getting good. (Hands popcorn to Nico)

Nico: Thanks.

The 6 monsters then viciously pulverized Princess all over the place with incredible fury.

KROW!

Me: (WINCES) OHH! That's gonna leave a mark!

Nico: YIKES!

Me: Nice. I think that's enough. Brittney you face Princess, we'll finish these bastards off for good.

Brittney: You got it dad.

We went at them some more and kicked all six of them down.

Me: It's over for the Armada. You all are finished.

Mavro: Oh I think not.

They snapped their fingers and then they grew to huge size!

Me: WHOA!

Mavro: (to the Megaforce Rangers) So, you all are still going to fight us? Don't you realize that if it weren't for us attacking Earth the first time, the 6 of you wouldn't have met and all the Power Rangers wouldn't have had the chance to fight alongside one another?

Damaras: The Emperor's right. Who would you Rangers be without us?

Troy: Time to find out. (to his team) Guys, time to summon the Zords!

Megaforce Rangers: Right!

The rangers summoned the Legendary Zords!

Me: Lets do it! Tommy do you mind if I use the Zeo zords?

Tommy Oliver: Go for it J.D.

Me: Lets do it!

I summoned the Zeo Zords and they formed into the Zeo Ultrazord!

The Rangers from over the course of 27+ years summoned their Zords!

Me: Lets do it! It time for you all to be banished to the Warp forever!

We had the zords all blast and slash the 6 leaders of the Armada all over the place with incredible power!

Me: Now it's time for the Grand Finale! SERPENTERA COME FORTH!

There was a massive roar and the dragon Serpentera came and I hopped in.

Me: Now it's time to show some real firepower! LEGACY SUPERZORD FORM!

I inserted the Superzord Key and all the zords from over the course of 27+ years merged and combined with Serpentera and formed into the massive starship Superzord.

Me: Now you guys are in for a massive and awesome treat! Activate Legacy Superzord Robot Mode!

I turned the key and it formed into the Super Megazord and it was a huge robot and it had an epic amount of weapons and it had wicked cool wings and they were so wicked and it was wicked cool. When it was done transforming a massive fiery explosion went off behind it and a massive fireworks display went off behind it and the symbols of all the ranger teams from over the course of 27+ years was around it.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: LEGACY SUPERZORD POWER UP!

Tommy Oliver: WHOA! This is amazing J.D.!

Kimberly Ann Hart: Yeah this is awesome!

Billy Cranston: You really outdid yourself J.D.

Vypra: I'm very impressed.

Me: Just wait till you see what it can do.

The Superzord was so massively tall that it made the 6 Armada Leaders look like ants in comparison!

Me: Lets do it guys! LEGACY SPIRIT BLAST BARRAGE! FINAL STRIKE!

The Legacy Superzord fired massive energy blasts infused with Hakai energy from its wings and it fired lightning and elemental blasts and the blasts all formed into the zords and spirits of the zords from over the course of 27+ years and the blasts all hit the 6 Armada Leaders and they exploded with unbelievable power.

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The mushroom cloud from the explosion was incredible! When the smoke cleared, the 6 leaders of the Armada were gone and banished to the Warp forever!

We cheered wildly.

Tommy Oliver: That was awesome!

Jason Lee Scott: Yeah it was!

Trini Kwan: That was so cool!

Me: Yeah! Armada and Warstar…

Me and Nico: YOU ALL HAVE FAILED THIS UNIVERSE!

We cheered!

---

Later we were back on Earth and Brittney was facing Princess Morbucks.

---

**Princess Morbucks** is a major antagonist in *The Powerpuff Girls*, *The Powerpuff Girls Z*, and the *2016 Powerpuff Girls series* . She is one of the four most recurring villains in the series (alongside Mojo Jojo, HIM, and Fuzzy Lumpkins), Buttercup's rival in the OG series and the 2016 reboot.

She was voiced by Jennifer Hale, who also played Sedusa, Rojo in *Ben 10*, Shannon Lucas in *Scooby-Doo! Moon Monster Madness*, Kronika in *Mortal Kombat 11*, Alecto in *God of War: Ascension*, and Black Knight in *Generator Rex* .

In the original series, she is a spoiled and rich girl who wants to be a Powerpuff Girl for selfish reasons. However, she has no powers of her own, and instead uses her father's money to buy weapons to destroy the Powerpuff Girls because she can't become one.

She debuted in "Stuck Up, Up and Away," where Blossom explains that being a Powerpuff Girl is not about getting what she wants, having the best stuff or being popular or powerful, but about using one's own unique abilities to help people and the world. Princess buys a suit of powered armor that makes her seem invincible, but in a fight that emulates Goku, Blossom rallies the girls and destroys the armor. Princess swears she'll be out of jail shortly, but then again, no Townsville villain seems to stay in for long.

Princess tries again repeatedly: In one instance, she hires Mojo Jojo, and even gains Chemical X powers like the girls, but their savvy plus the egos of the villainous allies rob her of victory and powers. In an episode that paid tribute to the 60's band The Beatles, she, Mojo, Fuzzy Lumpkins, and HIM formed the Beat-Alls, who nearly owned the city and the girls, till a 'Yoko scheme' (a parody of how some people believe the real Beatles parted ways) broke them up. She also once simply had her father buy the City Of Townsville so she could be Mayor and outlaw crime-fighting, a scheme which fell apart when the girls legally robbed her of every last possession. In likely her most vicious petty scheme, she tricked a neglected friend the girls had made into stealing, just so she could report this to the girls and seem like an ally worthy of joining them. Though Blossom remains her archenemy, it is Buttercup who despises her the most. Princess is also featured in any 'crowd of villains' episode, most notably one where the villains send booby-trapped birthday gifts (that one and all epic fail) to the girls.

In *Twas the Fight Before Christmas*

Serving as the main antagonist of the special, Princess tries to obtain her latest Christmas gift from Santa: to become a Powerpuff Girl. However, the Powerpuff Girls pointed out that Princess is too naughty due to her past crimes against them and Townsville, and that she needs to change her ways in order to earn such a gift. Upon going to the North Pole and seeing that she's the only kid on Santa's naughty list for the same reason, rather than changing her ways, Princess spitefully tampers the nice and naughty lists, so that she can be a Powerpuff Girl while the rest of the children (including the Powerpuff Girls) get coal. With her newfound powers, Princess attacks the Powerpuff Girls at the North Pole until Santa orders them to stop, having felt tired of transporting the coal throughout the world. Princess tries to get Santa to listen to her, but Santa is excited to meet the Powerpuff Girls in person as he is enthralled by their stories of true heroics. This incited a jealous Princess to outright insult Santa and demand that he gives her whatever she wants for Christmas, even at the cost of making the rest of the children very miserable. Realizing now what a despicable and selfish brat that Princess truly is and that she duped him to satisfy her greed, Santa angrily lashes her out and places her name in the

Permanent Naughty Plaque as punishment for her actions so that she'll never receive a gift from him for the rest of her life. Horrified by this, Princess angrily attempts to fly away to tattle on Santa to her father, but Santa foils this by stripping Princess of her powers, allowing the Powerpuff Girls to save the holiday by delivering the gifts to the children and sending Princess to prison.

---

Princess Morbucks growled ferociously!

Princess Morbucks: I HATE YOU ALL SO MUCH!

Brittney's aura flared up with incredible fury.

Brittney: Thanks for the power boost. Now you will face the ultimate cold of darkness.

Brittney had ice and darkness swirl around her and a massive vortex of darkness and ice exploded high into the sky and it formed into a crow of darkness. If that weren't enough, spiritual ice ponies called The Windigos appeared.

---

The **Windigos** are recurring antagonists of the series *My Little Pony: Friendship is Magic* .

According to Clover the Clever (the character Twilight Sparkle plays in the Hearth's Warming Eve play), Windigos are malevolent spirits that feed off of the negative friction between ponies. Long ago, the feud between unicorns, pegasi, and earth ponies gave Windigos great power, which they use to turn the lands into an unlivable frozen wasteland. If an individual's hatred gets violent enough, Windigos can even freeze them in ice blocks.

The Windigos look like ghostly and slightly translucent horses with glowing eyes. Only three of them are shown in the play, though this may not reflect their real numbers.

History

The Windigos feature three times throughout the episode: *Hearth's Warming Eve*, at the conclusion of the grand summit, after the pony leaders' snowball fight, and at the cave that the ponies took as shelter.

In their first appearance, the three Windigoes only look down onto the grand summit from a passage in the clouds with glowing blue eyes, but in their second and third appearances they wail and fly through the sky, generating a circle of clouds. They are eventually defeated by "the fire of friendship", a pink flame that takes the shape of a heart which was created in the play when Clover, Smart Cookie, and Pansy become friends.

Although they appear to have been burnt to death, it is implied that they (or other members of their race if there are any) are still around in modern Equestria when one of their distinctive howls is heard through an open window when Rainbow Dash and Applejack start arguing about who has the responsibility of closing it. Interestingly enough, they have never threatened to return during any other arguments in the series (such as Applejack and Rarity in the episode *Look Before You Sleep* ), so the howl may have been simply someone playing the sound effect used to simulate them in the play, as a way of breaking up Rainbow and Applejack's argument.

They also reappeared in *Hearth Warming Eve Tail* when Twilight read a story on the holiday to Starlight Glimmer to make her see the importance of the holiday, she told the story of a pony named Snowfall Frost at first they are just like the beginning of the episode they are just mentioned. But then during the last spirit song they appeared to successfully covered Equestria with snow, because Snowfall decided to erased that holiday, but after Snowfall realized the mistake she was going to make when she apologized she seen it was just a vision of what will happen if she erases the holiday, that makes also Starlight realized how important it was and they did not come back.

In *The Ending of the End - Part 2*, as a result of Queen Chrysalis, Lord Tirek and Cozy Glow turning unicorns, pegasi and earth ponies against one another, the Windigos return and begin to feed off of the animosity between them. Ultimately, they are dispelled once more as the creatures of Equestria unite to defeat the villains.

---

Twilight Sparkles: The Windigos!?

Nico: WHOA!

The Windigos swirled around the crow and its eyes glowed blue with cold fury. When the vortex and crow faded Brittney was forever changed. She had blue slit eyes instead of her normal red eyes and she had dark blue angel wings and blue fire swirled around her hands and feet and she had the kanji for The Cold Heart of Darkness was emblazoned on the front of her black dress.

闇の冷たい心

On her back was the kanji for Brittney Raven Knudson - Master of the Force of Darkness and Mistress of the Night.

ブリットニーレイヴンナドソン-闇の力のマスターと夜の愛人

Brittney was now a SUPER ANGEL 1,000,000 VAMPIRIC WINDIGO MASTER!

Me: WHOA! Look at Brittney!

Lucy Loud: She looks incredible. It's like she is one with the darkness and the force night in its entirety.

Ink Rose: Wow! She looks unbelievable.

Moonlight Raven: Wow.

Crimson: How did she unlock this kind of power.

Varie: No idea. But wow.

Raven: No kidding. Brittney? How do you feel?

Brittney: (Divine Voice of Dark Ice) (Transylvanian Accent) **I feel incredible.**

Lucy and the Goths gasped. They were in absolute awe that she had an incredible Transylvanian Accent and she was now a true force of darkness.

Ingrid Third: Wow. She is now one with the darkness.

Haiku: Wow. Brittney is now a true Goddess of Darkness and the Night.

Princess Luna: She sure has come a long way since she joined you all.

May: She sure has.

Princess Morbucks was gasping in shock. It was like she was staring into the face of death in the form of Brittney.

Princess Morbucks: YOU ARE STILL NO MATCH FOR ME!

Brittney: **We'll see about that.**

Brittney then fired a massive blast of blue fire and the Windigos went at Princess Morbucks and the blast hit her and froze her in a crystal of ice.

May: WOW! Nico I have something to show you.

May took off her Bandana and revealed that she had a blue hair ponytail that looked like blue fire.

Nico: WHOA! May that ponytail is amazing.

A horse winny was heard and then out came a Blue Fire Rapidash.

Nico: Whoa is that…

I went over the entire history of Thanos and the members of the Black Order.

THANOS

Thanos is the main antagonist of the Infinity Saga of the Marvel Cinematic Universe, appearing as the overarching antagonist of The

Avengers, Guardians of the Galaxy, Avengers: Age of Ultron; and as the unseen overarching antagonist of Guardians of the Galaxy Vol. 2, Ant-Man and the Wasp, and the fifth season of Agents of S.H.I.E.L.D.. He later served as the main antagonist of both Avengers: Infinity War and Avengers: Endgame, and as a posthumous antagonist in Spider-Man: Far From Home.

Thanos was born to A'Lars, a member of the Titans, a race of powerful, tall, god-like beings that evolved on the planet Titan. He was considered a freak by his fellow Titans due to a genetic mutation he bore. Despite this treatment, Thanos unconditionally loved his people and desperately sought to save Titan when the planet became threatened by the imminent catastrophic event of overpopulation. When society was facing collapse, Thanos suggested killing half the population of the planet to solve the problem, not in a prejudiced, but random, dispassionate, and fair to rich and poor alike. However, his idea was considered too drastic and was immediately dismissed by his people, resulting in Thanos being cast out as a madman by his people, which eventually earned him his reputation as "The Mad Titan". However, as Thanos predicted, Titan subsequently became devastated as well as nearly uninhabitable. Another result of this devastation was that the Titan species was on the verge of extinction. Thus, proving Thanos was right to an extent.

After the fall of Titan, Thanos, devastated by his inability to prevent the destruction of his people and possible resentment towards him for not listening to him, came to believe that the universe's vast population was consuming its finite resources, and if left unchecked, it eventually cause the destruction of the universe itself. Thus, to save other planets from Titan's fate, Thanos willingly became a world-conqueror, moving throughout the universe and destroying half of all life within the planets he conquered due to his ideology of balancing the universe. Thanos always made sure that the half of the population that was slaughtered was picked entirely at random so everyone would have a 50% chance of survival as even he felt that again certain groups was going too far. He earned a fearful reputation as a galactic warlord, due to his immense power and even ruling over a distinct region of space, and gaining control over the deadly armies of the Chitauri, the Outriders, and the Sakaaran

Mercenaries, that he was widely considered among the most powerful, if not the most powerful, being in the universe, so greatly superior to others that even the thought of anyone defeating him in a fight was considered laughable. His cunning, ruthless nature stroked people's fear of him.

To build his strength, Thanos collected children from several races that he conquered. His oldest children were Ebony Maw, Corvus Glaive, Cull Obsidian, and Proxima Midnight after slaughtering half of their respective races. The four warriors, completely faithful and devoted to Thanos' command, comprised the Black Order, although he felt no love for them but did appreciate their loyalty.

Among the species he culled was the Zehoberei, a species of green humanoids. During the slaughter, Thanos' attention was caught by a young Zehoberei named Gamora, who was fighting against one of his Chitauri soldiers. Thanos admired her fighting spirit and took her aside just before Chitauri army began the massacre. There, Thanos explained his beliefs using a switchblade knife by balancing it on his finger. He then gave it to Gamora and told her to do the same just as Ebony Maw ordered the Chitauri soldiers to open fire on a group of Zehobereis. Afterward, Thanos adopted Gamora as his daughter afterwards, training her to become the deadliest woman in the galaxy, and over the years he had grew to genuinely care about her as a result. With her being the only one who he truly cared for her among his children, even as she changed from being devoted to him to hating him, Thanos still believed she could become loyal to him again and inherit his throne, continuing to favor her above all others.

Also taken in was Nebula, a Luphomoid from another world he visited and had her and Gamora given cybernetic implants. Both Nebula and Gamora had a sibling rivalry but became somewhat attached, with Nebula saying "of all our siblings, I hated you the least", which could imply none of Thanos' other children showed Nebula any compassion. Despite how close they were, they were constantly driven apart by Thanos forcing them to compete against each other. Thanos once called Gamora "my favorite daughter" without considering Nebula being present at the moment. In their childhood, Thanos would force the two to battle each other, and Thanos would force a cybernetic enhancement on the loser. Each and every time, Nebula would lose and her body became less and less organic. At some point, he took command of the Chitauri species and used their leader The Other as an emissary.

During one particularly dangerous training session, Nebula and Gamora engaged each other in fierce combat in a competition to retrieve a data ingot for Ronan. The two female warriors were evenly matched and their bout leads them to a cliff side from which Gamora tossed Nebula over. Nebula was severely injured after the fall, and subsequently was forced to undergo cybernetic augmentations. As she was being repaired, Thanos approached her and openly expressed his disappointment over Nebula's actions, lecturing her on the limits of weakness, even going as far as to say "flesh itself is a weakness" and even mentions he should kill her for her failure.

Even with his best efforts, Thanos eventually realized that they are far too many lifeforms in the universe for him to balance. Deducing that the Infinity Stones, objects of immense power that held considerable dominance over the various forces that occupied the universe, could perhaps solve this issue permanently, Thanos made it his life's goal to gather them and use their combined power to erase half of all life in the universe immediately, and forged several alliances in order to locate them. He successfully located at least one of the stones; the Mind Stone, which he then hid inside a Scepter that was capable of manipulating minds.

Through many years of searching, Thanos discovered a lead on the Orb's (which contained the Power Stone) location, and sent his daughter Nebula and Gamora to the Cloud Tombs of Praxius under Korath's command. Nebula fell victim to a trap during the mission, and Thanos, not being one who tolerates failure, forbade Gamora from rescuing her. Nebula was eventually forced to amputate her own arm in order to escape. The Orb was never recovered, but Thanos decided to let the failure pass and carried on his search. Thanos also sent Gamora to find the Soul Stone, but reported back to him that her search had been unsuccessful, while in actuality Gamora had lied and she had found a map to the location of the Soul Stone and burned it to ashes. However, Thanos, being as perceptive as he is, easily saw through her lies. However, he allowed her to believe she had fooled him for the time being and decided to use this information in the future when it became useful to him. Thus, his conquest to perseve all life continued.

In the film, Thanos appears in a post-credits scene, where the Other tells Thanos that the Tesseract, the Space Stone, is on a small world, a human world. It also informs him that Loki is ready to lead the Chitauri, and so he was given the scepter with the Mind Stone to get the Tesseract. In a post-credits scene, Thanos is revealed to have been Loki's benefactor, having provided the Chitauri Army and the Mind Stone inside Loki's scepter used by Loki in his attempted invasion of Earth. When advised by the Other that opposing the Avengers would be "to court death", as the human race was not as weak as Loki claimed, Thanos glances at the camera and flashes an evil grin.

Thanos plays a more active role in the film, where he has enlisted the help of Ronan, Korath, and his daughters, Gamora and Nebula, to retrieve the Orb (Power Stone) for him. As it turns out, Gamora is not actually Thanos's daughter, since Thanos killed Gamora's family and snatched her as an infant to train her into the perfect assassin, having abused and tormented her in the process of doing so. This causes Gamora to betray Thanos, which leads to a chain of events that leads to Gamora finding her true calling as a protector of the universe and a member of the Guardians of the Galaxy. It also results in other races hating her because of the actions she committed while under Thanos's rule.

When Ronan and Nebula are called to discuss Gamora's betrayal, Ronan kills The Other, who was speaking for Thanos, much to Nebula's surprise and concern. Thanos does not care about the death of the Other but is furious at Ronan for not only failing to obtain the Orb but also having alienated and cost him Gamora.

After berating Ronan and calling him "Boy", Thanos says he will destroy Xandar for Ronan if he brings him the Orb but promises to "bathe the star-ways with [his] blood" should he fail him. Nebula then easily persuaded the frightened Ronan to leave, as they knew too well he is no match for Thanos even without the Stones.

As stated before, Thanos promised Ronan that he will help Ronan destroy Xandar in exchange for Ronan's services. However, once

Ronan gets a hold of the Orb, he feels he no longer needs Thanos help and also decides to betray him. Nebula also decides to betray Thanos out of jealousy over Thanos showing a preference for Gamora over her. Ronan and Nebula take Korath with them, while Thanos, unfazed by their threats of killing him, cut off contact with them in anger of their betrayal. Their actions would later finally convince him to stop relying solely on others to get the Stones.

In the end, Ronan and Korath are killed by the Guardians of the Galaxy (including Gamora), Nebula escapes and becomes a renegade villain independent of Thanos, and the Guardians give the Orb to the Nova Corps for safekeeping. Drax the Destroyer, who got revenge on Ronan for killing his family, decides to turn his attention to Thanos, as the latter was the one who sent Ronan to kill Drax's family to Gamora's dismay.

However, Thanos was still determined to find the six Infinity Stones and the Infinity Gauntlet so he can use them to conquer and rebalance the universe and this event would finally make him decide to come out to the open. He would eventfully encounter the Guardians for the first time several years later.

Thanos doesn't appear in the film, but is mentioned twice, once by Nebula (who angrily blames Gamora for the lifetime of pain and misery that she suffered at the hands of Thanos), and another by one of the Ravagers (led by Taserface) as he is aware that Nebula is Thanos' adoptive daughter. Eventually, after having a change of heart and helping the Guardians defeat Ego and the Sovereign, Nebula reconciles with Gamora but leaves her despite Gamora's pleas to become a Guardian and help them protect people from Thanos, intending to instead kill Thanos and prevent anyone else from falling under his control and experience the same suffering she had.

Thanos is indirectly mentioned numerous times in this film; the first time was when Tony said of a possibility that a powerful villain would destroy the Avengers. This was foreshadowed when Tony and Banner found Loki's sceptre and used it to bring life to a peacekeeping A.I. program, which later became known as the homicidal cyborg Ultron, much to both Tony and Banner's distraught.

Gaining sentience from the power of the Mind Stone after breaking the scepter and killing HYDRA leader Wolfgang von Strucker, Ultron decides to utilize the Mind Stone in his plot to destroy the Avengers and all of humanity with his own army of Ultron Sentinels. Tony also suffered a nightmare (thanks to the powers of Scarlet Witch) where he sees all the Avengers being murdered (presumably by Thanos) while more Leviathans are heading towards Earth, foreshadowing Thanos' plot to take over the universe with the Infinity Stones

Eventually, as Ultron and his Sentinels end up being destroyed by the Avengers at Sokovia while the Mind Stone ends up in the possession of Vision, Thor, from his vision in the River of Sights, finally realizes that someone (Thanos) is the one who has been manipulating the events throughout the years for the Infinity Stones, referring to Thanos's part in Loki's invasion and Ronan's quest to acquire the Orb, although what part Thanos played in the Dark Elves's attempt to use the Aether remains unknown but he either somehow woke them up or had no actual part in their awakening.

Thanos finally appeared in a mid-credits scene, where he is fed up with losing his resources and his henchmen failing him and betraying him in his failed attempts to acquire the Stones. Deciding to take matters into his own hand, Thanos arrived to Nidavellir and forced the Dwarf King Eitri to forge the Infinity Gauntlet in order to control the power of all the six Infinity Stones at once. After they had completed the Gauntlet, Thanos massacred them all, leaving only Eitri due to his help but he still cut off the Dwarf King's hands to prevent further weapon forging. Thanos then began to hunt for the Stones himself, believing himself to be capable of completing the task while smiling confidently to himself at the prospect of victory. He then took the Infinity Gauntlet from its hiding place, swearing to collect all of the six Infinity Stones (including the Mind Stone) by himself.

At some point off-screen, Thanos learned that the Power Stone was on Xandar and traveled to the planet promptly, effortlessly destroying and decimating the Nova Empire in process. Afterwards, Thanos retrieved the Power Stone after breaking the Orb and then inserted it into his Gauntlet before massacring half of the Xandarians as part of his quest to balance the universe.

Thanos doesn't appear nor is mentioned in the film. However, his giant ship (the Sanctuary II) is seen during a mid-credits scene as it was intercepting one of the Grandmaster's giant ships containing the Asgardians survivors following the deaths of Hela and the Berserker Army, as well as the destruction of Asgard, by the hands of Surtur. It can be implied that Thanos and his forces are going after the Space Stone (the Tesseract) that Loki saved from Ragnarok following Surtur's death.

In the film, Thanos is first seen when the Black Order massacred half of the Asgardians aboard Thor's ship. Thanos personally confronted and easily defeated and beat Thor half-to death, dragging him as he claimed to know what it was like to fail, but also stating one cannot stop destiny from arriving. Thanos then threatened to kill Thor in front of Loki if he did not hand him the Tesseract. Despite Thanos' threat, Loki seemed to be fine with Thor's death, which didn't faze Thanos, knowing fully well Loki was simply pretending to not care and quickly went through with his threat and began slowly killing Thor with the Power Stone, at which point Loki gave in and told Thanos to stop. Thor then informed Thanos that they did not have the Tesseract, claiming it was destroyed during the destruction of Asgard. However, this was disproven when Loki spawned the Tesseract in his hand, much to Thor's dismay and Thanos's glee.

After manifesting the Tesseract, Loki assured Thor that the sun would shine on them again. Thanos mocked this claim and told Loki his optimism was misplaced. Loki then distracted Thanos by saying he was not an Asgardian, which shocked Thanos due to Loki always claiming to be one in all their interactions, allowing Hulk to attack. Despite the Hulk's raw power, Thanos proved to be a much more skilled and stronger opponent and, after quickly composing himself, beated up the Hulk and then once again easily overpowered Thor after he futility attacked him with a piece of metal which was broken off from his head, allowing Maw to bind Thor. After Heimdall gave the Hulk a chance to escape by teleporting him to Earth, Thanos calmly told him he should not have done it and then executed him with Corvus Glaive's glaive, much to Thor's dismay.

As Thanos took off his armor, Ebony Maw then handed Thanos the

Tesseract, which Thanos easily crushed in his hand, revealing the Space Stone, which Thanos inserted into the Gauntlet alongside the Power Stone. The Mad Titan then ordered the Black Order to retrieve the other stones on Earth. Loki offered to help, but Thanos mocked Loki's experience on Earth as being derived from his failures and knowing fully well Loki planned to assassinate him, when Loki offered his fidelity, the Mad Titan easily caught Loki's attack with the Space Stone. Thanos then disarmed Loki while sarcastically mocking Loki for choosing the word "undying", and rebuked that he should have chosen his words more wisely.

Thanos then grabbed Loki by the throat and lifted him in the air, slowly strangling the Frost Giant to death, while giving Thor a mocking look as he watched helplessly. Struggling to speak, Loki defiantly told Thanos that he would never be a god. Thanos was unfazed by Loki's words and calmly crushed Loki's neck as punishment for an attempt to kill him before exhaling a deep breath of having killed someone he considered disgusting, having always held disdain at Loki's selfish desires. Thanos then cruelly dropped Loki's corpse in front of a distraught Thor and taunted him by the fact Loki is truly dead and thus would not be resurrected. Using the Power Stone, Thanos then destroyed the Statesman and teleported his children and himself out of the exploding ship, leaving Thor and the dead Asgardian bodies to float in space.

With two of the Infinity Stones in his possession, Thanos sends the Black Order to Earth to collect the Time Stone (the Eye of Agamotto) and the Mind Stone while he travels to Knowhere, where he is interrogating the Collector to get hold of the Reality Stone (the Aether). As the interrogation was underway, the Guardians of the Galaxy (sans Groot and Rocket) arrive to stop Thanos. The plan was going smoothly until Drax, due to having lost his wife Hovat and his daughter Kamaria at the hands of Thanos's army, almost compromised the Guardians' position due to his anger, prepared to attack Thanos head-on and be the one that kills him. Star-Lord attempted to convince him to wait, noting that Thanos did not have the Stone yet, thus they could still take it from him before he even noticed. His attempt to stop Drax was unsuccessful, however, with Drax ignoring Quill, prompting Mantis to force him to sleep in order to prevent him from giving their location away.

Unfortunately, the sound of Drax collapsing on the ground drew Thanos's attention anyway, and he violently threw the Collector into a tank before advancing towards the Guardians. Before Star-Lord could give combat instructions to Gamora and Mantis, Gamora swiftly attacked Thanos without waiting, engaging in melee combat with her sword Godslayer. However, while Thanos managed to effortlessly destroy Godslayer, Gamora quickly fatally stabbed him in the neck with the remains of Godslayer and then stabbed him very switchblade Thanos had offered her as a child. Thanos appeared to quickly bleed out from his injuries, astonishing the other Guardians and the Collector, who stood in disbelief. The Titan pleaded with Gamora, heartbroken that she would murder him with his own gift to her, before succumbing anticlimactically to his injuries. After Thanos' apparent "death", Gamora down sobbing when she thinks that she has killed her father; partly out of relief, partly out of grief, since she was raised by the Titan after all.

Nevertheless, Thanos's voice was still heard in spite of the Titan's apparent death. Thanos noted that Gamora's tears indicated she still cared for him to an extent. As the dead Titan and the surrounding Knowhere began to dissolve in a red mist, revealing a burning wasteland, Thanos's trickery was finally revealed: The Titan had already laid waste to Knowhere and retrieved the Reality Stone, conjuring an elaborate illusion using the Stone in order to lure in his adopted daughter, who he knew would come for him. Thanos soon appeared himself and commented that while reality was often disappointing, with the power of the Reality Stone, this no longer held true as reality would be his to command. Indeed, Thanos needed Gamora to disclose the location of the Soul Stone, being the only one who knew its whereabouts, telling her that he counted on their arrival.

Gamora immediately attempted to attack Thanos, but was quickly restrained by the massive Titan. Enraged and recovered from Mantis' sleep inducement, Drax attempted to attack Thanos, only for Thanos to simply smirk at Drax, knowing the latter wanted to avenge his family, and immediately incapacitate him with the Reality Stone, turning him into a statue that immediately crumbled. Terrified, Mantis inadvertently revealed herself, causing Thanos to turn his attention to her and transform her with the Stone as well, cutting her into still-conscious ribbons of flesh, before being confronted by Quill.

Thanos recognized Quill as Gamora's lover, who fruitlessly demanded that Thanos release Gamora, threatening to kill him with his blaster. However, Gamora reminded him of his promise to kill her if she was captured by Thanos, which they made shortly before their arrival. Reluctantly, Quill pointed his Quad Blaster at Gamora, though Thanos was skeptical that Quill would have the courage to follow through on his promise. Thanos then dared Quill to kill her by putting her up against the blaster point-blank. As they confessed their love to each other, Quill finally pulled the trigger. However, the Blaster only fired harmless bubbles - Thanos had preemptively transmuted the blaster's ammunition using the Stone, before transmuting the blaster itself into bubbles. Impressed with Quill for having the courage to do what was necessary, Thanos admitted to having a liking to Quill before he teleported himself and Gamora away with the Reality Stone, leaving Drax and Mantis to reconstitute themselves in the absence of the Reality Stone's effects.

Back on his Sanctuary, Thanos attempted to give Gamora food, believing that she was hungry, but Gamora angrily tossed it into his throne, saying bitterly that she always hated the throne, which Thanos simply retorted by saying he always hoped that she would sit on it anyway and succeed him. Having already heard Gamora's repeated confessions of hatred for his ship and her life, Thanos remained unfazed by all of Gamora's angry statements and simply said that he saved her when Gamora reminisced on how she was a child when Thanos took her.

Thanos then revealed to Gamora on how thanks to his decision to massacre of half the population of her planet, Zen-Whoberi is now prospered and simply dismissed the massacre as a small price to pay for salvation when Gamora angrily said it. Thanos then reminded Gamora on how she once had the same will as he had and that it was due to his training that she became the fiercest woman in the Galaxy and he was so confident in her abilities that he even send her to locate the Soul Stone, which she sarcastically apologized for failing to do. However, Thanos was unfazed and said that he is disappointed not because she did not find the location but she did and lied to him.

Thanos then took Gamora to reveal that Nebula has been captured due to her attempt to assassinate him. However, Thanos did not kill her and instead imprisoned her for interrogation, proceeding to torture her in front of Gamora. Even though Gamora desperately sought to conceal the location of the stone, Thanos revealed that he was aware that Gamora had lied to him by showing a video recording inside Nebula's system. Thanos went as far as to say that while Thanos turned her into the warrior she is now, he never taught her to lie and thus she was never a good liar. Nebula, when Thanos briefly pauses her torture, desperately tries to stop Gamora from telling him where the Soul Stone is. Thanos demanded the Stone's location again, but when Gamora stayed quite, tortured Nebula even further, long enough for Gamora to feel remorse for her pain. Finally giving in, Gamora told Thanos the stone was on Vormir.

Thanos and Gamora traveled to Vormir via a portal from the Space Stone and warned her that the stone better be recovered from where she last lost it or else Nebula would be killed. Thanos and Gamora then walked on top of the cliff and met a mysterious figure. The Stonekeeper would then talk to Thanos about retrieving the Soul Stone and how it extracts a terrible price but Thanos responded to his statement, that he was ultimately prepared for it. The Stonekeeper guided them to the top of a nearby cliff, as the Guardian of the Soul Stone explained to Thanos that obtaining the Stone required the sacrifice of a loved one. Upon hearing this, Gamora laughed in relief and mocked Thanos as a heartless and uncaring monster who loves nobody and nothing. Seeing Thanos has shed tears over this revelation, Gamora further mocked him for crying over his failure to obtain the Soul Stone, until the Stonekeeper informed her that his tears were not for him, but for her. Finally realizing that Thanos had genuinely grew to love Gamora, she was genuinely surprised for a moment and quickly and desperately attempted suicide using her knife, refusing to die for the Soul Stone, but Thanos used the Reality Stone to turn her knife into bubbles. Thanos lamented on how he had once ignored his destiny and cannot do it again before apologizing to Gamora as he tearfully hurled her off the cliff to her death.

As Gamora hit the ground, Thanos winced and closes his eyes when he clearly hears the sound of her hitting the stone, and her screams stop. Thanos sternly looked over the cliff and mourns over Gamora's death. A light burst out that briefly knocked Thanos out but once he awoke in the shallow waters of a river-like environment, he found the Soul Stone in his right hand and inserted it into his Infinity Gauntlet.

With four Infinity Stones in place, Thanos travels back to his homeworld Titan, where he intends to wait for Ebony Maw to deliver the Eye of Agamotto. However, he found Doctor Strange waiting for him and instantly deduced that Maw is dead due to Tony Stark (Iron Man) killing him to save Strange (the current holder of the Eye). Unfazed, Thanos simply asked Strange where did he think Maw brought him to and corrected Strange when he calmly guessed Titan as being his home, saying it was. Thanos then told him about the history of his planet while altering the reality around it using the Reality Stone to show it's former beauty. Thanos explained how he planned to commit painless and randomly fair genocide across the entire universe with the assistance of the Infinity Stones, after which he simply intended to rest and watch the sun rise on an "grateful universe".

As his conversation with Strange ended, Iron Man dropped a massive piece of debris on him, which only served to infuriate Thanos, who simply blasted away the rubble and transmuted it into an endless swarm of bats and hurled them at Iron Man, forcing him to flee. Spider-Man then used his webbing to blind Thanos, and Drax the Destroyer quickly slashed him with his Knives while Doctor Strange conjured a sword to engage Thanos in close combat, but Thanos swiftly composed himself and quickly began to overwhelm them, overtaking Drax through several stones and blowing away Doctor Strange upon bringing down his Eldritch Magic shield with a kick.

However, Star-Lord maneuvered through Thanos' blasts with help from Doctor Strange, who conjured platforms for him to jump on and shot him before planting an explosive on Thanos' back, which briefly stunned him. The Cloak of Levitation wrapped itself around the Infinity Gauntlet, preventing Thanos from using it. Using this moment to his advantage, Spider-Man attacked Thanos with several kicks, assisted by Doctor Strange's portals,, but it only served to irritate the

Mad Titan, who swiftly pinned Spider-Man down and angrily called him an insect before flinging him back at Doctor Strange, knocking him to the ground. Iron Man caused a massive explosion next to Thanos, who remained once again uninjured and simply used the Infinity Gauntlet to absorb the entire explosion and blast the flames back at him, knocking him from the air. Thanos was once again attacked by Spider-Man but he easily broke out of his web and used it to pull Spider-Man towards him, striking him in the face.

Suddenly, a ship crashed upon Thanos but he easily survived and was attacked by Nebula. Coldly greeting his former adopted daughter, she warned him that he should have killed her when he had the chance, to which Thanos hatefully spits that it would have been "a waste of parts". He then swiftly overpowered her but the group took advantage of the time Nebula bought and managed to barely restrain Thanos. Doctor Strange restricted the gauntlet while Drax, Iron Man and Spider-Man restrained Thanos' arms and legs, Strange opened a portal for Mantis above Thanos to inflict sleep upon him using her powers. Star-Lord then mocked Thanos and demanded the location of Gamora, visibly causing him to become crest-fallen. Mantis then revealed that Thanos was in mourning, which led Drax to wonder what a "monster" like Thanos had to mourn. Nebula, however, understood in horror and sadness that he had sacrificed Gamora for the Soul Stone. Star-Lord then angrily confronted Thanos to tell her that Nebula was lying and Thanos emotionally said he had to kill her.

Infuriated beyond all reasoning, Star-Lord repeatedly hit Thanos with his blaster, hitting Mantis' hands in the process which caused her to lose her grip on Thanos. Freed from his trance and now truly furious upon being reminded of how he was forced to kill Gamora, which only served to make him more determined to complete his goal so as not to let her sacrifice be in vain, Thanos angrily and brutally attacked the group, putting the Guardians of the Galaxy to sleep with a single wild shockwave and then using the Space Stone to pull an entire moon from the sky. Thanos then furiously used the Power Stone to obliterate the entire moon, which he then hurled at his opponents in a hail of meteors.

While Iron Man dodged the meteors and Spider-Man went to save the Guardians of the Galaxy, Thanos ferociously dueled Doctor Strange upon cornering him, with Strange launching the first strike with fiery beams. Thanos leaped into the air to avoid them and retaliated with a blast of energy from the gauntlet. Strange summoned the Mirror Dimension to absorb it and then hurled it back at Thanos. Thanos responded by crushing it with the Power Stone, unable to be trapped inside thanks to the Reality Stone, and then threw the remnants back at Strange in the form of a destructive black hole with the Space Stone, which Strange swiftly transmuted into blue butterflies, which momentarily confused Thanos.

Doctor Strange than proceeded to make almost countless copies of himself and attempted to restrain Thanos with Eldritch Whips. However, Thanos dispelled the many replicas of Doctor Strange using the Soul and Power Stones in unison and sundered his Astral Form out of his body until he regained control. Thanos was able to pull him to his hand before he could react. Thanos admitted he was impressed by Strange's mastery over Magic but criticized him for not using his "greatest weapon". Thanos then grabbed and crushed the Eye of Agamotto and tossed him aside.

Before he could look for the Time Stone, Iron Man, being the final Avenger standing, used a trap to restrain Thanos' gauntlet hand, making him unable to use it's power. After a brief conversation in which Thanos revealed that he knew who Iron Man was and what drove him, which Stark expressed his profound grudge towards him, Thanos was attacked relentlessly by all of Iron Man's advanced technology but remained uninjured throughout the onslaught. Iron Man dashed forward and immediately struck Thanos again with two repulsor-powered battering rams, beating him back into a wall with enough force to break it. Recovering quickly, Thanos tore off Iron Man's helmet with his bare hand and punched him to the ground, although Stark reformed his helmet just in time to prevent his head from being knocked off. With Iron Man dazed from the devastating blow, Thanos quickly ripped the clamp from the Gauntlet, and blasted the downed Avenger with a concentrated beam from the Power Stone. Barely recovering, Iron Man managed to block and sidestep the blast by forming a shield.

Boosting towards Thanos in a renewed assault, Iron Man swiftly pinned the Gauntlet to the ground using a foot clamp before twisting around and pummeling the Titan's face with a repulsor-boosted hammer, with enough force to make him bleed. Unfazed, Thanos wiped the small amount of purple blood from his face and simply taunted the Avenger for giving so much labor and struggle only to shed a single drop of blood. Thanos then grinned and effortlessly ripped the Gauntlet free from Iron Man's hold, flipping the battered Avenger onto his back. Thanos began to brutally beat the downed Avenger with his fists, breaking off more and more of his armor with each strike. With Iron Man helpless to resist, Thanos lifted Iron Man up and followed with a point-blank blast with the Power Stone to the Avenger's chest, sending him flying and heavily damaging his armor.

Despite missing much of the upper half of his armor, Iron Man desperately persisted and attempted to hold off the advancing Thanos with his repulsors. Thanos merely blocked the blasts with the Infinity Gauntlet and began beating the Avenger once again, completely destroying his helmet. Stark attempted to defend himself with his bare hands, only for the massive Titan's overwhelmingly superior strength to force him to use both hands to barely block a blow from Thanos's single hand. As Thanos effortlessly blocked and firmly trapped his left hand, Stark then shifted the nanites from his left arm to his right arm to form a sword, and wildly stabbed at the Titan but Thanos easily caught the sword and ripped it from Stark's hand and ruthlessly stabbed him in the abdomen with it, quickly ending the fight in a no-contest victory.

Cradling the injured Stark's head in his hand, Thanos revealed his respect for the Avenger, genuinely impressed by his fearlessness and determination. Thanos took the time to tell the injured Stark that once his goals are complete half of humanity will still exist and he hopes they will remember him. Thanos rised the Gauntlet to finish off Stark only for Doctor Strange to intervene, offering the Time Stone in exchange for Stark's life, much to Stark's surprise and dismay. Thanos agreed but warned Doctor Strange to not double-cross him. Despite Stark's pleas to not give in, Doctor Strange revealed the Time Stone, having disguised it as a star in Titan's sky, and reluctantly surrendered it to Thanos. After taking the Stone, Thanos inserted it into the thumb slot of the Gauntlet, allowing him to control time itself now, leaving him with only one more to collect: the Mind Stone. Suddenly, Thanos was attacked by an awakened and enraged Star-Lord, who began to wildly fire at him, but Thanos remained unfazed and activated the Space Stone and vanished through a portal to Earth to retrieve the final stone.

Meanwhile, Corvus Glaive, Proxima Midnight and Cull Obsidian assemble a massive army of Outriders to attack Wakanda, being aware that the hero Vision has the Mind Stone lodged in his forehead and is currently located in Wakanda. This forces several Avengers and the Wakandan warriors to fight back against Thanos's army. At first, the heroes are being overwhelmed, but Thor, Rocket Raccoon and Groot arrived at the rescue with a new powerful weapon called Stormbreaker, allowing the Avengers and Wakandan warriors to finish off Glaive, Proxima, Obsidian and the Outriders to their defeat and deaths.

As unnatural winds began to blow, signalling Thanos' arrival, Captain America sensed the incoming threat, and ordered the other Avengers to converge on his position to assist. Suddenly, a portal opened, and Thanos himself stepped through it, finally arriving on Wakanda and Earth. With the Power, Space, Reality, Soul and Time Stones mounted on the Infinity Gauntlet and only the Mind Stone, his final objective, not installed inside it, Thanos calmly and confidently glared at the heroes that stood between him and his goal. As Banner recognized Thanos and confirmed his identity, Thanos began slowly advancing towards Vision to get the final Stone.

Steve Rogers rallied the Avengers to hold Thanos off for as long as they could while Scarlet Witch, was forced to mercy-kill Vision to prevent Thanos from obtaining the stone. Bruce Banner, in the Hulkbuster armor, made the first strike, leaping furiously at Thanos, only for the Titan to calmly use the Space Stone to phase through Banner. Banner tumbled helplessly through Thanos into a solid rock cliff, where he released Banner from the phase, imprisoning him in the rock. As Captain America dashed at Thanos, Thanos casually blasted Rogers aside with a shockwave from the Power Stone. Black Panther then leaped at Thanos, but the Titan merely grabbed him in mid-air by the throat before he brutally punched him into the ground. Falcon then attempted to provide air support, only for Thanos to block all of his attacks effortlessly and incapacitate him by disabling his wings with the Space Stone.

Using the Space Stone to deflect War Machine's shots, Thanos simply and effortlessly compacted the Avenger's armor telekinetically before flinging him aside. Bucky Barnes then arrived to reinforce but was simply blasted aside with the Power Stone. Black Widow and Okoye moved to replace Barnes, with the latter throwing her spear at Thanos' head. Thanos simply stopped the spear and blasted Okoye aside with the Power Stone and then used the Reality Stone to trap Black Widow in a cage of rock before she could react. Groot then attempted to restrain Thanos using his vines, but Thanos effortlessly snapped them apart with pure strength and continued advancing toward Vision and the Mind Stone.

As Maximoff continued to pool energy into the Stone, Thanos was engaged once again by Steve Rogers, who managed to dodge Thanos attacks and land multiple hits upon the Titan. Despite managing to briefly hold back the Infinity Gauntlet, Rogers was finally downed with a direct punch to the head, leaving only Scarlet Witch to defend Vision. Desperately, Maximoff held Thanos back with a beam of energy to stall him further, who continued to slowly advance while blocking the beam with the Space Stone. Despite continuing to advance forward, Thanos was too late - with a final confession of love to Maximoff, Vision peacefully shut his eyes as the Stone's structure began to destabilize, and finally shatter in a violent explosion, disintegrating itself and Vision completely, destroying the Mind Stone.

As Maximoff lay on the ground, heartbroken, Thanos only stared at the barren crater where Vision had once remained. However, despite seemingly failing his goals, Thanos not only remained calm, but comforted Maximoff, sympathizing with her pain at having to sacrifice what she loved most, having previously sacrificed his dearest daughter, Gamora, for the Soul Stone. Maximoff bitterly retorted, claiming he knew nothing of her pain, but Thanos replied that he had lost more than she could ever know just before noting that there was no time to mourn, Thanos activated the Time Stone, using its powers to reverse Vision's destruction, restoring the Mind

Stone and rendering Maximoff's actions moot. Before she could stop him, Thanos easily knocked her aside, taking Vision by the throat and ripping the Mind Stone right from his forehead, killing him a second time. Flinging his lifeless corpse aside, Thanos inserted the Stone into the Gauntlet. As the Stones' combined energies flowed through his body, even causing a bit of pain to the Titan, Thanos admired the Gauntlet, having finally completed his quest.

In a last-minute attempt to finish off Thanos and avenge all those who Thanos had killed, Thor blasted Thanos into the ground with a powerful lightning blast from his new weapon, Stormbreaker. Regaining his footing but unaware of the true properties inside the axe, Thanos unleashed an energy blast on Thor from the Infinity Gauntlet, who then hurled it with all his electrical power and great strength at Thanos' torso. The power of the fully enchanted axe, having been created to counter the Gauntlet, quickly overwhelmed the beam, and Thanos could do nothing to stop Stormbreaker from burying itself deep in his chest. Landing in front of the severely injured Thanos, Thor proceeded to vengefully remind Thanos of his promise to kill him. Thor than forced Stormbreaker deeper into his chest, causing him further pain and injury to make sure Thanos suffered before his death. However, despite being grievously wounded and in severe pain, the wound was not enough to kill him and the Mad Titan, although struggling to speak at first, victoriously taunted Thor for not aiming for the head for an instantaneous kill. Thor, realizing his mistake too late, could do nothing but yell in horror as Thanos mustered the strength to simply snap his fingers anyway and activate the death wave. The Gauntlet was activated in a blinding flash of energy, altering the Universe on an unprecedented scale.

Nearly overwhelmed by the sheer amount of power required to use the Gauntlet's full power in his weakened state, Thanos briefly passed out, and to his great surprise, reawakened in a vast orange void, a world within the Soul Stone, without the Gauntlet or his fatal injury. Turning to find a lone Zen-Whoberi archway, Thanos found a reflection of a young Gamora's spirit standing alone underneath. Initially expecting Gamora to lash out at him, Thanos was surprised when Gamora calmly asked if he accomplished his mission and Thanos, preparing himself for the inevitable argument, resignedly acknowledged he had. Although horrified by the severe consequences of his victory, Thanos found that Gamora no longer had the drive to do so, having been resigned to being defeated and gently asked what his actions had cost. Thanos sadly replied that his actions cost him everything, as he had lost the only thing that mattered most to him, Gamora herself, to which Gamora sadly concurred by nodding at this answer.

Regaining consciousness, Thanos returned to his body in Wakanda, the Infinity Gauntlet and his left arm scorched and burned by the immense release of energy. Seeing no apparent change, Thor furiously questioned Thanos about what he had done, but Thanos, knowing that his goal was finally completed, merely smirked at Thor mockingly for how his selfish desire for revenge had cost him victory before teleporting away, leaving only a confused Thor and Stormbreaker falling to the ground, covered in Thanos' blood.

Quickly after Thanos vanished, half of all life in the universe slowly disintegrated into ashes: As Rogers questioned Thor as to Thanos' whereabouts, Bucky Barnes suddenly crumbled into dust in front of Rogers. M'Baku could only watch with horror as the Wakandan soldiers around him began to fade. Hidden on the ground in long grass, Falcon disintegrated as Rhodes called out to him, not realizing yet that his companion and friend was already gone. T'Challa, attempting to help Okoye up and encourage her to fight, fell into ashes before her eyes just as he attempted to help her up. Afterward, Rocket tearfully watched Groot fade away as he weakly called for his "father" to help him. Kneeling over Vision's lifeless body, Wanda Maximoff vanished into dust with a face of relief and peace on her face.

On Titan, in the aftermath of their defeat, the effects of the Gauntlet began to claim the lives of the battered Mantis, Drax, Star-Lord, Doctor Strange and Spider-Man, leaving Iron Man and Nebula as the only survivors on Titan. As the effects of Thanos' mass genocide took hold across the Universe, the remaining survivors could do nothing but stand in utter shock and defeat, unable to do anything but accept the reality of Thanos' victory.

Far away on an unknown distant planet, Thanos limped out of a farm with his wounds mostly healed, and his armor hung up on a nearby scarecrow. Finally at peace, he sat down and smiled to himself in relief, satisfied that he finally defeated the heroes and achieved his goal. As a call-back to what he said to Doctor Strange on Titan, Thanos calmly watched the sun rise upon what he saw as a grateful universe.

Thanos does not appear in the series, but he was mentioned in the Season 5 episode "The One Who Will Save Us All", where Graviton learned from the Kree about Thanos' plot to wipe out half of the universe. As such, Graviton suggests that they ally with the Avengers to fight against Thanos, but the Kree convinced him to obtain more Gravitonium in order to absorb it and increase his own powers.

Thanos does not appear nor he is mentioned in the film. However, during a mid-credits scene following the arrest of Sonny Burch and the curing of Ghost, it is revealed that Thanos' death wave has killed Hank Pym, along with his wife Janet van Dyne, and their daughter Hope (known as The Wasp), leaving them to be wiped away from existence. The Pym family's demise also caused Hope's partner Scott Lang (known as Ant-Man) to be left trapped in a Quantum Realm, much to his complete distraught.

Although not appearing in the movie, Thanos is mentioned scarcely. Following the defeat of the Supreme Intelligence and Starforce of the Kree Empire, Captain Marvel gave Nick Fury a modified pager in case he would have to send out distress calls to her as she would be busy helping Talos and his fellow Skrulls find a new home planet to live in. The pager would be activated 23 years later during the events of Infinity War, prompting Captain Marvel to head over to the New Avengers Facility, where she saw that the surviving Avengers, moping over their failure to defeat Thanos and deeming Thanos's actions as being a nightmare, had retrieved Fury's pager before demanding to know where Fury is. She later found out in horror that Fury activated his pager before he was dissolved to his death along with half of the universe's populace thanks to Thanos' death wave.

Three weeks after the cataclysmic events of Thanos's victory, a weakened and horribly scarred Thanos is first seen cooking up a stew in his hut before Captain Marvel, who had been recruited by the Avengers, smashed through the roof of his hut and restrained him, alongside the Hulkbuster and War Machine. As the weakened Thanos struggled against them, Thor quickly smashed through the hut and sliced Thanos' left arm off with Stormbreaker in order to free the Gauntlet. As Captain America and the rest of the Avengers came in, Rocket Raccoon goes to get the Infinity Stones from the Gauntlet, only to discover they are gone. Captain America interrogated the Mad Titan on the location of the stones, and Thanos reveals that once he fulfilled his goal to eradicate half of the universe, the Stones served no purpose beyond temptation. An angry Bruce Banner proceeded to assault Thanos out of rage for his murder of trillions.

Thanos taunted the Avengers by revealing that he had actually destroyed the Stones in case he would be tracked down so that his work wouldn't be reversed, which may explain the scars he received. He also reveals that he did it, so he wouldn't feel tempeted to use them again. Knowing that his work for the universe is done, Thanos proclaims that he is inevitable. The Avengers refused to believe this and War Machine suggests tearing down Thanos' hut to find the Stones, but Nebula (in spite of her hatred towards Thanos) stated that Thanos is never a liar of any sort despite his atrocities, implying that his statement of destroying the Stones has to be true. With his last words while knowing that he will die, Thanos confirmed this by thanking Nebula for pointing that out and admitting that he was wrong to treat her too harshly. With this horrible revelation revealed, a furious Thor decapitates Thanos with Stormbreaker, and a grieving Nebula took solace in Thanos' last words by closing his eyelids out of respect. The surviving Avengers then return back to Earth in shame, knowing now that even after killing Thanos, they have lost to him again as that they cannot reverse the death wave to bring back their loved ones.

For the next five years, the surviving populace is forced to live with the damage that Thanos caused, but are unable to move on due to being traumatized by the deaths of their loved ones. However, Ant-Man escapes from the Quantum Realm and meets up with the Avengers, stating that he got stuck there when the death wave happened and that it took five hours for him to escape instead of five years. The Avengers soon learned that they can use the energy from the Quantum Realm to create a time machine so that they can go back and get the Infinity Stones to reverse the massacre. To that end, the Avengers split away into traveling into different timelines: Hulk and Captain America managed to retrieve the Time and Mind Stones during the Chituari invasion of New York from 2012, Iron Man and Captain America retrieved the Space Stone and several Pym Particles from 1970 S.H.I.E.L.D HQ, Rocket and Thor retrieved Mjølnir and the Reality Stone from 2013 Asgard, and Romanoff sacrificed herself in 2014 Vormir to allow Barton to obtain the Soul Stone.

In the meantime, Nebula and War Machine managed to steal the Power Orb from 2014 Morag. However, while War Machine was able to return to the present, Nebula was unable to do so due to her cybernetic implants interfacing with those of her 2014 self, causing Nebula to be captured by the 2014 Thanos. Through this connection between Nebula and her 2014 self, the 2014 Thanos learns of his future self's success and death, as well as the Avengers' plot to reverse the death wave because of the surviving populace being unable to move on without their loved ones. Realizing now that no one will accept his ideals and philosophy of maintaining balance even if he would succeed on it, the 2014 Thanos decides to compensate this by changing his goal into destroying the entire universe and recreating it under his own image.

As such, the 2014 Thanos (who decided to treat Nebula better after hearing his Future's Self's confession), sends the 2014 Nebula in the original Nebula's place so that she can use the time machine to send him and his army to the present. Even when the Avengers finally utilized the Stones (combined with a new Infinity Gauntlet) to reverse Thanos' massacre while the original Nebula kills her 2014 self after being freed by the 2014 Gamora, the 2014 Thanos arrives with his army to attack the Avengers' headquarters.

Fully aware of the transgressions of what has happened and is about to happen, Thanos calmly awaits the arrival of the Avengers. As Iron Man, Captain America, and Thor approached the Mad Titan, the latter confronted them for being unable to move on without their loved ones and making his deeds so ungrateful to the universe. Declaring this as the last straw as he was already annoyed with them for stopping his invasion of Earth, Thanos announces his next plot of destroying the universe and rebuilding it with vast resources and life that will be forced to be grateful to him. When Captain America noted how the new universe would be built from blood, Thanos said it wouldn't matter because the Avengers won't live to tell them about, before engaging the three Avengers in a brutal battle.

During the ensuing fight, Thanos overwhelmed the three Avengers with his superior speed and power, and his immense skills with his massive double-ended sword. At one point, Thanos managed to knock Iron Man out of the fight by using his body to block an attack from Thor's hammer, Mjølnir, before facing Thor himself. Due to the God of Lightning being weakened from years of inactivity, Thanos easily overpowered Thor and brutally beat him down. Thor attempted to summon Stormbreaker to kill Thanos, but Thanos caught it before Thor could and attempted to cut Thor in half with the axe in revenge for his future self's death. Before Thanos could do so, Mjølnir is thrown at his back and knocks him down. The hammer flies back to its wielder, who is revealed to be Steve Rogers - who has proven himself worthy to wield the mystical hammer, much to Thor's delight.

Thanos kicked Thor to the ground and proceeded to battle Captain America, who was now armed with both Mjølnir and his shield. At first, Steve Rogers proves to be a match to Thanos (possibly because of his already superhuman strength being empowered), even being able to cast lightning at the Titan, but Thanos manages to dodge an attack from Captain America proceeds to slam the Avenger to the ground. Thanos then removes his helmet and attacks Rogers with his sword, managing to cut him across the leg. Gaining control, Thanos knocks Mjølnir out of his hands and then proceeds to break Rogers' shield with his double sword before pummeling the hero into the ground.

With the three Avengers defeated, Thanos expressed in his seething rage that he will personally enjoy razing Earth and wiping out all of its populace in a way that he had never done in his previous conquests. Thanos then summons his entire army, which emerges from his warship behind him. Despite being outnumbered and injured, Rogers rises from the ground and stood ready to face

Thanos and his entire army alone until he suddenly receives a faint radio communication from Falcon, who tells him to look behind him.

Just then, a portal opened behind Rogers as Black Panther, Okoye, Shuri, and the Wakandan Army slowly arrived to the battlefield. Another portal from Titan opens to reveal Doctor Strange along with the Guardians of the Galaxy and Spider-Man. More portals began opening as the Asgardians, the Ravagers (including Howard the Duck) and the Masters of the Mystic Arts joined the Avengers' side. Pepper Potts, now donning a blue-and-silver armor, also appeared. After everyone forms up to face Thanos and his forces once and for all, all the allied teams charged at Thanos' forces as Thanos himself motioned his army to attack before joining the fight shortly after.

During the large battle, Thanos, during an attempt to retake the Iron Gauntlet from Black Panther, was confronted by the Scarlet Witch. The enraged woman, who remembered how Thanos murdered Vision, hatefully told him that he took everything from her. Thanos furiously responded by saying he didn't know who Scarlet Witch was, but she told him that he would and engaged him in battle. Despite initially gaining the upper hand on her, Wanda managed to overcome him, depriving of his double-edged sword and lifting him and using telekinesis to almost tear him apart. During the assault, Thanos furiously ordered a missile strike (though at the cost of losing much of his forces in the process). Though the airstrike was successful in keeping Scarlet Witch and the Avengers at bay, Captain Marvel arrived from space and destroyed the Sanctuary II as Thanos watched in surprise.

Shortly after, Ant-Man and Wasp attempted to return the Infinity Stones to the past using the Quantum Realm, but Thanos himself managed to halt their efforts and attempted to retake the Gauntlet in the ensuing chaos, before being attacked again by Captain America, Thor, and Iron Man. Despite their efforts, Thanos overpowered the three before successfully taking the Iron Gauntlet, but before he could wield it, Captain Marvel stopped him and engaged the Titan in a vicious fight. Thanos managed to toss her away before finally donning the Gauntlet, causing energy to surge throughout his body. Despite the pain, Thanos attempted to snap his fingers and destroy the universe, but Captain Marvel seized and forced open his hand, stopping him from doing so. Thanos attempted to headbutt Captain Marvel, but she didn't react at all to the attack. Slowly being overpowered, Thanos pulled the Power Stone from the Gauntlet and used it to violently blast Captain Marvel away with a punch, knocking her out of the fight.

Placing the Power Stone back in the Iron Gauntlet, Thanos was briefly halted by Iron Man, who tried to prevent him from using the Gauntlet, but Thanos violently knocks Iron Man aside and donned the Gauntlet back into his hand. Having defeated all the Avengers once again, Thanos (with an evil smile) taunted them of their failure by repeating his future self's words that he is inevitable before snapping his fingers with the Gauntlet, expecting for the entire universe to be destroyed and all of its populace to be extinguished by his own will.

However, this time, to Thanos' surprise, his snap has no effect at all as the Gauntlet is missing the Stones. He shortly discovers that Iron Man actually managed to remove the Stones from the Gauntlet and transfer them to his armor in case Thanos would get his hands on the Gauntlet. Iron Man taunted back at a shocked Thanos before sacrificing himself by snapping his fingers with the Stones, causing all the Black Order and their alien armies (except for Gamora from 2014 and Nebula) to disintegrate into dust at the cost of Iron Man's life with his human body being unable to sustain the power. Watching all of his massive armies fade away into dust, Thanos is left horrified that his goals for the universe have been undone and possibly losing his children. Realizing that there is nothing he can do to prevent his impending death, Thanos solemnly sits down among the devastated battlefield, gazing at the darkended sky, and accepting his fate in despair as he is wiped away from existence.

With Thanos and his forces finally dead at last, the Avengers are satisfied that they have finally defeated them for good. Following Iron Man's funeral, the Avengers return the Stones (and Mjølnir) back to their original places and timelines before going their separate ways, safe in the knowledge that the universe is now at peace.

Thanos' actions leave an enormous impact in the aftermath of his final defeat. As Earth begins to recover, Iron Man is revered for his sacrfice, and there is much speculation as to who will replace him as the world's next hero. The return of the Thanos' victims results in problems with identity documentation, as they returned five years after their deaths without having physically aged. Any high school student that was a victim of the Snap is subsequently forced to retake the entire school year, even if they had already completed midterms, including Peter Parker's class.

Thanos was an extremely powerful alien warlord who commanded three massive armies called the Chitauri, the Sakaarans and the Outriders, as well as a small group of fanatical followers known as the Black Order.

Thanos formed an alliance with Loki to invade Earth, and later forged a partnership with Ronan the Accuser to destroy Xandar - both in exchange for the deliverance of two powerful Infinity Stones, only for the pair to end up failing their tasks before they betrayed Thanos afterwards. Thanos was also indirectly responsible for the creation of Ultron as his supplying of the Mind Stone to Loki was what gave Ultron free will to rebel against humanity in the first place.

He later obtained all six Infinity stones, fought with the Avengers and Guardians of the Galaxy, and successfully wiped out half the life in the universe. His actions would ultimately be undone, however, after the Avengers successfully retrieved the Infinity Stones through time travel. Soon after, an alternate version of Thanos from the past, time traveled to the present in an effort to destroy the Avengers and erase the whole universe in order to create a new one, but was defeated and erased from existence once and for all before he could carry out that plan. However, even after his demise, Thanos' actions still haunted the Avengers.

Powers

Titan Physiology: As a mutated Titan, Thanos possess immeasurable levels of strength, reflexes, durability, regenerative healing, and endurance as well as near-immortality. He is frighteningly powerful, able to effortlessly intimidate, overpower, severely harm, and even potentially kill beings as powerful as Loki, who is almost on par with Thor, and Ronan The Accuser, who was among the strongest Kree, Thor at full power, and Hulk. He rules the

Chitauri and Outrider army unchallenged. Korath has fearfully said he is the most powerful being in the universe, although Ronan was confident that he could kill Thanos with the power of the Orb. Nevertheless, Thanos displayed no sign of concern after Ronan threatened him. Gamora also blatantly told Nebula she doesn't know if killing Thanos is possible. Thanos was also shown to be fully confident in being capable of collectively harnessing the full power of all six Infinity Stones with the use of an Infinity Gauntlet, a feat that no other being has ever survived. This was proven correct when he was able to handle the use of all six after finally completing the Infinity Gauntlet.

Superhuman Longevity: Like all Titans, Thanos himself was also nearly immortal and had existed for a very long time. It had been confirmed that Thanes was roughly over one thousand years of age by the time Tony Stark decimated him with the power of the Infinity Stones during the Battle of Earth.

Superhuman Strength: Thanos holds incalculably extraordinary, godly levels of superhuman strength, to the point that he is capable of easily wielding all six Infinity Stones with the Infinity Gauntlet, a feat that no other being has survived, making him one of the strongest beings in existence, if not the strongest. Thanos could effortlessly break the highly durable containers of the Infinity Stones, as he casually crushed the Tesseract and later the Eye of Agamotto in a single hand, which was protected by an extremely powerful spell. He was also capable of effortlessly breaking out of Groot's vines and it took the combined efforts of Doctor Strange, Drax, Iron Man, Spider-Man, Star-Lord, and Mantis to keep him restrained, and even then, he still showed great resistance. Upon waking up, Thanos was quickly able to break out of the restraints and regain control of the Infinity Gauntlet. He also was still casually able to clench the Infinity Gauntlet when restrained by countless Eldritch Whips by Doctor Strange's replicas. Thanos is so strong that beings of lesser but still higher superhuman strength and resilience pose no threat or challenge to him, such as Black Panther, Spider-Man, and Gamora, as Thanos proves by effortlessly stopping Black Panther's full charge with a single-handed choke hold and knock him out with a punch, overpowering Spider-Man with one hand casually and being able to effortlessly break out of his web and use it to pull him to Thanos, effortlessly restraining Gamora with a single hand and later throwing her off a cliff in Vormir with little effort. He also could overpower Iron Man in his nanotech Mark L Armor with little effort, with his strength being more than sufficient to easily tear apart the armor with his bare hands, and he was able to effortlessly break Iron Man's sword in half and then stab him with it. Even when Captain America used all his strength, which was vastly augmented by his determination, he was only just barely able to hold back Thanos' gauntlet hand and the Mad Titan proceeded to effortlessly knock the Super Soldier out with a single punch. Even beings of the highest levels of strength and resilience such as Hulk, Vision, and Thor do not pose much threat to Thanos, as Thanos effortlessly beat Hulk to a bloody pulp and Thor, with Thanos going as far as to threaten that he can easily crush Thor's head and kill him anytime he wants, and lifted Vision off the ground with one hand, who was powerless to break free, and quickly ripped the Mind Stone from Vision's extremely durable Vibranium forehead. Lacking the Infinity Gauntlet did not prevent the 2014 Thanos from being capable of overpowering Thor and Captain America in raw strength without much effort, as he was easily able to pummel Thor enough to cause him to severely bleed and bruised and steadily overwhelm him when he tried to use Stormbreaker to gut open his chest, with only Captain America's sudden mastery of Mjolnir preventing him from doing so and was firmly holding back Thor's attempts to stab him with Stormbreaker despite being electrocuted by the electricity surrounding the mighty axe and even with Mjolnir further enhancing Thor's strength and Captain America restraining him, he was still able to overpower their combined might eventually. He even broke Captain America's shield with mere brute strikes from his sword and could easily knock Mjolnir from Rogers's grasp with a single blow and lift and send him flying and before Captain America was able to use Mjolnir, Thanos rendered him near entirely powerless, easily badly incapacitating him with a single punch. Even Captain Marvel using all her cosmic power to augment her strength had to put it all to ensure Thanos could not close his fist and showed trouble overcoming him. The only time he was significantly injured was against the fully-empowered Thor wielding Stormbreaker, a weapon reputed to be the strongest of all of Asgard's weaponry, and this was while he was distracted, and even still, Thanos quickly regained control over the Infinity Gauntlet afterwards and was still strong enough to survive using it at the scale needed to wipe out half of the universe, although he did enter a catatonic state for a while due to performing such a feat while considerably injured. His strength also extends to his legs, as he was able to jump a tremendous distance to avoid Doctor Strange's rays with a single leap.

Superhuman Speed, Agility, and Reflexes: Thanos possesses incredulously swiftness and incredibly superhuman levels of speed, agility, and reflexes, making him fully capable of easily fighting and outpacing even the swiftest of enemies, including others of far smaller size and superhuman conditioning. He was able to easily dodge a few blows from Hulk, and then instantly struck him multiple times before Hulk had a chance to respond. Thanos also easily reacted to Loki's swift attempt to kill him, effortlessly choking Loki to death before the latter could react. While Thor managed to land a blow on Thanos after Thanos had just beaten Hulk, Thanos easily kicked the God of Thunder away before he could attack again. With just a single hand, Thanos was able to easily grab Gamora before she could strike him with Godslayer (which Thanos broke in the process), and was even able to react to the extremely agile Spider-Man's attacks, eventually getting a grip on him and pinning Spider-Man down. He was also able to effortlessly pummel Iron Man in hand-to-hand combat within seconds and break his sword and stab him before he could react and casually catch Black Panther mid-charge with a single hand and could react to the extreme speed of the bullets fired by Winter Soldier and War Machine and Okoye's thrown spear to easily blast it away. The 2014 Thanos was able to easily keep pace with and even beat Thor, Captain America, and Iron Man, with him being able to move faster than Iron Man's strongest armor could react while blocking his repulsors and casually toss aside Rogers as well as swiftly pummel and disarm Thor before he could react. He also could catch Stormbreaker faster than Thor could catch it to use against him.

Regenerative Healing Factor: Thanos has displayed an extremely strong regenerative healing factor, capable of quickly recovering from even the most severe of wounds as long as his head is not cut off. Mere moments after being damaged by Iron Man slightly, he was completely healed upon arriving on Wakanda. Even when Thor dealt a severe wound to his chest with the devastatingly powerful

Stormbreaker, by the time he was "admiring the sunset" at an unknown place, he had completely regenerated, although the wounds of using the Infinity Stones would take a long period of time to heal and he did not manage to heal it at all until he was killed.

Superhuman Durability: Thanos has incalculably extraordinary, godly levels of supernatural resilience and durability, to the point many believed he cannot be killed and with not even the best efforts of those of great power and tenacity seen capable of inflicting lasting harm on him. rendering him capable of easily handling the Infinity Stones with the Infinity Gauntlet without any strain or harm done to himself, even surviving the power of all six without harm, something that none who have attempted have ever survived. Regula gunshots understandably does absolutely no harm to him, as shown when he remained completely unfazed by shots from the Winter Soldier, with even firearms and melee weapons of among the highest caliber doing very little harm to him, with him only barely flinching after being shot by Star-Lord and slashed by Drax's knives and managing to parry Drax's knives and Doctor Strange's Eldritch Sword with his bare hands without suffering any damage. In addition, his skin and skeleton is also nearly impenetrable to both outside and inside interference, as Doctor Strange decided against trying to use a Sling Ring to kill him as it wouldn't work fast enough to prevent Thanos's snap and if Ant-Man had tried to shrink himself, enter into his anus and then expand himself to kill the Mad Titan, the tough walls of Thanos' rectum would simply crush him to death. He is also able to effortlessly endure and shrug off attacks from beings of among the highest levels of superhuman strength as if it was nothing, as he was completely uninjured by punches from Spider-Man, which barely staggered him, remained completely uninjured by full-powered blows from Iron Man's Mark L armor, with even the sharp blades of the armor only inflicting a slight cut on Thanos' face, with him going as far as to mock Iron Man for only being able to draw a little drop of blood, and he was even barely fazed and completely uninjured by blows from Hulk or a fully-empowered Thor. Indeed, Thanos' durability is great enough that it took an attack from a fully-empowered Thor wielding Stormbreaker, a weapon so powerful that it was considered the most powerful in Asgard's history, to finally wound and harm him when the blade got lodged directly in his chest and even though Thor caused Thanos visible pain by twisting the ax deeper, Thanos retained enough strength to activate and use the Infinity Gauntlet at the scale needed to wipe out half of the universe, surviving such vast display of power despite the severe injury, although it did cause him to briefly entered a catatonic state but he quickly recovered, even going as far as to mock Thor for not aiming at his head. Even after being in a weakened state, Thanos was once again able to survive using the Infinity Gauntlet to destroy all the Stones, although it worsened his injuries. The 2014 Thanos was able to take blows from Captain America using Mjolnir, including lightning attacks, with no injuries despite being knocked around and staggered by them. In addition, he once again shrugged off Scarlet Witch's energy attacks despite her having grown even more powerful than last time and was even able to last long enough when Scarlet Witch used her full power to try to crush him for him to order his army to fire on her. After which, he was still able to take a beating from Captain Marvel without any significant damage.

Superhuman Stamina: Thanos has displayed vast levels of superhuman stamina, as he proved capable of exerting himself at full capacity for tremendous periods of time even while pressured, as shown when he endured fighting repeatedly in Titan and Wakanda against the likes of the Avengers, Guardians, Black Panther, and Okoye without once showing any signs of fatigue and even after being severely injured by Thor stabbing and then twisting Stormbreaker into his chest as deep as he could, Thanos retained enough stamina to activate the Infinity Gauntlet at the scale needed to wipe out half of the universe and although he was exhausted enough to enter a catatonic state briefly, Thanos quickly recovered and was still able to warp away and only moments later had fully recovered from any exhaustion he underwent. The 2014 Thanos was able to engage in a prolonged battle for the Infinity Stones, overpowering the efforts of any hero he had faced, and in the end only being stopped by Iron Man causing his death with the Infinity Stones.

Supernatural Powers: After equipping the Infinity Gauntlet into his left arm, combined with his already extraordinary physical constitution and raw power, Thanos gained the potential to safely harness the supernatural powers and dominion over all aspects of existence possessed by all six Infinity Stones should he add them to the Gauntlet, with the more stones Thanos inserts into the Gauntlet, the more power he gains. Upon acquiring all six stones, Thanos becomes nearly omnipotent and even gained the power to force living beings to just die without hesitation or resistance no matter if they were powerful or not. This was seen when even with a severe injury, he killed off half of life within the universe with just a snap of his fingers, making him the most powerful entity in the universe. It is notable that Thanos seems to completely master all the powers of the stones just after only shortly acquiring them, apparently showing he had full understanding and knowledge of the powers of the Infinity Stones, making him nearly invincible as he can easily and seamlessly switch between the powers of the stones and can even combine them.

Energy Absorption and Warping: Combining the Power and Space Stones, Thanos is able to absorb energies he was exposed to and transform them into something else, as he could absorb the explosive energy of Iron Man's missiles, and redirect it at the Avenger as a single concentrated beam of fiery energy.

Terrain Manipulation: Combining the Reality and Space Stones, Thanos can manipulate the terrain at a great enough scale to be able to pull the surface of Titan in order to force Doctor Strange closer to him.

Space Manipulation: After inserting the Space Stone into the Infinity Gauntlet, Thanos acquires the stone's complete control over space. His mastery and understanding of its powers allows him to achieve a wide plethora of liberal but potent capabilities and is not limited to simply opening portals, although it remains the most useful ability that he acquired as he can now effortlessly travel to anywhere he desires without needing to use any other transportation, even able to achieve interdimensional travel without aid now, as he easily warped to Knowhere, Titan, and later Wakanda by casually opening a portal and he can also take others with him, as he warped not only himself but also the entire Black Order after having the Power Stone slowly blow away the Statesman and can also forcibly warp others along with him with ease, as he effortlessly took both him and Gamora despite her resistance to his ship and later Vormir, as well as being able to use the portals to influence other locations without directly being there, doing so to send the Power Stone's energies to the moon and then send the pieces through the portal, with his precise control over the portals even allowing him to remove an object attached to him if he so desires, as he removed Stormbreaker from his chest upon warping away from Wakanda. He could create compression forces strong enough to create singularities that sucks up anything within close proximity, as shown when he summoned a devastating vortex that gathered up all in it's path and sent it at Doctor Strange, which Strange could not block and was forced to transmute it into a multitude of blue butterflies to repel it, funnel the kinetic force of oncoming projectile attacks to make them harmless and then gather them and redirect them, as he harmlessly funnel the kinetic energy of Iron Man's projectiles before sending it back at the hero, create force fields that can easily disintegrate bullets, as he easily destroyed multiple shots from War Machine, and even has the sufficient skill to alter the space between molecules, allowing him to make others intangible and just as easily make them solid again, as he easily phased Hulkbuster through him and stone before making him solid again to trap him. Thanos was also able to skillfully use the Stone as a powerful form of telekinesis, warping the fabric of space around objects in order to manipulate and move them with a single gesture. He was able to instantly freeze Loki mid-stab with ease, effortlessly crush the guns on War Machine's armor, knock down Falcon, and produce force fields powerful enough to repel the energy of Scarlet Witch as a means of defense. His Space Stone induced telekinesis was so strong that he was able to telekinetically pull the shattered fragments of Titan's moon across space to rain down on the attacking Avengers during the Battle of Titan.

Reality Manipulation: Upon acquiring the Reality Stone and inserting it into the Infinity Gauntlet, Thanos acquires complete control over reality, allowing him to warp the very fabric of reality itself to be whatever he desires, as he himself boasted to Gamora. He has shown to have a full understanding and mastery over the Reality Stone's powers, surpassing even Malekith, capable of using it to warp reality to such a degree as to create highly elaborate physical simulations and illusions of false realities over a wide range of influence, as evidenced when Thanos was able to create a false illusion of himself interrogating the Collector in a completely deserted Knowhere, in order to fool the approaching Guardians of the Galaxy and mask the colony's true status as burning down and utterly ruined, which was so convincing that the illusionary self of Thanos can be physically interacted with, with Gamora being able to fight and even kill the false Thanos. He later conjured another illusion to Doctor Strange, showing the planet Titan in its peaceful prime, in a time before it became an uninhabited wasteland. He can make himself invisible using the Reality Stone, as he first spoke to Gamora unseen before revealing himself shortly after undoing the illusion. Thanos can also use the Reality Stone to warp and transmute matter and object into anything he desires, even being able to do this to living organisms, as he effortlessly incapacitated Guardians Drax and Mantis by temporarily warping their physical bodies, splitting Drax's body into pieces and turning Mantis into still-conscious strips of flesh. While he did this by sending a beam from the Reality Stone, he can also silently do this and without needing to fire a beam, as when Star-Lord reluctantly attempted to execute his teammate and lover, Gamora, to prevent her capture by Thanos, the Titan silently transmuted his Quad Blasters to harmlessly fire bubbles, before transforming the weapon itself into bubbles, and would later do the same to Gamora's dagger on Vormir to prevent her committing suicide. Thanos can use this very effectively in combat, as evidenced when he fought in Titan and Wakanda, transmuting a field of ship wreckage into a swarm of bats to attack Iron Man. He can also manipulate the earth with the stone, spawning a cage of stone pillars to trap Black Widow and pulling the surface of Titan itself to pull Doctor Strange into his hand. Upon completing the Infinity Gauntlet, thus reaching the highest level of power the Reality Stone can exert, he became able to warp reality to such an extent that he was even able to cause the bodies of others to turn to dust at a global scale, even while severely injured, causing the victims of his genocide to disintegrate to ashes, with just a snap of his fingers.

Energy Manipulation: After inserting the Power Stone into his Infinity Gauntlet, Thanos acquires complete control over the destructive force of the universe, giving him vast energy-manipulating powers. Due to his strong understanding of the Power Stone's capabilities, Thanos was able to use it for more diverse and versatile capabilities, with the Stone becoming one of his most versatile and often-used in combat for its destructive potential. Thanos' control over the energy of the Power Stone can allow him to infuse it into the Gauntlet, with it being strong enough to shatter a gateway to the Mirror Dimension sent to him by Doctor Strange. With a single gesture from the Gauntlet, Thanos is able to manipulate and specifically unleash the Stone's power to charge objects with unstable energy, causing them to overload and violently detonate. Thanos makes common use of this ability due to its versatility and combat potential, as he is able to control the time and size of the detonation, whether instantly or slowly as Thanos used the Stone to slowly overload and detonate the damaged Statesman after retrieving the Space Stone, giving himself time to teleport him and his Children out and later used the Stone's energy and versatile destructive powers to devastating effect, violently and instantly detonating a ruined spaceship fragment that was dropped on him by Iron Man. He can even exert such powerful energy that it was even powerful enough to rip apart the surface of Titan's moon with its sheer power. Thanos can also unleash tremendously powerful blasts or waves of the Stone's explosive energy, applying powerful concussive force or outright destroying objects with its volatile power. A wild shockwave of energy was able to knock out Star-Lord, Drax and Nebula instantaneously, with all three individuals having great superhuman resilience, while a few concussive waves were enough to effortlessly repel attacks and blast away the majority of the opposing Avengers during the Battle of Wakanda. The Stone's energy could also be concentrated into direct beams of power with enough power to be capable of cleaving through structures with ease, forcing back a shielded Iron Man, and heavily damaging the Avenger's armor with a single point-blank blast. Thanos could also use the stone for more subtle applications, such as exerting the energy upon others to torture them. During the Attack on the Statesman, Thanos utilized the Stone to torture an injured Thor, pushing the Stone into his head and causing the Asgardian excruciating pain using its energy. Used together with the Space Stone, Thanos also brutally tortured Nebula with its power, by telekinetically pulling her mechanical components apart while exposing her to the energy of the Power Stone. With the Power Stone, Thanos can also negate and redirect oncoming energy attacks, as he easily prevented Black Panther from using his kinetic energy pulse and redirected it to the earth when he struck the latter to the ground.

Time Manipulation: After inserting the Time Stone into his Infinity Gauntlet, Thanos acquires complete control over time. Quickly completely mastering the Time Stone's powers, while using it similarly to Doctor Strange's method, although he does not need Eldritch Magic and simply needs to clench the Gauntlet to activate the Time Manipulation Magic, causing the same symbol of the Eye of Agamotto to appear in the palm of his Gauntlet's hand and similarly conjuring said symbol as he uses it. His skill is shown to be far more refined than Doctor Strange's, as Thanos has the skill needed to rewind time with the level of finesse needed to truly recreate an object, even one as powerful as an Infinity Stone, while simultaneously resurrecting a being and keeping some from being affected by it, as he was able to recreate the events where Vision died, so as to resurrect Vision and recreate the Mind Stone, even after Wanda Maximoff had destroyed both of them, while also keeping the Avengers from being affected to prevent them from trying to stop him, whereas Doctor Strange could not truly recreate the stolen pages of the Book of Cagliostro with the Time Stone, although this may have been aided by the fact that the Time Stone was amplified by the Gauntlet already having 4 other Stones. At the height of the Time Stone's powers, with the Infinity Gauntlet having been completed, Thanos gains the ability to accelerate the time of living creatures at a global scale, even able to do this while badly wounded, with the victims of his genocide quickly aging and becoming decomposable brown corpses.

Soul Manipulation: After inserting the Soul Stone into the Infinity Gauntlet, Thanos acquires complete control over souls as well as life and death, giving him divine authority over souls and the right to decide who lives and who dies. With the Soul Stone, Thanos can detect and attack the souls of others, allowing him to identify the real one among mystical replicas of others and attack them, as evidenced when he was able to tell which one is the real Doctor Strange and disperse his duplicates with a single burst of energy, also pushing the sorcerer's astral form out of his body for a while. Upon completing the Infinity Gauntlet and greatly enhancing the Soul Stone's powers as a result, Thanos gained the ability to induce death by wiping the very souls of his targets at a global scale to the point that, even with a severe injury, he still was able to use the Soul Stone in conjunction with the other Stones to successfully wipe out half of the universe, erasing the victim's souls from existence. This catastrophic event even claimed the lives of most of the Avengers and all of the Guardians of the Galaxy, with the exception of Rocket Raccoon and Nebula. The Soul Stone also can conjure dreams for Thanos to recover from exhaustion and speak with someone he cherishes, as after wiping out half of all life in the Universe, the sheer energy required to achieve such a feat nearly overwhelmed Thanos, and briefly sent him into a dream state caused by the Soul Stone itself, transporting his mind to a world consisting of a barren, infinite expanse of feet-high water under an orange sky. Within the dream world, Thanos saw himself as without the Gauntlet or his injuries sustained from Stormbreaker. Before returning to his senses, he was briefly able to communicate with a reflection of his deceased daughter, Gamora, standing under a Zen-Whoberi gateway - in the form of the young child she was when Thanos first met and adopted her - telling her of his final fulfillment of his lifelong goal and admitting to her the great cost and sacrifices made to achieve it.

Death Inducement: This ability is Thanos' most terrifying and yet the mightiest demonstration of his true power. After completing the Gauntlet, Thanos becomes able to use the powers of the Reality, Time, and Soul Stones at such a vast scale as to wipe out half of the universe with just the snap of his fingers, successfully achieving this even after being severely wounded by Thor using Stormbreaker. The victims of the universal genocide quickly aged before turning into a brown decomposing corpse, disintegrating them and erasing them from their physical existence.

Abilities

Genius-Level Intellect: Even in his youth, Thanos was deemed a genius among his kind, despite his deformation. His long life allowed Thanos to refine his intellectual aptitude to the highest degree, making him exceptionally intelligent. Hence, due to Thanos' intellectual genius, he is among the most intelligent (if not the most intelligent) individuals in the universe. His intellect makes him incredibly lethal even without using his powers or fighting skills, as displayed by his ability to conquer many worlds. By simply using his manipulative and strategic skills, he indirectly causes the Battle of

Xandar and Chitauri Invasion, both of which caused the formations of the Guardians of the Galaxy and the Avengers to fight their respective battles. All the while, Thanos remained effectively anonymous, so much so that even the extremely intelligent Iron Man was completely fooled into believing that Loki had no aid during his invasion, and with Doctor Strange initially not having Thanos on his list of otherworldly threats. It was only after Thor received a vision on the Infinity Stones that he was able to figure out Thanos' involvement, with Thor admitting that Thanos had been using his intellect to play a very intricate game and has effectively used the Avengers as pawns without them even realizing it until Thor saw the vision. Thanos was even clever enough to be considerably superior to Loki himself, as he easily outsmarted him on more than one occasion - he not only successfully used Loki as a pawn without the latter realizing it for a long time, but he was later also able to successfully finish off the God of Mischief by easily predicting that he would attempt an assassination and countering it casually. Thanos also easily deceived the Guardians of the Galaxy into letting their guard down, thus allowing Thanos to incapacitate them and capture Gamora. Thanos is also highly perceptive, as he is not fooled at all by Loki and easily saw through Gamora's lies that she never found the Soul Stone. That said, Thanos' high view of his intellect is also the reason he failed as shown when his 2014 self got killed by letting his anger at the 2018 Avengers get the best of him after they proved him wrong.

Master of Manipulation: Thanos is an exceptionally skillful and experienced master of manipulation, quite possibly the best manipulator in the universe, as without leaving his throne, with superb manipulations of powerful beings alone, Thanos was able to cause the Battle of Xandar and Chitauri Invasion, which were among the most devastating battles ever known. He even managed to manipulate someone as intelligent as Loki, who was famous for his manipulation skills, with ease by using his distaste for Thor and Odin. Thor has said that Thanos has been playing a very intricate game for years with such efficiency that he has effectively manipulated the Avengers as pawns for his plans.

Master Tactician and Strategist: Thanos is an exceptionally accomplished strategist and tactician, with centuries of experience in using strategies, quite possibly the best master of tactical warfare currently in the universe. Thanos' mastery and experience in using strategy and tactics allows him to create extremely complex and well-coordinated plans and execute them effectively, with the strategies he created and employed being so effective that he gave the Avengers and Guardians of the Galaxy great trouble all the while remaining anonymous. Thanos is even a far more skilled tactician than Loki, who was famous for being a crafty genius in orchestrating cunning schemes, as he easily deceived the God of Mischief into becoming his minion and later easily predicted and outsmarted Loki's attempt to assassinate him and successfully finished him off. Thanos' strategical aptitude also allows him to accurately predict incoming events and effectively manipulate said events to his advantage, as he was able to anticipate the Guardians going to Knowhere to retrieve the Reality Stone and arrived there before they could prevent him from taking it. Thanos even went as far as to set up a brilliant trap for the Guardians by casting an illusion to fool them into believing that he is still torturing the Collector for the Reality Stone while in actuality he had acquired the Reality Stone long before they arrived, all the while easily manipulating Gamora using illusions specifically seen in her mind to lure her into emotionally charging at Thanos, which worked to a great effect, catching Gamora and the Guardians completely off-guard and allowing Thanos to successfully capture Gamora and escape from the Guardians uninjured.

Master Leader: Thanos is an extremely skilled leader, with a large amount of charisma despite his intimidating persona, inspiring absolute loyalty to the violent and powerful armies of Chitauri and Outriders and members of the Black Order. He is known for having easily decimated dozens of species with his powerful army, killing the Zenohebrei and Luphomoid species.

Polymath: Thanos is also shown to be quite learned and accomplished in many subjects, such as math and science, with him thus being able to accurately predict that his people and planet was about to be devastated due to overpopulation, which he claims to be a simple calculus to him.

Master Martial Artist: Thanos wielded supreme fighting prowess and millennia worth of fighting experience, easily the deadliest fighter in the universe. His style is shown to be fluid, as he first defends against his enemy before unleashing a devastating barrage of attacks. He was able to easily fight off and quickly force back both Doctor Strange using a sword made of Eldritch Magic, and Drax with his knives while his right eye was blinded by a web cotton, easily fight off and swiftly pummel Spider-Man with only one hand while his other hand was restricted by the Cloak of Levitation) and easily defeat and grievously wound Iron Man (despite Iron Man's nanotech Mark L armor and sword, which he easily disarmed and used to land the severe wound), with only Doctor Strange's intervention saving Iron Man from death. Additionally, Thanos easily countered Black Panther's charge by choking him with a single hand and then pummeled him to the ground with a single punch, as well as effortlessly defeated and knocked out Captain America with a single blow. Most impressively, Thanos was even able to defeat and beat Hulk (the former undefeatable champion of the Grandmaster's Contest of Champions) to a bloody pulp with ease with well-coordinated attacks, something Iron Man could only do after a long battle and a moment of distraction, as well as defeat a fully-empowered Thor without much effort. It was only with a sneak attack that Thor, armed with Stormbreaker, was able to land a severe wound on Thanos, but even then the Mad Titan was able to quickly recover. The 2014 Thanos was able to easily repeatedly knock around Thor, Captain America, and Iron Man while also using his sword, with him not only easily downing Rogers and Stark unarmed but even overpowering Thor upon being disarmed of his sword when he was armed with Stormbreaker and soundly pummeling him. He was also able to surpass and ultimately defeat Captain Marvel and could overpower both Thor using both Mjolnir and his axe and Rogers ultimately. One should note, however, that he only beat Carol because he outsmarted her; not because he was the more skilled/powerful fighter.

Master Swordsman: Thanos was an extremely skilled swordsman, using a double-edged sword as his main weapon, with which he was able to easily fight off the combined assault of Captain America, Thor, and Iron Man, including the latter's lasers, even when powered by Thor's lightning, before being disarmed by Thor and near-entirely pressure Captain America into the defensive and soon gain the upper hand and break his shield. He was also able to use it skillfully to deflect energy projections from Scarlet Witch and nearly managed to defeat her, pushing the sword dangerously close to her neck, forcing her to use her powers to disarm him. He can throw it with dangerous accuracy, even able to achieve a boomerang-like effect, as he accurately threw it at Thor and it quickly returned to him after he missed, hit the superhumanly fast Black Panther in mid-air and even outpaced Captain Marvel to Luis's Van.

Torturer: Thanos is shown to be highly accomplished in many fields of torture, with his skills in torture being quite famous, as the Other implied Thanos can cause so much suffering to Loki that he would beg for pain itself. His mastery of torturing techniques allows him to inflict the maximum amount of damage without killing the subject, as when he tortured Nebula to make Gamora give up the location of the Soul Stone, Thanos used the Infinity Gauntlet to painfully pull apart Nebula's cybernetic implants, but he was casually able to avoid truly ripping the necessary implants apart in order to cause her severe pain without killing her. The torture was effective enough that Gamora fairly quickly gave in and told Thanos the location of the Soul Stone to spare Nebula from further torture.

## EBONY MAW

Ebony Maw is a major antagonist in the Infinity Saga of the Marvel Cinematic Universe, serving as one of the secondary antagonists of Avengers: Infinity War and as a minor antagonist in its sequel Avengers: Endgame.

He is the herald of the Black Order who (alongside Corvus Glaive, Cull Obsidian, and Proxima Midnight) assists Thanos in his quest to collect the Infinity Stones.

Maw was first seen raiding the Asgardians' ship following the destruction of Asgard by the deceased Surtur. Along with his father and siblings, he slaughtered the Asgardians and tells them to rejoice in becoming children of Thanos, before Thanos is attacked by the Hulk. Although Obsidian intends to help Thanos, Maw tells him to stand down, knowing that Thanos is too strong for the Hulk to defeat. When the defeated Hulk is sent back to Earth by Hemidall (who ends up being killed by Thanos), Maw uses his powers to restrain Thor, making him watch Thanos forcing Loki to surrender the Space Stone (the Tesseract). It is also revealed that Maw was involved in his father's attack on the planet Zen-Whoberi along with the Chitauri, massacred half the Zehoberei population (including Gamora's family) and took in Gamora. After Thanos kills Loki, Maw escaped with his family as Thanos uses the Orb to destroy the Asgardians' ship, leaving a helpless Thor to drift in space.

With two of the Infinity Stones in place, Thanos sends the Black Order to Earth to collect the Time Stone (the Eye of Agamotto) and the Mind Stone while he personally travels to Knowhere to collect the Reality Stone (the Aether) from the Collector and Vormir to collect the Soul Stone from the Red Skull. Assigned to collect the Eye of Agamotto, Maw and Obsidian tracked down its current location in New York City, where they laid down an attack in to draw out Doctor Strange (the current holder of the Eye), also attracting Tony Stark, Wong, Bruce Banner (who had warned the group about Thanos) and Spider-Man. Despite the heroes' efforts, Maw managed to capture Strange and flies away on his ship, intending to deliver the Eye to Thanos at the planet Titan while Obsidian meets up with Proxima and Glaive to later attack Wakanda to get the Mind Stone.

Unknown to Maw, Tony and Spider-Man had snuck on-board to stop him and save Strange. Maw begins torturing Strange to force him to release the Time Stone, while Tony and Spider-Man come up with a plan, leading to Spider-Man asking Tony if he has ever seen the film Aliens. Tony soon confronts Maw, who arrogantly remarks that his abilities are superior to Tony's and he will kill him easily, although the latter states "yeah, but the kid has seen more movies" before blasting a hole in the ship. Maw is then sucked out into space, where he freezes to death while his ship crashes on Titan. His siblings would later meet the same fate along with their army of Outriders during the battle in Wakanda.

Despite the losses, Thanos shows no regard for Ebony's death when he arrived on Titan and deduced it after seeing Doctor Strange free and waiting for him as he managed to collect the Time Stone after defeating the heroes in Titan; though he did say that Ebony carried his mission anyway by dragging Strange to Titan, implying that he appreciated his adopted son's efforts. Thanos then heads over to Earth to successfully collect the Mind Stone, allowing himself to use the Stones to wipe out half of the universe's populace (including several Avengers and Guardians), much to the surviving heroes' distraught.

Avengers: Endgame

Five years after Thanos' destruction of half of all life, the remaining Avengers and Guardians use the properties of the Quantum Realm to travel back to different points in time to collect the Infinity Stones and use them to undo Thanos' actions; however, due to the sensors of the past and future Nebula interfering, the past Nebula inadvertently reveals to Thanos that the future Nebula and War Machine are on Morag preparing to take the Power Stone. Thanos takes Nebula to Maw to be inspected, and by searching through her memories they learn that Thanos will ultimately succeed in his goal, much to his joy. However, Maw goes further into Nebula's memories, also revealing to them that Thanos will be killed and that the Avengers will still try to reverse his actions.

With this knowledge in mind, Thanos has the future Nebula abducted before she can return to the present and swaps the past Nebula (who is still loyal to him) in her place, allowing her to transport Thanos and his forces, Maw included, into the future; right after Hulk construct and use the Avenger's own Infinity Gauntlet to revive everyone who had been killed. Thanos proceeds to bomb the Avengers' headquarters and, after revealing his new plan to decimate the entire universe and the create a new universe in his image to Thor, Iron Man and Captain America before defeating them, unleashes his forces (including Maw and the rest of the Black Order, the Chitauri, the Outriders, and the Sakaaran Mercenaries) to destroy the remaining Avengers and ravage the earth. However, they are opposed by an army of the Avengers' revived allies, who battle Maw and the others as they try to get their hands on the Infinity Gauntlet. Following a massive battle, Iron Man ultimately sacrifices himself by attaching the Infinity Stones to his armor and using their power to decimate Thanos and his armies. This resulted resulting in a distraught Thanos watching Maw, as Maw bowed to his master for the final time as a gesture of loyalty to his dying master before dying himself.

## PROXIMA MIDNIGHT

Proxima Midnight is a major antagonist in the Infinity Saga of the

Marvel Cinematic Universe, serving as one of the secondary antagonists of the 2018 Marvel blockbuster film Avengers: Infinity War, and as a minor antagonist in its 2019 sequel Avengers: Endgame.

She is a high-ranking member of the Black Order who (alongside Ebony Maw, Corvus Glaive and Cull Obsidian) assists Thanos in his quest to collect the Infinity Stones.

Proxima was first seen raiding the Asgardians' ship following the destruction of Asgard by the deceased Surtur. Along with her father and siblings, she slaughtered the Asgardians to their deaths just as Thanos fights against the raging Hulk. When the defeated Hulk is sent back to Earth by Hemidall (who ends up being killed by Thanos), Proxima helps her siblings in forcing Loki to surrender the Space Stone (the Tesseract) to Thanos. It is also revealed that Proxima was involved of her father's attack on the planet Xandar to gain possession of the Power Stone (the Orb), which he used to destroy Xandar. After Thanos kills Loki, Proxima escaped with her family as Thanos uses the Orb to destroy the Asgardians' ship, leaving a helpless Thor to drift in space.

With two of the Infinity Stones in place, Thanos sends the Black Order to Earth to collect the Time Stone (the Eye of Agamotto) and the Mind Stone while he personally travels to Knowhere to collect the Reality Stone (the Aether) from the Collector and Vormir to collect the Soul Stone from the Red Skull. Assigned to collect the Mind Stone, Proxima and Glaive tracked down its location in Scotland, where they spot Vision (the current holder of the Mind Stone) and Scarlet Witch. Both Proxima and Glaive attempt to ambush the two, but the arrival of Captain America, Black Widow and Falcon forced the two to escape back into space. The Avengers then send Vision out to Wakanda, in hopes that they could use its technology to safely remove the Mind Stone and destroy it with Scarlet Witch's powers.

After collecting the Aether and the Soul Stone, Thanos heads over to Titan, where he defeated several Avengers and Guardians to get the Time Stone (the Eye of Agamotto). Around the same time, he sends Proxima, Corvus and Obsidian to Wakanda, ordering them to lead a massive army of Outriders to attack the country and obtain the Mind Stone at all costs. This forces several Avengers and Wakandan warriors to fight back against the massive army. During the battle, Proxima eventually meets her end when Scarlet Witch uses her magic to blast her into the spinning blades of one of her own war machines, but not before Proxima tells her that Vision will die alone and that Scarlet Witch will suffer the same fate. The rest of Proxima's siblings and the Outriders ends up being killed as well, thanks to the arrival of a returning Thor, Rocket Racoon, and Groot with a new powerful weapon called Stormbreaker.

Despite the massive losses, an arriving Thanos didn't care about Proxima's death as he managed to obtain the Mind Stone while killing Vision at the same time. Even when Thor used Stormbreaker to strike Thanos in the chest, Thanos used all of the Infinity Stones to wipe out half of the universe's populace in retaliation, taunting Thor that he should aimed for the head instead. Proxima's prediction even became true when Scarlet Witch starts to disintegrate to her death along with several Avengers and Guardians while a triumphant Thanos escapes and oversees a sunrise from another planet.

## Avengers: Endgame

She can be seen during the final battle along with the rest of the Black Order. They began to fight until they ended up dead along with the rest of Thanos' forces after Iron Man's snap. Before being disintegrated herself alongside Corvus, Proxima can be seen in the background cradling Corvus himself, who had been wounded early on by Okoye.

## CORVUS GLAIVE

Corvus Glaive is a major antagonist in the Infinity Saga of the Marvel Cinematic Universe, serving as one of the secondary antagonists of the 2018 Marvel blockbuster film Avengers: Infinity War, and as a minor antagonist in its 2019 sequel Avengers: Endgame.

He is a high-ranking member of the Black Order who (alongside Ebony Maw, Cull Obsidian, and Proxima Midnight) assists Thanos in his quest to collect the Infinity Stones.

Glaive was first seen raiding the Asgardians' ship following the destruction of Asgard by Surtur. When the defeated Hulk is sent back to Earth by Heimdall (who ends up being killed by Thanos), Glaive helps his siblings in forcing Loki to surrender the Space Stone (the Tesseract) to Thanos. It is also revealed that Glaive was involved of his father's attack on the planet Xandar to gain possession of the Power Stone (the Orb), which he used to destroy Xandar. After Thanos kills Loki, Glaive escaped with his family as Thanos uses the Orb to destroy the Asgardians' ship, leaving a helpless Thor to drift in space.

With two of the Infinity Stones in place, Thanos sends the Black Order to Earth to collect the Time Stone (the Eye of Agamotto) and the Mind Stone while he personally travels to Knowhere to collect the Reality Stone (the Aether) from the Collector and Vormir to collect the Soul Stone from the Red Skull. Assigned to collect the Mind Stone, Glaive and Proxima tracked down its location in Scotland, where they spot Vision (the current holder of the Mind Stone) and Scarlet Witch. Both Glaive and Proxima attempt to ambush the two, but the arrival of Captain America, Black Widow and Falcon forced the two to escape back into space. The Avengers then send Vision out to Wakanda, in hopes that they could use its technology to safely remove the Mind Stone and destroy it with Scarlet Witch's powers.

After collecting the Aether and the Soul Stone, Thanos heads over to Titan, where he defeated several Avengers and Guardians to get the Time Stone (the Eye of Agamotto). Around the same time, he sends Proxima, Corvus, and Obsidian to Wakanda, ordering them to lead a massive army of Outriders to attack the country and obtain the Mind Stone at all costs. This forces several Avengers and Wakandan warriors to fight back against the massive army. During the battle, Glaive infiltrated into the Wakandan palace after defeating Shuri and Ayo before engaging into a fight against Vision and then Captain America, assuring to Vision that he will die an ordinary man. However, after taking his weapon, Vision kills Glaive by stabbing him from behind, just as soon as the rest of his siblings and the Outriders end up being killed as well (thanks to the arrival of a returning Thor, Rocket Racoon, and Groot with a new powerful weapon called Stormbreaker).

Despite the massive losses, Glaive's prediction became true when an arriving Thanos managed to obtain the Mind Stone while killing Vision at the same time. Even when Thor used Stormbreaker to violently strike Thanos in the chest, Thanos used all of the Infinity Stones to wipe out half of the universe's populace (including several Avengers and Guardians) before escaping away, taunting Thor that he should've aimed for the head instead.

## Avengers: Endgame

Five years after Thanos' destruction of half of all life, the remaining Avengers and Guardians use the properties of the Quantum Realm to travel back to different points in time to collect the Infinity Stones and use them to undo Thanos' actions; however, due to the sensors of Nebula's past and future selves interfering, the Thanos of 2014 ends up learning of the Avenger's plans and that they had killed him in their time. Knowing this, Thanos decides to use the Stones to wipe out all life and create a new universe, and has 2014 Nebula impersonate her future counterpart and bring his ship and all of his forces, Glaive included, to the future.

After bombing the Avenger's headquarters and defeating Thor, Iron Man and Captain America, Thanos unleashes all of his minions upon the earth to overrun his enemies and destroy the planet, Glaive and the other Children of Thanos, along with the Chitauri and Outriders, among them. However, they are opposed by an army of the Avengers' revived allies, who battle Glaive and the others as they try to get their hands on the Infinity Gauntlet. During the battle, Thanos is overcome by Scarlet Witch and orders Glaive to have their ship bomb the battlefield, which he does; though this attempt to destroy the heroes fails when Captain Marvel arrives and destroys the ship. Glaive is then wounded by Okoye shortly afterwards, and is later killed along with the rest of Thanos' forces when Iron Man sacrifices himself in using the Gauntlet to destroy them and Thanos.

## CULL OBSIDIAN

Cull Obsidian is a major antagonist in the Infinity Saga of the Marvel Cinematic Universe. He serves as one of the secondary antagonists of the 2018 Marvel blockbuster film Avengers: Infinity War, and as a minor antagonist in its 2019 sequel Avengers: Endgame.

He is a high-ranking member of the Black Order and, physically, the strongest one of them all. He (alongside Ebony Maw, Corvus Glaive and Proxima Midnight) assists Thanos in his quest to collect the Infinity Stones.

Obsidian was first seen raiding the Asgardians' ship following the destruction of Asgard by the deceased Surtur. Along with his father and siblings, he slaughtered the Asgardians to their deaths just as Thanos fights against the raging Hulk. Although Obsidian intends to help Thanos, Maw tells him to stand down, knowing that Thanos is too strong for the Hulk to defeat. When the defeated Hulk is sent back to Earth by Hemidall (who ends up being killed by Thanos), Obsidian helps his siblings in forcing Loki in surrendering the Space Stone (the Tesseract) to Thanos. It is also revealed that Obsidian was involved of his father's attack on the planet Xandar to gain possession of the Power Stone (the Orb), which he used to destroy Xandar. After Thanos kills Loki, Obsidian escaped with his family as Thanos uses the Orb to destroy the Asgardians' ship, leaving a helpless Thor to drift in space.

With two of the Infinity Stones in place, Thanos sends the Black Order to Earth to collect the Time Stone (the Eye of Agamotto) and the Mind Stone while he personally travels to Knowhere to collect the Reality Stone (the Aether) from the Collector and Vormir to collect the Soul Stone from the Red Skull. Assigned to collect the Eye of Agamotto, Maw and Obsidian tracked down its current location in New York City, where they laid down an attack in to draw Iron Man, Spider-Man and Doctor Strange (the current holder of the Eye) into the scene. Despite the heroes' efforts, Maw managed to capture Strange and flies away on his ship, intending to deliver the Eye to Thanos at the planet Titan while Obsidian meets up with Proxima and Glaive after their failed attempt to collect the Mind Stone.

After collecting the Aether, the Soul Stone and the Eye of Agamotto, Thanos sends Proxima, Glaive and Obsidian to Wakanda, ordering them to lead a massive army of Outriders to attack the country and obtain the Mind Stone at all costs. This forces several Avengers and Wakandan warriors to fight back against the massive army. During the battle, Obsidian engaged into a fight against Bruce Banner wearing a Hulkbuster suit. Though he managed to tear off one of Banner's arms, Banner set the arm flying by activating its thrusters, sending Obsidian into the forcefield protecting Wakanda until he exploded to his death. His siblings and the Outriders would later meet the same fate after being killed by the Avengers and Guardians.

Despite the losses, an arriving Thanos didn't care about Obsidian's death and managed to collect the Mind Stone after killing Vision. Thanos then used all of the Infinity Stones to wipe out half of the universe's populace (including several Avengers and Guardians), much to the heroes' distraught.

Avengers: Endgame

He can be seen during the final battle, along with the rest of the Black Order. Cull began to fight Korg before being stepped on and subsequently killed by Giant Ant-Man.

---

The new recruits all gasped in shock, amazement and horror.

Twilight Sparkle: Wow! Thanos was that dangerous?

Me: He sure was. And it was one of the most devastating battles in the entirety of our history. It was also the first time I unleashed my ultimate power.

Nico: I remember that. That was incredible.

Applejack: You got to be kidding! I felt that enormous power 1 year ago! That was you?

Me: Yep. That was me. But I wasn't as powerful back then as I am now.

Vince: It's true.

Lincoln: Yeah it was intense. You should've seen what he was like back then.

Lola: Yeah.

Me: That was one of the most devastating battles in the entirety of our history. We really went at Thanos and his followers and made sure that they all paid for their crimes.

Nico: Yep. And we really made sure that did.

Poliwag: I just love eating burgers!

Poliwag was eating piles of burgers.

Nico: Slow down Poliwag.

Poliwag: (With his mouth full) Sorry.

Vypra: I remember the aftermath of the Battle with Thanos. That was rough and awful.

Bowser: I know. That was intense that all that happened.

Maria: I know.

Manaphy: Mama, I honestly prefer your brown hair. But I do like that it's in a ponytail now!

May: Thanks Manaphy.

Me: But you look awesome with a blue and aqua blue Ponytail. It also got you an amazing and very rare kind of Pokemon.

Nico: Yeah a Blue Flame Rapidash.

Lincoln: Which is so cool.

May: That's true. But thanks guys.

Maria: May is it possible then you can switch between hair colors?

May: I never thought of that. But let me see.

May flared up her aura and her blue ponytail reverted back to brown.

May: How does it look?

I held up a mirror and showed her.

May: Wow! I CAN do that.

Me: Yep.

Horsea: Can I ask a question?

Me: What's up?

Horsea: What do you think would happen if me, Poliwag, Manaphy, and Poromon ate bananaquats?

Me: You would go ballistic and crazy. But maybe we can use this on villains that we face.

Nico: Good idea.

Poromon: You know, I did plan for that cocaine brick Steve got to be the source of us going crazy on some villains.

Me: I know. But that stuff is illegal as all get out.

Nico: Yeah.

We later had a great meal and we were stuffed.

May: So… what now?

Me: Lets head out to the Asteroid Belt where the Battle of Thanos took place. I want the Masters of Evil and everyone that joined us over the last year to see it.

Nico: Good idea.

Rainbow Dash: Can we even breathe in space?

Me: We all sure can.

Dark Spicer: I'll use Staromorphidon to explore the Asteroid Belt.

Me: Good idea. Lets fly into Space.

Dark Spicer turned into Staromorphidon and we flew into the sky and into Space.

We were flying through the endless vacuum of space.

Applejack: (Echoing) Wow! We're all in space!

Rainbow Dash: (Echoing) This is awesome!

Nico: (Echoing) Yep. Welcome to space.

Vypra: (Echoing) This is amazing! It's like we all can now be one with the stars.

Luan: (Echoing) It's a Starry Starry Night! (Laughs) Get it?

We laughed at Luan's Joke.

Pinkie Pie: (Echoing) Ooh! Good one!

Princess Luna: This is so amazing. I've always imagined what it would be like to travel in the endless voids of space.

Nicole: It's what every scientist and astronomer dreams of. Seeing the endless beauty of Space with stars, planets, galaxies, nebulae, solar systems and moons all showing its secrets for all of us to share with everyone. An endless mystery for all of us.

Me: That's right.

Twilight Sparkle: Wow. This is so cool!

Linka: It sure is.

Me: Yep. We had to journey through half of the solar system to find Thanos's ship. But as a result of that whole battle, we suffered a heavy loss. We suffered 2 heavy casualties: Ra's Al Ghul and Bowser.

Nico: Yep.

Me: Supergiant killed Ra's.

Twilight Sparkle: I remember you telling us that.

Robo-Blaze: So Supergiant killed Ra's before the battle?

Rojo: Yep. I killed Supergiant for that. And for not paying me after Argit was taken down.

Nico: Yep.

Me: And Bowser made the ultimate sacrifice to save me from making a stupid mistake.

---

Thanos was weakened and down for the count.

Me: (Divine Voice) **It's over Thanos.**

I took Thanos's Infinity Guantlet, put it on and put all the Infinity Stones in it.

Me: **You will pay for all of your crimes against the universe. I'm going to snap you and all of your followers out of existence forever!**

Thanos: You fool! By using the Infinity Gauntlet and the Stones, you'll kill yourself!

Me: **Nothing else matters as long as everyone else is safe!**

But just as I about to snap my fingers, Bowser pushes me out of the way.

Me: **Bowser! What are you doing!?**

Bowser: Sorry, J.D. but I can't let you do this.

Thanos: I do not need your assistance, Bowser. You had your chances to defeat Team Loud Phoenix Storm, and you have been nothing but a failure.

Bowser: I've failed at many things, Thanos, but I won't fail at this!

Bowser Jr.: (realizes what's about to happen) Dad, no! (Bowser snaps his fingers)

Bowser turns Thanos and his goons to dust at the cost of his own life. We saw Thanos and all of his men and followers and even his own ship disintegrate in an instant! They were completely erased from existence forever! Like Hakai on steroids. We were on an asteroid holding on to Bowser.

Bowser Jr.: (cries) Dad, hang in there. We'll get you healed up!

Bowser: (Weakly) Junior, no. Consider this redemption for my crimes. But I'll always love you no matter what. Remember that.

Bowser Jr.: I will.

Mario: (cries) Bowser, why did you do this?

Bowser: Isn't this what you guys were taught to do? Isn't this what a hero would do? Isn't this what a best friend would do?

Mario: (smiles) Yes. It is what a best friend would do. My best friend.

Bowser: (smiles weakly) You and Team Loud Phoenix Storm have great power, Mario. And the world needs you guys more than it needs me.

And with that, Bowser dies in Mario's arms.

Bowser was gone. But the good news is that Thanos and the entire Black Order had been silenced forever. The Universe was free of their terror.

We went back to Earth.

FLASHBACK ENDS

Everyone gasped in shock.

Tyler Bowman: WHOA! Bowser you are a true hero.

Amy Anderson: Yeah! You saved J.D.

Bowser: I know.

Rarity: But you deserve a great medal for your heroic deed.

Me: We already did that Rarity. We gave him and Ra's a statue in our garden in honor of their heroism.

Ra's: It's true Rarity. And I am most honored that you did that for us.

Me: Think nothing of it Ra's.

Laney: Look at that!

We saw that we were flying by the planet Mars and we were 300,000 miles above the planet. It was more beautiful than what we thought and it was like another Earth.

Nico: Whoa! Is that Mars?

Me: It sure is. Wow! It's more beautiful as another Earth than as a red dust wasteland that makes it look like a rusty nail. No offense Mars.

Sailor Mars: None taken.

Vypra: I didn't know Mars got completely terraformed now.

Nicole: We all were shocked ourselves. Terraforming technology is still in the theoretical stages and won't be available for at least 100 to 500 more years.

Staromorphidon: It's amazing that it's now like Earth.

Nico: Yep.

Lana: Wow. It's so amazing.

Naruto: We all were amazed that it's like Earth now.

Fu: We sure were.

Me: We're almost there guys.

We arrived at the Asteroid Belt.

Me: Here we are guys. The Asteroid Belt.

Nico: Wow.

We saw the pieces of Thanos's ship the Sanctuary II.

Firefly: So there was a spaceship here before?

Me: Yep. The Sanctuary II and these are the very pieces of that ship.

Fluttershy: Goodness.

Rarity: So what was the goal of Thanos?

Me: Destroy all life in the entire universe and remake it in his own image.

Nico: Yeah.

They all gasped in shock.

Rarity: That's terrible!

Sunset Shimmer: Yeah it is. I've read so much about Thanos but I didn't know he was that dangerous.

Shiv: From what I heard, Thanos was planning to wipe out half of all life in the universe.

Me: That's right Shiv. But luckily we were one step ahead of Thanos. We got all the Infinity Stones before he could.

Vypra: Wow. Who had all the Infinity Stones?

Me: That's an easy one. The Red Stone for Reality was in the staff of Danny's insane enemy Freakshow.

Brittney: Freakshow was the Ringmaster of Circus Gothica.

Vypra: I've heard of him.

Me: The Purple Stone of Power was in the hammer of Ronan the Accuser.

Nico: I remember that.

Me: Yep. The Blue Stone of Space was in The Cosmic Cube.

Lincoln: Yep.

Me: The Orange Stone of Soul was on the planet Vormir and I sacrificed Peter Griffin and Bad Lois to get it.

Joe Swanson: I remember that and that was because we ran out of ideas for humiliating them.

Me: Yep. The Green Stone of Time was in the necklace that Dr. Strange wore.

Dr. Strange: That's right.

Me: And lastly the Yellow Stone of Mind was in the Staff of Loki, the God of Mischief.

Vypra: Wow. And Loki doesn't have his powers anymore.

Me: No he doesn't. And now he lives with Mr. Grouse.

Nico: But he is a good friend now and is learning so much from him and us.

Me: Yep. But thanks to us and the Legion Of Doom working together, the universe can breathe a huge sigh of relief knowing that Thanos will never hurt anyone in the entire universe ever again.

Lincoln: Yep. Good riddance.

Vexen: And how long did it take for all of you to defeat Thanos?

Me: I would say about a year.

Electro: So it took you guys a year to eventually defeat Thanos?

Me: Well I lost track of how long it took to defeat him. But I would say that long.

Nico: Yeah.

Star Lord: I take full responsibility for this. If me and my team had just ended Thanos sooner, that battle wouldn't have had to happen at all.

Me: It's not your fault Peter. The Battle with Thanos was inevitable. It was gonna happen one way or another.

Nico: Yeah man it was totally unavoidable.

Lincoln: Yep.

Me: That's right. But after the battle, the Legion Of Doom disbanded and the Masters of Evil took their place. And over the course of 1 year we have accomplished so much already for both sides.

Vypra: We sure have.

Snake: Dudes, if it weren't for the Battle against Thanos, the Masters of Evil probably wouldn't have been formed at all.

Me: That's right Snake and we have gotten so close over the course of one year.

Carly: We sure did.

Jack Atlas: Indeed we did.

Eli: But at least you all made it back safe and no one else got killed.

Me: Yeah. That's true little bro.

Nunnally: But thank goodness Thanos will never be welcome back in the universe again.

Akira Akatsuki: Yep.

We later went back to Earth and I showed the Masters of Evil the graves of Ra's and Bowser and where we had them buried 1 year ago today. But that battle still haunts us even after 1 year has passed. Even though the wounds from that battle are healed the scars still remain.

THE END

---

Another awesome fanfic done.

1 Year Ago today on December 26th, 2019 we had the most devastating battle in the entirety of the series and it was a battle that shook the very fabric of the universe to the core. That was incredible. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Poor Lincoln is gonna come down with the flu in a funny but silly land version of the SpongeBob episode Suds. Lincoln is gonna need a lot of TLC and a trip to the doctors office after what happens in this one.

See you all tomorrow

# THE FLU IN LINCOLN

It was time for Poromon, Manaphy, Poliwag and Horsea's first day of preschool and it was gonna be so cute for them to go to school and learn.

Poromon: We're off to preschool!

They were ready and they got on the bus and left for preschool.

Me: Okay you 4. Have a great day.

Linka: There they go.

Nico: Yep.

We later went to having rest and were watching TV. I was reading the paper.

Me: Hmm. Nothing new here.

Maria then got a call on her cell phone.

Maria: Oh hold on.

Maria went to answer that and she came back 2 minutes later.

Maria: Guys, that was a call from the preschool.

Me: What's wrong?

Maria: There was a fight!

Nico: What!?

Me: We better get over there.

We were off.

We arrived at the school and we saw 4 students beaten up and the kids were cheering for Poromon, Poliwag, Horsea and Manaphy.

Me: Whoa those 4 did a number on those kids.

Manaphy: Mama, we can explain.

Sunset Shimmer: Before you say anything guys, Manaphy is right. Here's what happened.

Sunset Shimmer told us that 4 mean kids were calling Nico, May and Maria freaks of nature and they were defending their honor.

Me: Whoa! That's like what happened with Toby and Misty.

Nico: No kidding.

Horsea: Those assholes started it!

Sunset Shimmer: Horsea no.

Me: But you are right they deserved it. But they are still just children.

Nico: But we're proud of you all.

Me: Yep. Looks like everyone in this class saw all those kids true colors.

All the kids in the school agreed with me.

We walked up to the mean kids with eyes glowing red with anger and rage.

Nico: (to the mean kids) Freaks of nature, are we? After all the times we saved the universe?!

May: Yeah! What is wrong with you brats!

Mean Kid 1: You guys are just worthless losers and old bags!

May: Me? An old bag?

Me: For your information she is good for her age.

Laney: Yeah so back off you meanies.

Fluttershy: Let me handle this.

Fluttershy then used her Stare on the kids. Fluttershy had the kids scared out of their minds.

May: We're very proud of you 4.

Manaphy: Thanks Mama.

Horsea: Sorry we caused a ruckus.

Maria: You were just defending us and we're proud of you for that.

Sunset Shimmer: Those kids are in for quite some punishment when they get home.

Me: They sure are and good job confirming their story Sunset.

Sunset Shimmer: Thanks J.D.

Me: You're welcome and I hope those little brats learn a huge lesson from all this.

Lana: And that would be?

Me: Being a bully to one of us will get you in big trouble with us.

Nico: You got that right. Just like J.D. is a bodyguard to Lincoln and all the kids at the school, Bullies better beware.

Poliwag: Will we still get punished?

Nico: No you are not gonna get punished for this.

May: But next time you are having problems just tell us and we'll have Sunset confirm it.

Maria: That's right.

Me: But I think I have a great job for all 4 of you here too.

Manaphy: What is it?

Me: You 4 will be bodyguards for all the kids here at the school. You can use your skills with us that you all have learned to protect your friends here.

Poliwag: That's a great idea!

Poromon: Yeah it is!

The kids cheered wildly.

One Snowy December Morning in Gotham Royal York Lincoln was waking up.

(Scene begins at the Loud Residence in Lincoln's room)

Lincoln woke up then turns towards the viewers.

Lincoln: Ahh! Another Winter Wonderland filled day! I can't wait to have fun in the- (Sneezes)

Charles: *startled* Arf?!

Lincoln: *sniffs* Huh. Well as I was saying… Today's gonna be- (Sneezes three more times)

Charles: Arf! (Gesundheit!)

Lincoln: *gasps* Oh no! I can't be sick! Luna's Winter Concert is tonight, and everyone is gonna be there! I definitely can't miss it! If I do, it's totally gonna make Luna upset! *groans*

Charles: Arf! Arf!

Lincoln: *congested* I can't call in sick, Charles! I have a shift today at dad's restaurant! And it starts in 15 (Sneezes) Minutes!

Charles: Arf… (Poor Lincoln…)

Rita: *offscreen* Lincoln! Come on down! You don't want to be late for your shift! They're having breakfast there too!

Lincoln: *putting on his winter outfit over his work uniform* Coming, Mom!

Charles: Arf…

Lincoln: I'll be fine, Charles. I'm off to work. *leaves his room*

(At Lynn's Table)

We were having breakfast.

Me: Mmm! Delicious breakfast.

Vypra: You said it.

Nico: It's really good.

Laney: Yep.

We were having eggs and burritos and more.

Lincoln came in and we saw how he looked.

Me: Morning Lincoln.

Lincoln: (Weakly) Morning guys.

Me: Lincoln are you alright?

Lincoln: I'll be fine.

Snake: (to Lincoln) Dude, you don't look so good.

Me: Yeah Lincoln you look horrible.

Lincoln: (Coughs) I'll be all right.

Lincoln went to the kitchen.

Laney: I can tell he is not fine.

Lincoln went to the kitchen and he got to work.

Lincoln: Ah… Ah… AH CHOO! *covers his face with his apron*

Lynn Sr.: Son what's the holdup on those orders of Lynn-sagna?

Lincoln: *weakly* I'm coming dad…

Lynn Sr.: Son are you feeling all right? You don't look so hot and you look paler than usual.

Charles: Arf!

Lynn Sr.: What?! The flu?!

We came in urgently.

Us: THE FLU!?

Nico: THE FLU!?

Lincoln: *weakly* Here's your Lynn-sagna dad… (Sneezes)

(A Lynn-sagna flies out of Lincoln's hand and smears all over Lynn Sr.)

Firefly: I'm sorry, Lincoln. But you're in no condition to be working!

Lynn Sr.: I agree with him son. You are too sick to work.

Lincoln: (Weakly) No dad I'm okay. (Sniffs) Honest.

Me: Come on buddy lets get you home.

Lincoln got up and just as he was about to walk he fell over and Nico caught him.

Nico: Sorry Lincoln but you are NOT okay. Lets get you home so you can get some rest.

Nico picked him up and carried him back.

We carried him back home and did some tests.

Me: Hmm. (Reads temperature) 102.3˚ Yep. Lincoln is sick.

Varie: This is definitely the flu.

Charles barked.

Lincoln: *moans* You were right, Charles. I should've just stayed home.

Charles: Arf…

(Lincoln accidentally sneezes on Charles)

Lincoln: *weakly* Sorry, Charles…

Charles: Arf… (It's alright…) *walks away*

Nico: Man this is bad.

Lincoln: Oh who am I kidding guys? I've got the flu. No doubt about it.

Lincoln coughed and sneezed.

Shiv: Guys, if Petra Fina finds out about this, she'll be able to kill Lincoln!

Lincoln was sitting on the sofa watching TV and he was shaking hard from chills. I gave him a box a tissues and some cough medicine.

Me: I don't think it's Lincoln she wants Shiv. Carol beat the living crap out of her several times so I think it's she that Petra wants.

Lana: Lets worry about that later. Right now we have to take care of Lincoln.

Laney: Good idea.

Electro: Lincoln, as your archenemy, I suggest that you stay in bed for the day.

Lincoln: Thanks Max.

Lola brought Lincoln some chicken soup and was in a HAZMAT suit.

Lola: Here you go Linky.

Lola gave him the soup.

Lincoln: Thanks Lola.

Lincoln ate it.

Vypra: I thought you guys can't sick.

Me: Well like I said earlier when Nico got sick, we may be invincible and strong and powerful but we all are still human.

Vypra: You do have a point there.

Lincoln: *weakly* Oh man… I gotta take care of this flu before it spins out of control…

(Lincoln picks up the phone and dials Lori, who just got back from her date with Bobby and is at Lynn's Table performing her management duties)

Lori: *picks up phone* Hello?

Lincoln: *weakly* Hey, Lori… I'm not feeling too well. I think I got the flu. Can you come take me to the doctor?

Lori: Aww. Poor little brother. 🥺 Of course I'll take you to the doctor's office. My shift is actually ending in a few minutes, so as soon as I leave, I'll be there after I pick up some of the girls from their activities. Think you can stay strong for a little while, little bro?

Lincoln: *weakly* Yeah… I think so… (Sneezes)

Lori: *hangs up the phone* Aw… 🥺

Lynn Sr.: What's the matter, honey?

Lori: Lincoln isn't feeling well, and he needs to see the doctor.

Lynn Sr.: Oh… Poor little fella. Yeah he came in sick earlier this morning. *hands Lori the keys* Here, take Vanzilla, get the girls, then grab Lincoln and meet me and your mother at the doctor's office.

Lori: Got it.

(Lori leaves Lynn's table and hops into Vanzilla, then drives off really fast)

Lori: Hang in there, little bro! I'll be there very soon!

(Back at the estate)

*ding dong!*

Lincoln got up and put on some Winter clothes.

Me: No Lincoln I'll get the door.

I went to the door and answered it and it was Leni.

Me: Oh hey Leni.

Leni: Hey J.D.

Me: Just get back from the Mall?

Leni: I sure did and got tons of totes amazing clothes.

(Lincoln sees Leni come in and she saw him on the sofa)

Leni: Hi, Linky! You're going ice skating?

Lincoln: *weakly* No, Leni. I'm sick.

Me: Lincoln has the flu.

Leni: Aww… *hugs Lincoln* Poor thing. 😟 But why are you dressed up? You need to rest in bed.

Lincoln: *weakly* I'm waiting for Lori to get here so she can take me to the doctor.

Leni: *shocked* What?! You can't go to the doctor!

Lincoln: *weakly* Why not, Leni?

(Leni motions for Lincoln to sit on the couch)

Leni: I happen to know a guy who knows a guy that went to the doctors office once. And let me tell you, it's a horrible, horrible place!

Lincoln: *weakly* It can't be as horrible as the flu… (Sneezes)

Me: Bless you.

Leni: Oh, it is Lincoln! First, they make you wait in the waiting room!

Lincoln: *weakly* Is that the worst part?

Leni: No! It gets worse! You'll get so bored that you'll be forced to read OLD MAGAZINES!

Lincoln: *gasps* 😨

Me: You got to be flipping kidding!

Leni: Then, the doctor pulls out his… STETHOSCOPE!

Lincoln: No! 😱

Leni: Yes! *takes out a pen* The device is so unforgiving, so icy cold when it touches your body, it- *pokes Lincoln's nose with the pen*

Lincoln: *jumps up* AAH! *runs around* No waiting rooms! No old magazines! No stethoscope! *plops to the ground back first* Leni… I cannot go to the doctor's office! 😭

Leni: Exactly!

Lincoln: AH CHOO! *moans*

Robo-Blaze: Are you nuts, Leni?! Lincoln has to see a doctor!

Leni: No Robo-Blaze! The doctor is horrible!

Lily: Leni how can you be so idiotic? I went to the doctor many times before and all that stuff doesn't happen to me.

Nico: Yeah only an idiot would think that.

Ed: Yeah. And I'm an idiot.

Eddy: Shut up Ed.

Lincoln: Please, Leni… I'm scared & sick… And I don't want to miss the concert… Would you like to be my doctor? 😰🥺

Leni: Of course I can be your doctor, Linky. That's what siblings are for. *hugs Lincoln* 😊

Me: (Sighs) Something tells me this is not gonna end well.

Laney: That's usually what I say.

Me: Sorry.

(Transitions to the Kitchen, where Leni is observing Lincoln's condition)

Lincoln: AH CHOO!

Me: Bless you.

Leni: Hm… It looks like we'll have to plug up your nose. *takes out two corks* Hopefully these should do the trick.

(Leni puts the corks into Lincoln's nose, then Lincoln sneezes, but its muffled by the corks)

Leni: Feeling better?

Lincoln: I'm not sure…

(Lincoln continues to sneeze, but he gets bigger and bigger by each sneeze, crushing the table)

Me: WHOA! He's HUGE!

Leni: AAH! I'm getting smaller! Please don't eat me!

Lincoln: *stuffy* No germs! Leni! I think your treatment is working!

Leni - Really? Yay! I'm so glad!

Lincoln: *stuffy* Yep! No doubt about it! In fact, I'll call Lori right now and tell her not to come! Thanks, Leni!

Leni: You're totes welcome, Linky! *gives Lincoln a kiss on the cheek*

Me: Aww.

Ed: Aww.

(Lincoln heads back to the living room, and tries to dial Lori on his phone, but his fingers are too big for the buttons)

Lincoln: *stuffy* Dang it, my hands are too big for the buttons. Leni, can you call Lori for me?

Leni: Sure, Linky! Anything for you! 😊 *dials Lori on her phone* Hi Lori!

Rainbow Dash: Leni sure is a good sister.

Twilight Sparkle: She sure is.

Eli: Yep.

Lori: Hey, Leni. I'm just on my way back to the house to pick up Lincoln and take him to the doctor.

Leni: Uh… That will no longer be required… I'm with Linky right now. He's actually looking better than before. 😅

Lori: Well, I'm coming over there to see for myself. So I'll be home in less than-

Leni: Don't bother, Lori! He's fine! *violently hangs up* Lincoln, bad news! Lori's on her way home! We gotta convince her that you're alright, or she'll take you to the doctor! *runs to the kitchen and puts her hand in the water* Don't touch me! I'm sterile!

Me: Oy vey!

(Transitions to the Living Room)

Leni: Feet out, Linky!

(Lincoln lifts up his left foot, then Leni puts peanut butter and bread on it, and puts his shoe back on)

Leni: Feel better?

Lincoln: *stuffy* Uh uh.

(Leni ties a string around the door handle and on Lincoln's tooth, then slams the door closed, causing Lincoln's tooth to come out)

Leni: Feel better yet?

Lincoln: *stuffy* Not really, but now my mouth hurts.

Leni: Aw, sorry Linky.

Me: (Picks up tooth) But you can always put this under your pillow for some quick dough.

(Transitions to Leni bouncing on Lincoln)

Leni: How… About… Now?!

Lincoln: *grunts* I don't… *grunts* Think so…

(Transitions to Leni putting a bandage on Lincoln's back)

Leni: Feeling better yet?

Lincoln: *stuffy* Nope…

*RIP*

Lincoln: AAH!

Me: (Winces) OUCH! That's gonna hurt.

Nico: Yikes! Just wait till you get hair then it will really hurt.

(Leni puts the bandage back on)

Leni: How about now?

Lincoln: *stuffy* Uh uh…

*RIP*

Lincoln: AAH!

Lily: YIKES!

(Leni puts the bandage back on again)

Leni: Feeling better?

Lincoln: *stuffy* No…

*RIP*

Lincoln - AAH!

Me: You're gonna rip his skin off if you keep that up Leni.

(Later, Lori and the rest of the sisters arrive in Vanzilla. Lori goes to the front door)

Lori: Lincoln! It's Lori! Are you okay?

Leni: *whispers* Uh oh! It's Lori!

Lincoln: (Sneezes)

Leni: *offscreen* No one is home!

Lori: Leni, come open this door! *sighs* I literally don't understand that girl sometimes…

Applejack: I don't understand her either as well.

(Lori suddenly hears Lincoln's sneeze from the backyard)

Lori: Hey!

(The loud sisters and everyone else heads to the backyard, where Leni is)

Luan: Alright, Leni. Where's Lincoln?

Leni: Uh… Lincoln is not available at the moment… Please leave a message after the beep! *imitates the beep sound*

Lisa Loud: *sarcastically* Sure he isn't. Elder sister, please explain to us; since when did Charles acquire two dog houses?

Fluttershy: Did you get two dogs?

*Lisa points at a dog house that looks similar to the original*

Leni: No. Ever since Charles ran out of room to put all of his stuff in!

Lana: Oh really? And since when did the dog house have legs?

Leni: This is Charles' mobile home!

Lincoln: *sneezes the paint off him* Hi girls…

Me: Bless you!

(The loud sisters gasps at Lincoln, who is now bigger than the garage)

Lucy - Lincoln?! 😱

Lynn - What happened to you?! 😱

Lola: *pulls Leni down* What have you done to him?! 😨😡

Leni: Relax, Lola! I took care of him!

Me: He's as big as a blimp!

Luan: More like turned she him into a giant version of Professor

Sherman Klump! Hahaha! Get it?

We laughed at Luan's joke!

Vypra: (Laughs) Good one!

Laney: That one was pretty funny.

(All groans)

Lori: Leni, Lincoln needs to see a real doctor!

Me: That's what we have been trying to tell her.

Edd: That's correct.

Leni: No he doesn't! I assure you he is fine! I'll prove it! Show them, Linky! Say "Ahh!"

Lincoln: Ahh…

(Lincoln's breath comes out contagious and causes the plants to die)

Me: HALITOSIS!

FOGHORN!

Lisa: See? He's in a worse state of condition than before!

Varie: Yeah Leni.

Leni: What do you mean? He's fine!

(Lynn rips the plugs out of Leni's nose)

Lincoln: *stuffy* Don't worry about me guys… I'm fine… (Sneezes)

(Lynn carries Lincoln towards Vanzilla)

Lynn: Don't worry, little bro! We'll take you to the doctor right now!

Leni: Hey! That's MY patient! *runs and pushes Lincoln backwards*

You're not taking him to the doctors!

Lynn: Leni, don't be silly! *pushes Lincoln back*

Leni: He's mine! *carries Lincoln*

Lynn: It's okay, little bro! You'll be better soon! *rolls Lincoln*

Leni: I'll save you, Linky! *carries Lincoln on a wheelbarrow*

(Lynn bounces Lincoln up and down towards Vanzilla)

Lincoln: Ow! Ow! Ow! Guys! Ow! I'm fine! Ow! Honest! Ow!

Me: Okay this has gone on far enough!

Nico: Yeah!

Dark Spicer: Furi would like some words with you Leni.

Dark Spicer turned into Furi.

Furi: LEMME TELL YOU SOMETHIN, LENI LOUD! LINCOLN'S GOING TO A HOSPITAL WHETHER YOU LIKE IT OR NOT!

Me: YEAH!

Leni: LIKE HELL HE IS!

(We were pulling Lincoln and then we squeezed on opposite sides, causing him to get launched into the air.)

Lynn: Now look what you've done, Leni!

Leni: What I've done?! Everything was just fine until you guys showed up!

Lynn: You should be arrested for impersonating a doctor!

Leni: I'm a good doctor! Right Linky?

Lincoln: *offscreen* Right!

Lori: Uh… Girls? Everyone?

Me: Uh oh.

(Lori points at Lincoln, who is now rolling down the street towards the city)

Lynn/Leni: Uh oh…

(Lincoln is rolling down a steep hill)

Lincoln: I… Can't… Stop! AAH! *starts bouncing* Help… Me… !

(Lincoln is rolling down towards the Gotham Royal York park, where the Winter Wonderland concert is going to be held at, and is heading straight for Luna and her bandmates)

Lincoln: LUNA!

Luna: *looks up* Lincoln?

Sam S.L.: Is that Lincoln?

(Lincoln is rolling to the stage at a very high speed)

Luna: *gasps* Dude! Stop!

Lincoln: AAH!

Luna: STOP!

(Lincoln suddenly stops right at the tip of Luna's hands)

Luna: Whew! That was close, little bro!

Lincoln: Yeah… AH… AH… AH… CHOOOOOOO!

EXPLOSIVE SNEEZE!

(Lincoln's giant sneeze causes the plugs to come out of his nose and destroys everything around him in the park. Then he is turned back to normal size, looking even worse than before.)

We got to the park and we saw the place totally trashed and covered with snot.

YUCK!

Me: YUCK!

Nico: What a mess!

Linka: A disgusting mess.

Naruto: Yuck!

We saw Lincoln on the ground and Luna and Sam were comforting him.

Me: Lincoln are you all right?

Lincoln then fainted.

Me: Lets get him to the hospital.

(Transitions to hours later at the Royal Woods Hospital, where the Loud family, the McBride family, us and Luna's bandmates are at standing next to Lincoln in the doctor's office)

Lincoln: *weakly* I'm really sorry your concert got ruined because of me, Luna. 😞

Luna: It's okay, little bro. It wasn't your fault. 😟

Lynn Sr.: Aw, why didn't you tell us you had the flu earlier, son? We could've gotten you to the doctor right away!

Lincoln: *weakly* I didn't want to let everyone down today! Today was supposed to be the best day for all of us to remember! But instead, it's ruined because of me.

Me: Oh it's not your fault buddy.

Leni: Don't say that, Linky. *hugs Lincoln* It was never your fault to begin with. If anything, I owe everyone an apology. I wanted to take care of Lincoln so that he doesn't need to go to the doctor, but things sort of got out of hand. What I did was wrong and I'm really sorry. I'm especially sorry to you, Linky.

Rita: Aw It's okay, sweetie. You meant well. *hugs Leni*

Lynn Sr.: No harm done, honey.

Luna: Don't worry about the concert, bro. The manager said we can reschedule it for another day as soon as you're better! 😉

Sam: Yeah! It wouldn't be much fun without you, kiddo! *rubs Lincoln's head* 😉

Lincoln: *weakly* Thanks guys…

Me: Aww.

Apple Bloom: So cute.

Me: Yeah.

Ratchet: Don't worry, Lincoln. You'll be fine soon.

Lincoln: (Sniffs) I hope so.

(Dr. Elmer Hartman, former doctor of Quahog came into the room)

Dr. Hartman: Hello everyone.

Lois Griffin: Dr. Hartman?

Dr. Hartman: Lois? Wow. Didn't expect you to be here too.

Me: So you transferred here now?

Dr. Hartman: I sure did. After Peter and Lois's bad side was found guilty of all those crimes it gave me a wake up call and I left Quahog before it was destroyed. I decided to transfer here to Gotham Royal York for a better life.

Me: Wow.

Dr. Hartman: (To Lincoln) Alrighty, Mr. Loud. It appears you have the flu. Are you ready for your treatment?

Lincoln: *scared* You're not gonna make me read old magazines, are you?

(Everyone laughing)

Lana: Old magazines?!

Luan: Where did you get THAT from?!

Rita: *laughs* Of course not, sweetie! He's just gonna give you the flu treatment.

Lisa: It's actually effective and harmless!

Me: Lisa helped develop it for everyone just in case and it's really effective like she says it is.

Dr. Hartman: Come with me, Mr. Loud. 😊

Lincoln: *nervous* Ok… 😥

Lori: It'll be okay, little bro. 😉

Lola/Lana: You got this! 🙂

Mane 7: Yeah you can do it.

Me: Yeah buddy!

(Lincoln follows Dr. Hartman to the medical room, where the treatment went underway, and after some time, Lincoln comes out a lot healthier than ever before!)

Lincoln: Ahh! I feel much better! I love the doctor!

(Everyone cheers and hugs Lincoln)

Lynn Sr.: Way to go, kiddo!

Me: See it wasn't so bad.

Rita: We told you everything would be alright!

Lincoln: Never doubted you guys for a second!

Dr. Hartman: Don't forget your lollipop! *hands Lincoln a green apple flavored lollipop*

Lincoln: Cool!

Lola: OOH! Can I have it, Linky? I'll give you $50!

Lana: No! I want it!

Rita: Girls! Let Lincoln have his lollipop! We're all going out for hot chocolate later, okay?

Lana/Lola: Aw. Okay.

Lynn Sr.: Alright, everyone! Let's get ready for tomorrow! Right after we get hot chocolate to celebrate!

(Everyone cheers as they leave the hospital. Then, transitions to the day of the Winter Wonderland concert, where Luna and her band mates are performing, singing all the rock versions of Christmas songs. Everyone is cheering them on)

Lincoln: Whooo! This is awesome!

Leni: Yeah! I'm glad you feel better, Linky!

Lincoln: Thanks, Leni! And by the way, you're still the coolest sister ever! Thanks for trying to make me feel better! *hugs Leni*

Leni: Anything for you, Linky! *hugs Lincoln back*

(The music ends and everybody starts applauding)

Luna: Goodnight, Gotham Royal York! Have a happy holidays! 😊 😊

THE END

Another awesome fanfic complete.

This is a land version of the SpongeBob episode Suds and it was funny. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is a really cold chapter. Get ready as we skate into action against the crime siblings of cold Ice Kate and Kid Cold. We're going to have a cold time dealing with them and making them show that crime never pays.

See you all tomorrow.

# Subzero Fury of Siblings

In the early morning hours at around 4:13 AM, Nico was asleep in his bed with May. But he was tossing and turning in his bed from a nightmare. In his dream he saw everyone dying and that we were writhing in agony.

Nico: NO! THIS IS ALL MY FAULT!

In the living room, Natilee and Princess Luna were watching TV. But then they sensed Nico's nightmare.

Natilee: Uh oh!

Natilee and Princess Luna then vanished and went into the dream world.

Nico was crying hard.

Dream me: You failed us Nico. We trusted you.

Natilee: (Offscreen) Shut your mouth monster!

Natilee and Princess Luna blasted the nightmare versions of us and they appeared out of the moon and in a vortex of Celtic Symbols and landed by Nico.

Nico: Natilee, Princess Luna? How did you get in here?

Natilee: We are the Guardians of Dreams, Nico.

Princess Luna: We sensed you having a bad dream.

Natilee: Nico don't believe anything that those bad versions of us said. They are wrong.

Nico: So this is all a dream?

Natilee: Yep.

Princess Luna: You did all those contingency plans to keep watch over everyone should it be needed.

Natilee: That's right Nico.

Nico: Wow. But I should wake up to tell everyone how I feel.

Natilee: And we'll do our best to help you.

Nico: Thanks Natilee. But I'm really amazed that you can REALLY do this.

Natilee: I know. But you saw us do this before when we went into Starlight Glimmer's dream.

Nico: Oh yeah I remember that.

Nico then woke up at 6:37 and screamed.

We came in.

Yagura: Nico, are you okay?!

Nico: I think so.

Natilee: You had a really bad nightmare about the Loud Kids and dad and the contigency plans didn't you?

Nico: Yes.

Princess Luna: But at least you are all right.

Natilee: Nico you don't have to worry about that. You were right in making those contingency plans.

Nico: Yeah.

Me: What was his dream about.

Natilee: I can tell you all about it dad.

Natilee told us about it and she drew a picture of it and she showed us what Princess Luna and her saw in Nico's dream.

We gasped in shock.

Me: Whoa man! But like Natilee and Princess Luna said Nico, those contingency plans were made to neutralize us in the event that we would go rogue and not kill us.

Lola: Yeah Nico it's not your fault.

Nico: I guess.

Later we were having breakfast and Nico was sad.

Wendy Darling: Nico, why would you think we're better off without you?!

Nico: Well, if I leave the team now, J.D. will be free to take down Barodius out of vengeance.

Maria: (glares at me) Is that right?!

Me: No I never thought that. I was just mad when I read about Barodius and the atrocities he committed. I know I can beat him on my own but not without you guys. Besides. Nico we are not the same without you.

Chop Shop: Look, J.D. Me and other Decepticons have followed you faithfully ever since 2019. But if you're so mad at certain villains that you're willing ignore emotional pain any of us suffer, then I might as well pack my things and leave.

Thundercracker: I'm with Chop Shop on this one, J.D. The two of us and the rest of the Decepticons already suffered abuse from Megatron. The last thing we want is for history to repeat itself.

Me: I understand that but I was just studying about the enemies that Dan and his team have faced before we met Dan. Know your enemy is one of our most important rules. But I know that Barodius and his forces will be ready for us when we face them. I'm not gonna head out on my own to face them. But I can't do it on my own. But all of us together can face him. But I can't do it without all of you.

Natilee: Besides Nico like we keep telling you, that all wasn't your fault. It was all Talon's fault.

Lori: Yeah we've forgiven you for that. You were just looking out for all of us.

Lola: You made those contingency plans to prevent us from going rogue.

Me: That's right man. You are the very glue that holds this whole team together and without you we would be destroying planets recklessly and endangering every living thing in the entire universe. You are the light in our darkness.

Nico: (Smiles) Wow. Thanks guys.

Me: You're welcome.

Blur: You sure you don't want to sit out the next missions, Nico.

Nico: (smiles) No, Blur. I'll be ok. You guys comforting me put me back in good spirits.

Me: Good. We're glad.

Natilee: Besides Nico like we keep telling you, that all wasn't your fault. It was all Talon's fault.

Nico: I know.

---

Later we were at the Mall.

Me: It feels good to be back in action after a great break for Christmas.

Nico: You said it.

Bonecrusher: So what crimes are going on right now?

Me: Well so far things are really quiet. But my scans show that there has been sightings of criminals hiding here in the mall.

Nico: Well how are we gonna find them? It's not like they can just pop up out of nowhere.

But then a blast of energy hit a woman from out of nowhere and froze her in a block of ice and then the whole floor was turned to ice and skating on it was none other Katie and her brother Leo A.K.A. ICE KATE & KID KOLD!

---

Kid Flash: Kid Kold and Ice Kate!

Me: They look like kid versions of Captain Cold and Golden Glider.

Nico: And they are freezing everyone around them.

Varie: Looks like we have to stop them.

Jinx growled.

Carmen Dillo: Can me, Gizmo, Wiggum, Condiment King, Toiletnator, and Whirlwind help you guys out?

Me: You all sure can.

Jinx: (Angrily) As long as I get to smash Kid Kold's face in first!

Me: Uh oh. I don't like that tone. Do you have some kind of history with Kid Kold Jinx?

Jinx: You could say that J.D.

Kid Flash: Kid Kold is Jinx's ex-boyfriend.

We gasped in shock!

Me: Whoa! That is rough!

Nico: We didn't know about that!

Kid Flash: Yeah it was after we defeated the Brotherhood of Evil.

Me: Whoa.

Sunny Tennyson: First, we should probably thaw out any people that are frozen.

Me: We're gonna need a lot of fire.

Nuova Shenron: I can help with that.

Lea: Same here.

Firefly, Heat Wave, P'andor, Pyro and Molten Man then came.

Molten Man: Let us help with that.

P'andor: (Russian Accent) It'll be good to help free our friends on Earth.

Ra'ad: It's been a long time P'andor.

P'andor: Ra'ad. It is good to see you. So you are now part of Team Loud Phoenix storm now.

Ra'ad: I sure am and it is great.

Lola: All right lets thaw!

Lola, Zuko, Francis, Azula, Volcana, Fire Man, Torch Man, Magma Man, the users of fire and the Fire Masters of Evil headed out to thaw all the people frozen.

Condiment King: Those two are getting ketchup in their eyes for this!

Me: And fire too! The heat is on guys! Lets bring the fire!

Nico: Lets get them!

Davis: Ready Veemon?

Veemon: You bet!

Davis: (Echoing) DIGIARMOR ENERGIZE!

Davis activated the Digi Egg of Courage.

Veemon: VEEMON ARMOR DIGIVOLVE TO…

Veemon turned into Flamedramon!

Flamedramon: FLAMEDRAMON, THE FIRE OF COURAGE!

Mina: Lets get them Meramon!

Meramon: With pleasure!

Flamedramon: (Echoing) FIRE ROCKET!

Flamedramon fired a blast of fire from his hand.

Meramon: (Echoing) BLAZING FLAMES!

He fired many small fireballs from his hands and the blasts all hit the ice all over and melted it.

We were thawing people out left and right and they were shaking in extreme cold.

Whirlwind: It's gonna take us half an hour to get everything unfrozen!

Me: We got all the time in the world.

Varie: By the way, are Kate and Leo related to Captain Cold and Golden Glider in any way?

Gizmo: We're not really sure ourselves.

Me: But the way they freeze and skate must mean that there is some connection between them.

Nico: Maybe.

We were really thawing them out.

Oceanus Shenron: (to Nuova Shenron) How are things on your end, brother?

Nuova Shenron fired blasts of fire and thawed lots of people out.

Nuova Shenron: Making good progress sister.

Brittney fired blasts of black fire and thawed a bunch of people out.

Brittney: This is a really cold battle that is as cold as the ice in my heart.

Oceanus Shenron: But at least we're not freezing people like my brother Eis Shenron would.

Brittney: True.

Nico was giving all the people thawed out hot cocoa and blankets to warm themselves up.

Nico: Just try and stay warm everyone.

Woman 1: (Shivering) Thanks Nico.

They were really cold and more.

Toiletnator: And I thought Professor XXXL's old hideout was cold.

Me: No kidding. Those two turned this whole mall into an ice cave.

Leni: Those brats will totes pay for this!

Toiletnator: Whoa boy.

I blasted fire all over the place and thawed all the ice out.

Me: We're almost there. We just have a few more parts of the mall to thaw.

I fired more blasts of fire and melted more ice all over.

Blitzwing: I'll use my jet mode to find out where they are.

Me: Okay.

Blitzwing went into his Jet Mode and flew to find them.

We waited and then Blitzwing came back.

Energon Scorponok: (to Blitzwing) Did you find them?

Blitzwing: They are hiting a jewelry store down near the food court!

Me: Lets get them!

We went for the Food Court and we found a bunch of ice pillars and we saw Ice Kate and Kid Kold come out with loads of jewels and jewelry.

Ice Kate: Thanks for the jewels suckers!

I fired a blast of fire and it hit the floor by Ice Kate and exploded.

KRABBBBOOOOOOOOOOOOMMMMM!

She went flying and into a trash can and I caught the jewels.

Me: Your crime spree is over!

Ice Kate: Team Loud Phoenix Storm! Titans!

Jinx: Kid Kold you and I need to have a little chat.

Kid Kold: There's nothing to talk about, Jinx. This is payback for dumping me!

Gizmo: She only dumped you because she was going into the H.I.V.E. Academy, barf brain! She actually told me herself.

Me: Yeah you cold-hearted jerk! I don't know what the hell she saw in you!

Kid Kold: SHUT YOUR FUCKING MOUTH!

He fired his blaster at me and I fired a blast of fire and the blasts collided and my blast overtook his blast and it hit him and exploded!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

The explosion sent him crashing into Ice Kate and they fell to the floor.

Nico: Whoa!

Me: Looks like fire is stronger than your ice.

Lola: Yeah it is!

Sandpit: You know how long we had to thaw out your frozen victims?!

Me: 6 and a half hours! And while we were doing that you were causing chaos by freezing everyone in sight and stealing all that loot.

Nico: Yeah!

Ice Kate: The whole city is our oyster as long as we freeze people!

Me: Not on our watch it will be!

Vince: Yeah!

Me: By the way are you two related to Golden Glider and Captain Cold? You look so much like them.

Ice Kate: We do don't we? Captain Cold is our father.

We gasped in shock.

Me: WHOA! Like father like children as I say.

Nico: That is a major revelation of a thousand words.

Lincoln: It sure is.

Lola: But that is amazing. We didn't know that Captain Cold had kids.

Me: Then you must know about your father and aunt's terrible background.

Ice Kate: We sure do and our so-called grandfather will pay for everything he has done to our father.

Me: Save seconds for me. We're going to make that monster pay too.

Wiggum: You two are under arrest for freezing public property and people!

Me: Wait chief. These two are the children of Captain Cold and Golden Glider.

Wiggum: They are? That makes them members of the Masters of Evil like me.

Me: It does.

Captain Cold and Golden Glider then appeared.

Captain Cold: And I couldn't be anymore proud of them.

Kid Cold: Hey dad.

Ice Kate: Hey Aunt Lisa.

Me: Nice reunion.

Captain Cold: Indeed.

Golden Glider: But it's good no one got hurt here.

Me: Yep.

Nico: That's good.

The Springfield Mafia, Cargill, Chalmers, Grumblemon, Steam Smythe and Control Freak then appeared.

Me: The Springfield Mafia, Cargill, Chalmers, Grumblemon, Steam Smythe and Control Freak.

Cargill: Nice to see you all here.

Me: Yep and back in action after a 5 day break for Christmas.

Fat Tony: Before we fight, there's something I must do first.

Nico: What's that?

POW!

Fat Tony then punched Nico in the face.

Nico: Okay. I deserve that.

Chalmers: Damn right you do!

Grumblemon: You really think you'll do anyone a favor by running away?! You're important to us as well as J.D. and the others!

Me: Guys that's not needed. He learned his lesson.

Nico: Yeah.

Nico had a nasty black eye.

Me: (Whistles) Nice shiner. Luckily he didn't use brass knuckles.

Nico: Yeah. But I can heal from this instantly.

He did so.

Me: Wow.

Turkey Jerk then appeared.

Me: Turkey Jerk. Nice to see you again.

Turkey Jerk: Thanks.

May: Thanks for helping us out on Thanksgiving.

Turkey Jerk: No problem. (laughs) If you want, you can eat me after I blow up.

Me: I don't think you would taste very good. Rita made you yes but with Rita making you from her evil that would make you taste horrible.

Turkey Jerk: Point Taken.

?: J.D. I need to talk to you for a sec.

A figure came out and it was CAMERON CLIX!

**Cameron Clix**, known as **Syuta Hayami** or **Shuta Hayami** in the Japanese and Italian versions, is a character appearing in the *Yu-Gi-Oh! ZEXAL* anime. He was a Number holder, but was defeated at the hands of the Number holder Yuma Tsukumo, who claimed his "Number" after the Duel.

He owns a D-Pad which also operates as a camera, which he used to predict his opponent's futures while possessed by his "Number".

In the past, Cameron was a well-known photographer who took pictures for people. He also befriended Tori Meadows in the past and took many photographs of her as she was deemed model-worthy by him and the people he gave the photographs to.

Some time after this, Cameron was taking photographs in a rose garden when he noticed a blank card on the ground, which turned out to be a "Number". Picking up the card, it transformed into "Number 25: Force Focus", and he inadvertently had his desires amplified by it. This "Number" granted Cameron the ability to predict the future through photographs, namely to cause destruction such as making cruise ships crash and catching airplanes on fire whilst in the air. These masterful photographs awarded Cameron many awards within the press, making him a wanted-photographer by many media organizations. Those which couldn't get him, wanted him gone as his photographs made the magazines he worked for sell better.

## Yu-Gi-Oh! ZEXAL

Kari Tsukumo's boss tells her to watch out for Cameron as he has been spotted in Heartland City. Of course, due to his "Number", he was there causing destruction, defeating Duelists by bewildering them with his future knowledge and then taking their Heart Pieces as a contestant in the World Duel Carnival. Kari managed to find Cameron just as he predicted the future of scaffolding falling on a builder he was Dueling. There she found photographs of the events.

After Tori argued with Yuma Tsukumo about Reginald Kastle, she stormed off to the site of a blimp which was going to fly around

Heartland City. Tori noticed Cameron, whom greeted her and then took a photograph of her before she departed on the blimp. Unbeknownst to Tori, this secured her doom as the photograph showed her on board the blimp and about to crash. Cameron is later challenged by Yuma to a Duel to save Tori. As the Duel progressed, Cameron managed to gain the upper hand by predicting all of Yuma's moves correctly. Astral eventually figured out, however, the true power of the "Number" was only seeing *possible* futures and not actually predicting the future, and that Cameron was only winning by tricking his opponents into making them happen ("self-fulfilling prophecies", as he called them). By defying Cameron's prediction and doing something different than what he predicted, Yuma managed to Summon his "Number C39: Utopia Ray" and defeat Cameron.

After Kite Tenjo managed to save the blimp and the people within it from being destroyed by the crash, Cameron appeared before Yuma and Tori and apologized. He then took a photograph for the two as a memento and token of his apology.

Cameron is next seen sitting next to Pip among the spectators (one row down from Cody Callus) watching Yuma's Duel with Vetrix in the final round of the finals.

---

Yuma: Cameron Clix!

Nico: You know him Yuma?

Yuma: Yeah he's a photographer.

Me: And he must be a Number Holder. What Number does he have?

Eli: He has Number 25: Force Focus.

Clix: That's right.

He showed the Number Card and it looked like a camera with lots of other cameras attached.

Me: Whoa. So it reflects his desire to become a great photographer.

Eli: And he has the power to see into the future.

Me: So he has Clairvoyance as a result.

Clix: That's right.

Me: Anyway I better go see what he wants. I'll be right back.

I went with Clix and we went to the mens restroom.

Clix: I'm glad I found you J.D. I have grim news about Nico.

Me: What's wrong?

Clix: The Digimon Emperor is gonna come back and make Nico do crazy things to people you don't like.

Me: The Digimon Emperor!? But we killed that brainwashed tyrant.

Clix: Yes you did.

He handed me some photos and what I saw was shocking.

I saw that the Digimon Emperor was gonna possess Nico's mind and make him use Madame Rouge's powers to impersonate me to beat up Agnes Skinner and beat up King Stefan. Then he was gonna go beat up The Riddler's former boss Daniel Mockridge, Beat up the Flim Flam brothers, have Norm the Genie restore Crocker, Plasmius, Jock Jockerson, Mr. Burns, Plankton and King Goobot V as an evil syndicate, Free Marge from her Portrait, Beat Up Happy Peppy Gary & Betty, Read SpongeBob's Personal Journal and frame Squidward and his group for giving Nico the idea. But that will be a mistake as his group will help against the Digimon Emperor, Beat up Burgundy, Beat up Iron Will the Minotaur and beat up Seifer and his gang in Twilight Town.

I gasped in shock!

Me: This is insane! Beating up these guys I can understand, Gary & Betty are really stupid and have brains the size of peanuts, but Nico reading someones diary like that because of the Digimon Emperor? That's one of the lowest things anyone can do. Roxas told me a lot about Seifer and his gang and how big a bunch of jerks they are. Fluttershy told me all about Iron Will and how big of an arrogant jerk he is for a minotaur and Applejack told me all about the Flim Flam Brothers and how big of a problem they are.

Clix: I know. But it's not his fault.

Me: I know. But I have to tell Nico and everyone about this.

Clix: (to me) I understand that you want to tell Nico of this. But he has to face the Digimon Emperor on his own. This will be the ultimate challenge for him. Even the part where he temporarily leaves you all must happen.

Me: I know. But I appreciate you telling me this. Nico has to face his demons on his own. It was the Digimon Emperor that was the very source of all of his pain and trauma. Now he has to grab the bull by the horns and destroy the source of that pain for good.

Clix: That's right.

Me: Thank you for telling me this Cameron.

We went back to the others.

Me: Sorry about that guys. Lets get it on.

We powered up and went at them.

---

Battle 1: Sakura Haruno, Apple Bloom, Sweetie Belle, Scootaloo, Lyra the Light Charmer, Raven, Starfire, Scavenger and Bonecrusher VS Steam Smythe

---

Steam Smythe was first.

Steam Smythe: (to Sakura) Good thing my machines can withstand the cold.

Sakura Haruno: They sure can. Just like us.

Apple Bloom: This was one of the coldest adventures we were on.

Lyra the Light Charmer: Yeah. It sure was.

Sweetie Belle: But we've handled much more extreme conditions that were worse than this.

Scootaloo: Yes we have.

Starfire: It was most fun.

Raven: Yeah.

Steam Smythe: Good thing. Lets do it.

Steam Smythe called out his Pokemon and he had a robot spider suit on and they went at him.

Apple Bloom: Lets get him Crusaders!

---

Chalmers was next.

Chalmers: (to Winx Club Stella) First, Lincoln gets sick. And now, Nico has nightmares? I'm starting to get worried about all of you.

Stella: We all are. But I think it might be because of something that's gonna happen in the future that might be the cause of it.

Twilight Sparkle: I have a feeling you're right. The way that Cameron had to talk to J.D. like that seemed strange.

Swift Foot: Yeah. Something is up.

Cozy Glow: But whatever it is it must be really big.

Minuette: But we all have to get through this for Nico and everyone.

Moondancer: That's right. We have to work with everyone on this.

Dharc: You got that right. And we have to be ready for anything.

Tara: Yep.

Beast Boy: Always ready.

Chalmers: I like that spirit. Lets get it on!

Chalmers called out his Pokemon and they went at him.

Twilight Sparkle: Lets show him awesome techniques of Friendship!

Swift Foot: Lets get him!

Twilight Sparkle: It sure was.

Battle 3: Girl Jordan, Rarity, Sassy Saddles, Sapphire Shores, Eria the Water Charmer, Dr. Light (JL), Bai Tza, Oceanus Shenron and Paragus VS Cargill

Cargill was next.

Cargill: (to Girl Jordan) What exactly is going on through Nico's mind? He won't help anyone by running away!

Girl Jordan: It was because of a traumatic event that happened in his past.

Cargill: What kind of event?

Girl Jordan: Well it's not pretty.

Girl Jordan explained Nico's Background and what she revealed was not pleasant and it was also shocking.

They gasped in shock and horror!

Sapphire Shores: My goodness! I didn't know Nico went through all that!

Sassy Saddles: (British Accent) Poor guy. He killed Ken as the Digimon Emperor accidentally and he went through all that pain because of it.

Eria the Water Charmer: Whoa that is rough.

Rarity: I didn't know he was going through something like that.

Bai Tza: He went through a traumatic life like that. It was awful.

Cargill: I know just how he feels. I am a war veteran myself and I killed a lot of terrorists in my past before joining the EPA. I have Post Traumatic Stress Disorder myself and I know the kind of pain he is going through. But I got over my PTSD and I can help Nico get through this.

Girl Jordan: Thanks Russ.

Cargill: You're welcome. Lets dance.

Cargill called out his Pokemon and they went at him.

Rarity: Lets show him a jeweled good time!

Sassy Saddles: Lets do it!

Rarity, Sassy Saddles and Sapphire Shores: JEWEL FLAME STYLE FORMATION ART: FLAMES OF THE CRYSTAL!

They spun in a triangle formation and fired a blast of crystal fire.

Girl Jordan, Eria, Oceanus Shenron and Bai Tza fired blasts of water and Dr. Light and Paragus fired blasts of energy and the blasts all hit Cargill and knocked him down.

Girl Jordan: That was awesome!

Rarity: Rapture darling! That was amazing!

Oceanus Shenron: That was fun.

---

Battle 4: Earth, Applejack, Apple Fritter, Big Mac, Aussa the Earth Charmer, Geoforce, Rose Wilson, Astrotrain and Blitzwing VS Grumblemon

---

Grumblemon was next.

Grumblemon: (to Earth) Honestly, Ice Kate and Kid Kold aren't being considered as recruits.

Earth: Well they are family to Captain Cold and Golden Glider so that makes them recruits technically.

Applejack: Yeah and like us Apples and everyone in Team Loud Phoenix Storm we love everyone like we're family.

Apple Fritter: That's right. Family is important no matter who is on which side.

Big Mac: Eeyup.

Aussa: Just like all my fellow elemental charmers I view them as family too.

Geoforce: And I love my big sister Tara too. She is the only family I have left now ever since mom was killed.

Rose Wilson: And I love the Titans like my family.

Grumblemon: I see your point. We'll have to talk to Vypra about having Ice Kate and Kid Cold join.

Earth: Cool.

Grumblemon: Lets get it on!

Grumblemon went at them.

Applejack: Lets get him Apples!

Apple Fritter: Lets do it!

Big Mac: Eeyup!

---

Battle 5: Nicole Knudson, Sunset Shimmer, Pepperdance, Cayenne, Hiita the Fire Charmer, Firestar, Human Torch, Energon Scorponok and Tidal Wave VS Control Freak and Vulcain

---

Control Freak was next.

Control Freak: (to Nicole) This next monster is going to be one that Star Fox has faced before.

Nicole: I have a feeling that this is gonna be good.

In a massive explosion of fire and lava came the boss of Solar from Star Fox 64: VULCAIN!

---

**Vulcain** is an experimental bioweapon created by the evil mad scientist Andross, which dwells on the lava planet Solar in the middle of the Lylat System.

Scientists have been saying for years that nothing could possibly live on this world's surface, but Andross's ships had been scanned going to and from the planet. Only Andross would be so foolhardy as to try to find military benefit in exploiting a molten planet like Solar. Only the Star Fox Team's specially modified Arwings could withstand the heat on the planet's surface, so they were sent by General Pepper to investigate what the Androssians were doing on the planet.

When the Star Fox Team encountered Vulcain, they were completely shocked at the bioweapon's appearance, as Falco also states that "Andross is an insane fool" for creating the bioweapon in the first place. Under Peppy Hare's advice, the first priority was to attack the arms, which started spewing magma once destroyed by Fox. When the arms were taken out, the head was the next focus. Enough damage was dealt and eventually the whole thing exploded in a shockwave, with the creature being decapitated in a flash immediately beforehand.

---

Nicole: WHOA! Vulcain!

Sunset Shimmer: A boss monster from Star Fox 64! Awesome!

Pepperdance: Wow! This is gonna be awesome!

Hiita: So cool!

Cayenne: Yeah it is!

Nicole: I always love a good challenge and the Goddess of Video Games always loves a great battle.

Firestar: Me too!

Human Torch: Yeah!

Control Freak: Just like living a video game.

Nicole: Yep. Lets do it.

They went at the monster.

Nicole: We have to blast its arms off first before going for the head!

Sunset Shimmer: Right!

Pepperdance: Lets do it!

Sunset Shimmer, Pepperdance and Cayenne: SPICY FLAME LASER STYLE FORMATION ART: ATOMIC LASER SPICY BLAST!

They spun in a triangle formation and fired a massive blast of atomic fire in a focused laser and it slammed into the left arm and blew it off and fire poured out of the creature's shoulder and Nicole was absorbing the fire.

Hiita, Firestar, Energon Scorponok, Tidal Wave and Human Torch fired blasts of fire and energy and the blasts hit the other arm and blew it off.

Nicole: Now for the head!

Nicole fired an energy blast and blew the creatures head off and then the creature exploded.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blasted Control Freak down and blew much of the food court apart and lit it on fire.

Nicole: WHOA! That was intense! The explosions are more powerful than we thought on foot than what we remember when we were in the Lylat System.

Firestar: No kidding! Wow!

Hiita: Awesome!

---

Sora T.: Yeah because unlike some people in the Saiyans, Nico has a heart. But like we keep telling him it all wasn't his fault.

Birdramon: Yeah it was all Talon's fault and they paid for all that.

Fluttershy: They sure did.

Tree Hugger: Totally paid for it with all their Chakras dudes.

Mage Meadowbrook: Yes they did.

Wynn: I'm sorry Nico has to go through so much pain because of his past and all that.

Layla Williams: Yeah he had a really rough background.

Molly Malloy: He sure did.

Louie: Indeed. But how is Lorenzo doing by the way?

Sora T.: He's doing really great. He is also helping Jaden and his friends on some of their adventures.

Legs: That's great.

Fat Tony: Lets get it on.

The Springfield Mafia called out their Pokemon and they went at him.

Radiant Hope: He's gonna be all right.

Eli got the Number Card.

---

We regrouped and faced Ice Kate and Kid Kold.

Me: Time to thaw you two out.

Gia: Sorry. But Lisa and Snart's kids or not, you two are going down!

Megaforce Rangers: Legendary Ranger Mode: Royal Flush Squad!

The Megaforce Rangers turned into the J.A.K.Q. Rangers.

Me: It's time to Burn!

Eli: It's Butt-Kicking Time!

Kid Kold: Come and try it!

They had their blasters pulled out and then Kid Flash swiped their blasters.

Kid Flash: Not so tough without those guns, huh?

Kid Flash had their blasters in his hands.

Me: Nice one Kid Flash. After we're done here, meeting in the briefing room. All of us. Including the Masters of Evil.

Varie: Okay.

We went at them and blasted them all over with fire and more and Skartalas, Bierk, Sobtjek, and Lanker blasted them all over the place with incredible fury.

They were knocked out and Captain Cold and Golden Glider picked them up.

Me: They sure put up a good fight.

Captain Cold: Yes they did.

Me: It was really fun facing them.

Qin: It sure was.

Lincoln: Yep.

Steam Smythe: Looks like those two have been taught a lesson.

Zuko: And we melted what they froze.

Cargill: Thank goodness.

Control Freak: Now, how about we go inside and drink some hot chocolate?

Me: Good idea. But after the meeting. Cameron told me some interesting developments.

Eli: Whatever they are they can't be good.

Me: Right lets head to the briefing room.

---

Later in the Estate Briefing Room, I told everyone about what Clix told me.

Everyone: WWWHHHHHAAAAAAAAAAAAAAAAAAATTTTTTT!?

Nico: The Digimon Emperor is coming back!? And he's gonna make me do all these things!?

Me: Yeah and you are the only one that can stop him Nico. The Digimon Emperor has been the source of Nico's pain and trauma.

May: This is a catastrophe! We have to help him!

Me: No May. This is Nico's fight and I promised to respect his wish for it has to be him and him alone that has to stop the Digimon Emperor for good. It was the Digimon Emperor that made Nico this way and it's Nico and Nico only that has to be the one that stops him once and for all.

Nico thought about everything he just found out and he knew that he was in for a really rough fight. But if anyone can stop the Digimon Emperor it's him.

Nico: (Determined) Then I will do it! It's time I do something more than just feel sorry for myself! It's time for me to become what I was before I killed Ken.

Me: We believe in you Nico. You can do it!

Nico: But I will do what Ken is gonna make me do and in the end I will stop him.

Me: If that is what you want then we won't stop you.

Nico: Yeah some of these guys we don't like.

Me: Yep.

Kid Flash: (To the viewers) Looks like we have a fight on our hands in the future. So be ready for quite a show.

Me: Yep.

Volcana: (To the viewers) But this was really fun. How you all loved this.

We had a very interesting chat.

THE END

Another awesome fanfic complete.

Kid Kold and Ice Kate were two comic book only villains of Teen

Titans. But all that stuff that was given to me is gonna happen in the Kingdom Hearts II saga coming up from January 23rd to February 4th, 2021 and we're in for quite a show. The next Number is gonna be Number 44: Sky Pegasus and that one is gonna be in the hands of Donut Joe, our favorite Donut Shop owner from Canterlot and it will make him fly and give donuts. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is an extremely radioactive battle as we face the Radiation Creature from the Teen Titans episode Snowblind and that one is gonna be really intense and we're also gonna face the evil Professor Chang who brought the monster back to life.

See you all tomorrow.

# Radioactivity of the Xenothium Creature

In the Living Room I had invited Fred Flintstone and Barney Rubble to see something really silly and stupid. It was a Robot Chicken sketch for them.

Fred: What do you guys want to show us?

Marie Kanker Loud: Um… you should probably just see for yourselves.

Me: It's a really silly and stupid cartoon on the internet. Pebbles and Bam Bam probably shouldn't watch this one.

Nico: Good idea.

Pebbles: It must be that scary.

Lori: Trust me Pebbles. It literally is.

Lori took Pebbles and Bam Bam to her room.

We watched the cartoon and it was stupid and funny.

(Fred Flintstone and Barney Rubble sit on the sofa)

FRED: Eh, Barney boy, this is the life!

BARNEY: You said it, Fred. An entire civilization not wearing underwear, you gotta love it! (Fred and Barney give thumbs up to one another. Just then, *there is a knock at the door.)*

FRED: Now, who could that be?

*(Barney laughs. Fred opens the door.)*

FRED: Yeah?

MR. ROCK: Hi, I'm Mr. Rock from FedEx Stone. I got a delivery for Fred Flintstone from -pebble.

*(Fred stares at him, confused.)*

MR. ROCK: *[sighs]* Look, sometimes the rock puns don't fit too well, buddy, you want the package or not?

*(Mr. Rock leaves.)*

FRED: *[reading the letter:]* "Dear Fred, I hope this distracted you long enough. Signed, Barney. P.S., I invented paper. Bitchin!"

*(Fred looks over to Barney, who tries to sneak out with Fred's box of Fruity Pebbles.)*

FRED: ***BARNEY, MY PEBBLES!***

*(Fred rushes over to Barney and tries to snatch the Fruity Pebbles away; Barney manages to escape from Fred with the cereal.)*

BARNEY : *[laughing]* You can't catch me, Fred!

*(Fred tackles Barney, and starts punching him in the face. Barney grabs nearby a club and hits Fred in the head with it. A cracking sound is heard and Fred falls down on the floor)*

BARNEY: *(laughs)* Hey, good one, Fred, good-

*(Cut to Fred's lifeless corpse, which is a mangled mess. Blood pours out from his head)*

BARNEY:… *uh-oh.*

*(Cut to Barney burying Fred's dead body in his backyard, using a bird as a shovel.)*

BARNEY: Dammit, Fred… I just wanted some of your fucking cereal.

BIRD: Oh, his head always was full of rocks…

BARNEY: *[gasps]* A witness!

*(Barney kills the bird by breaking its spine over his knee, then runs back into the house to find more witnesses, namely, the animals that*

*serve as household appliances.)*

BARNEY: **WITNESSES! *THE DISHWASHER!***

OCTOPUS DISHWASHER: My goodness Cretaceous!

BARNEY: ***THE RECORD PLAYER!***

BIRD RECORD PLAYER: He's off his rocker!

BARNEY: ***THE BIDET!***

TURTLE BIDET: Oh, man, the things I've witnessed…

*(The appliances begin to scream in terror and panic. Barney manages to grab a pterodactyl, and pulls a pig out from under a table)*

PIG: Is he stone-cold crazy? You bet Jurassic-

BARNEY: ***NO MORE PUNS!***

*(Barney stuffs the pterodactyl into the pig's mouth.)*

BARNEY: *[laughing evilly, as the camera spins around him]*

*(Cut to Wilma Flintstone and Betty Rubble returning home)*

WILMA: So, he's trying to sell me a tampon, but I said, "It's just a rock!", and he says, "Well duh, *everything's* a rock!"

BETTY: The nerve of some people.

Wilma & Betty: [gasp] ***OH MY GOD!***

*(The camera shows all of the dead animals, including Dino who is nailed to the wall. It then cuts to Barney killing the pig by stuffing something into its mouth, with green blood on it chuckling evilly. In his other hand, he holds the turtle)*

TURTLE: Oh lord, please don't stop him before he kills me.

*(Barney grunts in rage.)*

*(Cut to a box of Fruity Pebbles as Barney is seen hanging in the gallows in the background)*

*Announcer:* Fruity Pebbles are an important part of this complete breakfast.

*(The gallow drops, snapping Barney's neck and killing him.)*

(cut to static)

Me: Well there you have it.

Fred: Barney kills me after trying to take my pebbles?!

Cookie: To be fair, you were beating him up.

Me: Yeah but you always chase after him whenever he goes after your Post Pebbles cereal.

Nico: But I don't blame him. (Pours a bowl of Post Cocoa Pebbles Cereal) I mean who doesn't love this great cereal?

Me: True. (Pours a bowl of Post Fruity Pebbles Cereal) They are both really good.

Barney: I go crazy and kill Dino and the other animals?!

Nightbird: After they witnessed you killing Fred.

Me: (Eats some cereal) That is nuts!

Nico: (Eats some cereal) No kidding.

Lincoln: But that is stupid. No offense.

Fred: None taken but that is crazy.

Me: No kidding.

Maria: I think that sketch teaches us a good lesson.

Arcee: Yep. Always share with others. Or you'll end up dead.

Me: That last part is a bit extreme.

Vince: Yeah that's true.

Lincoln: Yep.

Arcee: Yeah you're right. But always share with others.

Later we were watching TV and we were also playing cards.

Rarity: Hey guys like my new look?

Rarity came down and she had a hardcore punk outfit on. She had her purple hair in a small mohawk and it had aqua green and yellow streaks and she had a spiked black vest on over a tube top and she had black leather pants and purple boots on. She also had a spiked armband on.

Me: Whoa! Rarity love the new look. You look amazingly badass.

Rarity: Thank you J.D. I got the idea for this look after I accidentally destroyed my mane.

Twilight Sparkle: Oh yeah I remember that.

Starlight Glimmer: Me too. This looks amazing for you.

Me: And didn't you have a Photoshoot with Photo Finish coming up during that time?

Rarity: I sure did.

Me: Yeah I remember that.

Nico: Me too. That was sad seeing that happen to you Rarity.

* * *

We were walking to Rarity's shop and we were very concerned for Rarity ever since she accidentally destroyed her hair with Hair Remover.

**Twilight Sparkle** : I think we all know how bad Rarity's been feeling, but I never thought she'd cancel her shoot with Photo Finish.

Me: Yeah and we know how much she was looking forward to all this.

**Rainbow Dash** : You saw her mane, right?

Me: Yeah she puts a lot of work into her hair.

**Applejack** : But it's Rarity. If anypony can turn lemons into lemonade, it's her.

Nico: That's a good way to put it Applejack even though Lemons aren't part of who you are. No offense.

Applejack: None taken.

**Fluttershy** : I guess it's harder for her when *she* feels like the lemon.

Vince: Yeah poor Rarity.

**Twilight Sparkle** : Well, she's not a lemon - she's our friend. And right now, she needs our support.

Me: That's right! But I don't know how much longer I can stand seeing her suffer like this.

Sunset Shimmer: Me neither.

Starlight Glimmer: Same here.

[knocking]

**Rarity** : [muffled] Come in.

We went in.

[bell rings]

It was dark and the lights were off.

**Rarity** : Would you mind closing the door? I'm more comfortable in the dark.

We saw Rarity laying on her chaise lounge wallowing in pity and drowning her sorrows in ice cream.

Me: Rarity look at yourself!

[click]

We turned on the lights.

**Applejack** : Okay, Rarity, you've done just about enough sulkin'!

Me: Yeah! This has gone on for far too long Rarity! Wallowing in self pity and drowning yourself in ice cream is not going to help you!

Applejack: Havin' a fabulous mane is a wonderful thing, but it ain't the only thing!

**Rainbow Dash** : Yeah! And we're here to remind you how awesome you are, mane or no mane!

Laney: That's right Rarity! With or without your hair you look just as beautiful as you were back then as you are now!

Nico: That's right!

**Rarity** : [sighs] It's lovely of you to say, but it's hard to argue with cold, hard facts.

**Fluttershy** : What facts are those?

**Rarity** : That without my mane, I simply can't shine as I once did, and ponies treat me like the sad, invisible pony I've become.

Me: That is total bullshit Rarity.

**Twilight Sparkle** : Yeah Rarity, you're not invisible. You're our friend. A friend that started a fashion empire.

Me: And you make REALLY amazing clothes that Leni and Lori love.

Lori: That's right Rarity. We literally love all your clothes and they are literally the envy of many people in school.

Carol: We love them all so much.

Me: And many people all over the world love them. But you are more than just a fashion mogul and designer. You are an awesome friend.

**Fluttershy** : A friend who made us all feel beautiful in her lovely creations.

**Rainbow Dash** : A friend who stuck by us, no matter what!

**Applejack** : A friend so generous that she once chopped off her own tail to help a sea serpent.

Me: Really?

Applejack: Yeah it's true.

Me: Wow.

**Twilight Sparkle** : I know you lost some confidence when you lost your mane, but unlike your hair, confidence is something you can get back right now.

Me: That's right.

Nico: You think you are the only one that has lost confidence? I nearly lost my confidence when everyone thought I was gonna kill them when my contingency plans were turned against everyone.

Me: Yeah and we helped Nico remind him of who he is. He is a true friend and a great enforcer and second in command. He is the glue that holds our team together and without him we would be like the Royal Defenders or worse.

Vince: That's right!

Me and Twilight hugged Rarity.

**Rarity** : Goodness… You're right! The only pony behaving differently today was me! Besides, what doesn't shine from the outside in…

Rarity went behind her clothing shade and put on some new clothes.

**Starlight Glimmer** : Um, Rarity, what are you doing?

**Rarity** : I'm preparing to shine from the inside out!

[guitar twang]

She had a new badass look on! She had a black spiked vest on and her hair was in a mohawk with yellow and green streaks and her tail had a spiked band on it and she had a black spike leg band on.

**Rest of main cast** and **Starlight Glimmer** : [gasps]

**Rainbow Dash** : Awesome!

Me: Hardcore!

Nico: Badass!

Lucy Loud: Wicked.

[flowers rustling]

Later at the Flower Shop, Filthy Rich was bringing back a lot of flowers.

**Filthy Rich** : It's my own fault. I shouldn't have bought flowers without asking Spoiled what she likes.

**Rose** : Well, we don't have much left. What does she like?

**Filthy Rich** : Um, uh… purple?

**Rarity** : I have a solution!

[guitar twang]

Me: Hiya girls. Hello Mr. Rich.

**Rose** : Rarity, that mane is…

**Daisy** and **Lily Valley** : Amazing!

**Rarity** : Thank you. Although I'm afraid I missed my chance at *Vanity Mare*, which means I have quite a few lavender arrangements to spare.

Filthy Rich: Hello J.D. How has Diamond Tiara been?

Me: She's doing great Mr. Rich. What kind of flowers do you need?

**Filthy Rich** : Uh, is lavender purple?

Me: It sure is.

[flowers rustling]

The girls had numerous lavender plants ready.

[fans blowing]

**Rarity** : Mm… The windswept look is *very* last-season. Perhaps you could set this up outside. It's sure to draw in the hoof traffic.

He set the fan up outside.

[fan blowing]

His clothes blew off and went onto another pony.

**Stallion** : Ahhh!

[crowd chattering]

[bits clinking]

Rarity gave a pony some money

**Rarity** : Photoshoot or no, you can always use a chaise!

**Applejack** : Well, Rarity, if you wanted to shine from the inside out, I think this afternoon, you became the brightest filly in Equestria!

Me: And the most amazingly beautiful in a badass outfit.

Varie: You got that right.

**Rarity** : Oh, pshaw, Applejack, everyone. I'm simply making up for all the time I wasted feeling sorry for myself.

**Rainbow Dash** : I don't know why you were so upset. Your mane looks awesome!

Me: It looks incredible Rarity and a lot of people I know have hair like that.

Naruto: It's true. They had a lot of awesome badass looks.

**Rarity** : I'm just glad I have all of you to remind me that even if I accidentally use magical remover potion on my mane, I can look good on the outside as long as I feel good on the inside.

Me: That's right Rarity.

**Twilight Sparkle** : How'd you end up using remover potion on your head, anyway?

Me: That's what I want to know.

**Rarity** : [gasps] Pinkie!

We went over to Sugarcube Corner.

**Rarity** : If *I* had the remover potion this whole time, that means Pinkie must have the-

[door opens]

We opened the door and a massive avalanche of suds and bubbles came pouring out.

[flooding noise]

Pinkie was riding the flow and Twilight had us encased in a ball of energy.

**Pinkie Pie** : Wheeeeeeee! [giggling]

**Rarity** :… shampoo.

**Pinkie Pie** : Shampoo? Wow! That explains why our manes are all so bouncy and soft!

Her hair was bouncy and puffy.

Me: This is really sudsy.

Nico: (Sniffs) And it smells like the ocean.

[guitar twang]

Me: Man what a mess. There's silly string and suds all over.

**Rarity** : Uh, perhaps I'll fetch the rest of that remover potion.

**Pinkie Pie** : Great! Hey, is there something different about you? New hoof polish?

FLASHBACK ENDS

We laughed.

Rarity: That was a great adventure.

Nico: It sure was.

Starlight Glimmer: That was cool.

Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw that something was going on in Northern Russia on the island of Novaya Zemlya in North Central Siberia. There was a radiation sign blinking over the middle of the island.

Luminous: Where are we going this time?

Me: We're heading over to the area near a small village over on the island of Novaya Zemlya in northern central Russia. The scans show that there is a massive concentration of radiation in the middle of the island.

Nico: Is it a massive uranium deposit?

Me: I don't think so but look at this. The Radiation mass is moving.

We saw the radiation sign moving on the scanners very slowly.

Nico: It's moving? How can that be?

Me: No idea. But we better get over there and find out.

Vince: Looks like we're heading back to Russia.

The Springfield Mafia, Steam Smythe, Chalmers, Cargill, Grumblemon and Control Freak all appeared.

Fat Tony: Can me, my boys, Steam Smythe, Chalmers, Cargill, Grumblemon, and Control Freak go with you all?

Me: You sure can.

Rarity: Whatever this radiation mass is we have to be careful.

Me: Yeah.

Control Freak: Love the new look Rarity.

Rarity: Thank you.

Me: And bundle up everyone. It's gonna be really cold in Russia.

We went and got our fur parkas on and we were off to Novaya Zemlya in Russia.

NOVAYA ZEMLYA, NORTHERN RUSSIA

We arrived in Novaya Zemlya, Russia and it was brutally cold. We were deep inside the Arctic Circle and it was cold enough to freeze your fingers off. The temperature was -40˚ Fahrenheit and it was brutal.

Luxord: Here we are in Russia again.

Zarya (Overwatch): (Russian Accent) Yep but we are in Novaya Zemlya comrades.

Me: Lets find that source of radiation and destroy it.

We walked around and in the blizzard we saw glowing burning radioactive footprints in the snow.

Me: Whoa look at this.

I held out my geiger counter and it was clicking like mad.

Me: The radiation levels are off the scale.

Nico: This is impossible. Radiation can't walk.

Robin: Not unless it's made of pure Xenothium. I know what's going on here.

Me: What is it Robin.

Robin: Before we went into war with The Brotherhood of Evil we met Red Star and we helped him destroy a creature made of radiation.

Me: Whoa!

Nico: That's really freaky!

Vince: No kidding.

Carol: Wow. Wait a second. Wasn't this whole island used as a Nuclear Testing Site back during the 1950's in the Cold War?

Jessie K.: As a matter of fact it was. Back in 1953 they started testing nuclear bombs here. But they stopped all that back in the 1980s.

Me: Wow! Lethal here.

Jessie K.: Yep. There have been over 224 Nuclear Detonations in this part of Russia during the Cold War and they measured over 256 megatons of TNT.

Everyone: WOW!

Rainbow Dash: That's intense!

Starlight Glimmer: No kidding!

Me: Yeah.

May: Think we should call Radioactive Man to help us out?

Cargill: Already ahead of you. I'm calling him right now.

He called them and also with him was P'andor and Atomic Skull.

P'andor: (Russian Accent) What's going on?

Me: We have a living creature made of radiation here in Northern Russia.

Atomic Skull looked at the footprints.

Atomic Skull: Hmm. Aha! I knew this was his work.

Me: What do you mean Albert?

Atomic Skull: This is the work of my old colleague and mad scientist of S.T.A.R. Labs, Professor Chang.

Me: Professor Chang? (To Robin) Wasn't he the mad scientist that worked for the Brotherhood of Evil and is at large for making very dangerous weapons for criminals all over the world?

Robin: That's him.

Robin went over his history.

**Professor Chang** is a recurring antagonist in the *Teen Titans* show. He is a criminal scientist and an enemy of the Teen Titans. He serves as the secondary antagonist of season 3 and a minor antagonist in season 5.

He was voiced by James Hong, who also played Daolon Wong in *Jackie Chan Adventures*, and Mandarin in *Super Robot Monkey Team Hyper Force Go!* .

## Abilities

Professor Chang has no powers of his own, but he is known to have invented dangerous technology. He also appears to be a skilled surgeon, when he successfully completed the operation on Brother Blood to make Blood a cyborg.

## Biography

Professor Chang specializes in creating illegal science-based equipment and selling it to anyone willing to pay his price and for both legal and illegal purposes. He was looked upon by Robin who wanted a costume to be a villain that had the chemical Xenothium in it to build a villainous identity. When Robin learned that the suit was stolen he went to Professor Chang to ask him where Xenothium could be found, at a facility to the south of Jump City. However, Robin and Red X did not know that Chang and his goons broke into the facility to get the Xenothium for themselves. Chang also had the other Teen Titans kept as hostages. He tries to fire Xenothium at the city but is foiled by Robin and Red X and is sent to prison.

Professor Chang later escaped from prison and was an ally to Brother Blood. Blood used his mind powers to force Chang to transform him into a cyborg. Then He was about to be forced to convert the Titans east into cyborgs as well When Blood was defeated Chang broke free from the mind powers and disappeared somewhere.

Professor Chang later recruited himself for the Brotherhood of Evil, In which he provided his Flash-Freezer, which was used to freeze captives to ice trophies. Chang and his goons were overpowered by Mas Y Menos and flash-frozen by their own device, being the first villains to be flash-frozen.

We gasped in shock!

Me: Just was the world needs, another fucked up mad scientist running amok and causing mayhem everywhere.

Robin: Yeah.

Nico: Looks like we have to kill him and the Radiation Monster.

Naruto: Yep.

Me: First lets find the Radiation Creature.

We went to find it. We followed the footprints and the Radiation signal was getting stronger and stronger.

Me: It's getting stronger. We must be close.

Drag Strip: There's the radiation monster right now!

We saw that it was a living creature made entirely of pure radiation! The level of radiation it had was off the scale and it was like a walking Gamma Ray Burst!

---

The **Radiation Creature** is an antagonist who appears in *Teen Titans* . It appeared in the episode "Snowblind".

Plot

A Russian security force was tasked with a secret project to create the perfect soldier. The result was a disaster.

Captain Kovar had to isolate himself and discharge his radioactive power every day. However, he was unaware that there were microscopic cracks in the power conduits. Over time, the radioactive discharge leaked into a nearby river and formed into a creature with the same power. It began attacking anyone in the general vicinity and many blamed Kovar instead.

When the Teen Titans investigated a distress call in the area, their T-Ship was blasted by the creature in zero visibility. Cyborg's geiger counter detected radiation levels off the scale. Undaunted, Starfire went alone to hunt the beast.

After the Titans followed a mysterious river of waste, Cyborg discovered it had the same isotopic signature as the creature. After regrouping in Kovar's compound, the creature attacked and was defeated by him. However, it absorbed several canisters of radioactive energy and went on a rampage to the city's power plant. Kovar then absorbed all of its power and dissipated the creature.

---

My Geiger Counter measured its level of radiation and it then exploded!

KRABOOOM!

Me: WHOA! The radiation levels on that thing are off the scale!

Nico: GEEZ! That thing is dangerous!

Lincoln: It's like we're standing next to a Thermonuclear Explosion!

Lisa Loud: More like 100,000 nuclear explosions with the explosive intensity of a supernova explosion.

It fired a massive red energy ray and I deflected the blast back and it hit the creature and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: WHOA! What power!

Brawl: Have some of this, you asshole!

Brawl turned into his tank mode and fired a shot at the radiation monster.

But the Radiation Monster fired a red energy blast at the missile and it hit it and exploded.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Whoa! Not even missiles are a match for it! We'll have to use energy waves.

Nico: Good idea. Lets see how ice cools it down.

The 3 Star Dragonball on Nico's bracelet glowed and he fired an ice ray from his eyes and encased the Radiation Monster in a crystal of ice.

Nico: That did it!

Me: Not quite!

The Radiation Monster melted the ice in seconds.

Me: This creature is too hot to handle! He's like Blight 100-fold.

Chalmers: There's no way we can beat that thing right now. We need to fall back and come up with a plan!

Me: Right! We can't even get anywhere near that thing and the only ones that are immune to it are Carol, Starfire, Red Star, Blackfire, P'andor, Radioactive Man and Atomic Skull.

Nico: Look up there!

We saw a power plant.

Me: That must be the abandoned power plant that Red Star used as his hideout. Lets go!

We went to the power plant and hid in it and it was nice and warm in it.

Me: Ooh it's warm in here.

We took off our jackets.

Red Star then appeared.

Red Star: (Russian Accent) Good to see you all again friends.

Me: Captain Kovar. Good to see you too. I take it you heard about the Radiation Creature that is back now.

Red Star: Yes. That monster is back for revenge because of Chang.

Me: So we have seen.

Nico: We should be safe from the monster for the moment.

Red Star: You are welcome to use my home as your base of operations for the moment.

Me: Thank you.

Grumblemon: (to Robin) How did you and your team defeat the monster the first time?

Starfire: Red Star absorbed the creature into him and I took him into space where he destroyed it in the endless vacuum.

Me: He made the ultimate sacrifice. But he somehow survived.

Nico: And Professor Chang brought this monstrosity back. How did Red Star get his powers?

Lisa Loud: I was looking up top secret Russian Military projects from The Cold War and found this.

Lisa pulled out a folder with a Top Secret Stamp on the file and it was for a project called Project Lightspeed.

Me: Project Lightspeed.

I looked it over and saw that it was a special project during the final years of the Cold War to create supersoldiers with intense radioactive chemicals like Xenothium. Captain Leonid Constantinovitch Kovar was chosen for this project and as a result of an unexpected side effect it was abandoned when Kovar released a massive amount of intense radiation as a result of intense stress. The Radiation Monster was a result of that accident.

Me: WHOA MAN! This was back 30 years ago.

Nico: So it was a Cold War weapons project gone awry.

Red Star: Yes it's how I got my powers and it's how I accidentally made the Radiation creature.

Me: That's really playing with fire. But it's very similar to the supersoldier projects that made Captain America and Bane.

Captain America: That's right. During World War II, I was chosen for a special Supersoldier project.

Me: Project Rebirth.

Laney: Project Gilgamesh.

Me: And now this one. Project Lightspeed.

I went over the history of the projects that made them what they are.

---

Project Rebirth - Steve Rogers A.K.A. Captain America

**Project Rebirth**, also called **Operation: Rebirth**, **Weapons Plus**, the **Bio-Tech Force Enhancement Program**, the **Erskine Program**, and the **Super Soldier Program**, was a highly-classified United States government project, the goal of which was the creation of Super-Soldiers to be deployed during World War II against the Axis powers. Administered by the United States Army's Infantry Weapons Development Program, their first and only success was a man named Steve Rogers, who would go on to become the special operator and superhero known as Captain America.

Steve Rogers was chosen by Abraham Erskine to become the first American Super Soldier via the Super Soldier Serum. The test was successful, but Heinz Kruger shot Erskine and took the serum. After

Erskine's death, Kruger ultimately committed suicide with a cyanide pill.

The serum was lost, as the vial Kruger had was destroyed in his flight from Rogers; the project was disbanded. Blood samples were taken from Rogers by scientists and Peggy Carter in hopes of recovering the serum; of the twelve samples taken, one was given to Howard Stark.

The Strategic Scientific Reserve created a file box entitled Project Rebirth; inside that box included a picture of Steve Rogers before his transformation as well as a Vita-Ray Detector.

Project Gilgamesh - Bane

**Project Gilgamesh** was a scientific research project held within Peña Duro prison in Cuba. One prisoner was selected for the experiment, that would transform him, by way of the drug Venom, into the super-soldier known as Bane. However, during the procedure, Bane broke free, destroyed the lab, killed the scientists, and escaped the prison. The project was abandoned shortly afterwards.

Project Lightspeed - Captain Leonid Constantinovich Kovar A.K.A. Red Star

**Red Star** is a superhero from Russia and an Honorary Titan.

Red Star was formerly a young recruit in the Russian armed forces. Originally frail and weak, his strength and muscular physique were bestowed to him in a government experiment for creating super-soldiers, but his powers were fueled by intense and dangerous radiation, which would sometimes go berserk under emotional stress. For this reason Red Star had been living in voluntary exile in an abandoned Siberian nuclear power plant, where he used the facilities to funnel his excess radiation into water capsules whenever his frustration and, therefore, the energy would build up too much. A leakage in the containment unit made the radiation melt up the snow outside, which seeped into a pond and eventually created a plasma monster which wreaked havoc on the surrounding settlements, acting out Red Star's latent resentments. Red Star got blamed for the creature's actions, partly because of the destruction he had inadvertently caused when his powers went berserk the first time.

In response to the damage the plasma creature was causing, the Teen Titans began pursuing it. After chasing it into a snowstorm, Starfire succumbed to the temperature extremes but was found by Red Star before she froze to death. Encouraged by Starfire to embrace his power instead of fighting it back, Red Star joined the Titans, fought the creature and destroyed it by pumping it full with an overdose of radioactive energy. However, the energy within his body thus rose to uncontrollable levels, and he asked Starfire to take him into space, where his power was released in a gigantic explosion. Before his departure, however, the Titans made Red Star an honorary member, and his fellow people, who have previously shunned and feared him, now viewed him as a hero.

---

Nico: Whoa!

Lincoln: This is serious. These guys were really playing with fire.

Me: But some of it yielded results both good and bad.

Nico: Yep.

Me: But we have to stop that Radiation Creature.

Dominique: If Chang's around here somewhere, we should make him tell us how to stop the monster without risking Red Star's life!

Me: I agree Dominique. But Red Star from what I was told by Robin now has full control of his powers. When you guys faced this creature before from what I was told Red Star had a lot of difficulty controlling his powers and that was the result of how this creature came into being.

Raven: That's right.

Cyborg: Yeah Red Star had a lot of difficulty controlling his powers.

Me: But you helped him get his powers in full control right Starfire?

Starfire: I sure did and he is eternally grateful for that.

Me: Red Star, we need your help to battle the Radiation Creature like you did before and absorb it so we can help contain it so that we can get rid of it for good.

Nico: That will kill him.

Me: Don't worry Nico I have an idea.

Lisa Loud: And I have just the machine that can help us deal with this radioactive monstrosity.

Red Star: I will gladly help you all my friends.

Me: Awesome. Lets head out and get that creature contained after we find Chang and have our usual battles.

We got our coats on and went to find Chang and we were in the forest and we saw human footprints and in a cabin saw PROFESSOR CHANG!

Steam Smythe: Chang! Come out! We have some questions we'd like to ask you.

Professor Chang did so.

Professor Chang: (Chinese Accent) So if it isn't Team Loud Phoenix Storm.

Me: Professor Chang I presume?

Atomic Skull: Hello Lao. It's been a long time.

Professor Chang: Albert. It has been a while my old friend.

P'andor: I didn't know you knew him Albert.

Me: Albert and Chang worked together in S.T.A.R. Labs. But we're not here to catch up on old times Professor. We came to destroy you and that radiation monster that is terrorizing this part of Russia! After we get information out of you that is.

Nico: That's right!

Shade Man: How do we stop the radiation monster? Either way, you're dead, Chang. So you might as well make your last moments useful!

Me: You were first to be defeated when the Brotherhood of Evil was destroyed. Now we're going to make sure you stay dead!

Brittney: Leave this to me!

Brittney fired a massive blast at Chang's head and it formed a ball of energy from his head into a book and it had all of the information on all his crazy experiments. I got the book and read it.

Me: Whoa! These experiments are all mostly used for dangerous weapons. Particle Disintigrator Cannon, Supersoldiers, dangerous weapons and more.

Nico: No kidding.

Lincoln: Lets get him.

Control Freak: Consider this payback for not giving me any weapons!

Chang: I don't sell weapons to wimps like you!

Control Freak: Nicole lets both summon monsters.

Nicole: You got it buddy!

Nicole summoned the Boss from Phalanx SNES for the Bio-Cave level and Control Freak called forth the Bioships from the 5th level of Phalanx and they blasted Chang all over the place.

Then a Red Laser blast hit the ground in front of him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOMMMM!

The explosion sent him flying and Chang saw the Radiation Creature coming for him and he ran for his life.

Angel, Selma & Patty, Bronze Kneecap, Roquefort, Mammoth and Eccentro appeared.

Me: Angel, Selma & Patty, Bronze Kneecap, Roquefort, Mammoth and Eccentro.

Selma: Yep.

Bronze Kneecap: Don't make me use this!

Me: Why would we do that.

Bronze Kneecap: Sorry force of habit.

Angel: Is Professor Chang running for his life?

Maria: Well, we need a distraction for the usual battles to happen.

Eccentro: Good thinking.

Mammoth: So that's what the Radiation Monster looks like.

Me: Yeah it was an unexpected result of a Cold War project gone wrong. Project Lightspeed is what is was called.

KGBeast then appeared.

KGBeast: (Russian Accent) I've heard of Project Lightspeed. Yes it was shut down after there was a massive explosion that no one can explain.

Nico: Whoa.

Me: That Massive explosion was Red Star here. He couldn't control his powers as part of an unexpected side effect from it.

?: That sucks.

A figure came out and it was BRICK BULLY from episode 27 and 31 of Season 3 of Mighty Morphin, Episodes 2 and 3 of Alien Rangers and episodes 42 and 43 of Zeo!

---

The **Brick Bully** was a brick monster created by Rita Repulsa. He could absorb stone, making himself stronger and turn people into bricks. He serves as the main antagonist of the episode "Another Brick in the Wall".

Brick Bully was created by Rita. Rita wanted to return Katherine to the side of evil and blasted in her from her staff with an evil spell, but she missed and got into the wall, reviving it and turning into the monster Brick Bully. This monster could turn people into the bricks. He encountered the Power Rangers. Rangers morphed, but they lost the fight and Brick Bully turned Tommy, Aisha, Adam and Rocky into the multicolored bricks. Katherine and Billy returned to the Command Center with them. And Alpha discovered that accelerated erosion could cause the bricks worn dawn and free the rangers. Alpha created pollution device to free his friends. Brick Bully also could eat stones. He devoured a large amount of build material and transform into the second more powerful form. Then he attacked Angel Grove again. Billy went to battle the monster. Billy encountered the monster and fought him on the bridge. He defeated the villain by distracting him from eating stone and Brick Bully fell on the ground. Then Rita enlarged him. Billy summoned the Blue Shogunzord and fought him. In the battle, the monster used a spear and nearly defeated Billy, nearly making the Blue Ranger's Zord explode. However, Billy eventually defeated Brick Bully by throwing him on the ground and destroyed him with his staff.

Brick Bully's second form is among the monsters that attend Master Vile's End of the World party.

Brick Bully's second form is among the monsters that attend Master Vile's conference. He was later seen among the monsters that accompany Professor Longnose into fighting the Aquitar Rangers. When Professor Longnose was destroyed, Brick Bully's second form and the other monsters Rangers of Aquitar

Brick Bully's second form was later seen as an audience member in Prince Gasket's Machine Arena.

He was possibly destroyed again by Zordon's Energy Wave.

---

Tommy Oliver: Brick Bully!

Brick Bully: Been a long time rangers.

Me: I remember you! You were created when Rita accidentally turned a brick wall into you when she missed Kat. You turned Tommy, Aisha, Adam and Rocky into Bricks and they found the key to destroy you.

Brick Bully: That's right. Great memory on you.

Me: Yeah never missed an episode.

Brick Bully just turned Chang and the Radiation monster into bricks.

Brick Bully: There. That should keep them still until the usual battles are done.

Me: Lets hope the Radiation Monster doesn't burn its way out of there.

Brick Bully: Don't worry it won't.

?: Good lets hope not.

Another figure came out and it was one that we know all too well. It was Donut Joe from the donut shop in Canterlot that we all know.

Me: (Eating) Mmm! Delicious! How did you get these powers?

He pulled out a card and it was NUMBER 44: SKY PEGASUS!

We gasped in shock!

Eli: Number 44: Sky Pegasus!

Donut Joe: This card and I are going places in baking.

Mindy Simmons: Mmm donuts.

Linka: Shocking and strange.

Laney: (Slurps) But Tantalizing.

Lola: Yeah.

Angel: I have just the planet for us to fight on.

She snapped her fingers and we were on the desert planet home of Andreas in the Andromeda Galaxy: TERRAEXCAVA!

Terraexcava is a typical desert planet and typically suffers from sandstorms.

---

Me: WHOA! Look at this planet. It's an incredibly endless desert.

Nico: Yeah!

Angel: This is Armodrillo's home planet Terraexcava.

Me: WHOA! So this is Terraexcava. This is also the 2nd planet of Ben's aliens that we have been too in the Andromeda Galaxy.

Riley: Wow! This is amazing!

Nico: It sure is.

Ben: It's amazing! It's a huge desert.

Julie Yamamoto: But it will be perfect for the battles.

Donut Joe: (Weakly) What? What happened?

Eli: It's a really ugly story Donut Joe. But we'll tell you while you rest for a bit.

---

We regrouped and we were facing The Radiation Creature and Professor Chang and I grabbed Chang and threw him into the Radiation Creature and he hit the creature and was screaming in excruciating pain and he bursted into flames. We looked away as he was burning from intense radiation. It was like seeing something out of Terminator 2.

(Think of how Sarah was on fire in her nightmare in Terminator 2.)

Then Chang was reduced to ashes and died in an instant.

Me: WHOA! That was intense!

Nico: Now we know what radiation can do to you.

Me: No shit. That was excruciatingly gruesome and intense!

Troy: One villain down. One to go.

Megaforce Rangers: Legendary Ranger Mode: Ranger J Platoon!

The Megaforce Rangers turned into the Battle Field J rangers from 1979.

Me: Time to cool this monster down for good!

Eli: It's butt-kicking time!

Then Ben heard a familar voice.

?: Let Andreas help you all.

We saw a Talpaedon that Ben knows all too well. It was Andreas of the elemental force of Earth of the Aggregor 5!

---

**Andreas** is one of the five aliens from the Andromeda Galaxy who were captured by Aggregor. He was the alien Ben scanned to obtain the alien form Armodrillo.

Andreas first appeared in a flashback in *Escape from Aggregor* . He appeared in *Andreas' Fault*, as he was used by Argit to control the Forever Knights. After the knights overthrew Argit, they attempted to murder Andreas, but they were stopped by Ben and the others. During the battle, a vibrational weapon the knights used for executions was damaged and became a seismic bomb capable of wiping out everything within a five-mile radius. Andreas countered the vibrations released from the device as the Forever Knights' castle collapsed around him. Ben, Gwen and Kevin believed that he had perished, but at the end of the episode, Aggregor found him alive beneath the wreckage and teleported him back onto his ship and put him in a stasis pod along with Bivalvan, P'andor and Galapagus.

Andreas' "death" from the earlier episode was proven false to the team in *Ultimate Aggregor* . Andreas and the others were forced to fight Ben and his team by Aggregor, and he presumably died when Aggregor absorbed the five Andromeda galaxy aliens.

As of the end of *Absolute Power: Part 2*, Andreas, along with the other Andromeda Galaxy aliens, are revived after Kevin was turned back to normal.

---

Ben: Andreas!

Andreas: Andreas happy to see you Ben and its honor to meet you all Team Loud Phoenix Storm.

Me: You too Andreas. Ben told us so much about you and your friends.

Ra'ad: It's good to see you again Andreas.

P'andor: Same here comrade.

Me: Wow. We have 3 members of the Aggregor 5 on both our sides. Wait a second. Now I see what each of the Aggregor 5 represent. They represent the 5 Elemental Forces of Nature: Bivalvan for Water, Galapagus for Wind, P'andor for Fire, Andreas for Earth and Ra'ad for Lightning.

Ra'ad: That's correct. That's a good eye J.D. Yes you are correct.

P'andor: Impressive.

Andreas: Andreas agree.

Me: We can talk more later. Lets kick some butt!

We went at the Radiation Creature and fired energy blasts and atomic energy blasts and more.

Viqtarr, Iflar, Topar, and Fivarth fired elemental and energy blasts and more and the blasts hit the creature all over the place.

Atomic Skull: Have some of this, motherfucker!

He fired an atomic energy blast and it hit the creature and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Carol: Take this!

Carol fired a blast of Burning Godzilla's Spiral Ray and it hit the creature and exploded and turned the area into a raging inferno!

KRABBBBBBBBOOOOOOOOOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOOOOMMMM!

KRABBBBBBBOOOOOOOOOOOOOOOOMMM!

Andreas smashed the Radiation Monster with his fists and pulverized it all over.

Nightbird: Time for us to bring down the heat on this monster!

Marie Kanker: YEAH!

Nightbird and Marie Kanker Loud used the Earth Cyber Planet Keys and they enhanced Nightbird's weapons and Marie's powers 100-fold.

Atomic Skull: This is for all the pain Chang has caused to the world with his insanity.

Red Star, Atomic Skull, P'andor, Carol, Radioactive Man, Starfire, Blackfire and Lisa Loud: ATOMIC LASER MEGABLAST!

They fired a massive blast of atomic energy and the blasts all hit the Radiation Monster and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Carol: I'm not gonna let this monster hurt anyone ever again!

She went and jumped onto the monsters back and she punched it and then she was absorbing it.

Me: CAROL!

Lori: WHAT THE FUCK IS SHE LITERALLY DOING!?

Then a massive glowing atomic blue explosion went off and a massive vortex of atomic energy and light formed and shot high into the sky! In the stars of the Andromeda Galaxy it formed into a Dragon with the Valknut symbol in its wings. The level of atomic energy and power it had was mindboggling! It came back in and Carol had an incredible energy dome form around her. When the dome faded, Carol was forever changed. She had her blond hair in a ponytail with a Valknut hair baret to tie it together. She had glowing blue sclera in her eyes and her pupils were purple. She had earrings in the shapes of the Valknut with atoms in the middle. She had a beautiful glowing blue shirt and her trench coat was glowing purple and she had a skirt that was glowing purple and she had purple boots. She also had the kanji for Carol Elizabeth Pusateri - Cherenkov Princess of Radiation and the Atomic Valknut on the back.

キャロルエリザベスプサテリ-チェレンコフ放射能の王女とアトミックバルクナット

Carol now had purple Dragon Wings with the Valknut on them. She was now a SUPER ANGEL 25,000,000 ATOMIC CHERENKOV VALKNUT!

Me: WHOA! Carol transformed!

Vince: WHOA! Carol you look amazing!

Carla: Mommy how do you feel?

Evelyn: Yeah are you all right?

Carol: (Divine Echoing Glowing Voice) **I feel amazing girls. This power is absolutely amazing.**

Vince: Carol you look absolutely incredible.

Maria: Wow sis you look amazing and irradiatingly beautiful.

Carol: **Thanks guys.**

Lori: Carol you look literally amazing. Is it safe to get near you?

Carol: **Yes it is.**

Nico had his Geiger Counter and there was no Radiation.

Nico: She's right. It's clear.

We got near her.

Me: Wow. Carol you look incredible.

Maria: You sure do sis. But what happened to the Radiation Creature?

Carol: **I absorbed him into me.**

Eli: Wow! Big sis that was so cool!

Nunnally: It sure was.

Me: I didn't know you could do that Carol. That is so awesome.

Lisa came out with a Radiation Siphoning Machine.

Carol: **But lets get rid of it.**

Lisa: Just place one hand on this port and it will fill up this container.

Carol: **Okay.**

She did so and a container filled up with red liquid. It was pure liquid Xenothium.

Me: Now to take this monster and throw him into a black hole.

P'andor: Wait. We could use this radioactive material for Red X's suit.

Me: That works too. Robin told me that Red X's suit needs Xenothium for its power.

Nico: Yep.

Bronze Kneecap: Well, I guess that's the end of the radiation monster.

Red Star: Don't forget about Professor Chang.

Selma: Good riddance to both of them.

Roquefort: Now, why don't we have some hot chocolate? And some of my cheese ninjas?

We laughed and we went back home. We were back on Earth and Andreas was now part of the team.

Red Star: (To the viewers) Just remember my friends, never mess with radioactive materials or there will be big trouble.

Me: That's right.

# The Cannibal Fast Food Restaurant

KROW!

Massive sounds of fighting were being heard as we were fighting those jerk unicorns that Rigby met and know. They were a bunch of Thugish Unicorns that caused a lot of problems for Mordecai, Rigby and Benson and we were kicking the living shit out of them. The Unicorns were back for revenge on Mordecai and Rigby and they were not gonna stop till they got it.

---

The **Unicorns** are minor antagonists who appeared in the animated TV series *Regular Show* . The Unicorns constantly call themselves "Bros", and they say "Bros" a lot.

The Unicorns first appear in the episode "The Unicorns Have Got to Go", when they get attracted by a body spray used by Mordecai. Rigby thinks them as being cool and decides to hang out with them. They take advantage of Mordecai and lead him to abandon Rigby. They soon mess up the place, tie up Benson and eat his gumballs, as well as betraying Rigby and farting in his face. Mordecai and Rigby soon challenge the Unicorns to a race as an attempt to get rid of them. Benson presses a button on a remote that makes the Unicorns and their racing cart explode, as this was the only way to get rid of them.

The Unicorns appear again in "House Rules". After Mordecai and Rigby are sent to a place without rules, the Unicorns try to kill Mordecai and Rigby as revenge for getting rid of them and because they tried to tell them rules. Mordecai reads Benson's rule book and reads a rule saying "No Unicorns", once again killing the Unicorns.

---

SMASH!

Rarity punched a Unicorn in his face and knocked out most of his teeth and Twilight Sparkle blasted a unicorn with magic and we were viciously punching and kicking them all over the place.

Rarity: You give all unicorns everywhere a really bad name!

BLAM!

Rarity punched a Unicorn in the head and kicked him in the crotch. We really let them all have it and sent them to the Null Void.

Nico: Good riddance to those unicorns.

Me: Yep. They were monsters.

Rarity: Thank you all so much for saving the good reputation of unicorns guys.

Me: You're welcome Rarity.

We went back home.

---

We were watching TV and reading books and playing cards.

Nico: Hey J.D. can I ask you a question?

Me: Sure Nico what's up?

Nico: What gave you the idea to find and recruit the most legendary ponies in all of Equestria?

Me: That is an interesting story and it's what also lead to me and Eli saving Stygian here from the Pony of Shadows.

Stygian: (British Medieval Accent) And I will always be forever in your debt for that.

Me: You're welcome. It all began at an antique shop in Ponyville.

---

I was looking at all sorts of amazing Antiques and they were loaded with history. Starlight Glimmer and Sunburst were both with me.

Me: Wow look at all this amazing stuff. Some of it belongs in a museum.

Starlight Glimmer: It sure does.

Sunburst: I love looking at antiques. They are really fascinating.

Me: They sure are. (Sees something) Hmm.

I pulled out a book and it had a swirl with stars on the cover and it was really an old journal. I read it and made a shocking discovery! It was the old journal of the legendary Sorcerer Pony from 1,000 years ago and one of the legendary Pillars of Harmony, STAR SWIRL THE BEARDED!

Me: (Gasp) I don't believe it!

Sunburst: What is it?

Me: Sunburst, Starlight, this is the journal of the Legendary Star Swirl the Bearded!

Sunburst and Starlight gasped in shock.

Me: We got to tell this to Twilight Sparkle and show it to the Princesses. They have to know all about this. I'll gather all the team together.

Starlight Glimmer: Good idea.

I gathered everyone together and at the castle in Canterlot, Sunburst revealed what we found.

**Star Swirl the Bearded** : [narrating] The best elements within us can spread light and virtue, and I know ponies who represent them all - strength, bravery, healing, beauty, hope, and sorcery. Myself and these Pillars of Equestria were gathered together by another to maintain and share the light of these powerful ideals. But we soon came to believe the pony who brought us together only wanted that power for himself. Cast out and alone, this power-mad pony turned to darkness to satisfy his thirst. Transformed into a Pony of Shadows, he returned for revenge - to extinguish the Pillars' light and rob the world of hope. To stop him, the Pillars and I must make a grave sacrifice. But we shall leave behind a seed in hopes that one day it will grow into a force to stand against the darkness for all time. We must now face the fiend with the only plan we have…

**Sunburst** : [reading] "… I only hope it will be enough." That's the last entry. And maybe Star Swirl's final words before he vanished.

Me: Whoa! And that seed is what turned into Twilight's awesome castle.

Nico: Yeah it sure is.

Laney: That's incredible.

**Princess Celestia** : I've always wondered what happened to Star Swirl. This is quite a discovery, Sunburst.

Sunburst: You can thank J.D. for finding Star Swirl's journal.

Me: Well it was a find worth remembering.

**Twilight Sparkle** : So it's genuine? You can verify that this journal really belonged to Star Swirl the Bearded?!

**Princess Luna** : Indeed. From the looks of it, the last thing he wrote before facing the Pony of Shadows.

Lana: What is this Pony of Shadows?

Me: It was a legendary creature of ultimate evil. He is really a unicorn scholar named Stygian and he was a close friend of the Pillars of Harmony.

I pulled up the info on it.

---

**Stygian**, better known as the **Pony of Shadows**, is a major antagonist in *My Little Pony: Friendship is Magic*, appearing as the main antagonist in the Season 7 finale, " *Shadow Play* ".

He is a unicorn scholar and the founder of the Pillars of Equestria, who was also their friend as he brought them together to save his home and Equestria. After a terrible misunderstanding led him to be outcasted by the pillars, he was then transformed into a monstrous pony made entirely of shadows who desired to cover the entirety of Equestria in darkness before he was reverted back to his original form by the pillars as well as the Mane Six.

He was voiced by Bill Newton, who also played Bright Macintosh and Pharynx in the series.

The Pony of Shadows was originally a male unicorn named Stygian, who lived in Equestria 1,000 years prior to the events of the series. One day, Stygian's village was attacked by the Sirens, who used their magic to turn everypony against each other in order to feed off their negativity to become even more powerful. In order to save his home, Stygian traveled across old Equestria in search of the country's greatest heroes, which included Rockhoof, Flash Magnus, Mistmane, Somnambula, Mage Meadowbrook and Star Swirl the Bearded. Together, they formed the Pillars of Equestria and fought the Sirens, banishing them into a different dimension and saving Stygian's home.

After vanquishing the Sirens, the Pillars continued to defend Equestria from future threats. However, while the others were hailed and respected by all, Stygian wasn't recognized in the slightest for his own contributions because he always watched from sidelines while his friends did all the work. Desperate to be noticed and wanting to prove himself a hero as well, Stygian secretly borrowed a treasured belonging from each of the other Pillars and brought them all to Ponehenge in order to perform a spell that will create copies of the artifacts so that he can fight alongside them. However, the others discovered this and believed he was trying to take their power for himself. After taking back their artifacts and stopping Stygian's spell, they then banished Stygian from the team. At the time, Stygian believed that the Pillars were being selfish and didn't want to share their power with him, causing him to despise his former friends.

Shortly afterwards, a heartbroken and embittered Stygian somehow discovered the Well of Shade in the Hollow Shades, where he encountered a mysterious and shadowy entity known as "The Darkness", who promised Stygian the power to take his revenge on those who supposedly betrayed him in return for helping the entity plunge the world into eternal darkness. Enticed by this promise, Stygian agreed to this deal, and the two merged into a single shadowy being; the Pony of Shadows.

The Pony of Shadows then attacked the Pillars of Equestria and began spreading darkness and chaos across the lands, desiring every pony to feel the pain he had. Realizing that they couldn't defeat him, the Pillars then decided to perform a ritual to banish him to the space between dimensions known as Limbo. However, the ritual would require them to banish themselves along with their former friend to accomplish this. Willing to sacrifice themselves to save Equestria, all the Pillars agreed to this plan. But before they did, they each poured their essence into a seed and planted them in a cave underneath the Castle of the Two Sisters, which would eventually grow into the Tree of Harmony that would help future heroes in defending Equestria.

The Pillars gathered around Ponehenge, where they first banished Stygian. There, Starswirl casted a spell to bring the Pony of Shadows to them. Immediately, the Pony of Shadows attacked them and prepared to plunge the world into complete darkness, but the Pillars then performed the ritual and willingly banished themselves and the Pony of Shadows to Limbo, where they all remained for the next millennium.

---

We gasped in sheer shock!

Apple Bloom: That's terrible!

**Rainbow Dash** : Uh… So, the Pony of Shadows was really real?

**Princess Celestia** : It appears so.

**Princess Luna** : We never met the other Pillars, and we were too young to understand the danger they faced.

**Applejack** : Hold on a second now. All those legendary ponies were real, too? *And* they went off with Star Swirl to face the Pony of Shadows, and then none of them were ever heard from again?

Sunburst nodded.

**Pinkie Pie** : Uh, yeah. Weren't you listening?

**Fluttershy** : But what happened to them all?

Me: That's what I would like to know.

Nico: I think all of us would like to know about that.

**Rarity** : They must have defeated the villain, since Equestria is still full of light and hope.

Me: That's what I think too.

Nico: Yeah.

**Starlight Glimmer** : But how? And where did they go?

**Princess Celestia** : My Olde Ponish is a bit rusty, but I wonder if the answers can be found somewhere within the pages of this book.

Me: It's a longshot but we'll gladly help translate it. I'll call in my friend Shiho of the Hidden Leaf Cryptoanalysis Team to help us out with this one.

Nico: Cool.

**Twilight Sparkle** : Well, I just happen to be an expert in Olde Ponish. I mean, I've practically memorized every ancient text about Star Swirl there is!

Me: Wow!

**Spike** : Seriously. All of them.

**Princess Luna** : We have fond memories of our old teacher. If you could discover what happened to him, we would be most grateful.

Me: We didn't know that Star Swirl was your old teacher. But we'll do everything we can to help.

**Sunburst** : Solving a thousands-year-old mystery could take forever! Think of the research! The re-reading! The re-re-reading!

**Princess Celestia** : You might find you need help.

**Applejack** : Luckily, she's got a whole bushel o' helpers right here.

Me: And all of us with some of the best minds in the universe not to brag.

Lisa Loud: Indeed we do.

May: This is gonna be a mystery like no other.

Lincoln: Yep.

**Rainbow Dash** : Totally! Uh… how long will all this research take, exactly?

Me: No idea. But with all of us together we can get it done faster if we all work together.

Sunset Shimmer: That's right. We'll gladly help out.

**Twilight Sparkle** : Let's get this back to my library. I'm sure we'll figure out what happened in no time.

Me: Right.

**Rest of Mane Six** : [excited chatter]

Back in the Library at Twilight's Castle we were working tirelessly around the clock to figure it all out.

[candlelight fizzles]

**Spike** : [yawns] Figure it out yet, Twilight?

Me: So far nothing but we're not gonna give up.

**Sunburst** : [snoring]

[thud]

Spike threw the candle that burned out away.

Me: We're gonna run out of candles if we keep this up.

Luan: I know. Talk about burning the Candle at both ends! (Laughs) Get it?

I laughed at Luan's joke.

Me: (Laughs) That's a good one Luan.

Eddy: (Laughs) Good one.

[paper rustling]

Sunburst woke.

**Sunburst** : [yelps] What did you figure out?

**Pinkie Pie** : [gasps] You figured something out? [slurps]

**Fluttershy** : What is it?

**Twilight Sparkle** : [sighs] Nothing. I mean, Star Swirl was a genius, obviously. But forget Olde Ponish. There's parts where his hornwriting is like another language! [groans]

Shiho: I agree Twilight. This writing is most amazing but it's like something from another world.

Starfire: It does feel that way.

Blackfire: It sure does.

Me: But we have to keep looking and reading.

**Applejack** : Twilight, we've been studyin' and referencin' and cross-referencin' for three days straight now.

Me: We sure have been going at it for a while.

**Rainbow Dash** : Ugh. I haven't spent this much time reading since the last *Daring Do* book came out.

**Rarity** : Perhaps it is time to take a break. This mystery is over a thousand years old, after all. Another day or two won't make a difference.

**Twilight Sparkle** : Two days?! I don't want to waste two seconds!

Me: I know how you feel Twilight. I'm just as excited to meet the greatest legendary ponies in all of Equestria too.

Twilight Sparkle: I know. Me too. I'm close to an answer. I can feel it.

**Starlight Glimmer** : [reading] " *Hearg sylfum se Ponhenge* ". What's that?

Me: Sounds like ancient Icelandic in Equestria.

**Twilight Sparkle** : The Temple of Ponhenge?! You can read that?!

**Starlight Glimmer** : The hornwriting's pretty sloppy, but it's nowhere near as bad as mine.

Me: Ponhenge? That sounds like Equestria's version of Stonehenge.

Nico: Yeah it sure feels like it.

Shiho: Very interesting.

Varie: What do you think it means?

Starlight Glimmer: [reading] " *Toward dol grimlic of Fola Firgenbeorg* "?

**Sunburst** : "At the base of Foal Mountain"…

Me: Foal Mountain? That's on the North Central side of the continent.

**Starlight Glimmer** : [reading] " *User endemest scield* ".

**Twilight Sparkle** : [gasps] "Our last stand".

Me: That must be the sight where they were last seen before they vanished eons ago.

**Spike** : [yawns] Well, that sure sounds like a clue to me. [blows]

Sunburst got a big book and we saw a picture of Ponhenge and it was an ancient rock monument site. We went there and we saw that it was really ancient.

**Twilight Sparkle** : This is it. Ponhenge. I can't believe it.

Me: This is really ancient.

Nico: I've never seen something like this before.

Sunburst cleared some plants on a rock and saw a bunch of runes looked like those of the ancient Vikings on Earth.

**Sunburst** : I've never seen magical runes like these before! Have you?

**Twilight Sparkle** : Uh-uh.

Me: They look like runes from the era of Vikings back over 1,000 years ago on Earth.

**Rainbow Dash** : I don't think anypony's seen *any* of this for a *long* time.

Varie: Well its been eons since anyone saw all this.

Vince: Yeah and we're the first ever humans ever to be here.

Nico: We sure are.

Rainbow Dash pulled on a vine.

Rainbow Dash: [straining] Whoa!

She landed in a bush.

**Applejack** : It'd take a whole team of ponies to clear away all this brush.

Me: No kidding.

Sakura Avalon: My dad would love coming here. He is an archaeology professor.

Me: I remember that.

[rock clatters]

**Fluttershy** : Even then, I'm not sure we'd find out what happened here over a thousand years ago.

**Twilight Sparkle** : [sighs] You're right. I suppose it was a long shot.

**Spike** : Cheer up, Twilight. Finding a whole set of ancient ruins is pretty impressive. Maybe you could write a paper on it.

Me: Yeah we found ancient ruins that were supposedly lost to you for over 1,000 years.

**Twilight Sparkle** : That's true. I guess I hoped we'd get here and the mystery would just magically be explained.

She put the book down on a rock and the book started reacting.

[magic shimmering]

**Spike** : Uh… Twilight?

Me: WHOA! Look at that!

**Twilight Sparkle** : [gasps]

[magic humming]

We saw a Hologram done by magic of Star Swirl the Bearded!

Me: Star Swirl the Bearded!

**Twilight Sparkle** : Star Swirl!? I… I've wanted to meet you my whole life! I can't believe you're here!

Me: Wait he's not really here. I think this is a recording of what happened here eons ago.

[low humming]

Sunburst stuck his hoof through the image and saw that I was right.

**Sunburst** : Yeah I agree. I don't think he is here. I don't think any of them are.

[static fizzling]

We saw the legendary Pillars of Harmony at all six points of Ponhenge: Flash Magnus, Mistmane, Somnambula, Mage Meadowbrook and Rockhoof!

Me: Whoa! The Great Pillars of Harmony!

Star Swirl fired a light blast at the center of the monument.

[magic zap]

[boom!] [boom!]

A mass of darkness formed and it was THE PONY OF SHADOWS!

**Pony of Shadows** : [laughing evilly] (British Medieval Accent) You summon me at your peril, Star Swirl!

Me: THE PONY OF SHADOWS!

Eli: It's power is fierce!

Pony of Shadows: Once I defeat all of you, this realm will embrace the darkness as I did so long ago!

[roars]

[vines snapping]

He sent dark vines that ensnared all the pillars.

**Pony of Shadows** : [laughing evilly] Drawing me here will only make me stronger. You will never defeat me!

**Star Swirl the Bearded** : We did not come here to defeat you.

[magic shimmering]

Star Swirl used his magic in his journal, Flash Magnus's shield, Mistmane's flower, Somnambula's blindfold, Mage Meadowbrook's mask and Rockhoof's shovel and did a powerful spell.

**Pony of Shadows** : What are you doing?!

**Star Swirl the Bearded** : We came… to *contain* you.

They floated into the air.

**Pony of Shadows** : [screams]

In a massive flash of light they vanished into thin air!

The artifacts fell to the ground.

[thud, poof] [magic shimmers]

The spell was done.

Me: Whoa!

Nico: Wow! That was intense!

**Pinkie Pie** : [to Twilight] Well, you did ask for a magical explanation.

**Rainbow Dash** : Uh… what just happened?

**Starlight Glimmer** : It looked like Star Swirl cast a spell that banished the Pony of Shadows.

**Sunburst** : Of course! Powerful magic like that would leave an impression on this place. Bringing the book back here let us see what happened.

Me: Yeah! It was a recording of what happened here all those years ago.

**Applejack** : Which was what?

Nico: Yeah what do you think it meant?

**Twilight Sparkle** : Star Swirl and the rest of the Pillars sacrificed themselves to save Equestria.

Me: They are true heroes.

Nico: Brave ponies.

Vince: Heroes of legend.

Eli: And great saviors of Equestria.

**Starlight Glimmer** : It's amazing to think one of the greatest mysteries of Equestria was solved with a musty old book from an antique shop.

Me: A musty book that I found by the way.

We went back to the castle and I was walking with Sunburst and Starlight.

**Sunburst** : But I wouldn't say the mystery's solved. Star Swirl's spell was one of the most powerful feats of magic in all of history. It'll take years of study before we fully understand it.

Me: But with Twilight's expertise she can get it figured out. After all she did complete one of Star Swirl's spells and that is what helped her earn the title of Princess of Friendship.

Starlight Glimmer: That's true.

We opened the door and we saw Twilight.

**Twilight Sparkle** : I think I understand Star Swirl's spell!

Me: Really?

We were gathered at the table map.

**Twilight Sparkle** : I know I've finished one of Star Swirl's spells before, but this one was on a whole different level! Was it an explosion of magical feedback? An evocation? A kind of incantation? It's Star Swirl, so the possibilities are endless!

Me: Star Swirl was a great master of magic and he had a lot of talent.

Twilight Sparkle: That's true. And once Starlight set me on the right track with his crazy hornwriting - [laughs, snorts] I mean, he was a genius, so I guess we can forgive a little messiness - I went through the journal again, and it's amazing!

**Rarity** : Twilight, darling. We understand you're excited, but that's all we understand.

**Rainbow Dash** : What exactly is so amazing?

Nico: Yeah what did you find out?

**Twilight Sparkle** : Only how Star Swirl and the other Pillars sent the Pony of Shadows to limbo!

**Applejack** : They did what now?

**Twilight Sparkle** : They used their magic to open a portal between worlds - to limbo - and pulled the Pony of Shadows inside. [poof!]

The Diorama vanished in a puff of smoke.

**Rarity** : Darling, your diorama!

**Twilight Sparkle** : I made more!

She had many more made just in case.

[clatter]

Me: Good thinking.

**Twilight Sparkle** : Star Swirl thought the only way to trap the Pony of Shadows in limbo was for the Pillars to take him there.

**Applejack** : So they got stuck, too!

Me: They trapped the Pony of Shadows in another dimension and trapped themselves with it as well.

Nico: Wow.

**Fluttershy** : The Pony of Shadows must have been really awful for them to do that.

**Pinkie Pie** : I suppose being trapped for all time with a super-duper bad guy in limbo might be okay if you were *doing* the limbo, but that's still pushing it.

**Twilight Sparkle** : The thing is, I think I can get them out.

Eli: And J.D. can save the Pony that was corrupted by the Pony of Shadows.

Nico: How can you tell that Eli?

Eli: I was told by the Force that the Pony of Shadows is really Stygian.

Me: Yes we know all about that part Eli.

Eli: I know. But the Force told me that he was corrupted by the Pony of Shadows and its darkness when the Pillars of Harmony falsely accused him of taking their artifacts for himself. He didn't want them for power or his own selfish reasons as they once thought. He wanted to become like them and join his friends in battle.

Nico: That's a big admiration towards them.

Me: But if you think I can do it bro then I will do it. And we can help get the Pillars of Harmony out of Limbo too.

Sunset Shimmer: That's a big goal.

Twilight Sparkle: It sure is.

**Sunburst** : Twilight, are you serious? You can save the most legendary ponies of all time?

Laney: That is gonna take a lot of power.

**Starlight Glimmer** : I-I don't know. Opening portals between worlds didn't work out well for me. Are you sure it's safe?

**Twilight Sparkle** : First of all, you opened portals through time. And second of all, Star Swirl wrote the spell you used to do it. If he'd been here, he could have stopped it. Equestria would be safer with him in it. We have to save him.

Me: I agree. And we can learn so much from all the legendary Pillars of Harmony. Just like Princess Celestia and Luna did under Star Swirl's tutelage eons ago.

**Applejack** : But you'd be savin' *all* the Pillars, right? A-And they disappeared ages ago.

**Twilight Sparkle** : That's the thing about limbo. It isn't one place or another. It's in between, so time stands still. If we can pull them out, it'll be like they never left.

Me: So when they trapped themselves with the Pony of Shadows in Limbo, they placed themselves in some kind of Suspended Animation where all time just stops. And Limbo is totally beyond the reach of all time and space and time just stops for them.

Nico: Sounds complicated.

Laney: Yeah.

Lisa: That is very interesting.

Twilight Sparkle: I actually built another model to demonstrate-

**Rainbow Dash** : [groans] [thud]

**Spike** : What can we do to help?

Me: We'll gladly help you out in any way we can Twilight.

**Twilight Sparkle** : Thanks guys. If I'm right, we need to find items that are connected to the Pillars in some way.

**Rainbow Dash** : You mean, like, stuff that belonged to them?

Me: Ancient Artifacts that they used a long time ago during their journeys.

**Fluttershy** : How would we know what to look for? Or where?

**Twilight Sparkle** : Luckily, Star Swirl took a lot of notes. [reading] "My compatriots are as varied as the realm itself and hail from every corner of our land, bringing with them artifacts and talismans of great power."

[magic shimmering]

**Starlight Glimmer** : Um, Twilight? What are you doing?

We looked up and we saw five balls of light that showed the 5 remaining Artifacts of the Pillars of Harmony.

**Twilight Sparkle** : I'm not doing anything!

Me: Looks like it's showing us where the Artifacts of each of the remaining 5 Pillars are Located.

**Applejack** : Rockhoof's shovel!

Nico: It's located at the dig site of his old village.

**Rainbow Dash** : Flash Magnus' shield!

Lynn: It's in the Dragon Lands.

**Rarity** : Mistmane's flower!

Lori: It's at her village of the Old Imperial Empire.

**Fluttershy** : Mage Meadowbrook's mask!

Laney: It's in Hayseed Swamp.

**Pinkie Pie** : And the blindfold Somnambula wore when she faced that nasty sphinx!

Luan: It's in a pyramid near Saddle Arabia.

**Twilight Sparkle** : I guess we don't need to figure out who should get what.

Me: We already have Star Swirl's journal. Looks like we're gonna have to split up and get each artifact in teams of two.

Nico: Me and Applejack will go get Rockhoof's Shovel.

Lori: Me and Rarity will literally get Mistmane's Flower.

Lynn: Me, Spike and Rainbow Dash will get Flash Magnus's Shield.

Luan: Me and Pinkie Pie will get Somnambula's Blindfold.

Laney: And me and Fluttershy will get Mage Meadowbrook's Mask.

Me: Okay. Fan out.

First was Rockhoof's shovel.

It was at the site of his old village and the volcano it was by was extinct.

Petunia dug up a piece of armor.

**Petunia Paleo** : Professor! It's a Mighty Helm headpiece! Maybe it belonged to Rockhoof himself!

**Professor Fossil** : Legends don't wear helmets. This belonged to a *real* pony.

**Applejack** : Oh, I can guarantee Rockhoof was as real as you and me.

Nico: And me too. Nico Chan, 2nd in command of Team Loud Phoenix Storm.

Professor Fossil: It's an honor to meet you. And Applejack it's great to see you again.

Applejack: Same here.

Nico: Hey Petunia. Apple Bloom, Sweetie Belle and Scootaloo did a great job getting you your Cutie Mark.

Petunia Paleo: I know and I'm so happy!

**Professor Fossil** : [chuckling] And I suppose that ravine was dug with his trusty shovel to save the village from an erupting volcano.

**Applejack** : Probably.

**Professor Fossil** : I love old legends as much as anypony. But a pony strong enough to save a village from rushing lava with a shovel is… preposterous.

A rock shattered and a big rock came rolling at them.

[rumbling]

[ponies yelping]

Nico: Uh oh!

Nico and Applejack were pushing a huge rock.

**Applejack** : [straining, grunts]

They threw the rock far.

[loud thud]

[birds chirping]

Nico: Hmm. Nice one.

**Professor Fossil** : I can't believe you just did that. Y-You saved us!

Nico: Ah it was all part of the job.

**Applejack** : I bet if you told somepony else the story, it might sound… [gasps] "preposterous".

Nico laughed.

Nico: (Sees something) Wait look what it unearthed.

They saw a hidden tomb and they went in. Inside it was the story of Rockhoof.

**Professor Fossil** : I suppose some stories might be true…

Nico: There it is. Rockhoof's shovel.

Applejack picked it up.

[magic humming]

It glowed.

**Professor Fossil** : And Rockhoof's appears to be one of them.

Nico: Yep.

Next in Mistmane's garden at the village of the Old Imperial Empire, Lori and Rarity opened a gate and went in.

[gate creaking]

Lori: Whoa. Looks like no one has been taking care of this garden for a while.

Rarity: Indeed.

They then saw Mistmane's Flower.

Lori: There it is. Mistmane's Flower.

They went up to it and just as they were about to take it…

[smack!]

**Rarity** : Ow!

They were hit on their hand and hoof with a trowl.

**"Lotus Petal"** : You keep those hooves to yourself, dearies! This place has been in my family for generations, and I'm not about to let some whippersnapper take the last good piece of it! Time was, ponies came from far and wide to see these gardens. But that flower's the only worthwhile thing left!

Lori: This flower is very important. It literally belonged to Mistmane. But we can help spruce this garden up.

They got to work on the garden.

[hedge trimmers snipping]

[broom sweeping]

[hedge trimmers snipping]

The Garden was brand new again. In fact it looked 10 times better than ever.

**Rarity** : Perhaps it just seemed like your gardens were worthless. But a little pruning can work wonders. Of course you will have to look after more than just one flower now.

Lori: This garden is literally worthy of Eden now.

**"Lotus Petal"** : You've given me back my family's legacy. The flower you wanted seems like a fair trade for that. [magic humming]

Lori: Thank you.

In the Dragon Lands, Lynn, Rainbow Dash and Spike were searching for Flash Magnus's Shield.

**Rainbow Dash** : I can't believe Flash Magnus' shield ended up in the Dragon Lands.

**Spike** : Good thing you brought the official Equestrian friendship ambassador to the dragons to help you navigate our customs. Like our favorite sport - gorge surfing!

**Maar** : Wahoo! [whooping]

The dragons were surfing on rivers of lava.

Maar: Ollie!

[dragons cheering]

**Rainbow Dash** : Okay. That was awesome.

Lynn: So awesome!

**"Billy"** : Dragon Lord Ember commanded us to make peace with ponies, but it doesn't mean you can surf in our spot.

[dragons growling]

**Spike** : Whoa, fellas. As the official Equestrian friendship ambassador to the dragons, I have to say that's not very friendly.

**Garble** : Well, what do you know? The puny pony-dragon's sticking up for his pony pal.

They saw that Garble had Flash Magnus's Shield!

**Rainbow Dash** : Hey! That's an ancient pony artifact!

Lynn: Yeah it belonged to the legendary Flash Magnus!

**Garble** : Hooves off my gorge board! I found it in the desert, and finders keepers.

**Rainbow Dash** : It isn't yours.

**Garble** : Huh. It sure looks like mine. But I might consider racing you for it.

Lynn: Bring it on!

**Rainbow Dash** : No problem.

**Garble** : Um… No. I mean [to Spike] *you* .

**Spike** : [nervous chuckling]

[dragons cheering]

**Dragon** : Awesome!

**Garble** : [blows raspberry]

**Spike** : [gulps]

**"Billy"** : On your marks… Get set… Surf!

The race was on!

[lava splashing]

**Spike** : Whoa! Whoa! Whoooooaaaaa! Aaah!

Spike went flying and he rolled.

[grunting]

He crossed the finish line.

Spike: [panting] I won? I won! Woo-hoo! Give up the shield, Garble!

Lynn: YEAH!

**Garble** : [grunts] Lord Ember only commanded us to be nice to ponies. She never said anything about pony-loving dragons.

**Spike** : Uh, s-since Dragon Lord Ember commanded you to make peace with ponies, you can't very well attack one of their friends, can you?

**Garble** : I guess we'll find out! [grunts] Aaah!

Rainbow Dash swooped in and grabbed the rock he threw and threw it back and it landed on Garble's tail!

[thunk]

**Garble** : Ugh. Why is he always hiding behind ponies?

**Spike** : I wasn't hiding when I beat you down the ridge.

**Garble** : You fell.

**Rainbow Dash** : Wow. You must be slow if all Spike had to do to win was fall down.

Lynn: And you must be a sore loser if you can't take winning like a man.

**Garble** : I'm faster than *you* .

**Rainbow Dash** : Doubt it.

Lynn: No one can beat R.D.!

**Garble** : Fine! I'll race you back to the top. If you win, you can have your pony junk. But if *I* win, you'll leave and I get to give it to him!

**Rainbow Dash** : Fine. I'm pretty sure I could beat you anyway. But with that heavy hunk of metal on your back, it'll be a snap.

Lynn: Yeah! Wimp!

**Garble** : Huh? Oh, yeah. Thanks for the tip. [shield clatters]

He flew off.

**Garble** : See ya at the top, loser! Hey! That's mine!

They were flying off with the shield.

**Spike** : Finders keepers, remember?

Lynn: So long suckers!

**"Billy"** : See, because that's what you said to them when they first showed up-

Garble punched him.

[thud]

In Hayseed Swamp, Fluttershy and Laney were helping some animals.

[flash bees buzzing]

**Fluttershy** : Just remember not to turn away from them, Cattail. Flash bees can get pretty aggressive. I guess that's why none of the other bayou animals can get to the water.

Snakes, frogs and alligators were hiding in fear.

[animals whimpering]

Laney: Poor little guys.

**Cattail** : Wouldn't it make more sense for *you* to wear the mask that calms the bees?

Laney: I was just gonna suggest that.

**Fluttershy** : It would… if I didn't have to fly up here to move their hive.

She flew up and moved their hive to another part of the tree.

Fluttershy: There! [flash bees buzzing]

Laney: That's better.

**Fluttershy** : Now the other bayou creatures can get to the water without the bees feeling threatened. [splashing]

**Cattail** : You know, you didn't have to help with this. I would've lent you the mask anyway.

**Fluttershy** : I know. [giggles] But I couldn't leave without helping. [magic humming]

Later at the pyramid of Somnambula, Luan and Pinkie Pie were looking for Somnambula's blindfold.

**"Fahal Alkhayl"** : I don't think anypony can find anything in there.

Luan: We got to keep trying.

**Daring Do** : I wouldn't give up hope just yet.

Daring Do was pumping oxygen.

Luan: We never give up hope for anything.

[slime draining]

The slime pool drained like a bathtub.

**Pinkie Pie** : This old blindfold was stuck in the drain.

**Daring Do** : Weren't you looking for a blindfold?

**Pinkie Pie** : Oh, yeah!

Luan: Yeah that's it!

[magic humming]

We were back at Ponhenge.

**Twilight Sparkle** : I can't believe I'm gonna meet Star Swirl the Bearded! You know, outside of my dreams.

Me: I know Twilight. This is gonna be cool to meet your hero.

Eli: It sure is. But you can help Stygian too bro.

Me: Star Swirl was never fond about friendship from what I was told. But maybe I can send a message to him in Limbo telepathically.

Eli: Good idea.

I sat in a lotus position and concentrated and sent a telepathic message to Star Swirl and told him all about the importance of friendship and how great it can make all things happen. I was telling him about everything that happened over the last 1,000 years and how we can save Stygian from the monster that is the Pony of Shadows. I woke up.

Eli: Did it work?

Me: Yes I got my message through. He said that if I can do it then he trusts me.

**Starlight Glimmer** : *I* can't believe you're actually going through with it.

**Twilight Sparkle** : What do you mean?

**Starlight Glimmer** : I'm all for pushing the envelope, obviously, but this is pretty out there for you, Twilight.

**Sunburst** : What's "out there" about saving the most legendary ponies of all time from a thousands-year-old prison?

Me: These ponies are an important part of Equestria's history and they have so much to teach everyone here even after 1,000 years have passed. We're also in the 21st century now. What is out there for that?

**Starlight Glimmer** : Well… nothing when you say it like that. Unless "the most legendary ponies of all time" knew what they were doing, and we shouldn't mess with it.

Me: I have a feeling I know that they did this for a reason too. But we can help out too.

**Sunburst** : I'm sure Star Swirl and the Pillars did the best they could back then, but magic has come a long way. Mostly because of the work they did.

Me: It's true. Magic has evolved. Just like our powers.

**Starlight Glimmer** : That's true. And you did get your wings from finishing one of Star Swirl's spells Twilight.

**Twilight Sparkle** : Exactly.

**Starlight Glimmer** : But then *I* messed with one and nearly destroyed the universe, so…

**Twilight Sparkle** : Starlight, Star Swirl the Bearded is the greatest wizard who ever lived. The chance to have him back in Equestria is worth the risk.

**Spike** : That's good news.

Me: And it will be worth the risk.

**Rainbow Dash** : Otherwise, we'd have brought this shield for nothing.

**Applejack** : I hope you don't think you're the only one to find her artifact, because this here shovel says otherwise.

**Rarity** : [laughing] Honestly, you two. Not everything is a competition. But Mistmane's flower is by far the most attractive of the artifacts.

**Pinkie Pie** : You're just saying that because *you* didn't have to scuba dive in a pit of green slime to get yours!

**Fluttershy** : Or move a flash bee beehive.

**Twilight Sparkle** : Good work, everyone. Let's do this!

Me: This is it. We free the Pillars.

[magic zap]

Sunburst fired a blast of magic.

**Starlight Glimmer** : [groans] [magic zaps]

Starlight fired a blast of magic.

[magic humming]

Twilight fired a blast of magic and I fired a blast of magic.

The artifacts glowed and formed a Hexagon and it spun around and in a huge flash of light the PILLARS OF EQUESTRIA WERE BACK!

Nico: WHOA! It worked!

Laney: SO AWESOME!

Zarya: OH WOW!

[boom!]

We caught the pillars and moved them as the big rocks crashed on their rock stands.

[thuds, crashes]

**Star Swirl the Bearded** : What… What has happened?

**Twilight Sparkle** : It worked! We brought you back!

**Star Swirl the Bearded** : To where?

**Twilight Sparkle** : You and the others have been trapped in limbo for over a thousand years, but I figured out how to get you home.

Me: A lot of things have happened over the last 1,000 years. But it's an honor to meet you in person. I'm J.D. Knudson, leader of Team Loud Phoenix Storm and this is my team.

Nico: Hello there.

We waved.

Mistmane: It's an honor to meet you all.

Star Swirl the Bearded: Same here. Can you really save Stygian?

Me: I sure can.

Lightning crashed and wind blew and then out of a vortex of darkness laughing malevolently was THE PONY OF SHADOWS!

Nico: The Pony of Shadows!

Me: I got this!

I powered up to Super Angel-Ebonwu-Phoenix 25,000,000 and fired a blast of light at the creature's chest and it was pulling Stygian out.

Me: (Divine Echoing Elemental Voice) **Stygian, we know everything about what you were doing and why you did what you did!**

Star Beard: That's right Stygian! We're very sorry! We had no idea you wanted to be like us and for that we apologize for not seeing that.

Somnabula: (Egyptian Accent) That's right Stygian. Forgive us for that.

Rockhoof: (Scottish Accent) You are a true brother and for that we are forever grateful!

Mistmane: We should've given you the respect you deserved.

Flash Magnus: And we should have given you praise for helping us when you needed it.

Mage Meadowbrook: We're so sorry.

Me: **You don't have to be controlled or corrupted by the darkness anymore. You can redeem yourself for all the things you did. You are now the Pillar of Equestria for Wisdom!**

We pulled him out of the darkness of the Pony of Shadows and Nico and Vince fired a Kamehameha Blast and it hit the Pony and sent him into a portal that sent him into the Dark Dimension!

Stygian was back to normal and he was back with us. He looked at me and I held my hand out to him.

Me: **You will never be alone ever again Stygian. We'll also be your friends.**

Twilight Sparkle: That's right Stygian.

Stygian had his hoof on my hand and I took it and we all put our hands and hooves on his hoof. The light of our friendship was so strong that it purified him.

We later got to having a nice chat at Twilight's castle.

FLASHBACK ENDS

Me: And that's how we met the Pillars of Harmony and freed Stygian from the darkness of the Pony of Shadows.

Nico: That's right! I remember now.

Naruto: That was so cool!

Me: And it was thanks to Eli that helped us free Stygian.

Eli: No problem bro.

Lola: But how did you recruit an awesome pony like Gusty the Great?

Me: That is an awesome story all on its own.

FLASHBACK 2

Me: (Narrating) **After I destroyed the Bewitching Bell that was the source of all of Grogar's power and all the Dark Magic in Equestria and killed Grogar completely and banished him to the Warp, me and Sunset Shimmer set out to bring back the legendary pony that sealed away Grogar's bell, Gusty the Great and we set out to find her at the very spot she did it at: Mount Everhoof.**

Sunset Shimmer: So Gusty the Great used a powerful spell that sealed Grogar's bell at Mount Everhoof?

Me: Yep that's what I was told by Twilight. Like the Pillars of Harmony, Gusty the Great used a powerful spell to banish Grogar to another dimension and seal his bell away for all eternity in Mount Everhoof. But after she did so she was sent into Limbo and for 1,000 years she was gone too.

Sunset Shimmer: So we're going to bring her back like we did to the Pillars of Harmony.

Me: Yep. And since Grogar was destroyed and banished to the Warp, he won't come back like the Pony of Shadows did.

Sunset Shimmer: Good.

We arrived at Mount Everhoof.

Me: Wow! So this is Mount Everhoof.

Sunset Shimmer: It's huge. Not nearly as big as Mount Everest.

Me: Yeah.

We flew up to the top of the mountain and went into the cave where the bell was kept and we searched.

Me: Wow. Look at this place.

Sunset Shimmer: Yeah it sure is strange.

Me: But lets get to work.

I had the diary of Gusty the Great and placed it on the floor and fired a beam of red magic and Sunset Shimmer did the same and it glowed and a flash of light formed and in a bright flash of light came GUSTY THE GREAT! She was back from Limbo.

Me: Wow! Gusty the Great!

Gusty: What? What happened?

Me: Its been over 1,000 years since you defeated Grogar. But you don't have to worry about Grogar anymore.

Gusty: Where is he?

Me: He's dead and I destroyed his bell. Turns out his life force was linked to his bell and it was connected to it. When I destroyed it with the combined power of the Elements of Harmony and the power to destroy 100,000 planets, I killed Grogar too and banished him to an interdimensional psychic plane called The Warp. He will stay there for all eternity. The psychic energy that the Warp has is so strong that once a dead soul is there, it stays there forever. It keeps them there forever.

Gusty: Wow. That's amazing.

Me: You have so much to catch up on. Its been over 1,000 years.

Gusty: Wow. But who are all of you?

Me: Sorry, I'm J.D. Knudson, leader of Team Loud Phoenix Storm.

Sunset Shimmer: And I'm Sunset Shimmer. I was a student of Princess Celestia.

Gusty: It's an honor to meet you all.

Gusty came with us.

FLASHBACK 2 ENDS

Me: And that's how we got Gusty the Great back.

Nico: Wow! We all have been very busy.

Lincoln: No kidding. That was cool!

Me: Yep. We had a bunch of great adventures.

Gusty: We sure did.

---

Later we were in a forest and we were there to look for a Pokemon Ranger named Solana and she is a good friend of Ash and team and they helped her in the past and even found the legendary Time Travel Pokemon, Celebi. They found her in a thorn grove.

Tempest Shadow: (to Solana) Are you a Pokemon Ranger?

Solana: I sure am and it's an honor to meet the famous Team Loud Phoenix Storm.

Me: Pleasure is ours Solana. We met one of the Pokemon Rangers when we went to deal with Phantom the Pirate.

Solana: That's what I heard. You all met Jack Walker from what I was told.

Me: We sure did. That was one of our most mysterious adventures.

Nico: It sure was.

Me: But it was really cool seeing where Manaphy came from.

Nico: It sure was.

Solana: I can see that. (to Jessie, James, and Meowth) I knew I made the right choice in freeing you from those vines when I first met Ash.

James: Of course you did.

Meowth: But we could've gotten out on own.

Lazlo: (sarcastically) Sure you would've.

Me: But they are now no longer part of Team Rocket.

Solana: I know. I heard that there was a massive fire where Team Rocket's headquarters was destroyed. That was all of you from what I heard.

Me: Yep that was us and we killed their Boss.

Solana: Giovanni from what I heard.

Me: Yep. That's him and he was also the Gym Leader of the Viridian City Gym.

Solana: Wow! I always knew that there was something with him. But we never suspected it.

Me: But we did you all a favor and rid the world of Team Rocket and all the Major Pokemon Villain Teams.

Solana: That's good.

Me: Yep. We went after Team Rocket first, then we went after Team Flare, then Team Galactic and then we went after both Teams Aqua and Magma at the same time. We were originally supposed to go after Team Aqua first but both teams made their move at the same time so there was a change of plans. We split up and took them both on.

Nico: The Redemption Squad took down Aqua and the rest of us took down Magma.

Solana: I see.

Me: And then just recently we took down Team Plasma. But we have another team caught in our crosshairs and it's Team Skull of the Alola Region.

Solana: Wow. Are they a threat?

Me: Not that big but they are a bunch of thugs.

Solana: I see.

Astrotrain: By the way, May's married to Nico now.

Solana: Really!?

May and Nico showed their Wedding Rings.

Solana: Wow! Congratulations to you both! I missed out on so much.

May: It was a great wedding.

Nico: Best day ever.

Me: Yep it was awesome.

Springer: Are there any enemies of yours we should know about?

Solana: I have lots of them.

Me: From what I have read, the Pokemon Rangers have numerous enemies. But we'll gladly help you all take them down when needed.

Solana: Thank you all so much.

Me: You're welcome Solana.

Then we saw the trees bloom flowers and we saw a Celebi appear.

Eli: Wow! A Celebi!

Fluttershy: Oh wow. That is a beautiful Pokemon.

Fluttershy went up to the Celebi and she used her gift of communicating with animals to talk to it.

Fluttershy: You have a beautiful gift in bringing the flowers all over the forest to life. I would like to be your friend if you want.

Celebi agreed and hugged her.

Me: Wow.

Solana: Fluttershy is amazing at what she can do.

Me: She sure is.

Nico: Yep.

Solana went with us to join in on our adventures.

---

Later we got a call about a very strange thing going on at a fast food restaurant in the middle of an abandoned part of the city. We were hiding in the bushes.

Princess Rose: Something suspicious is going on at that burger place.

Me: Yeah I sense it too. Whatever it is it's not good.

Nico: We'd better go check it out but keep out of sight.

Me: Right.

We went up to the roof and went to the air vents.

Patty & Selma, Angel, Mammoth, Bronze Kneecap, Eccentro and Roquefort appeared.

Patty: Can me, Selma, Angel, Mammoth, Bronze Kneecap, Eccentro, and Roquefort investigate with you guys?

Me: You all sure can. But be quiet.

Roquefort: Right.

We shrunk down to the size of action figures and snuck through the vents and stayed quiet. We got to the vent above the dining room and we saw the Kids Next Door's enemy CHESTER!

---

**Chester** is a recurring villain in *Codename: Kids Next Door*, who first appears in "Operation: C.A.M.P.", where he was an evil camp counselor who brainwashed children and made them produce wholesale lanyards and wallets for him to sell. In subsequent episodes, his character was built upon from this, making him into a man who forms a variety of elaborate money-making schemes which all involve harming children.

Unlike other villains on the show, who generally stand for "adult supremacy" and mainly target the Kids Next Door and other rebellious youngsters, Chester is motivated simply by monetary greed and harms completely innocent children, making him one of the more vile villains in the series. By far his worst atrocity of all was in "Operation: F.A.S.T.-F.O.O.D.", in which he ran a hamburger restaurant where he intended to lure children, kill them and feed them as burgers to anthropomorphic sharks. Fortunately, Chester was stopped before he could take any victims by Numbuh 3, who had been sent to buy the team's lunch.

He was voiced by Tom Kenny.

He first appeared in "Operation: C.A.M.P.", in which he is the councilor of "Camp Lemmeouttaheah", where kids are brainwashed into making wallets and lanyards for Chester to sell. With the help from their new teammate Bradley and his parents, the KND defeated

Chester and set the campers free.

In "Operation: F.A.S.T.-F.O.O.D.", Chester enacts what is undoubtedly his most despicable plan ever (and possibly the most gruesome operation of any villain in the entire series, and obviously crossed the Moral Event Horizon): opening a fast food restaurant called Burger Frenzy, where kids visiting the restaurant are captured and used as the meat on burgers which are then sold to sharks. This horrific plan was stopped by Numbuh 3 during her birthday "mission" of picking up lunch.

In "Operation: U.T.O.P.I.A.", Chester creates the "Happy Headband", which traps the victim in a virtual reality in which they experience a personal paradise. However, the device can be adjusted to turn the dream "sour". He intended to sell it to parents as a product designed to keep children under control. The Happy Headband was tested on Numbuh 1, who eventually escapes using the jet boots he is wearing in real life. He then puts the Happy Headband on Chester. In Chester's fantasy, he has defeated Numbuh 1 and finds himself in a room surrounded by a cheering crowd of his fellow villains. Mr. Boss then awards Chester a check for "a buhmillion dollars" for his victory. At the end of the episode Numbuh 4 turned the dial to Sour at which point Chester realized that he was wearing his own headband.

In "Operation: S.A.F.A.R.I.", Chester disguises himself as " **Dr. Phineas Sharp** ", a doctor who gives vaccination shots for "Moosebumps". he used Nurse Jumbo, a needle hating elephant who quit working for Chester after receiving repeated vaccinations by mistake due to Chesters poor aim and Numbuh 1's quick foot work. However, the shots he gives actually *cause* Moosebumps, which literally turns the victim into a moose. Chester intends to saw off the antlers of his victims and use them to make "Chester's Marvelous Moosicles". Though at the end of the episode it's revealed the entire episode was the paranoid ramblings of Numbuh 1 who was trying, and failing, to explain to his mother why he shouldn't get his moosebumps shot, in the final shot of the episode it's revealed that Chester is the secretary for the real doctor.

Numbuh 1: It's Chester.

Yuko: I had a feeling he was behind this Restaurant.

We saw what he was doing and it was downright despicable.

Chester: (Evil Laughter) This will be my greatest scheme yet! I will kill stupid snot-nosed kids and turn them into burgers for hungry sharks and cannibals all over! I will be rich!

We gasped in shock and were absolutely appalled and horrified!

Me: That fiend!

Roxas: Let's get back to the Estate so we can plan our next move.

Me: Right.

We went back to the estate and we realized that we were in way over our heads. We were dealing with one of the Kids Next Door's dangerous enemies that kills children just to make a quick buck.

Me: This is serious guys!

Nico: Yeah! Chester is a monster!

Mr. Boss: Chester's crimes were too much even for me back in the old days.

Eccentro: I can certainly see why.

Edna Krabappel: This is just like that one time where Skinner was turning us all into Cannibals in that one episode of Treehouse of Horror. (Season 6 Episode 5c)

Me: I remember that. That was one of the first episodes of The Simpsons that I saw in my childhood.

Nico: But we have to kill Chester.

Laney: Shouldn't we get the police involved on this?

Me: No this is way too much for even the police to handle. This is a job for us and we have to kill Chester.

Vince: Yeah. What he has done is beyond unconscionable.

John B.: You got that right Vince. Me and my sibs may be half shark but we would never eat innocent people! Especially children!

Clint: Yeah! That is disgusting!

Mr. Krabs: And I may like money but even I have honor!

Jared: What Chester has done makes him an honorless slimeball!

Me: That's right! We need to stop him and kill him.

Totally Spies Alice: I don't think this is Chester's only crime that he has committed.

Numbuh 3: You got that right! He ruined my 10th Birthday and he was gonna kill me by feeding me to sharks at his restaurant!

Numbuh 1: He kidnapped me and put me in an illusion of a utopia for kids!

Katie: And he made me in that illusion!

Me: Looks like that restaurant isn't the only thing that Chester has done.

Numbuh 4: I will tear Chester's stomach out and make him eat it for ruining Numbuh 3's birthday!

Me: Save seconds for me Wallabee!

Ashley: And all of us!

Nico: We all want a piece of him.

Me: Come on guys. Lets go rip that monster to pieces and banish him to the Warp!

Everyone: YEAH!

Nico: Lets get him!

We were off. We arrived at the restaurant.

Mammoth: Considering that everyone's about to know what this restaurant's really hiding, we might as well have one last meal here.

Me: Not gonna happen Mammoth. Despite us being human, We are not Cannibals.

Nico: Yeah! Even I couldn't stomach eating a kid that was turned into a burger.

Me: Lets go and we're gonna do an entrance from one of Roquefort's ideas.

Roquefort: You will love it guys.

Ghuul: Mammoth, if you're hungry, you can have this food I got from one of Underworld City's kitchens.

Mammoth: Oh thanks.

He ate the food and it was good.

Mammoth: That was delicious.

Ghuul: Thanks.

Me: Now that you're fed lets go.

We went to the restaurant.

In the Restaurant, Chester was working and then numerous wheels and blocks of cheese suddenly appeared and molten nacho cheese poured down and we arrived in globs of cheese.

Nico: (Slurps) Cheesy!

Me: Chester, you are in big big trouble!

Chester: Team Loud Phoenix Storm!? The Kids Next Door!?

Me: Your worst fucking nightmares.

Mr. Boss: You are a bad man Chester!

Stickybeard: Ye be in big trouble laddie!

Chester: Mr. Boss! Stickybeard! I didn't expect to see you two again.

Mr. Boss: Cut the crap, Chester. We all know what you've done.

Angel: I'm surprised J.D. and the others haven't gone after you sooner!

Me: This time you die Chester! You're gonna pay for your crimes!

Nico: What you have done crosses beyond the levels of the Moral Event Horizon!

Sunset Shimmer: Moral Event Horizon?

Me: It's a term for where an evil-doer does an act that is so vile and incomprehensible that it renders that villain beyond all hope of redemption or sympathy and that they deserve only one fate that makes jail too lenient for them: Death!

Nico: Yeah!

Chester: (to Nico) Before we fight, Nico, why don't you ditch your friends and join me?

Nico: Why the Hell would I join you?

Chester: Don't play dumb with me. I know for a fact that J.D. is too pissed off at that Barodius guy to even care about what happens to you or the rest of your friends. If you join me, I promise I won't mistreat you like he has.

Weirdwolf: You're crazy if you think Nico's going to join you!

Me: Yeah you would have to be out of your fucking mind if you think he would join a monster like you!

Nico: And J.D. is right! I would never join you Chester! If you think I would abandon my friends you got another thing coming!

Varie: So shut the hell up!

Nico: Chester, I admit that sometimes, there will be times when my friends lose trust in me and mydecisions. Heck, there's even going to be times when my friends will get into arguments with me and turn against me. But there will never come a day where I forsake my friends and family!

Roquefort: Oh, and by the way, I like eating cheese, not kids on buns!

Me: What you are doing is beyond pure evil and that's why we're here to kill you!

Vince: Yeah!

Laney: You are a monster Chester and you make all humans everyone look bad! You are a rotten waste of a life!

Mr. Krabs: And I may like money but I would never kill people and turn them into food just to make a quick buck!

Roquefort: Yeah! But I have just the planet for us to fight on so we won't get anyone hurt.

Roquefort snapped his fingers and we were on the beautiful meadow planet in the Andromeda Galaxy and home of Terraspin's species the Geochelone Aerio, ALDABRA!

---

**Aldabra** is a peaceful planet in the Andromeda Galaxy and the home of the Geochelone Aerios.

Aldabra is an idyllic world of lush, green, grassy, rolling hills, speckled with tall, willowy trees that sway in the gentle breezes of Aldabra's year-round temperate climate. The Geochelone Aerios have erected fascinating architectural wonders all over the planet, which blend in harmoniously with the landscape. These chameleon-like structures alter their very colors and patterns by using advanced camouflage technology to continuously match even the subtlest changes in the environment.

---

Me: Whoa! look at this planet.

Nico: Wow!

Roquefort: This is the planet Aldabra, Terraspin's home planet.

Me: WHOA! So this is the planet Aldabra.

Riley: Wow! It's beautiful.

Nico: Wow. It sure is beautiful. I wouldn't mind coming here for a vacation.

Me: Me too. If our planets weren't 2.3 million light-years apart.

Lincoln: Yeah.

But then Waffle Woman, Robo-Blaze, Nergal, Red X, Mysterio and Tar Pit then appeared.

Me: Waffle Woman, Robo-Blaze, Nergal, Red X, Mysterio and Tar Pit.

Nico: Strange seeing you all the way out here.

Maria: How'd you guys find us?

Waffle Woman: We found a group of sharks gathered around the restaurant.

Robo Blaze: I summoned some Tronics to clear them out.

Red X: As for me, I just teleported us here.

Me: Clever.

Common Cold, Toiletnator, Knightbrace, and Spankulot appeared.

Common Cold: Looks like we got here just in time.

Toiletnator: We too were told about Chester's plans and we came to help you out.

Knightbrace: Yeah what he is doing is beyond pure evil!

Count Spankulot: (Transylvanian Accent) Yeah and it goes against my standards even for a Spank-Happy Vampire like me.

Maria: Guys, I think innocent people are going to be hurt anyway.

May: Why?

Maria: Because there are innocent Geochelone Aerios nearby!

Me: Uh oh. Ben you better get them away from here. It's gonna get really ugly.

Ben: Right.

?: Let me help you out Ben.

We turned and we saw Ben's friend and the 4th member of the Aggregor 5: GALAPAGUS!

---

**Galapagus** is one of five Andromeda Aliens who were captured by Aggregor. He is from a peaceful planet called Aldabra. He is the Omnitrix's DNA sample origin for the Geochelone Aerio species, providing Ben with the form of Terraspin.

Galapagus first appeared in the **Ultimate Alien** episode *Escape from Aggregor* . While Ben, Gwen and Kevin are fighting Dr. Animo, he attacks their hometown of Bellwood. He shows to be able to hold his own against Kevin and Big Chill. Eventually, Gwen realizes that even with all the power he has, he hasn't harmed anyone and suggests to Kevin to use his Plumber Badge (which works as a universal translator) to understand what Galapagus is saying. He then explains that he went on his rampage in hopes that he would draw the attention of the famous Ben 10, who he begged to help him get back to Aldabra. He explains the tale of how Aggregor attacked his home planet, captured him, and imprisoned him with four other aliens: Bivalvan, P'andor, Andreas and Ra'ad.

When the five attempt to escape Aggregor's Ship, Galapagus suggests using his communicator to send out a distress message, and was assisted by Bivalvan and Ra'ad. Even though he and the other aliens are put back in the cell, Galapagus' S.O.S. message is heard by Magister Prior Gilhil, who boards Aggregor's ship and finds the five aliens, only to be attacked and murdered by Aggregor. Bivalvan, P'andor, Andreas and Ra'ad manage to escape again, but Galapagus seemingly betrays them to Aggregor in exchange for his own freedom. When Aggregor admits he wasn't going to free Galapagus, he admits he didn't intend to betray the others, but betrays Aggregor and leads the escape to the shuttle which Aggregor shoots down and causes them to crash on Earth. Afterwards, Galapagus, P'andor, Andreas, and Ra'ad all split up to find a way off Earth while Bivalvan stays with the shuttle and attempts to repair it. After Ben samples his DNA for the Ultimatrix, he has Galapagus taken back home in a Plumber spaceship. However, Galapagus finds out the pilot is Aggregor in Ghilhil's Plumber suit. Galapagus is seen at the end of *Andreas' Fault* as Aggregor puts Andreas inside a status pod alongside him, Bivalvan and P'andor.

He was also shown in *Ultimate Aggregor*, where he and the others were forced to fight Ben and his team by Aggregor, and he presumably died when Aggregor absorbed the five Andromeda galaxy aliens.

As of the end of *Absolute Power: Part 2*, Galapagus, as well as all the other Andromeda Galaxy Aliens, came back to life after Kevin was turned back to normal.

---

Ben: Galapagus!

Galapagus: It's so good to see you Ben.

Me: Wow. So you are the 4th member of the Aggregor 5 we met.

Galapagus: That's right. It's an honor to meet you J.D.

Me: Same here. Ra'ad, P'andor and Andreas told us all about you and everything that happened. But don't worry, Aggregor will pay for his crimes.

Galapagus: Thank you J.D.

Me: You're welcome.

Nico: (to the Geochelone Aerios) LIsten, the rest of you need to get somewhere safe now!

Geochelone Aerio 1: Why? We're already safe now that you're all here.

Nico: You know who else is also here? An insane restaurant owner who's possibly a cannibal!

Geochelone Aerio 1: Oh! Thank you for telling us.

They left fast.

Nico: That was easy.

?: It sure was.

A figure came out and it was SOMNIBOT from episode 31 of Zeo!

---

**Somnibot** is a female lullaby-singing, sleep-themed monster who serves as the main antagonist of the episode "Rock-A-Bye Power Rangers."

Somnibot was created when King Mondo and his wife Queen Machina were impressed that their plan to wear out the Rangers (with two weeks worth of Cog attacks) was working. Mondo asked Klank and Orbus to assemble her as a way to finally finish the job and, the following afternoon, she was presented to the Gadgetry Family. Mondo asked Klank to ask a Quadrafighter pilot to send her to Earth to begin singing her cradle song to the citizens of Angel

Grove, which she agreed to before boarding her flight.

While flying to Earth on the back of a Quadrafighter, Somnibot decided to practice using her spell. She sang the lullaby "Rock-a-Bye Baby" as a way to practice using her spell, which caused the pilot to almost fall asleep. Realizing this, she woke him back up and told him not to fall asleep at the wheel, but she herself began to fall under her spell's effects, telling the pilot to wake her when they got to Angel Grove.

When she arrived at the park, several citizens were about to run away, but she cast her spell and put them to sleep with her song. She briefly boasted about her spell's strength before laughing.

Later, she, Klank and Orbus were at a riverbank outside of the city, along with several Cogs. After the Cogs and the Rangers engaged in battle for a few moments, Klank gave Somnibot her cue to sing. She began casting her sleeping spell, her eyes and hands glowing violet as she sang her cradle song to put the Rangers and Cogs to sleep. After a prolonged period of time, the Gold Ranger showed up to stop her. Somni unleashed her pink energy projectiles at the Ranger, but he attacked her with one of his own and she was blasted apart.

Machina fretted over her destruction, and Mondo ordered Klank to not only rebuild her, but boost her power. Thus, her spell was amplified to a more powerful state than before. She used it on Bulk and Skull when they were arresting a burglar (who also was subjected to her spell) and then on the Rangers when they arrived at the parking lot to confront her. The Gold Ranger arrived to fight her, but Somnibot used her spell on him as well. After a prolonged period of time, she was finally shorted out by a power surge initiated by Alpha 5; her spell, to her anger, was broken and her frequency was terminated. This presumably woke up everyone that she had placed under her spell. Declaring that she can stop the Rangers even without her spell, Klank summoned the Cogs to aid her in fighting the Rangers. After a bit, the Rangers fired on her with the Zeo Cannon which defeated her once again. Klank flew Orbus to her, and he re-energized her and made her grow. This forced the Rangers to summon the Zeo Megazord. It is discovered that not only did Somnibot herself grow, but also her arrogance did as well. After the Rangers beat her around for a bit, they call forth Pyramidas and form the Zeo Ultrazord. Unimpressed with their "fancy contraption", she declared herself to be invincible before laughing again. But she is proven wrong, and with a cry of surprise the Rangers fire on her, destroying her for good this time.

Jason Lee Scott: Somnibot!

Somnibot: Been a while rangers.

Me: I remember you! You were sent to wear all the rangers out by putting them to sleep with your lullaby.

Somnibot: That's right. Good memory on you.

Me: Thanks.

Somnibot just used her lullaby to put Chester to sleep.

Somnibot: That should keep him sleeping like a baby until the usual battles are finished.

Me: If we didn't have to destroy you, you would make a perfect member of the Masters of Evil and you would have Beth Loud as your archenemy. She loves being asleep.

Somnibot: I know. She is so cute when she is asleep.

Me: Yeah. But she can't help it. She has Narcolepsy and falls asleep really easily.

Somnibot: True. I would like that.

?: Rita, I'm going to kill you!

Another figure came out and it was the former nurse of Sunset Canyon Retirement Home, NURSE SUE!

Me: Nurse Sue!

Nico: I thought you were locked up in prison for your crimes!

Nurse Sue: I was busted out thanks to this.

She pulled out a Number Card and it was NUMBER 91: THUNDER SPARK DRAGON!

We gasped!

Eli: Number 91: Thunder Spark Dragon!

Me: So Number 91 broke you out to get revenge.

May: (to Nurse Sue) We're dealing with Chester and you pick now of all times to try and kill Rita?

Nurse Sue: She ruined my life!

Rita: You brought all that on yourself Sue! You should've been taking care of my dad and all those that were in your care instead of forcing them out on the streets just for being one second late!

Nurse Sue: I do it to keep everyone in line! It's their fault that they are so slow, and they are a bunch of old geezers.

Me: For your information you old hag, they are people that are full of wisdom and experiences! You don't have any of that! All you are is a crazy and delusional lady with no love for anyone other than yourself!

Nico: YEAH!

Me: Lets get them guys!

We powered up and went at them.

Eli: You give nurses all over a really bad name!

Nurse Sue: I NEVER CARED! I HATE ALL THE OLD PEOPLE BECAUSE THEY ARE STUPID, DELUSIONAL AND SENILE AND THEY ARE VULNERABLE!

She went on a wild rant and said how the old and the elderly are stupid and brainless and worthless people and deserve nothing short of death and that she was a nurse just to kill the elderly.

They gasped in shock! But Eli smirked.

Eli: You have no heart.

Eli unsheathed his sword and slashed Number 91 and Rita, Pop-Pop, Sunset, Cayenne, Pepperdance, Gusty and Wallflower fired blasts of energy, lightning and fire and the blasts hit Number 91 and destroyed it and knocked her out.

Eli then got the Number and put her in a straitjacket.

Chester: (Laughs evilly) I'm not beaten yet!

He grabbed Mr. Boss!

Chester: (holding Mr. Boss at gunpoint) You see, it takes a lot of willpower to make a man do what is necessary for their country, for their fellow adults, without any countless years worth of recognition whatsoever! There's no such thing as right or wrong, Mr. Boss! The only sides are adults and kids! And you and those traitors chose kids!

Maria: (sees this) Nico!

Nico: (summons Deadshot's guns) I'm on it!

Chester: (Evil Laughter) I WILL BE THE NEW BOSS OF THE ADULTS! AND YOU HAVE A SLIP OF RESIGNATION TO SIGN!

But just as he was about to pull the trigger…

He just got shot in the head and was killed instantly!

Nico had his gun out and smoke came out of the mussel.

Nico: IT'S JUST BEEN REVOKED!

Me: Nice shot Nico!

May: Yeah!

Mr. Boss: Thanks Nico. I owe you my life.

Nico: You're welcome.

Galapegus: That was most amazing.

Me: It sure was.

Fuzzy fired his Meat Ray and it turned Chester's dead body into different meats and we banished his Spirit to the Warp.

We went back to Earth and Galapegus was now with us.

Numbuh 1: Well, Chester's restaurant is under new mangement!

Tar Pit: Took the words right out of my mouth.

Me: And it will have real food instead of kids for being the food.

Nergal: What do you guys say we go to my place and eat pizza?

Waffle Woman: And some of my waffles as well?

Me: You got it.

We went to Nergal and Grim's pizzeria and we saw that Waffle Woman joined their business too. She makes awesome dessert waffles for them. They were delicious waffles.

Numbuh 1: (To the viewers) This was a great adventure. But a bigger adventure is coming tomorrow. So be ready for some fun.

Me: We always are.

Nurse Sue was taken back to prison and just like Eli said, she was given the Death Penalty for her crimes. She was executed later on. But we got another awesome Number in the end.

THE END

Another awesome fanfic done.

Chester from Codename: Kids Next Door was a dangerous monster and deserves to be destroyed. No Number next but NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is New Years Eve and we're going to close out 2020 with a bang as we go into battle against Raven's evil and malevolent father that was out to destroy the entire universe - TRIGON and we're going to make sure that we take that monster down for good and destroy him like we did Necrafa. It's gonna be the ultimate battle that will decide the fate of the entire universe and we're also going to destroy Slade too.

See you all tomorrow.

# Trigon's Armageddon

HAPPY NEW YEARS EVE 2020 EVERYONE

---

It was New Years Eve and we only had hours till 2020 was finished and 2021 began. It was gonna be so awesome! We had an awesome battle planned to close out 2020 and we were gonna get ready to face Raven's so-called father and the most powerful and most evil force in the entire universe: TRIGON!

We were gonna use the Simulator for the battle and we were in for a wild ride.

Blackfire: Trigon is Raven's evil dad, right?

Me: That's right Blackfire and I figured that to close out the year 2020 we're going to go into battle against him and make him pay for all his crimes 100-fold.

Shanan: We faced Trigon once before and it was a brutal fight in my babysitting adventure.

Tara: I remember that. That was so cool!

Lincoln: It sure was.

Janeen: Yeah it was! I loved every second of that battle.

Nico: Boy I can tell. I was there too. It was awesome.

Naruto: It sure sounded like it.

Winona: I know this is only a simulator battle. But we still need all the help we can get.

Me: We sure do and we're gonna head out to get 10 recruits for the Masters of Evil to help us all out.

Nico: Who are they?

Me: Trap Jaw, Jet, Swordsman, Yenaldooshi, Mummy, Grizzly, Kite Man, Ragdoll, Trapster and Pinky & the Brain.

Katara gasped when she heard me say Jet!

Katara: Are you crazy!? You're gonna recruit Jet!?

Me: Sounds like you have a bad history with him Katara.

Katara: I sure do. But I don't want to talk about it.

Nico: We understand.

Me: Yeah.

Horri Bull: (to Katara) Katara, I know Jet might not be your favorite guy right now. But I think it's time for you two to let bygones be bygones. Especially now that Ozai's locked up.

Me: And with the War against the Fire Nation finally over after 130 years of fighting.

Twilight Sparkle: That war sounded horrible.

Me: It was Twilight.

Nico: But we can talk about it later.

Me: Yeah. But Horri Bull is right Katara. It's time to let this hatred over Jet go. Trigon is a much worse threat than the Fire Nation or any other villain we faced over the years combined and Raven hates him more than anything.

Nico: Yeah.

Me: Me and Nico have one more recruit to get. We're going to recruit Lobo.

Wheelie: (to me and Nico) You two are going to recruit Lobo as well?

Me: That's right. We were told so much about him.

Nico: I think he is both really badass and really funny. Out of all the villains that Superman knows, Lobo is my all time favorite.

Shanan: You guys better be careful. Lobo may be all that but he is no pushover. He's a Czarnian and he killed his entire race and he is the only member of the Czarnian's that's left. He'll think you two are heading to him to Hakai him.

Me: Noted. Thanks Shanan. Lets head out.

We were off to recruit said villains.

---

In Acme Labs, Superman was there to recruit Pinky & The Brain.

---

Brain

The **Brain** (also known as **Brain** ) is a major character of *Animaniacs*, the deuteragonist, the main antagonist and anti-villain of its spinoff *Pinky and the Brain* and *Pinky, Elmyra and the Brain.*

The Brain is a lab-mouse who, upon being mutated in an experiment, gained superhuman intelligence and a desire to take over the world in order to make it a better place. However, despite his numerous claims of success, Brain never ends up succeeding at his end goals, both due to his idiotic partner Pinky and, in some ways, himself.

In the original series and the 2020 reboot, he is voiced by Maurice LaMarche, who also played Lrrr, Morbo and The Big Brain in *Futurama*, Father in *Codename: Kids Next Door*, Alec Baldwin in *Team America: World Police*, Mr. Big in *Zootopia*, Mortimer Mouse in the Mickey Mouse franchise and sometimes Yosemite Sam in the *Looney Tunes franchise* .

Both Brain and Pinky are laboratory mice who underwent an experiment to make them rational. The experiment had different results on each of them, turning Brain into a super genius, while Pinky also becomes sentient but incredibly stupid. Brain then decided he would use his superior knowledge to take over the world and make it a better place using his intellect. He convinced Pinky to aid him in his plans, and the two of them try a new plan to achieve world domination every night, only for every one of them to fail either because of Pinky's idiocy or some other factor that Brain didn't account for.

In the 2020 series episode, " *Roadent Trip* ", it is revealed that the reason Brain wants to take over the world was due to the cruel experiments inflicted upon him by humans when he was young, giving him a desire to be in total control of his surroundings.

Pinky

**Pinky** is a recurring character on ***Animaniacs*** and one of the two main protagonists in ***Pinky and the Brain*** . He is also a major character in Wakko's Wish. Pinky is a lab mouse with a open-minded personality, and he is the assistant of Brain, who often says random nonsense words. Brain often claims Pinky to be the main failure of his plans, although in actuality these failures were sometimes not Pinky's fault.

He loves cool weather, his horse girlfriend Pharfignewton, Bingo, television, movies, Acme Labs, and participating in Brain's plans.

Besides Pharfignewton, Pinky also had three failed love interests with non-rodents: a sea lion named Winnie, in *Elmyra* a pig named Penny, and Brain's monster creation Druscilla.

---

Brain: (to Superman) Let me guess. A powerful villain's about to make an appearance and you need me and Pinky's help to stop him or her, right?

Superman: That's right. His name is Trigon have you heard of him?

Brain: Yes I have. He was a very dangerous demonic titan that tried to destroy the entire universe.

Superman: Yes that's right and he is also Raven's father.

Brain: Sounds like she has a lot of issues with him.

Superman: You don't know the half of it.

Pinky: Narf.

Brain smacked Pinky in the head with a pencil.

Brain: We'll gladly help you Superman.

---

In the deserts of New Mexico, Fluttershy and Seto Kaiba were there to recruit the Loboan Werewolf, YENALDOOSHI!

---

The **Yenaldooshi** is an antagonist in *Ben 10* . He is a Loboan from Luna Lobo, a moon of Anur Transyl.

At some point in time, the Yenaldooshi came into the service of Zs'Skayr. He is the only ally of Ghostfreak not from a planet with Anur on the beginning, but he comes from a moon from a planet beginning with Anur.

He first appears in the episode "Benwolf", when he is sent by Dr. Viktor to steal communications equipment from a Navajo Indian reservation. Ben Tennyson, his cousin Gwen, and their grandfather Max Tennyson were visiting the reservation at the time, and encountered the Loboan. At first, it was believed he was a Navajo werewolf, hence the name it was given. Ben first fought the Yenaldooshi as Wildvine when he was bitten. When the Omnitrix timed out, the Yenaldooshi attacked Ben and inadvertently scratched the Omnitrix, causing the device to become stuck between Capture Mode and Active Mode. This caused Ben to undergo a gradual transformation into Blitzwolfer, as the DNA from the Codon Stream was unable to be used all at once. However, everyone believe that Ben was actually turning into a werewolf at the time. They tried to destroy the Yenaldooshi with a silver pendant covered in the juice of a rare cactus, but were surprised when it failed. It was only after Ben's transformation was complete and the Omnitrix symbol appeared on his stomach did they realize that they were dealing with an alien werewolf. The Yenaldooshi later seems to be killed in a cave-in during a second battle with Cannonbolt, but he survives and the device he built from the stolen communications equipment activates without the Tennysons knowing.

In "The Return", the Yenaldooshi returns with his device, which is part of Zs'Skayr's plan to block out the Earth's sun. In "Be Afraid of the Dark", the Yenaldooshi's transmitter explodes when Grandpa Max rams a space shuttle into Zs'Skayr's corrodium projector. It is unknown if the Yenaldooshi survived the explosion of the transmitter.

---

Yenaldooshi: Wait. You two can understand me now?

Fluttershy: We sure can.

Seto Kaiba: I think it might have something to do with that collar around your neck.

Fluttershy: Yes.

Yenaldoshi: I see.

They told him everything and he joined them.

---

Laney and Hal Jordan were in the Fire Nation to recruit the leader of the Freedom Warriors: JET!

---

**Jet** is a recurring character in Nickelodeon's *Avatar: The Last Airbender*, serving as a minor antagonist in *Book One: Water* and a supporting antagonist in *Book Two: Earth* . Specifically, Jet is the main antagonist of the season 1 episode " *Jet* ", the secondary antagonist of the season 2 episode " *City of Walls and Secrets* " and a supporting protagonist in the season 2 episode " *Lake Laogai* ".

He is a teenage rogue, motivated by a xenophobic hatred of the denizens of the Fire Nation, stemming from a tragedy in his childhood where the Fire Nation burned down his village and killed his parents. In hatred and delusion, he strives to kill every Fire Nation citizen he encounters, innocent or otherwise.

He was voiced by Crawford Wilson.

Jet first appeared in the episode of the same name where Aang and his friends meet him and his Freedom Fighters. Katara falls head over heels in love with him. Jet attempts to brutally assault a helpless old man, but Sokka manages to stop this move of injustice. He later befriends the gang and later tricks Aang and Katara of waterbending the geysers into the reservoir and flooding a town, in order to kill the Fire Nation soldiers and the innocent people in the village, under the pretense of extinguishing a forest fire. After this, he had paranoia that the Nation was trying to assassinate him and he wanted to destroy the village and "free it." He would have succeeded if Sokka had not warned everyone to evacuate the village on time. When Aang and Katara find out the truth, they fight and defeat him, leaving him frozen to a tree.

He later reappears in the Season 2 with his two closest friends from the Freedom Fighters, having understood his errors, as he travels to Ba Sing Se, the capital of the Earth Kingdom. He meets Zuko and his uncle Iroh as the two are refugees, and attempts to recruit the disowned prince in his gang but not to avail. Quickly after, he discovers that the two of them are Firebenders and his hatred gets once again the best of him. He challenges Zuko in a fight and tries to force him to firebend, so that he and his uncle would be arrested, but Zuko defeats him using only his sword and Jet is arrested by the Dai Li, the corrupt police of the Earth Kingdom.

In the episode "Lake Laogai", Long Feng, the head of the Dai Li, brainwashes Jet and forces him to fight against Aang and his friends. Aang manages to bring Jet back to his senses and he challenges Long Feng, both to protect the escape of Aang and his friends and to get his revenge, but the villain easily defeats him with his powerful Earthbending, leaving him grievously wounded. Jet's death was heavily implied but his ultimate fate remained unclear until the creators confirmed it. This action ultimately redeemed Jet from his mistakes he made in the past.

Jet: (to Green Lantern) You know Katara's not gonna be happy to see me again, right?

Green Lantern: I know Jet. She is really mad about what you did during the war.

Laney: Yeah. Especially how you messed around with people like that all for greed and ambitions to destroy the Fire Nation.

Jet: I know.

In a subway system in California, Rocket Raccoon and Lisa Loud were there to recruit Peter Petruski A.K.A. TRAPSTER!

---

**Peter Petruski**, better known as the **Trapster**, is a supervillain from *Marvel Comics* .

History

Peter Petruski was a chemist who was working on an extremely adhesive multi-polymar. With it he created a paste-spraying gun to commit crimes and called himself **Paste Pot Pete** . He battled the Fantastic Four a few times before joining forces with the Wizard, Sandman, and Medusa to form the Frightful Four. The team was defeated by the fantastic Four, but came back several times with different members.

During his time with the Frightful Four, Petruski changed his name to the Trapster, as his former supervillain name, Paste Pot Pete had been the butt of many jokes and taunts from his enemies. Trapster's paste guns could fire a variety of adhesive traps, including exploding paste balls, lubricates, swing lines, and shooting discs. He also has equipped himself with gloves and boots that enable him to climb walls and ceilings.

Trapster has often sought independent recognition, battling virtually every "street-level" hero in the Marvel Universe either by design or by opposition to some criminal scheme. Trapster once even defeated Daredevil in single combat The victory proved short-lived, as Doctor Doom interrupted his fight in a campaign of his own against Daredevil, and shortly thereafter the hero would avenge his defeat. Trapster also attempted to raid the Baxter Building (just before it was destroyed by Doctor Doom II) while the Fantastic Four were away participating in the Secret Wars, but embarrassingly fell victim to the security systems and the robot receptionist, thus becoming the first villain to be defeated by an empty building. However, he had a moment appreciated by the heroes when he was convinced to free Captain America, who was snared by Baron Heinrich Zemo's powerful Adhesive X, by inventing the first ever means to neutralize the previously uncounterable chemical.

Saddened by constant defeats, Trapster would seek out the Tinkerer's aid in redesigning his arsenal. Adding wrist-pumps for his glue weaponry and a bandolier of various explosives and gimmicks, Trapster joined forces with the mutant villain Whirlwind in a bid to defeat Captain America. Despite his improved arsenal, both villains were defeated.

The Trapster found his moment of victory over Spider-Man when he teamed up with the Shocker but before the duo could finish Spider-Man off, their employers said their payment would be doubled if they left Spider-Man alone and they complied. He would later defeat Spider-Man in one-on-one combat after being enlisted to battle the wall-crawler as part of the Acts of Vengeance conspiracy; it was only through merest quirk of fate that Spider-Man even survived the battle. However, when the Trapster learned of Spider-Man's survival and returned to finish the job, he would find the web-slinger now in possession of cosmic powers (eventually revealed to be a manifestation Uni-Power) with which Pete was easily defeated.

Later on, during the Identity Crisis story, the Trapster would be hired by Norman Osborn to kill a man and make it seem like Spider-Man did it, and in order to cover this up Osborn put a price on Trapster's head, attracting assassins like the Hand and his previous ally Shocker. Trapster unknowingly teamed up with Spider-Man who was using the alias of Dusk, reasoning that the currently-lone Trapster would need an ally and someone to talk to in his currently vulnerable state. In an attempt to get back at Osborn, and would eventually confess his murder to the police in order to remove Osborn's reason for wanting him dead (although he kept the identity of his employer secret in case he needed it later).

During his tenure with a later Frightful Four incarnation (including Hydro-Man and the mysterious Salamandra), the Wizard, tired of Trapster's failures and his general sniveling, callously sealed the villain in a repeating time-loop, a trap from which he can "never escape." However, Petruski did indeed escape.

During the Secret War storyline, Trapster was enlisted by Lucia Von Bardas, the former prime minister of Latveria and placed in her secret army of technology-based villains. She sent the army against Wolverine, Spider-Man, Luke Cage, Daredevil, and Captain America, the five heroes Nick Fury had sent to Latveria to stop Lucia's secret criminal funding. When the battle started to turn in favor of the heroes, Lucia turned all the armor of her technology army into a bomb. Nick's unknown agent Daisy defeated her and the armor army's lives were saved. Pete escaped the heroes in the resulting battle between Nick Fury and Wolverine.

During the Civil War storyline, Trapster was seen as a member of the Sinister Six. He was later among an army of supervillains organized by Hammerhead that was captured by Iron Man and S.H.I.E.L.D.

After the Civil War, Trapster appeared as a member of a new 'Frightful Five', along with Wizard, Hydro-Man, Titania, and Klaw.

He appeared in Brand New Day as one of the villains in the bar, and later fighting Spider-Man in the Brand New Day Extra one-shot.

During the Dark Reign storyline, Trapster later showed up in an alliance with the criminal named Zodiac.

---

Trapster: (to Rocket Raccoon) If you're looking for the rest of the Frightful Five, don't bother. I'm the only one in town these days.

Rocket Raccoon: I know that. But that's not why we came to ask for your help.

Lisa Loud: A malevolent monster that is known as Trigon is who we are going after.

Rocket Raccoon: That's right. Even we in the Guardians of the Galaxy fear him.

Trapster: I've heard of Trigon but I thought he was just a myth.

Lisa Loud: Trust us on this one Peter. He is no myth. The Teen Titans have defeated him before.

Trapster: I see. I will gladly help you.
